

Almighty D 1831

“Chapter 1831: 376: one wrong step, and the whole game is lost! 1”

“Every word the assistant said turned into a sharp knife, directly cutting on Qiu Di’s face. ”

It made Qiu di feel ashamed.

What did it mean that only miss ye had the right to look up information about the trans-star case?

Where did they put her Qiu Di?

“When Ye Zao was here, it was fine if they couldn’t see her, but now that ye Zao was dead, what did they mean? ”

Could it be that Chang Yue could find a second woman who was more outstanding than her?

“Qiu Di’s brows were cold, and the anger on her face was almost overflowing. She never expected that the eight great families would be so disrespectful to her. ”

“The eight great families had a very high status in Chang Yue, and their origins were especially mysterious. ”

“Five years ago, a sudden interstellar disaster almost wiped out the eight great families. Thankfully, Ye Zao had acted in time at the most critical moment, so the eight great families were saved and the alien civilization was repelled. ”

He also signed a contract with the alien civilization to not invade Chang Yue for another hundred years.

“Therefore, the eight great families were loyal to Ye Zao. Even though ye Zao had passed away, they were still loyal to him and only listened to his orders. ”

“However, what happened in the past was in the past. Now, she was the one in charge in Chang Yue. Could it be that she was worse than a dead person? ”

“Right now, she just wanted to take a look at the information on the inter-planetary case. The eight great families had all stepped in to stop it. If it was the day of the general election, what would happen? ”

“If the eight great families did not choose her, then how could she ascend to the throne? ”

No!

No!

She had to take that position. No one could stop her.

“Thinking of this, Qiu Di clenched her fists. ”

“The assistant carefully looked at Qiu Di’s expression. He didn’t even dare to make a sound, then he said, “Young miss, don’t be angry. No matter how powerful Miss Ye is, it’s all in the past. She can’t be compared to you. You’re like the waves in the Yangtze river receding before the waves in the front. Miss Ye’s waves in the front have long been smashed to death on the beach. “Those old fellows from the eight great clans are all blind. You’re a magnanimous person, so why bother to lower yourself to their level?” ”

““Go and call Wu Han over for me,”Qiu di said. ”

““Alright, Please Wait a moment.”The assistant nodded and turned around to look for Wu Han. ”

“Wu Han stood outside, his posture straight. From the back, he looked like an emotionless sculpture.”

“Captain Wu.” The assistant walked to Wu Han’s side and cautiously asked.

“In the entire Qiu Clan, who didn’t know that Wu Han had a strange temper? Most importantly, his origin was still unknown. Although Qiu di was very strict with Wu Han, he was still someone who followed Qiu Di.”

“Qiu Di was the eldest daughter of the Qiu family, and she was also a candidate for the general election. Once Qiu di was really elected to the position of female sovereign, Wu Han’s status would rise along with the tide.”

“If they really offended Wu Han, they wouldn’t have a good ending.”

Wu Han didn’t say anything and glanced at his assistant.

“Other than Qiu Di, Wu Han rarely spoke to outsiders. His assistant wasn’t surprised that he was like this. He continued, “Captain Wu, the eldest daughter wants you to go in. She has something to tell you.”

Wu Han nodded. He put down the gun in his hand and walked in.

“When he walked in, Wu Han stood in front of Qiu di and said respectfully, “Eldest miss, what do you need?”

“Go to the eight great clans and bring the information on the trans-star case.” Qiu Di looked at Wu Han and said.

“Wu Han used to be ye Zao’s most loyal subordinate. Of course, when Ye Zao helped the eight great clans, Wu Han was also there.”

“At this moment, if Wu Han went over, the eight great clans would definitely listen to her.”

""Alright, Please Wait a moment."Wu Han bowed. "

"After saying this, Wu Han bowed and walked out. "

"Wait."

"At this moment, Qiu di suddenly called out to Wu Han. "

""Eldest miss, do you have anything else?"Wu Han stopped and turned around. "

"The eight great clans were located at the heart of the Chang Yue country. It was easy to defend but hard to attack. They needed to see a pass to enter and exit. As soon as Wu Han came over, he was recognized by the guards. "

The guards immediately went to inform the head of the clan.

"When he heard that Wu Han had come, the head of the clan was extremely excited. He personally came out to welcome him, "Mr. Ye, long time no see! Please come in!"Ever since ye Zao disappeared.., wu Han also disappeared. Now that he saw Wu Han again, the head of the clan saw hope. "

"Although he had already attended ye Zao's memorial ceremony, he still felt that ye Zao was not dead yet. Ye Zao was definitely still alive! "

A person like ye Zao would not die so easily.

"As long as Ye Zao was alive, there was hope. "

"Chang Yue could do without anyone, but it could not do without ye Zao. "

“Chapter 1832: 376: one wrong move, and the whole game will be lost! 2”

“During this period of time, the eight great clans were also working together to search for information about Ye Zhuo.”

Unfortunately.

The stone sank into the sea.

Ye Zhuo seemed to have really disappeared from this world.

Mr. Ye?

“Hearing this, Wu Han frowned. “Head clan leader, you remembered wrongly. My surname is Wu.” ”

Wu?

How could ye Han have the surname Wu!

“Hearing this, the head chief’s brows also furrowed tightly together. He smiled and said, “Team leader Ye, don’t joke around.” ”

Joke around.

Ye Han was definitely joking around.

“Wu Han said expressionlessly, “Head chief, I’m not joking around with you. My surname is Wu. My name is Wu Han. You’ve remembered wrongly.” ”

“Seeing that ye Han did not seem to be joking around, the head chief was stunned. He even wondered if he had remembered wrongly. ”

No!

Impossible!

He did not remember wrongly.

“The head chief looked at Wu Han, his eyes filled with a complicated expression. ”

The person in front of him was clearly ye Han.

When did he become Wu Han?

Or did he recognize the wrong person?

“”No, that’s not right! I did not remember wrongly, nor did I recognize wrongly! You are team leader Ye Han!”The head chief looked at Wu Han and continued, “Team leader Ye, could it be that you have forgotten Miss Ye?” ”

“”The deceased has passed away.”Wu Han said coldly, “Head clan leader, don’t mention this person again in the future.” ”

The deceased has passed away?

Don’t mention this person again in the future?

The head clan leader looked at Ye Han in disbelief.

“Ye Han was extremely loyal to ye Zao, so how could he say such cold and heartless words. ”

No.

This was not ye Han.

The Wu Han he knew was definitely not this kind of person!

“Ye Han’s life was given to him by Ye Zao. He could risk his life for ye Zao, but he definitely would not be like this! ”

The head chief took a few steps back.

“Wu Han looked at the head chief, then he said, “Head chief, I can understand your feelings. “But the dead have passed away, and the living are like this. As people, we must learn to look forward. The old will always be replaced by the new. “To be immersed in the past is not responsible for yourself, and it is also not responsible for the dead.” ”

““Wu Han, right?”The head chief made a ‘please’gesture, “Please leave immediately, I don’t Welcome You Here!” ”

“Perhaps he really made a mistake. The person in front of him just happened to look like Ye Han, he was not ye Han at all! ”

“Even if the whole world would betray ye Zhuo, Ye Han would not. ”

“Therefore, this person could not be ye Han at all. ”

“Wu Han stood there without moving and continued, “Head chief, I came here this time to retrieve the star-crossing case for Miss Qiu. Please immediately take out the information on the star-crossing case.” ”

Information on the star-crossing case?

Miss Qiu?

Could it be that this Wu Han was someone by Qiu Di's side?

"The head chief continued, "You Mean Miss Qiu is Qiu Di?" "

""Yes." Wu Han nodded, a cold light flashed in his eyes, "Head Chief, Please Watch Your Words and actions. Miss Qiu's name is not something you can address casually!" "

"The head chief looked at Wu Han like this, the expression in his eyes was unclear. After a while, the head chief continued, "What right does Qiu di have for me to address her as Miss Qiu?" "

"When Ye Zhuo was still in the state of changyue, Qiu di had often used the name of Xiao Ye Zhuo to appear in public. Hence, the head chief and the others did not have a good impression of Qiu Di. "

"Wu Han narrowed his eyes. In the next second, he teleported to the side of the head chief. The sharp emei thorn was pressed against the head chief's throat as if it could pierce through his throat at any time. "

"The leader held his breath and looked at the emei thorn pressed against his throat. The shock in his eyes turned to disbelief, and finally, pain. "

"That's right, it was pain. "

He didn't expect this person before him to really be ye Han.

It was ye Han.

This person was ye Han.

“In Chang Yue, other than ye Han, there was no one else who knew how to use the Emei Thorn.”

“The Emei Thorn was one of China’s traditional weapons, and it was Wu Han’s personal weapon. Chang Yue’s space civilization had long passed level 3, so no one else knew how to use such an ancient weapon.”

“Therefore, in Chang Yue, the only person who could use the emei thorn was ye Han.”

The leader couldn’t understand why ye Han would betray him!

“Ye Han followed ye Zao to the edge of a mountain and into the Sea of fire. Ye Zao had almost lost his life because he saved ye Han. Even though the two of them were not blood siblings, the relationship between them had long surpassed that of normal siblings.”

“Even if the universe was destroyed and the entire human race betrayed ye Zao, Ye Han would never betray ye Zao.”

What on Earth happened!

What on Earth was going on?

“Chapter 1833: 376: one wrong step, and the whole game is lost! 3”

“”You still say you’re not ye Han!”The chief continued, “If you’re not ye Han, then what’s with this Emei Thorn?” ”

Emei Thorn?

Wu Han was stunned.

“So, the weapon in his hand was called the Emei Thorn? ”

He had never known it was called the EMEI Thorn.

He thought it was just an ordinary weapon.

“It’s called the Emei Thorn?”Wu Han asked?

“Yes.”The head chief nodded. “This is a birthday gift from Miss Ye. Your ancient martial arts were also taught by Miss Ye. Have you forgotten about it?”

“Hearing this, Wu Han frowned tightly. ”

“In his memory, there was no one else other than the autumn flute. ”

“Moreover, his ancient martial arts were clearly taught by the autumn flute sect. ”

“But the head chief said that the EMEI Thorn was given to him by Ye Zhuo, and his ancient martial arts were also from the Ye Zhuo sect. ”

What did the head chief mean by saying this?

“The head chief looked at Wu Han with eyes filled with confusion, then he said, “Group Leader Ye, I believe that with your character, you will definitely not betray Miss Ye! Tell me, what exactly is going on? You tell us the matter, and we will help you solve it. Otherwise, not only will we not be able to solve the problem, we might even hurt our own people.” ”

Team Leader Ye.

Hearing this address again.

“Wu Han narrowed his eyes. He seemed to have thought of something, but he also seemed to have not thought of anything. This kind of feeling was very strange. ”

He was clearly Wu Han.

Why did the great clan leader say that he was ye Han?

Who Was Ye Han?

Did he know ye Han?

“When the name Ye Han was mentioned, he felt as if he had lost something important. It was even difficult for him to breathe. ”

Why did he have such a feeling?

What was the reason for all this?

“The more Wu Han thought about it, the more his head hurt. It was as if something was about to rush out of his body, but it could not rush out. ”

It was as if he was restrained by something!

“Looking at Ye Han’s appearance, it was clear that he had betrayed ye Zao. ”

“Just as Wu Han was slightly dazed, a faint light flashed in the eyes of the head patriarch. He quickly pushed Wu Han away and used the laser gun to point at his head. ”

““Ye Han, Miss Ye hates people who betray her the most. Today, I’ll help Miss Ye clean up the house!” ”

“As soon as he finished speaking, the head chief directly pulled the trigger. ”

The head chief really had the intention to kill.

“At the most critical moment, Wu Han clicked on the chip that was bound to his body. ”

Beep.

A transparent screen immediately appeared in the air.

The laser beam was blocked outside by the transparent screen.

The head chief’s pupils became bigger and bigger.

Because a word appeared on the screen.

Ye.

This was ye Zhuo’s exclusive system.

Seeing this ‘Ye’ word was equivalent to seeing ye Zhuo himself.

Bang.

“The eldest patriarch directly knelt on the ground, his face somewhat pale. ”

“Wu Han just looked at the eldest patriarch kneeling on the ground, his face didn’t have any special expression, he said very indifferently, “Miss Qiu is the successor that Miss Ye personally acknowledged. Head patriarch, I can understand your loyalty to miss ye, but the dead have passed away, and those who know the circumstances are wise. I advise you not to do anything else!” ”

Qiu Di?

Qiu Di had no management ability at all. She only had a bag of skin and was ambitious. How could ye Zhuo let her be the successor?

“Even if he used his toes to think about it, he would know that it was impossible! ”

It was simply impossible!

“The head chief knelt on the ground, unable to understand what was going on. ”

Why did ye Han suddenly treat ye Zhuo like a stranger?

“After a moment, the head chief looked at Wu Han and immediately opened his mouth, “Leader Ye, do you still remember that matter where you risked your life with Miss Ye? Do you still remember that three years ago, when the insect race suddenly attacked, it was you and Miss ye who joined hands to protect the eight great clans and the Chang Yue Kingdom?” ”

No.

“Wu Han didn’t remember anything. Not only did he not remember, when the great clan leader said these words, Wu Han didn’t feel anything at all. ”

It was as if he was an outsider from the beginning to the end.

That wasn't right.

He was an outsider himself.

"Thinking of this, Wu Han shook his head, allowing his thoughts to become clear. He absolutely couldn't be led by the nose by the great clan leader. "

"The eight great clans had never liked autumn flute. Now that they were acting like this, they were only trying to sow discord and cause a misunderstanding between him and autumn flute. "

Wu Han curled his lips.

The great clan leader and the others thought too simply. He would never betray autumn flute for the favor that autumn flute had given him.

"Wu Han continued, "Great clan leader, I don't know what you are trying to say. I'll repeat it again. My surname is Wu, not Ye." "

"Do you know how ye Han got his name?"The chief asked.

"Chapter 1834: 376: one wrong step, and the whole game will be lost! 4"

"After saying this, without waiting for Wu Han to reply, the head chief continued, "This name was personally given to you by Miss Ye. Back then, Miss Ye was sixteen years old, and you were fourteen years old. When Miss Ye picked you up, you were already unconscious. It was Miss Ye who saved you with the remaining spiritual herbs! Because it was the coldest season in Changyue at that time, Miss Ye gave you the name Ye Han. From then on, Miss ye treated you as if you were her own brother. You were like brother and sister. Team Leader Ye, could it be that you don't remember all of this? Team Leader Ye, think about it carefully. You will definitely remember!" "

"I've said it before. My surname is Wu. My name is Wu Han."Wu Han tightly knitted his brows. "I'm not familiar with Miss Ye at all!"

"The head chief looked at Wu Han and narrowed his eyes. "Team leader Ye, you can't be heartless. If it wasn't for Miss Ye back then, there wouldn't be the current you!" "

"After saying that, the head chief continued, "Team Leader Ye, have you forgotten what you said before? You said that everything you have belongs to Miss Ye, including your life!" "

""Shangguan Jue, what exactly are you trying to say?"Wu Han squatted down and looked at the head chief. "Do you really think that I would betray Miss Qiu just by saying a few words?" "

No.

He would never betray Qiu Di.

"Even if Qiu Di wanted his life, he would give it to her unconditionally. "

""Team leader Ye, Wake Up! Are you letting miss ye down by doing this?"The chief looked at Wu Han with a pained expression in his eyes. "

He felt that ye Zao was not worth it.

"Ye Zao had done so much for Wu Han, but in the end? "

"In the end, he ended up like this. "

"That Strange headache came again. Wu Han pinched his temples, his expression somewhat pained. He endured the pain and just looked at the head chief, he said very seriously, "I only know that if it weren't for Miss Qiu, I wouldn't be the person I am now!" "

It was Qiu di who had saved him on his last breath.

The first person he saw when he opened his eyes was Qiu Di.

“Not only that, there was also a vague memory in his mind. ”

“That was the scene where Qiu di saved him during the cold winter. However, the great chief was now in a state of confusion, saying that the person who saved him during the cold winter was ye Zhuo. ”

How could it be ye Zhuo!

Could it be that his memory could be wrong?

It couldn't be.

The great chief's words were to confuse him and make him betray Qiu Di.

““Team leader Ye, Wake Up! Everything I said is true!”The chief said. ”

““You should wake up.”Wu Han looked at the chief, then he said, “Shangguan Jue, only Miss Qiu is the real master of the eight big families. Get Someone to bring the files of the inter-star case. Otherwise, don't blame me for being rude to you!” ”

Wu Han narrowed his eyes at the end of his sentence.

““Ye Han, Miss Ye once risked her life to save you. Don't you feel anything at all?” ”

“Wu Han's head hurt even more. There seemed to be a strong qi current jumping around in his body. Wu Han pressed his temples and continued, “Apart from you, who else can verify the truth of what you said?” ”

"If he was really saved by Ye Zao, and his skills were taught by Ye Zao, then there shouldn't be no movement at all. "

"This..."the head chief was stunned.

Because he didn't know who else knew.

"It was because ye Zao was a low-profile person and didn't like to show off. Usually, he was like a dragon that disappeared without a trace, so very few people had seen Wu Han. It was also like this, which led to Wu Han being by autumn flute's side for so long, but no one noticed anything unusual. "

""Other than me, there are people from the other seven great clans who can testify,"the great patriarch continued, "Leader Ye, you have to believe me!" "

"Cut the crap. Go get the information on the star-crossing case."Wu Han took out the emei thorn that he had put away and placed it on the Great Patriarch's neck.

"In desperation, the great patriarch had no choice but to get people to get the information on the star-crossing case. "

"However, this matter was not over yet. He would definitely ask someone to investigate it. "

Why did ye Han suddenly become like this.

Were Wu Han and ye Han the same person?

On the other side.

"When autumn town learned of the actions of the eight families, he was very worried. He immediately flew to autumn flute's side. "

“When he learned that autumn flute had arranged for Wu Han to go to the eight families, autumn town was very worried. “Flute, what if ye Han remembers something?” ”

“”Father.”Qiu di blew on his carefully trimmed fingernails and smiled. “His surname is Wu, and his name is Wu Han.” ”

As for Ye Han.

There was no such person in the universe.

“Seeing Qiu di like this, Qiu Changzhen heaved a sigh of relief. “Looks like my son has a plan already?” ”

Chapter 1835: 376: one wrong step and the whole game will be lost! 5

“Qiu Di raised his head slightly and continued, “Father, Do You Trust Me?” ”

“I do.”Qiu Changzhen nodded.

“He only had one daughter. If he didn’t trust Qiu Di, who else could he trust?” ”

“Moreover, Qiu Di was indeed very outstanding. ”

Qiu Di made him believe.

It was just that he was a little worried.

“After all, the relationship between the eight great clans, Ye Zhuo and ye Han, was not shallow. ”

“If anything went wrong at this moment, then one wrong step would result in a complete loss! ”

“Autumn flute continued, “Since you believe in me, then don’t ask too much.” ”

“If ye Han could remember anything, he would have remembered long ago, so why wait until now? ”

So what if the eight great clans saw something?

“The eight great clans were so powerful, but didn’t Ye Zhuo still die? ”

“Autumn town scratched his head. “Di’er, I keep feeling that what you’re doing is too risky. Why Don’t you quickly call Ye and Wu Han Back? You Can’t be too careful!” ”

““Father, you’ve been so careful for so many years. What did you get in the end?”Autumn town turned to look at autumn town. ”

Autumn town had been careful all his life. He didn’t dare to do this or that. He was afraid that he would accidentally do something wrong and expose himself.

And in the end?

“Not only did he fail, but he was even surpassed by a little girl named Ye Zao. ”

What was ye Zao?

“If it were not for her hesitation back then, ye Zao would have been her servant. ”

“Even now, Qiu Di was very regretful. ”

She regretted why she did not keep ye Zao back then.

But what happened in the past was already in the past.

“Even if she regretted it, there was nothing she could do. ”

“She could only watch helplessly as ye Zao became more and more outstanding, and in the end, his name shook the world. ”

“If it wasn’t for ye Zao, how could she be like this now? ”

“Thinking of this, a sinister light flashed in Qiu Di’s eyes. ”

“Hearing this, Qiu Changzhen was directly stunned. He opened his mouth but didn’t say anything. ”

Because what Qiu di said was very right.

“His whole life was because he had taken care of too many things, which was why he couldn’t accomplish anything. ”

The words that filled Qiu Changzhen’s heart turned into a sigh.

This was all he had in his life. What happened next would depend on Qiu Di.

“Fortunately, Qiu Di was different from him. ”

“Qiu di continued, “Father, don’t worry. I will definitely not let you down.” ”

“Qiu Changzhen nodded. He could not help but ask, “Are there really no problems with the eight great clans?” ”

““You don’t trust me, so why don’t you trust the Witch Doctor?”Qiu Di asked. ”

Witch Doctor!

“Hearing this, Qiu Chang Zhen’s eyes widened in disbelief. “You, you mean, the Witch Doctor has made a move!”The Witch Doctor was the most powerful evil doctor in changyue country besides Ye Zhuo! ”

“However, ever since he failed to compete with Ye Zhuo three years ago, he began to live a secluded life and disappeared without a trace. Qiu Chang Zhen never thought that the witch doctor would be involved in Ye Han’s matter! ”

“However, thinking about it, it was understandable. In changyue, the Witch Doctor’s biggest competitor was ye Zhuo. ”

“With Ye Zhuo’s death, he had nothing to worry about! ”

““Yes.” Autumn flute nodded. “So, father, there’s no need for you to worry about something that you didn’t do.” ”

“Hearing this, autumn town heaved a sigh of relief. ”

““Di’er, then I’ll wait for Your Good News.”Autumn town smiled and looked at autumn flute. ”

Autumn Flute’s lips curled up.

“Autumn town continued, “Right, have you checked on that low-class person?” ”

“The low-class person was naturally ye Zhuo, who was on Earth. ”

Autumn flute maintained his smile. "I've already checked. There's nothing to be afraid of."

"Alright." Autumn town stood up from his chair. "Di'er, I'll be leaving first." "

"I'll send you off." Autumn flute followed autumn town's footsteps and sent autumn town to the door.

"When he reached the door, Qiu Changzhen looked like he wanted to say something but hesitated. "

"Seeing him like this, Qiu di said, "If you want to say something, just say it." "

"Qiu Changzhen nodded and continued, "If you have time, go back and see your mother. It hasn't been easy for her all these years." "

"Is she my mother?" Qiu Di looked at Qiu Changzhen.

Qiu Di's mother was her stepmother.

"Back then, when her stepmother came to the Qiu family, Qiu Di was only nine years old. "

How could a nine-year-old child accept his father's second wife so easily?

She always felt that this new mother was here to snatch her father away from her.

"Sure enough, in the second year of their marriage, the new mother became pregnant with a second child. "

"However, very soon, the stepmother miscarried and could never get pregnant. Therefore, over the years, the stepmother and father did not have children. "

“Therefore, her stepmother treated Qiu di as her own flesh and blood. ”

“Unfortunately, she was not her own flesh and blood. After all, she was not her own flesh and blood. Qiu Di could not treat her stepmother as her own mother. She felt that her stepmother was just pretending and ignored her concern. After she became an adult, she immediately moved out of the Qiu family. ”

“Up until now, Qiu di still could not face her stepmother. ”

“Qiu Changzhen Sighed and did not continue this topic. “Di’er, just send her here. You should go back quickly.” ”

Qiu Di turned around and left.

“Looking at Qiu Di’s back as she turned around and left, Qiu Changzhen sighed. Qiu Di was still unwilling to accept Zhuang ru. What should he do? ”

““Officer Qiu.”At this moment, the assistant’s voice sounded beside him. Qiu Changzhen finally reacted and turned around to board the aircraft. ”

The aircraft soon disappeared into the air.

“Not long after Qiu Changzhen left, Wu Han returned. “Miss, this is the information on the transstellar case you requested.” ”

“Qiu Di reached out to receive the information and continued, “Did Shangguan Jue say anything to you?” ”

“Chapter 1836: 376: average, 31st in the world”

Wu Han had unreserved trust in the autumn flute.

“Because in his memory, it was the autumn flute that made him.”

Everything he had originated from the autumn flute.

“Thus, Wu Han turned on the portable system and played the things he encountered with the chief to the autumn flute.”

The portable system was created by Ye Zhuo.

It was omnipotent.

It could record everything at any time and place. It also had the most advanced attack and defense systems.

Unfortunately.

“Ye Zhuo had set the permissions on the portable system. Other than ye Han himself, no one could operate the portable system.”

“Otherwise, Qiu di would have taken the portable system for herself.”

“Now, although Qiu di could not use the portable system for the time being, her team had been looking for a way to crack it.”

“Unfortunately, until now, the team had not come up with anything.”

Qiu Di stood in front of the big screen with her eyes slightly narrowed.

“Shangguan Jue, this old Fox, had indeed recognized ye Han at a glance.”

“Fortunately, she had been prepared. Otherwise, the consequences would be unimaginable.”

“After watching a video, Qiu di turned to Wu Han and asked, “Do you think what Shangguan Jue said is true?” ”

“Of course not!” Wu Han slightly bent his knees and knelt on the ground, “Miss, without you, there would be no me. No matter what, I will never betray you. As long as you say it, I will do anything, no matter if it’s a mountain of knives or a sea of Fire!” ”

“Is that so?” Qiu Di asked.

“Yes.” Wu Han’s eyes were very firm.

“Alright.” Qiu Di nodded. He looked into Wu Han’s eyes and slowly said, “What if I say that I want your life?” ”

This sentence did not have the slightest intention of joking.

“Wu Han did not hesitate at all. He took out a gun from his waist and said, “Since the eldest miss wants it, then Wu Han will return your life to you now.” ”

“After saying that, Wu Han pulled the trigger. The entire process did not have the slightest bit of sloppiness. Facing death, Wu Han did not have the slightest fear. He was indifferent like a tool man.”

He was not afraid of life and death.

PA —

“At this moment, Qiu di raised his hand slightly. A laser beam shot out from the precision instrument and shot down the gun in Wu Han’s hand.”

Bang!

“The laser beam shot onto the wall not far away, directly piercing through the wall.”

“If Qiu Di had not made a move, the thing that would have been pierced through would have been Wu Han’s head.”

Wu Han was also slightly stunned.

He had not expected Qiu di to suddenly save him. He had thought that Qiu di would really take his life.

“Wu Han bent down. “Thank you, Young Lady.” ”

““Get up.” Qiu di clapped his hands and continued, “The thing I hate the most is betrayal. If one day I find out that you have betrayed me, then this wall will be your end.” ”

“When Qiu di said this, she raised her chin slightly, her tone clear and shallow.”

“At this moment, Wu Han actually saw another person’s figure on Qiu Di.”

“They overlapped, but they didn’t look like a person.”

“The person’s back was facing her, and the room was dark. A beam of light shone through the open door.”

““Since you’ve decided to follow me, the thing I hate the most is betrayal. If one day I find out that you betrayed me...” ”

“At this point, she paused, raised the gun in her left hand, and directly pierced through the vase on the cabinet. ”

“The vase had clearly been pierced through, but the body of the vase did not shatter. It could be seen how skilled the person holding the gun was with his marksmanship. ”

It was somewhat terrifying.

“After a moment, the person’s back was facing him, and he slowly said, “This vase is your end.” ”

The Vase is your fate.

The wall is your fate.

Why do these two sentences sound so familiar?

Who is this person who suddenly appeared in his memory?

Why Can’t he see her face clearly?

“Facing the shattered memory that suddenly appeared in his mind, Wu Han was absent-minded for a moment. ”

His head hurt.

It felt like it was exploding.

“He tried his best to recall, but he couldn’t remember anything. ”

This kind of feeling was a little uncomfortable.

It made Wu Han recall the situation at the head chief's side.

What exactly was going on?

"Seeing that Wu Han didn't react for a long time, Qiu di frowned slightly and said in a slightly cold voice, "Wu Han!" "

"Hearing this, Wu Han shuddered and immediately reacted, "Yes! Young Miss!" "

"Looking at Qiu di again, Wu Han felt that the person in his memory was a little like Qiu Di. "

"Whether it was his marksmanship, his tone of voice, or his posture. "

"Most importantly, no one had said this to him except the flute. "

"Chapter 1837: 376: average, number three and two in the world"

"Therefore, this person was definitely Qiu Di. "

"Thinking of this, Wu Han dispelled the doubts in his heart and continued, "Eldest miss, please rest assured that Wu Han will never betray you, no matter when or where! If he disobeys, Wu Han is willing to accept any punishment." "

Qiu Di was very satisfied with Wu Han's performance. So what if ye Zhuo and ye Han had a deep sibling relationship in the past?

Didn't Wu Han obediently serve her now and become her lapdog?

HMPH.

Ye Zhuo wanted to fight with her.

He was still too inexperienced.

"Qiu Di curled the corners of her lips and continued, "Where's the information on the star-crossing case?" "

"Here." Wu Han handed over the information on the star-crossing case with both hands.

Qiu Di reached out and took it.

"The information on the star-crossing case was an extremely important piece of information in changyue. It recorded the history of Changyue's development and all sorts of important secrets. It was like the lifeline of changyue. If Qiu Di wanted to successfully sit in that position., she had to completely grasp the information on the star-crossing case! "

"Before this, the information on the star-crossing case had been kept by ye Zao. Ever since ye Zao left, the star-crossing case had been kept by the eight great clans. "

"Now that she finally had the information on the star-crossing case in her hands, Qiu Di curled her lips in satisfaction. "

"She had thought that the eight great clans were very powerful, but it turned out that they were only so-so. "

""Alright, you can go out first." Qiu Di looked at Wu Han and said. "

“Yes.” Wu Han slightly bent his back and turned to leave.

The sky outside had changed at some point.

Dark clouds were forming.

The hurricane carried corrosive acid rain.

“Wu Han stood outside the house without a frown. He had no regrets in the wind and rain, and he looked like a sculpture that did not feel pain.”

The passers-by were all discussing and commenting.

It was because Wu Han’s performance was too strange.

“He was obviously full of talent, but he was willing to lower his status and become autumn flute’s bodyguard. Most importantly, it was still raining acid outside, and Wu Han was just standing there.”

“Not to mention that Wu Han was a talented person, even a normal bodyguard would find it hard to accept such a thing!”

“However, Wu Han did not complain at all.”

“Captain Wu.” Qian Xun walked over and held up an umbrella above Wu Han’s head.

““I don’t need it,” Wu Han said.”

“Qian Xun’s expression did not change. She only smiled and said, “Captain Wu, if you don’t want to think about yourself, you should also think about the eldest miss. The eldest miss’s safety will be in your hands. If anything happens to you, what will happen to the eldest miss?” ”

“Wu Han’s expression changed when he heard this. He fixed the umbrella and said to Qian Xun expressionlessly, “Thank you.” ”

“Although it was just a simple word, Qian Xun was stunned. ”

This was the first time she had heard Wu Han say thank you.

““You’re welcome,”Qian Xun said. ”

“After saying this, Qian Xun turned around and left. ”

““Qian Xun, over here.”A young woman immediately waved at Qian Xun. ”

Qian Xun jogged over.

““Xiao Zhao,”Qian Xun said. ”

Yu Zhao glanced at Wu Han. “Why are you talking to him?”

“Qian xun smiled and said, “Xiao Zhao, you seem to have a lot of opinions about Captain Wu.” ”

“Every time Yu Zhao saw Wu Han, he would always act like he did not care. The disgust in his eyes could not be hidden. ”

““I simply don’t like him,”Yu Zhao said. ”

“Qian Xun nodded and said with a smile, “But there is no love without a reason in this world, nor is there hatred without a reason. is Captain Wu your ex-boyfriend?” ”

“What are you talking about!” Yu Zhao rolled his eyes at Qian Xun. “Why don’t you just disgust me to Death?” How could she have a traitor ex-boyfriend like Wu Han!

“Qian xun smiled and said, “It was just a joke. Don’t overreact. By the way, why do you hate Captain Wu so much?” ”

“”Because Miss Ye is my savior,” Yu Zhao said. ”

“Qian Xun asked in confusion, “What does this have to do with Miss Ye?” ”

“”Captain Wu looks a lot like ye Han,” Yu Zhao continued. ”

“Really?” Qian Xun was very surprised.

“Qian Xun had never seen ye Han in person, but she had heard of Ye Han. ”

Ye Han was the only relative of ye Zhuo in this world.

Yu Zhao nodded.

“A lot of times, she even thought that Wu Han was ye Han. ”

Because they were too alike!

Ye Zao saved her.

“She could not stand the people who once called ye Zao Brother and sister. In just a few short months, she had thrown ye Zao to the back of her mind, and in the blink of an eye, she was working for someone else! ”

“Most importantly, Qiu di did not treat ye Han as a human! ”

“In Qiu Di’s eyes, Ye Han was not even as good as a dog. ”

But Ye Han had no regrets.

Wasn’t he being cheap?

“Thousand Kaoru continued: “Maybe it just looks like it? Xiao Zhao, don’t think so much.”

“Chapter 1838: 376: average, number three in the world”

““Whether he looks like him or not, I just don’t like him!”Yu Zhao said. ”

Chiaki comforted Yu Zhao in a low voice.

On the other side.

“After Wu Han left the office, Autumn Flute opened the file on the trans-star case. ”

“But in the next second, the smile on autumn flute’s face froze. ”

Because she actually couldn’t open the file on the trans-star case.

It was as if the information on the star-crossing case was glued together by some glue.

But there was clearly nothing on the information.

What was going on?

“Since there was no glue, why couldn’t she open it? ”

Could it be that she didn’t have enough strength?

“Qiu Di increased the strength in her hands, but the cover of the star-crossing case still didn’t move. ”

Qiu Di’s brows furrowed tighter and tighter.

The star crossing case information was fake?

Wu Han actually dared to use fake information to deceive her!

He was really too daring!

“Or could it be that Wu Han had already discovered something, so he used the fake information to test her? ”

“Qiu Di held the Communicator and was about to call Wu Han over to question him. After thinking for a few seconds, she seemed to have thought of something. She took the star crossing case information and went to the detector. She placed the star crossing case information into the detector and closed the door. ”

“A few seconds later, a crisp sound was heard in the air. ”

Di —

“According to the detector, there was nothing wrong with the information of the star crossing case. ”

The information of the star crossing case was real.

“Since the information was real, why couldn’t she open it? ”

“Qiu Di frowned, took out the communicator and started to contact Qiu Chang Town. ”

“Although Qiu Chang Town was a little timid, the older the wiser. Qiu Chang town had been in Chang Yue country for so many years, so she definitely knew the secret of the information of the star crossing case! ”

“No matter what, she had to open the information on the star-crossing case. ”

“On the other side, at the headquarters of the eight families. ”

“After learning that the information on the star-crossing case had been taken away by Qiu Di, the other seven patriarchs were very worried. ”

“After all, the information on the star-crossing case was not an ordinary item. ”

“If the contents were seen by Qiu Di, the consequences would be unimaginable. ”

“The three patriarchs stood up from their chairs, “What should we do now? Why don’t we work together to get it back? We can’t just watch Qiu di take away the information on the star-crossing case.” ”

“As soon as these words were said, everyone started to discuss animatedly. The expressions on their faces didn’t look too good. ”

“No matter which one of the father and daughter of Qiu Di and Qiu Chang Zhen ascended the throne, it wasn’t a good thing for the eight great clans. ”

“Once the Chang Yue country was ruled by the Qiu clan, it wouldn’t be far from destruction! ”

“Three hundred years ago, a top seer once predicted that the Chang Yue country would either survive in the world or be destroyed by the hands of the person with the surname ‘Qiu’. ”

“Because of this, the eight great clans had always avoided the people with the Qiu surname. ”

“Fortunately, the Qiu clan didn’t make any big movements these few years. ”

“Until after ye Zao’s accident, Qiu Di appeared. ”

““Everyone, don’t be anxious.”The great clan leader raised his hand and slowly said, “Although the information of the star crossing case was taken away by Qiu Di, whether she can open the information of the star crossing case is another matter. “If the information on the star-crossing case is really seen by autumn flute, this means that autumn flute really has a phoenix life. We can only accept our fate.” ”

“Hearing these words, the other seven clan leaders became even more unsettled. “Great clan leader, what do you mean by this? What do you mean that autumn flute has a phoenix life? What kind of Phoenix life is autumn flute?” ”

““Great clan leader, have you forgotten the prophecy from 300 years ago?” ”

““No matter what, we can’t let Qiu Di succeed!” ”

““As the head chief, how can you say such irresponsible words!” ”

“The head chief stood up and raised his hand. “Everyone, calm down. Please listen to me.” ”

“The seven clan heads looked at each other. They all saw a puzzled look in each other’s eyes. In the end, they all quieted down and looked at the head chief. ”

“The head clan leader continued, “When Miss Ye was still around, she had set up permissions on the data of the star-crossing case. If you don’t have the password, those who are not Phoenix orders will not be able to open the data of the star-crossing case. So, everyone, you don’t have to worry about autumn flute opening the data of the star-crossing case.” ”

“But what if autumn flute cracked the password?”The Five clan leaders asked.

“Hearing this, the other clan leaders immediately nodded in agreement. “How can you be so sure that Qiu di won’t be able to break the password?” ”

“The head clan leader maintained his smile and asked in return, “Do you think that just based on Qiu Di’s ability, she can break the password that Miss Ye personally set?” ”

“With that, the head clan leader continued, “If Qiu Di can break the password, then Miss Ye is no longer Miss Ye!” ”

Who Was Ye Zhuo?

She was the only strange woman in Changyue for two thousand years.

“Chapter 1839: 376: average, 34th in the world”

Who In Chang Yue didn’t know Miss Ye?

As for the autumn flute.

“In the Great Elder’s view, she couldn’t even compare to a single strand of ye Zhuo’s hair. ”

“Hearing this, the other clan leaders all nodded. ”

“Hearing this, what the great clan leader said actually made a lot of sense. ”

“Since this authority was personally set by Ye Zhuo, other than ye Zhuo himself, no one else could open it. ”

“”What if...”the eight clan leaders hesitated for a moment before continuing, “What if the autumn flute is the Phoenix Life?” ”

The person with the Phoenix Life didn’t need the authority to be able to open the information of the inter-star table.

“As soon as these words were said, the surroundings burst into laughter. ”

Phoenix Life?

Autumn flute?

“”If the autumn flute was the phoenix life, the Qiu clan wouldn’t be in this state now.”The three clan leaders said. ”

“In the Chang Yue country, there was only one person who had the phoenix life. ”

And that was ye Zhuo.

“Although ye Zhuo had gone, in the hearts of the clan leaders, Ye Zhuo had always been there! ”

She had only temporarily disappeared.

“One day, Ye Zhuo would return. ”

“With that said, the eight clan leaders felt at ease. ”

“Great clan leader, since there are no problems with the information on the trans-star case, then why did you summon all of us here? Is there something important you want to say?”The Four clan leaders asked. ”

“The great clan leader stroked his beard and continued, “The thing is, Ye Han beside Miss Ye... seems to have betrayed us!” ”

Ye Han betrayed them?

Impossible!

“The second clan leader was the first to stand up, “Even if all of us betrayed Miss Ye, group leader Ye wouldn’t betray her! Great clan leader, you must be mistaken!” ”

Who Was Ye Han?

“He had followed ye Zhuo since he was fourteen years old, and he respected ye Zhuo even more than his own sister. Most importantly, Ye Han’s life was given to him by Ye Zhuo. He had followed ye Zhuo through life and death several times. Such a person., how could he betray ye Zhuo? ”

Impossible!

This was absolutely impossible.

“The third clan leader and the fourth clan leader also stood up, “Great clan leader, don’t joke around. How could ye Han betray Miss Ye!” ”

The seven clan leaders and eight clan leaders also felt that ye Han would not betray ye Zhuo.

“The fifth clan leader was calm. He raised his head to look at the first clan leader, “First clan leader, do you know something?” ”

“The first clan leader nodded, “Ye Han personally came to retrieve the transstellar table. Moreover, he changed his surname. His surname is now Wu, and his name is Wu Han.” ”

“The fifth clan leader frowned slightly, “Wu Han? Did you mistake him for someone else?”Even though he did not get along with Ye Han much, he knew that ye Han was not the kind of person who would easily betray, let alone change his name. ”

Ye Han didn't need to do this at all.

“It was one thing to say that ye Zhuo and ye Han were very harsh, which was why ye Han had the intention to betray them. ”

But Ye Zhuo treated ye Han very well.

Ye Han had no reason to do this at all.

“The first clan leader sighed. “I also hope that I got the wrong person, but the truth is the truth.” ”

“As he finished speaking, the first clan leader opened the surveillance footage from yesterday. ”

“On the big screen, who else could it be but ye Han? ”

“Not only his appearance, even his expression and actions were the same. ”

“This is too similar!”

“Perhaps it’s just his appearance. Leader ye is extremely loyal to Miss Ye. I believe that he would never betray Miss Ye.”

“I also feel that this isn’t Ye Han.”

“”Head chief, you must be mistaken. He said himself that his surname is Wu and not ye.” ”

“”There are nearly two billion people in Changyue. It’s not strange for someone to look like Ye Han, right? Head Chief, you can’t think that Wu Han is team leader Ye Han just because he looks the same.” ”

“There was no special expression on the head chief’s face. “Everyone, Keep Reading.” ”

“At this moment, Ye Han suddenly took out the Emei Thorn. ”

“Seeing this scene, everyone’s expression changed. ”

Emei Spike.

This was Ye Han’s exclusive weapon.

“In the Chang Yue country, besides Ye Han, the only person who could use the Emei spike was Ye Han. ”

Could it be.

This was really Ye Han!

“”Now, do you still think that he isn’t Ye Han?”The head clan leader continued to speak. ”

“The eight clan leaders licked their lips, “Miss Ye’s matter happened too suddenly. Could it be that someone wanted to divert their attention and purposely found someone who looked like Ye Han, grooming him to use the emei spike, causing us to have internal strife?” ”

The eight clan leaders still did not believe that ye Han would do such a thing.

That was ye Han!

He had fought side by side with ye Zao countless times.

“If ye Han really did something that betrayed ye Zao, then it would be too chilling! ”

“Moreover, ye Zao had always had a good eye for people. She definitely would not misjudge ye Han. ”

It would not.

“Time passed by minute by minute. Very soon, the surveillance footage showed ye Han showing ye Zao’s portable system. ”

“Chapter 1840: 376: average, 35th in the world”

Bang.

Seeing this scene.

The eight clan leaders directly fell onto the stool behind them.

It was ye Han.

It was indeed ye Han.

“Even if he wanted to defend ye Han, he had no strength to refute at this moment. ”

“The EMEI Thorn could be said to be a coincidence, but how could ye Zhuo’s portable system explain it?
”

“Other than ye Han, no one else could operate ye Zhuo’s portable system. ”

The only person who could operate it was none other than ye Han.

The other six clan leaders also had faces full of disbelief.

“If they hadn’t seen it with their own eyes, none of them would have believed that ye Han would actually betray ye Zhuo. ”

“”So it seems that Miss Ye’s death is definitely related to Ye Han,”said the five clan leaders. ”

“The three clan leaders and the four clan leaders nodded. “Old Five is right. If there wasn’t a traitor, how could such an accident happen to someone as cautious as Miss Ye?” ”

Ye Zhuo died in a failed chemical experiment.

“At that time, there were a total of seven people in the laboratory. ”

None of them were spared.

“Coincidentally, Ye Han was not at the base on the day of the incident. ”

“After the incident, Ye Han did not appear until ye Zhuo’s memorial service. ”

“At first, everyone thought that ye Han could not bear the blow after hearing this news and sought his own death. ”

“After all, everyone had witnessed the deep affection between ye Zhuo and ye Han. ”

Ye Han following ye Zhuo could also be understood by others.

Who would have thought.

Who would have thought that ye Han would actually betray ye Zhuo.

“”You really know a person’s face but not his heart!”The six clan leaders and seven clan leaders frowned, “If I knew that Ye Han was this kind of person, Miss Ye shouldn’t have saved him in the first place!” ”

“”Don’t define it so early.”The second clan leader who hadn’t spoken all this time stood out and said, “Looks are born from the heart. In my opinion, Ye Han isn’t that kind of treacherous villain. There must be a misunderstanding!” ”

The second clan leader had once come into contact with Ye Han in private.

“Ye Han was gentle and refined, and his every move exuded the aura of a gentleman. He was definitely not that kind of person! ”

The second clan leader had once wanted to introduce his daughter to Ye Han.

And the second clan leader had indeed always treated ye Han as his future son-in-law.

“After saying that., the second clan leader continued, “On the other hand, that Qiu di has been coveting Miss Ye’s identity and status for a long time. As soon as Miss Ye had an accident, she couldn’t wait to get the information on the trans-star case. Even if you think with your toes, you would know that there must be something wrong with her!” ”

““Ye Han’s ability is only below Miss Ye’s. Do you think that other than being willing, who else can force ye Han?”The third clan leader asked. ”

The second clan leader was stunned.

What the third clan leader said wasn’t without reason.

Ye Han was taught by Ye Zhuo.

“In the entire Chang Yue country, besides Ye Zhuo, Ye Han’s ability wasn’t below anyone else’s. No one could threaten ye Han at all. ”

“The eight clan leaders narrowed their eyes. “Could it be that Qiu di has grasped some secret of Ye Han? She used a secret to threaten ye Han, so ye Han had no choice but to do this?” ”

“These words reminded the second clan leader, “Ye Han has always been by Miss Ye’s side. Even if there is some secret, it must be related to Miss Ye.” ”

But what secret could ye Zhuo have that could make Qiu di threaten ye Han?

This was simply nonsense!

“The few clan leaders were now very conflicted. They felt that ye Han had betrayed ye Zao, but they were also unwilling to believe this fact. ”

“Ye Han’s betrayal of Ye Zao was not only a fatal blow to ye Zao, but to them, it was also a serious blow!
”

“Right at this moment, the seventh clan leader seemed to have discovered something. He clicked on the screen and paused the surveillance screen. ”

“Look here.”

“What’s going on here?”

“The seventh clan leader pointed at Ye Han’s face and said, “When the first clan leader mentioned Miss Ye, Ye Han’s expression was clearly not right. “Moreover, Ye Han has been emphasizing that his surname is Wu. Do you guys think that Ye Han has lost his memory? “Or rather, it’s autumn flute who changed ye Han’s memory.” ”

“Hearing this, the second clan leader nodded, “What seventh brother said makes sense. Qiu Di has always been sinister and cunning. It’s not surprising that she would do such a thing.” ”

“”But in the entire Chang Yue country, other than Miss Ye, who else has the ability to change his memory?”The fifth clan leader asked. ”

“Hearing this, the air instantly became quiet. ”

That’s right.

“If there were problems with Ye Han’s memory, then who was the mastermind behind the scenes? ”

“First of all, Qiu di definitely did not have this ability. ”

“If someone did not change ye Han’s memory, then it meant that he had really defected! ”

All the signs that he had shown were all fake.
