“Chapter 2321: 483: conspiracy, Chaos 3”

Kevin was very angry now. It was because there were many people like Mi Jia Di who were afraid of both the east and the west that country C had come to this point.

“If Mi Jia Di had been a little more daring, he would not have wasted so much time. ”

“At the end of the sentence., kevin added, “The withered plants are real, the dead small animals are real, and the fact that Mars turned into a desert overnight is also real! If ye Zao was acting, would she have paid such a huge price?” ”

“Hearing Kevin’s words, Mi Jia Di began to consider whether he was really wrong. ”

He didn’t think too much!

“Just as Kevin said, no one would lift a rock to hit their own feet, and ye Zao would not take such a risk. ”

“If he missed this opportunity, he would never have such an opportunity in the future. ”

“After a while, he looked at Kevin and said, “Send me everything that Wen Zhi has sent you these past few days.”He needed to verify the authenticity before he could decide whether to sign the bet agreement. ”

“Okay.”Kevin nodded.

“Very soon, Kevin sent the documents to Mi Jia Di. ”

Mi Jia Di’s ability was not to be underestimated since she had reached her current position. She studied the information that Wen Zhi had sent over during this period of time.

Kevin was standing opposite Mi Jia Di.

“After a moment, Mi Jia Di looked up. “You can go out first. I’ll call you when I’m done.” ”

“Okay.” Kevin nodded.

“After around three hours, Mi Jia di finally finished appraising all the information. Finally, she came to a conclusion that all the information was true.”

Mi Jia Di immediately contacted Kevin.

“Kevin also arrived very quickly. “Doctor, have you finished reading it?” ”

Mi Jia di nodded. “You’re right. We only have one chance. We should go and draft a betting agreement right away to take back what belongs to us!”

“After saying that, mi jia di added, “After you’ve drafted the agreement, send it to me immediately. I’ll bring it up to the higher-ups to apply for approval.” ”

“Kevin smiled and said, “Alright! I’ll go right away!” ”

“Because he had already prepared for it, Kevin quickly drew up the betting agreement and returned to MI Jiadi’s office. ”

““Doctor, please take a look.” ”

“Mi Jiadi took the agreement and said with some hesitation, “There’s nothing wrong with the agreement. I just don’t know if YC will sign it.” ”

“Now that the OASIS project had failed, unless ye Zhuo was a fool, ye Zhuo would not sign such a betting agreement.”

“Don’t worry, Wenzhi is here.” Kevin continued, “Once YC signs this agreement, we will immediately make a preemptive move and immediately announce this news to the International Community!” ”

“Okay.” Mi Jiadi nodded. “Tell Wenzhi to be careful.”

“If they were discovered, all their efforts would be for naught. ”

“Okay.”

“Kevin sent the electronic version of the proposed agreement to Wenzhi. After Wenzhi received the documents, he immediately printed them out. ”

Two copies in a row.

Now he just needed to stamp and sign these two documents.

Wen Zhi held the documents and narrowed his eyes.

What method should he think of to get ye Zhuo to sign them?

“At this moment, footsteps came from outside the door. ”

It was Yu Zifei who had returned.

Wen Zhi immediately placed the printed documents under a pile of documents and pretended that nothing had happened as he began to work.

“Yu Zifei entered the door, his face full of anxiety. “Xiao Wen, go get me a glass of water.” ”

“Okay.” Wen Zhi put down the work in his hands and got up to pour water for Yu Zifei.

“In a moment, he walked to Yu Zifei’s side with a glass of water. “Here’s your water.” ”

“Yu Zifei took the water. “Oh right, bring the documents that were organized yesterday to Miss Ye to sign. I’ll take a nap first. You can call me after half an hour.” ”

“Because of the sudden accident in the oasis project plan, Yu Zifei and the others were drawing up an emergency plan and had not slept for two days. ”

“Wen Zhi nodded and said, “Alright, Hurry up and take a rest.” ”

Yu Zifei drank a big gulp of water and leaned on the table to take a nap.

“Looking at the exhausted Yu Zifei, Wen Zhi smiled. ”

Idiot!

He didn’t know how someone like Yu Zifei became the team leader.

Wen Zhi slowed down his footsteps and mixed the BET agreement with the documents that he had organized yesterday. He took it to Ye Zhuo’s office.

Ye Zhuo was so busy right now that he definitely didn’t have time to check the documents one by one.

Even God was helping him!

“After Wen Zhi organized all the documents, he walked towards ye Zhuo’s office. ”

“Chapter 2322: 483: conspiracy, Chaos 4”

“When Wen Zhi left, Ye Zhuo was discussing a plan with Dr. Zhang. Through the door, Wen Zhi could hear the anxiety in ye Zhuo’s voice.”

“Wen Zhi’s lips curled slightly, and then he reached out to knock on the door.”

Du Du du —

“Come in.”Ye Zhuo’s voice came from inside.

Wen Zhi pushed the door open and entered.

“Seeing that it was Wen Zhi, ye Zhuo continued, “What’s the matter?” ”

“Wen Zhi handed the documents to ye Zhuo and said, “Captain Yu asked me to bring these documents for you to sign.” ”

““Leave them here,”ye Zhuo said.”

“Hearing this, Wen Zhi’s heart skipped a beat.”

Ye Zhuo wasn’t going to sign them now?

How could that be possible!

He still had to take one of the documents back to report back!

“Wen Zhi continued, “Miss Ye, Captain Yu said that these are all very important documents that require your immediate signature and review. Otherwise, his side won’t be able to carry out the rest of the work.” ”

“Got it. Wait a moment.”Ye Zhuo picked up the pen on the table and started to sign.

“Just as Wen Zhi thought, ye Zhuo did not look carefully at the contents of the document. He signed page after page like a signing machine. ”

“Seeing this scene, Wen Zhi was very excited, but he was also a little afraid. After all, the next page was the gambling agreement page. ”

“When people were afraid, they would naturally feel a little guilty. ”

“Professor Zhang saw that something was wrong with Wen Zhi and asked curiously, “Assistant Wen, did you do something wrong?” ”

“Wen Zhi immediately reacted and looked at Professor Zhang. “No, why would you say that?” ”

“Professor Zhang was already suspicious of Wen Zhi, so he continued, “If you didn’t do anything wrong, why are you shaking?” ”

“I’m not shaking!”Wen Zhi tried his best to calm himself down. He could not give himself away at such a critical moment.

He had to calm down!

Calm down!

“Ye Zhuoben’s hand that was signing the document also stopped at this moment. He looked at the two of them and asked, “What’s wrong, Professor Zhang?” ”

“Professor Zhang continued, “I just think that there’s something wrong with assistant Xiaowen.” ”

“Wen Zhi pretended that nothing had happened and said in a relaxed tone, “Professor Zhang, it’s probably because you’ve been too tired recently that you’re hallucinating.” ”

“Ye Zhuo reached out and pressed his temple. “Dr. Zhang, you should go back and rest first.” ”

““I’m really not tired,”Dr. Zhang continued, “Miss Ye, please sign it quickly. After you sign it, we’ll continue with the plan we just discussed.” ”

“That’s fine.”Ye Zhuo nodded slightly and continued to sign.

“Seeing ye Zhuo continue to sign, Wen Zhi heaved a sigh of relief. ”

“In a moment, Ye Zhuo signed all the documents and left one behind. He handed the other to Wen Zhi. “Take it and hand it over.” ”

“Wen Zhi immediately took the documents. “Miss Ye, I’ll be leaving first.” ”

“Go ahead.”Ye Zhuo waved his hand.

Wen Zhi immediately turned around and left.

“Professor Zhang looked at Wen Zhi’s back and narrowed his eyes. “Miss Ye, it’s not that I want to say this, but I really feel that there’s something wrong with this Wen Zhi! Don’t you feel anything at all?” ”

“What’s Wrong?”Ye Zhuo asked back.

“Professor Zhang continued, “It’s just very strange. He seems to be guilty of something. By the way, Miss Ye, do you want to see if there’s anything wrong with the document he just signed for you?” ”

“There’s no need to look at it.”Ye Zhuo did not take this matter to heart at all. “There’s no problem.”

Professor Zhang touched his nose. “But you didn’t even look at it.”

“Ye Zhuo looked up slightly. “I believe in my own judgment. Professor Zhang, Do You Believe in me?” ”

Dr. Zhang immediately nodded. “Of course I believe in You.”

...

“On the other side, after Wen Zhi received the signed agreement, he immediately asked for a leave of absence from Yu Zifei, “Captain Yu, I received a message from my father saying that my mother is critically ill and he wants me to go back quickly. If I don’t go back, I might never see my mother again!” ”

He had to quickly send the agreement to C Nation before ye Zhuo could react.

“Hearing this, Yu Zifei frowned slightly. “You know what the situation at the base is like now. If you go back now...” ”

“Before Yu Zifei could finish his sentence., wen Zhi said with red eyes, “Captain Yu, I’m begging you. I’m the only son my mother has. If she doesn’t see me one last time, I won’t feel at ease for the rest of my life! Captain Yu, I’m begging you! Please let me go back for a while!” ”

“Then when will you be back?”Yu Zifei asked.

“Wen Zhi said, “After I see my mother!” ”

“Yu Zifei hesitated for a moment. “Alright, go back quickly!” ”

“Thank you, Captain Yu, thank you, Captain Yu!”Hearing that, Wen Zhi couldn’t help but bend down to thank him. ”

“Yu Zifei continued, “Go back quickly.” ”

“Then I’ll go back first. Team leader Yu, I’ll thank you on behalf of my parents!” ”

Yu Zifei waved his hand.

“Just as he turned around, the corners of Wen Zhi’s mouth curled into a sarcastic arc. ”

What Miss Ye.

Team leader Yu.

Doctor Zhang.

These people were all scum in his eyes.

He alone had toyed around with these big shots who had shaken the world.

Especially ye Zhuo.

Wen Zhi flew the aircraft back.

“The original landing point was Beijing, China. ”

“But when Wen Zhi was about to land in Beijing, he changed the landing point and changed the landing point from Beijing to C country. ”

“When he heard that Wen Zhi was back, Kevin was so excited that he waited at the landing point in advance. ”

“About an hour later, the white aircraft successfully landed on C country’s territory. ”

Kevin immediately went up to welcome it. “How was it?”

Wen Zhi walked out of the aircraft. “Everything went very smoothly!”

“Really?” Kevin’s face was filled with disbelief.

“Of course it’s true.”

Kevin stretched out his hand towards Wen Zhi. “Bring Me the betting agreement to have a look.”

Wen Zhi immediately took out the agreement. “Have a look.”

“Kevin took the agreement and looked at it carefully. Finally, he let out a laugh. ”

Good!

This was great!

They were going to announce this news to the world.

The base that belonged to them was about to return.

They finally did not have to rent their own base from the Chinese.

“Kevin was very excited. He patted Wen Zhi on the shoulder. “Mr. Wen Zhi, your future is definitely limitless!” ”

“Wen Zhi was also very excited. He immediately bowed and thanked him. “Thank you, Mr. Kevin, for your training!” ”

“This was all thanks to Kevin. If it weren’t for Kevin, he would still be a small assistant until now. A small assistant with nothing. ”

“But now, it was different. ”

“He was highly valued by Kevin. In the future, he would also have a place in the scientific research community of C Nation. ”

“Although China was good and was the most technologically advanced country, in China, he would never be able to make a name for himself. He could only be a small assistant. ”

“There was a saying that said, “It’s better to be the head of a chicken than the tail of a Phoenix!”! ”

“In the future, he would definitely make everyone’s eyes light up. ”

Kevin took the agreement and went to look for Mi Jia Di. “Doctor! Doctor! It’s Done!”

“Mi Jia Di was originally drinking water. When she heard Kevin’s voice, she did not even have time to drink. She immediately put down her cup. “What’s the situation?” ”

“Kevin handed the agreement to her. “Doctor, look. YC has signed it!” ”

“Hearing that, Mi Jia Di immediately took the agreement. After reading it, her eyes were filled with excitement. She continued, “Immediately arrange for the media. I want the whole world to know about this!” ”

“As Kevin had said, they had to take the initiative in this matter. They had to make it look real so that ye Zao and the others would be caught off guard. ”

They must not give ye Zao any chance to resist!

“Okay.”Kevin nodded. “I’ll make the arrangements right away!”

“Wait a moment!”Mi Jiadi suddenly said.

“Do you have any other instructions?”Kevin turned around.

“Mi Jiadi continued, “Where’s Wenzhi?” ”

“Kevin continued, “He’s outside!” ”

Mi Jiadi narrowed her eyes. “Call him over.”

Chapter 2323: 485: face-smacking in public. The reversal was very beautiful! 1

“Okay.”Kevin nodded. “I’ll go now. Please wait a moment.”

“After saying that, Kevin turned around and went to look for Wen Zhi. ”

Wen Zhi was still in the midst of his earlier excitement and was unable to extricate himself.

“After all, he would be a leader in the future. ”

The Wen family had finally stood up in his generation.

“It was a pity that his father was no longer alive. If his father was still alive, he would definitely be proud of him!”

““Mr. Wen.” At this moment, Kevin’s voice came from the air. ”

Wen Zhi’s thoughts were pulled back at this moment. “Mr. Kevin!”

“Kevin continued, “Professor Mi Jia Di wants to see you. Please come with me.” ”

““Okay.” Wen Zhi nodded. He held back the excitement in his heart and continued, “Why is the Professor Looking for me?” ”

Kevin smiled. “You’ll know when you get there.”

Wen Zhi did not ask any more questions and followed Kevin’s footsteps.

They arrived at Mi Jia Di’s office.

“Wen Zhi was not nervous. After all, he was someone who could deceive even ye Zhuo. Thinking of this, Wen Zhi straightened his body and looked at Mi Jia Di. ”

It would have been fine if he was born this way.

“However, Wen Zhi was just pretending. He gave people the feeling that he was pretending. ”

“Kevin walked forward and smiled. “Dr. Mi Jiadi, this is Mr. Wen Zhi.” ”

“Wen Zhi immediately said, “Hello, Dr. Mi Jiadi. I’m Wen Zhi.” ”

“Mi Jiadi looked up at Wen Zhi. “Mr. Wen Zhi, I’ve always heard your name in front of Kevin. It’s my honor to finally meet you in person!” ”

“Hearing this, a sense of superiority ignited in Wen Zhi’s heart. Although he was a nobody in the Cen family’s base, he was someone that Mi Jiadi had personally received in C nation. ”

How could an ordinary person receive such treatment?

“Although he thought so in his heart, Wen Zhi did not show it. He smiled and said, “Professor, you’re flattering me too much. I’m merely contributing my own strength to C Nation’s scientific and Technological Community!” ”

“Mi Jiadi nodded in satisfaction and continued, “Mr. Wen Zhi, you did very well this time. Your future will definitely be bright.” ”

““Thank you for your praise, Professor.” ”

““However,” mi Jiadi changed the topic at this time and continued, “I still have one last mission that I need you to complete.” ”

One Last Mission?

“Hearing this, Wen Zhi subconsciously felt that this mission was not simple, but he still said, “Professor, please say it. I will definitely do my best and die.” ”

“Although he knew that Mi Jiadi’s mission might be very difficult, Wen Zhi was not afraid at all. ”

“After all, everything was already in his hands. ”

“Including Ye Zhuo, they were all under his control. ”

“”With Mr. Wen Zhi’s words, I am relieved.”Mi Jiadi nodded and continued, “I hope you can go to Mars again until China holds a global press conference.” ”

Make another trip back?

“Wen Zhi frowned slightly and continued, “Do you have other tasks for me?” ”

“”Yes.”Mi JiADI continued, “Right now, only Mr. Wen Zhi can complete this task.” ”

“When he heard this, Wen Zhi was extremely excited. ”

He felt that this was Mi Jiadi’s recognition of him.

“In the entire C country, he was the only one who could complete this task. One could imagine his position in C country. ”

“”Doctor, just tell me directly,”Wen Zhi said. ”

Mi Jiadi looked at Wen Zhi. “I have been dealing with YC for more than two years. I know that YC is not a simple person. I want you to help me monitor her and report her every move to me.”

There were two meanings in one sentence.

“Because Mi Jiadi not only wanted Wen Zhi to supervise ye Zhuo, but he also wanted to supervise Wen Zhi. ”

“Now, he had to make sure that Wen Zhi was not giving him a live version of a double agent. ”

Just supervising ye Zao?

“Wen Zhi thought that this mission would be very difficult, but he did not expect it to be so simple. He immediately smiled and said, “Professor, don’t worry. I will definitely complete this mission beautifully.” ”

“Okay.” Mi Jiadi nodded. “I believe in you.”

“After saying that, Mi Jia di turned to look at Kevin. “Kevin.” ”

“I’m here.” Kevin took a step forward.

“Mi Jia di continued, “At 6 pm, we will hold a celebration party for Mr. Wen Zhi.” ”

“Okay.”

“When he heard this, Wen Zhi was extremely excited. He quickly bowed to express his gratitude. “Thank you, Professor.” ”

““You deserve all of this.” Mi Jia Di looked at Wen Zhi and smiled. “Mr. Wen Zhi, your future glory will definitely not stop here.” ”

“Wen Zhi then bowed. “Thank you, Professor.” ”

Chapter 2324: 485: a slap in the face in public. The reversal was very beautiful! 2

“Mi Jiadi patted Wen Zhi on the shoulder and said, “Alright, Kevin, Take Mr. Wen Zhi downstairs to rest.” ”

“Okay.” Kevin nodded and made a ‘please’ gesture. “Mr. Wen Zhi, please.” ”

Wen Zhi turned around to greet mi Jiadi before turning around to leave.

Mi Jiadi looked at Wen Zhi’s back and narrowed her eyes slightly.

The Celebration Party was held at six o’clock in the evening as scheduled.

“Without a doubt, Wen Zhi became the most dazzling person in the crowd. ”

“The next day, Wen Zhi turned on the spacecraft and flew to Mars. ”

Today was the third last day of the press conference.

“Everyone on the base was in a hurry, trying to bring the Mars base back to life in the last three days. ”

“Wen Zhi pulled a person who was in a hurry. “Little Wu, wait.” ”

“Little Wu was wearing heavy glasses. When she saw Wen Zhi, she asked, “Wen Zhi, when did you come back?” ”

“I just came back.”

“Little Wu continued, “How’s Auntie?” ”

“Wen Zhi was stunned for a moment. Then, he thought of his excuse and immediately put on a sorrowful look, “It’s a lucky escape! Little Wu, you don’t know. I thought yesterday that I would never see my mother again.” ”

“It’s good that Auntie is fine.” Little Wu patted Wen Zhi on the shoulder. “The world is unpredictable. Treat Auntie better in the future.”

“Yes, I know.” Wen Zhi nodded and continued, “By the way, during the day that I was away, did anything big happen at the base?”

“For example, did ye Zao discover the agreement?”

“If ye Zao found the document, he had to leave immediately and not stay on Mars for even a moment!”

“However, looking at the current situation, ye Zao probably did not discover anything.”

Xiao Wu shook his head. “Nothing major happened.”

“Hearing this, Wen Zhi heaved a sigh of relief and continued, “Then how is the Oasis Project? Did Miss Ye find a way to revive those animals and plants?”

“Hearing this, Little Wu sighed. “Although Miss Ye is powerful, she’s not a god. How could she find a way in such a short time! I think Miss Ye is really going to die this time!”

“Don’t worry, there are still three days left! Who is Miss Ye? She will definitely bring us a miracle in the last three days!” Wen Zhi said with a determined expression, if people who did not know saw that, they would think that he was loyal to Ye Zao.”

“Xiao Wu looked around, he lowered his voice and said, “It’s not that I don’t trust Miss Ye, but this matter is too troublesome! To tell you the truth, I’m starting to regret coming to Mars. If I had known this would happen, I would have stayed on Earth obediently. Now, I’ve picked up the sesame but lost the watermelon!”

“Speaking of this, Little Wu was very regretful. Before he had decided to come to Mars, his family had strongly opposed it. However, he seemed to have been possessed and insisted that ye Zhuo would definitely bring a miracle to everyone.”

“Now, things were looking up. ”

“Ye Zhuo’s Oasis project had failed, and so had the plan to move humans to Mars! ”

“Wen Zhi smiled and said, “Don’t say that. In any case, I believe in Miss Ye!” ”

“”I was the same as you before. Now, I can see that it’s better to believe in yourself than anyone else,”Xiao Wu said. ”

“Wen Wen narrowed his eyes and continued to ask, “Miss Ye has studied for so many days, but there’s no effect at all. Could it be that she wants to give us a surprise?” ”

“”Surprise?”Xiao Wu continued, “If it really is a surprise, that would be great. When I passed by Miss Ye’s office yesterday, I saw that Miss Ye’s eyes were red. She should be anxious. After all, she has put in so much effort for the OASIS project.” ”

“Hearing this, Wen Zhi also pretended to sigh. “Sigh, I didn’t expect Miss Ye to make a mistake.” ”

“In short, it was because ye Zhuo was too conceited that he could make everything go so smoothly! ”

“Xiao Wu continued, “Actually, Miss Ye is also very powerful. After all, she created a miracle in the field of aerospace, making our China the first country to land on the eight planets! “She has also created the first aircraft carrier in history to surpass the speed of light!” ”

“”That’s right!”The text continued, “That’s why I admire miss ye so much! “It doesn’t matter even if she fails this time. Miss ye is still young, and her path in life is still very long. I believe that in the days to come, she will definitely create even more miracles!” ”

Xiao Wu nodded. “Let’s Hope so!”

Chapter 2325: 485: face-smacking in public. The reversal was very beautiful! 3

“Wen Zhi continued, “Then I’m going to work!” ”

“”Okay.”Xiao Wu continued, “I’m going to work too!” ”

“Speaking up to this point, Xiao Wu could not help but complain, “If I were Miss Ye, I would directly announce the failure of the OASIS project and Face Reality! Why would I need to expend money and harm people in the last few days and make us suffer!” ”

“These days, they had been busy day and night, and they could not even get a sip of hot water. ”

“Wen zhi consoled, “As the project planner of the Oasis Project, Miss Ye’s lies are like her children. As a mother, she definitely can’t watch her plan fail! “No matter what, we must do our best, even if it’s in vain!” ”

“You’re right.”Xiao Wu nodded. “I’ll go to work first!”

“Okay.”

“After Xiao Wu left, Wen Zhi turned around and left. He came to the office where Yu Zifei was studying the data. ”

“Captain Yu.”Wen Zhi walked over.

Yu Zifei did not even raise his head. “Xiao Wen is back? How’s Your Mother Now?”

“Wen Zhi said, “My mother is out of danger. Thank you for your concern, Captain Yu. Also, thank you for approving my leave yesterday.” ”

“You’re welcome.”Yu Zifei picked up a pile of documents. “Go and give these documents to miss ye.”

“Okay.” Wen Zhi took the documents.

“Yu Zifei added, “Hurry back. There are still other problems waiting for you to handle.” ”

““Okay, Captain Yu.” ”

“Wen Zhi was still respectful on the surface, but in his heart, he was already extremely disdainful. ”

Three days.

“He only needed to endure for three more days. At that time, he would no longer have to look at Yu Zifei’s expression. ”

Yu Zifei was an idiot. Did he really think that he was the same person as before?

He was no longer that lowly Wen Zhi!

“Soon, Wen Zhi took the documents and walked to Ye Zhuo’s office. ”

“The office door was not closed, and the conversation could be heard clearly. ”

““Miss Ye, after thinking about it, I still feel that there’s something wrong with Wen Zhi!”It was Professor Zhang’s voice. ”

“Hearing this voice, Wen Zhi immediately held his breath and stopped in his tracks. ”

What should he do? He was about to be discovered!

“Almost in an instant, a layer of cold sweat appeared on Wen Zhi’s forehead.”

“Just as Wen Zhi wanted to escape immediately, ye Zao’s voice sounded in the air, “Dr. Zhang, I know that you’re doing this for the sake of the base, but don’t worry, Wen Zhi will definitely be fine. “Besides, he’s just an assistant. Even if he’s capable, he won’t be able to do any damage.” ”

Just an assistant?

“Hearing this, Wen Zhi’s face was full of sarcasm.”

So what if he was just an assistant?

Just an assistant. Didn’t he still destroy all of Ye Zao’s hard work?

Who was ye Zao looking down on?

“Dr. Zhang continued, “Miss Ye, I just detected that Wen Zhi changed the flight itinerary of the aircraft. He actually set the destination to C nation. If he didn’t have any problems, why would he do such a Thing?” ”

“From Professor Zhang’s point of view, Wenzhi was full of doubts.”

“However, Ye Zhuo and Yu Zifei did not believe him.”

Professor Zhang was very troubled.

“Ye Zhuo continued, “Maybe he has something to do in C country! As you know, his mother is sick and there is a patient at home. Anything can happen.” ”

“Professor Zhang Sighed. “Miss Ye, are you really not going to investigate Wenzhi anymore?” ”

“Ye Zhuo looked at Professor Zhang, he then said, “Professor Zhang, the most important thing for us now is not to investigate Wen Zhi, but how to solve the problem at hand. There are still three days until the press conference. I don’t want everyone to waste their time on such nonsense.” ”

“The press conference was about to start, so professor Zhang could understand ye Zhuo’s current mood.”

“As the project planner, Ye Zao was definitely more anxious than anyone else.”

“Dr. Zhang nodded. “Okay, Miss Ye, I understand.” ”

“Ye Zao continued, “Dr. Zhang, you should go back first. Take this time to rest. There’s a meeting in ten minutes.” ”

“Okay.”

“Seeing that Dr. Zhang was about to come out, Wen Zhi immediately hid outside the door.”

“After Professor Zhang left, he walked out and headed to Ye Zao’s office.”

“Miss Ye.” Wen Zhi knocked on the door.

““Come in,” ye Zao said.”

“Wen Zhi pushed the door open and went in. He placed the documents in front of ye Zao’s desk. “Miss Ye, these documents need to be signed.” ”

“Chapter 2326: 485: a slap in the face in public, a beautiful reversal! 4”

““Okay, put it here,”ye Zao said. ”

“Wen Zhi put the document on the table and turned to leave. Before he left, he took a look at the document that ye Zao had signed yesterday. ”

“The document was still on the spot. With one look, it was obvious that ye Zao had not read it. ”

“However, it was normal. Ye Zao was so busy right now, how could he have time to read the document.
”

Everything that happened on Mars was being monitored by Mi Jiadi.

“Looking at everything from the perspective of God, Mi Jiadi let out a sigh of relief. ”

It seemed that ye Zao had run out of ideas!

“After learning all the news on Mars, MI Jiadi immediately ordered Kevin to announce the bet agreement. ”

“Kevin was already prepared. Now, he was only waiting for Mi Jiadi’s words. When he heard the news, Kevin was very excited. ”

Soon.

“Soon, country C would be able to obtain the right to use the base! ”

Their country C would no longer have to look down on the Chinese people.

“The moment the betting agreement came out, the whole world was in an uproar. ”

No one had expected that ye Zhuo would actually sign a betting agreement with country C.

“The betting agreement stated that if the OASIS project failed, the right to use country C’s base would be returned unconditionally. At the same time, the right to use the space carrier and the right to use China’s scientific research base would also belong to country C. ”

“If the OASIS project was successful, country C would forever be a vassal of China and bow down to China! ”

“[it’s over, it’s over. These YCS have no choice. Not only will they lose the bases on both sides, they will also lose the right to use the aircraft mothership!] ”

[YC is too scary. She even signed such an agreement! is she that confident in herself?]

[I also find it unbelievable!]

“[it makes my blood boil. After such a long time, our country C has finally won a round!] ”

[what is this called? Retribution! Who asked YC to take away our base so mercilessly back then!]

“After the betting agreement was released, the people who were shocked were not only the bystanders, but also the people on Mars. ”

“Especially Dr. Zhang. When he heard the news, he immediately ran to Ye Zao’s office and asked, “Miss Ye, when did you sign the betting agreement?” ”

“It would have been fine if it was under normal circumstances, but the current situation was not in their favor. ”

“After all, the OASIS project had no chance of coming back from the dead!”

Were they really going to watch C Nation do nothing

Ye Zhuo frowned slightly. “I’ve never signed this agreement.”

“That’s C nation’s conspiracy!” Dr. Zhang was very angry. “Miss Ye, you have to quickly issue a statement to clarify this matter.”

“Yes.” Ye Zhuo nodded slightly.

“Dr. Zhang continued, “C nation’s people are really too sinister and cunning. Miss Ye, hurry up and issue a statement. The entire Internet has exploded! We must immediately crush C Nation’s conspiracy!”

“Okay.” Ye Zhuo continued, “You go out first. I will settle this matter.”

“Okay.” Professor Zhang nodded.

“After Professor Zhang went out, Ye Zhuo began to issue a statement denying that he had signed the bet agreement.”

“Regarding this matter, C nation had long been prepared.”

“Since they had decided to release the agreement, there were many ways to prove that this agreement was signed by Ye Zhuo.”

“Moreover, this agreement was personally signed and sealed by Ye Zhuo himself.”

“Kevin smashed one piece of evidence after another, and every piece of evidence gave Ye Zhuo no chance to refute.”

“After the evidence was uploaded, the international network was once again in an uproar.”

[what kind of Technology Big Shot is YC? He doesn't even dare to admit that he signed the agreement!]

“[if I were YC, I wouldn't admit it either. After all, this bet agreement isn't beneficial to China at all! Instead, it would implicate China in losing its base and the Space Mothership!] ”

[she dares to do it but doesn't dare to accept it. YC is really a disgrace to the Chinese!]

“[I'm also a little speechless. As a technology tycoon, she actually didn't keep her word. Don't you feel disgusted? Especially in front of the entire world. Does she think that the bet agreement is Child's play?] ”

“”I knew long ago that this YC had run out of ideas. As long as she's a little smarter, she wouldn't have gotten to this point!”! “How many people in this world can create a lightspeed space mothership?”? “YC can totally rely on this glory for her entire life, Okay?”? “But YC insisted on going off the rails and even tried to conquer Mars!” ”

“The analysis above is very reasonable. The reason why YC has become like this is related to her lack of self-awareness. She's just too pretentious!”

[now we just have to wait for China to hand over the right to use the base and the space carrier!]

“Chapter 2327: 485: face-smacking in public, the reversal was very beautiful! 5”

[Ah Ah Ah! I'm so excited! I Can't wait to see the press conference.]

“Even Country C's Micaidi personally used his V account to issue a statement: Everyone should have the spirit of a contract. I can understand Dr. YC's current mood, but signing the bet means signing it, i hope

Dr. YC can accept reality. He can win, but he can also lose! If I were Dr. YC, I would definitely not deny it!
”

“When these words were said, the internet was filled with cheers.”

“Dr. Zhang was very anxious. He brought his phone to Ye Zhuo. “Miss Ye, what should we do now?” ”

Ye Zhuo flipped a page of the document. “What’s Wrong?”

“Upon hearing this, Professor Zhang said in disbelief, “You haven’t read the comments online, have you?” ”

““I have,”ye Zao said.”

He was still so calm after reading it?

Professor Zhang looked at Ye Zao in disbelief.

“Ye Zao closed the document and continued, “Can we come up with a solution just because we’re Anxious?” ”

Professor Zhang was stunned.

“Although he couldn’t come up with a solution even if he was anxious, ye Zao shouldn’t be so calm.”

“After all, they were now riding on the shoulders of C Nation!”

“Professor Zhang continued, “Miss Ye, what should we do now?” ”

“Ye Zao narrowed his eyes. “In the current situation, we can only take this loss.” ”

“What?” Professor Zhang said in disbelief.

Ye Zao did not say anything and pressed his temples.

“Professor Zhang continued, “Miss Ye! This is clearly a conspiracy of C nation. How can you take this loss!” ”

““Other than this method, there’s nothing else we can do,” ye Zao said. ”

Professor Zhang had never thought that things would come to this point. He sat weakly on his chair.

“Ye Zao sighed softly and continued, “I also didn’t expect C nation to use such a move.” ”

“Professor Zhang frowned tightly. “Miss Ye, I know this isn’t your problem...” ”

“Outside the door, Wen Zhi had heard everything that had happened inside. The corners of his mouth curled into a smug smile. ”

He didn’t expect ye Zao to have such a day.

Country C’s Mi Jiadi and Kevin were already discussing the celebration party.

“After all, Ye Zao was now a piece of meat on the chopping board. ”

He couldn’t escape even if he had wings.

“Right now, all they had to do was wait patiently for the global press conference to arrive. ”

Time passed quickly.

“In the blink of an eye, the day of the press conference had arrived.”

“There were still two hours before the press conference, but the audience in the global live studio had already reached one billion.”

This was a press conference that attracted the attention of the whole world.

Everyone was waiting for ye Zao to announce the failure of the oasis plan.

The press conference started at 10:18 a.m.

There were still 10 minutes to 10:18 a.m.

“All the leaders of the various countries were already in place, including country C’s Mi Jiadi, Kevin, and the others.”

Mi Jiadi was dressed up and attending the press conference. Her face was filled with a proud smile.

“After all, there was a saying in China that one had to enjoy life to the fullest.”

“Next, it was time for their country C to be proud!”

“Not long after, ye Zao walked in from the entrance.”

Mi Jiadi immediately walked forward. “I thought Dr. YC wouldn’t be here today.”

“After all, the OASIS project had failed. It was just a verdict. Ye Zao didn’t need to be there personally. He just needed to find someone.”

“Ye Zao was wearing black clothes, and there was a layer of coldness between his brows. “Dr. Mi Jiadi, you must be joking. I naturally have to come personally for such an important occasion.” ”

““Dr. YC has a good mentality,” mi Jiadi said. ”

Ye Zao smiled faintly. “Thank you. You’re also very good.”

“Looking at ye Zao like this, Mi Jiadi frowned slightly. He felt that something was wrong, but he could not figure out what exactly was wrong. ”

Could it be that ye Zao had already thought of a corresponding plan?

No!

It could not be!

“The Oasis project had already failed, so how could there be a corresponding rescue plan? ”

10:18 pm.

“Ye Zhuo was on the stage. She slightly leaned over and dialed the microphone. Although it was a very casual move, it exploded with a powerful aura. Her tone was slow, she enunciated each word clearly. “Hello, everyone. I am the chief planner of the OASIS project, YC. The Oasis project was launched in 18 years, and it officially ended in May of 20 years. Now, I announce that the OASIS project has been successfully completed. In the future, mankind will have an additional habitable home!” ”

“Once these words were said, the entire venue fell silent. ”

No one had expected that the OASIS Project project had been successfully completed.

The bullet screen before the live broadcast also exploded.

[what's going on? is YC bragging?]

[didn't they say that the OASIS project had failed? There was even a video posted earlier!]

[YC is too bold. He actually dares to say anything!]

“Ye Zhuo faced everyone and the camera, then he said, “At this moment, everyone must be very confused as to why there was such a reversal. “Because from the beginning, the OASIS project was completed very smoothly. The reason why there was a twist was that I wanted to catch the betrayer behind the scenes and let those people with bad intentions suffer the consequences!” ”

Yes.

All of this was planned in advance by Ye Zhuo.

“If she didn't do this, why would country C take the initiative to sign the BET agreement and throw down one piece of evidence after another? ”

“Below the stage, Mi Jiadi's face turned white. ”

How could this be?

“Chapter 2328: 486: a counterattack, a great satisfaction to the people! 1”

How did things turn out like this?

Was the oasis project going very smoothly? Was all this just ye Zao's plan?

No.

Impossible!

This is impossible!

Ye Zao was lying.

He was definitely lying.

The conditions on Mars were very harsh. How could the OASIS project be completed so easily?

The reason ye Zao did this was to avoid the bet agreement.

"After all, it was no longer a matter of whether the oasis project could be completed smoothly."

"Once ye Zao announced the failure of the OASIS project, the BET agreement would take effect and China would lose its base and aircraft carrier forever."

The price was too high!

Could Ye Zao afford it?

Ye Zao must be very nervous at this moment.

"Thinking of this, Mi Jiadi looked up at Ye Zao and narrowed his eyes."

He wanted to personally expose ye Zao's lie.

"Mi Jiadi stood up slowly and looked at ye Zao. "As everyone knows, Mars is 400 million kilometers away from us. Dr. YC, did you finish the OASIS project or not? Isn't it all up to you?" "

"Right now, other than ye Zao's spacecraft, no other country could land on Mars at all. "

"As long as they could not land on Mars, they would not be able to personally witness whether or not ye Zao was lying. "

"Hearing this, everyone came to their senses. "

They all nodded in agreement.

"Dr. Mi Jiadi's words make sense."The top scientific research expert of country L stood up from his chair. "Now that none of us can land on Mars, how can we verify whether or not the oasis project has been completed on time?" "

"I also support Dr. Mi Jiadi."

"Dr. YC, you can't prove it with words. You have to show some proof." "

More and more people supported Mi Jiadi.

"As long as ye Zhuo could not show proof, there was no way to prove that the OASIS project was successfully completed. "

"In fact, there was another reason why these people supported Mi Jiadi. "

The Oasis project was originally a gamble.

“When everyone knew that this project would not be completed, when they chose to gamble, they all chose China to lose. ”

“Now that China won, they, including their relatives and friends, would face huge losses. ”

“Therefore, this gamble had to be ye Zao’s loss. ”

“No matter what schemes ye Zao had, they had to follow Mi Jiadi and expose them one by one. ”

“Wen Zhi, who was originally panicking, slowly calmed down. ”

No panic.

He could not panic now. Ye Zao was just putting on an act.

“If ye Zao had been acting before, the entire base would not have accompanied ye Zao in acting. ”

The Oasis project had failed!

“Ye Zao listened to everyone’s doubts, but there was no change in her expression. After a moment, she continued to speak, “I can understand everyone’s feelings. After all, what you hear is false, and what you see is true. Now, please board the aircraft carrier and witness this visual feast together with the live broadcast audience around the world!” ”

“As she finished speaking, the enormous aircraft carrier appeared from the clouds, blocking the sun above everyone’s heads. ”

The suspended flight of stairs descended from the aircraft carrier and landed on the ground.

“Under the sunlight, the silver staircase reflected a dazzling light. ”

““Everyone, please.” ”

“Ye Zao made a ‘please’ gesture, and Yu Zifei, Tang Mi, and the others were already arranging for everyone to take their places. ”

There were a total of 200 people in the open square.

These 200 people were all research bigwigs and leaders from various countries around the world.

“One by one, they went up the stairs. ”

“Looking at their backs, Mi Jiadi was a little stunned. ”

Could it be that ye Zao really completed the Oasis Project.

“Otherwise, why would ye Zao Dare to take everyone to Mars? ”

No.

No.

How could ye Zao really complete the Oasis Project!

He wanted to see what other tricks ye Zao wanted to play.

Dr. Mi Jiadi followed him onto the aircraft carrier.

This was Mi Jiadi's first time landing on an aircraft carrier. The internal structure of the aircraft carrier surprised him!

"Although he knew that the aircraft carrier used a lot of high-tech technology, he was still shocked when he saw these technologies with his own eyes. He could not help but look up at ye Zao again, his eyes filled with scrutiny and pity."

It was a pity that a talent like ye Zao was not born in C Nation.

"If ye Zao was from C Nation, they would definitely become friends."

"Unfortunately, they were on the opposite side!"

The opposite side would never become friends.

"At the same time, Mi Jiadi was also somewhat impressed."

"Firstly, it was because of ye Zao's age, and secondly, it was because of ye Zao's gender."

Chapter 2329: 486: a great victory! 2

"In the world, Ye Zao was the only girl who had reached such a high realm."

"Unfortunately, Ye Zao did not take good care of her feathers."

"She could have relied on the aircraft carrier to shine, but now, she would fall as hard as she stood."

"The aircraft carrier was very fast, reaching Mars in less than half an hour."

What everyone saw was a green planet.

The Yellow Sand was nowhere to be seen. Everywhere was covered by green vegetation and big trees.

“There were also red, orange, yellow, and purple flowers blooming in the green vegetation. Beautiful Elk were running freely in the boundless wild. ”

This scene could not help but remind Mi Jia Di of the video that Wen Zhi had sent back from Mars.

“In the video, the boundless green vegetation was withering and turning yellow at the speed of light. The elk and rabbits that were running had all fallen, and the Paradise on Earth had become a living hell. ”

“But now, what was happening in front of him? ”

Who could explain it to him?

Mi Jiadi's face gradually turned pale. He told himself that this was all an illusion. It was 3D holographic technology.

Yes.

It must be 3D holographic technology!

“After all, the holographic technology in China was very mature now. ”

“As long as they opened the hatch and walked on Mars, they would definitely be able to prove that these were fake. ”

“Looking at everything outside the window, ye Zao’s voice sounded again in the cabin. “Now, can everyone believe that all of this is real?” ”

““Since Dr. YC is so confident, why don’t you dare to let us open the hatch and step on the Green Mountains and water to experience it? “After all, this is our first time on Mars,”a leader of country P continued.”

““Mr. Hewitt is right, Dr. YC. Since we are already here, let’s avoid any other rumors in the future. Why Don’t you open the hatch and let us experience it for ourselves,”said the top tech leader of Country L. ”

“Until the last one, they would never believe that ye Zao could create an oasis on Mars ”

It was impossible!

Especially the leader of Country P.

“Almost one-third of country P’s land was desert. In recent years, they had made a lot of efforts to improve the desert environment. However, after so many years, they still did not see any changes. ”

“Not to mention, it was the harsh conditions on Mars. ”

How could it be possible to grow green plants on Mars.

““Why wouldn’t I Dare?”Ye Zhuo looked back slightly and continued, “Since everyone is so curious about Mars, then let’s visit Mars personally. Captain Yu, Captain Tang.” ”

“Miss Ye.”

“Hearing this, Yu Zifei and Tang Mi immediately walked over. ”

“Ye Zhuo continued, “Prepare to land on Mars.” ”

“Okay.”

“Soon, the aircraft carrier smoothly stopped on Mars.”

“Under the arrangement of Yu Zifei and Tang Mi, everyone began to walk out of the cabin door.”

Standing in the first place was Mr. Hewitt from Country P.

Hewitt had some understanding of Mars.

“He didn’t have any equipment at the moment. He was only wearing a very ordinary suit. Without the protection of the Martian suit, what if he died on Mars?”

“Besides, this was Mars. Even if ye Zao killed them all, no one would know.”

No.

He couldn’t be the first to go down.

“Mr. Hewitt took a step back. “Dr. YC, you should go first. After all, no one knows Mars better than you.”

”

Ye Zao smiled faintly and walked forward. He walked out of the cabin door and stepped on the soft grass.

“Seeing ye Zao walk out of the cabin door, Mr. Hewitt heaved a sigh of relief and then walked out.”

The others followed Mr. Hewitt.

“This is really Mars!”

“Oh my God! This is just another small earth!”

“I didn’t know that the Earth looked so beautiful on Mars.”

“”Dr. YC, Congratulations! You have finally completed the OASIS project after two years!” ”

“It turns out that Mars can really be transformed.”

“...”

The air was filled with congratulations and exclamations. No one had expected that ye Zao had successfully completed the OASIS project.

“Seeing the scene on the big screen of the live broadcast, Wen Zhi’s legs trembled like a sieve.”

His face was completely drained of blood.

What should he do now?

Run!

He had to run quickly before ye Zao discovered him.

“Otherwise, how could he escape when Ye Zao returned from Mars?”

Wen Zhi immediately turned around and ran.

“Fortunately, no one paid attention to Wen Zhi at this time. He ran all the way to the exit of the exhibition hall. At this time, the hair on the top of his head was grabbed by someone, and a tearing pain came from his scalp.”

“Chapter 2330: 486: a counterattack, a great satisfaction to the people! 3”

““Want to run?”At the same time, a cold voice came from above.”

“Wen Zhi’s body was covered in layers of cold sweat. When he looked up, he saw an ice-cold face.”

It was Cen Hu.

“The Cen family’s base, the four brothers river, Lake, and sea were the ones that shouldn’t be provoked.”

“It’s over, it’s over.”

“Wen Zhi gulped and then said, “Cen, Cen Hu, what did you want to see me about?” ”

“At a time like this, he had to act as if nothing had happened.”

“What did I want to see you about?”Cen Hu asked back.

“Wen Zhi continued, “No, I don’t know.” ”

““You’ll know in a while.”Cen Hu let go of Wen Zhi’s hair and said to the two bodyguards beside him, “Take him away!” ”

“Yes.”

“As soon as he said that, Wen Zhi was picked up by the bodyguards on his left and right.”

Wen Zhi was extremely flustered.

“If he was taken away, his life would be over. He had his elders and children, so he couldn’t be taken away.”

““Team leader Cen Hu, please let me off this time! I promise, I won’t dare to do it again...” ”

“Cen Hu glanced at him. “When you betrayed the base and Miss Ye, didn’t you think of today? Wen Zhi, you’re really good! If this were in the era of war, you’d be the number one traitor!” ”

“Wenzhi never dreamed that this day would come. If he had known this would happen, he wouldn’t have come back. He should have stayed in C nation.”

“Ye Zhuo was still on Mars. As long as Cen Hu was willing to let him go, no one would find out anything.”

““Leader Cen Hu, in this world, who wouldn’t make mistakes? Please be magnanimous and forgive me this time, okay? As long as you let me go once, I’m willing to pay any price!” ”

Cen Hu did not say anything.

“Wen Zhi continued, “Leader Cen Hu, even if I did something wrong, my wife and children are innocent! Please bring them back from country C, okay? I’m begging you!” ”

“Once he was arrested, his wife and children who remained in country C would not be treated well.”

“Moreover, other than him, no one in his family was proficient in foreign languages. Once they lost the help of country C, their entire family could only live on the streets.”

“They did not know the language, and coupled with racial discrimination, one could imagine what kind of environment their family would have to face in the future.”

No.

It could not be like this.

They had to immediately bring their family back from country C.

“In China, they at least had property and family.”

“At this moment, Wen Zhi finally remembered the good things about his motherland.”

Unfortunately.

It was too late.

“Cen Hu frowned slightly and continued, “If I remember correctly, your wife, children, and old are all of country C’s nationality now.” ”

“Hearing this, Wen Zhi’s heart skipped a beat.”

“Back then, in order to completely escape the sanctions of China and to become a citizen of Country V, he had changed the nationality of his entire family to Chinese nationals.”

“Cen Hu continued, “China has no right to take back any Chinese nationals.” ”

Only by possessing a Chinese identity card could one enjoy the protection of China.

“At this moment, Wen Zhi was extremely regretful of his decision back then.”

He should not have felt that he could deceive ye Zhuo.

He should not have changed his nationality even more.

“Almost in an instant, Wen Zhi burst into tears and said, “I was wrong! Leader Cen Hu, I was really wrong. Please help me think of a way! Let my wife and children return to China...” ”

“Cen Hu was not some reincarnation of his biological mother. He did not feel that Wen Zhi was pitiful at all, “From the moment you decided to betray Miss Ye, you should have thought of today. You did not even think about your wife and children. Why should you let others pay for your actions?” ”

Wen Zhi’s face was withered.

“If he could turn back time, he would definitely not choose this path.”

He thought that he could deceive ye Zhuo and ruin the oasis project. He did not expect that ye Zhuo was the final BOSS.

The clown was himself.

At the same time.

“After visiting Mars for half an hour, the group landed on the aircraft carrier and returned to Earth.”

Mi Jiadi and the two professors from C Nation were completely dumbfounded.

“In fact, most of them did not look good. Only a few of them had smiles on their faces. ”

“Not long after, the aircraft carrier successfully landed on Earth. ”

Everyone returned to the open-air square.

“Ye Zao stood on the stage and gave a concluding speech. Then, he turned to look at Mi Jiadi, who was already pale. “Dr. Mi Jiadi, shouldn’t we fulfill the terms of the bet agreement now?” ”

The terms of the bet agreement?

“Hearing this, Mi Jiadi, who was already pale, had no color on his face. ”

“He had wanted to burn the leaves, but had not thought to lift a stone and hit his own feet. ”

Is it too late to back out now?
