“Chapter 281: 0100: exciting, burning! 6”

“It’s true.” Mother Zhao nodded.

“Lan Yueyin continued, “Our four girls are really smart! Actually, our little treasure also did well and got 410 points! This shows that our children are all smart.” ”

“Mother Zhao was naturally unhappy that her daughter, whom she had raised for nineteen years, was called their four girls by an outsider. ”

But now was not the time to fuss over that.

“Mother Zhao forced a dry smile on her face, then, she said, “Big Sister Lan, Pingting has been having some health problems recently and is still in the hospital. I hope that you and Big Brother Wang can find the time to visit the child and explain to the child what happened back then.” ”

“Wang da Cai said in surprise, “The four little girls are sick? Is It Serious?” ”

Mother Zhao sighed. “You’ll know when you go and take a look.”

“Wang Dazai immediately stood up and said, ”

“”There’s no time to lose. Let’s Go Now!” It was said that when people were sick, it was the time when they needed their family’s care the most. ”

“Now that Zhao Pingting was sick, they could take this opportunity to get Zhao Pingting to accept her. ”

“Now?” Mother Zhao and father Zhao were stunned.

They never thought that Lan Yueyin and Wang Dacai would care so much about Zhao Pingting.

““Okay, let’s do it now.” Mother Zhao nodded. ”

They did not delay and immediately went to the hospital.

Zhao Pingting was staying in the oncology department on the sixth floor.

“As soon as they reached the ward, Lan Yueyin stopped and held Wang Dacai’s hand. “Don’t go in yet! Wait!” ”

““Big Sister Lan, What’s Wrong?” Mother Zhao was about to open the door when she turned around in confusion. ”

“Lan Yueyin looked up at the ward’s door sign. “Oncology Department? Tell me honestly, aunt, what illness did our wretched girl get?” ”

Lan Yueyin’s family had relatives who had died of cancer.

“If she remembered correctly, she had gone to the oncology department when she visited the hospital. ”

Mother Zhao sighed and did not say anything.

“Father Zhao’s eyes were red as he said, “Lung cancer, middle or late stage.” ”

““What?” Lan Yueyin’s eyes widened as she looked at the Zhao couple, “I was wondering why you suddenly brought us to the hospital! So you had other ideas! How could there be such shameless people like you in this world! Your own daughter is dying of cancer, and you still want us to pay for Your Daughter’s treatment? “Why do you think so?” ”

Did you really think that Lan Yueyin was easy to bully?

That she would pay for the treatment of a loser?

No Way!

““Big Sister Lan! What are you talking about!”Mother Zhao looked at Lan Yueyin in disbelief. “Even though we have cancer, we never thought of asking your family to pay a single cent!” ”

“Lan Yueyin snorted. “You say it nicely. If you don’t want our family to pay, why did you call us here? Don’t think that I don’t know what you are planning! Bah!” ”

“Father Zhao tried his best to suppress the anger in his body. “Pingting is your biological child! Ask yourself, are you speaking the human language?” ”

Lan Yueyin was not a fool.

“Since she already had cancer, she had no value to be used. Of course, she had to immediately distance herself from the relationship. ”

““We don’t have such biological child! Since her surname is Zhao now, she has to be under the Zhao family’s control! She has nothing to do with us! Don’t even think about involving us in this! Come, Old Wang, let’s go home!” ”

“Let’s Go!”Wang da Cai was also very angry!

He originally thought that he could enjoy his daughter’s happiness in the future.

He didn’t expect this wretched girl to be a short-lived ghost!

What Bad Luck!

“Don’t go!” Father Zhao grabbed Wang Dacai’s hand and said with a sobbing voice, “Brother Dacai, I beg you not to go. The child really needs you now!” ”

Father Zhao did not want to give Zhao Pingting Hope and disappoint her again.

Cancer patients were most afraid of having ups and downs.

“At this moment, the door of the ward was pulled open from the inside. ”

Zhao Pingting walked out of the room in her hospital gown. “Dad! Let Them Go! Only you and mom are my biological parents. I don’t know them! Tell them to get lost!”

“Pingting?” Father Zhao turned to look at Zhao Pingting.

“Let me go! What does your daughter’s life and death have to do with us?” Wang Dacai took the opportunity to shake off Father Zhao’s hand and ran far away with Lan Yueyin, afraid that the Zhao family would pester them in the next second. ”

“Zhao pingting cried, “Father and mother! Didn’t I tell you not to look for them? I’m your daughter! I’m your daughter! It has nothing to do with them!” ”

Chapter 282: 0100: exciting and exciting! 7

She had just heard the entire conversation in the ward.

“Before this, she still had one percent of hope for her biological parents, but now, she had completely given up on them. ”

“”Pingting, don’t be angry! You’re Mom and Dad’s daughter. You’ll always be mom and Dad’s good daughter!”Mother Zhao hugged Zhao Pingting with heartache. ”

“Father Zhao wiped away his tears. “Alright, let’s go in quickly.” ”

“Zhao Pingting looked at her parents. “Mom and dad, I want you to promise me that you’ll never look for them again. Otherwise, I won’t treat this illness anymore!” ”

“Hearing this, Zhao Pingting’s parents were shocked and quickly said, “Okay, okay, okay! Pingting, Mom and dad promise you that we’ll never look for them again.” ”

Only then did Zhao Pingting follow her parents to the ward.

“Just as she walked into the ward, Zhao Pingting received a wechat message. ”

It was from an Lizi.

“[ Pingting, are you free on Saturday? Let’s go to Binhai together with searing? I heard that the scenery of Binhai is really good! ] ”

“Zhao Pingting hesitated for a moment and sent a line of text over. [ sorry, Lizi, I might not be able to go. ] ”

[ missed another appointment? [ dog head ] [ knock ]

“[ I’m sick, lung cancer is in the middle and late stage. ] ”

[ ? ? ? ]

[ stop joking! ]

“The next second, an Lizi’s video call came in. ”

Zhao Pingting picked up the video call.

“Seeing that Zhao Pingting was actually wearing a hospital gown, an lizi said in shock, “Pingting, you really...” ”

Zhao Pingting smiled and nodded.

...

At the Ye residence.

“Ye Zhuo was sitting on the floor, studying the circuit board when his phone suddenly rang. ”

““Xiao Bai, help me get my phone.” ”

““Master, you have to call me Xiao Bai from now on.”Xiao Bai swiped his phone over. ”

“Ye Zhuo used his shoulder to hold the phone. His left and right hands pinched a line on the circuit board, preparing to connect it. “Hello, Hello.” ”

“Zao Zao.”An Lizi’s voice came from the other side.

““Lizi, what’s the matter?” ”

“An Lizi’s voice sounded very unpleasant. “Zao Zao, it’s not good. Pingting has lung cancer and is currently in the hospital. Are you free? Let’s go and see her together.” ”

Lung Cancer?

So what if she had lung cancer.

Wouldn’t she be fine after a surgery and an injection?

What was there to be afraid of?

“Ye Zhuo raised her eyebrows slightly. At this moment, she suddenly remembered that this was no longer the world she lived in. ”

It was here.

“Once she got cancer, it was equivalent to being sentenced to death. ”

Because cancer was here and there was no cure.

“Thinking of this, Ye Zhuo hurriedly put down the circuit board in his hand. “Which hospital is Pingting in now?” ”

““The first People’s Hospital of Yunjing City,” an Lizi answered. ”

Ye Zao stood up. “Then let’s meet at the entrance of the hospital.”

“Okay.”

“After hanging up the phone, ye Zao took off the white gloves in his hand and brushed the black hair that had fallen to the side of his face behind his ears. Then, he took out a backpack from the cabinet and checked that everything was inside before he walked out.”

“As he walked, he said, “Book me a ride on the Internet. I want to go to the first People’s hospital in Yun Jing City.” ”

“Little white immediately said, “Yes, Master!” ”

“Ten seconds later, little white continued, “Master, the ride on the Internet has been booked. It’s a Red Volkswagen with the license plate number: YUN A6235.” ”

“”Got it.”Walking to the door, Ye Zhuo picked up the black cap hanging on the wall and put it on his head.”

“The long brim of the cap covered her eyes, leaving only the High Bridge of her nose, her bright red lips, and her delicate chin.”

She was originally white.

Her jade-like skin looked even more black and white under the contrast of the cap.

It was so cool!

“Little White sent her out. “Master, have a safe trip. Your Dear Little White is waiting for you at home.” ”

Ye Zhuo waved at Xiao Bai without turning his head.

“Just as he walked out of the door, he saw the red online car-hailing.”

Ye Zhuo opened the backseat door and leaned in.

“She was wearing a hat. The driver could only see a jade-like chin. Although his face could not be seen, the driver still felt that this little girl was not simple. ”

This temperament.

Could an ordinary person have it?

“The driver started the engine and asked, “Little girl, are you going to the first People’s Hospital?” ”

“Yes.”

“Alright! Let’s set off immediately!”

This place was a little far from the first People’s Hospital of Yunjing City.

“When ye Zao got off the car, he saw an lizi holding flowers and fruit baskets, standing there waiting for her. ”

“Perhaps because ye Zao was wearing a hat, an Lizi did not recognize him. ”

It was not until ye Zao walked to Anlizi’s side and called her name that Anlizi reacted. “Zao Zao!”

“Chapter 283: 0100: exciting, burning to the bone! 8”

Ye Zao nodded. “Do you know where Pingting’s ward is?”

““Yes, let’s go quickly.” ”

Ye Zao followed an Lizi’s footsteps.

“Soon, the two of them arrived at the inpatient department, Zhao Pingting’s ward. ”

Ye Zao knocked on the door.

“Soon, the door opened. ”

The person who opened the door was Zhao Pingting.

“Zao Zao! Lizi!”

“An Lizi’s eyes were red. “Pingting, are you alright?” ”

Zhao Pingting smiled and shook her head. “I’m Fine! Come in and have a seat!”

“Seeing ye Zao and an Lizi, Zhao Pingting was in a bad mood. Zhao Pingting’s parents, Zhao Yingjun, and Tang Jia were all in the ward. Zhao Pingting introduced ye Zao and an Lizi to her family. ”

““Dad, Mom, Big Brother, sister-in-law, this is my classmate, Zhuo Zhuo. This is Lizi.” ”

“Ye Zhuo and an Lizi also greeted them politely. “Hello, uncle and Auntie! Hello, Big Brother and sister-in-law!” ”

““Hello, Hello.”Zhao Pingting’s mother stood up and said, “Thank you for coming to visit Pingting.” ”

Ye Zhuo and an Lizi were Zhao Pingting’s first classmates to visit her after her accident.

“Therefore, her family was very polite to them.”

Tang Jia was busy pouring water for the two of them.

An Lizi placed the things on the cabinet in front of the bed. “Pingting is our best friend. It’s our duty to visit her.”

“Ye Zhuo took the water from Tang Jia with both hands. “Thank you, sister-in-law.” ”

“You’re welcome.”It was also at this moment that Tang Jia saw the face hidden under the hat clearly.

What a beautiful girl!

Tang Jia sighed in her heart.

“Ye Zhuo drank a mouthful of water and turned to look at Zhao Pingting. “Pingting, what did your doctor say?” ”

“Zhao pingting smiled and said, “Lung cancer is in the middle and late stages. There’s no medicine left to treat it. Now, we can only treat it with radiation.” ”

“”Radiation treatment?”Ye Zhuo frowned slightly and reached out to put his hand on Zhao Pingting’s wrist to listen to her pulse. After a moment, she slowly opened her mouth, “The cancer cells have already begun to metastasize to the bone. Radiation therapy is no longer of any use. It will only increase the pain. Pingting, I am confident that I can cure your lung cancer. Are you willing to believe me?” ”

Hearing this.

Zhao Pingting was stunned.

The other people standing at the side were also stunned.

Ye Zao said that she could cure lung cancer?

How Old was she?

Was she eighteen years old?

“Zao Zao?”

“Ye Zao continued, “As long as you are willing to believe me, I will immediately negotiate with the hospital and arrange for an operation for you.” ”

Zhao Pingting looked at ye Zao’s face and then nodded firmly. “Okay! I believe you!”

“Mother Zhao could not help but say, “Little girl, you and our Pingting are classmates. It’s already very pitiful for her to have this kind of illness now. Don’t joke around with her!” ”

“”Auntie, I’m not joking.”Ye Zhuo turned to look at Mother Zhao. ”

“In fact, it was not just mother Zhao. ”

The other people in the ward also thought that Ye Zhuo was joking.

“Zhao pingting quickly said, “Mom! I’m not joking anymore! I believe her. Oh right, she was the one who told me about the weight loss recipe!” ”

“When it came to the weight loss recipe, mother Zhao’s expression changed. ”

“Before this, Zhao Pingting was very fat. ”

She tried many methods but failed to lose weight.

“Ever since she used a secret recipe, she had successfully lost more than 80 pounds!”

“Zhao pingting continued, “Dad, Mom, Big Brother, sister-in-law, there’s no way to cure my illness in the hospital. Since Zhuojiao said there’s a way, let her try! “Anyway, I’m already like this now. How Bad Can I be? “Furthermore, Zhuozhu studied Chinese medicine and received the guidance of an expert. I believe in her ability!” ”

That’s right!

Advanced stage lung cancer!

“There was still hope if she tried. If she didn’t try, there wouldn’t even be hope.”

“Father Zhao stood up and said, “Pingting, Dad believes in you and also in your classmate.” ”

“Since Father Zhao had spoken, the others did not say anything else. ”

“Ye Zhuo continued, “Uncle, who is Pingting’s attending physician? Can you bring me over?” ”

“Sure.”Father Zhao nodded.

Ye Zhuo followed Father Zhao’s footsteps.

They arrived at the door of the attending physician’s office.

The attending physician’s name was Zhu Zheng.

“Hello, doctor Zhu. My surname is Ye.” Ye Zhuo directly stated his purpose of coming, “I am a descendant of traditional Chinese medicine. I have been studying cancer for a long time. I am 100% confident that I can cure my classmate Zhao Pingting’s lung cancer. I hope that your hospital will cooperate with me. In return, I can pass on the method to cure cancer to the doctors of your hospital without reservation.” ”

Cure cancer?

“If cancer could be cured, it would benefit all mankind! ”

What a pity!

There was no medicine to cure cancer.

“Little girl, How Old Are You? Do you know what you are talking about? Cure Cancer?” Even the director of their hospital did not dare to say that. This little girl was really bold! She dared to brag like that! ”

“I can really cure cancer.”

“Zhu Zheng smiled and said, “I won’t say anything else. Do you have a doctor’s certificate, a pharmacist’s certificate, and a Chinese Medical Doctor’s Certificate?” ”

Ye Zhuo did not say anything. She lowered her head and rummaged through her bag.

“Seeing her like this, Zhu Zheng knew that she was feeling guilty, so he used the action of rummaging through the bag to cover up his embarrassment. He continued, “You don’t even have these basic certificates. Are you telling me that you can cure cancer?” ”

“As soon as he said this, Ye Zhuo took out three books from her bag and placed them on the table. “These are my doctor’s certificate, Pharmacist’s certificate, and a Chinese medical doctor’s certificate.” ”

Chapter 284: 101: Cure! Large Dalian scene! 1

The air suddenly became quiet.

“Zhu Zheng looked at the three books on the table, and it took him a long time to react.”

He didn't expect that such a young girl

Actually had all three certificates.

This was too incredible.

“After all, he had taken the medical certificate exam for more than three years.”

How Old was this girl?

Could these certificates be fake?

Zhu Zheng picked up a certificate and looked at it carefully.

Ye Zhuo.

Female.

Nineteen years old.

“As an old doctor with twelve years of medical experience, Zhu Zheng could naturally tell that these certificates were not fake.”

These certificates were all real!

“Then, did she really have the ability to cure lung cancer?”

“Ye Zhuo continued, “Doctor Zhu, don’t worry. I’m not joking with you. I can assure you that I can definitely cure my classmate! These three certificates are enough to prove that I’m not lying.” ”

Zhu Zheng was still a little hesitant.

This was a human life.

“If anything were to happen with the hospital’s cooperation, who would bear the consequences?”

“In all these years, there had been quite a number of incidents involving doctors?”

“At this moment, Zhao Pingting walked in from outside, “Doctor Zhu, if you’re afraid that something will go wrong and we’ll cause trouble for the hospital, I can write a disclaimer. I guarantee that no matter what happens, it has nothing to do with Your Hospital!” ”

“Father Zhao nodded. “My Daughter is right. If you’re afraid that a child’s words won’t work, our entire family can write a disclaimer for the hospital.” ”

“With the disclaimer, the hospital did not have to worry about the follow-up problems.”

Zhu Zheng turned to look at Ye Zhuo. “How do you want our hospital to cooperate with you?”

“Ye Zhuo said, “I’ll have to trouble you to call three doctors from the oncology department to give me the right to use a sterile operating theater.” ”

“Zhu Zheng hesitated for a moment before he continued, “I’ll have to ask the hospital director about this.” ”

Ye Zao nodded slightly. “Then I’ll have to trouble you. I’ll wait for Your Good News.”

Zhu Zheng nodded.

“When the hospital director heard about this, he felt that it was a little strange.”

Curing cancer?

“The medical world had been working hard for so many years, but they had yet to find any effective method.”

A little girl could be cured just because she said she could?

This sounded like a daydream.

“Zhu Zheng calmly analyzed to the director, “Director, the patient’s family said that they are willing to write a waiver for us. Anyway, we only need to assign a few doctors to her. When that time comes, even if something goes wrong, we will not be able to find the responsibility of our hospital.” ”

“”Think about it. If a 19-year-old girl really does not have any ability, will she obtain the Doctor’s certificate, Pharmacist’s certificate, and Chinese Medicine Doctor’s Certificate?” ”

“”With these certificates, it means that she is the same as US and is a professional. This is not illegal practice of medicine, so there is no need to worry at all.” ”

The president frowned.

He was still thinking.

“As the president of the first People’s Hospital, he had to think carefully. If he was not careful, it would be a disaster for the entire hospital.”

“Zhu Zheng continued, “Currently, no one in the world or even the entire world can cure cancer. If she really succeeds, our hospital will become the first hospital in the world that can cure cancer! When that time comes, our hospital will no longer be Yun Jing’s number one people’s Hospital, but China’s number one people’s Hospital! “Since ye Zao is confident that he can cure cancer and is willing to teach us the method to cure cancer, he won’t let us take responsibility even if something goes wrong. This is simply killing two birds with one stone!” ”

“Once he succeeded, Yun Jing’s number one people’s hospital would become famous throughout the world!”

Perhaps no one would be able to resist such an allure.

“Upon hearing this, the hospital director raised his head to look at Zhu Zheng. “Where is that young lady surnamed ye Now? Bring me to meet her.” ”

“Alright.”Zhu Zheng nodded. “Follow me.”

Zhu Zheng brought the hospital director to Zhao Pingting’s ward.

““Miss Ye, this is our hospital director Zhou.” ”

“When he saw ye Zhuo, a look of surprise flashed across hospital director Zhou’s eyes. He immediately understood why this young lady was able to have all three of the three syndromes at such a young age.”

She had a very unique aura about her.

She was noble and elegant.

“She was like a green bamboo that stood proudly in the mountains and forests, causing people to involuntarily raise their heads and look up at her.”

“Even he, who had been the hospital director for many years, felt that his footsteps were weak when he stood in front of her.”

“”Hello, Miss Ye.”Hospital director Zhou hurriedly extended his hand to ye Zhuo.”

“Ye Zhuo extended his hand to shake hospital director Zhou’s hand. “Hello, hospital director Zhou.” ”

“Hospital director Zhou looked at the people in the ward. “Miss Ye, can we have a word?” ”

Chapter 285: 101: Cure! Large-scale Dalian Scene! 2

“Sure.”Ye Zhuo nodded slightly.

“”Miss Ye, Please.”Dean Zhou made a ‘please’gesture.”

Ye Zhuo followed Dean Zhou’s footsteps.

He watched the two of them leave.

“Mother Zhao looked at Zhao Pingting. “Pingting, does this mean that your classmate really has a way to cure cancer?” ”

Even the Dean had come to see ye Zao in person.

This meant that ye Zao was really capable.

How could a normal person be valued so highly by the dean?

“Zhao Pingting nodded. “Mom, I believe in Zao Zao!” ”

“An Lizi said, “Auntie, don’t worry! Zao Zao never does anything that she’s not confident about.” ”

Zhao Yingjun felt uncertain.

“Firstly, it was because ye Zao was too young. ”

“Secondly, it was because ye Zao and Zhao Pingting were classmates. ”

She was still a third-year high school student.

Was It really okay?

“On the way home, he told Tang Jia about his worries. ”

“Tang Jia said, “Yingjun, I know you’re worried about Pingting, but Pingting has already contracted this illness. Although we all insist on treating Pingting’s illness, in fact, we all know in our hearts that this illness is very difficult to cure! “Now that someone has said that it can be cured, let’s Believe in her for once! “What if Pingting really recovers? “If we believe in her once, at least we can see some hope. If we don’t believe in her, then we won’t be able to see any hope at all. “Moreover, I believe that no one would joke about this kind of matter. If Pingting’s classmate really doesn’t have any confidence at all, then she wouldn’t say such big words! “Because to her, it’s meaningless!” ”

The premise of lying was to gain benefits.

“But to Ye Zhuo, it couldn’t bring any benefits. ”

“Since it was a matter with no benefits, why would she lie?”

That was why Tang Jia trusted ye Zhuo very much.

“At this moment, Tang Jia seemed to have suddenly thought of something and continued, “Oh right, that classmate Pingting, she’s also this year’s top scorer in the science college entrance examination! I heard that she scored a high score of 749 points!” ”

“You said that Ye Zhuo is the top scorer in the College Entrance Examination?”Zhao Yingjun asked in disbelief.

“Tang Jia nodded and took out her phone, “A few days ago, a reporter interviewed her. I can still find it on my phone now! “Oh right, this ye family’s private dish was opened by ye Zhuo’s mother. Look, now everyone says that this is the top scorer’s restaurant. Ever since ye Zhuo got the top scorer, their family’s business has been booming!” ”

He saw the news on his phone.

Zhao Yingjun was stunned!

The college entrance exam savant!

This was the college entrance exam’s adverbial phrase!

She was a savant. She wouldn’t have nothing better to do and joke about her future.

Zhao Yingjun was completely convinced of this.

In the Dean’s office.

He chatted with ye Zao for a long time.

“From the beginning, Dean Zhou was in disbelief. Now, he firmly believed in ye Zao. It took less than 30 minutes. ”

This was because ye Zao’s understanding of viruses and cancer cells had far surpassed that of ordinary people! Even professional oncologists had to lower their heads in front of her!

This was a kind of understanding that looked at the essence through the phenomenon!

Director Zhou had never known that there was someone who could analyze cancer cells so thoroughly.

“”Listening to your words is really better than studying for ten years!”Director Zhou stood up and said, “Miss Ye, whatever you need from now on, our institute will do our best to cooperate with you!” ”

“Thank you.”

“”Miss Ye, we should be the ones thanking you.”Director Zhou was very excited. ”

“Ye Zhuo continued, “Director Zhou, it’s still a little too early to say thank you. After I’ve successfully developed the medicine and finished the surgery, it’s not too late for you to say thank you.” ”

“Okay.”Director Zhou nodded.

“After ye Zhuo left, director Zhou immediately called for an emergency meeting of all the doctors in the hospital. ”

He also set up a plan a team to fully cooperate with Ye Zhuo’s work.

“”Doctor Su, you will be the team leader of Group A. in a while, you will go to Ward C102 to look for Miss Ye. For the rest of the time, you just have to listen to her arrangements.” ”

This doctor su was called Su Zishan.

She was a first-class expert in the oncology department and had returned from studying abroad.

Her grades were very excellent.

“Of course, she wasn’t willing to let Su Zishan listen to a little girl and be her assistant, “Director Zhou, I still have a few patients with me. I might not be able to deal with them during this period of time. You should find someone else!” ”

She saw that director Zhou had become muddle-headed due to old age.

He actually believed that there was someone in this world who could cure cancer.

“She was a top student who came back from studying abroad. She won all kinds of awards, but she couldn’t figure out the cancer cells. ”

What awards did that little girl win?

Chapter 286: 101: Cure! Large-scale Dalian Scene! 3

“To have a talent like her serve tea and water to a little girl, wasn’t that an insult? ”

“Director Zhou continued, “How about this, you arrange for the patient in your hands to be assigned to doctor Liu.” ”

Su Zishan was the child of a friend of director Zhou’s.

Letting Su Zishan be the team leader of Team A and listen to Ye Zao's orders was actually opening a back door for Su Zishan. The others were not blessed with such luck.

Once ye Zao cured the cancer.

"As Su Zishan's assistant, Ye Zao would definitely impart the treatment plan to Su Zishan without any reservations. "

"As the second person in the world who could cure cancer, at that time, her status would also rise along with the tide. "

"However, Su Zishan did not know how blessed she was. "No, I have to be responsible for my own patients. I Won't be at ease leaving it to others." "

"Director Zhou continued, "Doctor Su, this is a rare opportunity for you. I hope you can seriously consider it." "

"Su Zishan said with disdain, "Thank you, director Zhou, for your love. However, you should leave this opportunity to those who need it!" "

"Since that was the case, director Zhou did not insist. He continued, "Then, who here is willing to volunteer to be the team leader of Group A?" "

The moment he said that.

The entire meeting room was silent.

No one was willing to speak.

No one believed that there was anyone in this world who could cure cancer.

Let them be an assistant to a young girl?

What kind of joke was this?

““Director Zhou, let me do it.” A bespectacled female doctor with scholarly features stood up. “I’m willing to be the team leader of Group A to cooperate with Miss Ye’s work.” ”

“This female doctor was called Gu Dening. She was 26 years old this year and was usually modest. Other than not having any experience of studying abroad, she had received many awards. ”

““Doctor Gu, have you considered it?” Director Zhou looked at Gu Dening. ”

“Yes.” Gu dening nodded.

“Director Zhou nodded in satisfaction. “Then let doctor Gu be the team leader of Team A. the rest of you don’t have any objections, right?” ”

“No.”

““If not, then the meeting is adjourned.” Director Zhou continued, “Dr. Su, come to my office in a while.” ”

“Okay.” Su Zishan nodded.

“After the meeting was adjourned, Su Zishan came to director Zhou’s office. ”

“There were no outsiders in the office, director Zhou said, “Zishan, your father and I have been old friends for many years. He previously instructed me to take care of you in the hospital. This opportunity is really rare! “I believe that Miss Ye will definitely be able to cure cancer. How about this? You will be the leader of Group A, and doctor Xiao Gu will be the deputy leader. What do you think?” ”

“Su Zishan smiled and said, “Uncle Zhou, thank you for your kindness. I appreciate your kindness! “But I really don’t want to get involved in this mess. I heard that the little girl surnamed ye is only nineteen this year! I Don’t care if you believe her or not, I won’t believe her anyway! I advise you not to believe this kind of fantasy. Although the patient’s family has signed a waiver for us, once the treatment plan fails, this matter will have some impact on our hospital!” ”

This was cancer.

It wasn’t a cold. Just taking some medicine would be enough to get better.

“If cancer could really be cured so easily, there would not be so many people who would lose their lives due to cancer every year. ”

“Director Zhou continued, “Zishan, I’ve already said it to you. If you regret it, there will be no medicine for you to take.”He and Zishan’s father were old friends after all, now that everything was clear, it was Zishan who wanted to reject it. When that time came, Zishan’s father would not have any reason to blame him. ”

“Su Zishan’s eyes flashed with sarcasm. “Uncle Zhou, don’t worry. I will never regret it. As for you, once the matter is settled, you can’t regret it!” ”

“Director Zhou smiled and said, “Zishan, your uncle Zhou has crossed more bridges than you have. I believe in Miss Ye’s ability.” ”

““Uncle Zhou, haven’t you heard of a saying?” ”

“What saying?”Dean Zhou asked.

“A wise man is a fool for a time.”

To say that Dean Zhou was a wise man is a fool for a time was all polite words.

“In Su Zishan’s eyes, Dean Zhou was a fool for old age! ”

“If he wasn’t a fool for old age, would he have been deceived by a little girl? ”

“It was one thing for him to be deceived by others, but now he wanted to pull her along to be deceived!  
”

Did he really think that her five years of study was for nothing?

Dean Zhou smiled and did not explain.

Chapter 287: 101: Cure! Large-scale Dalian crime scene! 4

“Su Zishan continued, “Uncle Zhou, if there’s nothing else, I’ll take my leave first.” ”

Director Zhou nodded.

On the other side.

Gu dening went to the office to sort out the information and was prepared to hand over the matters at hand to another doctor.

““Sister Sun, I’ll have to trouble you with these patients.” ”

“Doctor Sun took the documents. “Little Gu, have you really decided to bring team a?” ”

“Yes.”Gu dening nodded.

“Doctor sun continued, “Curing cancer? I think this matter is too mysterious! Even the experts in country P can’t do anything about this disease. What right does a 19-year-old girl have?” ”

“Gu dening smiled and said, “Sister Sun, even the hospital director trusts Miss Ye so much. This means that miss ye must be extraordinary!”Gu Dening’s grandfather had died of cancer. From then on., her wish was to be able to cure cancer with her own hands one day. ”

This was also the reason why she wanted to study medicine.

“Doctor Sun looked around, he lowered his voice and said, “Xiaosu is a relative of director Zhou’s family. Even Xiaosu isn’t willing to lead group A. What does this mean? It means that this is something that I’m not sure of! “If that little girl really has the ability, do you think xiaosu would give up such a good opportunity to you?” ”

Su Zishan was usually very high-profile because she had studied abroad and had a nepotism relationship with director Zhou.

No one else could be involved in anything good in the hospital!

“Gu decing continued, “Maybe Dr. Su made a mistake.” ”

“Dr. Sun shook his head helplessly, “Xiaosu, why didn’t you listen to me? !”! Although the patient’s family had signed a waiver, it was still a human life after all. What would you do if something went wrong and the patient insisted on blaming you? Our industry can not tolerate a single stain! Xiao Gu, you have to think it through!” ”

“Gu dening said very seriously, “Don’t worry, Dr. Sun. Since I’ve taken this step, I’m prepared to fail! I’m willing to give it my all for this!” ”

The winner takes all.

Life was a gamble.

“Dr. Sun frowned and said, “You child, aren’t you joking about your future?” ”

“Gu dening looked at her watch and said, “There’s not much time left. I Won’t talk to you anymore. I’m going downstairs to look for Miss Ye.” ”

“Looking at Gu Dening’s back, Dr. Sun Sighed. ”

The other doctors in the same department were gloating.

“”I think Gu Dening is a little silly! She’s rushing up to things that others can’t avoid! Sooner or later, she’ll Cry!” ”

“She must be crazy to want to be famous! She actually believed the nonsense of a little girl!”

“”If the surgery fails, the patient’s family members might make a scene!” ”

“I heard that she signed a disclaimer.”

“”In front of human lives, what’s a disclaimer?” ”

“That’s true! Sigh! I’m afraid gu dening won’t be able to get up this time.”

No one believed that ye Zao could cure cancer.

Everyone was waiting to see Gu Dening and ye Zao make a fool of themselves.

Gu dening didn’t care at all about what others thought of her.

She just needed to do her best.

“Not long after, Gu dening arrived at Zhao Pingting’s ward.”

“In the ward, the other patients were all asleep.”

Zhao Pingting and an Lizi were playing games.

“Gu dening said in a low voice, “Sorry to bother you, is Miss ye around?” ”

“Zhuozhuo went to the bathroom. Please wait a moment.”Zhao Pingting raised her head slightly. Yes

“Okay.”Gu dening nodded.

“After a while, the bathroom door was opened.”

A slender figure walked out from inside.

“She was wearing a cap on her head, so her facial features couldn’t be seen clearly.”

“Seeing ye Zhuozhuo come out, Zhao pingting hurriedly said, “Zhuozhuo, this doctor is looking for you.” ”

“You Are Miss Ye?”Gu dening walked to ye Zao’s side.

“Ye Zao nodded. “Hello, May I know who you are?” ”

“Gu dening extended her hand to ye Zao. “Hello, Miss Ye. My name is Gu Dening. I’m the team leader of Project A and will be your assistant in the future. If you need anything, feel free to let me know.” ”

“I’m Ye Zao.”Ye Zao shook her hand. “Happy working with you.”

“Nice working with you.”

“GU dening continued, “By the way, Miss Ye, let me take you to the temporary office to take a look.” ”

“Ye Zao nodded. He turned around and told Zhao Pingting and an Lizi that he cared about them. Then, he left with Gu Dening. ”

“Although the office was temporary, it was not particularly simple. ”

“After walking around the office, ye Zao asked, “Do you have wechat?” ”

Chapter 288: 101: Cure! Large-scale Dalian crime scene! 5

“Yes.”Gu dening nodded.

Ye Zhuo took out his phone. “Let’s add on wechat.”

“Okay.”Gu dening also took out her phone. “Then I’ll scan you.”

“After adding on wechat, ye Zhuo continued, “Then I’ll go back first. I’ll go back and tidy up. Then I’ll send anything I need to your wechat.” ”

“”Okay, Miss Ye.” ”

“Ye Zhuo came to the ward and picked up his backpack. “Lizi, it’s getting late. Let’s go back.” ”

“An Lizi had just finished playing a game. “Oh, okay.” ”

“Ye Zhuo continued, “Where’s Pingting?” ”

“She went to the bathroom.”

“Just as he finished speaking, Zhao Pingting walked out of the bathroom. Ye Zhuo turned to look at Zhao Pingting, “Pingting, Lizi and I will go back first. Rest well and don’t think too much. I will come back tomorrow. Trust me, you will recover and be discharged in less than two months.” ”

“”Okay.”Zhao pingting nodded. “Zao Zao, I believe in You.” ”

Zhao Pingting really believed in ye Zao.

She knew that ye Zao was different from them.

They left the hospital.

“An lizi asked ye Zao, “Zao, are you really confident that you can cure Pingting’s illness?” ”

Ye Zao nodded.

An Lizi’s face was filled with disbelief. “F \* ck! Really?”

“Do you think I’m Joking?”Ye Zao raised his eyebrows slightly.

An Lizi did not think that ye Zao was joking.

She thought that ye Zao was comforting Zhao Pingting so that she could rest in peace.

She did not expect ye Zao to be serious.

“Zao Zao, you are too amazing! No Way! I will hug your thighs! While you are not famous yet, hurry up and sign some autographs for me. When the time comes, you will be famous! These autographs are the real works of famous people!”

“Ye Zao smiled and said, “Sure, no problem. I will sign a thousand copies for you first. If a thousand copies is not enough, I will sign two thousand copies.””

An Lizi was also overjoyed. “An autograph costs a thousand dollars. Two thousand copies is two million. Please Call Me a millionaire in the future!”

The two of them joked as they walked forward.

“Not long after, they reached the bus stop.”

“Because their homes were in two different directions, they parted ways at the bus stop.”

“An hour later, Ye Zao reached home.”

“Just as he rang the doorbell, the door opened from inside.”

“The one who opened the door was Whitey. “Beautiful Big Zao, Welcome Back! Would you like a glass of ice water?””

“I’d like a glass.”Ye Zao’s tone was indifferent.

“Whitey immediately handed over a glass of ice water, and then said, “Big Zao, someone just checked on you!” ”

““Who is it?”Ye Zao drank a mouthful of ice water, his expression still the same. ”

““It’s a very powerful system, but no matter how powerful it is, it’s not as powerful as me! I’m the most powerful in the entire universe! It actually wanted to attack me! It was immediately countered by me! It’s probably busy repairing itself right now!” ”

“Speaking up to this point, little white snickered. ”

“Ye Zhuo raised his eyebrows slightly, “You’re just a sweeping robot. Is it really good to be so perverted?” ”

“It’s all thanks to master’s good teaching.”

Ye Zhuo:” ...”did something go wrong with this setting?

“However, the system that Xiao Bai mentioned should be Mu Yourong’s cheat system. ”

“She was currently busy with Zhao Pingting’s matters and did not have time to pay attention to Mu Yourong. She let Xiao Bai play with her first. After resolving Zhao Pingting’s matters, she would deal with Mu Yourong.”

“After drinking the water, Ye Zhuo sent the treatment plan for lung cancer to Gu Dening.”

Gu dening immediately received it.

“After receiving the documents, Gu Dening immediately went to prepare the things. ”

“Some things could be done by the team members, while some things had to be done by herself. ”

“Fortunately, Dean Zhou had informed her beforehand, so the people from the equipment and information departments did not make things difficult for her. ”

“Seeing that she was so busy and concerned about this matter, a colleague persuaded her, “Xiao Gu! Don’t be silly! This is impossible. Don’t get into trouble if you don’t get to eat pork.” ”

“Gu decing smiled and said, “Sister Li, I know you’re doing this for my own good, but I’ve already made up my mind. I Can’t give up Halfway.” ”

Sister Li Sighed and wanted to say something else.

“Su Zishan walked over from the opposite side. Her voice was filled with sarcasm, “Sister Li, since Xiao Gu has already made up his mind, don’t try to persuade him! Can’t you see? Xiao Gu is not turning back until he hits a wall! Doesn’t our medical world always stress on miracles? What if a miracle really happens this time?” ”

Miracle?

If there were really so many miracles.

Then a miracle is not a miracle.

Susan and Kudrin have never gotten along.

Chapter 289: 101: Cure! Large-scale Dalian Scene! 6

The two of them.

“One was a top student who had gone abroad, while the other was a top student in China.”

“Logically speaking, Gu Deling’s professional standards definitely couldn’t compare to Su Zishan’s.”

But it just so happened.

Gu deling didn’t lose to Su Zishan in any way.

The two were evenly matched.

“Su Zishan had always been arrogant, how could she be willing to be suppressed by a nobody?”

“Therefore, she often thought of ways to suppress gu dening.”

“But Gu Dening was not a vegetarian, and Su Zishan did not take advantage of her.”

“This time, Gu Dening finally walked down a path of no return.”

How could Su Zishan not gloat?

“Without GU dening, no one would be able to steal her limelight in the future.”

“She did not expect that gu dening, who usually seemed to be quite smart, would not be smart at the critical moment. Perhaps she was really crazy about wanting to be famous.”

“Otherwise, why would she willingly lower her status and become an assistant to a little girl?”

It was so silly that it was laughable!

“After saying that, Su Zishan continued, “We’re all colleagues. Little Gu, don’t worry. If this incident is traced back to you, I’ll definitely organize everyone to hold a farewell party for you.” ”

“Gu dening looked up at Su Zishan with a confident smile on her lips. “I appreciate doctor Su’s kind intentions, but I’d rather invite you to my celebration party with Miss Ye than the farewell party.” ”

““Celebration Party?”Su Zishan smiled. “Little Gu, turn around and look at the window. The sky is still bright outside.” ”

She was mocking Gu decing for daydreaming.

““Whether it’s a daydream or not, just look at it, doctor Su!” ”

“After saying this, Gu decing took the things she needed and turned around to leave. ”

“Looking at Gu decing’s back, Su Zishan snorted coldly. ”

Zhao pingting only had three months left.

She wanted to see how long Gu decing could be complacent!

...

“The next day, ye Zao went to the hospital. For the next few days, she stayed at home. ”

She closed the door and concentrated on studying the medicine.

“Unlike usual, this time, her desk was filled with all kinds of chemical instruments and medical tools. ”

“Soon, two glass tubes appeared in her hands. ”

The transparent glass tubes were filled with blue liquid.

“It’s Done!” Ye Zao exhaled lightly. He took off the plastic gloves in his hands, took his black backpack, and walked to the hospital.”

“Because he had contacted Gu Dening in advance, Ye Zao saw Gu Dening waiting for her at the door as soon as he arrived at the hospital.”

“When she saw Ye Zao walking over, Gu Dening immediately came over to greet him. “Miss Ye!” ”

“Initially, Gu Dening only had the attitude of giving Ye Zao a try.”

But after spending a few days together.

Gu Dening completely dispelled her previous opinion.

Although Ye Zao was young.

He was indeed capable!

She believed that Ye Zao would definitely be able to make everyone’s eyes light up.

Ye Zao nodded. “Is the lab ready?”

“Yes.”

Ye Zao took out a tube of medicine from his bag and handed it to Gu Dening. “Take this and test it to see if there are any of the ingredients I sent you!”

“Okay, I’ll take you to the lab first.” ”

The equipment in the lab was very complete.

Ye Zao changed into a special sterile suit and began to refine the medicine.

Gu Dening took the medicine to the lab next door for testing.

“Five hours later, ye Zao came out of the lab. ”

“Gu dening just happened to come out of the lab as well. Both of them were wearing sterile suits. “Miss Ye, I’ve already tested it. There’s nothing wrong with the test results.” ”

“Ye Zao nodded. “Then you can give it to Pingting. Tonight, you should pay more attention to Pingting’s situation and take notes every half an hour.” ”

“Okay.”

“Taking off the sterile dressing, ye Zao went to Zhao Pingting’s ward. ”

“In the ward, mother Zhao was talking to Zhao Pingting. ”

“Seeing ye Zao come over, Zhao Pingting was very happy. “Zao Zao.” ”

“Pingting,”ye Zao smiled and said, “I’m here to tell you some good news. The anti-cancer drug has been successfully developed. We will give you the drug later. If it goes well, we can have the surgery in a week. You can be discharged half a month after the surgery.” ”

“Really?”Zhao Pingting was pleasantly surprised.

Mother Zhao also stood up.

Ye Zao nodded.

“Thank you, Zao Zao.” Zhao Pingting hugged ye Zao excitedly. ”

“After so many days, she had finally seen the light. ”

Zhao Pingting was really happy.

“Ye Zao patted Zhao Pingting’s back. “Pingting, you are too polite.” ”

“After a long while, Zhao Pingting finally let go of Ye Zao. ”

“Ye Zao continued, “The dosage this time is for five people in total. Go and ask if there are any other patients who want to be treated with you.” ”

Chapter 290: 101: Cure! Large Dalian scene! 7

Zhao Pingting immediately pulled open the curtain and went to ask the patient in the ward.

“Hearing what Zhao Pingting said, an old man surnamed Xue raised his hand. “Young lady, I want to try.” ”

“I won’t try,” said the middle-aged woman who lived in the bed next to Zhao Pingting. ”

She was only in her fifties this year.

She did not want to die early.

Ye Zhuo looked too young. She could not believe ye Zhuo.

“I don’t want to try anymore either.” Seeing the middle-aged woman say that she did not want to try anymore, the young woman who lived in the hospital bed in the innermost part of the room shook her head. ”

“Because of the chemotherapy, all her hair had fallen out. ”

Her face was very weak.

“Even so, she still wanted to survive. ”

She still had an eight-year-old daughter waiting for her to return.

“Young lady, Count me in. I want to try too,” said the woman on the hospital bed to Zhao Pingting’s right. ”

The woman looked very thin.

“She did not usually talk much and liked to stare out of the window in a daze most of the time, ”

“Okay.” Zhao pingting nodded.

Ye Zhuo counted the number of people and sent it to Gu Dening.

“Not long after, Gu Dening and the nurse brought the medicine to the ward. The medicine was not taken orally. It needed to be injected into the body through an infusion. ”

“Miss Ye, the medicine is ready.” ”

Ye Zhuo nodded. “Let’s begin.”

“There were a total of five people in the ward, and two of them refused treatment. When the nurse was giving the other three injections, the other two people gathered around curiously and muttered. ”

“Why is the Medicine Green?”

“Will it really work?”

“Uncle Wang, why don’t you stop trying? We still have a chance to survive, but if we try...”the rest was self-evident. ”

“Uncle Wang chuckled. “It’s fine, it’s fine. I’m old enough anyway! I’m not even afraid of a 19-year-old girl, what’s there to be afraid of an old man like me?” ”

“Hearing uncle Wang’s words, the middle-aged woman could not say anything more. ”

Everyone had their own fate.

“This was their own path, and they could not be persuaded by others. ”

The next day.

The news that Zhao Pingting and the two patients in the same ward had already used the medicine that ye Zao had developed spread throughout the hospital.

“Have you heard? That YKA medicine has already been used on the patients!”

“If something goes wrong, that’s three lives!” ”

“Coincidentally, Gu Dening arrived at the office at this time. Someone asked, “Xiao Gu, you’re too bold! You really dare to use this kind of unauthenticated medicine on the patients?” ”

“GU dening said, “Who said there was no test? Miss Ye and I repeated the experiment more than a dozen times and decided to give it to the patient after we confirmed that there was no problem.” ”

Gu dening was not the kind of person who was careless.

“What will you do if the patient shows signs of rejection?”

“Gu dening continued, “Miss Ye has already thought about this problem. Don’t worry. The three patients have been using it for more than 12 hours. There hasn’t been any rejection so far.” ”

“There are no problems at the moment, but that doesn’t mean there won’t be problems in the future! Little Gu, I advise you to be prepared to run away at any time!” ”

“When she said this, everyone chimed in. ”

“Gu dening smiled and said, “Don’t worry, this won’t happen.” ”

Everyone was waiting to see Gu dening make a fool of herself.

“However, a week passed. ”

“Not only did the patient not show any signs of rejection, the cancer cells in her body had also decreased significantly. ”

Today was the day for Zhao Pingting and the other two patients to undergo surgery.

Ye Zhuo was the chief surgeon.

Gu dening was the assistant beside him.

The entire process of the surgery was recorded by a video camera at the side.

Ye Zhuo explained to Gu dening as he performed the surgery.

“She did not speak much and spoke very succinctly. However, every word she said hit the nail on the head. She did not utter a single word.”

“Because it was only a small surgery, it ended in an hour.”

“As soon as the surgery door opened, Zhao Pingting’s parents, Zhao Yingjun, and Tang Jia surrounded her. “Miss Ye, how is Pingting?” ”

““Don’t worry, uncle and Auntie. The surgery went very smoothly.” ”

“Although Zhao Pingting’s surgery was over, there were still two patients who needed ye Zhuo to personally perform the surgery. Therefore, she did not follow the Zhao family to the ward. Instead, she prepared the second patient’s surgery with Gu Dening. ”

At two o’clock in the afternoon.

All the surgeries were over.

“Ye Zhuo took off his white coat and went to Zhao Pingting’s ward. “Pingting, how do you feel now? Does the incision still hurt?” ”

“Zhao pingting smiled and said, “It’s just a minimally invasive surgery. It doesn’t hurt at all.” ”

“”That’s good.”Ye Zhuo nodded. “If you feel uncomfortable, you must tell the nurse immediately.” ”
