

Almighty D 1981

Chapter 1981: 415: Return to the state of Chang Yue! 2

Want to chase them away?

No Way!

There weren't even windows!

""It's up to you." Xu Chaonan continued, "Anyway, I've already sold this villa. If you don't go out now, someone will come and invite you out later! I'm just here to inform you." "

"Are you joking with me?" Father Xu looked at Xu Chaonan and said.

"Xu Chaonan said very seriously, "If you think I'm joking with you, then I'm joking with you. I've already done my best for You!" "

Father Xu's face immediately turned white.

He knew that Xu Chaonan was serious this time. She was forcing them into a dead end.

""Xu Chaonan, are you even human!" Mother Xu roared angrily. "

"Father Xu looked at Xu Chaonan's back, his eyes filled with viciousness. He narrowed his eyes, picked up the vase on the table, and jumped up! "

"Since Xu Chaonan did not acknowledge his family, then don't blame him for being rude! "

“At worst, they would perish together. ”

“Xu Chaonan had worked in the business for so many years, so he was naturally not a simple person. A bodyguard immediately rushed out from behind and kicked the vase in father Xu’s hand away. ”

Bang!

Pieces of the vase fell to the ground.

“Xu Chaonan turned to look at Father Xu, who was kicked to the ground. His eyes were cold. “Xu Zhanao, I don’t want to argue with you about the past anymore. I didn’t expect you to want to take my life!” ”

“”What do you mean?” Father Xu looked up at Xu Chaonan, his eyes full of sarcasm, “What did I do? Xu Chaonan, I treat you as my closest sister. You alone make the decisions in the Xu family, and I even want to pass on my only daughter to you! But what about you! You actually turned your back on me now! Xu Chaonan, you have no conscience! You deserve to die! You will go to Hell!” ”

Wasn’t it natural for a sister to raise a brother?

But Xu Chaonan actually wanted to abandon them!

Was Xu Chaonan even human? !

“Xu Chaonan sneered, “Do you really think that I don’t know the real reason why every time I have a boyfriend, I fail? “Xu Zhanao, the reason why I didn’t say anything was not because I didn’t know, but because I saw that you are my older brother!” ”

“Xu Chaonan was already forty-two years old, but she was still single. ”

“On one hand, Xu Chaonan did not care about marriage, and on the other hand, it was his brother and sister-in-law’s credit. ”

“After all, she was the Xu family’s money tree. If she married, how would Xu Zhanao and his wife live? ”

“So, as long as she fell in love, Xu Zhanao and his wife would think of ways to destroy it. ”

“As time passed, Xu Chaonan lost interest in falling in love. ”

“Hearing this, Father Xu was stunned. ”

He did not expect Xu Chaonan to know everything.

She just did not say it.

“So, they were the clowns. ”

Xu Zhanao’s face turned green and then white.

“Xu Chaonan continued, “I realized that I was too indulgent with you, that’s why you were so unscrupulous!” ”

Unbridled oppression.

Unbridled bullying.

She indulged her brother and sister-in-law.

But in the end?

What did she get in exchange?

It was simply ridiculous!

“The next second, father Xu burst into tears, he hugged Xu Chaonan’s thigh and said, “Chaonan, I was wrong! I really know my mistake. It’s all brother’s fault. It’s all brother’s selfishness! Brother won’t do it again in the future. Please forgive brother, okay!” ”

He knew that he could not be stubborn this time.

He had to please Xu Chaonan.

“They were blood-related siblings. Xu Chaonan would definitely forgive him. Otherwise, Xu Chaonan would not have indulged them for so many years. ”

“Mother Xu also quickly said, “And me! Chaonan, sister-in-law has also apologized to you. We have let you down in the past. Chaonan, please forgive me and your brother! No matter what, we are still a family!” ”

“”There’s no chance.”Xu Chaonan pulled out his leg. “From now on, we will walk on our own paths. Take care of yourself.” ”

“After saying that, Xu Chaonan left immediately. ”

“Superman!”Father Xu shouted at Xu Chaonan’s back. “Sister!”

“This time, Xu Chaonan left resolutely without even turning his head. ”

“In the following period of time, Xu Chaonan put down the work at hand and started a global tour with his visa and passport. ”

Xu's parents were in trouble.

"They used to live a life of convenience, but now they were forced to move into a dark and damp basement. "

Chapter 1982: 415: Return to Chang Yue! 3

"They called Xu Chaonan countless times, but no one picked up. "

...

Chang Yue.

Qiu Di opened the door to the detention room again.

The room was filled with the smell of blood.

"Yi Ling was half-dead and lying on the transparent glass wall. When she saw someone come in, she raised her eyelids. "

Did Ye Zao Come to save it?

No...

No.

“When she saw that it was Qiu Di, Yi Ling lowered her eyelids again. ”

“”Yi Ling, you should have thought it through by now, right? A wise man submits to circumstances. Now, only I can make you and give you a way out.” ”

“Ye Zao was dead. In the future, she was the only savior of Chang Yue. ”

“”I’m not afraid of death.”Yi Ling’s voice was very weak. “Bad woman, come and do whatever you want. As long as I’m not dead, I believe that one day, Miss Ye will come and save me.” ”

“Ye Zao has already turned into ashes.”The corner of Qiu Di’s lips curled up.

“”No!”Hearing this, Yi Ling flapped her wings with all her might and crashed straight into the glass wall, leaving a bloody mark on the wall. “Miss Ye will not die! It will come and save me! Definitely!” ”

Not dead.

Ye Zao was not dead.

Ye Zao was so powerful that he single-handedly defeated a nine-legged beast. Even the Zerg were afraid of her.

How could such a person die in an experiment?

No.

It would not.

It did not believe it.

Yi Ling clenched her teeth tightly. “Miss Ye will come.”

“Hahaha!” Qiu Di laughed out loud. “You expect a dead person to save you? That’s simply impossible!”

Pa da —

“As she had used up all her strength, Yi Ling directly slid down from the transparent wall. ”

Qiu Di curled the corners of her lips and asked someone to bring in a plate of fragrant hundred spirit fruit.

This hundred spirit fruit was Yi Ling’s favorite food.

“Upon smelling the fragrance of the hundred spirit fruit, Yi Ling felt as if all the cells in her body were dancing. ”

She had been starving for three months.

“During these three months, Qiu Di had only sent a little food to keep her alive so that she wouldn’t starve to death. ”

“Ever since ye Zhuo disappeared, it had not eaten any more hundred spirit fruits. ”

“At this moment, Yi Ling wished she could finish the plate of hundred spirit fruits in one go. ”

It was really hungry.

So Hungry.

“Autumn flute held the hundred spirit fruit in her hand and continued, “Form a contract with me. From now on, I will let you eat the hundred spirit fruit every day.” ”

“”PFFT, I don’t want it,”Yi Ling said. ”

“You really don’t want it?”Autumn flute threw the hundred spirit fruit to the pet monkey beside her.

The pet monkey immediately took the hundred spirit fruit and started munching on it.

It was really enjoying it.

Yi Ling swallowed her saliva as she watched.

Qiu Di opened the glass door and placed a hundred spirit fruit in front of Yi Ling. “Do you want to eat it? This one is for you!”

“Hearing this, Yi Ling’s eyes lit up and she immediately opened her mouth to take it. However, the next second, Qiu Di took the hundred spirit fruit away. “Dream On! Yi Ling, if you want to eat the hundred spirit fruit, form a contract with me!” ”

“Yi Ling turned her head away, no longer looking at Qiu Di and that Annoying Monkey.”

That monkey seemed to have seen through Yi Ling’s thoughts. It jumped in front of Yi Ling and purposely ate it for her to see.

Yi Ling turned her head away again.

She was really hungry.

“This kind of feeling could not be described with boring words. At this moment, Yi Ling wished that she could eat a huge mountain.”

“Seeing that Yi Ling still dared to ignore the pet monkey..,”

“Qiu Di frowned tightly. He reached out and pulled back Yi Ling’s head. He said fiercely, “Little Bastard, I told you to watch it!” ”

Yi Ling was forced to watch the pet monkey eat.

“Ye Zhuo is already dead! Dead!”

Qiu Di glared fiercely at Yi Ling. The expression on his face was extremely terrifying. It was incomparably sinister and made people’s scalps go numb.

Dead.

Ye Zhuo had died a long time ago.

Ye Zao was a slut.

“In the past, when he was alive, it affected her. Now that he was dead, it still affected her. ”

“At this moment, Qiu Di wanted nothing more than to grind Ye Zao’s bones and scatter his ashes. ”

“Yi Ling said angrily, “He’s not dead! Da Zao Zao won’t Die! She Won’t Die!” ”

Ye Zao would never die!

Bang!

Qiu Di directly slapped him.

Pu.

“Yi Ling was already covered in injuries. At this moment, she directly spat out a mouthful of blood. ”

The pain was unbearable.

“But even so, Yi Ling still felt that ye Zao was not dead. She raised her head and looked at Qiu Di, “Bad woman, as long as you don’t kill me, Da Zao will definitely come and save me! In My Heart, you will never be comparable to da Zao. You are not even comparable to a single finger of hers!” ”

“Do you really think that I don’t dare to kill you?”Qiu Di looked at Yi Ling.

“”Do you dare?”Yi ling smiled and said, “If you dare, if you have the guts, kill me now! You Don’t dare to kill me because you still want to rely on me to make everyone submit to you! Qiu Di, you don’t dare! Qiu Di, you are a coward!” ”

Chapter 1983: 415: Return to the state of Chang Yue! 4

“Qiu Di clenched his fists, his entire body trembling. “Little Bastard, do you really think that I won’t dare to kill you?” ”

He didn’t even have the time to react. He had already been goaded by Yi Ling.

“Yi Ling looked at Qiu Di’s falling hand, her eyes slightly red. ”

“I’m sorry, burning. ”

He really couldn't hold on any longer.

"He was very hungry, very tired, and very tired. He was simply living a life worse than death. "

Death was actually a kind of relief to it.

"In the next second, autumn flute's hand tightly grabbed onto Yi Ling's neck. "

Bang.

It was also at this time that autumn flute's hand was struck by a huge blow and was forced to release Yi Ling.

"Di'er! What are you doing?"

Autumn flute turned around. The anger on his face also completely disappeared at this time. "Father!"

"Qiu Changzhen picked up the spirit from the ground and looked at the wounded spirit. He frowned and looked at Qiu Di. "Di'er, didn't I tell you? You have to win over the spirit! What have you done? !"Qiu Di was good at everything, he had the ability, but he was too young and too impulsive. "

"If a battle uniform lost the spirit, it would be like losing a soul! "

"He had told autumn flute many times not to offend the spirit no matter what. If she couldn't do it the hard way, then she would do it the soft way. However, autumn flute refused to listen. "

"Autumn Flute's face was cold. "Father, it is because you have protected it so many times that it dares to be so arrogant!" "

“If autumn town had not stopped her, she would have long killed the spirit. ”

“Do you know what the spirit represents?” Qiu Changzhen asked.

“Qiu di snorted, “I don’t believe it. If it weren’t for the spirit, I wouldn’t be able to hold that position!” ”

“Qiu changzhen frowned and continued, “Di’er, you’re underestimating the position of the spirit in Chang Yue! Look at this!” Qiu Changzhen handed Qiu di a communication device. ”

“After looking at the communication device, Qiu Di’s expression changed. ”

“Qiu Changzhen continued, “Therefore, di’er, you must not harm Yi Ling’s life now. You must slowly tame it. Let it be used by you. Ye Zhuo is already dead. As long as you use Yi Ling well, you will be the new ruler of the Chang Yue Kingdom in the future. No one will be able to influence your position in the future.” ”

Qiu Di’s future was bright. Why bother with a dead person.

The dead person was already dead.

Could it be that she could get up from the liquid nitrogen room and threaten Qiu di’s position?

It was simply a fantasy!

“When she said this, Qiu di narrowed her eyes. ”

She was indeed too impatient earlier.

She shouldn’t have wanted to take Yiling’s life.

“Qiu Di turned to look at Qiu Changzhen. “Father, I was indeed lacking in consideration in this matter.” ”

“Qiu Changzhen nodded and continued, “It’s good that you know it in your heart.” After saying that, he continued, “You must know your limits. No matter what, you must not harm Yi Ling’s life.” ”

“Alright.”

Qiu Changzhen took out a pill from his pocket and fed it to Yi Ling.

This pill was given by the Great Witch Doctor and its effects were very good.

“The moment Yi Ling ate it, she felt a warm current in her body. All the pain in her body disappeared and what followed was a familiar feeling. ”

The Great Witch Doctor!

This was the Great Witch Doctor’s pill.

Yi Ling suddenly opened her eyes.

“She and ye Zao had long since become one. Ye Zao had fought with the Great Witch Doctor in his early years, so he was very familiar with the great witch doctor. ”

So...

The Great Witch Doctor was not dead!

“If the Great Witch Doctor was not dead, then he must have had something to do with Ye Zao’s disappearance. ”

“The Great Witch Doctor was an extremely dark person. He was good at hiding in the dark and stabbing people in the dark. If the Great Witch Doctor’s handiwork was involved, then these things could be easily explained! ”

“At this moment, the collar regained his lost will and confidence. ”

He couldn’t die.

He couldn’t die.

“If he died, if ye Zao came back in the future, he wouldn’t be able to see him anymore. ”

He had to survive!

“Great Zao Zao, he had to come back earlier to pick her up. ”

...

On the other side.

The eight great clans.

“The great clan leader sat at the head of the table. “Everyone, it’s going to be the day of the general election soon. In your opinion, do you want to support autumn flute?” ”

“Hearing this, the few clan leaders below the stage discussed animatedly. ”

“Logically speaking, autumn flute should be ye Zhuo’s only successor. After all, Ye Zhuo had once given everything to autumn flute. ”

""How about this,"the head chief thought for a moment and said, "Those who support autumn flute, stand to my left." "

"After saying this, the second clan leader stood up from his seat. Just as he was about to walk to the left of the head chief, he turned around and saw that the other five clan leaders were still sitting on the same spot. The second clan leader was stunned, "None of you are prepared to support Lady Autumn Flute?" "

"The position of a female sovereign is not a small matter. Qiu Di is too young."The Five clan leaders spoke.

Chapter 1984: 415: Return to the state of Chang Yue! 5

""Young?"The second clan leader frowned and continued, "Wasn't miss ye young back then?" "

How Old Was Ye Zhuo back then?

Eighteen years old.

"The second clan leader was the same as the other clan leaders. He was very loyal to Ye Zhuo. He felt that since ye Zhuo had entrusted everyone to the autumn flute, then the autumn flute must have its own outstanding qualities, qiu Di would definitely be able to lead Chang Yue to an even more glorious future. "

"No matter what, they could not go against ye Zhuo's words. "

"But not everyone is Miss Ye."The third clan leader said.

"People like ye Zhuo were, after all, a minority. "

“Hearing this, the second clan leader narrowed his eyes and continued, “But this is after all Miss Ye’s intention.” ”

“”Second clan leader, don’t forget, this is just Qiu Di’s one-sided statement.”The third clan leader continued, “We sent the information of the trans-star case over for so long, but Qiu di still couldn’t open it. This means that she doesn’t have that ability!” ”

How could a person who didn’t even have the ability to open the information of the trans-star case sit on the position of female sovereign?

“Moreover, Ye Zhuo didn’t leave any evidence to prove that he gave the position of crown prince to Qiu Di! ”

“The second clan leader continued, “I feel that Qiu di doesn’t have the guts to lie. Moreover, we have also investigated the matter back then, and what Qiu di said is true!” ”

“Speaking of this matter, none of them said a word. ”

“After all, Ye Zhuo did indeed have that experience back then. If she had given the position of successor to Qiu Di to repay her kindness, it wasn’t impossible. ”

“Speaking up to this point, the second clan leader paused, then he said, “And Ye Han, if it wasn’t for Miss Ye personally doing it, who do you think would have the ability to change ye Han’s memories? Not to mention Qiu di, even if the eight of US worked together, we wouldn’t have such an ability.” ”

“From this, it could be seen that what Qiu di said was true. ”

“Hearing this, there was a moment of silence in the air. ”

What the second clan leader said made sense.

“After a moment, the third clan leader raised his head to look at the first clan leader, “First clan leader, in your opinion, how should we deal with this matter?” ”

“The first clan leader stroked his beard and continued, “Let’s Wait a little longer, the position of female sovereign is not a child’s play. Moreover, the insect race is still eyeing us covetously.” ”

“As early as three years ago, the Bug clan had wanted to attack the Chang Yue country. ”

Because the Chang Yue country was in the best geographical position for energy sources.

“If they could take down the Chang Yue country, they would be able to obtain the best resources in the S Galaxy. ”

“Three years ago, the leader of the Bug clan had met ye Zhuo during the battle. ”

“Ye Zhuo had single-handedly swept away 3,000 elite bug clan soldiers, leaving behind a legend in the Bug clan. ”

The Zerg were willing to submit to the Chang Yue country.

“Hence, the Chang Yue country did not dare to announce ye Zao’s obituary to the public. ”

They were afraid that the Zerg would have bad intentions again.

“Now That Ye Zao was not around, if the Zerg started a war again, unless the main alliance country intervened, otherwise, the Chang Yue country’s bloodline would disappear forever in the s galaxy. ”

“Hearing this, the second clan leader nodded, ”

“the first clan leader continued, “Oh right, third and fifth, I asked you to gather information about Yi Ling. How’s Your Investigation Going?” ”

“There’s still no news at the moment,” said the third clan leader. ”

“The fifth clan leader continued, “Yi Ling only recognizes one master in its entire life, and it has a telepathic connection with Miss Ye. Could it have noticed Miss Ye’s matter, so...”the rest of the matter was already self-evident. ”

“It won’t. Yi Ling will definitely not seek death so easily!”The eighth clan leader, who had been silent all this while, said. ”

“At least, before ye Zhuo’s obituary came out, Yi Ling would not seek death. ”

The first clan leader nodded slightly. “Then continue searching.”

At the same time.

On the other side.

Mars.

Ye Zhuo stood in front of a miniature machine.

“Do you know what this is?”She turned to look at Cen Shaoqing beside her.

“Cen Shaoqing opened his thin lips and said in a low voice, “The interstellar shuttle.” ”

“Previously, Ye Zao had always thought that she had come from the future, so she had studied the space-time shuttle for more than a year. ”

“In fact, the space-time shuttle was of no help to her at all. ”

The machine she needed the most now was the interstellar shuttle.

"Hearing this, Ye Zao's eyes lit up slightly, and he said with a smile, "That's right, this is the interstellar shuttle. I want to use this to return to Changyue. But now, I still lack one thing." "

"Perpetual motion machine?" Cen Shaoqing saw the crux of the problem at a glance.

Ye Zao nodded slightly.

"Cen Shaoqing walked over and studied the main structure of the shuttle. He then said, "Maybe you can try the Suyu." "

"Suyu?" Ye Zao raised his eyebrows slightly.

"Chapter 1985: 416: successfully activated, the Cen family's ultimate secret! 1"

Plain jade...

Ye Zhuo was stunned.

He suddenly remembered that plain jade was the heirloom that old lady Feng Shujing had given to her.

Old Lady Feng Shujing had said before that the C nation's scientific research community had always wanted plain jade.

"After Old Lady Feng Shujing left, Ye Zhuo had also studied plain jade, but he had not been able to analyze the valuable energy within it. "

Could it be that the Jade had other secrets?

“You mean the jade given by Old Lady Feng Shujing?” Ye Zao turned to look at Cen Shaoqing.

“Cen Shaoqing nodded slightly. “Country C has always wanted the jade because it contains a special energy, becoming the main chip in the Perpetual Motion Machine.” Before he saw the interstellar shuttle, Cen Shaoqing was not sure if this was true. ”

Until he had just studied the interstellar shuttle.

To travel from one galaxy to another galaxy required a large amount of power source materials.

“Without the perpetual motion machine, it was impossible to complete this operation. ”

“With the Suyu, he could make the perpetual motion machine. Once the interstellar shuttle was successfully developed, it could instantly kill an aircraft carrier that was faster than the speed of light. ”

An aircraft carrier could freely travel through the Milky Way.

“If it was beyond the Milky Way, the aircraft carrier’s power raw materials would not be able to sustain it. ”

“It seemed like it would only take an instant to surpass the speed of light, but in fact, it required a large amount of nuclear reactor raw materials. ”

“However, an interstellar shuttle with a perpetual motion machine was different! ”

“Once country C developed an interstellar shuttle, it would regain its position as a technological powerhouse. ”

“At that time, country C would join forces with a few other countries, and China would completely lose its right to speak in the scientific research community.”

“As soon as he finished speaking, CEN Shaoqing continued, “Is the plain jade with you now? Bring it over and try it.” ”

“”The plain jade is at the base.”Ye Zhuo continued, “I’ll go back and get it right now.” ”

“I’ll go with you.”Cen Shaoqing followed ye Zhuo’s footsteps.

The two of them boarded the aircraft carrier.

“Half an hour later, the aircraft carrier landed in the sky above the base. ”

“The aircraft carrier turned on its shielding mode, and the clouds in the sky looked no different from the other clouds. ”

Ye Zao came to the office and took out the plain jade.

“The plain jade was in a mahogany box with carved flowers. The plain jade was green and transparent, no difference from normal jade. ”

“This is the plain jade.”Ye Zao handed the plain jade to Cen Shaoqing.

Cen Shaoqing reached out to take it. He studied it and pursed his thin lips.

“How is it?”Ye Zao asked.

Cen Shaoqing looked back slightly. “Let’s go back first.”

“Okay.”Ye Zhuo nodded slightly.

“Not long after, the two of them returned to Mars. ”

“Cen Shaoqing placed the plain jade on the interstellar shuttle’s device. In a flash, he pressed the start button. ”

The interstellar shuttle did not respond.

Cen Shaoqing frowned slightly.

Ye Zhuo’s red lips opened slightly. “What’s going on?”

“Don’t be anxious.”Cen Shaoqing took out the plain jade and studied it carefully. “C nation has been scheming so hard to obtain the plain jade. This means that there’s a big secret hidden in the plain jade.”

“Since it was a big secret, it wouldn’t be discovered so easily. ”

Ye Zhuo nodded slightly. “You’re right.”

“At this moment, Cen Shaoqing’s phone rang. ”

Cen Shaoqing took out his cell phone and his eyes changed slightly.

“What’s Wrong?”Ye Zhuo asked.

“CEN Shaoqing continued, “I think I found the wreckage of my father’s shipwreck.” ”

Cen Shaoqing’s father had been in a shipwreck for many years.

“All these years, he had never been able to find the shipwreck or the remains of the shipwreck. Now that there was finally news of the shipwreck, Ye Zhuo was happy for him. “Really?” ”

“Yes.”

“Ye Zhuo continued, “Then go back and take a look. I’ll be fine as long as I’m here.” ”

“”Okay.”Cen Shaoqing nodded slightly and handed the Jade to Ye Zhuo. He then said, “I’ll be back right away.” ”

Ye Zhuo nodded slightly.

Cen Shaoqing returned to the Cen family base.

“In the office, the assistant had been waiting for him for half an hour. ”

“Hearing the footsteps, the assistant was so frightened that he immediately stood up straight. ”

“”Master Five,”the assistant said respectfully. ”

Cen Shaoqing nodded slightly. “Where is it?”

“Here.”The assistant handed him a box with both hands.

“Cen Shaoqing took the box and opened it. He found a rusted ship wreckage inside. Judging from the shape, it should be a part of the bottom of the ship. ”

“Back then, the shipwreck was a large ship that could hold more than 1,300 people, so the parts were much larger than ordinary ships. ”

There was also a code printed on the parts.

HG001989.11.12.

This code was the only proof that it was part of the shipwreck.

“Where did you find this?” Cen Shaoqing looked back at his assistant.

“The assistant continued, “On a resort beach. This part was found by a five-year-old child from y nation.”
”

“Chapter 1986: 416: successfully launched, the Cen family’s ultimate secret! 2”

“”Address,” Cen Shaoqing said concisely. ”

“”Haina Resort Island,” the assistant answered. ”

Cen Shaoqing nodded slightly. “You can go out first.”

“Yes.” The assistant bowed and left the office.

“After the assistant left, Cen Shaoqing sat in the boss’s chair with his eyes half-closed. In a moment, he pinched his temples and made a call. “Hello, Mom.” ”

“Hearing Cen Shaoqing’s voice, Zhou Xiang was stunned. After a long while, he said, “Really, really?” ”

““Yes,” Cen Shaoqing said. ”

““Okay, I’ll be there right away.” Zhou Xiang hung up the phone. ”

“An hour later, Zhou Xiang rushed to the CEN base and came to the office. “Shaoqing!” ”

“Zhou Xiang’s expression was still calm, but there was a sobbing tone in her voice. ”

She had waited for more than thirty years.

From the prime of her life until she was over fifty years old.

“Mom.” Cen Shaoqing stood up from the chair.

“Where’s the Thing?” Zhou Xiang tried her best to calm herself down and looked at Cen Shaoqing.

Cen Shaoqing handed the thing to Zhou Xiang. “It’s here.”

Zhou Xiang took the thing.

“At this moment, her hands were trembling, and hot tears rolled down her cheeks. ”

“Haifeng...”

Zhou Xiang pressed the parts of the boat tightly against her chest.

After a long time.

Zhou Xiang finally composed herself and turned to look at Cen Shaoqing. “Shaoqing.”

"Mom." Cen Shaoqing looked at Zhou Xiang.

"Zhou Xiang continued, "Have you found your father's whereabouts?" "

"Not yet." Cen Shaoqing's thin lips parted slightly.

"Where did you find that thing?"

"Cen Shaoqing replied, "Haina Resort Island." "

"After saying that.., cEN Shaoqing continued, "Mom, it's been so many years. The sea is stormy and the waves are strong. We don't even know where this thing came from. Even if you went to Haina resort island, it wouldn't be of any help..." "

More than 30 years had passed. Perhaps the ship had malfunctioned during the yaw.

No one knew where the shipwreck was.

""I know everything you said, but I just want to take a look." Zhou Xiang took a deep breath and continued, "Have you investigated the shipwreck?" "

""Not yet," Cen Shaoqing said. "

"Zhou Xiang nodded slightly and took the parts of the shipwreck. "Well, I'll go back first." "

"I'll send you back." Cen Shaoqing picked up his coat from the chair and followed his mother's footsteps.

"No need." Zhou Xiang turned to look at Cen Shaoqing. "I'm fine."

“Speaking up to this point, Zhou Xiang raised a smile. “It’s been so many years. What could have happened to me? If something had happened, I wouldn’t have persisted until now.” ”

“Although Zhou Xiang said so, Cen Shaoqing was still worried. He took the car keys and said, “I’ll send you back.” ”

Zhou Xiang looked at Cen Shaoqing’s face and nodded.

“Soon, the mother and son arrived at the parking lot. ”

“Along the way, Zhou Xiang held the box in her arms and did not say a word. ”

“Although it had been more than thirty years, this was the first time she had faced her husband’s death so directly. ”

“After all, before this, the sunken ship that was involved in the accident had not been salvaged, and no remains had been found. ”

“Although the CEN family had set up a cenotaph for Cen Haifeng and announced his death, Zhou Xiang could still see a glimmer of hope before she saw the remains. ”

“Nothing had happened to the ship back then. It had only been dragged into some unknown time and space, or the ship had been controlled by someone. ”

“As long as there was hope before the remains of the ship were found, it would be there. ”

But now.

“The remains of the boat surfaced, and her last hope was gone. ”

“Looking at the expressionless Zhou Xiang in the rearview mirror, Cen Shaoqing frowned slightly. ”

Perhaps.

He had underestimated the feelings between his mother and father.

“He had thought that after so many years, his mother had long recovered from the accident, but now it seemed that. ”

She had not.

“No matter how many years it had been, the scar was still there. ”

Cen Shaoqing held the steering wheel with one hand. He used his hand that was holding the Buddha beads to pull out a tissue and handed it to Zhou Xiang.

Zhou Xiang took the tissue and wiped the tears from her face.

“As a mother, she did not want to cry in front of her son, but she could not control herself. ”

“Twenty minutes later, the car stopped at the entrance of the Cen family manor. ”

“Old Mrs. Cen was sitting in the living room listening to a play. When she saw Cen Shaoqing and Zhou Xiang coming back, she felt that something was not right. She stood up and said, “Xiang Xiang!” ”

““Hey, Mom.”Zhou Xiang turned to look at Old Mrs. Cen. ”

“Old Mrs. Cen saw that something was wrong with Zhou Xiang. She turned down the radio. “Xiang Xiang, what’s Wrong?” ”

“Chapter 1987: 416: successfully activated, the Cen family’s ultimate secret! 3”

Zhou Xiang forced a smile. "I'm fine."

"Why are Your Eyes Red?" Old Mrs. Cen frowned. "Who bullied you? Tell me! I'm going to fight with her!"

"When she said the last sentence, Old Mrs. Cen rolled up her sleeves, looking like she was going to fight."
"

Who Dared to bully her daughter-in-law!

She was too bold!

"Mom, I'm really fine." Zhou xiang smiled and said, "The wind blew the sand into my eyes! I'm Going Upstairs First!" "

"Afraid that the old lady would notice something, Zhou Xiang immediately went upstairs. "

"Old Mrs. Cen looked at Zhou Xiang's back and turned to look at Cen Shaoqing. "Fifth girl, What's wrong with your mom!" "

Fifth Girl...

Cen Shaoqing's hand that was twirling the Buddha beads paused.

"At first, he was very resistant to this nickname, but after ye Zhuo called him many times, he did not care so much. Just as he was about to speak..., old Mrs. Cen continued, "Don't tell me that the wind blew the sand into my eyes! What sand! Do I look like a Fool to you, your grandmother?" "

What era was this? Why was she still learning the tricks from the love drama.

““Because of my dad,”Cen Shaoqing replied. ”

Old Mrs. Cen frowned slightly. “What happened?”

“CEN Shaoqing continued, “We found some parts of the shipwreck today.” ”

““What?”Old Mrs. Cen asked, “Where was it found?” ”

Cen Shaoqing answered truthfully.

Old Mrs. Cen sighed.

““Before we found the remains, your mother had a spiritual sustenance and thought that your father was still alive.”Old Mrs. Cen sighed, “Now that the remains have been found, your mother’s last spiritual sustenance has also disappeared.” ”

“Although Old Mrs. Cen and Zhou Xiang were not biological mother and daughter, their relationship was better than that of biological mother and daughter. Therefore, old Mrs. Cen also understood Zhou Xiang very well. ”

“After saying this, old Mrs. Cen continued, “After so many years, your mother should have let it go a long time ago. However, she is a stubborn person with deep feelings... It’s your father who has let her down.” ”

“When Cen Haifeng had his accident, Zhou Xiang was only in her twenties. ”

“If it had been anyone else, they might not have been able to keep watch. ”

“However, Zhou Xiang managed to keep watch. ”

“What about your sister?” Old Mrs. Cen continued to ask.

“Which sister are you referring to?” Cen Shaoqing asked.

“Yuying.”

“Cen Shaoqing said, “Eldest sister went to country Y and hasn’t returned yet.” ”

“What about Yueya and Yueying?” Old Mrs. Cen continued to ask.

“Second sister and third sister went on a business trip.”

“Hearing this, old Mrs. Cen frowned slightly. “These girls usually run back and forth when they are not needed. Now that they are needed, they are nowhere to be seen! They are really annoying!” Cen Shaoqing was a boy after all, it was more or less inappropriate to ask him to comfort Zhou Xiang.”

There was a saying that a child avoided his mother while a daughter avoided her father.

““Forget it, I’ll go,” old Mrs. Cen said. ”

“Old Mrs. Cen was afraid that she would comfort Zhou Xiang, so she hugged her head and cried together with Zhou Xiang.”

This was because her fate was very similar to Zhou Xiang’s.

Old Cen also died young.

“However, she was a little luckier than Zhou Xiang.”

“When Old Cen left, she was 36 years old. ”

“Standing in front of Zhou Xiang’s door, Old Mrs. Cen took a deep breath, smiled, and patted her chest.
“Don’t Cry, Don’t Cry! Baby, you’re the fattest!” ”

“At this point, old Mrs. Cen seemed to realize something and immediately changed her words. “Ah! No, I’m not fat! I should be the best! Baby, you’re the Best!” ”

“After cheering herself on, Old Mrs. Cen reached out and knocked on the door. ”

“”Xiang Xiang, Xiang Xiang.” ”

“Hearing Old Mrs. Cen’s voice, Zhou Xiang came back to his senses and immediately wiped the tears off his face. He turned around and looked in the direction of the door, “Mom, is that you?” ”

“”It’s me,” old Mrs. Cen answered. ”

“Zhou xiang smiled, “Mom, come in.” ”

“The next second, Zhou Xiang pushed the door open and entered. ”

“”Xiang Xiang, are you okay?” Old Mrs. Cen walked to Zhou Xiang’s side. ”

“Zhou xiang smiled and said, “I’m fine.” ”

“Old Mrs. Cen sat down and reached out to touch Zhou Xiang’s face, she said with some heartache, “You still say you’re fine! Your eyes are swollen from crying! Xiang Xiang, it’s been so many years since the incident, there’s nothing to cry about! Besides, that heartless brat left his entire family just like that, what’s there to cry about! Don’t Cry! It’s not worth it for such a person!” ”

“Mom!” Zhou Xiang couldn’t help but hug old Mrs. Cen and burst into tears.

“Old Mrs. Cen patted Zhou Xiang’s back. “Good child, Mom knows that you feel wronged. Mom knows...” ”

“Chapter 1988: 416: successfully activated, the Cen family’s ultimate secret! 4”

On the other side.

S galaxy.

The main alliance country.

The main alliance country controlled the three big countries in the S galaxy.

“These three big countries were: Changyue Country, the Bug clan, and Manxing country. ”

“Among them, the changyue country managed by Ye Zhuo was ranked first, followed by the Bug clan, and then the Manxing country. ”

“All these years, the Bug clan had always wanted to annex the CHANGYUE country. ”

“But there was a jinx in the Chang Yue country, and even the ambitious bug clan did not dare to provoke it. ”

““Great Elder,”the Chief Alliance’s National Advisor turned to look at the great elder beside him. ”

“What is it?”The great elder turned back.

“The national advisor stroked his white beard and continued, “You see, isn’t it time to bring the young master back?” ”

“The great elder narrowed his eyes, “Now is not the time.” ”

“Why?”The imperial tutor asked.

“The great elder continued, “The young master has not established a family yet.” ”

“”Not established a family yet?”The imperial tutor stood up from his chair and said incredulously, “If I remember correctly, the young master has already reached the age of 30, right?” ”

“According to common sense, under normal circumstances, the young master should have established a family at the age of 30. ”

“He was already 30 years old, yet he still hadn’t started a family and started a business! ”

“The great elder nodded, “The young master is already 30 years old.” ”

“”Then why hasn’t he started a family and started a business?”The national master asked worriedly, “Is there a problem?” ”

“”There’s no problem at all, it’s just that he has seen through the secular world!”The Great Elder said. ”

1

“Seen through the secular world? become a monk?”The National Master asked.

The Imperial preceptor never expected that the future crown prince of the main alliance country would actually see through the secular world!

This...

Wasn't this a joke?

"En."The great elder nodded. "But don't worry. Young master should have already returned to normal by now."

""Should?"The imperial preceptor frowned slightly, "You're telling me that such a big matter should be? Why didn't you send a few people down to keep an eye on young master? What if the young master has really seen through the mortal world? I've already said that I shouldn't have left the young master on Earth back then! What should I do now? The country can not be without a ruler for a day!" "

"If he didn't leave the young master alone on Earth, he wouldn't have seen through the mortal world either. "

"If the young master had really shaved his head, he couldn't possibly pull a monk over to take charge of the overall situation, right? "

""Not leaving the young master on Earth? Then where do you want to leave the young master?"The great elder sighed. "Besides, do you think that I can't think of a way that you can think of?" "

"What do you mean?"The Imperial preceptor asked.

"The great elder continued, "The people I sent over were all discovered by the young master!" "

He even suspected that the young master had discovered the secret of the s galaxy.

The general alliance had always had a rule.

The future General Alliance had to be put on Earth to train until after they got married and had children.

“After they got married and had children, they would leave the young master on Earth, and so on.”

“To a high-level galaxy, earth was no different from hell.”

“How could this be?”The imperial preceptor frowned.

“Logically speaking, the bloodline of the General Alliance in the young master’s body had not awakened yet, so he should not have discovered the people sent by the Great Elder.”

“”But it’s normal to be discovered. After all, that’s our young master! “Even if his bloodline is sealed, he’s still much more powerful than an ordinary person!”The great elder continued, “In short, we can’t act rashly now. The General Alliance is still in good health. It’s fine even if we bring the young master back later.” ”

The grand elder nodded.

This was the only thing they could do now.

“A moment later, the grand elder seemed to have thought of something and continued, “What if the young master has really seen through the mortal world?” ”

“The grand elder continued, “According to the last message from Earth, the young master has already found his right-hand woman!” ”

“Really?”A look of surprise appeared in the Grand Elder’s eyes.

“As long as they met the right-hand woman, they would not be far from getting married and having children.”

“At that time, they could directly bring the young master to the s galaxy.”

“Yes.”The grand elder nodded.

“Unfortunately, the core robots that he sent over later were all discovered by the young master. ”

“After the core robots were discovered, in order to be discovered by others, they would immediately enter the destruction mode. ”

“”That’s good.”The national advisor heaved a sigh of relief and continued, “I told you, how could young master see through the mortal world!”After all, he was the Chief Alliance leader! ”

...

The Cen family.

“Old Mrs. Cen comforted Zhou Xiang for a long while before she finally managed to coax Zhou Xiang into a genuine smile. “Mom, don’t worry, i...” ”

“Old Mrs. Cen nodded. “If that’s the case, then don’t do it again in the future! I’ll go down and listen to the play first.” ”

“Go ahead.”

“Looking at the Cen Old Lady’s departing back, Zhou Xiang sighed with emotion. ”

“Chapter 1989: 416: successfully launched, the Cen family’s ultimate secret! 5”

She was able to persist for so many years thanks to Old Mrs. Cen.

“Ever since she married into the Cen family, old Mrs. Cen treated her like her own daughter and never made things difficult for her. ”

Over here.

Old Mrs. Cen had just turned around when she could not control herself.

Tears poured down like rain.

“She lost her husband at the age of 36 and her son at the age of 56. Her life was like a coctis, bitter and astringent. ”

“You are useless. Why are you crying? What is there to cry about?” Old Mrs. Cen patted herself. “You are already so old. How can you be so pretentious? Aren’t you afraid of being laughed at?”

“As she spoke, Old Mrs. Cen seemed to have realized something. She continued, “I am not old! I Am Not Old at all!” ”

The little fairy will never be old!

“As she thought about it, old Mrs. Cen’s mood improved a lot. She hummed a little tune as she walked downstairs. ”

“The servant beside her witnessed everything.” ...”she suspected that the old lady was an oscar-winning actress. She could laugh and cry freely, but she had no evidence. ”

Old Mrs. Cen walked downstairs and saw the servant standing there. She was shocked. She thought about how she had laughed and cried just now and felt very embarrassed.

“After all, she was an old lady in this family. Crying and laughing at the same time was too embarrassing!
”

“The servant immediately waved her hand three times. “Old Mrs. Cen, I didn’t see anything just now! I swear!” ”

Old Mrs. Cen nodded in satisfaction. “That’s more like it!”

The servant heaved a sigh of relief.

“Old Mrs. Cen walked to the sofa, adjusted the radio, and continued to listen to the play. ”

She babbled.

“” ... Last Night, I met my wife in a dream. She brought brother Jing home, and we looked at each other with speechless tears on our faces... I woke up from a dream, and my wife, Jiao Er, was nowhere to be seen...” ”

“Old Mrs. Cen closed her eyes slightly, and a drop of transparent liquid slipped past the corner of her eye. ”

“The first time she heard it, she did not know what it meant, but when she heard it again, she was already the person in the song. ”

“The maid looked at Old Mrs. Cen curiously, feeling a little puzzled. ”

“She had been working for the CEN family for so many years, and the Cen Old Lady had always been smiling and welcoming. She had never blushed easily with anyone, and she had never been like this before. ”

This was the first time.

What happened to the old lady?

Did she quarrel with Zhou Xiang?

“Thinking of this, the maid turned her head and looked upstairs. ”

“Logically speaking, with Zhou Xiang’s temper, he should not have had any conflict with the Cen Old Lady. ”

That was strange.

Or was it related to the radio.

It was already the 21st century.

The radio had long been obsolete.

“But every time old Mrs. Cen listened to a play, she liked to hold the radio. ”

“The servant didn’t dare to speak, so she could only go to the butler. ”

“Hearing this, the butler frowned slightly. ”

“The Butler had been at the CEN residence earlier, so he could roughly guess why old Mrs. Cen was in a bad mood. ”

“After a while, the housekeeper looked at the maid and said, “Be more alert and pretend that you didn’t see anything!” ”

“The maid immediately nodded. “I know, don’t worry.” ”

The housekeeper nodded.

“The Cen family’s matters were more complicated. As a maid, it was better for many to interrupt.”

“After sending Zhou Xiang home, Cen Shaoqing came to Mars.”

Ye Zhuo was still in the laboratory studying the plain jade.

“However, even after studying it for a while, she still did not discover the secret of the Jade.”

She even suspected that Cen Shaoqing was mistaken.

“At this moment, her waist was hugged from behind. Then, a warm body leaned over. He placed his chin on her shoulder and closed his eyes slightly.”

He did not speak.

“After a while, ye Zhuo continued, “What’s Wrong?” ”

“I’m a little tired.”His low voice carried a rare sense of laziness and exhaustion.

“After knowing Cen Shaoqing for so long, this was the first time ye Zhuo had heard him say that he was tired.”

““If you’re tired, then rest well.”Ye Zhuo continued, “I’ll go back with you.” ”

“It’s okay.”Cen Shaoqing tightened his arms. “I’ll hug you for a while.”

“After a while, Cen Shaoqing finally let go of her.”

Ye Zao looked back slightly. "How are you now?"

""Much better,"Cen Shaoqing said. "

"Ye Zao continued, "How's uncle's matter going?" "

""So far, we haven't found the exact sea area of the sunken ship,"cen Shaoqing continued, "So many years have passed, and the sea is stormy. It's almost impossible to find the sunken ship."Although he knew that it was impossible.., but Cen Shaoqing still persisted after so many years. "

""Don't worry. Hard work pays off,"ye Zao said. "

""Okay."Cen Shaoqing nodded slightly and continued, "How's the matter with the Jade?" "

Ye Zao shook his head slightly.

"Cen Shaoqing picked up the jade on the table. As if he suddenly thought of something, he exerted force with his fingers and snapped it. "

Snap!

The originally intact plain jade broke into two pieces in an instant.

"Without waiting for Ye Zhuo to say anything, CEN Shaoqing snapped it again. "

Snap!

The two pieces broke into four pieces.

Cen Shaoqing placed the Buddha beads on the table and took the four pieces of plain jade. He walked to the interstellar shuttle and installed the pieces into the groove.

Beep.

The originally quiet interstellar shuttle had a reaction at this moment.

Ye Zhuo looked back at Cen Shaoqing. "Success!"

Chapter 1990: 417: locate the sunken ship 1

"As soon as ye Zao said this, a bright light appeared in the air. "

It was so bright that it was hard to open one's eyes.

"However, after a few seconds, the light disappeared completely, as if this had never happened. "

Cen Shaoqing turned to look at ye Zao. "Try again."

""Okay."Ye Zao nodded slightly, walked over, and pressed the start button. "

Beep.

The interstellar shuttle has been activated!

It has been successfully activated!

“A light appeared in ye Zao’s eyes, and he pressed the bracelet on his wrist. ”

Pa..

The cabin door opened automatically.

“A strong light flashed, and Ye Zao, who was next to Cen Shaoqing, instantly shrunk until he was the size of an ant-man. ”

“The interstellar shuttle was meant to fly in the quantum domain, and if it was too big, it would affect its speed. ”

“Therefore, ye Zao used the perpetual motion machine on the interstellar shuttle and used the technology of atomic distance reduction and mass reduction to shrink his body. ”

“Seeing this scene, Cen Shaoqing was not surprised. His expression did not change. ”

“Ye Zao looked at his shrunken version of himself. After a moment, he looked up at Cen Shaoqing. “Cen Shaoqing, I’ll go in and try.” ”

“Okay.”Cen Shaoqing nodded slightly.

Ye Zhuo opened the cabin door and entered the driver’s seat.

“The Interstellar Shuttle, which was originally only the size of a toy, now looked like a colossus as ye Zhuo’s body shrunk. The various instruments inside were also extremely sophisticated. ”

— please set the planet’s location!

Ye Zhuo entered the location of Planet E-TY889.

— searching. Please wait a moment.

“In less than a minute, the interstellar navigation system had located the location of Planet E-TY889 in the s galaxy.”

A total of three million light years!

The sailing time was three days.

“On average, the sailing time was one million light years per day.”

“Ye Zhuo tried the other equipment in the shuttle. After checking that there were no mistakes, she walked out of the shuttle.”

She jumped directly from the shuttle to the ground.

“As soon as her feet touched the ground, her figure returned to normal.”

“How is it?”Cen Shaoqing looked at her.

““Not bad,”ye Zhuo answered. “It will take three days to go to changyue from Mars. Plus, I have some things to deal with. I might need some time to come back.” ”

“When are you going to go?”Cen Shaoqing asked.

““About ten days later,”ye Zhuo continued, “There are still a few days until my mother’s birthday. I plan to celebrate her birthday before I leave.” ”

“Okay.”Cen Shaoqing nodded slightly.

“Ye Zao took out the jade fragment from the groove and continued, “How did you know that the jade fragment had to be broken before it could be used?” She had studied the jade for a very long time, but she still could not figure out the secret behind it. ”

“After a long period of separation, it would definitely be reunited, and after a long period of separation, it would definitely be divided. ”

“All things in the world, there were all sorts of changes, and they would not deviate from each other’s principles. ”

The energy within the jade fragment was like nine links. It had to be broken before one could see the secret within.

“I guessed.”Cen Shaoqing’s eyes were deep and he could not see the bottom.

“After saying that, Cen Shaoqing looked at ye Zao and continued, “Zao Zao, have you recovered all your memories?” ”

“Yes.”Ye Zao nodded slightly.

“Ever since the last hypnosis, her memories had been almost completely estranged. ”

This was the main reason why she could not wait to return to the Chang Yue Kingdom.

She wanted to find out the whole truth.

“”I have something to show you,”Cen Shao Qing said proudly. “Burning, come with me.” ”

“Okay.”Ye burning followed Cen Shao Qing’s footsteps.

Cen Shao Qing brought ye burning to the office and took out a green chip to pass to ye burning.

“Do you recognize this?”

“Ye burning took the chip and frowned slightly. After a while, she said slowly, “This is the chip of the core robot, but this thing should only be found on high level space civilizations, where did you come from?” ”

“From its appearance, the core robot was no different from humans. ”

It had its own emotions and consciousness.

“However, they were different from humans. They didn’t need to breathe, they didn’t feel pain, they didn’t know how to taste, and they didn’t know how to feel hungry, but they needed to be charged. ”

“However, the high-level core robot didn’t need to be charged, it only needed to be charged once a week. ”

“For example, the chip in Cen Shaoqing’s hand was from the high-level core robot! ”

“Earth’s space civilization was still developing, so they couldn’t produce such a core robot yet. ”

““Core Robot?”CEN Shaoqing asked, “So this means that this thing probably came from s Galaxy?” ”

““I’m not sure,”ye Zhuo continued, “I’ll go decipher the code on it.” ”

Cen Shaoqing followed ye Zhuo’s footsteps.

“Ye Zao came to the machine room, took out a dedicated computer, and began to decode it. ”

“Although the core robot was a product of the advanced universe, Ye Zao was still a big shot from the S Galaxy after all. Deciphering such a thing was not difficult for her.”
