

## Almighty D 1991

Chapter 1991: 417: locate sunken ship 2

“In less than thirty minutes, ye Zhuo had deciphered all the information.”

“Cen Shaoqing continued to ask, “How is it?” ”

Ye Zhuo’s expression was a little complicated. “It’s from the S Galaxy.”

“After saying that, she continued, “When did you discover this?” ”

“The first time was ten years ago.”Cen Shaoqing’s tone was a little heavy. “The last time was three years ago.”

“Ten years ago, Cen Shaoqing was 23 years old. ”

“Three years ago, Cen Shaoqing was 30 years old. At that time, he had just met ye Zao. ”

Ye Zao frowned slightly.

This meant that these core robots had nothing to do with her.

““However, maybe it was even earlier. After all, these core robots are good at disguising themselves.”CEN Shaoqing continued, “Every time I find them, they immediately activate the auto-destruct mode.” ”

“On the surface, the core robots looked exactly like normal humans. ”

Whether it was the skin temperature or the accent.

“Most importantly, they had their own emotions, and they would even fall in love with humans.”

“The first core robot that Cen Shaoqing found was a candidate who came to the CEN Group. At that time, this core robot had worked in the marketing department for a year.”

“During this period, his colleagues, including his friends and even his lovers, did not notice his abnormality.”

“Later, because of the excellent performance of the core robot and the fact that Cen Shaoqing had a secretary by his side.”

So his assistant arranged for him to come over.

“Three days later, Cen Shaoqing saw the difference in him. After asking in detail, the core robot actually short-circuited and self-destructed.”

“At this time, Cen Shaoqing began to pay attention to the abnormality of the CEN Group.”

And smoothly investigated the other three core robots from the CEN Group.

“Ye Zhuo turned his gaze to Cen Shaoqing, his red lips slightly opening, “Do you know where these core robot men came from?” ”

Cen Shaoqing shook his head slightly.

““The General Alliance,”ye Zhuo replied.”

“Where is the General Alliance?”Cen Shaoqing asked.

“Ye Zhuo explained, “There are a total of three countries in the S galaxy, they are Changyue country, the insect race, and Manxing country. These three countries are all under the control of the General Alliance. Your Core Robot Chip came from the General Alliance!” ”

“Hearing this, Cen Shaoqing narrowed his phoenix-like eyes. A dangerous look flashed across his eyes. ”

Ye Zhuo was also somewhat puzzled.

“Earth was several million light years away from the S galaxy. Most importantly, the general alliance strictly prohibited anyone from landing on Earth in the S Galaxy. ”

“Not only that, the General Alliance also clearly stated that all life in the S galaxy could not break the natural laws on Earth. ”

Why would the General Alliance not follow the rules?

“Did these core robots do anything to hurt you?”Ye Zhuo continued to ask.

“Since the general alliance had arranged for the core robots to come, there must be a purpose! ”

The resources on Earth were not rich. What secrets did the General Alliance have?

““Not really,”Cen Shaoqing continued, “I discovered that after the first core robot entered self-destruction mode, the second one I observed for a period of time and discovered that they seemed to be transmitting information to some mysterious power.” ”

But it was a pity.

The anti-detection ability of these core robots was very strong.

“Cen Shaoqing originally wanted to observe for a period of time, but he was quickly discovered by the core robots.”

“After these core robots discovered that they had been exposed, they immediately activated self-destruction mode.”

Transmitting information?

Ye Zhuo narrowed his eyes slightly. What information were these core robots transmitting to the Allied countries?

What kind of message on Earth was worth the attention of the main alliance?

“After a while, ye Zao continued, “Based on what I know, the first main alliance of the main alliance is from Earth. Could it be that they are looking for something? Other than sending messages, did you notice anything else?” ”

Even though Earth’s space civilization level was not high.

“But earth had its own charm. It was the birthplace of humanity, so it contained countless treasures.”

“For example, the plain jade.”

Ye Zao never thought that the plain jade could become a perpetual motion machine.

““There’s no such thing.”Cen Shaoqing shook his head slightly. “Every time I found a clue, they self-destructed.” ”

“Ye Zao continued, “This shows that they are afraid of being discovered by you. To be precise, the people in the General Alliance are afraid that you will find them.” ”

“I now suspect that the shipwreck of my father’s ship is related to these core robots.”

“All these years, he had been looking for an opportunity to tell his mother about this. ”

“But he was afraid that the greater the hope, the greater the disappointment. ”

Zhou Xiang had already experienced disappointment once.

Cen Shaoqing could not bear to see his mother experience disappointment once again.

“Moreover, discovering the core robots was not a small matter. If he was not careful, it would cause global chaos. ”

Chapter 1992: 417: locating the sunken ship 3

“According to current human knowledge, humans were the masters of the universe. ”

“Once other people knew that there was a more powerful civilization in this world, it would definitely cause global chaos, and the consequences would be unimaginable. ”

“Therefore, all these years, Cen Shaoqing had kept these things in his heart. ”

“After knowing ye Zao, he originally wanted to return to the ordinary and stop studying these things. ”

“However, Ye Zao was not an ordinary person. ”

“Therefore, Cen Shaoqing picked up these things again. ”

“Since he wanted to investigate, he had to investigate it clearly. ”

“Ye Zao nodded slightly. “I heard that the ship that uncle died in can accommodate more than 1,300 people, right?” ”

“Under normal circumstances, if the ship sank due to bad weather, it would more or less be salvaged. ”

“But so far, Cen Shaoqing had only found a piece of iron sheet. ”

This was very unusual.

“Yes.”Cen Shaoqing nodded slightly.

“Can you take me to the scene of the incident to take a look?”Ye Zhuo continued.

“Yes.”

Ye Zhuo put the chip back to its original place. “Let’s go now.”

“Okay.”

“The two of them took the aircraft carrier. First, they returned to Cen’s base, and then they took a plane to country Y. ”

“Unlike the speed of light on an aircraft carrier, the flight to country Y took five hours. ”

“When the two of them arrived in country Y, it was already past nine o’clock in the evening. ”

Cen Shaoqing arranged for someone to meet them at the airport.

Ye Zhuo was too tired. She had been sleeping in Cen Shaoqing's arms for the past five hours.

"When they got off the plane, Cen Shaoqing wanted to carry her out directly. "

"However, as soon as the plane landed, she opened her eyes. "Have we arrived?" "

"Because she had just woken up, her voice was still slightly hoarse. "

"Yes."Cen Shaoqing nodded slightly.

"What time is it?"Ye Zhuo continued to ask.

"Cen Shaoqing looked at her watch and said, "9:32 pm." "

"OH."

"CEN Shaoqing continued, "Let's have a good rest tonight. We'll set off for X Continent Tomorrow Morning." "

"Back then, Cen Haifeng had a shipwreck in the waters of x continent. "

"Okay."Ye Zhuo nodded slightly.

The two of them walked out of the airport.

"The people Cen Shaoqing arranged to receive them were all foreign faces, but they spoke very standard Mandarin. "

“Fifth master, Miss Ye.”

Cen Shaoqing nodded slightly and carefully escorted Ye Zhuo into the car.

“Soon, they arrived at the hotel.”

Cen Shaoqing had booked a suite.

There was a master bedroom and a second bedroom in the suite.

“Cen Shaoqing was not used to other people entering and leaving his own place. He personally put their luggage in the room and turned to look at Ye Zhuo. “Leader, you’ll be staying in the master bedroom.””

Ye Zhuo deliberately teased him and raised his eyebrows. “Why don’t We Stay Together?”

“Cen Shaoqing’s ears turned red for a moment. “Ancestor, don’t tease me anymore.””

He could not take teasing.

Ye Zhuo chuckled. “Why are you blushing?”

Cen Shaoqing glanced at her. “I’m too thin-skinned. I Can’t take it.”

He really couldn’t take it!

“Whenever he thought of that matter, his heart would easily go wild and his face would turn red.”

““Alright, Alright, Alright. I Won’t say anymore.”Ye Zhuo continued, “It’s getting late. You can kneel and rest.””

Cen Shaoqing nodded slightly. “I live next door. Call me if you need anything.”

“Okay.”

“Although he had slept for five hours on the plane, Ye Zao was still a little tired. After taking a bath in rose essential oil, he went to bed.”

Cen Shaoqing was not as relaxed as ye Zao. He first took a cold shower and then drank a large bottle of ice cola before he slowly calmed down.

He never liked things like cola.

But ye Zao liked to drink it.

“As long as it was something ye Zao liked, he would not dislike it too much.”

“After drinking a bottle of cola, CEN Shaoqing wore a white bathrobe and lay on the chair. Sometimes, he held a buddha bead and lit a cigar with his other hand.”

“The fresh smell of tobacco was swallowed down, and the hot feeling in his heart faded a lot.”

“His exquisite face, which looked like a knife carving, was blurred in the smoke.”

He exuded a noble air.

He did not know what was wrong with him.

“The little girl only said a few words, but he could not control himself.”

“Thinking of the words he heard in the business world a few days ago, Cen Shaoqing could not help but chuckle.”

Had he really been vegetarian for too long?

“After smoking a cigar, Cen Shaoqing remembered that ye Zhuo had said that he smoked a lot. He put down his second cigar and went to the bathroom to brush his teeth.”

It was rare for him to lose control of himself like this.

“Unless, the person was ye Zhuo.”

At eight o'clock the next morning.

Ye Zhuo came to the living room dressed neatly.

Chapter 1993: 417: locate the sunken ship 4

“As soon as she walked into the living room, she saw that Cen Shaoqing was already sitting on the sofa reading the newspaper.”

He was still holding the string of Buddhist beads in his left hand.

“The sunlight shone in from the window on his left, and it coated his body with a shallow layer of golden light.”

It was especially beautiful.

“Why are you up so early?”

Ye Zhuo walked over.

“Biological clock.” Cen Shaoqing closed the newspaper. “What do you want to eat in the morning? Should I get someone to send it over?”

“”Just eat something.” Since the food in country Y was terrible, she decided not to be picky. ”

Cen Shaoqing nodded slightly.

“Soon, a waiter brought breakfast over. ”

It was a very Chinese breakfast.

“Crystal buns, rice noodles, porridge, steamed buns, sour beans, bacon... ”

They were all things that ye Zao liked to eat.

“It’s rare to get such an authentic breakfast in the x continent.” Ye Zao sat down and prepared to eat.

“Last night, when ye Zhuo saw that the people who came to pick them up were all natives of country Y, he thought that there were no Chinese here. ”

Cen Shaoqing drank a mouthful of soy milk. “Do you think those people are raised for Nothing?”

Cen Shaoqing’s power spread all over the world.

“You’re right.” Ye Zhuo drank a mouthful of white porridge and then said, “By the way, when do we set off?”

“In an hour.” Cen Shaoqing held the Buddha bead in his left hand. “This place is not far from the accident area.”

“Okay.” Ye Zhuo finished half of the bowl of porridge and handed the rest to Cen Shaoqing. “Eat it for me. I want to eat rice noodles.”

“Knowing ye Zhuo’s habit, Cen Shaoqing only asked someone to make a bowl of porridge.”

Cen Shaoqing took the rest of the porridge.

Ye Zao began to eat the rice noodles.

The fresh shrimp and spicy rice noodles were more authentic than the ones made in China.

“Originally, it was not suitable to eat anything too heavy in the morning, but ye Zao ate half a bowl of porridge, so it was not a big deal.”

“After breakfast, the two of them boarded the yacht and headed to the area where the accident happened.”

“The weather was good today. The sea was calm, and the blue sea was peaceful. Occasionally, a few seagulls flew by.”

“According to the report, the cruise ship my father was on had an accident here.” Cen Shaoqing stood in front of the railing of the yacht and looked at the deep sea in front of him. His expression was unclear.”

The sea wind blew his clothes.

His clothes fluttered.

It was as if he could ascend to immortality at any time.

Ye Zhuo picked up the observation mirror and looked at the sea area seriously.

“From the looks of it, this sea area was no different.”

“Are you sure that the accident happened here?” Ye Zao looked at Cen Shaoqing and asked.

“Cen Shaoqing nodded slightly. “According to the report, it’s like this.” ”

“At this moment, ye Zao seemed to have seen something and continued, “Steer the yacht to the nine o’clock direction for ten kilometers.” ”

“Okay.” Cen Shaoqing nodded slightly and immediately pressed the communication device beside his ear to order his assistant.

The yacht immediately sped towards the nine o’clock direction.

“Soon, it reached the nine o’clock direction.”

“Ye Zhuo put the precision swimming instrument developed by the base on his wrist and said, “I’ll go down and take a look. Wait for me up there.” ”

“Okay.”

“Ye Zhuo took off his white coat and revealed his black halter top. Before Cen Shaoqing could react, he jumped into the sea.”

Splash.

Water splashed on the surface of the sea.

“Be careful!” Cen Shaoqing said.

“Ye Zao swam on his back and floated on the surface of the water. He smiled at CEN Shaoqing and said, “I know.” ”

“Her swimming skills were very good. Without any equipment, she could hold her breath in the water for almost ten minutes. ”

“With the swimming equipment, there was no problem for her to stay underwater for one to two hours. ”

“Although the swimming equipment developed by the base was very small and looked like a watch, its function was much better than an oxygen tank and a diving suit! ”

“As long as one could swim, they could freely breathe in the sea for more than two hours with it. ”

“After talking to Cen Shaoqing, Ye Zhuo dived into the sea like a smart mermaid. ”

Cen Shaoqing watched her as she dived into the bottom of the sea bit by bit.

“Her skin was very white, and it was especially eye-catching against the blue sea water. ”

“After ye Zao dived into the sea, he found that there was a deep and bottomless trench hidden in the sea. ”

It was also because of ye Zao's strong psychological quality.

"If it was anyone else, they would have long fainted standing in front of such a trench."

"After thinking for a moment, ye Zao decided to swim in and take a look."

She had always been a person of action.

"That was what she thought in her heart, and she immediately did so."

"The deeper she swam, the darker the light became. In the end, everything before her eyes turned pitch black."

Ye Zao frowned slightly and turned on the light button of the swimming apparatus.

Chapter 1994: 417: locate sunken ship 5

"In an instant, a beam of light shone ahead."

Ye Zao continued to swim forward.

"Although the depths of the trench were pitch black, there were still all kinds of marine life."

Some fish even ye Zao couldn't name.

But it looked very delicious.

“If ye Zao didn’t have business, he would definitely catch one and taste it.”

Time passed by slowly.

Cen Shaoqing had been standing in front of the yacht waiting for her.

“It had been an hour and fifty-three minutes since they agreed on two hours, but there was still no movement from ye Zao’s side.”

“Cen Shaoqing’s expression did not change. He only held his hand on the railing. Because he had used too much strength, his knuckles had turned slightly white.”

He was a little worried.

Could it be that ye Zao had encountered some danger at the bottom of the sea.

“Just as Cen Shaoqing was about to dive into the submarine, a person suddenly appeared on the surface of the water.”

““Cen Shaoqing, I’m back.””

She looked at Cen Shaoqing with a faint smile on her face.

“The black halter top contrasted with her jade-like skin, making her appear black and white.”

Her black hair was completely draped behind her head under the baptism of the seawater.

“If there was one sentence that could describe the scene at this moment, it would be:”

“Natural decoration, clear water out of hibiscus.”

Cen Shaoqing took out his phone and captured the most beautiful scene.

“After taking the photo, Cen Shaoqing put his phone into his pocket and walked to the deck. He reached out his hand and said, “Come up quickly.” ”

Ye Zao swam over and put his hand on his.

Cen Shaoqing held her hand tightly and pulled her up gently.

“Maybe it was because he couldn’t hold back his strength, or maybe it was because of other reasons, Ye Zao fell directly into his arms after he landed on the deck. ”

“No matter what kind of clothing material it was, it would become transparent after being wet by the water. ”

Ye Zao’s body was very full.

“As long as Cen Shaoqing lowered his head, he could see that it was about to come out. ”

Don’t look when it’s indecent.

Cen Shaoqing silently moved his gaze away and looked at the surface of the sea.

“”I found a trench at the bottom of the sea, and then...” ”

“Before ye Zao could finish his sentence, Cen Shaoqing picked up a dry towel at the side and draped it over her shoulder. “The sea water is cold. Go take a shower first. Put on your clothes and come out. Be careful not to catch a cold.” ”

“Alright.” Ye Zao wrapped the towel tightly and ran in the direction of the bathroom.

He finally left.

“Cen Shaoqing heaved a sigh of relief. He walked to the refrigerator, opened the door, and took out a bottle of iced coke.”

Gulp Gulp.

“In less than a minute, the bottle of coke was empty.”

Cen Shaoqing threw the empty bottle into the trash can five meters away. He stood on the deck and blew at the sea breeze for a while before Ye Zao walked out.

““I found a trench at the bottom of the sea.” Ye Zhuo continued, “And I found a sunken ship in the trench.” ”

“Really?” Cen Shaoqing’s expression changed.

“Ye Zhuo nodded slightly and took out his phone. “Look, is this sunken ship the same as uncle’s?” ”

Cen Shaoqing took the phone and immediately shook his head slightly. “It’s not the same ship.”

“Isn’t it?” Ye Zhuo took the phone. “Do you have a photo of that ship? Let me take a look.”

“Yes.” Cen Shaoqing nodded slightly. He took out the phone and took out the photo that had been preserved for many years.

“Ye Zhuo took the phone and took a look. He then said, “Do you think it’s this ship?” ”

“After saying that, he took out the phone that had already been put into his pocket with his left hand. He opened the photo and took out another photo of the sunken ship.”

“When he saw this photo, Cen Shaoqing’s pupils constricted. “It’s this.” ”

““It’s This?”Ye Zhuo frowned slightly and continued, “I went in to take a look at this sunken ship. It doesn’t look like an accident. It looks more like a man-made intervention. Moreover, there are no human remains inside.” ”

“Under normal circumstances, the ship would have been overturned at the bottom of the sea by the huge waves. The things inside, including the surface of the ship, would definitely be damaged.”

“However, after ye Zao went in to take a look, he found that every piece of decoration inside was intact.”

“It was just that it had been immersed in the sea for too long, and there were many sea creatures growing inside.”

“Most importantly, there were more than 1,300 people on the ship back then. Even if all the people on the ship had been eaten up by fish due to the sinking of the ship, there should still be debris left behind.”

“However, there wasn’t any.”

“Judging from the condition of the ship’s preservation, there shouldn’t be any giant sea creatures nearby. If there were giant sea creatures, the various decorations on the ship had already been decorated, so it was impossible to preserve them completely.”

“In other words, the people on the ship should have been moved away before the ship sank!”

“Are you sure?”Cen Shaoqing looked at Ye Zhuo.

“Ye Zao nodded slightly. “Yes, I’m sure. Why don’t I accompany you down to take a look?” ”

“Can you still hold on with your physical strength?”Cen Shaoqing asked.

“”No problem,”ye Zao said. ”

Chapter 1995: 418: The Great Scorch returns to the state of Changyue and begins to torture the SCUM!  
1

“However, Cen Shaoqing was still a little worried. “Why don’t we wait and come back tomorrow to take a look?” ”

“”No need. It’s fine today.”Ye Zhuo took out the swimming apparatus and continued, “Stretch out your hand.” ”

Cen Shaoqing stretched out his right hand.

Ye Zhuo helped Cen Shaoqing put on the white swimming apparatus.

“That’s enough. Let’s go down.”

Cen Shaoqing nodded slightly and started unbuttoning.

“His figure was very good. He had only unbuttoned a few buttons, but he could already see the muscle lines hidden in the fabric. ”

“The unique scent of a male’s hormones was bursting. Moreover, the scene was so pleasing to the eye. ”

Ye Zao was stunned. "Why are you taking off your clothes?"

Cen Shaoqing curled his lips slightly. "You Guess."

Guess...

Guess what?

The blazing sun on the sea burned one's face. Ye Zao looked at him and his footsteps were a little unsteady. He took a few steps back with a dazed look on his face.

Behind him was the mast that hung the canvas.

Ye Zao's back was directly pressed against the mast.

"Cen Shaoqing walked over step by step. The sunlight shone from behind him, making it difficult to see his face clearly. However, that pair of exquisite Phoenix eyes could not be ignored."

There was an aura of looking down on the world.

"Cen Shaoqing placed both of his hands on the mast. His clothes were half-undone. He leaned slightly and trapped her between him and the mast. He was tall and had long legs. Now That Ye Zhuo was trapped by him, there was nowhere to escape. The man's Deep Phoenix eyes were locked onto her, the depths of his dark eyes could not be seen. There was an undetectable danger hidden within them."

It was like a fierce tiger that had locked onto its prey in the dark.

"Ye Zao gulped. For some reason, she was actually a little nervous."

She had seen a ghost.

“In the S galaxy, she had encountered all kinds of danger, but she had never been this nervous before.”

““You, what do you want?” ”

“Cen Shaoqing looked at her. “The blue sea and the blue sky, a man and a woman alone, not dressed properly. What do you think I want to Do?” ”

“Usually, ye Zhuo would tease him. Now that he had suddenly become the host, she was not used to it.”

“Seeing that his face was getting closer and closer, ye Zhuoyu’s face became redder and redder.”

Her heart was beating faster and faster.

“In the next second, Cen Shaoqing laughed lightly.”

Ye Zhuo also reacted at this time and raised his leg to kick CEN Shaoqing.

“Hiss!”Cen Shaoqing raised his leg. “You murdered your husband!”

“Serves you right!”Ye Zhuo raised his leg to kick him again.

Cen Shaoqing did not Dodge and just let her kick him.

Ye Zhuo’s kick was not light. “Why didn’t you Dodge!”

““As long as you’re happy, leader.”Cen Shaoqing’s tone was low.”

“Ye Zhuo smiled and said, “In terms of eloquence, you’re number one. No one would dare to claim that you’re number two.” ”

Cen Shaoqing imitated ye Zhuo’s usual manner. “Keep a low profile. This is all because the leader usually trains you well.”

““Don’t be so poor.”Ye Zao smiled and said, “Hurry up. The Sun will set soon.” ”

Cen Shaoqing nodded slightly and took off his robe. He jumped into the sea and looked up at her. “Leader.”

Ye Zao happened to be wearing a t-shirt. He was too lazy to change his clothes. He took off his shoes and jumped directly into the sea.

CEN Shaoqing rarely swam.

“When he was 20 years old, he still had a severe deep-sea phobia. However, he had gotten much better in the past two years. ”

“But at this moment, looking at the blue sea, he was still a little nervous. ”

“At this moment, his right hand was held by someone. ”

“When he turned around, he saw a face as clear as a painting. ”

It was inconvenient to talk in the water.

But the tacit understanding between the two had reached the point where one could understand what the other was trying to say with just one look.

Ye Zhuo brought Cen Shaoqing to the trench.

The trench was very deep.

They swam for a long time before they reached the sunken ship.

The two of them looked at each other and swam into the sunken ship.

“Just as ye Zhuo had said, there was nothing like human remains inside the sunken ship. ”

It was as if everyone had disappeared before the sunken ship.

Cen Shaoqing took out his waterproof phone and took a few photos.

They looked inside and out of the ship before they swam out of the sea.

Ye Zhuo looked at Cen Shaoqing. “How is it? Have you found your thoughts?”

““Not for the time being,” cen Shaoqing continued, “Let’s go back to the yacht and change our clothes before we talk in detail.” ”

“Continent X was located at the southernmost tip of the Earth. It had been under the Sun for a long time, so the difference in temperature between day and night was extremely large. At this time, the sun was gradually setting in the west. Ye Zhuo was also a girl. If he kept doing this, his body would not be able to take it. ”

“Okay.”Ye Zhuo nodded slightly and boarded the yacht with Cen Shaoqing.

“After returning to the yacht, Ye Zhuo went into the bathroom. After taking a simple shower, he walked to the deck. ”

Cen Shaoqing had already changed his clothes and was lying on the deck chair watching the sunset.

Chapter 1996: 418: The Great Scorch returns to the state of Changyue and begins to torture the SCUM!  
2

The sunset on the sea was especially spectacular.

The sunlight dyed the surface of the sea a golden yellow.

Ye Zhuo walked over and laid down on another chair.

“Leader.” Cen Shaoqing turned her eyes slightly and looked at Ye Zhuo.

“En.” Ye Zhuo turned back to look at her.

“”Tell me, why can’t we find any remains on the shipwreck?” Cen Shaoqing continued to speak. ”

“Ye Zhuo continued, “Do you think the captain realized the danger and moved them ahead of time? Coincidentally, after they moved, they encountered pirates again?” ”

“If that was really the case, then it would be easy to explain. ”

“After the island moved all the people on the ship, they manually intervened and sank the ship to the bottom of the sea. ”

“Therefore, no remains could be found in the sunken ship in the trench. ”

“Cen Shaoqing frowned slightly, “Impossible. After the sunken ship incident, the higher-ups arranged for people to investigate the pirates on the nearby islands. “Moreover, there were more than 1,300 people on the ship at that time. Including the guards and the like, there were close to 1,400 people. If they really encountered pirates, it was impossible to not find any traces of fighting on the ship.” ”

“What kind of pirates could make more than 1,300 people disappear from this world without a sound. ”

It was impossible!

“There was also a high-ranking official of C Nation on the sunken ship. Therefore, after the incident, C Nation joined forces with several other countries of x continent to seal off the surrounding waters. ”

“Do you think that this sunken ship is related to the core mechs that were lurking around me?”Cen Shaoqing looked at Ye Zhuo.

“Other than a higher civilization that could make more than 1,300 people disappear out of thin air, CEN Shaoqing could not think of any other reason. ”

““It’s hard to say,”ye Zao continued, “If it’s really related to the core robots, then your Cen family must have a big secret.” ”

“Otherwise, the General Alliance would not have sent out the core robots to cause trouble. ”

“First, it was Cen Shaoqing’s father, then it was Cen Shaoqing. ”

“But under normal circumstances, the alliance wouldn’t target any family on Earth. ”

Because there was no need.

“After all, the space civilization in S galaxy was several levels higher than Earth’s. ”

“Furthermore, the alliance had a clause stating that no country or individual in s galaxy could do anything to disturb Earth’s public order. ”

There was no need for the general alliance to slap themselves in the face.

Besides.

The S galaxy was millions of light years away from Earth.

“Although the General Alliance was technologically advanced, it still needed to spend some effort to come to Earth. ”

Big Secret?

What kind of secret did Cen Jiang have that was worth the general alliance of the S Galaxy putting in so much effort?

Cen Shaoqing was also puzzled.

“Ye Zhuo picked up a dry towel from the side of the chair and wiped his hair. “Right, in the past few years, did anything strange happen to your family?” ”

Anything Strange?

“Cen Shaoqing massaged his temples and continued, “If you really want to talk about strange things, there is one.” ”

“”Tell me about it,”ye Zhuo said with interest. ”

“Cen Shaoqing’s thin lips parted slightly. “That is, the men of our Cen family all have short lives.” ”

“At this point, Cen Shaoqing suddenly thought of something.”

That Was...

Dead without a corpse!

“CEN Shaoqing continued, “My grandfather had an accident while he was doing business overseas. When my grandmother rushed over, he was already cremated. My father was shipwrecked and his body has yet to be found.” ”

“Ye Zhuo narrowed his eyes. “In that case, your grandfather and your father’s deaths have one thing in common.” ”

Accident.

“They were all accidental deaths, and there were no corpses.”

Cen Shaoqing nodded slightly. “Yes.”

“What about your great-grandfather?”Ye Zhuo continued to ask.

“CEN Shaoqing continued, “Great-grandfather was from the Qing dynasty. I don’t know the exact reason, but I know that he passed away at the age of 32. “Furthermore, I’ve flipped through the family tree. Five generations up, those ancestors all passed away young.” ”

Ye Zhuo frowned slightly.

Died Young.

Why did the Cen family die young?

“Did they also die by accident?” Ye Zhuo asked.

“Yes.” Cen Shaoqing nodded slightly. “Basically, there were all kinds of accidents. Missing, mudslides, earthquakes, they were all missing.” Therefore, many of the Cen family’s ancestors’ graves were covered with cenotaph. ”

“In the past, he didn’t pay attention to these details. Now that he thought about it, it was simply terrifying. ”

“If they didn’t die, where did they go? ”

Were they brought to the s galaxy by those core robots?

“Hearing this, Ye Zhuo’s brows furrowed deeply. ”

“If that’s the case, then 80% of the shipwreck accident must be related to those core robots.” ”

Chapter 1997: 418: The Great Scorch returns to Chang Yue and begins to torture the SCUM! 3

“Leader.” Cen Shaoqing suddenly turned to look at Ye Zhuo.

“Go Ahead,” ye Zhuo said calmly. ”

“CEN Shaoqing continued, “Can you give me a copy of the information on the General Alliance of the S Galaxy?” ”

“Knowing Yourself and your enemy, you will win every battle. ”

He had to figure out this General Alliance system.

“Sure.”Ye Zhuo nodded slightly. “I’ll sort out a copy for you tonight.”

“Okay.”

“At around eight o’clock in the evening, ye Zao sorted out the general information of the Allied countries and sent it to Cen Shaoqing’s email. ”

“After receiving the document, Cen Shaoqing immediately opened it and studied it. ”

Cen Shaoqing didn’t sleep until the next morning.

“Ye Zao went to the restaurant in the morning and didn’t see Cen Shaoqing, which was especially strange, so he knocked on his door. ”

“Come in.”Cen Shaoqing’s voice came from inside.

Ye Zao pushed the door open and entered. He saw Cen Shaoqing sitting in front of the computer with a slightly cold expression.

“You didn’t Sleep Last Night?”Ye Zao asked in surprise.

“I’m fine.”Cen Shaoqing held the Buddha beads in one hand and the mouse in the other. “I can sleep on the plane later.”

“That’s fine too. Let’s go eat something first. We’ll be leaving soon.”

“Okay.” Cen Shaoqing nodded slightly and stood up to follow ye Zhuo’s footsteps.

“When they arrived at the restaurant, the two of them ate.”

“At 9:30 am, they boarded the plane on time.”

“After boarding the plane, Cen Shaoqing lay down on the chair to rest.”

“At 2:30 pm, the plane arrived at the capital airport on time.”

...

On the other side.

S galaxy.

Duanmu family.

Duanmu Feng and her daughter were sitting on the sofa. “What exactly is the grand tutor going to do to bring young master back?”

“Don’t worry, you can’t be impatient.” Mrs. Duanmu, who was dressed in luxurious clothes, patted her daughter’s hand. ”

“Duanmu fengyu frowned and said, “What kind of stupid rule is this! They have to get married and have children on Earth in order to bring him back! What’s so good about the bloodline of a low-level earthling?” ”

“Upon hearing this, Mrs. Duanmu’s face turned pale and she immediately reached out to cover Duanmu Fengyu’s mouth. “My little ancestor, you can’t say these words carelessly.” ”

It was true that Earthlings were inferior.

But how could these words be said carelessly?

“If people heard this, they might make a scene about the DUANMU family.”

It was extremely cold at the top!

“Duanmu fengyu said somewhat speechlessly, “I told you so! Let’s see who dares to find trouble with me!” ”

“”Five thousand years ago, the first batch of humans that appeared in our S galaxy were Earthlings,”Mrs. Duanmu continued, “To a certain extent, we are all Earthlings.” ”

Duanmu Fengyu did not speak.

“”How long ago was that? As long as I’m not an Earthling Now!”Duanmu Fengyu’s eyes flashed with ridicule, “5,000 years ago, our ancestors were able to cross millions of light years to arrive in the s galaxy. However, those low-level earthlings were unable to do so. This is enough to prove that their earthlings have nothing to do with us!” ”

Duanmu Feng went to Earth once when she was very young.

“At that time, the humans on earth still had pigtailed that wrapped around their feet. They also had a serious preference for boys over girls. Therefore, she didn’t have a good impression of earth.”

Little did she know.

“After so many years, earth was no longer that Earth.”

“Mrs. Duanmu was too lazy to argue with her daughter. She continued, “It’s fine if you tell me this at home, but you can’t tell me this outside.” ”

“Duanmu Fengyu didn’t say anything. She lowered her head and looked at Mrs. Duanmu. “Mom, I want to go to Earth to take a look recently.” ”

“You’re Crazy!” Mrs. Duanmu’s face turned pale.

“Earth wasn’t a place that could be visited casually. “If you disrupt the normal lives of people on Earth, not only you, but the entire Duanmu family will be implicated!” ”

Who Was Earth’s backer?

“Of course, it was the main alliance. ”

“Don’t you still have my aunt?” Duanmu Feng asked.

“Have you forgotten your aunt’s surname?” Mrs. Duanmu asked.

The entire duanmu family would be implicated. Would Duanmu Fenfei be spared?

“Duanmu Feng hugged Mrs. Duanmu’s arm and said, “Mom, I promise you that I will not cause any trouble. I just want to take a look at young master from afar.” ”

“No.” Mrs. Duanmu directly denied it.

“Mom!” Duanmu Feng and Mrs. Duanmu hugged her arm and began to act coquettishly.

“”Feng and, I can promise you anything else, but this matter is out of the question!” Mrs. Duanmu continued, “Don’t think that I don’t know what you are thinking! Suppress your little thoughts and don’t think about what you shouldn’t think!” ”

Duanmu Fengyou bit her lip unwillingly.

She was truly unresigned.

She was unresigned that every general alliance had the bloodline of Earthlings.

Chapter 1998: 418: The Burning Sun returns to Chang Yue and begins to torture the SCUM! 4

What right does a low-level earthling have?

“Seeing her like this, Mrs. Duanmu continued, “Fengyou, your bright future is still in the future. Don’t do anything that will destroy your future.” ”

Duanmu Fengyou nodded.

Chang Yue.

Qiu Di had been preparing for the general election these few days.

“However, there were still two things that had not been resolved. ”

“First, collecting the clothes spirits. ”

“Second, opening the information on the trans-star case. ”

Qiu Di massaged his temples with a slight headache.

“At this moment, his assistant knocked on the door from outside, “Eldest miss.” ”

“Come in.” Qiu Di raised his head.

The assistant raised his feet and walked in.

“What is it?” Qiu Di asked.

“The sixth clan leader is looking for you.” The assistant said.

The sixth clan leader?

“Among the eight great clans, the sixth clan leader was the most ordinary. Usually, it was almost impossible to notice him.”

“At this time, what was the sixth clan leader looking for her for? ”

“Let him in.” Autumn flute said.

“Okay.”

The assistant nodded and walked out.

“Soon, the sixth clan leader came in.”

“Miss Autumn.” The sixth clan leader walked in with a smile.

“Of course, Qiu di greeted him with a smile, “Sixth chief, please take a seat.” ”

“The sixth chief sat down on the chair and continued, “The day of the general election is coming soon. I wonder if Lady Qiu is ready?” ”

““As long as all the Chiefs believe in me, I think I will not let down Lady Ye’s request.”Qiu Di said. ”

Her words were telling the sixth chief that everything she did was because of ye Zhuo.

“The sixth chief forced out a smile and continued, “Lady Qiu, take a look at this.” ”

“As he finished speaking, he took out a document and handed it to Qiu Di. ”

Qiu Di took the document. His expression changed and his hands trembled.

“The sixth chief calmly took a sip of tea and continued, “Lady Qiu, don’t Be Nervous. Other than Lady Ye, only I know this secret.” ”

““What do you mean?”Qiu Di looked at the sixth chief, her eyes filled with vigilance. ”

The sixth chief placed the cup on the table. “Lady Ye is already a dead person. Dead people don’t speak. What does Lady Qiu Think I want to Do?”

Qiu Di narrowed her eyes.

“Seeing Qiu di like this, the sixth chief laughed out loud and continued, “Lady Qiu, if I wanted to do something, I would have done it long ago. Would I have waited until now?” ”

“What exactly do you want to Do?”Qiu Di continued.

““Let’s work together.”The six clan leaders continued, “I know that the person behind you is the Great Witch Doctor.” ”

“Tell me your motive.”

“”Lady Qiu is indeed a smart person. No wonder the Great Witch Doctor chose you!”The six clan leaders continued, “After the matter is done, the clothes spirit will belong to me.” ”

The clothes spirit will belong to him?

Wait a minute...

How did the six clan leaders know that the clothes spirit was in her hands.

“The six clan leaders seemed to have seen through Qiu Di’s thoughts and continued, “Since I can know Lady Qiu’s secret, I have a way to find out where the clothes spirit went.” ”

“What do you want the clothes spirit for?”

“”This has nothing to do with you.”The six clan leaders continued, “In order to show my sincerity, I can tell you the method to activate the information of the star crossing case.” ”

“Really?”Qiu Di raised her head and asked.

“A gentleman’s word is his bond!”The six clan leaders said.

“Okay!”

“The six clan leaders took out an electronic contract, “Words have no proof. Sign the contract as evidence to prevent Miss Qiu from forgetting things when the time comes.” ”

Qiu Di carefully looked at the contract and immediately signed her name on the contract.

“The six clan leaders put away the contract and handed a black box to qiu di, “The method to open the information on the star crossing case is here.” ”

Qiu Di took the information.

The Sixth Patriarch went all the way home.

There was a secret room in the Guang family that even the servants didn't know about.

The sixth patriarch walked all the way to the secret room.

“Although it was a secret room, it was extremely bright inside, as bright as day.”

The sixth patriarch went all the way to the room on the left of the secret room.

It was different from the other rooms.

“There was a big iron cage in this room, and in the iron cage was a teenager who looked about eighteen or nineteen years old.”

“The youth's gaze was dull, and he kept smiling foolishly at the place where the lights were.”

“Xing 'er!”

The sixth chief walked over with red eyes.

“Seeing the sixth chief, the youth excitedly clapped, “Toad! hahaha! The toad is Here!” ”

“Xing ‘er, it’s me!” The sixth chief looked at the youth, “I’m Daddy.” ”

“He didn’t know if it was that sentence that provoked the youth, but the youth instantly became extremely agitated. He used his head to slam straight against the iron door, like an enraged lion, “I’m going to kill you! I’m going to kill you!” ”

The iron door was smashed with a loud bang.

“The sixth clan leader saw his only son become like this, and his heart ached so much that tears fell, “Xing ‘er, Xing ‘er, don’t worry. I have already found Yi Ling’s whereabouts. You will soon return to normal! We will soon be able to live a normal life.” ”

Chapter 1999: 418: the scorching sun returned to the Chang Yue country and began to abuse the SCUM!  
5

“That’s right, this youth in front of him was the only son of the six clan leaders. ”

Guangxing.

“Ten years ago, Guangxing had gone insane because he had seen something he shouldn’t have seen. Even now, he was still different from ordinary people. ”

“Normally, it was still fine. ”

“If he had been provoked, he would be like this. Not only would he do things that would hurt himself, he would also do things that would hurt others. ”

The sixth clan leader’s words made the youth in front of him become even more agitated. His eyes widened and were extremely terrifying.

“Murderer, I’m going to kill you!” ”

“The sixth clan leader wept bitterly and knelt on the ground, “I’m sorry, Xing ‘er, it’s Daddy who has let you down! Daddy has let you down!” ”

Bang Bang Bang —

It was as if Guang Xing could break out of the iron cage at any time.

“Looking at his son like this, the sixth chief’s eyes were filled with heartache. ”

It was very heartache.

“But when he thought about how his son would soon return to normal, the sixth chief’s eyes lit up again.  
”

After a long time.

“The sixth chief stood up from the ground, wiped his tears, and turned to leave. ”

“After walking out of the secret room, his expression returned to normal, as if that scene had never happened before. ”

He had just arrived at the hall.

“The butler walked over, “Master.” ”

“What’s Wrong?”The sixth chief turned to look at the butler.

“The butler continued, “The young master has sent a letter.” ”

“The sixth chief said excitedly, “Really? Quickly bring it to me to have a look!” ”

“Really!”The Butler nodded and handed a letter to the sixth chief.

“The sixth chief smiled and said, “Alright, Alright, you can go out first.” ”

The butler bent over and walked out.

The sixth clan leader opened the letter and sat on the sofa to read it carefully.

“In fact, his appearance was just to deceive people. ”

“Guangxing was imprisoned in a dark room by him, where did the young master come from to write a letter to him? ”

“Ten years ago, Guangxing was suddenly stimulated and turned from a normal child into a lunatic. The sixth clan leader had always been a person who cared about face, how could he tolerate his own child being ridiculed by others? Themselves being ridiculed? ”

“If they were discovered that a lunatic had appeared in their Guang family, where would their old face go? ”

“In order to avoid being discovered, he locked Guangxing in a dark room. ”

This lock would last for ten years.

“After that, he announced to the public that Guangxing had been accepted by the General Alliance Military Academy. The General Alliance Military Academy had strict rules and prohibited students from contacting their families during the school period. ”

The only way to contact them was through the oldest method.

Letters.

“Therefore, over the past ten years, the six clan leaders had always created the illusion that Guangxing was receiving training at the Military Academy. No one had ever doubted the truth of the matter.”

Soon.

“Soon, Guangxing would be able to see the light of day again!”

The six clan leaders narrowed their eyes.

...

On the other side.

Lin family.

“After celebrating ye Shu’s birthday, Ye Zhuo set off to the s galaxy.”

She did not tell her family about this. She only said that she was going to stay on Mars for a while.

“Ye Zao was often so busy that he did not return home for a long time. Therefore, his family did not suspect anything.”

Mars.

“Standing in front of the interstellar shuttle, Ye Zao turned to look at Cen Shaoqing. “I’ll be leaving first.”

Cen Shaoqing nodded slightly. "Be careful."

"I will."

"Ye Zao had just pressed down the shapeshifting device on his wrist when he was suddenly pulled into Cen Shaoqing's arms by a domineering force. He hugged her tightly. "Zao Zao, I'll wait for you here." "

""Okay."Ye Zao smiled and said, "Don't worry. I'll rush back immediately after I've investigated everything." "

Cen Shaoqing hugged her tightly and did not say anything.

"He was afraid that if he let go, she would never come back. "

Ye Zao put his arm around his neck and kissed his thin lips with his red lips.

This kiss was more intense than the previous ones.

"A few minutes later, Cen Shaoqing let go of her. Both of them were slightly panting. "

"After a while, CEN Shaoqing continued, "Go early and come back early." "

""Okay."Ye Zao stood on his toes and kissed his lips. Then, he pressed the shapeshifting device and his body rapidly shrank. He entered the interstellar shuttle and activated the button. "

Shoo —

"The next second, the interstellar shuttle directly turned into a ray of light and disappeared in front of his eyes. "

“Cen Shaoqing looked at the direction where the interstellar shuttle had disappeared, unable to regain his senses for a long time. ”

Three days later.

Changyue country.

“Qiu Di was sitting in his office flipping through documents when his assistant hurriedly ran in. “Miss, something bad has happened!” ”

““What’s Wrong?”Qiu Di raised his head, his eyes filled with displeasure. ”

“The assistant continued, “Miss, Miss Ye, Miss Ye is missing!” ”

“Didn’t she die long ago?”Qiu di frowned slightly.

“The assistant said, “The ye family base sent a message saying that Miss Ye’s body is missing.” ”

“What?”Qiu Di’s face turned pale.

How could ye Zhuo’s body be missing?

Could it be...

Ye Zhuo had resurrected?

No.

It was impossible!

“Dr. Maya had studied for 20 years and finally boiled herself to death. However, she could not find any medicine that could bring people back to life.”

The person who stole ye Zao’s body must be ye Zao’s enemy!

He wanted to burn ye Zao’s bones and scatter his ashes.

Yes.

That must be the case.

Qiu Di narrowed her eyes.

“With the election coming up, she could not lose her footing in this place.”

“After calming down, Qiu di made a trip to the detention room.”

Yi Ling was still locked in the detention room.

“Have you thought about it?”Qiu Di looked down at her from above.

Yi Ling was hanging on to her last breath.

“Although there was the intervention of Qiu Chang Zhen, Qiu Di still did not treat her well these days.”

“Instead, she was even more ruthless than before.”

“In the past, she could at least eat her fill once every two days. But now, she could only replenish her energy once every three days, and each time, she was only half full.”

This kind of feeling was very uncomfortable. It was even more unbearable than death.

““Are you still waiting for Your Miss Ye to save you?”The corners of autumn flute’s mouth curled up into a proud arc. “Let me tell you, not only is your miss ye dead, but now, her remains have been stolen and turned into ashes!” ”

“No!”Yi Ling glared at autumn flute. “You’re lying!”

Great Burning was the most powerful great burning in the world.

She wouldn’t die!

No!

“Qiu di continued, “I’ll give you another day to think about it. If you still don’t know what’s good for you, Don’t blame me for being rude!” ”

“Saying that, Qiu di turned around and left. ”

Yi Ling looked in the direction where she disappeared and closed her eyes tiredly.

She felt that she really couldn’t hold on any longer.

When would great burning come to save her?

““Doggie...”at this moment, a clear and shallow voice suddenly appeared in the air. ”

Great Burning!

This voice was great burning.

Great burning came to save it!

“The clothes spirit was extremely excited, but in the next second, it became dispirited again. It did not even bother to open its eyes.”

Auditory hallucination.

It was definitely another auditory hallucination.

“These days, it had heard this kind of auditory hallucination more than once.”

Why isn't he used to it?

Click.

The lock is unlocked.

Chapter 2000: 420: successfully rescue Yi Ling! 1

The door lock had been unlocked.

Could it be that Qiu Di had returned?

She thought about what was going to happen next.

Yi Ling shrunk her body and tried her best to control herself so that she would not tremble.

“Then, a hand gently patted its small head.”

“It patted very gently. Initially, there should not have been any problems, but Yi Ling was now injured. How could she withstand such a Pat? She immediately felt dizzy.”

“Qiu Di, this Bad Woman!”

What on earth did she want to do?

“Not dead! The burning is not dead! She will definitely come to save me!” Yi Ling used all her strength and turned around to glare at the person who patted it. “You Bad Woman, you will definitely get your retribution!”

Seeing the face of the person who came.

Yi Ling was stunned.

“Because the person standing behind it was not Qiu Di, nor ye Han, nor anyone from the Qiu family.”

Who Was She?

“This was a very unfamiliar face. Her skin was slightly dark, her face was round, and freckles grew on both sides of her nose.”

“Her appearance was very ordinary, the kind that could not be found even among the crowd.”

“Doggie.”

“The person spoke softly, her tone clear and shallow.”

“Yi Ling felt that this voice was very familiar. Looking at the person again, she discovered that her pair of eyes were incomparably clear, like the brightest star among the thousands of stars, able to point out people who were lost in the wilderness at any time.”

“Through this pair of eyes, Yi Ling seemed to see another person in an instant.”

It was ye Zhuo.

“After realizing this problem, its eyes instantly turned red.”

Its nose also became extremely sour.

It felt like a child who had been wronged had suddenly seen its parent.

“With its parent here, there would be someone who could back it up.”

“In this world, other than ye Zhuo, there was no other person who could back it up.”

Wow!

“The next second, Yi Ling cried bitterly and said aggrievedly, “Big Zao! Big Zao!” ”

That’s right.

This was ye Zao.

“Although her appearance had changed, she would always remember her eyes.”

“Back then, when Yi Ling opened her eyes for the first time, she saw a pair of eyes like this.”

“Ye Zao reached out both hands and touched Yi Ling’s head. “Doggie, I’m here to bring you home.” ”

“It was a very simple sentence, but it made Yi Ling’s emotions collapse once again.”

Home.

How many days had it been.

It had finally heard this sentence.

““Big Zhuozhuo, you’re finally here!”Yi Ling cried so hard that it was tearing her heart and lungs out. She wished that she could tell ye Zhuozhou all the grievances she had suffered these past few days.”

“Don’t cry.”Ye Zhuoshuang wiped away Yi Ling’s tears. “I’ll avenge you!”

“Yi Ling, who was originally twenty-five kilograms and as fat as a ball, was now covered in long white fur. She weighed less than ten kilograms, and one of her wings was broken.”

Her entire body was covered in wounds and bloodstains.

Just looking at her made people shudder. No one knew what kind of inhuman torture she had gone through these days.

“Upon hearing ye Zao’s words, Yi Ling immediately forgot all the pain. She jumped up and hugged her neck. She cried, “Da Zao Zao, I Knew You Weren’t dead! I knew you would definitely come back to avenge me!” ”

They all said that ye Zao was already dead.

Only it knew.

Ye Zao was not dead.

How could she die when ye Zao was such a powerful person?

“Ye Zao patted Yi Ling’s little head. His eyes were cold. “Sorry, I’m late.” ”

It was her incompetence that had failed to protect the people around her.

“Yi Ling sniffled. “It’s okay, da Zao Zao. As long as you’re okay, it doesn’t matter what happens to me.” ”

“A moment later, ye Zao continued, “Who brought you here? The Qiu Family?” ”

“It was clearly a very faint voice, but it carried a chill that made people tremble in fear. ”

The Qiu family was originally just a very ordinary family.

“Ye Zao didn’t even know that there were people like Qiu Di and Qiu Chang Zhen. She never expected that in just a few months, there would be such a huge change in changyue. ”

““It’s Qiu Di and Ye Han!”Yi Ling continued, “Zao Zao, what exactly happened? Why did they say that you died? Also, Ye Han betrayed us!” ”

Ye Zhuo frowned slightly.

Ye Han betrayed them?

How could it be?

“Ye Zhuo could accept everyone’s betrayal, but he could not accept ye Han’s betrayal.”

“Just as ye Zhuo was about to ask something, Yi Ling blacked out and fainted.”

“Ye Zhuo immediately reached out to catch it, then took out a pill from his pocket and fed it to Yi Ling.”

“After a pill was fed, the wounds on the spirit disappeared at a speed visible to the naked eye.”
