Chapter 2411: 503: it's too late to regret! 7

“Although they were of different races, they were all Earthlings!”

“Dr. Zhang turned to look at Ye Zao. “Miss Ye, I’ll go and make an announcement right now. Tell those people not to go in anymore!” ”

““Go ahead,” said ye Zao. ”

Dr. Zhang immediately turned around and ran to his office.

He had to make an announcement right away!

“Soon, Dr. Zhang had the international department draft out a notice. ”

The notice carefully explained the current situation of the exotic beast.

“When Mario saw the notice, his eyes were filled with disdain. “I really overestimated YC!” ”

“He had thought that ye Zao was very open and aboveboard, but he had not expected that ye Zao would actually do such a thing. ”

What was this called?

There was an idiom in China called ‘backstabbing’.

Ye Zao was backstabbing!

“Professor William looked at the notice carefully and continued, “Buddy, it says here that there’s more than one Lucy! A mutant Beast’s reproductive ability is exceptionally strong. It’s not a viviparous species. It can split into 100 to 200 at a Time!” ”

“If this was true, that would be too terrifying! ”

“”It’s just scaremongering!”Mario didn’t take this matter to heart. “Don’t you understand what YC is trying to do? She’s trying to confuse us, trying to make us fall into chaos from within!” ”

Did she really think that they were that easy to fool?

What a joke!

“Professor William frowned as he looked at Mario and continued, “But what if it’s true?” ”

“”Don’t worry, it can’t be true!”Mario continued, “If Lucy can really classify dozens or even hundreds of offspring at one go, then what about the other exotic beasts? There are traces left behind by humans and sounds left behind by geese. They are huge in size, so they should be noticed! “But have you received any reports?” ”

“Ye Zao said that there were at least a few hundred exotic beasts in L continent. No matter how one looked at it, it seemed impossible! ”

Doctor William shook his head.

He had never received any reports before.

“Mario continued, “So, you don’t have to worry about this nonsense.” ”

“After saying that, Mario looked at his assistant and asked, “How is the situation outside? has everyone been affected by this nonsense?” ”

The country was people-oriented.

“If the people of L continent were affected by these words, then Mario would have to come up with a corresponding strategy.”

“The assistant looked at Mario and said respectfully, “No, the people trust you very much. Don’t worry.”

“Hearing this, Mario nodded his head in satisfaction.”

“Now, all he had to do was wait for the Exotic Beasts to help him build an aircraft carrier that surpassed China’s.”

“When that time came, he would definitely cause a sensation all over the world!”

“Thinking of this, Mario’s eyes were filled with a proud light. From the looks of it, it seemed like he had already seen victory.”

The next day.

“Just as Mario arrived at the entrance of the base, an ear-piercing alarm suddenly sounded in the air.”

“Beep, BEEP, Beep — ”

The alarm sounded from all directions.

What was going on?

Was there an earthquake?

Mario immediately ran to the office. "What's going on?"

"Seeing Mario come over, the originally dazed assistant immediately found his backbone and anxiously said, "Professor, not good! There's been a large number of exotic beast attacks in the southern region. Currently, 200 people have gone missing!" "

"In the next second, the office door was knocked open by someone. A person dressed in a black suit ran in from outside and panted as he said, "Professor, the Northern Region has also been attacked by exotic beasts..." "

"Just as he finished speaking, Professor William ran over. "Old friend! This is bad! Groups of exotic beasts have appeared in Jiaonan, and there are signs of an attack!" "

"Doctor..."

"It was unknown when, but a group of exotic beasts had suddenly appeared in L continent. "

"They had three heads and five legs, and their entire bodies were covered in disgusting mucus. They could even spew fire and create lightning. Everywhere they went, it was a complete mess! "

"At present, L continent had been severely affected by the disaster, to the point where it was impossible to estimate. "

"Faced with such a sudden situation, Mario was completely dumbfounded. "

What was going on?

"Doctor, please think of something! The exotic beasts are rushing towards our laboratory from all directions! !" "

"Doctor..."

“Mario tried his best to calm himself down. Raising his hand, he said, “Gather all the high-ranking personnel and start the meeting immediately!” ”

“Five minutes later, everyone gathered in the meeting room. ”

“Through his sinister eyes, Mario saw the appearance of the strange beasts. In the blink of an eye, his face turned pale. ”

“How, how could this be? ”

“Mario, who originally had a sliver of hope, had lost all hope at this moment. ”

This was because these strange beasts were just like Lucy.

They were exactly the same.

Mario turned to look at his assistant. “Is Lucy still here?”

“The assistant lowered his head to look at the monitor, his eyes filled with disbelief. “She was clearly here just a moment ago. Why is she not here now!” ”

Mario immediately stood up from his chair. “She’s not here anymore?”

The assistant nodded.

“Mario immediately said, “Get someone to prepare the potash bombs immediately!” ”

The moment he said that.

Bang!

“After a loud bang, two people fell from the roof. ”

The roof had also been smashed through!

“One had to know that the roof of the experimental base was made of special materials. Even if an armored vehicle fell from the sky, it would not be able to smash through the roof. ”

“But now, the roof had actually been smashed through! ”

Mario raised his head to look.

“When he saw this, he was immediately dumbfounded. A three-headed monster was currently lowering its head to observe the humans inside. ”

“Run!” Mario shouted loudly.

“In an instant, the people in the room ran away. ”

“Shrieks and cries rang out. Upstairs and downstairs, it was a chaotic mess. It was especially terrifying. ”

The scene was comparable to the scene of a disaster film.

“Whether it was in the experimental base or the experimental base, there were monsters that were chasing away humans everywhere. There was nowhere for them to run! ”

“Under Mario’s command, everyone threw their potash bombs at the exotic beasts. They originally thought that the exotic beasts would disappear just like that. ”

But...

They didn't!

Those potash bombs didn't react at all when they were thrown at the exotic beasts.

How could this be?

Mario's face turned pale. These exotic beasts were clearly afraid of potash.

Why weren't they afraid now?

PA!

"At this moment, a huge beast swept over with a slap. "

"Mario was sent flying by the slap, before landing heavily on the ground. "

"Pu!" Mario spat out a mouthful of blood.

Chapter 2412: 406: Never in his wildest dreams did he expect! 1

Never in his wildest dreams did Mario expect that the exotic beast he had personally nurtured would one day lose control and become like this.

"He looked at the fleeing crowd and the collapsed buildings, his eyes filled with sorrow. "

What should he do now?

What should he do!

“Mario began to regret. He regretted that he had not listened to ye Zao’s words, and even more regretted that he had not destroyed the exotic beast earlier.”

He had an inescapable responsibility for things turning out like this!

Bang!

“At this moment, a huge boulder rolled over from the side and pressed down on Mario’s leg.”

Mario’s face was filled with pain.

Pain!

A piercing pain!

““Doctor!”At this moment, the assistant ran over from the side. “Doctor, don’t be anxious. I’ll Save You Right Now!” ”

“Seeing the assistant, Mario didn’t know what expression he should use to face him.”

It was all his fault that L continent had become like this.

He was the one who insisted on doing it!

“The assistant seemed to have seen through Mario’s thoughts and continued, “Doctor Mario, this isn’t your fault. Your motive is for the good of L continent! Don’t worry, I’ll definitely save you!” ”

“As the assistant spoke, he forcefully moved the huge rock that was pressing on Mario’s leg. ”

The huge rock was very big and heavy.

“Mario’s face was deathly pale. Although he could not see the leg under the huge rock, Mario had a feeling that his leg could not be saved. ”

“At this moment, Mario raised his head to look at the assistant. At this moment, his eyes widened. ”

“Mike! Run! Run!” Mario was practically shouting out.

“The assistant still did not understand how Mario had suddenly become like this. He continued to say, “Don’t worry, doctor. I will definitely not leave you behind to escape!” ”

“Run!” Mario extended his hand to push the assistant.

“However, in the next second, the back of the assistant’s neck was grabbed by the strange beast, and his entire body was lifted up. ”

“Mario roared angrily, “Let him go! Let Him Go!” ”

“Under Mario’s gaze, the strange beast tore the assistant into two and swallowed him. ”

The scene was especially terrifying.

It was like a living hell.

“At this moment, no pain could compare to this visual impact. Mario felt as though he was about to suffocate. ”

Why?

Why did he have to experience all of this?

“Eat me!” Mario shouted at the strange beast, “Eat me!”

“Rather than letting him live through all of this pain, it was better to let him die.”

“However, the strange beast seemed to know what Mario was thinking. It didn’t touch Mario, and even helped him remove the huge rock that was pressed on his leg.”

“Looking at the colleagues that he had worked with before becoming food for the Strange Beast One by one, Mario’s vision turned black, and he fainted just like that.”

He didn’t know how much time had passed.

“When Mario woke up again, the massacre was still ongoing.”

His ears were filled with cries and shouts.

“Mario closed his eyes, his eyes filled with pain.”

Why.

Why wasn’t this over?

“Buddy!” At this moment, a pleasantly surprised voice sounded by his ear.

Mario turned his head and saw that it was William.

“William had long since lost his usual appearance. His face was covered in dust and dirt, and there were even visible traces of blood on the left side of his face. ”

“He had searched for Mario for a very long time. He had thought that Mario was already gone, but he had not expected that Mario was still alive! ”

“”Buddy, Can You Walk Now?”William asked. ”

Mario nodded. “I should be able to.”

William lowered his voice. “Then let me help you up.”

“When Mario thought about what had happened to his assistant, he suddenly pushed William away. “Leave! Don’t bother about me!” ”

He would implicate William.

William was taken aback. He had never expected Mario to have such a reaction.

“”Buddy, What’s wrong? I’m here to bring you away!”William continued, “I know that you’re feeling very sad right now. I’m just like you. I’m also feeling very sad! “The most important thing for us now is to find the weakness of the exotic beasts and completely destroy them!” ”

“After saying that, William continued, “I’ve observed them. These exotic beasts rest about every three hours. It’s their rest time now. Let’s Go!” ”

“Hearing this, Mario’s expression changed. ”

William immediately helped Mario Up. “Let’s Go!”

“One of Mario’s legs was injured, and he limped as he walked.”

“Very quickly, the two of them arrived at the base’s emergency shelter.”

There were many people gathered in the shelter.

“Seeing Mario and William come over, everyone’s gazes were a little strange, with some hatred.”

Chapter 2413: 406: Who Would Have Thought! 2

“After all, the reason why they had become like this was all because of Mario.”

“If it wasn’t for Mario’s obstinacy, how could I continent have become like this?”

“Mario felt sorry for everyone and lowered his head, not daring to look at their faces.”

“William helped Mario find a place to sit down and said, “Buddy, wait here for a moment. I’ll go find some food.” ”

Mario nodded without saying a word.

William turned around to look for food.

“Mario sat in a corner and buried his head in his knees, crying uncontrollably.”

“At this moment, he no longer looked like a doctor.”

“Not only was his dream of dominating the world shattered, but he had also caused the entire L continent to become a living hell. ”

He was a sinner!

“Other than regret, Mario didn’t know what to think. ”

But what was the use of regret?

“Let’s eat something first.”William walked over and handed Mario a piece of bread.

Mario looked up. “You eat. I’m not hungry.”

How could he still have the mood to eat now...

“William continued, “No matter what, you have to eat something. Only when you’re full will we have the confidence to destroy these strange beasts.” ”

“Can we really exterminate them?”Mario asked.

“”Yes.”William nodded his head firmly, “No matter what it is, it has its own weakness. These exotic beasts are no exception. Buddy, Pull Yourself Together First! I believe that we will definitely be able to restore L continent to its previous State!” ”

“Seeing William’s confidence, Mario suddenly felt a sense of confidence. “Really?” ”

“”Of course it’s true!”William continued, “Buddy, we’ve gone through so many ups and downs over the years. This little bit of difficulty in front of us is nothing at all!” ”

Mario fell silent for a moment.

Was this really just a little bit of difficulty?

“William continued, “Right, we can still contact Miss Ye! Dr. YC will definitely have a way!” ”

“When he heard Dr. YC, Mario’s eyes suddenly lit up. He grabbed William’s hand tightly and said, “That’s right! We can still look for Dr. YC!” ”

“Back then, it was ye Zhuo who had first discovered that there was a problem with these single-celled organisms. ”

“However, at that time, Mario had not taken those words to heart. ”

“Now that he thought about it, he was simply a retard back then! ”

“William’s expression darkened for a moment. “It’s a pity that our communication system has been destroyed by the exotic beasts. Otherwise, we could have contacted Dr. YC right now.” ”

“Fix it! Fix It immediately!”Mario immediately stood up from the ground.

He urgently needed ye Zhuo’s help.

William grabbed Mario’s arm. “Wait a moment.”

“What’s the matter?”Mario turned to look at William.

“William continued, “Let’s eat first! After eating, we’ll think of a way together! Isn’t there a saying in China? The body is the capital of the Revolution.” ”

Mario nodded and sat back down. He took the bread from William and began to eat it.

William was right. Only when he was full would he have the strength to do other things.

“After finishing a piece of bread, Mario stood up and said, “Let’s Go!” ”

“William continued, “I haven’t finished eating yet.” ”

Mario sat down again.

He was very anxious now.

“He was in a hurry to repair the machine. As long as the machine was repaired, there would be hope for the L continent.”

“Ten minutes later, William finished a loaf of bread and the two of them set off to repair the communication equipment.”

“The communication equipment was badly damaged, and it was almost impossible to see its original appearance.”

William frowned slightly. “Can this really be fixed?”

“Mario couldn’t care about anything else. He had even forgotten about the pain in his legs. Rolling up his sleeves, he said, “Believe in yourself. It will definitely be fixed!” ”

William could only cooperate with Mario to repair the equipment.

“Actually, he knew very well that the communications equipment wouldn’t be fixed!”

“However, at this moment, he had to find something to do. He couldn’t just sit around and wait for death!”

Only when there was hope would people have the desire to live!

...

On the other side.

It was already the second day after Susan woke up.

“When she opened her eyes, she saw Joseph leaning against the bed and napping.”

Why was Joseph Here?

Could it be that they had already returned to L continent?

Susan reached out and pushed Joseph.

“Joseph immediately woke up from his sleep. When he saw that Susan had woken up, he said in surprise, “You’re Awake? How Do You Feel Now? Do you feel uncomfortable anywhere?” ”

“Susan pressed her temples and continued, “Where are we now? Have we arrived at L Continent?” ”

It was also at this moment that Susan realized that the surrounding environment was still so unfamiliar.

Chapter 2414: 406: I didn’t Expect This! 3

They hadn't gone back yet!

"Joseph continued, "You suddenly got sick, so we..." "

"Sick? I Got Sick?" Susan looked at Joseph.

"Yes." Joseph nodded.

"Impossible!" Susan was very clear about her physical condition.

"Every time before she got sick, there were signs, like dizziness, and then she would pass out. "

"But this time, there were no signs at all! "

"Moreover, Susan remembered that she had only fallen into a coma after drinking a glass of water from Jerry. "

"So, she definitely did not have any symptoms! "

It must be the problem with the glass of water.

"Needless to say, it was definitely Jerry's doing. "

"Susan continued, "Where's Jerry! get him over here!" "

"This time, she would never forgive Jerry! "

"Joseph still didn't understand why Susan was suddenly angry, so he asked, "What's wrong with you?" "

“Susan continued, “This is all Jerry’s plot! I didn’t fall ill at all!” ”

Susan was very angry now.

“Seeing her like this, Joseph stood up. “Don’t be angry. Calm down. I’m going to find Jerry.” ”

“Go quickly.”

Joseph quickly went downstairs to look for Jerry.

Susan began to pack her things.

She had to return to L continent!

Jerry was watching the news downstairs.

Joseph was too anxious. He almost ignored the news that was playing on the television. He walked over to Jerry. “Your mother has woken up. She’s very angry now! She’s looking for you!”

“Hearing this, Jerry immediately stood up from the sofa. “My mother has woken up?” ”

“Yes.” Joseph nodded. “Come with me quickly.”

Jerry followed Joseph’s footsteps and the two of them walked upstairs together.

“Soon, they arrived at Susan’s bedroom. ”

“Almost as soon as Jerry stepped into the bedroom, a vase was thrown in front of Jerry and shattered into pieces. ”

Jerry instinctively took a step back and looked up into the room. “Mother.”

“I’m Not Your Mom!” Susan said angrily.

“Seeing the mother and son’s tit-for-tat, Joseph immediately walked forward and whispered, “Susan, why do you have to lower yourself to the level of a Child?” ”

“Ask him what he did!” Susan said angrily.

Joseph scratched his head and turned to look at Jerry. “What did you do?”

“Jerry didn’t hide it anymore and continued, “My mom didn’t have an illness yesterday.” ”

Did not have an episode?

“Joseph asked in surprise, “Then why did she sleep for a day and a Night?” ”

“Jerry said, “I put sleeping pills in the water she drank.” ”

Sleeping pills?

“Hearing this answer, Joseph’s eyes were full of surprise. “Sleeping pills!” ”

“”Yes.” Jerry nodded. “If I did not put sleeping pills in the water, you and my mother would have already arrived in L continent! Do you know what the current situation in L continent is like?” ”

Jerry had been accompanying Susan the whole time. How would he know what the current situation in L continent was like!

Jerry picked up the remote control on the table and turned on the TV.

"[ ... According to our reporter's report, the current death toll in L continent has reached 56,521 people. Currently, the exotic beasts... ] "

What happened in L continent was too terrifying. Almost all the television stations were broadcasting it.

"Seeing this news and seeing the appearance of the Strange Beast in the picture, Susan and Joseph were stunned! "

"Mom, Uncle Joseph, do you still want to go back now?" Jerry continued to ask. "

"At this moment, Susan was stunned, and Joseph was also stunned. "

"After a long while, Susan finally reacted and looked at Jerry. "What's going on?" "

"Jerry continued, "Currently, L continent is a living hell! Mom, if you really went back yesterday, you really won't be able to come back!" "

"Susan looked at the scene on the news and covered her mouth, almost crying out loud. "

How could this be?

"It was only one night, how could L continent become a living hell? "

"Where's your cousin?" Susan continued to ask.

“Jerry’s expression was complicated. After a while, he sighed and said, “I’m sorry, I couldn’t stop her.” ”

“She... She went back?” Susan asked.

Jerry nodded.

Susan immediately broke down.

It was her fault!

It was all her fault!

“If she hadn’t insisted on going back, Elena would never have gone back. ”

“Jerry saw through his mother’s thoughts and continued, “Even without you, she would still want to go back! There’s no way to stop her. Mom, don’t think too much.” Jerry had thought of many ways to stop Elena, however, he didn’t manage to stop her. It could be seen that Elena had made up her mind. ”

“However, Susan didn’t think so. After all, she was the one who suggested going back first. ”

“Joseph continued, “Jerry is right. This is all Elena’s own choice. It has nothing to do with you.” ”

Chapter 2415: 406: I never thought of that! 4

“”But if it wasn’t for me, she wouldn’t have thought of going back! It’s my fault! It’s all my fault!” Susan cried. ”

“It’s really not your fault!” Jerry continued, “It’s not that I didn’t stop Elena. I even tried to use the same trick to make Elena drink water, but she refused.” ”

“Hearing that, Susan looked at Jerry, “You also poured her sleeping water?” ”

Jerry nodded. “But all of you are determined to go back. I had no choice but to think of this method.”

“Susan wiped her tears. If that was really the case, then it was fate! ”

Elena was also unlucky. She had just returned to L continent when a riot broke out.

She watched helplessly as the strange beast swallowed several people in front of her.

“Elena ran as fast as she could to the entrance area, but she was still a step too late. ”

The entrance was already closed!

“At this moment, L continent had become a true cage. ”

Her ears were filled with shouts and screams.

It was especially terrifying.

...

On the other side.

Ye Zhuo sat in front of the observation platform and observed the current situation of L continent through the holographic technology. He frowned slightly.

These exotic beasts were more terrifying than she had imagined.

“When they were still single-celled, they might have been afraid of potassium carbonate, but now they had almost no weaknesses.”

“Whether it was potassium carbonate or wind, rain, thunder, or lightning, they could absorb them all.”

And they were constantly growing.

“Ye Zao raised her hand and pressed on her temple. She turned to Dr. Zhang and asked, “Has the S-2 virus been developed yet?””

“Not yet.” Dr. Zhang shook his head.

“After saying that, Dr. Zhang continued, “Can the S-2 virus really subdue these exotic beasts?””

“I don’t know either.” Ye Zao’s expression was a little complicated. “We can only give it a try now.”

“Dr. Zhang looked at the holographic image and said, “Miss Ye, why don’t we forget about them? Don’t worry about them! You said that there was a problem with those things back then. They didn’t listen to you!””

“If the people of L continent had listened to ye Zao’s words, they wouldn’t have ended up like this.”

They had brought this upon themselves.

“Ye Zao continued, “But they are all fresh human lives.””

“Although he could not interfere in such matters, ye Zao could not watch as those lives disappeared one after another.”

Professor Zhang Sighed.

“As a researcher, professor Zhang couldn’t stand it. However, he was afraid that he would be dragged into the mess if he couldn’t save them.”

“After all, China was safe now.”

“If there was even the slightest problem, China would become a second hell on Earth.”

“”Miss Ye,” professor Zhang turned to look at ye Zao and said, “What if... what if those exotic beasts break through the defense system when we release S-2?” ”

“”I’ll think of a way,” ye Zao said.”

She would definitely not put herself in danger.

Dr. Zhang nodded. “Then I’ll go and urge the laboratory again.”

“Okay.”

L continent.

“Mario and William had not slept for a day and a night, and they finally succeeded in repairing the communicator.”

“Looking at the communicator that was beeping, Mario was so happy that he almost cried!”

William's face was also filled with disbelief.

He had never thought that it would actually be fixed!

"After all, he had only wanted to console Mario at that time."

"Alright! Alright!" The two of them hugged each other in excitement, suddenly forgetting all the pain.  
"We're saved!"

"In a flash, the two of them let go of each other, and Mario began to contact ye Zao."

"Before contacting ye Zao, Mario had already mentally prepared himself."

"After all, he was the one who had taken ye Zao's good intentions for granted."

"Therefore, even if ye Zao's words were unpleasant, he would still endure it."

"Very quickly, the other party picked up."

Ye Zao's face appeared on the transparent screen.

"Miss Ye!"

Mario hurriedly called out.

"Ye Zao nodded slightly. "Doctor Mario, are you guys Alright Now?"

"Mario was stunned for a moment. He had thought that ye Zao would be mocking him. However, the first thing ye Zao said was to say hello."

“I’m fine,” Mario said. ”

“That’s good.” Ye Zao continued, “You guys take good care of yourselves. We’re already researching the virus to conquer the exotic beasts. We’ll try our best to deliver it within three days.” ”

Mario looked at ye Zao in disbelief. How could he have imagined that ye Zao would take the initiative to help them solve their problems before he could even speak.

“At this moment, Mario’s heart was filled with displeasure. His eyes reddened as he looked at ye Zao and said, “Miss Ye, I’m sorry.” ”

“William, who was by the side, had never imagined that things would end up like this. ”

Ye Zao had exceeded his expectations.

He had originally thought that ye Zao would no longer bother with them.

“Things have already happened. There’s no point in saying sorry.” Ye Zao continued, “The most important thing for all of you right now is how to survive these three days!” ”

“Three days wasn’t long, but it wasn’t short either. ”

“Against that group of exotic beasts, humans simply didn’t have any ability to attack. Once they were targeted by the exotic beasts, there would only be one outcome. ”

Waiting for death.

“It was very cruel, but it was also very realistic. ”

“Hearing ye Zhuo’s words, Mario’s expression became a little desolate. However, he quickly said, “Miss Ye, don’t worry. I will definitely protect everyone!” ”

“He was the one who had caused this matter, so he would be the one to end it! ”

Even if he had to risk his life.

“And me!”William stood behind Mario. “We will definitely be able to survive for three days together!”

“Ye Zao looked at the two of them and continued, “I will also speed up my progress and try my best to release the virus that will conquer the exotic beasts within a short period of time.” ”

Chapter 2416: 407: Find a way to conquer it! 1

The situation in L continent could not be dragged on any longer.

“If it was dragged on any longer, the damage would only be more serious! ”

He had to think of a solution immediately.

“Ye Zao frowned without leaving a trace and continued, “The two of you must protect yourselves during this period of time.” ”

““Yes.”Mario nodded, stood up straight, and bowed to ye Zao in a very serious manner. “Miss Ye, I can’t thank you enough for your great kindness. The people of L continent and I will always remember you. ”

“Other than regret, Mario also regretted what he had done previously. ”

Why did he have to do that?

“At this moment, Mario wished that he could slap his foolish self to death.”

“If he was ye Zao, he might not be as magnanimous as ye Zao.”

“Perhaps, this was the reason why he would never be able to reach the height of ye Zao.”

William also bowed.

Bang!

“At this moment, a loud sound rang out in the air.”

“The scene that was still playing suddenly became chaotic, causing the screen to turn pitch black.”

“Following that, the roars and roars of the exotic beasts could be heard.”

William turned his head to look at Mario.

Both of their eyes were filled with panic.

“Shh.”

“Mario raised his index finger and placed it by his lips, gesturing for him to keep quiet.”

William gulped.

“This way.” Mario lowered his voice and continued.

William followed in Mario's footsteps.

The two of them walked at an extremely slow pace.

"The Strange Beast's roar continued, sounding extremely terrifying. "

This was the first time William had faced a strange beast in such a direct manner.

He didn't dare to imagine what would happen if he was caught by such a thing.

"After all, Mario had studied exotic beasts for a period of time, so he had some understanding of their habits. As expected, under Mario's command, the two of them successfully escaped from the exotic beasts. "

"Hu!"

"The two of them hid in a bomb shelter. Leaning against the wall, they let out a long breath. "

"William," Mario continued. "

"Yes," William replied. "

"Mario continued, "Do you believe it? We'll definitely be able to defeat these guys!" "

"I believe it." William looked ahead and said.

"It was clearly just a wall in front of them, but William seemed to see endless hope. "

“If it had been an hour ago, William definitely wouldn’t have believed it.”

But it was different now.

Ye Zhuo had already promised to help them.

“Although ye Zao was younger than them, she had an aura that could calm people’s hearts.”

“Mario picked up a can of soda from the shelf, his expression somewhat complicated. “To be honest, I didn’t expect Miss Ye to help us.” ”

To those in the industry.

Addressing ye Zao as Miss Ye was a form of respect for ye Zao.

“From the way he addressed him, it could be seen that at this moment, Mario was completely convinced by Ye Zao.”

There were many things about ye Zao that were worth learning from.

“He had lived for most of his life and had seen many people and many things. He thought that he was rich and knowledgeable, that he knew everything, and that he could dominate the world.”

“In fact, he was nothing.”

“”I didn’t expect it either.”William was similarly moved as he continued, “Miss Ye is very different from what I imagined. Perhaps, we still need to get to know her again.” ”

“In the past, when William learned that many people regarded ye Zao as their lifelong dream, he was still very puzzled.”

“Because, in William’s eyes at that time, Ye Zao was just a person who had made some achievements in the scientific research world. ”

“In this world, there were people who succeeded every day, and there were also people who failed every day. ”

He had seen many successes.

“Therefore, even when he saw ye Zao build an aircraft carrier, he only sighed. ”

Only now did he completely understand why ye Zao had become their lifelong dream.

“From now on, Ye Zao was also his lifelong dream. ”

Mario agreed with William’s words.

“”I regret it now,”Mario continued. ”

“William said, “Do you regret not listening to miss ye earlier?” ”

“”I regret not knowing miss ye earlier,”Mario said. ”

“If he had gotten to know ye Zao earlier, things would definitely have turned out differently. ”

“After saying that, Mario added, “I was too arrogant in the past.” ”

“William looked at Mario and continued, “Everyone makes mistakes sometimes. Now that things have already happened, don’t think too much about it. Thinking too much not only won’t solve the problem, it will also bring about a burden on yourself.” ”

Mario did not speak. He looked a little lonely.

William was right.

Everyone makes mistakes.

But his mistakes were unforgivable.

“When everything was settled, he would definitely give an explanation to everyone.”

Chapter 2417: 407: find a way to conquer it! 2

On the other side.

“After the communication with Mario was cut off, Ye Zao put on her lab coat and entered the laboratory.”

“Miss Ye!”

“Seeing her enter, worker xu said in surprise, “Didn’t you already get off work?” ”

“Ye Zao said, “It’s not a big deal to go back. Have the test results come out?” ”

“Even if she went back now, she wasn’t in the mood to rest. ”

She might as well come to the laboratory and study with everyone.

Worker Xu shook his head. "There's still one more program left."

"After all, they had never seen such a strange beast before. Many things were new to them, so the data wasn't easy to grasp. The slightest mistake could result in mistakes."

"Bring me in to take a look," ye Zhuo continued. "

"Come with me." Worker Xu immediately went forward to lead the way.

"As soon as he entered, he saw a tall and well-built figure standing in front of the experiment table. "

"He just stood there, slightly rolling up his sleeves, and was injecting something into his arm. "

"The action was very simple, but his entire body was bursting with an aura that could not be ignored. "

"Cen Shaoqing!" Although his face was almost completely hidden under the mask, Ye Zhuo still recognized him at a glance. "

"Hearing this, the man looked back slightly and was stunned for a moment. "

"As if he didn't expect the person to be ye Zhuo, he immediately hid the syringe and pretended as if nothing had happened. "Leader, why are you here?" "

"What did you hide?" Ye Zhuo asked.

"Nothing," Cen Shaoqing said. "

Ye Zhuo's beautiful eyes narrowed. "Really nothing?"

“It’s really nothing.”

“Little Chen.”Ye Zao looked at Cen Shaoqing’s assistant.

The assistant was also in a difficult position.

On one side was the leader.

On the other side was the leader of the leader.

It was not good to offend anyone.

“After holding it in for a long time, the assistant looked at Ye Zao. “Miss Ye, I don’t know anything.” ”

He was just an assistant.

Ye Zao turned around and looked at Cen Shaoqing. “Speak for yourself.”

Cen Shaoqing felt his scalp go numb.

How could he have known that ye Zhuo would suddenly come over.

The assistant was so frightened that he did not even dare to raise his head.

He was transparent.

He was transparent.

He could not see or hear anything.

“Cen Shaoqing smiled at Ye Zhuo. “It’s really nothing. By the way, didn’t you get off work? Did you forget something? Go back quickly. I’ll be fine as long as I’m in the laboratory.” ”

“Stop changing the topic.”Ye Zhuo looked at Cen Shaoqing. “I’ll give you another chance to show off.”

““It’s really nothing,”Cen Shaoqing said. ”

Ye Zhuo walked to Cen Shaoqing’s side. “Give me your hand.”

Give me your hand?

How could he give me his hand in the current situation!

Wouldn’t he be exposed if he gave me his hand!

No.

But he couldn’t ignore ye Zhuo’s words.

Cen Shaoqing immediately signaled to his assistant.

“The assistant reacted and was about to take a step forward, but ye Zao noticed him. “Little Chen, just stand there.” ”

“After saying that, ye Zao turned to look at Cen Shaoqing. “You, stretch out your hand. Stop fooling around.” ”

“Cen Shaoqing raised his hand to touch his nose, but he refused to take out his hand that was hidden behind his back. ”

“At that moment, ye Zao grabbed his hand.”

“When she saw what was in Cen Shaoqing’s hand, she was stunned. Her eyes were filled with disbelief.  
“What are you doing?” ”

Cen Shaoqing was about to explain.

“The assistant understood that he could no longer be transparent. He immediately stood up and said,  
“Miss Ye, it’s like this. No one in the lab knows if there are any harmful ingredients in the c 1 potion,  
so...” ”

““So, you’re using yourself as an experiment?”Ye Zhuo looked at Cen Shaoqing.”

Cen Shaoqing glared at the assistant. “I want you to keep your mouth shut!”

The assistant shuddered in fright.

“This isn’t just about Xiao Chen.”Ye Zhuo turned to look at Xiao Chen. “You can go home first.”

““Thank you, Miss Ye.” ”

“With Ye Zhuo’s words, he wasn’t afraid that Cen Shaoqing would vent his anger on him.”

“After all, Ye Zao was the leader of a leader.”

“After the assistant left, ye Zao frowned slightly. “Are you crazy? Do you know how dangerous it is for  
you to do this? !” ”

C 1 was one of the ingredients used to conquer the exotic beast virus.

“If anything went wrong, the consequences would be unimaginable!”

Cen Shaoqing was too bold. He actually dared to use himself as an experiment.

“It’s fine. Look, I’ve been injected for a few minutes. isn’t everything fine?” Cen Shaoqing helped Ye Zao push his messy hair to the back of his head. “Also, I believe in You.” ”

I believe in you.

“It was only a very simple word, but it was loud and clear. ”

C1 drug was developed by Ye Zao. The ingredients were very bold and had many fatal toxins.

“Therefore, no one dares to try it out. ”

“Most importantly, this kind of medicinal mice or other animals can not be replaced at all. ”

Chapter 2418: 407: find a way to conquer it! 3

“Therefore, CEN Shaoqing stood out. ”

“Ye Zhuo looked at Cen Shaoqing, her eyes slightly red. “Fool!” ”

“Then are you a Fool?” Cen Shaoqing asked.

“I’m not.” Ye Zhuo continued, “You are, you are the biggest fool in the world.” ”

Little by little.

“Whenever there was a little problem with C 1, CEN Shaoqing did not have the opportunity to stand here and talk to her.”

“Cen Shaoqing smiled and said, “Oh, so Miss Ye’s boyfriend is a fool. That Miss ye is definitely not smart. Who would find a fool to be a friend of a normal person?” ”

“Ye Zhuo chuckled and continued, “You’re not allowed to do this in the future.” ”

“Yes.”Cen Shaoqing nodded slightly. “Just this once.”

“How do you feel now?”Ye Zhuo asked.

“CEN Shaoqing said, “I don’t feel anything special.” ”

Ye Zhuo grabbed Cen Shaoqing’s wrist. “Let’s go. I’ll bring you to have a check-up.”

“”I’m really fine.”Seeing how serious she was, the corners of Cen Shaoqing’s mouth were filled with a helpless smile. ”

This feeling of being cared for by others was very good.

“Ye Zhuo continued, “Just because you don’t feel anything now doesn’t mean that you’re fine. Follow me to have a check-up!”Otherwise, ye Zhuo wouldn’t be at ease. ”

“Helpless, Cen Shaoqing could only follow ye Zao’s footsteps. ”

“The two of them came to the examination room. After checking that there was nothing wrong with Cen Shaoqing, ye Zao heaved a sigh of relief.”

“CEN Shaoqing continued, “See, I already said that I’m fine.” ”

“”This time, you’re just lucky.”Ye Zao continued, “You’re not allowed to do this next time!” ”

“Okay.”Cen Shaoqing nodded.

Ye Zhuo was a little angry. “Lower your head and hit it for me.”

“Although the height difference between them was only about 20 centimeters, Cen Shaoqing did not lower his head. She really was not enough for Cen Shaoqing’s head.”

“Hearing this, Cen Shaoqing immediately lowered his head.”

Ye Zhuo patted his head.

“At this moment, a person suddenly walked out from the intersection.”

It was worker Li.

“Cen Shaoqing immediately stood up straight and pretended as if nothing had happened, hiding his achievements and fame.”

Worker Li looked at Cen Shaoqing and really wanted to say that he had seen master five! Stop pretending!

But he did not have the guts.

“He just greeted respectfully, “Miss Ye, master five.” ”

Ye Zhuo nodded.

Cen Shaoqing also nodded.

The two of them walked all the way to the laboratory.

“CEN Shaoqing continued, “Aren’t you going back?” ”

“Isn’t it good to advance and retreat together with you?”Ye Zhuo raised his eyebrows and asked.

“”Alright,”cen Shaoqing continued, “But rest is also very important. You haven’t rested for a long time.” ”

“”Once we settle this matter, we can rest,”ye Zhuo said. ”

“Having been together with Ye Zhuo for so long, Cen Shaoqing knew ye Zhuo’s character. He also knew that no matter what he said at this moment, ye Zhuo would not listen. ”

“After a moment, Cen Shaoqing held ye Zao’s hand. “Okay, let’s advance and retreat together.” ”

“Okay.”

The two of them held hands and walked inside. The lights in the laboratory made their figures elongate.

This experiment had been going on for a day and a night.

“When ye Zao walked out of the laboratory again, he looked a little tired. ”

“Cen Shaoqing followed behind her and said, “I’ll send you back to rest first.” ”

“Just go to the lounge and rest for a while. I’ll wait for news from worker Xu and the others.”

“At present, the virus to conquer the exotic beasts had already been researched.”

But whether it would have any effect was still unknown.

They had to wait for worker Xu’s notice.

“Okay.”Cen Shaoqing nodded slightly. “I’ll go with you.”

The two of them went to the lounge together.

Cen Shaoqing poured a glass of milk for ye Zhuo.

“After drinking a glass of milk, ye Zao felt a little better.”

There was only one bed in the lounge.

“Cen Shaoqing lay on his side on the sofa. “I’ll sleep on the sofa, you sleep on the bed.” ”

“”Then I won’t stand on ceremony,”ye Zao said. ”

“Cen Shaoqing smiled and said, “You speak as if you’ve never been polite to me.” ”

“”There’s no need to stand on ceremony with your own son,”ye Zao said. ”

“Cen Shaoqing looked at ye Zhuo and said somewhat helplessly, “Why do you always want to be my father?” ”

“Don’t meddle in my father’s matters.”Ye Zhuo raised his brows slightly.

Cen Shaoqing:” ...”he had to admit that he had such an ancestor.

On the other side.

L continent.

“A Day had passed, and the population of L continent had shrunk by more than half. ”

“At this moment, the communicator suddenly rang. ”

“Mario, who was originally dejected, suddenly lit up and looked at William. “Miss Ye has sent a message!” ”

William also perked up at this moment and immediately clicked on the communicator.

Worker Xu’s face immediately appeared on the screen.

Chapter 2419: 407: Find a way to conquer it! 4

“”Hello, I’m Xu Youzhi.”Worker Xu continued, “Miss Ye has already researched the virus that can conquer the exotic beasts overnight. Due to the limited number of viruses, I need your cooperation now.” ”

“Hearing this, Mario said excitedly, “You say, we’ll definitely cooperate.” ”

“Even if he had to use his life to cooperate, he wouldn’t hesitate. ”

“Worker Xu continued, “Now, we need to gather all the exotic beasts in one place.” ”

All the exotic beasts?

“Hearing this, Mario fell silent for a moment. ”

This seemed to be a little difficult.

“After all, no one knew just how many exotic beasts there were in the current L continent. ”

“Success or failure depends on this one move. Can the two of you do it?” Worker Xu continued to ask.

Mario looked at worker Xu. “Yes.”

We definitely can!

“Worker Xu nodded. “Alright, then I’ll give the two of you two hours.” ”

“After saying that, worker xu continued to add, “That’s right. The virus this time is harmless to humans. Therefore, other than the attacks from the exotic beasts, you don’t have to worry about anything else.” ”

“”Alright.” Mario continued, “Thank you.” ”

“Worker xu said, “I’m just following orders. That’s all for now. We’ll contact each other in two hours.” ”

“After saying that, worker Xu cut off the connection. ”

“Mario turned to look at William and continued, “Let’s split up.” ”

“”En.”William asked, “Then where shall we meet?” ”

“”The central plaza,”Mario replied. ”

“Alright.”

The two immediately split up and began to move.

“Actually, it wasn’t difficult to gather all the exotic beasts together. ”

“At this moment, L continent was a cage. ”

“In the cage, other than the hunters, there was naturally prey. ”

The hunters were exotic beasts.

The prey was humans.

“So, as long as everyone gathered in the central plaza, then the exotic beasts would definitely appear! ”

“And now, Xu Gong had said that those viruses wouldn’t harm humans at all. ”

“Therefore, the most important thing now was to convince those people to gather in the central plaza. ”

“To the people of L continent, Mario no longer had any credibility. ”

“If it weren’t for Mario, they wouldn’t have been in such a situation! ”

Especially those who had left and returned.

“Originally, they didn’t have to face these things. ”

“But now, they were racing with the Grim Reaper every day. ”

The slightest carelessness would turn them into food for the exotic beasts.

“When Mario came to the economic refuge to explain the situation, he was immediately expelled by the crowd. ”

““Liar! You are the eternal sinner of the L continent. If not for you, how would we have ended up in this State!” ”

“You aren’t worthy to stand with us!”

“Scram!”

“Mario stood in the middle of the crowd, his face filled with shame. ”

“At this moment, he had nothing to say. ”

“Everyone was right. He was the main culprit. If it weren’t for him, things wouldn’t have ended up like this. ”

“At this moment, William stood beside Mario. ”

“Everyone, calm down and listen to me.” ”

“William raised his hands, he continued, “Dr. Mario has already realized his mistake. Humans aren’t saints. Mistakes aren’t scary. What’s scary is that he knows his mistake and doesn’t correct it. “I hope that everyone can give the Doctor a chance to turn over a new leaf. I believe that this time, the doctor will definitely lead everyone to escape.” ”

“However, at this moment, how could the angry people listen to William’s words. ”

“Stop quibbling! I think you’re on the same side as him!”

“Seeing that everyone’s emotions were gradually rising, William continued, “Everyone Should Know About Doctor YC, right?” ”

“When they heard the name ‘Doctor YC’, everyone gradually calmed down. ”

“After all, Ye Zao was the first one to discover that there was a problem with the exotic beasts. ”

It was also ye Zao who had established a defense system with the other countries outside the L continent.

“If it weren’t for ye Zao, the casualties in the L continent would have been even more severe. ”

They were all regretting now. They regretted not listening to ye Zao and leaving the I continent as soon as possible.

“William continued, “Dr. YC has already found a way to conquer the exotic beasts. Now, we just need to cooperate with him.” ”

“How do we know if what you said is true or false?”Someone in the crowd questioned.

“William was already prepared. He took out the video and said, “Everyone can take a look at the video and see if what I said is true or false.” ”

“After seeing the video, everyone heaved a sigh of relief. ”

“But what if Professor YC’s prediction is wrong? Then wouldn’t we all die in the central plaza?”

“That’s right!”

“Can Dr. YC guarantee that he can completely eliminate the exotic beasts?”

“...”

“More and more voices of doubt rose. After all, the slightest mistake could cost one’s life. ”

“William continued, “Everyone, calm down. Dr. YC is our last hope. If Dr. YC can’t defeat the exotic beasts, then he will become the food of the exotic beasts sooner or later. “Rather than waiting for death, it’s better to take the initiative to attack! “After all, there’s still a chance to survive if we take the initiative to Attack!” ”

“If they waited for death, there was only death waiting for them! ”

These words sounded very reasonable.

The discussion in the crowd became much quieter.

“William became a hot-tempered blacksmith. “So, we have to believe in Miss Ye. Miss ye can definitely lead us out of this predicament!” ”

““Alright, then we’ll believe in you this time.” ”

“What should we do next?”

“William continued, “In an hour and thirty minutes, everyone will gather in the central square. Everyone will form a circle. The elderly and children will stand in the middle while the young will stand outside. Everyone will advance and retreat together with Miss Ye!” ”

Chapter 2420: 408: Miss Ye is the Eternal God! 1

“Does everyone have to gather in the central square?”Someone in the crowd asked.

“Yes.”William nodded. “All of us have to go.”

Exotic beasts fed on humans. Only when they could not find any humans in the city would they collectively go out to look for humans.

“After the exotic beasts gathered, they would have the opportunity to launch the virus. ”

They would be annihilated in one fell swoop!

“Right at this moment, a young man in a suit walked out from the crowd. Because he had been running for his life for the past few days, the suit on his body was already covered in dust. He looked extremely pathetic. “You’re using us as bait!” ”

“To put it nicely, it was a gathering, but it was actually a bait. ”

“After all, the exotic beasts fed on humans. ”

“When these words were said, everyone began to discuss. ”

The word ‘bait’ was too terrifying.

The slightest bit of carelessness would cause the exotic beasts to swallow them whole.

This was especially so for those who had witnessed the exotic beasts swallowing humans with their own eyes.

That scene was something they would never be able to forget for the rest of their lives.

“Are you using us as bait?”

“What right do you have to push us out!”

“Why don’t you use yourself as bait!”

“I see that you and that Mario are on the same side. You guys have a good tradition with the exotic beasts. Let’s all gather at the central plaza so that the exotic beasts can eat us directly!”

“”Right, that must be the case! After all, the exotic beasts were groomed by that Mario Exotic Beast!” ”

“That’s too scary!”

“The citizens had finally calmed down, but at this moment, they were once again enraged. ”

“The young man continued, “Everyone, don’t believe these two people! They are not good people!” ”

“Everyone agreed, “Right! Everyone, don’t believe him!” ”

“Looking at the scene in front of him, William was stunned for a moment. ”

There was not much time left.

“It would take about 30 minutes to get to the central square from here, but they had to avoid the exotic beasts along the way. It would take at least more than an hour to avoid being discovered by the exotic beasts. ”

“”I admit that doing so would indeed take a great risk, but now, is there a better way than this?”William continued, “At the very least, we have Miss Ye’s help now! “The time we agreed with Miss Ye is one hour and 30 minutes later. If we exceed this time, we might never be able to walk out of this place!” ”

“After a pause, William continued, “If everyone wishes to leave this prison, if everyone believes Miss Ye’s words, then follow me.” ”

“With that, William turned around and left. ”

Mario limped with one leg as he followed William’s footsteps.

The young man looked at the backs of the two of them with a complicated expression in his eyes.

Perhaps he shouldn’t be so cowardly.

Fortune comes from danger.

“Although they were going to be bait, they really had no other choice but to be bait. ”

They could not just sit here and wait for their deaths!

“William!”The young man shouted.

“Hearing that, William turned around. ”

“The young man continued, “William, I’ve decided to trust you this time!” ”

“After saying that, he followed William’s footsteps in large strides. ”

William looked at him. “We should all trust Miss Ye.”

“It was a very simple sentence. It did not contain any special emotions, but it somehow made people feel a lot more confident. ”

It was all because this sentence contained the words ‘Miss Ye’.

“The young man nodded. “Yes, we should all trust Miss Ye!” ”

Miss Ye was an eternal God!

The originally hesitant crowd also followed their footsteps at this time.

L continent wasn’t big.

But it wasn’t small either.

“After this happened, everyone hid in a unified emergency shelter. ”

“Some shelters were discovered, while others were temporarily safe. ”

“At this time, everyone received the news and rushed to the central plaza.”

Those who really couldn't rush to the central plaza in a short time hid in the emergency shelter.

“An hour and twenty minutes later, everyone gathered in the central square.”

“According to William, everyone fought in a circle. The old man and the child stood inside while the young man stood outside.”

“It was something that had been discussed in advance, but at this time, a small situation happened in the crowd.”

The old men who were standing inside seemed to have discussed it. They all walked out and stood outside the young man.

The young men were naturally unwilling to let the old men protect them.

“After all, respecting the old and loving the young were traditional virtues that could not be forgotten at any time.”

“At this moment, an old man with grizzled hair walked onto the stage, held the microphone and said, “Everyone, listen to me. It's already very hard for you young men to earn money to support your families. Let us protect you all for once.” ”
