

Almighty D 371

“Chapter 371: 113: face-smacking scene, burning power destroy system! 3”

No one expected ye Zao to be able to handle missions on his phone.

““Boss, can we watch?”Zheng Yuanjie asked. ”

“Yes.”Ye Zao nodded slightly.

The three of them quickly walked over.

“Even Dr. Warne, who was usually very serious, sighed. ”

“If he had not seen it with his own eyes, even if it was heaven breaker, he would not believe that someone could use a phone to do missions. ”

“However, not only did ye Zao manage to do it, he did it so quickly! ”

He was too amazing!

It looked like China’s technology was really going to rise up!

“Ten minutes later, ye Zao completed the mission and clicked submit. ”

“Zheng Yuanjie was still a little confused. “Boss, you... you usually use a cell phone to do missions?” ”

“Ye Zao took out his computer from his bag and said, “Look at what type of mission. Just use a cell phone for the normal type of mission just now.” ”

“Ye Zao’s tone was calm and casual, but everyone looked at her with their mouths Agape. ”

Normal?

“It was already SS level, and it was still called normal? ”

“If this could be called a normal mission, then what was difficult? ”

Zheng Yuanjie felt that the boss might have misunderstood the word ‘normal’!

“Not only was Zheng Yuanjie stunned, even Chu Zimo and Dr. Warne were so shocked that they could not react for a long time. ”

The two tasks just now.

“Even if they were in Professor Hua en’s hands, it would still take about two days. ”

The others would need at least one to two months.

But she only used ten minutes.

And she was using a cell phone!

It was really infuriating to compare people.

“Ye Zao had already turned on the computer. He looked up at Professor Hua en and said, “Professor, we can start now.” ”

“Chu Zimo asked curiously, “Boss, I don’t think I’ve seen the brand of your computer before. Where did you buy it?” ”

“”I assembled it myself,”ye Zao answered. ”

“Chu Zimo licked his lips. Although he could assemble a computer, he was still far from ye Zao! ”

A boss was a boss!

Dr. Warne also turned on the computer and the two began to discuss academic issues.

Chu Zimo and Zheng Yuanjie sat at the side and took notes seriously.

“Although Dr. Warne had communicated with ye Zao online before, it was not as shocking as face-to-face communication! ”

Dr. Warne was completely immersed in her voice.

Her understanding of technology was far more profound than he had imagined!

Even the three giants of country P would have to bow their heads in front of her.

“Unknowingly, the sky outside the window turned dark. ”

“Ye Zao closed the computer. “Dr. Warne, shall we call it a day?” ”

“”Okay.”Dr. Warne closed the computer reluctantly and continued, “Your Name, Vimal, is so well-known that it is as if it has penetrated your heart. You have really opened my eyes today!” ”

“Sorry for making a fool out of me, Professor.” ”

“Chu Zimo put away his laptop and continued, “Big Brother, Professor Warne, it’s getting late. I’ll get someone to bring the food up.” ”

Ye Zhuo nodded slightly. “I’ll go back to my room to wash my face first.”

Professor Warne was still immersed in the topic just now. He wanted nothing more than to rush back to the laboratory to conduct the experiment.

...

At the same time.

Mu Yourong also arrived in the capital.

The person who picked her up was Chu Zimo’s little assistant.

“Miss Mu, this way please.” ”

“The little assistant had never seen such a young member in the world of Science and technology before. For a moment, she was very shocked and worshipped mu yourong.”

“If she was as amazing as Mu Yourong, she would not have to be an assistant.”

“Mu Yourong took in the shock of the little assistant. “Xiao Fang, May I ask, is YC also staying in this hotel?” ”

“Yes.”The assistant nodded.

“Then which room is he staying in?” Mu Yourong continued to ask.

“I’m not too sure about that either.”

“Although the assistant was not sure, Mu Yourong still did not give up. She wanted to have a chance encounter with Niu Hulu YC.”

“Mu Yourong did not even eat dinner. She dressed up meticulously and sat on the first floor of the hotel, intending to meet Niu Hulu YC by chance.”

“Until nine o’clock in the evening, she did not see anyone who seemed to be Niu Hulu YC passing by.”

Not only did she not meet Niu Hulu YC.

“Instead, she met an unexpected person.”

Ye Zao.

Mu Yourong frowned.

Why would ye Zao appear here?

Could it be that Miao Yin was up to something again?

“When she thought of the next time they met, she and ye Zao would not be from the same world. Mu Yourong’s eyes were filled with pride.”

...

“At night, everyone went to sleep.”

Ye Zao wore a silk nightgown with a sling as he sat in front of the computer desk and busied himself.

“In front of her, other than the computer, there was also a transparent screen. Ye Zao’s fingertips continuously clicked on the screen.”

“Chapter 372: 113: face-smacking scene, burning strong destroy system! 4”

She was preparing to destroy the cheat system in Mu Yourong’s body.

She was the founder of the cheat system. She knew the weakness of the cheat system.

It was just that writing the destruction program was a little troublesome.

It was not until 3:30 in the morning that ye Zhuo turned off the computer and went to bed to rest.

“In the blink of an eye, the next day arrived.”

“In order to welcome the scientific and technological personnel from all over the world,.”

The main roads of the capital city were all blocked.

The sound of helicopters kept ringing in the sky.

The sirens of police cars also rose and fell.

“In order to participate in today’s science and Technology Conference,.”

Mu Yourong began to get up at five o'clock in the morning to put on makeup.

"Foundation, Lipstick, Eye Shadow, false eyelashes were all necessary. "

Her hair was coiled into a princess's head.

"In order to show off her impressive figure, Mu Yourong specially chose a long and tight dress. "

It was red!

"Today, she would definitely be the most dazzling existence. "

"After changing into high heels, Mu Yourong leisurely walked out the door. "

"Outside the hotel, there was already a private car waiting. "

"As Mu Yourong walked, she paid attention to whether there was anyone following behind her. "

But there was no one.

Could it be that Niu Hulu YC had already set off ahead of Schedule?

What a pity!

"They were clearly staying in the same hotel, but the two of them did not meet by chance. "

Mu Yourong lifted the hem of her dress and elegantly got into the car.

She was escorted by police cars along the way and soon arrived at the venue of the science and Technology Conference.

The Science and Technology Conference gathered the bigwigs of various countries.

“As soon as Mu Yourong entered, she received the gazes of many people. ”

She was probably the first participant in history to be so young.

It was normal for these people to be surprised.

“Under the gazes of the crowd, Mu Yourong followed the etiquette lady step by step to her seat. ”

There were nameplates placed on the table in front of her seat.

The person sitting to her left was precisely Niu Hulu YC!

Mu Yourong’s heart couldn’t help but beat wildly.

“Without even thinking about it, it was obvious that this seat had definitely been arranged by Niu Hulu YC in advance. ”

“Otherwise, how could it be so coincidental that the person sitting next to him was Niu Hulu YC. ”

It was also unknown whether Cen Shaoqing would be jealous if he saw himself sitting next to Niu Hulu YC when the science and Technology Conference began.

How many men would not be jealous if they saw the girl they liked sitting next to someone else?

Mu Yourong curled her lips and sat down on her seat.

“At this moment, Niu Hulu YC’s seat was still empty.”

He had not arrived yet.

“Sensing that many gazes were sizing her up, Mu Yourong straightened her back and maintained her noble bearing.”

Today’s science and Technology Conference had a live broadcast in the world of Science and technology.

“However, because it was only broadcasted live on the International Science and technology website, ordinary people could not see it at all.”

Many people watched the live broadcast while posting bullet comments on the forums:

“Zhuang Zhouhua Die: [F * ck, that’s Yr! He’s so beautiful!] ”

I really miss you 0636: [he’s really good! He looks quite young too!]

Niu Hulu · Xiao Dai: [why isn’t our father here yet!]

Niu Hulu · was happy every day: [looking forward to Father!]

“Niu Hu Lu: [I’m going to complete a mission first. When father arrives, I’ll have to trouble you all to kick me.] ”

“Are you retarded? 0165: [I didn’t expect XR to be so young! At first, I thought she was already in her thirties!] ”

Life and death! [the person in charge is interesting! He actually arranged YC and YR’s seats together!]

“Hua ran X R: [the conference is about to begin. I feel that YC will not come again! A team dog, how would he dare to come to such a place?]”

Hua Meng Ren Ea: [one more upstairs!]

“Niu Hu Lu, Qiang Guo, and Yu Di: [father will definitely come!]”

“Niu Hu Lu, Lou Lao Ba 00: [that Hua ran is misleading the masses again.]”

At the venue of the Science and Technology Conference.

Mu Yourong enjoyed the feeling of being looked up at by others.

At this moment.

A gasp of cold air suddenly came from within the venue.

Following that.

Everyone’s gazes shifted away from her and looked towards the entrance.

Mu Yourong frowned slightly.

Why was everyone looking towards the entrance?

Who entered?

“Although the people in the science and technology world had great abilities, they were all crooked and ugly.”

They were especially ugly.

She had dressed up meticulously.

Could it be that she was not as attractive as a crooked and ugly person?

She really had no taste!

Mu Yourong snorted coldly in her heart.

But she did not turn her head along with everyone else.

She wanted to be the most special one!

She was not the kind of person who would drift along with the flow and be superficial.

The footsteps were getting closer and closer.

It was as if she was about to walk to her side.

Mu Yourong narrowed her eyes.

Could it be that Nehulu YC had come?

Demo Version, Only convert first 5 files at one time, Please buy now!

“Chapter 373: 113: face-smacking scene, burning strong destruction system! 5”

Yes!

It must be!

“Other than YC, no one else should be able to cause such a sensation. ”

“Mu Yourong raised her hand and tidied her temples, making her expression look more natural. ”

“When Niu Hulu YC saw such a beauty sitting beside him, she would definitely fall for her. ”

Mu Yourong thought happily.

“At this moment, the chair next to her was dragged out. ”

“At this time, a very beautiful person. ”

Her skin was a little dark.

But it didn't matter.

“Since a person had strengths, then they had weaknesses. ”

“Niu Hulu YC was a big shot in science and technology, so it was normal for her to have dark spots. ”

“Anyway, she didn't intend to marry Niu Hulu YC. ”

“Then, a slender figure sat down on a chair.”

She was wearing a black shirt.

Black tights.

She was wearing a pair of black boots.

“Her entire person looked extremely neat, valiant and valiant.”

A to an explosion!

“Black was originally an extremely dark color. If one’s skin was slightly darker, it would not be able to match up.”

“But when she wore it, it made her skin as white as jade.”

This was...

Mu Yourong’s face was slowly turning white.

This was ye Zao!

Ye Zao!

What qualifications did ye Zao have to come to the science and Technology Conference.

He even sat on the seat of Niu Hulu YC.

What was going on?

What was going on?

Could it be

Could it be that ye Zao was... Niu Hulu YC?

This was impossible!

Impossible!

She relied on the system to successfully enter the technology world.

What right did ye Zhuo have?

What right did this B * tch have?

At the same time.

The technology network exploded.

“Nehulu 800: [Daddy Is Here! Daddy is Here!@nehulu. Let fate take its course,@nehulu. Happy every day,@nehulu. I Am Chen Hao and 89 others.]”

Nehulu. Happy every day: [F * ck! I didn't expect Daddy to be such a daddy!]

“Niu Hulu, I am Chen Hao: [please tell me that I am not Dreaming!]”

“Niu Hulu, I have a Husky: -LMY-GOD gHow how can father be so beautiful!]”

“Niu Hulu, Qiang Guoguo, and Yu Di: [I suspect that I have joined the Food Circle!]”

“Niu Hulu, Shangguan Yuheng: [I can suck up to father’s looks for the rest of my life! So Beautiful! Ah Ah Ah! I can make my debut in the C position!]”

“Hua ran x r: [some team dogs are really disgusting! Their strength is not enough, but their looks are enough! Do they really want to turn the technology industry into a food industry? This kind of person is simply a cancer in the industry! Disgusting!]”

“Niu Hulu I am Chen Hao: [brothers, take her@hua ran x R!]”

“Dream within a dream outsider: [Niu Hulu’s family is too crazy! I think Hua ran is right. This is the technology industry, what exactly is their strength! People like YC are simply corrupting the culture! Get out of the technology industry as soon as possible!]”

“Hua ran X R: [members of the Niu Hulu family, don’t be unconvinced! I guess your father will not dare to go on stage in a while! On the other hand, YR might be able to obtain an unexpected result.]”

A team dog naturally would not dare to go on stage and compete with experts from various countries.

“From Hua ran’s point of view, YC was here to show off their looks.”

What a pity.

This wasn’t the food circle.

“Niu Hulu, I am 123456: [who says Daddy won’t take part in the competition! Wait for Daddy to Crush You!]”

“Little Lou Yanyu 69: [Hua ran, I support you! I support YR too! I’ll call for You!] ”

“For a time, the discussion forum was endless. ”

“Other than the members of the Niu Hulu family, everyone else was waiting to see ye Zao make a fool of himself. ”

At the science and Technology Conference.

“Chu Zimo smiled as he walked to the middle of ye Zao and Mu Yourong’s seats, he lowered his head and said to ye Zao, “Big Brother, I knew that you might know YR, so I specially arranged your seats together so that it would be easier for you to communicate.” ”

It was funny.

“They originally thought that these two were father and daughter, or grandfather and grandson... ..”

They did not expect that these two were actually good friends.

Sisters should not be sisters.

Because these two people’s looks were not on the same level.

“Mu Yourong raised her head to look at Chu Zimo. Seeing the ‘Group A research member’ badge on his chest, she said with great difficulty, “She, she is Niu Hulu YC?” ”

Chu Zimo nodded. “That’s right! Don’t you know Big Brother YC?”

Boom —

Mu Yourong's mind went blank.

It really was!

Ye Zhuo was really Nehu Luolu YC!

1

“When she thought about how her invitation was actually sent to her by Ye Zhuo,.”

Mu Yourong only felt that it was hard for her to breathe.

She wished she could find a hole to hide in.

Uncomfortable!

It was really too uncomfortable!

“In other words, the person who investigated her back then could also be ye Zhuo. ”

Why did ye Zao do this?

“Chapter 374: 113: face-smacking scene, burning to destroy the system! 6”

Was it to humiliate her?

Slut!

Ye Zao was a slut!

“Miss YR, long time no see.” Ye Zao smiled as Mu Yourong extended her hand. ”

“Although ye Zao was smiling, Mu Yourong could see the thick mockery in that smile.”

Yes!

Mockery!

“But at that moment, Mu Yourong had no choice but to reach out and hold ye Zao’s hand, trying her best to squeeze out a smile. “Long time no see.” ”

Ye Zao very quickly let go of Mu Yourong’s hand.

“Although it was only for a short moment, Mu Yourong felt a fierce pain coming from her wrist.”

It was as if something had been stripped out of her body.

The pain was excruciating.

“But in the next second, he could not feel anything.”

It was as if that moment just now was an illusion.

Was it an illusion?

Mu Yourong was not sure either.

“At this moment, three blond-haired and blue-eyed people from country P walked over.”

“Chu Zimo immediately stood up and greeted, “Dr. Carroll, Dr. Charlie, Dr. Barney.” ”

These three people were the three giants of Country P.

They held supreme status in the scientific and technological world!

“In all the previous scientific and technological conferences, the top three winners were almost all taken by these three people.”

Therefore.

Country P was also known as a scientific and technological country by the other countries!

“However, all of this would be overturned starting from tonight.”

Chu Zimo had been displeased with the three of them for a long time!

“When he thought of the upcoming competition, Chu Zimo was very excited.”

The three magnates of country P had always been high and mighty in front of China.

It had been more than ten years!

Even China had been crushed by them.

They had been the fourth in ten thousand years.

Their ranking had never been in the top three.

“Carol took a few steps forward and looked at ye Zao with disdain. “I heard from Dr. Warne that China has injected quite a lot of new blood this year. I believe that this person must have made a significant contribution to the scientific and technological world, right?” ”

“Ye Zao looked up slightly, his eyes sparkling. “I can’t say that he has made a significant contribution, but he has made a small contribution.” ”

Neither servile nor overbearing.

He displayed the demeanor of a big country to the fullest.

Carol narrowed his eyes and looked down at the nameplate on ye Zao’s table. “You Are Nehulu YC?”

“I am.”

The name Nehulu YC could be seen on the science and technology website almost every day.

This person became famous in one battle.

His strength was especially high.

Unfortunately.

According to his investigation.

This was a team of a thousand people operating this account.

She was not an independent individual at all.

“Thinking of this, the disdain on Carol’s face became even more obvious. A cheater dared to attend the science and Technology Conference? ”

“I can often see your name on the science and Technology website.”Carol looked at ye Zhuo and continued, “I wonder if I can have the honor of competing with you on the same stage today?” ”

“Of course.”Ye Zao nodded.

As soon as he said that.

The Forum on the technology website was in an uproar again.

[he accepted the challenge! Daddy accepted the Challenge!]

[Ah Ah Ah! I’m so excited!]

[Daddy is Awesome!]

[daddy is so cool!]

“[I’ve loved Daddy for 10,000 years!] ”

-LSB- daThistYCs YC is a little touHe! he doesn’t look like a team dog.]

“[who doesn’t know how to do superficial work? If you lose, just cry!] ”

[Haha! Are You a cry monster?]

Someone immediately posted a vote on the forum.

They were betting on whether ye Zao could enter the top three.

“Currently, there were 2,000 people supporting ye Zao.”

There were more than 500 people supporting the three magnates of Country P.

At the science and Technology Conference.

The person in charge would give each participant a number plate.

Mu Yourong also signed up for the competition.

“Since she had come, she did not intend to leave empty-handed!”

She had to win against Ye Zao and win back all the humiliation she had just suffered.

She wanted to stomp ye Zao under her feet.

““System, is there a way to win against ye Zao?” ”

The system did not immediately respond to her like it usually did.

“Mu yourong frowned and asked, “System, are you there?” ”

The system still did not reply.

What was going on?

“At this moment, the person in charge had already handed the number plate to MU yourong. ”

Mu Yourong took the number plate with a natural expression.

But her heart was in a mess!

“At this critical moment, what had happened to the system! ”

“System!”

“System!”

“No matter how much Mu Yourong shouted in her heart, the system still did not make a single sound. ”

“At this moment, the match had already begun. ”

The contestants from various countries walked onto the stage.

Mu Yourong walked onto the stage very nervously.

She was praying in her heart for the system to hurry back.

“System!”

“But there was no response. Mu Yourong walked all the way to her position, but the system did not respond at all. ”

“Chapter 375: 113: face-smacking scene, burning to destroy the system! 7”

What the hell is going on?

Where did the system go?

“Without the system, she knew nothing about technology.”

“Without the system, how could she crush ye Zao?”

What should she do now?

“Mu Yourong looked at the high-tech equipment in front of her, and her forehead broke out in cold sweat.”

““System, come back quickly!” ”

“Ye Zhuo glanced at Mu Yourong, the corners of his mouth curling up slightly.”

Mu Yourong was also bold.

“Even when she could not find the system, she still dared to force herself to go onstage.”

“Compared to Mu Yourong’s nervousness, ye Zhuo could be said to be extremely calm.”

“He placed his phone on the table, turned on the computer, and began to handle the tasks. His hands clattered on the keyboard.”

“His snow-white jade-like hands were facing the cold and hard keyboard, forming a beautiful scenery.”

There were five tasks in total.

All of them were SSS grade.

The task usually took two hours.

“After 15 minutes, Ye Zhuo finished the first task.”

“After 30 minutes, Ye Zhuo finished the third task.”

“After 50 minutes, Ye Zhuo successfully completed the fifth task.”

He clicked submit.

“The participants from different countries could not see the process of the competition, but the people on the forum could.”

“Seeing that ye Zao completed all the missions in less than an hour, the forum completely fell into chaos.”

[F * ck! F * ck! Dad Is Awesome!]

“[Ahhhh! I Cry Bird! This year, it’s finally our China’s turn to be Number One!]”

[Dad won glory for our country!]

[I'm so excited!]

“-LSB- those who mocked dad for being a team dog, come oAcceptcept the face slapping!@painXRd xr,@small building misty rain 69,@i miss you so much, 0636, and 1,000 others!]”

[Ah Ah Ah! Dad is really awesome!]

[dad will always be dad!]

“[oh my God! Dad is probably the first person in history to complete all the missions within an hour, right?]”

“[you are right! Last year, the three people from country P who claimed to be Giants only completed three missions in two hours!]”

[I remember that the highest record was three missions!]

[dad broke the record!]

“[look at that Yr. What's going on? Everyone else is doing missions, but she hasn't moved at all? Don't tell me she doesn't understand?]”

[maybe she really doesn't understand!]

[F * ck! So the real cheater is Yr!]

“[YR, get out of the tech world! Shame on our Niu Hulu family! Disgusting!]”

“[look at Yr’s clothes. Look at how capable and handsome our father is dressed!]! [look at Yr. She’s wearing a gown and fake eyelashes. She doesn’t look like she’s here for the Tech Convention!]! I think she’s here for the gala, right?]”

“For a moment, everyone was cursing Mu Yourong for getting out of the tech world. ”

Ye Zhuo could not see the situation on the forum.

“After completing the mission, she sat on her seat and played with her phone. ”

“However, because her phone was not connected to the internet, she could only play Tetris. ”

The way she played with her phone was all seen by the three people from Country P.

She played on her phone when others were doing missions?

China was really down and out!

No wonder they had always crushed her. She could only be the fourth in a million years.

No one knew how this kind of person got into the world of science and technology.

“Seeing ye Zao playing on his phone, Mu Yourong also heaved a sigh of relief. ”

It turned out that she was not the only one who knew nothing about scientific research.

Ye Zao also placed her at the bottom.

Very soon.

Two hours passed.

“The contestants from different countries stood in their respective positions, waiting for the host to announce the results.”

“The host was from Country L, and he held a piece of paper in his hand. “This year’s competition has brought in a lot of new blood. I now announce the top three winners of the competition.” ”

As soon as he finished speaking.

Deafening applause rang out from below the stage.

“The third place goes to Dr. Charlie from country P!”

This result was within everyone’s expectations. It was also within Charlie’s expectations.

Charlie bowed to everyone.

“The second place goes to Dr. Barney from country P!”

This result was also within everyone’s expectations.

“”Next, it’s the first place that everyone has their eyes on. I now announce that the first place winner of this science and Technology Conference is...” ”

“At this point, the host deliberately kept him in suspense and dragged out his words.”

Carol slowly stood up from her chair and looked at the cameras below the stage and present.

“As someone who had participated in the science and Technology Conference for more than ten years, Carol naturally knew that there were cameras live streaming the event.”

Needless to say!

The first place winner was definitely him.

“After all, the top three in every year’s competition were all the three of them.”

Could there be any other tricks up their sleeves this year?

“When the host saw Carol stand up, an awkward expression flashed across his face. However, he had no choice but to continue announcing, “The first place winner is Niu Hulu YC from China!” ”

Niu Hulu YC?

Clap Clap Clap —

The entire stadium erupted in cheers!

Warm applause rose one after another.

Especially Chu Zimo and Zheng Yuanjie. They were so excited that their hands were almost red from clapping.

Dr. Warne’s eyes were red.

“Although he knew that ye Zao would definitely win,.”

He still couldn’t help but be excited when he saw this scene with his own eyes.

No one could understand this feeling.

Ye Zao stood up from his seat and bowed to express his gratitude.

“At this moment, she was the focus of everyone’s attention.”

At this moment.

“Carol’s expression completely changed. She couldn’t just stand there, nor could she sit down.”

She was in an awkward situation!

He was not the first place winner.

How could it not be him?

He had actually lost to a Chinese!

How could he lose?

Mu Yourong looked at Ye Zao.

Her face was full of jealousy.

She should be the one in the limelight!

Where on Earth had the system gone?

“Mu Yourong clenched her fists. Because she had used too much strength, her sharp nails had pierced deeply into her skin, but she was completely unaware of it.”

Next was the award ceremony.

“The moment the honored guest walked out, Ye Zhuo was stunned.”

This was Cen Shaoqing?

“He was still wearing that old-fashioned long gown with a string of Buddhist beads on his right hand. There was an air of being able to look down on the world in a scholarly manner, and the Red Mole at the end of his eyes had added a myriad of charms.”

“This kind of person, no matter where he went, was an existence that stood out from the crowd.”

The three etiquette girls followed behind him with medals in their hands.

Cen Shaoqing presented the prizes in turn.

“Third place, second place, and then first place.”

Cen Shaoqing walked in front of ye Zao.

He lowered his head and helped her wear the medal.

The medal was worn on her chest.

Although ye Zao was thin.

“She was not thin in any way, but she was not thin at all.”

Perhaps no one noticed that Cen Shaoqing's hands were shaking at this moment.

"After wearing the medal, Cen Shaoqing gently pulled her into his arms. His thin lips seemed to be pressed against her ear, and his breathing was shallow. "Congratulations, Ye Zhuo." "

Chapter 376: 114: my feelings are heating up. Ye Shu is in trouble. I'll show off my power and be domineering! 1

"A very magnetic voice. A very pleasant voice. Because he deliberately lowered his voice, it still carried a faint huskiness. "

It went straight to the depths of my heart.

It made me suffocate.

"His hand gently clasped her waist. The temperature of his palm was a little hot. Through a thin layer of expectation, I could still feel the thin cocoon between his fingers. "

It was slightly itchy.

"At this moment, ye Zao could clearly hear his own heartbeat. "

"Thank you."Ye Zao raised his hand and gently hugged him.

The corners of Cen Shaoqing's mouth curled up into a faint arc.

This smile.

“It was as if spring had returned to the Earth, and everything had been revived.”

“When the people on the forum saw this scene, they all turned into seers: ”

“[if these two aren’t busy, I’ll eat SH * t Live!] ”

[Dad has another dog outside...]

“[ditto, I also feel that there’s something wrong with these two. They must have been secretly dating for a long time.] ”

[F * ck! is dad going to find us a stepmother?]

1

“[dad, NO! We don’t need a stepmother!] ”

“[with a stepmother, we’ll have a stepfather. Dad doesn’t love us anymore!] ”

“[although I don’t really like stepmothers, I still feel that these two people are inexplicably compatible.] ”

“Yes! They’re so compatible!”

“Who is this guest presenter? Why didn’t the host introduce him in detail?”

“”It’s indeed quite strange! However, to be able to attend the science and Technology Conference and be a guest presenter, this means that our stepmother is definitely not an ordinary person.” ”

“Mu Yourong sat below the stage and looked at the two people hugging each other on the stage. She gritted her teeth in hatred, and the jealousy in her eyes was about to spill out.”

“If it wasn’t for Ye Zhuo, the person hugging Cen Wu Ye would be her.”

Slut!

“Ye Zhuo, this slut.”

““System! System, where have you been?” ”

Mu Yourong was both jealous and afraid.

She was afraid that the system would leave her.

Would the system never come back?

It wouldn’t.

She was the system’s host.

The system would definitely come back!

Definitely!

The award ceremony ended very quickly.

Ye Zhuo walked off the stage.

“Dr. Warne, Chu Zimo, Zheng Yuanjie, and the rest of the science and technology industry all stood up to welcome her.”

This was the first time that China had won the first place at a science and Technology Conference.

It was ye Zhuo who broke the record.

“Sitting on the other side, the three magnates of country P were so angry that their faces turned black.”

None of them had thought that they would lose to a little girl who looked like she was only in her teens!

Shameful!

“This time, it was truly too shameful.”

Especially Carol.

“Last year, he had taken first place.”

“This year, he had not even taken fourth place.”

“If it had not been for ye Zao, he would definitely have taken third place.”

Mu Yourong sat next to Ye Zao.

She saw a group of people walking over to congratulate ye Zao.

“But here, no one cared.”

Mu Yourong felt extremely uncomfortable.

“If it wasn’t for ye Zao’s sudden appearance today, she would definitely be the one being congratulated.”

Ye Zao was clearly the fake daughter who had taken over the magpie’s nest. What right did ye Zao have to possess all of this?

Mu Yourong prayed for the system to return quickly.

Only when the system returned would she be able to defeat ye Zao!

“At that time, she would definitely make ye Zao suffer a fate worse than death.”

“After the science and Technology Conference ended, Ye Zao was invited by the experts of the science and technology industry to participate in the latest season of the science and Technology Exhibition.”

“Ye Zao was surrounded by the crowd, as if she was surrounded by stars.”

“Although she was the youngest, she did not have stage fright at all.”

“Standing among the experts, not only did she not lose to them, she even appeared to be particularly imposing!”

-LDaddyaddyMightyghty!]

“Daddy is so cool!”

“Where’s the stepmother?”

""@painted XR, come out quickly! Didn't you say that Daddy is a team?" "

"The brothers upstairs don't scold her anymore. I just checked her account and realized that her account has been harmonized by some brothers."

"The live broadcast is about to end. I Can't bear to part with my father and stepmother!"

Ye Zao went to attend the science and Technology Exhibition and held a meeting with the experts.

She stood in front of the conference table and spoke with confidence and generosity.

"The experts, who were only half a hundred years old, were seriously taking notes like a group of primary school students in class."

"However, all of this did not feel out of place."

"When Ye Zao returned to the hotel, it was already past ten o'clock in the evening."

Ye Zao went into the bathroom and took a shower.

"Just after he took a shower, he received a wechat message from CEN Shaoqing: [do you want to have supper together?]"

Ye Zao raised his eyebrows slightly and teased: [a monk also eats supper?]

"[a monk is also a human. Moreover, I'm not a monk.]"

Ye Zao continued to reply: [Where Are You Now?]

Cen Shaoqing: [I'm staying right next door to you.]

“Chapter 377: 114: my feelings are heating up. Ye Shu is in trouble, and he’s acting all mighty and domineering! 2”

[are you for real [Dog Head] ?]

[yes.]

[then come to my room.]

“A minute later, ye Zao heard a knock on the door.”

He really lives next door to me?

Ye Zao put down his phone and walked over to open the door.

“As soon as he opened the door, he saw a tall figure standing outside the door. His facial features were hidden under the crystal light. His thin lips were slightly pursed, and there was a layer of coldness in his abstinence, the Little Red Mole at the end of his eyes happened to correspond with the Buddha Pearl between his fingers.”

“It looked like a Buddha, but also a demon.”

“You really live next door to me?”Ye Zao was a little surprised.

“Yes.”Cen Shaoqing nodded slightly.

“Ye Zao had just taken a shower. His hair was wet, and he was wearing the silk nightdress with a sling that exposed his white collarbone. His skin was as white as snow, and it was as smooth as jade. The smooth silk material outlined his beautiful figure. ”

“The silk material was a little thin and CEN Shaoqing was 20 centimeters taller than ye Zao. As long as he lowered his head, he could see the... .. soft. ”

Bang —

Something exploded inside Cen Shaoqing’s body.

It made him feel like his entire body was burning.

Don’t look when it’s indecent.

“He moved his gaze away and continued, “I just moved in today. Do you want to have supper?” ”

““Yes, but wait for me to change.” ”

“Okay.”Cen Shaoqing nodded slightly.

Ye Zhuo closed the door.

“Three minutes later, Ye Zhuo opened the door again. “Let’s go.” ”

“She changed into a white t-shirt, a pair of ripped jeans, and a pair of white shoes. ”

It was less cold.

It was more youthful and lively.

“She was like a walking clothes rack. No matter what she wore, she could have her own unique style.”

Cen Shaoqing followed her footsteps.

“Ye Zhuo turned to look at him. “Where are we going to eat? You’re from Beijing. You should know where the food is delicious, right?” ”

“I know a place that’s not too far from here.”

“Alright.”Ye Zhuo nodded. “We’ll go to the place you mentioned.”

The two of them had just reached the hotel when a luxury car drove over.

“The driver got out of the car and said respectfully, “Master Five.” ”

Cen Shaoqing nodded slightly. “Let’s go for half a month.”

“Alright.”

Cen Shaoqing opened the car door and looked up at Ye Zhuo. “Get in the car.”

Ye Zhuo leaned forward and got into the car.

“When she got into the car, Cen Shaoqing had even carefully covered his hands on the roof of the car. ”

The driver was a little surprised.

He even thought that he had seen wrongly.

When had the fifth master ever been so close to the opposite sex?

And... He was so considerate.

They even stayed in the same hotel.

Could it be that the CEN family was going to have a young madam?

“At 11 o’clock in the capital, the night life had just begun. ”

There were gorgeous neon lights everywhere.

“In a short while, the car drove into a very simple street. ”

“White walls, green bricks, tiled stone roads. ”

There were two small lanterns hanging in front of every door.

It gave people the illusion that they had traveled through time and space.

“Ye Zhuo looked out of the window and asked curiously, “Where is this?” ”

“Cen Shaoqing said in a low voice, “This is the only street in the capital that retains ancient buildings. This place has a history of several hundred years.” ”

The driver in the front seat added in his heart.

This street belonged to Master Five.

“In order to preserve this ancient street,.”

Cen Shaoqing bought this entire long street at the age of 20 with a huge sum of money.

“Nowadays, the price of houses in the capital was increasing day by day.”

This place was already priceless.

The price had increased more than a thousand times!

The speed of the car slowed down until it stopped in front of an ancient courtyard house.

Ye Zhuo got out of the car and looked up.

He saw a plaque hanging in the middle of the two lanterns in front of the door.

There were three gilded words on the plaque.

Half a month.

“Is this the place you mentioned?”Ye Zhuo looked back at Cen Shaoqing.

“Cen Shaoqing held the Buddhist beads and walked to ye Zhuo’s side. “Yes, this is the place. Let’s go in.””

“Okay.”Ye Zhuo nodded slightly.

The two of them walked inside.

“Just like the outside, the interior was decorated in an antique style.”

“At this moment, a white-haired old man walked out from inside. “Shaoqing is here.” ”

“Aunt Lang.”Cen Shaoqing nodded slightly.

Aunt Lang raised her head and looked at Ye Zhuo. A dazzling light flashed in her eyes. “This is?”

“”Let me introduce you. This is my friend Ye Zhuo. Ye Zhuo, Aunt Lang is the boss here.” ”

“Ye Zhuo greeted politely, “Aunt Lang.” ”

They were getting closer.

“Only then did ye Zhuo realize that although this aunt Lang had white hair, she was not as old as he had imagined.”

She was at most 60 years old.

“When he saw that Aunt Lang had white hair, Ye Zhuo had thought that she was an 80-90-year-old old woman.”

Chapter 378: 114: feelings are heating up. Ye Shu is in trouble. She’s so domineering! 3

“Miss Ye.”

Aunt Lang received a call from Cen Shaoqing 30 minutes ago.

He said that he would bring a friend over for dinner.

“In the past, Cen Shaoqing always brought his friends over for dinner.”

But he had never brought a member of the opposite sex over.

She did not expect that he would bring a little girl over this time.

“Moreover, she was so beautiful.”

Aunt Lang had known Cen Shaoqing for eleven years.

“All these years, Cen Shaoqing had been eating vegetarian and chanting Buddhism.”

Aunt Lang had once thought that he would become a monk.

She did not expect that.

“This time, she was finally enlightened.”

““Please come in, please come in.” Aunt Lang welcomed them in.”

“After passing through layers of beaded curtains, Aunt Lang led the two to a small private room.”

“The private room was located on the west side of the courtyard house. As long as the beaded curtains by the window were pulled open, one would be able to see the scenery of the courtyard house.”

“The Breeze blew gently, and the silk bamboo entered one’s ears.”

It was a very elegant environment.

“As soon as the two of them sat down, Aunt Lang brought two cups of soup.”

“As soon as ye Zhuo removed the lid, he smelled a pungent fragrance.”

It was a very mellow earthen chicken soup.

There was a layer of butter floating on the soup.

“After a mouthful of the soup, there was a lingering fragrance on his lips and teeth, which made people sigh involuntarily.”

Ye Zhuo looked up at Cen Shaoqing. “What kind of soup is yours?”

““Vegetable soup and mushroom soup.”CEN Shaoqing continued, “Do you want to try it?” ”

“Ye Zhuo said that he didn’t want it, but his hand still handed the bowl to her very honestly.”

Cen Shaoqing scooped the soup into her bowl.

Although it was a vegetable soup.

“But the vegetables were mixed with the flavor of mushrooms, and it was very delicious.”

“After drinking the soup, it was the main dish.”

“There weren’t many portions of the dishes, but each one was very exquisite, and it felt like eating Michelin.”

“Perhaps Cen Shaoqing had told her in advance, but after the meal, Aunt Lang even brought a dessert over.”

“CEN Shaoqing said, “Aunt Lang isn’t a local. The dessert she made is a specialty of their hometown. It’s hard to get authentic in other places. See if it suits your taste.” ”

Ye Zhuo nodded and opened the lid of the dessert.

“Once the lid was opened, a strong fragrance of Osmanthus was smelled. ”

“The soup was clear and bright. It did not look good, but the taste was surprisingly good.”

Layers of taste buds were opened.

It was irresistible.

“How is the taste?”Cen Shaoqing asked.

““Very good!”Ye Zhuo gave him a thumbs up. “By the way, why don’t you eat it?” ”

“CEN Shaoqing said, “I’m not used to the taste of Osmanthus.” ”

“OH.”Ye Zhuo nodded.

“After eating the dessert, ye Zhuo used the time to go to the bathroom to ask Aunt Lang for the bill. ”

“Aunt Lang smiled and said, “Shaoqing is my VIP annual customer, so you don’t have to pay.” ”

“OH.”Ye Zhuo nodded.

“Aunt Lang continued, “Miss Ye, you’re not a local, right?” ”

Ye Zao nodded. “I’m from Yun Capital.”

“After chatting with Aunt Lang for a while, Ye Zao returned to his seat. ”

“Cen Shaoqing leaned against the back of his chair, holding a Buddhist bead in his hand. Judging from the shape of his mouth, he was probably reciting Buddhist scriptures. ”

Ye Zao raised his eyebrows slightly. This person was indeed worthy of being a monk.

“It’s getting late. Shall we go back?”Ye Zao leaned forward slightly and tapped the table with his fingers.

“Yes.”Cen Shaoqing nodded slightly and stood up from his chair.

“Aunt Lang personally sent them off. “Miss Ye, this is your first time here. This is a gift from me to you. It’s not a valuable trinket. You must accept it.” ”

“”Thank you, Aunt Lang.”Ye Zao received the small box from Aunt Lang with both hands. ”

“As long as Miss Ye doesn’t mind it.”

“Why would I?”

“The driver was waiting outside. When he saw the two of them walk out of the car in half a month, he immediately opened the car door. ”

Ye Zhuo sat inside.

Cen Shaoqing followed.

The two of them sat in the back seat.

The DIM yellow headlights coated the two of them with a layer of light.

Ye Zhuo opened the box that Aunt Lang had given him.

He saw that inside the box was a lifelike woven grasshopper.

“It’s so exquisite. It looks so real.”Ye Zhuo exclaimed.

“CEN Shaoqing continued, “Aunt Lang made this up herself, but it’s been many years since she made it up.” ”

“Really?”Ye Zhuo looked back.

“Cen Shaoqing nodded slightly and continued, “Do you know why Little Half Moon is called Little Half Moon?” ”

Ye Zhuo shook his head.

“CEN Shaoqing said, “Little Half Moon is Aunt Lang’s daughter’s name. Unfortunately, Little Half Moon and Aunt Lang got lost when she was three years old. There was no news of them ever since. Aunt Lang’s hair turned white overnight. Later on, she opened such a restaurant in the place where Little Half Moon went missing.” ”

Ye Zhuo frowned slightly. “Did Aunt Lang find Little Half Moon later?”

“No.” CEN Shaoqing continued, “Aunt Lang waited here for more than thirty years, but her child seemed to have vanished from the world.”

“Chapter 379: 114: emotions are heating up, Ye Shu is in trouble, he’s acting all mighty and domineering! 4”

“The two of them were very engrossed in their conversation, and the driver slowed down his speed with great discernment.”

...

Mu Yourong had already broken down.

“It had already been fourteen hours since she attended the science and Technology Conference, but the system still had no response.”

Could it be that the system had really disappeared?

What should she do now?

“Mu Yourong sat on the sofa, her hands clutching her hair. Her facial features were tightly wrinkled, like a patient with a mental disorder.”

“After a long time, Mu Yourong slowly calmed down. She turned on her computer and prepared to log on to the science and Technology website.”

The mission the system had given her was to conquer the world of science and technology.

“Perhaps after she opened the science and Technology website, the system would come back on its own.”

“Mu Yourong opened the login page, entered her password, and clicked login.”

But the next second.

Her face turned white.

Because the login page showed that her account had been permanently blocked!

What was going on?

Was the system messed up?

How could her account be permanently blocked all of a sudden?

Yes!

It must be messed up!

Mu Yourong turned off her computer and opened the login page again.

“However, the scene before her eyes did not change.”

Her account had really been permanently blocked!

“In her panic, Mu Yourong opened wechat again and sent a message to Chu Zimo’s little assistant.”

“Currently, in the technology world, she only knew this little assistant.”

“The little assistant quickly replied: [Miss Mu, you did not complete a single task during the technology conference competition. In addition, the number of users who reported you exceeded ten thousand, so the system determined that your previous results were all cheating, so your account was blocked.]”

This also meant that there would be no Niu Hulu yr in the science and Technology World in the future.

How could this be!

What right did they have to ban her account!

Mu Yourong sent a message to the little assistant with red eyes.

“However, the other side showed that the little assistant had already blocked her.”

What was this?

Was everyone pushing the wall?

“B * Tch!”

Mu Yourong was so angry that she directly smashed her phone to the ground.

PA —

The phone screen was smashed into pieces.

Mu Yourong squatted on the ground and cried loudly.

“Ever since she was reborn, Mu Yourong had never experienced such a helpless moment. ”

Everything she had was snatched away by Ye Zao.

The Ye Zao of her previous life was clearly just a trash that she had stepped on.

What was going on now? !

““System! System, come back quickly!”Mu Yourong called out to the system with her consciousness. ”

“As long as the system came back, she would have a way to kill ye Zhuo. ”

“However, even after Mu Yourong called out for a long time, the system still did not respond. ”

...

“An hour later, the car stopped at the entrance of the hotel. ”

The two got off the car and walked towards the hotel together.

“After entering the elevator and looking at the constantly changing floor numbers, cen Shaoqing asked,
“When are you returning to Beijing?” ”

““Around the day after tomorrow. I have to go to Grandpa Yang’s House Tomorrow,”ye Zhuo replied. ”

“CEN Shaoqing continued, “What Time Tomorrow Morning? I’ll send you there.” ”

“Ye Zhuo answered very naturally, “Around 8:30. I have to go downstairs for breakfast at 7:30.” ”

“Perhaps she didn’t even realize it herself, but she didn’t resist Cen Shaoqing.”

Nor did she dislike his embrace.

And that unintentional kiss.

Cen Shaoqing nodded slightly. “Then let’s Have Breakfast Together Tomorrow Morning?”

“Sure.”

“At 7:30 the next morning, Cen Shaoqing appeared punctually at Ye Zao’s door and knocked.”

“Soon, the door opened.”

“Ye Zao smiled and said, “I didn’t expect you to be so punctual. I was just about to call you.” ”

Cen Shaoqing had always been a punctual person. “Are you done?”

“Almost done.”Ye Zao nodded. “Let’s go down.”

There was a buffet breakfast on the first floor of the hotel.

There were a variety of dishes.

“After breakfast, Cen Shaoqing drove ye Zao to the Yang residence.”

The Yang residence was not far from the hotel.

They arrived very soon.

“After parking the car, CEN Shaoqing said, “What time will you be back? I’ll pick you up.” ”

“Ye Zao said, “I’ll inform you on wechat.” ”

“Okay.”Cen Shaoqing nodded.

Ye Zhuo opened the door and got out of the car. “I’ll go in first. Drive slowly on the road.”

“Okay.”Cen Shaoqing nodded slightly.

Ye Zhuo had come back to the Yang family manor before.

“Therefore, he was rather familiar with the environment inside. ”

They arrived at the entrance of the Yang family manor.

“When he saw the servant bring ye Zhuo in, grandfather Yang thought that he was hallucinating.
“Zhuozhuo!” ”

“Grandfather Yang.”

It wasn’t an illusion?

It was real!

“Grandfather Yang quickly stood up from the sofa. “Zao Zao, when did you come to Beijing? Why didn’t you tell grandfather in advance? Grandfather could have arranged for someone to pick you up at the airport!” ”

“Chapter 380: 114: emotions are heating up. Ye Shu is in trouble, and she’s acting all mighty and domineering! 5”

“Then, old master Yang ordered the servants to make tea. ”

“Yang Danian came down from upstairs. When he saw ye Zhuo, he walked over respectfully. “Miss Ye!” ”

“When he thought of the doubt he had when he met ye Zhuo for the first time, Yang Danian was filled with regret. ”

“At that time, he thought that ye Zhuo was a liar and that ye Zhuo would definitely not be able to cure Old Master Yang. ”

“He did not expect that Old Master Yang, who had already been sentenced to death by the doctor, had actually recovered! ”

Yang Danian was now really convinced by ye Zao!

““Uncle Yang,”ye Zao greeted politely. ”

“Yang Danian was a little embarrassed. “Miss Ye, please take a seat.” ”

Old Master Yang looked at Yang Danian. “Where’s your wife? Don’t you know that there are guests at home?”

He and Yang Danian were both men.

Grandfather Yang was afraid that ye Zao would feel uncomfortable.

“At times like this, a woman was still needed.”

“Yang Danian said, “I’ll go get Yazi right away.” ”

“Not long after, Yang Danian brought Wu Yazi down.”

“Wu Yazi was a very standard noblewoman. Even at home, she was dressed very neatly and had exquisite makeup on her face. When she saw ye Zao, she held her hand very intimately, “This is Zao Zao, right? I’ve heard so much about you from the old man. It’s better to see you than to hear so much about you! Zao Zao, you’re So Beautiful!” ”

“Wu Yazi had three sons in a row, but she did not have a daughter. Seeing ye Zao was a rare sight.”

“If this was her daughter, she would be able to wake up from her dream with a smile.”

Ye Zao greeted her politely.

“Wu Yazi took the opportunity to take the bracelet off her hand and put it on ye Zao’s. “Zao Zao, this is the first time Auntie has seen you. There’s nothing much to give. This bracelet will be your welcome gift.” ”

“”Auntie, this is too expensive, I can’t accept it.”Ye Zao quickly rejected.”

“Wu Yazi pressed down on ye Zao’s hand. “Zao Zao, if you don’t accept it, you’re looking down on Auntie!” ”

“Having said that, ye Zao had no choice but to accept it.”

“Seeing that ye Zao had accepted the table, Wu Yazi heaved a sigh of relief and continued, “I heard from the old man that Zao Zao, you’re the top scorer in Yun Jing’s College Entrance Examination, right?” ”

“Yes.”Ye Zhuo nodded.

“Wu Yazi said in surprise, “Zhuo Zhuo, you’re really too smart! You’re not like those three brats from my family who always count backwards! I’m so angry that my liver hurts! Tell me, how did you brainpower?” ”

“Good-looking, good medical skills, and good academic results. ”

This little girl was really amazing!

Ye Zhuo stayed at the Yang residence until evening before returning.

Old Master Yang suggested that the chauffeur send her off.

“Ye Zao smiled and declined. “Grandpa Yang, there’s no need to go through so much trouble. A friend is coming to pick me up.” ”

“Wu Yazi teased, “It must be a man, right?” ”

Ye Zao nodded.

She could not deny this.

“Is he pursuing you?”Wu Yazi Winked at Ye Zao.

“”No,”ye Zao denied, “He and I are very good friends.” ”

“OH.” Wu Yazi nodded meaningfully. “I understand!”

“After bidding farewell to the Yang family, ye Zhuo arrived outside the manor.”

A black car was parked outside the manor.

Cen Shaoqing was leaning against the car door.

He was holding a string of Buddhist beads in his hand.

“Ye Zhuo jogged over. “You’ve been waiting for a long time, haven’t you?” ”

Cen Shaoqing opened the door of the passenger seat. “I just arrived.”

Ye Zao sat in the passenger seat.

Cen Shaoqing went around to the driver’s seat as well. “I’ve already gotten my assistant to book the tickets. We’ll set off at 10 am tomorrow.”

“Ye Zao nodded. “Alright, I’ll transfer you the money.” ”

Cen Shaoqing knew ye Zao’s personality.

“If he said that he didn’t want the money, it would only alienate ye Zao from him.”

She was never a person who took advantage of others.

“5200 yuan.”

He booked first class.

“Ye Zhuo opened wechat and transferred the money to Cen Shaoqing. “By the way, I saw on the Internet that there’s a night market nearby that’s particularly lively. Why don’t we go and take a look?” ”

“Sure.”Cen Shaoqing nodded slightly. “What’s the address?”

Ye Zhuo switched his phone to navigation mode and placed it in front of the car. “Follow the navigation.”

“Soon, they arrived at the night market. ”

This night market was the largest night market in Beijing.

The night market was full of people.

“There were all kinds of food, drinks, and fun. ”

Ye Zhuo bought some gadgets and then dragged Cen Shaoqing to eat skewers.

The sanitation of the roadside stalls was really unbearable to watch.

But Cen Shaoqing still sat on the stool as if nothing had happened and ordered some vegetarian dishes.

“If others were to see this scene, they would definitely be shocked. ”

“Cen Wuye, who had always been high and mighty, had never eaten roadside stalls in such a down-to-earth manner? ”

“Moreover, he was squeezed together with so many people! ”

...

“In the blink of an eye, the next day arrived.”
