

## Almighty D 1731

“Chapter 1731: 258: Eat Your Own Medicine, and you’ll end up in a miserable state! 5”

“Seeing the giant being destroyed by the nuclear bomb, the audience in front of the live broadcast also cheered. ”

“Not long after, the smoke dispersed. They thought that they could see the corpse of the giant, but unexpectedly, not only did the giant not die, but it was still standing there! ”

“Director Ma’s expression changed, and he continued, “Fire another nuclear bomb!” ”

“Roger!”

The attack team received the order and immediately fired a nuclear bomb.

One of the mutants rose up in the air and raised its claws. It caught the nuclear bomb and swallowed it!

No one expected the mutants to swallow the nuclear bomb.

“This time, it was dead for sure! ”

“That was a nuclear bomb. Even if the nuclear bomb did not kill it just now, this time, it would definitely explode into pieces. ”

“One second, two seconds, and ten seconds later, the nuclear bomb still didn’t explode. ”

What was going on?

““Director Ma,”the leader of the attack team turned to look at director Ma and said with sweat all over his head, “The... the nuclear bomb seems to have been... absorbed by the Mutants!” ”

The nuclear bomb was absorbed by the Mutants?

How was that possible!

Director ma immediately took the binoculars and looked at the ground. The mutant that swallowed the nuclear bomb was indeed still standing there!

“Not only was it still standing there, but new xenogeneics were pouring in from all directions. ”

They were densely packed.

It made people panic.

““Director Ma, should we, should we return first?”The technical team leader continued. ”

“It was not easy to come to Europa, and director Ma was unwilling to return just like that. ”

“But now, what could he do if he was unwilling? ”

Professor Feng was sacrificed!

Tom was also sacrificed.

“Those mutants could still absorb nuclear bombs, so there was no way to land at the moment. They could only go back first and think of a way to defeat these mutants. ”

Director ma nodded. "Let's return first."

The technical team leader received this order and heaved a sigh of relief. He immediately arranged for the pilot to return.

Just as the spaceship was about to return —

"Bang!"

The monster on the ground suddenly threw a fireball.

It hit the spaceship!

An alarm sounded from inside the spaceship.

Danger!

Danger!

The spaceship would automatically land on the ground.

The UAV that was hovering in the air and filming was also hit by the fireball thrown by the giant.

Bang!

The UAV directly exploded in the air.

The screen fell into darkness.

The live broadcast was interrupted!

“The situation on this side was witnessed by Dr. Cara, Jamila, and the others.”

They did not expect Europa to be so dangerous.

Dr. Cara was so anxious that he turned around on the spot.

“However, he could only be anxious. There was nothing he could do.”

“Europa was too far away from Earth. Without the light-speed aircraft, they could not reach Europa at all. If they could not reach Europa, they could not provide support!”

““If I had known earlier, I would not have let Feng Qi and MA Jianbang board the spaceship!””

Professor Feng and director Ma were the only two people in C country who could crack the light-speed secret.

“Now that Professor Feng was dead, director Ma would most likely not be able to live either!”

“If the others died, so be it. But if these two people were gone, it also meant that the hope of C country was gone.”

Regret!

Dr. Cara was very regretful now.

“If he had known that the situation on Europa was as ye Zhuo had predicted, he would not have let Professor Feng and director Ma land on Europa at the same time!”

“Gamila frowned. “In that case, it’s useless even if you stop them. You should know that landing on Europa is Feng Qi and Ma Jianbang’s lifelong wish!” ”

“Dr. Cara continued, “Call an emergency meeting immediately!” ”

“Yes!”Jamila nodded.

Europa.

“Due to the attack of the giant creature, the spaceship began to fall violently. ”

“What’s going on? What’s going on?”Director Ma’s face was Pale. “Why is the spaceship falling?”

“”Director Ma, those monsters seem to have long-range attacks! The spaceship is badly damaged now, and we can’t go back. We can only land!” ”

“Unable to return, forced to land? ”

What should we do now?

“After all, the ground was full of mutants! ”

“If the spaceship landed at this time, it would be no different from a sheep entering a tiger’s mouth. ”

Boom!

“The next second, the spaceship was forced to land on the ground. ”

We can’t just sit around and wait for death!

“We have to think of a way to fight our way out, then fix the spaceship and return to Earth.”

“Director ma pressed on the communicator. “Everyone, stay calm! Attack and defense teams, cooperate with each other and fight to the death with these monsters. We will definitely be able to fight our way out of this encirclement!” ”

Fighting their way out of this encirclement and fixing the spaceship was their only hope now!

“Humans were humans, high-level life forms. The mutants outside were only low-level life forms.”

Chapter 1732: 258: the consequences of their actions will be disastrous! 6

“No matter how powerful they were, they couldn’t fight against humans.”

Humans were the masters of the universe.

“Roger!”

“Roger!”

Everyone braced themselves and fought against the mutants outside.

Bang Bang Bang!

“At this moment, the mutants outside were already trying to pry open the cabin door.”

“The attack team fired many nuclear bombs, but they were all directly devoured by the mutants.”

Soon.

The attack team’s nuclear bombs were depleted.

The defense team couldn’t hold on much longer either.

Boom!

“A group of mutants jumped to the top of the spaceship, causing the spaceship to shake violently. The interior of the spaceship could barely stand on its feet.”

The smell of death assaulted them.

The atmosphere in the cabin was extremely tense.

This was Europa.

There were mutants eating humans outside again.

“If they died, there wouldn’t even be a corpse collector.”

“They originally thought that Europa was a beautiful planet. After this successful landing, they would also obtain glory and become the first batch of humans to land on Europa.”

Who would have thought that Europa was as dangerous as ye Zao said.

These mutants were even more terrifying.

They could even absorb nuclear bombs!

“I don’t want to Die! My child has just been born, I haven’t held her yet.” ”

“I don’t want to die either, I want to go back to Earth! God, please let us go back!” ”

“Dad, Mom, I Miss You...” ”

“Director ma collapsed on the ground, his face devoid of life. ”

He recalled ye Zao’s words.

What did ye Zao say back then?

“She said that all the beauty of Europa was just a facade. As long as he logged into Europa, he would definitely regret it! ”

“At that time, director Ma only thought that ye Zao was bragging! ”

He did not expect that ye Zao’s words would come true!

Regret.

He was extremely regretful now.

He was so regretful that his intestines had turned green.

It was a pity.

There was no medicine for regret in the world.

Boom!

“At this moment, a loud sound came from above his head.”

Director Ma looked up and saw that it was a xenogeneic that had lifted the top of the spaceship and was screaming.

Just listening to it made one’s scalp go numb.

“The next second, a dark red claw reached in and grabbed two people!”

“No! No! Let Go of me!”

“Help!”

The cabin was in chaos.

“Some cried, some shouted, and some ran.”

Director Ma hid behind the attack platform and looked up.

“After the mutants grabbed the people, they tore them in half and swallowed them whole.”

It was as simple as a human squeezing an ant to death.

It was even easier than squeezing an ant to death.

“Director Ma’s eyes were filled with fear. He curled up in a corner, his whole body trembling.”

Boom Boom Boom —

The cabin was filled with the sound of items falling to the ground and the sound of escaping footsteps.

“Seeing the danger approaching him step by step, the working partners in the cabin disappeared into the air one by one. Director Ma quietly retreated.”

“Behind the attack stage, there was a small first aid cabin with an emergency equipment inside.”

Bang!

“After closing the door of the first-aid cabin. Director Ma took a deep breath, then immediately picked up the camera equipment inside and started recording, “Miss Ye, I’m sorry. I shouldn’t have betrayed you, and I shouldn’t have disobeyed your teachings and forcefully landed on Europa. I was wrong! I was really wrong! But there is no medicine for regret in this world.” ”

“”As you said, Europa is a planet full of danger. All of its beauty is just a surface appearance... .. I was wrong, I was really wrong ! Professor Feng was killed because of me. If it weren’t for me, Professor Feng wouldn’t have died ... ..” ”

“At the end, director Ma almost burst into tears.”

“But now, what was the use of crying?”

Bang!

“In the next second, the first aid cabin was destroyed by the XENOGENEIC.”

There was no place to hide now.

“Looking at the one close at hand, director Ma quickly pressed the send button.”

“Then, director Ma picked up the gun on the side, pointed it at his temple, and pulled the trigger.”

Bang!

Fresh blood dyed the wall on the side red.

“Compared to being torn in half, director Ma was more willing to die happily.”

“At the same time, the video signal that director Ma recorded before firing the gun was transmitted to Earth.”

The big screen that was already black suddenly lit up again.

Director Ma appeared in front of the big screen in a sorry state and said his last words.

““Miss Ye, I’m sorry...” ”

“The message lasted about ten minutes. Apart from apologizing to Ye Zhuo, he also warned the others not to land on the Europa!”

Because the danger level on the Europa was much higher than expected!

“As the roof of the first aid cabin was opened, the video ended and the big screen returned to darkness.”

“When worker Xu called Ye Zhuo over, the video had already finished playing.”

Cen Jiang clicked on the replay.

“Seeing director Ma’s regretful look, Ye Zhuo’s expression was indifferent. She did not have the sympathy to sympathize with a traitor.”

“Where’s Professor Feng?”Ye Zhuo continued to ask.

“Cen Jiang said, “Professor Feng was...”the rest of his words were self-evident.”

Ye Zhuo did not expect this. She thought that director Ma was the only person from country C to land on Europa. She did not expect these two people to land on Europa at the same time.

““Okay, I got it!”Ye Zhuo turned around and walked out.”

“Miss Ye!”Gu Si stood up from the chair.

“What’s Wrong?”Ye Zhuo looked back slightly and looked at Gu si.

“Gu Si bowed to ye Zao. “Miss Ye, I’m sorry. I apologize for my words and actions. At the same time, I also want to thank you. If it weren’t for you, we would have been the ones who died on Europa today!”

...

On the other side.

Country C.

Country C suffered heavy losses this time. Dr. Cara was filled with regret.

He thought that he could obtain precious resources from Onoba this time. He didn't expect that he would suffer a double loss!

"Gamira said, "Professor, don't worry. In China, besides Feng Qi and Ma Jianbang, there must be other people who possess the speed of light technology!" "

""Okay."Professor Kara nodded. "Then, I'll leave this matter to you!" "

"Gamira said, "Don't worry, I'll definitely take care of this matter!" "

""Also, get someone to go to Feng Qi's house."Professor Kara continued, "We must get the Song dynasty national treasure that Feng Qi mentioned!" "

Dr. Cara had a hunch.

"There must be other secrets hidden on the National Treasure of the Song dynasty. If it was only valuable, professor Feng wouldn't be so nervous. "

"Got it."

"Chapter 1733: 358: honestly, I'm from 200 years later, the jealous master five! 1"

"Jamila nodded and continued, "Doctor, what about Feng Qi and Ma Jianbang's Family?" "

"Doctor Cara narrowed his eyes, "Feng Qi and Ma Jianbang sacrificed themselves for C nation. Their families must be properly arranged and do a good job in cleaning up the aftermath. Don't let the families who sacrificed themselves for science and technology be disappointed!"Doctor Cara was trying to stabilize the hearts of Professor Feng and director Ma's family, he was also trying to stabilize the hearts of the other contributors to C Nation's science and technology. "

“If they immediately kicked Professor Feng and director Ma’s family members away now, they would definitely be criticized! ”

Who would dare to sacrifice themselves for C Nation’s science and technology industry in the future?

“After saying that, Dr. Cara continued, “In addition, there will be a memorial service to send the hero on his final journey.” ”

What did C Nation do best?

It was a face project!

“They knew what the people wanted, and they also knew what to show the people. ”

“Okay.” Jamila nodded.

“Dr. Cara lit a cigar and blew out a puff of smoke. Then, he said, “Do you think you can win YC over?” ”

“From the beginning to the end, Dr. Cara had underestimated ye Zao. ”

He had thought that ye Zao’s greatest achievement was to build a light-speed aircraft carrier and create the world’s top defense and attack systems.

But now it seemed that.

Ye Zao’s ability was far more than that.

“Ye Zao had never landed on the Europa, but she accurately predicted that danger was lurking on the Europa! ”

Stop everyone from landing!

“If he knew that ye Zao’s prediction was not wrong, he would never have agreed to Feng Qi and Ma Jianbang Landing on the Europa.”

“If he could rope YC over, then country C would be an existence that looked down on the world.”

“Compared to country C, China’s foundation was still too shallow. It was said that a small temple could not accommodate a big buddha. China simply could not suppress a god like YC.”

“Before this, country C was many times stronger than China.”

“When China still had long braids, country C had already opened a subway”

Jamila did not say anything.

Get YC to join them? Get YC to become a citizen of Country C?

How was that possible!

“Although Jamila did not know much about YC, she knew that YC was not the kind of person who could easily betray his country.”

“Moreover, YC was now famous and rich in China. Her honor and status were far higher than Dr. Cara’s, especially since not long ago, Dr. Cara had just lost the right to use the base of country C to YC.”

How could YC rebel so easily now?

Dr. Cara thought this matter was too simple.

“Why aren’t you saying anything?” Dr. Cara turned to look at Jamila.

“Jamila considered the words in her heart and continued, “I don’t think YC will rebel. It’s a waste of time to work on her...” ”

“Dr. Cara narrowed her eyes. “Although she’s capable, she’s still young and a little girl. She doesn’t have much experience. Let’s work hard. What if we succeed?” ”

“Jamila still shook her head. “If YC is as simple as you think, then she wouldn’t have achieved what she has today.” ”

“After saying that, Jamila continued, “If it were an ordinary person, we could use fame or benefits in exchange. In front of YC, what do you think is suitable?” ”

She had fame.

She had benefits.

“Not only did she have fame, but she was also famous in the world.”

“Not to mention him, even if Dr. Cara stood in front of her, he would not have any sense of presence.”

“Dr. Cara wanted to rope in YC, but it was no different from daydreaming.”

“Upon hearing this, Dr. Cara was stunned.”

Jamila was right.

YC did not lack anything. It had both fame and fortune. It was impossible to rope in YC.

He was the one who thought this matter was too simple.

“After thinking for a while, professor Cara continued, “Then let’s start with the people around YC. What about that Cen Jiang?” ”

““Cen Jiang?” Camilla narrowed her eyes, “Cen Jiang is the leader of the four brothers in Jianghu and Haishi. He is also one of the higher-ups of the Cen family base. If we want to rope him in, the other three will follow. “However, I think the chances of starting with this person are very low!” ”

“Why?” Dr. Cara asked.

“Gamira said, “Because Cen Jiang’s surname is Cen. Do you think he will betray Fifth Master Cen and YC?” ”

“Cen Jiang’s surname was not only Cen, but he was also very loyal. He came from the power behind Cen Shaoqing. Anyone could betray the CEN family base. ”

“Only Jianghe, Huhai and the other two would not! ”

Dr. Cara blew out a smoke ring. “Then who do you think is the most suitable?”

““As far as I know, Feng Qi has a very good apprentice named Gu Si, who is also involved in the aircraft carrier program,” said Jamila ”

“Chapter 1734: 358: I’ll Be Frank, I’m from 200 years later, the jealous Master Wu! 2”

“Like teacher, like disciple.”

“Since professor Feng could betray, so could her disciple!”

“Before roping professor Feng in, Camilla had investigated Liu Yuan.”

“Most importantly, Gu Si’s birth was also very ordinary. Although she had a house and a car in the capital, the price of a house in the capital was too expensive, causing her to struggle until now and only buy a two-bedroom apartment.”

“Gu Si’s family also had her parents, a younger brother, and a younger sister. The two-bedroom apartment, which was 70 square meters, was a little too crowded for the whole family.”

“Therefore, relatively speaking, the chances of winning Gu si over were higher than the others.”

“Liu Yuan?” Dr. Cara asked.

“Yes.” Jamila nodded, “Gu si is not only Feng Qi’s favorite disciple. She has participated in the aircraft carrier project and won many awards. “Most importantly, because of Feng Qi’s sudden departure, she also has a lot of opinions about ye Zao. Due to her financial situation and external reasons, it’s much easier to rope her in.””

“Dr. Cara nodded and pressed the cigarette butt into the ashtray. He turned to look at Jamila and continued, “Then I’ll leave this matter to you.””

“Jamila stood up straight. “Don’t worry, I’ll definitely live up to your expectations!””

“Okay.” Dr. Cara nodded in satisfaction. “I look forward to your triumphant return.”

...

On the other side.

At the Capital University.

“It was already autumn, and the maple leaves on both sides of the road had turned golden.”

“The autumn wind blew, and the Golden Maple leaves fluttered in the wind. They landed on the ground, forming a thick carpet. The ground was soft, and the scenery was as beautiful as a dream.”

“On the busy Wutong Avenue, a couple with their fingers interlocked walked on the small path covered with Golden Wutong leaves.”

The man was extraordinarily handsome. He was tall and had long legs. His entire body exuded a domineering aura that looked down on the world.

“The girl’s eyes were as clear as a painting. She was graceful and charming. She was clearly facing the sky, but her beauty was soul-stirring.”

“When the two of them walked together, even if they did not do anything, they were already in the painting. Everything around them became their backdrop.”

“Passersby turned to look at the prime minister, their eyes filled with amazement.”

“Although there was no shortage of beauties and handsome men in life, such a combination of beauties and handsome men was rare. Even an idol drama might not be able to produce such an effect.”

““Leader,” Cen Shaoqing held Ye Zao’s hand tightly. “What season do you like best?””

““Winter.” Ye Zao raised his eyes slightly and continued, “What About You?””

“In the past, Cen Shaoqing had no feelings for the four seasons.”

“He would not be sad about spring and autumn, nor would he have any feelings during the two seasons of winter and summer.”

“But now, it was different from before.”

A moment later.

“Cen Shaoqing twirled the Buddhist beads and slowly said, “I like early summer.””

“Early summer?” Ye Zhuo raised his eyes slightly.

“Yes.” Cen Shaoqing nodded.

“Ye Zhuo continued, “I like winter because of the world I used to live in. Due to the excessive development of human civilization, resources were exhausted, glaciers melted, and global warming. There is only one season in the entire earth. “I’ve only seen winter and snow in history books and on TV.””

“At this point, Ye Zao looked up at Cen Shaoqing and said seriously, “Cen Shaoqing, have I told you before? I’m not the real Ye Zao. I’m from 2221 AD in the future, which is 200 years later.””

Couples should not have secrets.

Ye Zhuo thought for a long time and decided to tell Cen Shaoqing his secret.

“Unexpectedly, Cen Shaoqing was not surprised at all when he heard this. Instead, a faint smile appeared on the corner of his lips. He looked down at Ye Zhuo and said, “I know.””

““You know?” Ye Zhuo raised his eyebrows slightly, and his eyes were full of surprise.”

“How do you know?” Ye Zhuo continued to ask.

“Have you ever heard of a saying?” Cen Shaoqing asked.

“Ye Zao said, “What is it?””

“Cen Shaoqing leaned over slightly and whispered into her ear, “A man who knows his wife is like a husband.””

“It was a very simple word, but it made ye Zao’s heart beat faster.”

““Mr. Cen, please have some face!” Ye Zao reached out and pinched his face. “When did I agree to marry you?””

““I don’t care. In any case, I won’t marry Miss Ye in this life.” Cen Shaoqing squeezed her hand.”

Ye Zhuo smiled faintly. “Some people even said that they would never marry.”

““Then it’s the same if you marry me.” CEN Shaoqing continued, “As long as uncle and aunt agree, I can marry at any time.””

There were some things that had to be experienced before they would be engraved in one’s heart.

“Chapter 1735: 358: honestly, I’m from 200 years later, the jealous Fifth Master! 3”

Just like Cen Shaoqing before this.

He had never known that this was how it felt to love someone.

Marry into the family?

Ye Zhuo did not expect Cen Shaoqing to be able to say these two words. "I realize that your skin is really getting thicker."

"CEN shaoqing calmly replied, "This is what I call a married couple." "

"Be serious," ye zhuo continued, "Honestly, how did you know that I came from the future?" "

Cen Shaoqing happily twirled the Buddhist beads. "Because you said so."

"Ye Zhuo was always in the base, saying that she was not from this era. Although no one had ever taken her words seriously, Cen Shaoqing knew that ye Zhuo was not joking. "

She did indeed come from the future world.

Her personality was very different from the rumored Mu Zao.

"After a while, CEN Shaoqing continued, "Leader, tell me about your future world. Also, how did you come to this world?" "

"Ye Zao nodded slightly and leaned on Cen Shaoqing's shoulder, talking about their world. "

The Earth two hundred years later was no longer the Earth of today.

"Trees were cut down excessively, the area of vegetation was gradually reduced, the air was polluted with unprecedented pollution, the destruction of the ozone layer seriously led to global warming, polar bears, penguins and other animals had long been extinct. "

"Not only animals, there were also many humans who died because of the high temperature. "

“Ye Zao spoke seriously, and Cen Shaoqing also listened attentively.”

“So, when developing scientific and technological civilization, protecting the ecological environment is also very important. Perhaps only those who have experienced this kind of feeling will understand,” ye Zao continued, “If I hadn’t returned to two hundred years later, I would never have believed that the earth was so beautiful.” ”

“Before she had transmigrated, ye Zhuo had once suspected that the history books were exaggerating the beauty of Earth.”

It was only until now that ye Zhuo realized that the evidence in the history books was not exaggerating the facts.

The past of Earth was even more beautiful than described in the history books!

“Unfortunately, the people in the future would no longer be able to appreciate this kind of beauty!”

“Cen Shaoqing nodded slightly and continued, “Then how did you come to this world?” ”

“Because of an accident,” ye Zao said, “I was conducting experiments with a few students on the space station when an explosion suddenly occurred. When I woke up, I became Mu Zao.” After understanding his own situation., ye Zao quickly made a choice. He left the Mu family and returned to Ye Shu’s side. At that time, Ye Zao’s thought was that since she had taken over the body of the original owner, she would definitely be filial to the original owner and improve the living conditions of the original owner’s mother.”

“As time passed, Ye Zao gradually adapted to this new identity. Soon, she got used to having a mother, an uncle, and then her brother and father... ! ... because of these people, she gained family, friendship, and love. Many times, ye Zao forgot that she came from another world!”

“Accident?” Cen Shaoqing frowned slightly. “It shouldn’t be that simple, right?” With Ye Zao’s reputation and status at that time, there should be many people who coveted her. Therefore, this was definitely not an accident! It was intentional.”

“Ye Zao continued, “I also feel that it’s not that simple, but I have no way to investigate it now.”He did not know how her world was now. ”

Different dimensions led to different times.

“She had spent more than three years here. In her world, who knew how many years had passed. ”

Ten years?

Or twenty years?

“Could it be someone by your side?”Cen Shaoqing asked.

“The laboratory was in outer space. Unless there was a mole by ye Zao’s side, there would definitely not be an explosion. ”

Ye Zao frowned slightly. “Probably not.”

“At that time, those who were in the laboratory were ye Zao’s most trusted confidants. They were friends who had been through life and death. Ye Zao believed that they would not betray her. ”

“Other than them, who else had the ability to blow up the laboratory? Moreover, it was in a situation where no one would know. ”

“Don’t think too much.”Cen Shaoqing put his arm around her shoulder and hugged her tightly. “You have me in the future.”

“No matter what, he would never betray her. ”

“Okay.”Ye Zhuo nodded slightly.

“CEN Shaoqing continued, “Oh right, leader, do you want to go back and take a look?” ”

“”I thought about it before, but I don’t think about it now.”Ye Zhuo continued, “And this kind of thing is not something that I can accomplish just by thinking about it.” ”

“The future world was so developed, but they had not been able to develop a space-time shuttle, let alone now. ”

“In fact, ye Zao has studied space-time shuttles. ”

“Chapter 1736: 358: honestly, I’m from 200 years later, the jealous master five! 4”

But there were still many things missing.

“After saying that, ye Zhuo continued, “When I develop the space-time shuttle, I’ll definitely bring you to see our era.” ”

“”Yes.”Cen Shaoqing nodded slightly. “Leader, thank you.” ”

“Thank me for what?”Ye Zhuo looked back slightly.

“”Thank you for trusting me so much.”Cen Shaoqing looked at ye Zao and continued, “In the future, you are not allowed to tell these secrets to others. Aren’t you afraid that they will capture you and dissect you for experiments?”Just thinking about it., cen Shaoqing was terrified. Just how much did this girl trust her to share this secret with him so seriously? ”

“”Yes.”Besides Cen Shaoqing, Ye Zhuo had never told anyone else. ”

Except for jokes.

“By the way, leader, I have another question.” Cen Shaoqing continued to ask. ”

“What?” Ye Zhuo looked back slightly.

“Cen Shaoqing twirled the Buddhist beads and continued, “Yes...” it was clearly something that came out of his mouth, but he did not know how to open his mouth. ”

“Why Are You So Sissy?” Ye Zhuo raised his eyebrows slightly.

“You...” Cen Shaoqing raised his eyes to look at Ye Zhuo. His deep eyes could not see the bottom of it.  
“You, you...” ”

“What exactly do you want to say?” Ye Zhuo asked.

“Nothing.” Cen Shaoqing’s words were on the tip of his tongue, but he suddenly changed his words. ”

“Cen Shaoqing.” Ye Zhuo looked at Cen Shaoqing. “What’s wrong with you today? You’re stuttering. If you have something to say, say it all at once. I hate people like you who say half and leave half!” ”

“Cen Shaoqing touched his nose, “Leader, let’s make a deal in advance. If I say it out loud, you’re not allowed to be angry.” ”

“Ye Zhuo nodded slightly, “Don’t worry, I’m not angry.” ”

“Seeing ye Zhuo say this, Cen Shaoqing heaved a sigh of relief. His thin lips parted slightly, “In the future world, did anyone pursue you?” Actually, what Cen Shaoqing wanted to ask more was, before him, did ye Zhuo experience any other feelings or relationships, however, he did not dare to. ”

“Do you know what Xiao Bai called me?”Ye Zhuo asked.

“Daddy?”Cen Shaoqing asked.

“”Hey, Daddy’s son.”Ye Zhuo stood on his tiptoes lovingly and patted Cen Shaoqing’s hair. ”

Cen Shaoqing:” ...”

“After a moment, CEN Shaoqing coughed lightly and said, “Leader, be more serious.” ”

“Ye Zhuo continued, “Don’t you know what little white calls me?” ”

“I don’t know.”He always heard little white calling her dad. He couldn’t remember anything else for a while.

“”Of course it’s the most beautiful woman in the universe.”Ye Zhuo continued, “To have such a beautiful girlfriend is simply a blessing that you’ve cultivated for three lifetimes!” ”

Cen Shaoqing twirled the Buddhist beads. “Whatever the leader says is right.”

“”Then the question is, will the most beautiful woman in the universe lack suitors?”Ye Zhuo lifted his chin slightly and said with a proud face, “I’m not bragging, in my world, those who pursue me can circle the earth ten times by holding hands!” ”

“Cen Shaoqing:” ...”he had always thought that Xiao Bai had influenced ye Zhuo, but now it seemed that it was ye Zhuo who had influenced Xiao Bai. ”

“After all, like father, like son. ”

“Ye Zhuo looked at Cen Shaoqing and had a playful thought. He then said, “Mr. Cen, do you think that a suitor who can go around ten times holding hands will lack a boyfriend?” ”

“Hearing this, Cen Shaoqing was stunned.”

His heart was a little stifled.

“Even though he was prepared for ye Zhuo to have a boyfriend in the past, he still felt a little uncomfortable.”

“Ye Zao saw the change in Cen Shaoqing’s expression. “Not only have I had a boyfriend, I have more than one.” ”

More than one? !

Then how many?

Cen Shaoqing turned to look at ye Zao. “Then what’s my rank?”

““Yeah, let me do the math.”Ye Zao thought about it. ”

Cen Shaoqing thought about how many men were like him in the past. They had held ye Zao’s hand and might have even kissed him. Cen Shaoqing was about to go into seclusion.

It didn’t matter.

It didn’t matter.

Cen Shaoqing tried his best to calm himself down.

“No matter how many boyfriends ye Zao had in the past, that was just the past.”

“As long as the person standing by her side was him, it would be fine. ”

Let bygones be bygones!

“Cen Shaoqing thought that his self-adjustment ability was very good, and his ability to accept things was much better than an ordinary person. But when he thought of how many boyfriends ye Zao had in the past, his heart was still filled with jealousy, he could not wait to immediately travel to the future world and kick all those men away! ”

Ye Zao could only be his sole leader!

““I remember now, you are the 108th,”ye Zao continued to speak. ”

The 108th?

He was actually ranked 108th!

“Chapter 1737: 358: Searing Confession, I’m from 200 years later, the jealous master five! 5”

“Cen Shaoqing was about to cry, “Leader, you’re not joking with me, right?” ”

“Do you think I look like I’m joking with You?”Ye searing suddenly became serious.

“Yes!”

““I’m really not joking with you,”ye searing said extremely seriously, “I used to be such a person. Cen Shaoqing, if you regret it now, it’s still not too late!” ”

““What are you talking about! I don’t regret it! No matter what kind of person you were before, I will never regret it!”He was afraid that ye Zao would run away, as he spoke, Cen Shaoqing held her hand tightly. 108th was 108th. Even if he was not the first person ye Zao loved, he was the last person ye Zao loved. ”

“Looking at Cen Shaoqing who was so serious, ye Zao laughed softly. ”

“Cen Shaoqing’s tensed heart also relaxed at this moment. “Leader, you’re joking with me, right?” ”

““I didn’t think that a fool like you would believe it!”Ye Zao continued, “108 boyfriends! How can I have the energy to have so many boyfriends!” ”

“Then how many do you have the energy to have?”Cen Shaoqing asked.

Ye Zao extended his index finger.

“One?”Cen Shaoqing asked.

“Yes.”Ye Zhuo nodded slightly.

“Although he had gone from 108 to one, Cen Shaoqing still felt a little stifled in his heart. ”

“How does he look? Is he outstanding?”

““He’s very handsome and also very outstanding,”ye Zhuo said. ”

“Hearing this answer, Cen Shaoqing felt even more depressed. “Compared to me?” ”

“Hearing this, Ye Zhuo looked at Cen Shaoqing seriously and said, “This, it’s really hard to say...” ”

“It seemed that he was still a formidable character and had some status in ye Zhuo’s heart. Otherwise, ye Zhuo would not have said this.”

This was a little harder to accept than hearing ye Zhuo say that he had 108 boyfriends.

“Dating 108 boyfriends meant that ye Zhuo was only playing in the human world. Other than him, Ye Zhuo had never been sincere with anyone else.”

But now there was only one!

This was a big problem!

It meant that ye Zao had a deep affection for him and had never forgotten about him.

“He could not think about it carefully. The more he thought about it, the more uncomfortable he felt.”

Cen Shaoqing was about to cry.

1

“After a while, CEN Shaoqing continued, “Then is he taller than me?” ”

“Ye Zao said, “About the same height as you.” ”

About the same height?

“He was 1.9 meters tall, but that man was actually about the same height as him! ”

“How did he treat you?”

“Very well.”Ye Zhuo nodded slightly.

Very well!

Cen Shaoqing felt that his position was threatened. “Then... then do you still love him?”

No!

Definitely not.

“Cen Shaoqing looked at ye Zhuo with his Bright Eyes, afraid that he would miss ye Zhuo’s answer. ”

Ye Zhuo looked up at him. “Do you want to hear the truth or lies?”

Cen Shaoqing’s heart skipped a beat.

He had already asked this question.

It definitely meant that Cen Shaoqing still had that person in his heart.

““Leader, you don’t have to answer. I already know the answer.” ”

“Seeing Cen Shaoqing turn into a frosted eggplant, ye zhuo smiled and continued, “Aren’t you curious about his name?” ”

““There’s nothing to be curious about.”Cen Shaoqing held ye Zhuo’s hand. “Anyway, it’s already in the past. The person standing by your side now is me, and the person by your side in the future is also me. From now on, it’ll be me for the rest of my life!” ”

Cen Shaoqing was already beginning to regret asking ye Zao this question.

“But I’m still in love with him. Are you sure you won’t Mind?”Ye Zao continued to ask.

“Cen Shaoqing lowered his eyes slightly. “If I say that I really mind, will you forget him?” ”

“No.”Ye Zao shook his head slightly.

“The ink in Cen Shaoqing’s eyes surged. He reached out and grabbed the back of ye Zao’s head. Then, he bent down slightly and pressed ye Zao against the Maple Tree. He leaned over and directly sealed her red lips with his thin lips. He swallowed the rest of his words. ”

This kiss was very aggressive. It was extremely domineering.

“Five to six minutes later, he finally let go of her. ”

He was slightly panting.

“Cen Shaoqing reached out and pressed his hand against the tree trunk. He looked at ye Zao and said, “Don’t mention him in front of me in the future. Otherwise, I’ll kiss him every time you mention him.” ”

Ye Zao looked at Cen Shaoqing and suddenly thought of a word.

Overbearing CEO.

Cen Shaoqing looked like a domineering CEO now.

“After a while, ye Zao chuckled. “Mr. Cen, are you jealous?” ”

“I’m not,”Cen Shaoqing directly denied. ”

“Really?” Ye Zao raised his eyebrows slightly.

“There’s nothing to be jealous about,” Cen Shaoqing continued, “Can he kiss you like I did just now?” ”

“We used to do that too.” Ye Zhuo deliberately teased him.

“Chapter 1738: 358: tell me honestly, I’m from 200 years later, the jealous Fifth Master! 6”

“Hearing this, Cen Shaoqing almost couldn’t catch his breath, but he still tried his best to calm his emotions and pretended not to care. He continued, “Then he definitely hasn’t done it as many times as I have!” ”

“For some unknown reason, when a man met a love rival, he always wanted to compete and determine the winner. ”

Ye Zao raised his eyebrows slightly. “That may not be the case.”

Cen Shaoqing was provoked. He once again covered her lips and took a bite.

“At first, he wanted to bite her hard, but in the end, he couldn’t bear to. ”

“His thin lips covered her lips. After a while, he slowly said, “Leader, don’t mention him in front of me in the future, Okay?” ”

“... I admit that I’m a little jealous.” His voice sounded a little aggrieved.

Ye Zao chuckled and looked at him. “Just a Little?”

“A little more than a little.” The low voice sounded again, and it was a little hoarse. ”

“Ye Zao frowned slightly. She realized a detail. Every time they kissed, Cen Shaoqing’s voice would change a little. ”

He seemed to be restraining something.

“After a while, ye Zao continued, “Mr. Cen, are you a pig?” ”

Cen Shaoqing’s thin lips parted slightly. “It depends on whether you’re a sow or not.”

Ye Zao:” ...”

Why didn’t she realize before that this person was so evil.

“Leader, can you promise me?” ”

“What?” Ye Zao asked.

“CEN Shaoqing continued, “Don’t mention that person in front of me in the future. I’m afraid that I won’t be able to control myself.” ”

“For example, now. ”

“A man could not be stimulated, not to mention a man who had been pure of heart for so many years. ”

“At the moment, he only had one thought. ”

Immediately execute her on the spot!

“Do you know what his name is?” Ye Zhuo continued to ask.

Cen Shaoqing bit her. “I don’t want to know.”

“No, you want to know.” Then, Ye Zhuo whispered a name. ”

“Cen Shaoqing was stunned. Then, he said angrily, “That man actually has the same name as me!” ”

“In all aspects, his conditions were similar to his, so he tolerated it! ”

“However, Cen Shaoqing really could not tolerate the matter of having the same name. ”

Who could tolerate it but who could not tolerate it!

“Seeing his serious look, Ye Zhuo laughed even louder. ”

“Sure enough, it was not unreasonable to say that no love could make people lower their intelligence. ”

“Fortunately, she had always maintained her consciousness! ”

“It was also at this time that Cen Shaoqing finally reacted. The Sour feeling in his heart instantly disappeared without a trace. “Leader, say it again! I didn’t hear it clearly just now.” ”

“Forget it if you didn’t hear it clearly.” Ye Zao pushed his hand away and walked forward.

“Leader, you didn’t deceive me, right?” Cen Shaoqing immediately caught up with her steps. ”

“I did,”ye Zhuo said. ”

“I know I didn’t trick you.”Cen Shaoqing held her hand tightly and suddenly felt very good. “There’s a dessert house ahead. Let’s go eat dessert.”

“Okay.”Ye Zhuo nodded slightly.

“The business of this dessert house was good. As soon as they entered, they could see many young couples. ”

Cello music was playing in the air. The environment was elegant and very suitable for dating and talking about cooperation.

The two of them picked a seat and sat down.

Ye Zhuo took the order tablet from the waiter and ordered his favorite desserts. He also ordered a cup of tea and a pastry for Cen Shaoqing. “That’s all. Thank you.”

“Okay, I’ll check with you.” ”

“Okay.”

“After checking, the waiter took the tablet and walked inside. At this moment, CEN Shaoqing said slowly, “Wait a minute.” ”

“Do you need anything else?”The waiter turned around and asked.

“CEN Shaoqing continued, “I will pay for all of your customers’ expenses today.” ”

“The waiter was stunned. “Are... Are you sure?” Their dessert house was a high-end dessert house. A cup of tea was sold for around three digits. Most importantly, their customer flow was very good. If they really booked the entire place., it was not a small amount. ”

“Yes.” Cen Shaoqing nodded slightly.

“This was not a small matter. She could solve it by herself. She continued, “Then... Then I’ll get our manager to come over.” ”

Cen Shaoqing nodded slightly.

“After the waiter left, Ye Zhuo smiled at Cen Shaoqing. “Why do you suddenly want to pay for all the customers in this shop?” ”

““I’m in a good mood,” Cen Shaoqing said lightly. ”

He was in a good mood and wanted to do something.

“Soon, the waiter came over with the manager. ”

“After the manager and Cen Shaoqing confirmed this matter, they announced the good news to the customers who arrived today. ”

“In a moment, ye Zao ordered something and it was served. ”

“Looking at the steaming white tea in front of him, cen Shaoqing continued, “I want another glass of iced lemon water.” ”

““Okay, please wait a moment.” ”

“It was autumn now, and Cen Shaoqing actually wanted to drink iced lemonade. Ye Zao asked curiously, “Are You Hot?” ”

Cen Shaoqing coughed lightly. “I think I’m a little hot.”

“I also heard that your voice is a little off. Why don’t I Take Your Pulse?”

Take your pulse?

He could even take your pulse!

What if ye Zao found something?

“Thinking of this, Cen Shaoqing immediately retracted his hand. “It’s nothing. I’m just a little hot. I just need to drink some lemonade.” ”

“Just then, the waiter served ye Zao’s favorite dessert. Ye Zao had no time to care about anything else. He continued, “Alright then! If it really doesn’t work, you can look for me again.” ”

“Okay.”Cen Shaoqing nodded slightly and opened his mouth to drink the ice-cold lemonade.

“The cold liquid entered his throat. Although it suppressed the heat in his body well, it was still a bit of a temporary solution. ”

He did not know when he would truly end his days of eating vegetarian and chanting Buddha!

...

On the other side.

At the Feng family's villa.

Aunt Wu was overjoyed when she heard the news that Professor Feng had given his life for scientific research in C Nation.

"With professor Feng gone, no one would be able to threaten her in the future!"

"As long as she coaxed this old fart in her family, she would be able to inherit the Feng family's property smoothly. Thinking of this, the corners of Aunt Wu's mouth were filled with a proud smile."

"If this person was lucky, even God would help him."

"Mom, I heard that her daughter died!" Yang Ting ran in from outside, her eyes filled with excitement."

"Yes, it was reported on the news. How could it be fake?" Auntie Wu asked back."

"Yang ting smiled and said, "Then we won't have any worries anymore!"

"Who says so?" Auntie wu sighed and continued, "Tingting, in the future, we must treat that old lady twice as well! We must not let her property be taken away by others!"

"Don't worry, Mom!" Yang Ting nodded."

In the bedroom on the third floor.

"The old lady sat on the head of the bed, feeling uneasy."

It was as if something big had happened.

“It was said that mother and daughter were connected. Although the old lady had not received the news or seen the news, she could feel that something was wrong. Her heart was in a panic and it hurt a little.”

It was as if her flesh and blood were separated.

“In a moment, the old lady stood up from the bed and walked to the French window. She stopped and looked into the distance.”

“At this moment, there was a knock on the door. “Old Lady, are you inside? Someone is looking for you outside.” ”

Chapter 1739: 359: the all-powerful Miss Ye! 1

“Hearing the voices outside, the old lady came back to her senses and asked, “Who is it?” ”

““I don’t know either,” Auntie Wu continued, “He said he’s from C Nation.” ”

C Nation!

Could it be related to Feng Qi?

Yes.

It must be about Feng Qi.

“Thinking of this, the old lady immediately walked over to open the door. “Where is he? where is he?” ”

“He’s downstairs,” Auntie Wu said. ”

“I’ll go down right now.” The old lady immediately walked downstairs.

Auntie Wu followed her footsteps.

“The two of them walked downstairs and saw a tall, blond, and blue-eyed foreigner standing in the living room. ”

“Seeing the old lady, he immediately came up to her. “Hello, Old Lady! I’m Jamila, Professor Feng’s friend and colleague.” ”

It seemed that her guess was right.

This C nation man had come because of Feng Qi’s matter.

“The old lady’s expression did not change. She looked outside, but she did not see Feng Qi’s voice. She continued, “Where’s Feng Qi? where is she? Didn’t she come back with you?” ”

“Although Feng Qi had already betrayed her, as her mother, the old lady still had a glimmer of hope for Feng Qi. ”

She hoped that Feng Qi would turn back in time and come to his senses and realize his mistake.

“Looking at the silver-haired old lady in front of her, Camilla felt a little sympathetic. She hesitated for a moment and then said, “Can I have a private chat with you?” ”

“Sure.” The old lady nodded. “Come with me.”

The old lady led her people to the living room.

Auntie Wu brought tea with her sharp eyes.

“Thank you,” Gamira thanked her politely. ”

“After drinking a mouthful of water, the old lady looked at Gamira and asked, “What’s wrong with Feng Qi?” ”

“When gamira came, she had investigated the old lady’s age and physical condition. Then, she said, “No matter where you are, scientific research experiments are always risky. You should be mentally prepared.” ”

Mentally prepared?

“Hearing this, the old lady’s heart skipped a beat. ”

She knew that something must have happened to Feng Qi.

“After a moment, the old lady turned to look at Jamila. “Please tell me. No matter what the consequences are, I can bear them.” ”

“She lost her husband at a young age, was abandoned by her only daughter at an old age, and lived by looking at the nanny’s eyes. In this world, what hardships had she not experienced? ”

“Feng Qi was the only daughter of the old lady. Although the old lady said it simply, Jamila was still afraid that the old lady would not be able to take it. ”

“Old lady, actually sometimes...” ”

“The old lady laughed out loud at this time. “Say it. Just say it. There’s no need to beat around the bush. I’m already so old, what big waves have I not seen before?” ”

“”Alright!” Gamila considered the words in her heart and continued, “Old lady, Professor Feng, she was attacked and sacrificed by the XENOGENEIC when she landed on the alien planet Europa!” ”

Sacrificed...

Sacrificed.

Feng Qi was actually sacrificed.

“Although the old lady had long known that traitors would not end well, she did not expect... .. Feng Qi to sacrifice so quickly.”

“At this moment, the old lady could not put on any expression.”

Sad? Lonely? Sad...

All of these could not be seen.

“Someone once said that when a person was extremely sad, they could not even cry.”

Her tears had long run out when she was young.

“Seeing this, Gamira immediately said, “Old lady, Professor Feng sacrificed for humanity, for the Great Scientific Research Experiment! There is a saying in your country, ‘death is inevitable’. It is heavier than Mount Tai, or lighter than a feather, and it is used for different purposes! “Professor Feng’s sacrifice is heavier than Mount Tai! “You should be proud of her!” ”

Proud of her?

What a proud of her.

“Hearing this, the old lady’s eyes were full of sarcasm. She suddenly thought of a poem: ‘when you are alive, you will be a hero; when you are dead, you will be a hero. Until now, I, Xiang Yu, refused to cross Jiangdong.’ ”

“When Feng Qi was still very young, she had used this poem to educate Feng Qi. ”

Unfortunately.

Feng Qi had never listened to it.

“After a moment, the old lady raised her head and looked at Jamila. “If she had sacrificed herself for China’s scientific research, I would have been proud of her! But now! Who Did she sacrifice herself for? And where did she die?” ”

“Feng Qi had betrayed China, betrayed the CEN family base, and now, she had died in a foreign country!  
”

“Even the old lady felt ashamed. She had never done anything wrong in her life, but she had made a mistake in educating her daughter! ”

The old lady even felt that her whole life was a joke.

“Although the old lady’s words were very straightforward, Jamila was not angry. Her face was full of pain, “Old Lady, you are exaggerating. Scientific research does not differentiate between national boundaries! No matter where Professor Feng died, she is your daughter. She is your honor! She is also the honor of the people of China!” ”

Chapter 1740: 359: the all-powerful Miss Ye! 2

The Glory of C Nation?

“Feng Qi was clearly a Chinese, but now he had become the glory of C Nation. Wasn’t this a joke?”

“The old lady looked at Camilla. “Scientific research does not differentiate between national boundaries, but one must know propriety, justice, and shame!” ”

“China had nurtured Feng Qi, and fifth master Cen had given Feng Qi a chance to enter the scientific research world! ”

“It could be said that without China, without fifth master Cen, there would be no Feng Qi. ”

But what had Feng Qi done?

Jamila’s expression did not change. He had originally thought that Feng Qi’s mother was a very ordinary Chinese old lady.

He had not expected that this old lady was much different than he had imagined.

Feng Qi had defected very easily. It was obvious that this old lady was much more courageous than Feng Qi.

“In comparison, Feng Qi did not look like the old lady’s flesh and blood at all. ”

“”Old Lady, there is another saying called ‘judging the situation’. We are born with the ability to judge the situation! Professor Feng just made the right choice.” Jamila paused, then, she continued, “Professor Feng is a rare talent in the scientific research field. Her sacrifice made us all very sad! “When she was alive, she was most worried about you as a mother, so she specially left her last words, asking me to bring you to country C to retire. Although your daughter is no longer here, in the future, all of us will be your children! “We will be responsible for your retirement.” ”

This was Gamira's true goal.

"The old lady held the National Treasure of the Song dynasty in her hands. As long as she brought the old lady to Country C, it would be the same as obtaining the National Treasure of the Song dynasty."

"Camilla looked at the expression on the old lady's face and continued, "Oh right, there's also your granddaughter Feng Ying. Feng Ying misses you very much! She has asked us again and again to bring you over to live a comfortable life!" "

Feng Ying?

"If Feng Ying really had a grandmother like her in her eyes, she would not have waited until now. "

"I thank you for your good intentions."The old lady's attitude was very firm, "But I still say that no matter what, I will never leave my country! If you are here for this matter, don't waste any more time. The door is right there, please." "

"Although she was old, she was not old enough to be unreasonable. "

Wanting her to leave China!

Impossible!

"Seeing the old lady like this, Gamila was stunned again. "

This was completely different from what she had imagined.

He had thought that the old lady would definitely agree to his words.

"When one was old, one's greatest wish was to be able to be together with their children and grandchildren. Now that Feng Qi was dead, Feng Ying was the only family member of the old lady. "

But the old lady directly refused!

Could it be...

“That compared to going to country C, this old lady wanted more material subsidies?”

“Thinking of this, Gamira narrowed her eyes, then she said, “Old Lady, you’re already old, after all. It’s definitely not convenient for you to live alone in China. “After all, country C has your family. Not only Feng Ying, in the future, everyone in country C’s research institute will be your family. “Professor Feng is no longer here, and we will be filial to her together. If you insist on not coming back with us, professor Feng will also be worried over there.” ”

“The corners of the old lady’s mouth curled up slightly as she looked at Gamila. “Tell me, what is your motive? Don’t beat around the bush with an old woman like me.” ”

“Gamila was a little surprised, but she did not show it on her face at all, “Old Lady, you have misunderstood. We do not have any motive. “If there is a motive, then our only motive is to replace Professor Feng and give you good respect so that you can live a happy and happy old age. This is the motive of all of us.” ”

“Jamila’s words were extremely beautiful. If it was anyone else, they would have been deceived by these flowery words!”

They had to be filial!

They also had to spend a happy old age. One had to know that the old lady was an old woman who had lost her independence. The biggest temptation for an old woman who had lost her independence was to spend a happy old age with many children and grandchildren.

Unfortunately.

The old lady sitting across from Jamila had a clear mind and was absolutely patriotic. She had a strong sense of belonging!

“The corner of the old lady’s mouth still maintained a smile, “Don’t look at me like I’m old, but I’m not muddle-headed. Young Man, don’t be angry if I say something. “From the moment you stood there, I knew that you definitely had a motive! “But what I can’t figure out is, what is it about me, this rotten old woman, that is worth you guys putting in so much effort for?” ”
