Chapter 1671: 349: omnipotent existence! 2

These words were a little harsh.

Who would be willing to go against their ideals?

“Moreover, we are not betraying at all! We are fighting for our ideals! We have made so much effort to land in Europe, I don’t know what you are thinking, but I am not willing to give up just like that! “No matter what, I want to land in Europe! “I want to fulfill my original dream!” ”

“Professor Feng raised his head and looked at director Ma. He didn’t know what expression he had on his face, but after a while, he slowly spoke, “Master five has shown US kindness. If it weren’t for him, we wouldn’t be here. You want me to betray the base at a time like this?” ”

Cen Shaoqing was only 19 years old back then.

“The 19-year-old boy had led them to make a name for themselves in the scientific research world in China, which was why they had their current achievements. ”

“Professor Feng and director Ma were classmates. Back then, they had made a mistake in the laboratory and were chased out of the laboratory by their Senior Brothers in the same laboratory. They had almost become famous in the scientific research world. ”

“At this time, Cen Shaoqing appeared! ”

“He was clearly only 19 years old, but his strength was shocking. ”

Just like the current ye Zhuo.

“If it weren’t for Cen Shaoqing, they would have become one of the hundreds of millions of ordinary people.”

Professor Feng couldn’t get over the hurdle in his heart.

“Seeing that Professor Feng was so stubborn, director Ma was a little angry. So after he said so much, Feng Qi didn’t listen to a single word.”

“Feng Qi, I’ve already said it. This isn’t called betrayal!” Director Ma continued, “This is called fighting for your own ideals! Landing on Europa is a matter that is beneficial to all mankind! “Miss Ye has denied you, denied our Europa Plan. Aren’t you angry at all? “Don’t you want to prove yourself at all? “Forget it, forget it. If you don’t want to land on Europa, then forget it. I’ll go talk to Dr. Gamira alone! When the time comes, just don’t regret it.” ”

“After saying that, director Ma turned around and left.”

Professor Feng looked at director Ma’s back with a complicated look in his eyes.

Europa.

Could she really give up on landing on Europa?

“If she stayed by Ye Zao’s side, she would never be able to land on Europa!”

No.

No.

She couldn’t give up her original dream just like that.

She wanted to land on Europa!

She wanted to prove herself to ye Zhuo.

To prove that Europa was indeed a planet with abundant resources and that Europa was not a dangerous planet.

““Director Ma, Wait!” Professor Feng suddenly called out to director Ma’s back. ”

“The corners of director Ma’s mouth curled up, but when he turned around, the curve disappeared without a trace. “Professor Feng, is there anything else?” ”

“Professor Feng continued, “Director Ma, what if Miss Ye finds out? You know that Miss Ye hates betrayal the most.” ”

Director ma smiled faintly. He knew that Professor Feng would definitely switch sides.

““Don’t worry. As long as we don’t tell anyone, Miss Ye will not find out.” ”

“Professor Feng continued, “But in this world, paper can not hide fire.” ”

“She wanted to follow Jamila and complete the plan to land in Europe, but she was afraid that ye Zhuo would find out. ”

She was caught in a dilemma.

“Director ma continued, “Dr. Jamila has already told me that he will change our nationality. In the future, we will be Chinese. Even if miss ye really finds out, what can we do? Moreover, this is Miss Ye’s own problem. If Miss Ye agrees to let us land in Europe, we will not be forced to make this choice.” ”

“In the end, this was all ye Zao’s fault. ”

“If it weren’t for ye Zao being too dictatorial, she would have easily rejected other people’s plans in order to prove herself. He and professor Feng wouldn’t have gone to country C! ”

Who Didn’t love their country?

“Even a rabbit would bite if it was anxious, let alone a human? ”

“Professor Feng continued, “Has country C already mastered the speed of light technology?” ”

““That’s right, they don’t. That’s why they need our help,”director Ma continued, “Dr. Jamila has already promised me. “As long as they build an aircraft carrier that surpasses the speed of light, the first planet they land on will be Europa!” ”

“Really?”Professor Feng asked.

“Director ma nodded. “Dr. Jamila has personally promised me. If you’re worried, we can still sign a contract.” ”

Professor Feng Thought for a moment.

She was still hesitating.

“Director Ma added fuel to the fire. “Professor Feng, you only have one chance. You’d better think carefully. If you miss this chance, you won’t have this shop anymore!” ”

Chapter 1672: 349: omnipotent existence! 3

“After a while, professor Feng looked up at director Ma and said firmly, “Okay, I promise you.” ”

“Really?” Director Ma’s eyes lit up.

Professor Feng nodded.

“”Then let’s Go Now!” If Jamila knew that he had successfully solved professor Feng’s problem, she would definitely appreciate him more. ”

Professor Feng followed director Ma’s footsteps.

The two of them came to the main hall of the restaurant.

“Seeing the two of them return, Jamila immediately stood up from her chair. “The two of you are back.” ”

Director ma nodded.

“Professor Feng was too lazy to play tai chi with Jamila, so he went straight to the point, “Dr. Jamila, if we agree to cooperate with you, are you sure that you will bring us to Europa as soon as the lightspeed aircraft carrier is built?” ”

“”Of course.” Jamila nodded, “To be honest, our research department has been studying Europa for many years. However, we haven’t found a way to land. As long as we can land, we will definitely land on Europa as soon as possible!” ”

“Actually, Jamila was also very curious. China did not land on Europa, so why would ye Zao oppose them landing on Europa. ”

“However, this also happened to help them! ”

“If ye Zhuo agreed to the plan of landing in Europe, then Feng Qi and Ma Jianbang would definitely not betray ye Zhuo.”

“After saying that, Gamira took out a contract from her bag. “If you two don’t trust me, we can sign the contract on the spot.” ”

Director Ma picked up the contract and looked at it carefully.

This contract was absolutely beneficial to him and professor Feng.

“The contract promised not only to help them change their nationality, but also to help their whole family emigrate and provide them with a generous living guarantee. ”

“Take a look.” Director Ma handed the contract to Professor Feng.

Professor Feng took the contract and didn’t say anything.

She was still hesitating.

She couldn’t get over it.

“Seeing this, Camilla smiled and said, “Professor Feng, I heard that your daughter is currently applying for emigration, right?” ”

“Yes.” Professor Feng nodded.

“Professor Feng’s daughter, Feng Ying, was 35 years old this year. She was a fashion designer who did not have much talent. She had worked hard in country L for many years, but unfortunately, she had not made much progress. Recently, feng Ying was preparing to move to country C! ”

“Gamira smiled and said, “I can let your daughter work in the International Fashion Department.” ”

International Fashion Department?

“When he heard this, professor Feng’s eyes lit up. ”

“Although she didn’t know much about the design world, she knew that the international fashion department was the paradise that every fashion designer dreamed of. ”

“Including Feng Ying, she also wanted to study in the international fashion department very much. ”

“Unfortunately, Feng Ying didn’t have enough qualifications and hadn’t been able to get in. ”

“Now that he heard what Jamila said, Professor Feng was very moved. ”

“Professor Feng’s subtle expressions were all seen by Jamila. She smiled and said, “Professor Feng, I never make a big deal for others. Don’t worry, since I promised you, I will definitely do it.” ”

“Director ma continued, “Professor Feng, why are you still hesitating! ! Hasn’t Ying Ying always wanted to study in the international fashion department? This is a rare opportunity. Moreover, it’s a good opportunity to take advantage of this to repair the rift between you and your mother.” ”

“Professor Feng had divorced in her early years. She was a strong woman who had to work hard and earn money to support her family. It was inevitable that she did not care enough about her children. In addition, girls were much more meticulous than boys. Therefore, over the years, feng Ying had a lot of opinions about professor Feng! ”

She did not even return to her country to see Professor Feng for a long time.

“Director ma continued, “The international fashion department is in C country. In the future, when you settle down in C country, you will be able to see Ying Ying often. This is also a form of compensation for Ying Ying. It’s not easy for Yingying to work alone for so many years!” ”

“Hearing this, professor Feng immediately picked up a pen and signed the contract.”

“In the first half of her life, she had already neglected her daughter. In the second half of her life, she wanted to make up for all her regrets!”

“For Feng Ying, and for her lifelong dream!”

Killing two birds with one stone.

“Seeing that Professor Feng had signed the contract, director Ma and Camilla looked at each other and saw a satisfied look in each other’s eyes.”

“Camilla put away the contract and extended her right hand to Professor Feng. “Professor Feng, I wish us a happy cooperation.” ”

“A happy cooperation.”

It was already two hours later when they left the restaurant.

Professor Feng’s mood was a little low as they walked on the busy road.

She had never done anything guilty in her life.

Chapter 1673: 349: omnipotent existence! 4

This was the first time.

“At this moment, his cell phone suddenly rang.”

“Professor Feng took out his cell phone. When he saw the caller ID, his whole person came alive. He immediately picked up the phone, afraid that the other party would hang up in the next second.

“Yingying.” ”

“Ever since Feng Ying went abroad, she rarely took the initiative to call Professor Feng. Most of the time, it was professor Feng who called Feng Ying.”

“Mom.”Feng Ying’s voice came from the other end.

““Yes, Ying Ying, why are you still calling me so late? Did Something Happen?” ”

“It was currently two o’clock in the afternoon in China, but in country L, it was indeed more than ten o’clock at night.”

“Feng Ying continued, “Mom, thank you.” ”

Thank you?

Thank you for what?

“Professor Feng was stunned for a moment and said with a smile, “You Child, why are you speaking so incoherently?” ”

“Feng Ying said, “Thank you for finding a connection for me to enter the International Fashion Department.” ”

“Professor Feng said in surprise, “So soon?” ”

She had only signed the contract two hours ago. She did not expect that Feng Ying would receive the news so soon.

““Yes.” Feng Ying’s voice sounded a little excited, “I submitted my resume to the international fashion department previously, but they said that my qualifications were not enough. Just now, the head of the international department called me personally and said that I was accepted. I asked him why, and he said that he would thank me for having a good mother. So, Mom, thank you.” ”

““Silly Child, why are you thanking me?” Professor Feng said. ”

“Feng Ying continued, “Mom, where did you find the connections? Did you ask a lot of people?” The international fashion department was not a place that could be easily entered. Its founder was the first president of C Nation! Then, the president joined forces with 27 major countries to set up the international fashion department! ”

The clothes produced by the international fashion department were exclusively for the leaders of various countries and the nobles of various countries!

Being able to enter the international fashion department was also a symbol of status!

Feng Ying’s biggest dream in her life was to successfully enter the international fashion department!

Even if she had to use a backdoor to get in.

““Mom, thank you! It was my fault before. I always felt that you didn’t care about me...” Feng Ying had always held a grudge against Professor Feng, she felt that Professor Feng didn’t take her biological daughter at all. Only now did she realize that in this world, the person who loved her the most was always her mother! ”

It was so difficult to enter the international fashion department. It was imaginable how much effort professor Feng had put in for this.

“Silly child, don’t blame yourself. Mom really didn’t do anything.” It was inappropriate to say anything else, professor Feng continued, “Oh right, Yingying, mom has decided to move to country C. in the future, we can live together forever.” ”

“Really?” Feng Ying was very excited. “Mom, are you really going to emigrate?” ”

“Yes, of course it’s true.” Professor Feng smiled and said, “When did mom lie to You?” ”

“That’s great! Mom, when will you go through the immigration procedures?” Feng Ying continued to ask. ”

“About a month later,” professor Feng said. ”

“Okay.” Feng Ying was very happy. “Then I’ll look at the house here first. Then we’ll live together and have a cat and a dog!”

“You don’t have to worry about the house,” professor Feng continued, “I’ve already asked someone to take care of it. I’ll send you the address in a while. You can go over and decorate it first. The decoration will be done according to your preferences.” ”

Gamila bought a super luxurious villa for the mother and daughter in the center of C Nation.

“Mom, Are You Rich?” Feng Ying asked. ”

“Although Professor Feng’s salary was very high and he had a seven-figure income every month, almost all of Professor Feng’s money was invested in Feng Ying. ”

“Fashion design was a very expensive profession. Feng Ying needed money to organize personal exhibitions, study, and even survive abroad. ”

“All these years, Feng Ying didn’t earn a single cent. She spent almost all of Professor Feng’s money! ”

“Professor Feng smiled and said, “Yes, I’m Rich. Ying Ying, I have an experiment at three o’clock. I Won’t talk to you about it for now.” ”

“”Okay. Then Mom, you go ahead and do your work.” ”

“After hanging up the phone, professor Feng felt much better. ”

“At least after agreeing to Gamira’s plan, her daughter’s opinion of her changed a lot. ”

“In the future, she would also live with her daughter forever. ”

“Not only did she gain family affection, but she also gained dreams. ”

“Thinking of this, professor Feng felt a lot less guilty. ”

...

At the base.

Yu Zifei found ye Zhuo.

“Miss Ye.”

Ye Zhuo put down the instrument in his hand and looked up slightly. “What’s Wrong?”

Chapter 1674: 349: omnipotent existence! 5

“Didn’t you ask me to go back and ask my parents yesterday? Now they have agreed to let me be the person-in-charge of the OASIS project.” Yu Zifei placed a piece of paper on the table and continued, “This is the consent form signed by my parents.” ”

“Ye Zhuo picked up the consent form and said with a smile, “Alright, from now on, you are one of the people-in-charge of the OASIS Project!” ”

“One of them?” Yu Zifei asked curiously, “Is there anyone else?” ”

“Ye Zhuo said, “Cen Hai.” ”

“Cen Hai has also applied?” Yu Zifei asked.

“Yes.” Ye Zhuo nodded slightly.

“Yu Zifei nodded. “Oh, I see. Then, apart from us, is there anyone else who will go with us?” ”

“Ye Zhuo said, “Apart from the 300 technicians, it will be you, Cen Hai, and worker Xu.” ”

“Okay.” Yu Zifei continued, “Then when do we set off?” ”

“Three days later,” ye Zao said. ”

“Yu Zifei nodded. “Alright. If there’s nothing else, then I’ll leave first, Miss Ye.” ”

“Okay.”

“After taking a few steps, Yu Zifei turned back, looking like he wanted to say something but hesitated. ”

Ye Zao looked up slightly. “Do you have anything else?”

“Yu Zifei scratched his head and continued, “Miss Ye, are you really not going to land on Europa?” ”

““Yes.”Ye Zao looked serious. “The environment on Europa is definitely not as simple as what we can observe with our naked eyes. If we forcefully land on Europa, we will regret it later.” ”

“On the surface, Europa was indeed the second small earth. ”

“However, everything could not be seen on the surface. ”

“Yu Zifei continued, “I think Professor Feng and director Ma have been studying Europa all their lives. If we don’t go, they will definitely not be able to accept it in a short period of time.” ”

Professor Feng and director Ma had indeed put in a lot of effort for Europa.

“Ye Zao’s red lips parted slightly. “If you can’t accept it in a short period of time, then learn to accept it slowly.” ”

Ye Zao had already told director Ma and Professor Feng about the various issues at stake. The rest of the questions needed to be slowly digested by them.

““Miss Ye, What’s on Europa?”Yu Zifei asked. ”

““Viruses and exotic beasts,”ye Zao continued, “Although Europa looks beautiful on the surface, in fact, this is all an illusion created by the virus. “Humans rely on breathing oxygen to survive on earth, but not every creature needs to breathe oxygen. The exotic beasts on Europa are non-breathing creatures. Not only do they have a strong territorial awareness, but they also have an attack power that exceeds the limits of humans. If we forcefully land, we will be controlled by the exotic beasts. At that time, facing humans will be a disaster!” ”

Yu Zifei frowned deeply and firmly believed ye Zao’s words.

No Wonder Ye Zao never agreed to Professor Feng and director Ma logging on Europa.

“I see.” Yu Zifei looked up at Ye Zao. “Miss Ye, I believe that Professor Feng and director Ma would understand if they knew about this.” ”

Ye Zao nodded slightly.

“Then I’ll take my leave first.”

“After leaving ye Zhuo’s office, Yu Zifei went to Professor Feng’s office. ”

The Yu family was somewhat related to professor Feng.

“Yu Zifei didn’t want professor Feng to have a knot in his heart, and she didn’t want Professor Feng to have anything to do with ye Zhuo because of this. ”

“Professor Feng sat at his desk. When he saw Yu Zifei come over, he asked with a smile, “Why is Zifei Here?” ”

“Yu Zifei walked over. “Auntie Feng, I’ve already applied with Miss Ye to become the person-in-charge of the OASIS project.” ”

“Is that so? Congratulations.” Professor Feng continued, “Take a seat! You must be here for something, right?” ”

“Yes.” Yu Zifei leaned over and sat on the chair, she continued, “Auntie Feng, I know that you’ve always wanted to land on Europa. I’ve already asked Miss Ye just now. She said that Europa is very dangerous. Not only are there viruses, but there are also exotic beasts. If they’re controlled by exotic beasts, it’ll be a disaster for humans!” ”

Professor Feng had a smile on his face the whole time as he looked at Yu Zifei.

He didn't say anything.

"Yu Zifei continued, "So, Auntie Feng, there's a reason why Miss Ye didn't let us land on Europa. Don't misunderstand Miss Ye." "

"The smile on Professor Feng's face didn't change as he continued, "Zifei, I understand what you mean, and I also understand Miss Ye's painstaking efforts. Don't worry, I Won't blame Miss Ye." "

There were viruses and exotic beasts?

How was that possible!

These were obviously words that ye Zhuo used to fool people.

Chapter 1675: 349: omnipotent existence! 6

What ye Zao wanted to express was that she could predict that there were exotic beasts and viruses on Europa before she even landed on Europa. Ye Zao was just scaremongering.

"In director Ma's words, Ye Zao was too autocratic. She wanted everyone to trust her! "

"Professor Feng and director Ma had been studying Europa for decades. If there really were exotic beasts on Europa, would they not know anything about it? "

Just wait and see.

"One day, she would expose ye Zao's lie in front of everyone. "

She wanted to see how ye Zao would deal with it when the time came?

“Hearing Professor Feng say this, Yu Zifei heaved a sigh of relief. He was really afraid that Professor Feng would take things too far and get into trouble. Now, it seemed that Professor Feng was not as petty as he had imagined.”

“Yu Zifei stood up with a smile. “Auntie Feng, I’m relieved to see you like this.” ”

“Okay.”Professor Feng nodded. “Don’t worry. Your Auntie Feng has never been a stubborn person.”

“”Then I’ll take my leave first, Auntie Feng,”Yu Zifei said. ”

“Okay.”Professor Feng stood up to send Yu Zifei off.

Professor Feng did not stop smiling until Yu Zifei walked out of the door.

“Although ye Zhuo was young, her methods were more powerful than she had imagined. She could actually trick Yu Zifei to such an extent. ”

Yu Zifei did not even think about it. Ye Zao had never landed on Europa. Where did she find out that there was a virus and an alien on Europa?

Could Ye Zao be able to calculate it?

“As long as he thought about it, professor Feng was a little angry. ”

“Fortunately, she had already defected to country C! ”

“Ye Zao did not agree with what she had done, and country C would help her complete it! ”

“With this in mind, Professor Feng let out a deep breath.”

“She had to prove to everyone that Europa was not dangerous at all. On the contrary, it was a very suitable planet for survival.”

“If ye Zao gave up on landing on Europa, she would definitely regret it!”

“At that time, all the resources on Europa would belong to country C, and it had nothing to do with ye Zao!”

“In the blink of an eye, three days had passed.”

“Today was the day Yu Zifei, Cen Hai, and the others landed on Mars.”

“Because Yu Zifei was going to live on Mars for a long time after today, Yu Zifei stayed at his parents’ place at night.”

“During breakfast in the morning, his parents repeatedly reminded him to pay attention to his safety on Mars.”

““Zifei, do you want to make a phone call on Mars?”Tian Zhifang asked.”

“Yu Zifei shook his head. “We can’t make a phone call on Mars Mountain, but we can contact the base through a special communicator. If you need anything, you can call the base.” ”

“Tian Zhifang nodded and said, “Oh right, I’ve prepared some food for you. Remember to bring it with you.” ”

““No Need, Mom. The food has been prepared by the base.” ”

“Bring it with you,” Tian Zhifang continued, “The things prepared by the base are prepared by the base. The things I prepared for you can not be bought outside.” ”

“Okay.” Yu Zifei nodded and put down his chopsticks. “Dad, Mom, it’s getting late. I’m leaving first.” ”

Tian Zhifang stood up as well. “Remember to be careful.”

“I know.” Yu Zifei nodded.

“Father Yu, who had been silent all this while, spoke up at this moment. “I heard that outer space isn’t like Earth. If you’re not used to the situation there, call back immediately. Miss Ye isn’t the kind of person who doesn’t show mercy!” ”

“Okay.”

“Father Yu glanced at Yu Zifei and continued, “Alright, it’s getting late. You should leave quickly! Don’t let everyone wait for You Alone!” ”

“Alright.” Yu Zifei changed into his shoes and walked out.

“Tian Zhifang quickly caught up to him. “Zifei, wait a moment.” ”

“What’s wrong, Mom?” Yu Zifei turned to look at Tian Zhifang. ”

Tian Zhifang was holding a big bag in her hand. “You forgot the things mom prepared for you. There’s crispy pork and fried dumplings in here. You Can’t buy them outside. Remember to share them with your colleagues.”

“Okay.” Yu Zifei took the bag.

“Looking at Yu Zifei’s back, Tian Zhifang’s eyes were full of worry. ”

“Father Yu said, “Okay, come back quickly! They’re all far away.” ”

“Tian Zhifang said with some worry, “I heard that there are aliens on the alien planet. Do you think our son will encounter aliens? What if he’s kidnapped by aliens? I already said that I won’t let him participate in that Oasis project, but you have to agree! If anything happens to our son, I won’t let you off!” ”

““Don’t worry, he will be fine.”Father Yu continued, “Miss Ye has already gone to Mars many times. If there really were aliens, Miss Ye would have met them long ago! You Don’t have to worry about nothing here!” ”

Chapter 1676: 349: omnipotent existence! 7

““Speaking of Miss Ye, she’s really a formidable young lady! I heard from Zifei that she’s only a little over 20 years old! How do you think her parents gave birth to her? How can she be so formidable!”Although Tian Zhifang had never met ye Zao before, she was still very impressed by him, in Tian Zhifang’s eyes, Ye Zao was an omnipotent existence.”

Other People’s 20-year-olds were earth-shattering. Her 20-year-old was busy dating Yu Zifei’s father.

It was really infuriating to compare people!

“Father Yu smiled and said, “Do you really think that everyone can be a genius?”Geniuses were all one in ten thousand.”

“That’s true.”

Downstairs.

Yu Zifei had just gone downstairs when Zhang Pandi walked out from the side. "Zifei!"

Yu Zifei was stunned when he suddenly saw Zhang Pandi. He had no intention of paying attention to her.

"Zifei! I know, I know. Yu Yuan isn't your girlfriend at all. She's Your Cousin!" Zhang Pandi ran over, she tugged at Yu Zifei's sleeve. "Zifei, I know that you still have me in your heart. Give me a chance and I'll give you a chance too, okay? Let's get back together! I swear that I'll never leave you again!" "

"Yu Zifei's long brows were tightly knitted. "Zhang Pandi, I'll tell you one last time. It's impossible between us! The current you will only make me sick!" After saying that, Yu Zifei directly shook Zhang Pandi off. "

"Looking at the strange man in front of her, Zhang Pandi was stunned. "

Sick.

Yu Zifei actually said that she was sick.

This was the man she had loved for three years.

"When she left Yu Zifei, it was only because she had no choice. Why didn't Yu Zifei forgive her? "

Zhang Pandi's tears almost burst out.

...

"At 11:30 am, the aircraft carrier successfully landed on Mars. "

Ye Zhuo also went with her.

“Seeing that they had successfully set up camp on Mars and set up a defense system, Ye Zhuo took the aircraft carrier back to Earth.”

Time passed quickly.

“In the blink of an eye, it was already half a month.”

June 5th.

June 7th was the day of the college entrance exam. Ye Zhuo planned to return to Yunjing and accompany Lin Sha to participate in the college entrance exam.

“Lin Sha had originally taken the college entrance exam last year, but before the college entrance exam, Lin Sha suddenly had an attack of appendicitis, so she had no choice but to give up the exam and re-apply for this year’s college entrance exam.”

Cen Shaoqing and Ye Zhuo went to the airport together.

“Although both of them were going to the airport, their destination was not the same.”

“Cen Shaoqing was going abroad on business, while ye Zao was going to Yunjing.”

“After sending ye Zao to the domestic terminal, CEN Shaoqing instructed, “Leader, pay attention to your safety. Remember to call me as soon as you get there.” ”

“Okay.”Ye Zao nodded slightly.

“Cen Shaoqing lowered his eyes and helped ye Zao adjust his collar. After a moment, he planted a light kiss on the side of her face and said in a low voice, “Okay, go in quickly.” ”

“”Goodbye, Mr. Cen.” ”

Cen Shaoqing smiled and watched her leave.

“Four hours later, the plane landed at Yunjing Airport. ”

Ye Zao called Cen Shaoqing to tell him that she was safe.

She held her phone in one hand and her suitcase in the other as she walked towards the exit.

“Zao Zao!” Seeing ye Zao come out from inside, Lin Sha waved her hand excitedly. ”

“Sister Sha Sha.” Ye Zao walked over with a smile.

“This scene fell into the eyes of a girl who was also waiting for her at the airport. The girl nudged her companion with her elbow. “Hey, Fei Fei! Look who it is!” ”

Zou feifei frowned slightly. “Lin Sha Sha?”

“It’s Lin Sha Sha. I heard that she is going to participate in this year’s college entrance exam.” Ning lan continued, “It seems that this year’s college entrance exam champion is definitely Lin Sha’s! I heard that she scored 736 points in the mock exam last time!” ”

“736?” Zou feifei pinched his fingers.

“Yes.” Ning Lan nodded.

“Zou feifei narrowed his eyes and continued, “I heard that she missed the college entrance exam last year because of her appendix. If anything happens this year...” ”

Chapter 1677: 350: How could she be Dr. YC! 1

“Zou feifei’s meaning was very obvious. If anything happened to Lin Sha Today, wouldn’t the top scorer this year change hands? ”

“Zou Feifei had scored 728 points in all three mock exams. Last year, the top scorer in Yunjing City’s college entrance examination had scored 729 points. ”

Her result was expected to be the top scorer this year. Her teachers and family were also full of expectations for her. Who knew that someone would suddenly appear out of nowhere.

“736 points, only 14 points away from the full score. This was a huge blow to Zou Feifei. ”

One had to know that Zou Feifei’s highest score in three mock exams had not exceeded 731 points!

“If nothing unexpected happened, Lin Sha’s 736 points would definitely be the top scorer of this year’s College Entrance Exam! ”

“Thinking of this, Zou Feifei’s heart was filled with a sense of threat. ”

“Ning Lan followed up, “Feifei, you’re also unlucky. If it wasn’t for Lin Sha, you would definitely be the top scorer in this year’s college entrance exam. Lin Sha just got appendicitis last year. She Can’t get appendicitis this year, right?” ”

“Zou feifei narrowed his eyes and continued, “Then do you think that other than appendicitis, there’s anything else that affects the college entrance exam?” ”

“Yes.”Ning Lan Thought for a moment. “A sudden high fever? Or a car accident?”

Zou Feifei didn’t reply. She looked up and saw the person she was waiting for walk out from the exit. She smiled and waved. “Auntie! This way!”

Zou Lin pulled her suitcase and walked over quickly. "Feifei."

"Ning Lan greeted her. "Hello, Auntie." "

"Zou Lin was stunned. "Feifei, this is?" "

"Zou feifei introduced, "Aunt, this is my classmate, Ning Lan." "

"OH."Zou Lin nodded and smiled. "The little girl is really beautiful!"

"Being praised for her beauty, ning LAN said happily, "Thank you, aunt." "

""You're welcome."Ning LAN continued, "Feifei, let's find a place to eat something first?" "

"Sure."Zou feifei nodded.

"Coincidentally, they passed by Lin Shasha and Ye Zhuo. "

The two of them chatted and laughed as they walked out.

"Ning Lan caught a glimpse of a jade-like side profile and couldn't help but exclaim, "Oh my God! The Girl Walking with Lin Shasha is so beautiful!" "

"Apart from her beauty, Ning Lan also felt that this girl was somewhat familiar, but she couldn't remember where she had seen her before. "

"At this moment, Ning Lan seemed to have thought of something! Her eyes lit up! "

YC!

It was YC.

The girl just now looked too much like Dr. YC.

“Some time ago, Dr. YC was famous all over the world. All the major news sections published Dr. YC’s deeds. Even Ning Lan, who did not pay much attention to scientific research, was very familiar with Dr. YC.”

“Upon hearing this, Zou Feifei immediately looked up, but at this moment, she could only see the back of the girl.”

“But from the back view, she was indeed a little different from an ordinary girl.”

But what could a back view represent?

“Is it that good-looking? You’re making a fuss!” Zou Feifei said.

“It’s good-looking!” Ning LAN continued, “I feel that she looks a little like Dr. YC.”

“Who are you talking about?” Zou Feifei asked.

“Dr. YC!”

“Hearing this, Zou Lin also looked back slightly. “Is it that girl just now?””

“Yes.” Ning Lan nodded.

“Ning LAN continued, “Could that girl just now be Dr. YC himself? I heard that Dr. YC isn’t that old either!” ”

“Zou feifei immediately laughed out loud. “Ning LAN, stop daydreaming! Would Dr. YC come to such a place?” ”

“”Who said he can’t come? Dr. YC’s household registration seems to be from Yunjing,”Ning Lan said. ”

“Zou feifei continued, “Even if Dr. YC really came to yunjing, it can’t be that girl! Dr. YC is the number one person on an aircraft carrier! She is also the mother of light. How many World Records has she broken? If she were to go out, she would have at least a dozen bodyguards with her! “Why would she keep such a low profile?” ”

Besides.

Who Was Lin Shasha?

“Her parents were very ordinary businessmen, and even their business was only recently established. Before that, her parents were very ordinary office workers, and their standard of living barely reached a well-off standard. ”

“Even now, the Lin family’s standard of living was only half of their family’s. ”

How could a family like the Lin family come into contact with Dr. YC?

It was simply a fantasy!

Dr. YC was a big shot that could go down in history. How could she know Lin Shasha and be so close to her!

“Hearing this, Ning Lan nodded. “You’re right. If Dr. YC really comes to Yunjing, the big leaders of Yunjing City will definitely come out to welcome him!” ”

Chapter 1678: 350: How could she be Dr. YC! 2

“If Dr. YC really comes to Yunjing, I’m afraid the whole airport will be closed down! How can we even get close to the airport?” ”

Ning Lan felt that Zou Feifei’s words made sense.

“When a big shot like Dr. YC came, even the main roads of Yunjing city would be closed down, let alone the airport! ”

On the other side.

Ye Zao and Lin Shasha arrived at the Lin family home.

“Zhou Yuelian had already prepared dinner at home. Before she even entered the house, a fragrant smell assailed her nostrils, causing people to salivate. ”

Lin Shasha stood in front of the door and rang the doorbell.

“Soon, the door opened. ”

The person who opened the door was Zhou Yuelian.

“Ye Zao called out politely, “Aunt Lian, long time no see!” ”

“Zao Zao Zao is here. Come in quickly, come in quickly!” ”

“Seeing ye Zao holding all kinds of things in his hands., zhou yuelian scolded, “Zao Zao, you are such a child. How many times have I told you? Coming here is like coming to your own home. You Don’t have to bring anything!”! Why did you buy so many things? And you, Sasha! Why didn’t you stop Zao Zao from buying things? What a waste of money!” ”

Lin Shasha felt wronged. “Searing had people buy these things in advance and send them over! I couldn’t stop them even if I wanted to!”

“Zhou Yuelian turned to look at ye Zao and said, “Searing, if you come to buy things again next time, Aunt Lian won’t Welcome You!” ”

“Ye Zao held Zhou Yuelian’s arm and said with a smile, “Okay, Aunt Lian, I promise you that if you come again next time, you definitely won’t bring anything.” ”

“Zhou Yuelian smiled and said, “I shouldn’t have brought anything! Aunt Lian is very happy that you’re here! By the way, are your parents busy recently?” ”

““They’re alright. They’ve always been like that,”ye Zao said ”

Zhou Yuelian nodded. “Then what about your brother? He’s not busy now. Why didn’t your brother come over to play?”

““My Brother went to the C continent with his friends,”ye Zao said. ”

“I see. What about your uncle?”

“Ye Zao said, “My uncle is still the same. He runs both the company and the family every day.” ”

“Zhou Yuelian seemed to suddenly remember something and continued, “By the way, does your uncle have a girlfriend?” ”

Ye Zao shook his head. "I'm not sure either. I didn't hear him say that he probably doesn't have a girlfriend."

"Lin Shasha saw through Zhou Yuelian's meaning and said somewhat speechlessly, "Mom, you're not thinking of being a matchmaker again, are you?" "

"Zhou Yuelian had recently fallen in love with being a matchmaker. In half a year, she had already made two good marriages. "

"Looking at the great marriage that she had personally made possible, Zhou Yuelian was filled with a sense of accomplishment. Whenever she saw an unmarried man or woman, she would want to set them up. "

"It's none of your business." Zhou Yuelian turned to look at ye Zao. "Zao, help me ask your uncle. If he hasn't found a girlfriend, I really do have a good marriage." "

Ye Zao took out his phone. "Then I'll ask my mom."

"As an elder sister, Ye Shu had always been very worried about ye Sen's marriage. She couldn't wait for Ye Sen to get married and have children so that she could become an aunt! "

"Unfortunately, ever since Bai Wei's incident, Ye Sen had never found a girlfriend. "

"Seeing that he was about to turn 40, how could ye Shu not be anxious? "

"Other people were already over 40 years old, but ye Sen didn't even have a girlfriend at 40. "

"Zhou Yuelian nodded. "Okay, ask around." "

Ye Zho sent a wechat message to Ye Shu.

Zhou Yuelian quickly went to pour water for ye Zho.

“Mom, wait a minute.” Lin Sha ran over. ”

“What’s Wrong?” Zhou Yuelian turned to look at Lin Sha.

“Lin Sha continued, “Where’s the black tea I bought last time?” ”

“It’s in the cabinet,” Zhou Yuelian said. ”

“Lin Shasha took out the black tea from the cabinet. “I’ll make a cup of black tea for searing! Mom, take out the pearls and defrost them.” ”

“Okay.” Zhou Yuelian nodded.

“Because all the ingredients were ready-made, it was not complicated to make the black tea. Ten minutes later, Lin Shasha came to the living room with the milk tea. “Searing, try it.” ”

“There was ice in the milk tea. It was cool and delicious, sweet but not greasy. The taste was very good. ”

“It’s very good,” ye Zha said. ”

“Lin Sha was a little surprised to get ye Zha’s approval. Ye Zha was a big foodie, especially one who liked sweet things. It was a little difficult to get her approval. She smiled and said, “Really?” ”

“Yes.”

“At that moment, Zhou Yuelian walked out from inside. “Zao Zao, have you asked Your Mother?” ”

“Yes, my mother said that my uncle is still single,” ye Zao said. ”

“Zhou Yuelian smiled and said, “Then maybe it will work. Zao Zao, let me tell you.”. The woman was a doctor. She had graduated from graduate school and worked at the first People’s Hospital in Yunjing City. Now, she had been transferred to the capital. Anyway, she was quite good and often went to various universities to give lectures! The most important thing was that the little girl had a good mind and a correct outlook on life! “Don’t young people nowadays talk about a correct outlook on life? “There is absolutely nothing wrong with the little girl’s outlook on life. The most important thing is that her family doesn’t have any burdens and she doesn’t have any troublesome relatives. She only has an elder sister. You Don’t have to worry about her being some kind of brother-supporting devil. Moreover, her parents are very kind. The little girl is an old child. Her parents are almost ninety years old. Right now, they are hoping that this little girl will have a good home.” ”

Chapter 1679: 350: How could she be Dr. YC! 3

“Zhou Yuelian had already asked around very carefully. That young lady was a very rare good girl. Whether it was her family background or her knowledge, she was worthy of Ye Sen. ”

Matchmaking also had to pay attention to social status. Zhou Yuelian was not the kind of person who would randomly introduce someone to others.

“There were many relatives in Zhou Yuelian’s family who wanted her to introduce her daughter to Ye Sen, but Zhou Yuelian did not agree. Because they were relatives, she understood their purpose! ”

“Ye Shu was so good to her, so she could not introduce ye Sen to a troublemaker! ”

“At the end of her sentence, Zhou Yuelian stood up and said, “I’d better tell your mother myself!” ”

“As soon as she finished speaking, Zhou Yuelian called Ye Shu. ”

“Soon, the call was connected. ”

“Hello, Ah Shu.” ”

“Sister Lian.”

“After the two of them greeted each other, Zhou Yuelian went straight to the point. “Ah Shu, has Zhuozhuo told you already? I have an especially good young lady here who I want to introduce to ye Sen.” ”

“Sure!” I happen to be quite anxious about him too! He’s almost forty years old, and I still have no idea where he is! Right, Sister Lian, what’s the situation with the young lady you’re talking about? Is she also from Yun Jing? Although ye Shu has now settled down in the capital, she still missed her days in Yun Jing very much. ”

“If ye Sen could find a girlfriend in Yun Jing, that would naturally be the best. Of course, the most important thing in such matters still depended on fate. ”

“Zhou Yuelian said, “She’s from Yun Jing. She used to be a doctor at Yun Jing’s first People’s Hospital. She was transferred to the capital last year! “I was thinking, aren’t they all in the capital? “It’s convenient for them to meet. Then the little girl has an elder sister, and then her parents!” ”

“Ye Shu liked the profession of doctor very much. She smiled and said, “Okay, I’ll ask ye Sen.” ”

“Okay.” Zhou Yuelian continued, “Go and ask him. If Ye Sen thinks it’s okay, I’ll get the little girl’s wechat. The two of them can chat on wechat first. After that, we’ll meet again.” ”

“By the way, you haven’t told me how old the girl is this year!” Ye Shu continued to ask. ”

“28 years old,” Zhou Yuelian said. ”

Ye Sen was 37 years old this year. There was a difference of nine years between the two of them.

“It was fine for a man to be older than a woman. Ye Shu did not care about these age issues,”

“after hanging up the phone, she immediately called Ye Sen.”

“When ye Sen heard that Ye Shu was going to introduce a partner to her, he felt his scalp go numb. “Sister, I don’t want to find a partner yet, so don’t worry about it!” ”

“”Am I worrying about it? Ye Sen, you’re 37 this year, not 17!”Ye Shu continued, “Don’t wait until burning and Shaoqing have their wedding. You’re still alone!” ”

“Then.., ye Shu continued, “You guys add on wechat first. If you feel that you can chat together, then meet up. I heard from sister Lian that the woman works in Beijing and is a doctor! And that girl is nine years younger than you! You’re 37 and she’s 28. No matter what, you’re still taking advantage of her!” ”

“What’s there to chat about with a person I’ve never met? Isn’t it awkward?”Ye Sen asked.

“What’s there to be awkward about? Don’t people get to know each other after not knowing each other?”Ye Shu said.

“Ye Sen said, “No, no, no. I’m begging you, just leave me alone!” ”

“”If you want to meet and talk again,”ye Shu said, “I can ask sister Lian to arrange for you to meet immediately. How about tomorrow? Tomorrow happens to be Saturday. Everyone has time! “If you’re embarrassed by yourself, I can go with you! “I can also help you take a look.” ”

“When ye Shu said this, she was already planning what she would wear when she met the woman the next day. ”

“”SIS, what are you talking about! Why are we meeting? ! I have a meeting right now, so I won’t talk to you for now. I’m Hanging Up!”After saying this, Ye Sen hurriedly hung up the phone. ”

Ye Shu looked at the phone that was hung up. “It’s really worrying!”

“After hanging up the phone with Ye Sen, Ye Shu returned a call to Zhou Yuelian, “Sister Lian, I’m really sorry. Ye Sen said that he doesn’t want to look for a girlfriend for the time being. Why Don’t you help him keep an eye out for her? When he comes to his senses, I’ll tell you again!” ”

“Zhou Yuelian smiled and said, “Alright!”! If Ye Sen doesn’t want to look for a girlfriend now, I’ll introduce the little girl to others! Ah Shu, we’ve been good sisters for many years. Let me tell you something from the bottom of my heart. This little girl’s conditions are really good. I’ve seen pictures of her and she’s also good-looking! I really can’t bear to introduce her to others! However, Ye Sen and her aren’t fated. There’s nothing we can do about it!” ”

Chapter 1680: 350: How could she be Dr. YC! 4

“Ye Shu sighed, “I don’t know when he will figure it out!”It was not a good thing that he did not want to find a girlfriend. ”

““We’ll cross that bridge when we come to it. If he is not anxious about this kind of thing, it is useless for others to be anxious,”Zhou Yuelian said. ”

“After the phone call with Ye Shu, Zhou Yuelian started to prepare for dinner. ”

“Lin Shasha asked curiously, “Mom, what did Aunt Shu Say? Can you be considered a success as a Moon Elder?” ”

“I’m afraid not.”Zhou Yuelian shook her head. “Zhuozhuo’s uncle doesn’t want to find a girlfriend yet!”

“After saying that, Zhou Yuelian turned to look at Ye Zhuo and asked curiously, “Zhuozhuo, does your uncle have a girlfriend outside? He’s just too embarrassed to say it.” ”

“I’m not sure.”Ye Zao shook his head slightly.

“Zhou Yuelian said, “He definitely has one! Otherwise, which man doesn’t want a wife? What a pity for such a good little girl!” ”

On the other side.

Beijing.

“After ye Sen hung up the phone, he turned off his phone, afraid that ye Shu would call again. ”

“Ten minutes later, the assistant came to the office. ”

““President Ye, there’s a lady named Gu downstairs looking for you.” ”

“Do you have an appointment?”Ye Sen was busy with the documents and asked without looking up.

““No,”the assistant said. ”

“Ye Sen said, “Can’t you see that I’m busy? Those who don’t have an appointment can’t see me!” ”

The assistant nodded. “Okay.”

“Two minutes later, the assistant came to the first floor of the company. “Miss Gu, I’m sorry. President ye is not available to see you now.” ”

“It’s okay.”Gu dening smiled slightly. “Then I’ll have to trouble you to give this to him when he’s free. I’ll be leaving first.”

““Okay, Miss Gu.”The assistant took the bag from Gu dening with both hands. ”

“After leaving Shengdong Express headquarters, Gu Dening went straight to the hospital.”

“Gu Dexin had not been feeling well recently and was in the hospital again. When she saw gu dening coming back so soon, she said unhappily, “Why didn’t you talk to Xiao Ye for a while longer?” ”

“GU dening said, “I met his assistant and said that he’s quite busy right now.” ”

“Gu dextrin frowned slightly. She felt that ye Sen should not be so busy that he did not even have time to meet gu dening. Even if he was busy, Ye Sen would not let his assistant send gu dening away. He continued, “You didn’t call him?” ”

““His phone is switched off.” Gu Dening put a pillow behind gu dextrin and said, “Sis, don’t set him up blindly. Maybe he doesn’t have that intention at all.” ”

““I think he’s really interested in you,” gu Dexin said. “I’ve always been a good judge of people. Xiaoye is definitely worthy of your lifelong commitment! Maybe he’s really busy today!” ”

“Then..., gU dextrin continued, “By the way, our mom called me last time. She said that someone wants to set you up with someone who also works in Beijing. “The family conditions are pretty good. If Xiaoye really can’t do it, you can go back for a blind date.” ”

““I don’t go on blind dates,” gu dening said. ”

““Why not?” Gu dextrin continued, “I asked you to cultivate a relationship with Xiaoye, but you’re too shy to ask. You Don’t want to go on blind dates. What do you want? Do you want to go to heaven? Let me tell you, Dening, women only have a few years of youth. When you turn 30, there will be no market at all!” ”

“Gu Dening was 28 this year, only two years away from turning 30.”

“Both her parents were anxious, and even gu dextrin, her sister, was anxious.”

“When I was your age, even a child could be a bystander! Look at you, you’re still acting like a child!” ”

“Gu dening didn’t say a word, but quickly helped Gu Dexin change the medicine bottle. ”

And on Ye Sen’s side.

“After work, the assistant came over with something. “President Ye, Miss Gu asked me to pass this to you.” ”

“Miss Gu, which Miss Gu?”Ye Sen took the thing with a puzzled look. ”

“After opening it, there was a suit inside and two boxes of cold medicine. ”

“Ye Sen suddenly remembered that Gu Dening was at a cocktail party the day before yesterday. Because it was quite cold when he went back at night, he lent the suit to Gu Dening. He would catch a cold if he went back! ”

So this thing must have been sent by Gu Dening.

“Thinking of this, Ye Sen immediately turned to look at his assistant. “Where is she?” ”

“Who?”The assistant was stunned.

“Ye Sen said, “Miss Gu! where is Miss Gu who sent me the Thing?” ”

“She left after delivering the Thing!”The assistant said.

“Why did you let her go! Why didn’t you come and inform me!”Ye Sen was almost angered to death by this idiotic assistant.
