### Chapter 41: Taking a Turn for the Better

The more Zhou Xiang thought about it, the more anxious she became.

If there was really something wrong with the medicine, then she would have become the murderer who had killed the old madam of the house.

If she had known earlier, she would not have let the old madam take the medicine last night.

What should she do now?

If something happened to the old madam, she would not be able to continue living anymore.

Zhou Xiang was so anxious that her eyes were red. She rushed upstairs and knocked on the door. "Mom! Mom! Are you inside?"

The door was locked from the inside. She knocked for a long time, but there was no response from inside.

Zhou Xiang did not have a key, so she had no choice but to get assistance from a few servants. She planned to use violence to break the door open.

Then, Zhou Xiang asked the butler to invite Doctor Lin over.

After all, she was one with experience in handling matters. Although she was very anxious, Zhou Xiang was still able to order everything in a calm and an orderly manner.

The door was very strongly built. The five servants spent a few minutes before the door was forced open.

Madam Cen was sleeping on the bed, her body covered by a thin blanket.

The room was very silent, and there was no telling if Madam Cen was still breathing.

Zhou Xiang was so worried that her heart almost stopped beating. "... Mom?"

When Madam Cen did not respond, Zhou Xiang raised her voice and called out again, "Mom?"

But Madam Cen still did not react.

Could it be...

Could Madam Cen have really...?

Zhou Xiang's eyes immediately turned red. She rushed over and hugged Madam Cen. "Mom! Mom! What happened to you? Mom!"

Madam Cen was in a deep slumber when she was suddenly awakened by a burst of crying.

She thought that it was still the middle of the night.

Unexpectedly, when she opened her eyes, the sun was shining through the window. It seemed that she had not seen such bright sunlight for a long time.

It felt like she a blind person who suddenly gained vision and saw light for the very first time.

Madam Cen was stunned for a moment. Then, she looked at the crying Zhou Xiang with a blank expression. "Xiang Xiang, what's wrong?"

Zhou Xiang widened her eyes and looked at Madam Cen. "Ah! Mom! You're alright? I thought you..."

Madam Cen said in puzzlement, "What did you think was wrong with me?"

Zhou Xiang hugged Madam Cen excitedly. "Mom! You're alright! You're alright! I was scared to death just now!"

Seeing Zhou Xiang act this way, Madam Cen seemed to understand what was going on. She smiled and patted Zhou Xiang's back. "Silly child, what could have happened to me?"

Zhou Xiang sniffed. "You usually get up at six in the morning, but it's almost ten today! I knocked on the door outside, but you didn't respond. I thought, thought..."

"It's almost ten?" Madam Cen looked at Zhou Xiang in surprise.

Zhou Xiang nodded. "Yes."

Madam Cen didn't expect to sleep past nine. She only remembered that she fell fast asleep as soon as her head touched the pillow last night.

Twenty-three years!

She finally had a good night's sleep!

Madam Cen was so happy that her eyes turned red. "Twenty-three years, Xiang Xiang. I've waited for this day for twenty-three years! I can finally sleep well! I feel like my whole body is full of strength now. This is all thanks to Ye Zi!"

Zhou Xiang said in disbelief, "Mom! Did you really not have any trouble sleeping last night?"

Madam Cen's illness was a chronic illness, and insomnia had become a common occurrence. Usually, even if she took sleeping pills, they would not have any effect. This was also the reason why she would usually get up early.

From the looks of it, that little girl by the name Ye Zi was indeed capable.

Zhou Xiang had originally intended to give the medicine to Madam Cen as a test. She did not expect the medicine to be so effective. Madam Cen had only taken it once and it had already improved her sleep.

“It’s true!” The old lady was so happy that she cried. “It’s been twenty-three years! I’ve really missed how it feels like to have a good sleep!” This elated feeling could only be understood by people who had just recovered from a serious illness.

Others simply could not empathize with it.

Zhou Xiang held Madam Cen’s hand. “Mom, you must be hungry from sleeping until now. What do you want to eat? I’ll order the kitchen to prepare it.”

Madam Cen thought for a moment. “I want to eat caviar and lobster noodles.”

Zhou Xiang nodded. “Then you should freshen up first. I’ll go to the kitchen and ask them to cook the noodles.”

“Okay.”

Half an hour later, Madam Cen came down from upstairs. Zhou Xiang had just arrived at the dining hall with a bowl of caviar and lobster noodles.

“Mom, the noodles are ready. Eat it while it’s hot.”

“Okay.” The old madam was in good spirits. Even her appetite had improved. In a short while, she had finished a bowl of noodles.

At this moment, the butler ran in while panting. “Madam, I went to look for Doctor Lin, but Doctor Lin refused to come. He said that unless Old Madam personally went to apologize to him...”

Doctor Lin arrogantly felt that he was the only one in Yunjing City who could cure Madam Cen, so he dared to say this. It seemed like the old woman had no other choice but to bow to him and beg for his help.

Madam Cen frowned slightly and asked, "Xiang Xiang, did you ask Old Zhang to look for Doctor Lin?"

Zhou Xiang nodded slightly and explained, "You didn't answer no matter how many times I knocked on your door. I was worried that there was something wrong with the medicine last night, so I asked the butler to look for Doctor Lin."

Madam Cen raised her head to look at the butler. "Old Zhang, do you think that Doctor Lin still wants me to apologize to him?"

The butler nodded awkwardly.

Madam Cen felt that the whole idea of it was so ridiculous that she laughed, "Everyone says that doctors are benevolent. I think that Doctor Lin's heart must have been eaten by a dog! You want me to apologize to him? Dream on! He doesn't deserve to be a doctor at all! My granddaughter-in-law's medical skills are a thousand times better than his! Ten thousand times better!"

Zhou Xiang smiled and said, "Mom, it's all thanks to Miss Ye Zi this time. Otherwise, I might really have to beg Doctor Lin! How about this, where does she live? Mom, I'll go with you to thank her properly and also call Shaoqing to come along."

Zhou Xiang was full of curiosity toward Ye Zhuo.

She was beautiful.

Her medical skills were not bad.

She couldn't really be like a fairy, right?

Zhou Xiang really couldn't imagine what a fairy who was even more beautiful than Song Chenyu looked like.

Madam Cen stood up and said, "You're going to scare away my granddaughter-in-law! We should approach her step by step. We can't rush it. We have to take things as they come. I'll go find her myself. You don't have to follow me."

"But, if you go alone, won't it show that our family is not being sincere?" Zhou Xiang said.

"No, no! Ye Zi is not that kind of person! Besides, I still have a little secret to tell Ye Zi! After I talk to her, I'll invite her to our house. At that time, you can thank her however you want."

Zhou Xiang nodded. "That works too, Mom. I'll get the driver to send you."

"Alright, I'll go upstairs and change my clothes first."

Soon after, Madam Cen changed and went downstairs. She was wearing the same old tattered clothes.

Zhou Xiang asked curiously, "Mom, why did you change into this set of clothes again?"

Madam Cen gave a mysterious smile. "It's a secret."

...

On the other hand, Doctor Lin had been waiting for a long time, but Butler Zhang had not come back.

What was going on?

Could it be that the old woman from the Cen family had... died?

At that thought, Doctor Lin's eyebrows flared up.

If she had really died, what would he do?

Although the Cen family had just moved to the Yunjing Province, they much more generous than the other wealthy families.

He was still hoping to cure Madam Cen's illness and make a small fortune!

Doctor Lin hurriedly called the butler.

He did not expect the butler's reply to make him feel as if someone had poured a bucket of cold water on him. It was the kind of cold water that drenched one from head to toe.

Not only was the Cen family's old madam fine, her condition had actually improved.

Improved?

Without his treatment, how could Madam Cen's illness have improved?

How could there be any other doctor in the Yunjing Province who was even better than him?

Chapter 42: Let Him Repay You With His Body

Doctor Lin found it unbelievable.

His medical skills were the best in the Yunjing Province. If he claimed to be the best, no one dared to claim to be second.

Who was the person who helped cure Madam Cen's condition?

If he had known that Madam Cen would be cured by someone else, he wouldn't have acted so arrogantly. He would not have insisted Madam Cen apologize to him.

If he had gone to the Cen family house with the butler, he would not have single-handedly given others the opportunity to claim any credit for curing Madam Cen's condition.

Unfortunately, there was no medicine for regret in this world.

Doctor Lin now wished he could beat himself to death.

Suddenly, than rapid ringing of a phone sounded in the air.

Could it be Butler Zhang?

Doctor Lin's eyes lit up.

The old woman's condition must have worsened!

He knew it! No one in the Yunjing Province was more skilled than him!

"Hello." Doctor Lin deliberately delayed for a while before he picked up the phone.

After all, it was the Cen family's turn to beg him.

He thought Butler Zhang's voice would appear on the other end, but he did not expect it to be a young female voice.

“Hey! Ah Fu, I’ve already had a look at the house. It has three bedrooms and one living room, and it’s located in the school district. The full payment is 5 million, and the down payment is only 2.6 million. When are you going to transfer the money over?”

Doctor Lin was stunned. “Wen Die? When did you change your number?”

“I just changed it! Didn’t you write it down?”

Doctor Lin was silent, and his expression was very ugly.

“Ah Fu! I’m talking to you! When are you going to transfer the money over?”

“I don’t have that much money at the moment.”

“No money? Didn’t you say that you recently met an old lady with a lot of money? Do you not want to buy a house for us mother and son?”

It would have been better if she did not mention this, but when she mentioned this, Doctor Lin’s expression became even uglier. “Don’t worry about the money first. Give me a little more time.”

The female voice on the other side sounded a little unhappy. “Alright then. Ah Fu, are you coming to my place tonight? Chengye said that he misses you.”

Doctor Lin was going to refuse, but when he heard the name Chengye, the dark cloud on his face dissipated a little. “Alright, I’ll come over after work.”

...

At the same time.

A low-profile black Bentley stopped by the side of the road.

A shabby old lady walked out of the car with a cane and waved at the driver. "You can go back."

The driver nodded and drove the car away.

Madam Cen stood under the thick camphor tree. The thick leaves provided shelter from the blazing sun. She whipped out an old looking phone from her pocket and dialed a number.

The call was quickly picked up. "Hello."

The voice was very clear and light, as if it could dispel the scorching heat. It made people feel relaxed and happy.

"Guess who I am!" Madam Cen deliberately pinched her nose while saying that.

On the other end of the phone, Ye Zhuo smiled and said, "Granny Cen!"

"Ye Zi, you are really smart! You guessed it was me at once!" As expected of the granddaughter-in-law she had taken a fancy to.

Ye Zhuo said proudly, "Of course! I'm so smart! By the way, Granny Cen, Where are you now?"

Madam Cen looked at her surroundings. "I'm here at Sunshine Market, 318 North Zhai Road. Ye Zi, where do you live? I'm coming to find you."

"My home is nearby. Please wait there and don't move about. I'm coming to pick you up."

"Okay."

Not long after Madam Cen hung up the phone, she saw Ye Zi running over from the other side of the road. "Granny Cen!"

"Ye Zi!" Ye Zhuo waved at Madam Cen.

Ye Zhuo was dressed very casually today. She was wearing a red t-shirt and jeans. Under the sunlight, her legs looked slender and long.

Her granddaughter-in-law was so beautiful and her legs were so long. Madam Cen could almost imagine what her great-grandson looked like.

"Ye Zi!" Madam Cen opened her arms to welcome Ye Zhuo.

Ye Zhuo hugged Madam Cen. "Granny Cen."

Madam Cen's eyes were filled with satisfaction.

Before arriving here earlier, she had specially sprayed durian essence on her body, and she smelled like durian. However, she did not see a hint of disdain in Ye Zhuo's eyes.

Ye Zhuo continued, "Granny Cen, my house is over there. Let's go."

The two of them chatted along the way and soon arrived at the Ye residence.

Ye Zhuo took out her keys and said, "Granny Cen, this is my house."

As soon as she opened the door, Madam Cen smelled a fragrance.

As the restaurant was about to open, Ye Zhuo had been experimenting on various recipes at home for the past few days.

Hearing the noise, Ye Shu walked out of the kitchen in an apron. “Zhuo Zhuo is back. Who is this old lady?”

Ye Zhuo introduced, “Mother, this is the Granny Cen I told you about. Granny Cen, this is my mother.”

“Hello, Mrs. Ye.” Madam Cen greeted her with a smile.

“Hello, Granny Cen.”

Madam Cen said, “Mrs. Ye, if you don’t mind, you can just call me Auntie.”

“Auntie Cen.” Ye Shu wasn’t the kind of person who was pretentious. She beckoned Madam Cen to go into the house and have a sit.

Ye Zhuo quickly went in to pour some water for Madam Cen.

Madam Cen calmly sized up the surroundings.

The house interior was very ordinary, but it was very clean and tidy. It could be seen that the owner of the house was a person with a noble heart.

Ye Shu brought over a plate of cut fruits. “Auntie Cen, here, have some fruit.”

“Thank you, Mrs. Ye.”

Ye Shu had always been a very kind person. She smiled and said, “Auntie Cen, just treat this place as your own home. Please don’t stand on ceremony with us.”

By noon, Ye Shu had cooked and prepared a large table of delicious food.

Madam Cen had a huge appetite. "It's really been a long time since I've eaten so happily. Mrs. Ye, your cooking is really superb."

Ye Shu said, "Auntie Cen, if you like to eat, you can come often in the future."

"Really?" Madam Cen looked at Ye Shu in surprise.

Ye Shu nodded. "Auntie Cen, do I look like I'm joking with you?" It must not be easy for an old lady to survive with no one to rely on. It was just a meal. If she could help in the slightest, she would happily do so.

Madam Cen was very touched.

There were indeed various different people in this world.

The Mu family were extremely ungrateful people. On the other hand, Ye Zhuo and her mother were good people who didn't ask for anything in return.

This trip to the Yunjing Province wasn't in vain.

After eating, Ye Zhuo walked Madam Cen out.

As the two of them walked out of the community gate, Madam Cen held Ye Zhuo's hand and said, "Ye Zi, you're really amazing! I only drank that prescription once, and I didn't have any trouble sleeping last night! Yezi, how can I thank you?! It's said that a life-saving grace must be repaid with one's body. It just so happens that I have an eldest grandson. Why don't I let him repay you on my behalf with his body?"

Ye Zhuo was stunned and looked at Madam Cen in surprise.

Madam Cen continued, "Ye Zi, don't worry! My eldest grandson is very handsome! He's also very lovable! Everyone calls him the most handsome person in the capital!"

Finally, Madam Cen added, "And my family has a mine! We really do have a mine!"

#### Chapter 43: Children Take After Their Parents

After visiting the Ye family and seeing Ye Shu, Madam Cen was completely relieved. Ye Shu did not seem like the kind of person who was greedy for money.

Therefore, Madam Cen did not want to hide the truth anymore. She wanted to confess to Ye Zhuo.

Originally, she thought that if Ye Zhuo's family members were the kind of people who were greedy for money and would even sell their daughter for fame and fortune, she would support Ye Zhuo! She would help Ye Zhuo escape from her family.

Ye Zhuo smiled and said, "Granny Cen, it's already the 21st century. Why are you still talking about repaying me with your grandson's body? By the way, where do you live? I'll call a cab to send you back."

Madam Cen grabbed Ye Zhuo's hand. "There's no need, Ye Zi. My chauffeur will come to pick me up in a while!"

Ye Zhuo was stunned.

She did not take Madam Cen seriously when the old lady mentioned that her family owned a mine. Could it be that the old lady's family really had a mine?

Madam Cen continued, "Ye Zi, let me tell you something! Our family really has a mine! My eldest grandson is also really handsome! Are you really not going to consider marrying my eldest grandson?"

"Granny Cen, I know you mean well, but I'm still young. I just want to focus on my studies."

Madam Cen said, "Studying and being in a relationship are two different things. My eldest grandson was known as a super genius when he was still in school. After the two of you fall in love, he can help you with your homework and warm your bed. If he does anything make you unhappy in future, I'll make sure he kneels and begs for your forgiveness until you're happy again. It's a dream come true, just like killing three birds with one stone!"

"Since your eldest grandson is so outstanding, he will definitely meet a better girl."

"In my heart, Ye Zi, you are the most outstanding girl in the world! Other than you, no one is worthy of my eldest grandson!"

In fact, Madam Cen even felt that Cen Shaoqing was not worthy of Ye Zhuo. Other than having some money, being handsome, and a genius student, Cen Shaoqing had no other merits.

He was not old, but he always carried himself around like an old man. He recited Buddhist scriptures and ate vegetarian food all day long. He was as dull as a gourd!

He was almost thirty years old, but he had not even touched a little girl's hand. He was like an idiot.

If not for the fact that she liked Ye Zhuo so much, she would not have been willing to marry her to Cen Shaoqing as his wife!

She was really a good grandmother!

She was simply the best grandmother in China!

Ye Zhuo was a little embarrassed by Madam Cen's praise. She touched her nose and said, "Granny Cen, falling in love is a matter between two people. Your eldest grandson is so outstanding, he must have his own opinions..."

"What opinions does he have? What opinion does he dare to have? If he dares to have any other opinion, I'll smash his head! I'll break his legs!"

Madam Cen wanted to strike while the iron was hot. "That's why, Ye Zi, do you want a husband? As long as you agree to it, I'll send him over to you later."

Ye Zhuo was rendered speechless for a moment before replying, "... I don't want."

Madam Cen quickly corrected her, "Ye Zi, you're saying the script all wrong! You should have said that you want me to send him over to you! Then, I'll send my eldest grandson over..."

After saying that, Madam Cen continued, "It's okay if you don't need him now. When you need a husband, just let me know. I will send my eldest grandson over immediately!"

"Okay." Ye Zao nodded with a smile.

"Really?" Madam Cen's eyes lit up. Before Ye Zhuo could react, Madam Cen extended her little pinky finger to Ye Zhuo. "Ye Zi, let's pinky swear. Whoever goes back on her word will be a puppy!"

Ye Zhuo stuck out her pinky to pinky swear with Madam Cen. Her hands were slender and fair, and her skin was as smooth as butter. It was a stark contrast to Madam Cen's hands.

Madam Cen muttered like a little child, "Pinky swear and hang yourself, let this deal be sealed for a hundred years."

Ye Zhuo smiled and said, "Yes, let this deal be sealed for a hundred years"

At this moment, a car stopped across the road.

It was a very low-key Maybach. It looked like the old lady's family really had a mine!

The driver opened the car door and got out. He said respectfully, "Madam Cen."

Madam Cen nodded and turned to look at Ye Zhuo. "Ye Zi, our driver is here to pick me up. I'll be going back first."

"Goodbye, Granny Cen."

"Goodbye."

Madam Cen sat in the back seat and spoke to the driver. "Little Wang, isn't it hard for you to drive me in and out everyday? Are you tired?"

The driver, Little Wang, was stunned. Having been the old lady's driver for some time now, this was the first time she had spoken to him.

"I'm not tired."

Madam Cen continued, "Little Wang, do you think that little girl from just now is pretty?"

The driver, Little Wang, could not guess what the old lady was thinking, so he could only tell her the truth, "Yes."

Hearing this, Madam Cen said with a proud face, "Of course! How can my granddaughter-in-law not be pretty?"

Little Wang was rendered speechless. So, it turned out the Madam Cen's main point was just to show off in front of him that her granddaughter-in-law was very beautiful!

...

When Ye Zhuo returned home, Ye Sen had already returned and was sitting in the living room, chatting with Ye Shu.

“Zhuo Zhuo, it’s great that you’re back. Tomorrow is your aunt’s birthday. Your mother and I were just discussing about going to your aunt’s house tomorrow. You’ve been back for a long time but have yet to see your relatives. This is a good chance for you to meet them and get to know them.”

“Aunt’s house?” Ye Zhuo was stunned for a moment before she realized that Ye Shu not only had a younger brother, but she also had two older sisters and an older brother.

The ‘Aunt’ that Ye Sen was talking about was Ye Shu’s elder sister, Ye Shuang.

“Okay.” Ye Zhuo nodded and continued, “What time will we be going over tomorrow morning? I’ll sleep earlier tonight.”

Ye Zhuo had been very busy working on the OS system these few days, and she had been staying up late every single day.

“Not too early,” Ye Shu continued, “We’ll leave at nine in the morning.”

...

The next morning, Ye Zhuo woke up early. After her morning jog, she accompanied Ye Shu and Ye Sen to Ye Shuang’s house.

They took the bus and walked for more than two hours before they reached their destination.

Ye Zhuo did not expect to find that her aunt was quite well-off.

The double storey villa was extremely grand. In front of it was a large garden, and on the left side of the garden were two large fountains.

Standing in front of the luxurious villa, Ye Shu appeared a little reserved.

Ye Zhuo held Ye Shu's arm and said, "Mom, in the future, I will buy twenty villas like this for you and uncle. One of them will be yours to live in, and nineteen of them will be rented out. I will let you sit at home as the landlord and landlady. The both of you can just collect money every day."

"Really?" Ye Sen said excitedly.

It sounded like he was bragging, but he felt that his eldest niece would definitely be able to do it!

Ye Zhuo said, "Of course it's true."

Ye Shu smiled and said, "I am very happy that you are such a filial daughter." Obviously, she did not take her daughter's words to heart.

In the Yunjing Province, an ordinary villa would cost at least seven million yuan, and a double storey villa like this would cost at least 10 million yuan.

Not to mention 10 million yuan, even if it was 1 million yuan, their family would not be able to afford it.

Ye Sen walked up and knocked on the door.

The person who opened the door was the nanny.

When the nanny saw Ye Shu and Ye Zhuo, she did not show much respect. Instead, her eyes were filled with contempt.

'These shameless poor relatives had come again!'

The nanny did not immediately allow them in. Instead, she turned her head and said, "Madam, we have a few visitors!"

Soon after, Ye Shuang walked out from inside. "Who's here?"

Out of the Ye sisters, Ye Shuang was the one who had married the best.

Ye Shuang had married Lin Haifu, who was known as the 'Miracle Doctor of the Yunjing Province'.

Lin Haifu's medical skills were second to none in Yunjing Province. If he claimed to be the best, no one dared claim to be second best.

She and Lin Haifu had two daughters. The eldest daughter was a well-known lawyer, and the youngest daughter was currently studying at a top university.

It was not an exaggeration to say that Ye Shuang fared the best out of everyone in the Ye family. Therefore, she had always felt superior in front of Ye Shuang and Ye Sen.

Although they were siblings of the same mother, they were not from the same world!

"Big Sister," Ye Shu greeted Ye Shuang.

Ye Shuang nodded. "It's you guys! Come in quickly. Nanny Zhang, go get a few pairs of disposable slippers."

After saying that, Ye Shuang seemed to have just seen Ye Zhuo and asked, "Who is this?"

Ye Shu said, "Big Sister, this is my daughter, Ye Zhuo. Zhuo Zhuo, this is your eldest aunt."

"Nice to meet you, Eldest Aunt." Ye Zhuo greeted politely.

Ye Shuang sized up Ye Zhuo from head to toe, and there was an imperceptible look of contempt in her eyes.

She heard rumors that this Ye Zhuo was the idiot that grew up in the Mu family and could not even recognize Chinese characters...

#### Chapter 44: Illegitimate Daughter

Since she couldn't even read Chinese characters, it was probably pretty embarrassing for Ye Shu to bring her here.

The contempt in Ye Shuang's eyes became more and more obvious, and she perfunctorily welcomed Ye Shu, Ye Sen, and Ye Zhuo in.

"Dad, Mom, Little Sui! Little Shu and Little Sen are here."

A row of people sat on the sofa in the living room.

They were Ye Shu's parents, Ye Dafu and Yao Cuifen, and Ye Shu's third sister, Ye Sui.

Speaking of which, Ye Dafu and Yao Cuifen were also an interesting pair of parents. Among these five children, their favorite was their second son, Ye Shuai. After him, they favored their eldest daughter, Ye Shuang.

This was because Ye Shuang had the ability to marry a good husband and support her parents financially.

In fact, Ye Shuang always had the final say in the Ye family. She was literally an unwavering presence. All major and minor matters of the Ye family could only be carried out with her consent.

Even the second son, Ye Shuai, who was the favorite son of the Ye parents, had to bow down before Ye Shuang.

When they heard Ye Shuang's words, Ye Dafu and Yao Cuifen acted rather indifferently. They did not even raise their eyes to look at the guests who had just arrived. It was obvious that they did not like Ye Shu and Ye Sen.

"Father and mother," Ye Sen called out nonchalantly

Ye Sen always had a problem with his parents. He had never brought up all the biasness and favoritism by his parents during his younger years.

Back then, when Ye Shuai got married, his family didn't have enough rooms to cater for the newlyweds. Hence, despite being only seventeen years old, Ye Sen was chased out of the house by his parents.

Helpless, Ye Sen had no choice but to seek refuge with Ye Shu.

Later, when his parent's house was demolished and divided into four houses, his parents left all of them to Ye Shuai.

It was a common saying that all parents doted on their children. However, sometimes, Ye Sen doubted whether he was even his parents' biological child.

Ye Sen had a bone to pick with his parents. Similarly, Ye Dafu and Yao Cuifen also disliked Ye Sen very much.

In their eyes, Ye Sen and Ye Shu were the two most useless children in the family.

Ye Sen did not like to study since he was young. He was a gangster in his class. He dropped out of school at a young age and became a part-time worker. Now, he was already in his thirties, but he was still single!

In their opinion, Ye Shu was even worse.

Ye Shu was the most beautiful daughter in the family. The old couple hoped that Ye Shu could marry into a good family and help out her family in the future. They did not expect that this wretched daughter of theirs would actually get pregnant before marriage!

She was a disgrace to their family!

Following Ye Sen's footsteps, Ye Shu also greeted her parents and introduced them to Ye Zhuo. "Zhuo Zhuo, this is your grandpa and grandma. This is your third aunt."

"Grandpa, Grandma, Third Aunt."

Ye Dafu and Yao Cuifen responded indifferently. They did not so much as smile at Ye Zhuo.

Ye Sui smiled and said to Ye Shu, "Little Shu, your biological daughter is really beautiful! I wonder how are her academic results? How does she usually rank in the class?"

Before Ye Shu and the others arrived, Ye Sui had heard that Ye Shu's biological daughter could not even hold a candle to one-tenth of Mu Yourong.

Mu Yourong was an outstanding student in her class!

On the other hand, Ye Zhuo could not even recognize Chinese characters!

What was a person who could not even recognize Chinese characters called?

A fool!

Children usually take after their parents. Even if someone so lowly like Ye Zhuo was raised in a wealthy family, she was still a good-for-nothing, just like her stupid mother. She was unlike Mu Yuorong, who evidently excelled in all parts of her life despite being brought up by a useless person.

Ye Sui was very regretful now. When Mu Yourong was still her niece, she had not treated Mu Yourong well. If she had known that Mu Yourong was the true daughter of a wealthy family, she would definitely have treated Mu Yourong as her ancestor!

It was too late to say anything now.

When it came to the topic of education, Ye Shuang's face was full of superiority. One had to know that her two daughters were both top students!

Ye Zhuo could not even compare to the wisdom on her daughter's pinky finger.

Without waiting for Ye Zhuo to answer, Ye Shuang raised her head and looked at Ye Zhuo, "Your name is Ye Zhuo, right? It's okay if your grades aren't good. Although your two cousins' grades are average, it shouldn't be a problem for them to teach you. If you have any questions that you don't understand, you can ask them."

Ye Sui took the opportunity to flatter her eldest sister. "Big Sister, don't be so humble! If Xuan Xuan and Xue Xue's grades are average, then what does our Ziyue count as? Doesn't that mean she's not even worthy of being called a bad student?"

The people that Ye Sui was most jealous of were Ye Shuang and Ye Shu.

Ye Shu was prettier than her, and Ye Shuang had married into a better family. To top it off, Ye Shuang even had two good daughters whom she could show off to keep up with appearances.

However, although Ye Sui was jealous of Ye Shuang, she did not show it. After all, Ye Shuang's lived a better life than her. Ye Shuang's husband, Lin Haifu, was famously known as the miracle doctor in the Yunjing Province, and he knew many wealthy and influential people. Therefore, she was always sucking up to Ye Shuang, while burying any jealousy that she felt toward her eldest sister deep in her heart.

Who did not like flattery?

Ye Sui's flattery pleased Ye Shuang immensely. "That's true. I've never had to worry about Xuan Xuan and Xue Xue since they were young."

At this moment, there was a sound from outside the door.

A young woman enter the house. She wore a smart suit and her long curly hair was draped over her shoulders. Her facial features were not too stunning, but they were very well-groomed. She wore a confident expression on her face.

This was the eldest daughter that Ye Shuang was so proud of, Lin Xuan.

Lin Xuan was 25 years old this year, and she was an excellent lawyer.

"Oh my! Our Xuan Xuan is back. How was work? It must've been very tiring, right? Our Xuan Xuan has lost weight." Seeing Lin Xuan, Ye Dafu and Yao Cuifen immediately got up to welcome her. Their faces were full of benevolent smiles.

Yao Cuifen, in particular, held Lin Xuan's hand and fussed over her granddaughter endlessly.

She looked like a good grandmother who doted on the younger generation. She was acting like a completely different person from the time Ye Zhuo was first introduced to her.

There was not the slightest smile on Lin Xuan's face. There was even a hint of impatience on her face. She did not have a good impression of her mother and her relatives from her mother's side of the family. Even her grandparents were no exception.

This kind of hypocritical poor relatives only took a fancy to their family's money.

If she was not 'Lin Xuan' and she was only the daughter of a poor family, would they still dote on her like this?

Lin Xuan greeted her grandfather and grandmother without much passion.

“Xuan Xuan, come here. This is your fourth aunt’s biological daughter, Ye Zhuo.” After saying that, Ye Shuang continued, “Ye Zhuo, this is your cousin, Lin Xuan. Your cousin is currently working in a law firm. If you encounter any difficulties in your studies, you can ask her for advice.”

“Eldest cousin.” Ye Zao’s tone was light.

Lin Xuan turned her head to look at Ye Zhuo. Her originally impatient eyes suddenly revealed a stunning light.

Ye Shu’s biological daughter was extremely beautiful.

Looking at her face, one would immediately associate it with the phrase ‘devastatingly beautiful’.

But what was the use of being beautiful?

Ye Shu was also beautiful, but in the end, she still became a mistress and gave birth to an illegitimate daughter!

Lin Xuan did not take Ye Zhuo seriously. What kind of future could a person like Ye Zhuo have? At most, she would be like her mother. With her beautiful face, she could become a mistress and give birth to an illegitimate daughter in the future.

Lin Xuan was full of righteousness. She really did not want to get involved with this group of people. If it was not her mother’s birthday today, she would never have come back!

She nodded casually at Ye Zhuo and then turned to look at Ye Shuang. “Mom, I’m a little tired. I’ll go back to my room to rest.”

Hearing Lin Xuan say that she was tired, Ye Shuang hurriedly said, "Sure, go, get get some rest! I'll call you when dinner's ready."

Lin Xuan nodded.

"Xuan Xuan, wait a moment." Yao Cuifen suddenly grabbed Lin Xuan's hand.

Seeing Yao Cuifen's hand pressing on hers, Lin Xuan's eyes revealed a look of disgust. Yao Cuifen was an old woman who didn't pay much attention to detail. She didn't even trim her long nails. There was a layer of black dirt hidden under her long nails.

Lin Xuan tried her best to hold back the nauseating feeling that was rising in her heart. "What's wrong?"

Yao Cuifen continued, "Grandma has something nice for you! Old Man, hurry up and bring it over."

Ye Dafu immediately walked over with a bag. "This is the amaranth stalk that your grandma specially marinated for you."

Yao Cuifen continued, "Xuan Xuan, Grandma remembers that this was your favorite when you were young! Only you and Xue Xue get to eat grandma's amaranth stalk. No one else can!"

Lin Xuan and Lin Xue were her two most outstanding granddaughters. Yao Cuifen naturally had to curry favor with them. In the future, when they got married, they would have to be filial to their grandma in return!

"Thank you, Grandma." Lin Xuan took the bag.

Yao Cuifen smiled and said, "My dear child, there's no need to be polite with Grandma. Quickly go in and get a good rest."

Lin Xuan carried the bag into the house. As soon as she entered, she threw the bag in her hand into the trash can.

She felt disgusted by such a dirty thing. She couldn't stand touching it for a second longer.

Soon after, Sui's daughter, Zhou Ziyue, also arrived at the house.

Zhou Ziyue was very much like Ye Sui, and was especially good at flattery. One moment, she praised Ye Shuang for getting younger, and the next moment, she praised Ye Shuang for taking good care of her skin. She spewed sweet words one after the other, her mouth looked like it was smeared with honey.

Zhou Ziyue was so good at talking, but when she looked at Ye Zhuo, who was sitting on the sofa like a block of wood, she did not know how to say anything nice.

'It is one thing for her to be an idiot, but her personality is so unlikable!'

Ye Shuang frowned slightly as a look of disdain appeared in her eyes.

'Ye Shu should be embarrassed that her daughter turned out this way!'

Ye Shuang took off the bracelet on her hand and put it on Zhou Ziyue's hand. "Ziyue, this bracelet is for you!"

Zhou Ziyue was flattered. "Aunty, you're too generous, it's too much!"

Ye Shuang smiled and said, "What's there to be embarrassed about? You're my niece, and you're so sweet. Among all these nieces, you're the one I like the most. This bracelet was just released this year, and only young people like you look good in it! Aunty is already old!"

Ye Shuang had deliberately put on a show for Ye Zhuo to see.

She assumed that when Ye Zhuo saw that she had given Zhou Ziyue something, this little niece of hers would definitely be envious and jealous. She would then definitely regret that she did not curry favor with her eldest aunt!

Zhou Ziyue held Ye Shuang's arm as she said. "Aunt, you're not old at all. You don't even look like a sister when you stand next to my mother! You guys look more like mother and daughter! If one were to claim to be 'old', my mother would be the one!"

Ye Sui glared at Zhou Ziyue unhappily.

Damn girl!

If she wanted to curry favor with Ye Shuang, so be it. Was there a need to drag her, her biological mother, to the ground? Was she that old?

But on account of the bracelet, she let the matter slide.

Ye Shuang was very happy to be flattered by Zhou Ziyue. "You lass, you only know how to make me happy!"

Zhou Ziyue said, "Aunt, you are very young to begin with! Oh right, Aunt, the bracelet you gave me must be very expensive, right? I seem to have heard my classmate mention this brand before." As she spoke, she glanced at Ye Zhuo.

Mu Yourong had excessively shared information to her about Ye Zhuo's situation in the Mu family.

She was an idiot!

And top of that, she was not loved by anyone in the family.

As a fake heiress, she had definitely never seen such a good bracelet.

Ye Shuang piped in, "It's not expensive. It's only twenty thousand yuan or so."

Twenty thousand yuan or so?

Zhou Ziyue's eyes lit up!

This aunt of hers was indeed rich. Twenty thousand yuan was considered a measly amount!

She scanned Ye Zhuo's entire body. Including her clothes, she would not even amount to twenty thousand yuan. Not to mention twenty thousand, she was probably not even worth two thousand yuan.

Ye Zhuo was not interested in the content of these conversations. She logged into the international website and accepted a mission that could be completed with a cell phone.

After all, she was only interested in making money now!

She had just clicked to accept the mission when the other party sent a message over.

The Pirate Youth typed, 'F\*ck! F\*ck! F\*ck! You... Are you the great god Niohuru?'

Niohuru.YZ replied, 'Is there a problem?'

The person on the other end of the screen took off his glasses and wiped his eyes several times seriously. He seemed to be in disbelief that he was so lucky to have the great god Niohuru accept the mission.

As Niohuru.YZ's fame grew, there were more and more high-level fake accounts who copied the moniker Niohuru.YZ.

He was worried that this was also a high-level fake account.

After looking at it for a long time and confirming that it was the real Niohuru.YZ, the person quickly sent another message, 'Great God! Please add me as a friend!'

Ye Zhuo was focused on coding and did not see the message.

After a while, she sent the completed task to the other party. "Done. After confirming that there are no problems, please click on the completion button."

The person on the other end of the screen was stunned.

Niohuru.YZ was truly a god!

A normal person might not even be able to complete that task in a week, but Niohuru.YZ finished it in half an hour.

'Thank you, God! God you're amazing!'

As soon as he sent this message, he received the system message that Niohuru.YZ had agreed to add him as a friend.

"F\*ck! The God added me as a friend!" The man was jumping from joy and he was so overwhelmed with emotion that he kissed the young woman beside him.

"We've arriving at to my house soon. Today is my mother's birthday, can you act a bit more mature?" The young woman smiled and said, "Which God? Why are you so excited?"

"It's Niohuru.YZ! The God that our research institute calls a miracle!"

"Really? Let me see!" The young woman, who was also from the research institute, was equally excited.

"Really! Look!"

Soon after, the car stopped, and the driver in the front seat said, “Miss, we’re here.”

The young woman returned the phone to the man. As she got out of the car, she said, “Send me a screenshot of your friend list. I want to post it on my WeChat moments to show off. My circle of friends will definitely die of envy!”

This was great god Niohuru.YZ, a legend in the eyes of the entire research institute!

If she could use this opportunity to form a relationship with Niohuru.YZ, even if it was just a little bit, it would be a great honor.

“Okay.”

After getting out of the car, the young woman helped her boyfriend straighten his tie and then went to ring the doorbell.

The person who opened the door was none other than Ye Shuang.

“Mom!”

“Xue Xue is home!” Ye Shuang was full of smiles. Then, she turned to look at the young man beside Lin Xue.

Lin Xue held onto the young man’s arm as she introduced, “Mom, this is my boyfriend, Zheng Ziheng.”

Zheng Ziheng rubbed his eyes out of habit. “Hello, Auntie. You can just call me Little Zheng.”

Ye Shuang had long known of Zheng Ziheng’s existence. She did not expect the young man to be even more handsome than in the photos. Most importantly, he came from a good family background.

Zheng Ziheng was a rich young master from a wealthy family.

“Little Zheng sounds a little distant, I’ll call you Ziheng. Xue Xue, quickly lead Ziheng into the house! Ziheng, why do you come bearing gifts! Our family does not lack anything, you are not allowed to do this in the future!”

Arriving at the living room, Lin Xue introduced everyone to Zheng Ziheng. When she reached Zhuo Ye, Lin Xue was stunned and at a loss for words.

Ye Shuang said from the side, “Xue Xue, this is your fourth aunt’s biological daughter, Ye Zhuo.”

Hearing this, Lin Xue’s eyes flashed with a mocking look, “Oh, so you’re my cousin, Ye Zhuo! Hi! I’m your cousin, Lin Xue, and this is my boyfriend, Zheng Ziheng.”

Ye Zhuo put down her phone and looked up at Lin Xue, “Nice to meet you, cousin, cousin-in-law.”

The moment Ye Zhuo looked up, Zheng Ziheng was stunned.

His eyes instantly lit up.

He did not expect that Lin Xue would have such a beautiful cousin.

Lin Xue furrowed her brows furiously. As expected of the daughter of a mistress! The daughter of a mistress was born to seduce others!

She held onto Zheng Ziheng’s arm and asked curiously, “I’ve heard Yourong talk about you. She said that you can’t even read Chinese characters. Is this true?”

After saying this, she seemed to sense that her tone was somewhat inappropriate, so she said, “I’m sorry, Cousin Ye Zhuo! I’m just too curious! Our Chinese characters are so complicated, and there are some unfamiliar characters that I’ve never seen before. It’s normal that you can’t recognize them! Not to mention you, there are some unfamiliar characters that I might not even recognize even if I saw them.”

Ye Zhuo smiled slightly and looked down at Xue Lin. "Cousin, you are too modest. I'm just a common person. How can I compare to you?"

Lin Xue could not tell if it was just an illusion or something else, but she could see some coldness and mockery in Ye Zhuo's eyes.

'It should be an illusion, right?

'How could an idiot have that kind of look!'

She was the blessed daughter of wealthy family. In comparison to her, Ye Zhuo was nothing but a pitiful person!

Ye Shuang who was standing by the side said, "Xue Xue, you must be tired from the bus ride. Take Ziheng upstairs to the guest room to rest."

"Okay." Lin Xue nodded and brought Zheng Ziheng upstairs.

When they arrived upstairs, Zheng Ziheng asked curiously, "Xue Xue, what's the background of your cousin? Is today your first time meeting her?"

Lin Xue said casually, "Her? She's just an illegitimate daughter that my fourth aunt gave birth to! She's that fake daughter of the Mu family from before. She just recently reconnected with her birth mom."

Hearing that, Zheng Ziheng's interest was piqued, "She's that... fake daughter of the Mu family, Mu Zhuo, who doesn't know anything?"

Coming from a wealthy family and well connected to other wealthy families, Zheng Ziheng had naturally heard of Ye Zhuo's history.

Lin Xue nodded, "Yes, it's her! I heard that the Mu family had to spend money to bribe some people to get her into high school! She was also lucky to have entered the Mu family by accident! If she had stayed by my fourth aunt's side, she probably wouldn't have been able to enroll into junior high school!"

#### Chapter 46: What Do You Think?

Upon hearing this, Zheng Ziheng's expression was turned sour as if he had eaten a pile of sh\*t.

When he first saw her earlier, his impression of her was that Ye Zhuo was pretty good looking. Well now, he knew that she was nothing but a pretty face. She was but an empty shell with no other merits to boast about.

To call Ye Zhuo a fake heiress who knew nothing was a high praise for someone like her. This was because Ye Zhuo's reputation in the Mu family was really rotten to the core!

"I've heard about the Mu family's fake daughter before, but I didn't expect that the Mu family's fake daughter was actually your cousin..." Zheng Ziheng finally said after being silent for a long while.

Seeing the change in Zheng Ziheng's expression, Lin Xue continued, "Actually, this caught me completely off guard as well! Sigh! Speaking of which, my fourth aunt sure has it tough for her. Previously, she had to raise Mu Yourong all by herself. Yourong's results are excellent, and she is also so smart! At the very least, Fourth Aunt still had hope for someone to take good care of her in the future! Now that she's reunited with her biological daughter, Ye Zhuo, I can't imagine how my fourth aunt is going to live through the rest of her days! The person my mother is most worried about right now is my fourth aunt! After giving birth to such a daughter, in the future... Sigh..."

At the end of her speech, Lin Xue let out a heavy sigh, as if she was worried about Ye Shu.

Mu Yourong was so outstanding, she would definitely be able to get into a good university in the future and stand out.

Would Ye Zhuo be able to do so? Up until now, Ye Zhuo couldn't even recognize a few words? It was better to count on red rain falling from the sky than to count on her to get into a university!

One could already picture Ye Zhuo's future. She could only remain a lowly person and live in a shabby basement for the rest of her life.

"Are you saying that Yourong is the true daughter of the Mu Family?" Zheng Ziheng asked.

"Yes." Lin Xue nodded, "She is the true daughter of a wealthy family through and through. Although Yourong has always lived in the basement with my fourth aunt, she is not inferior to others at all. On the contrary, Ye Zhuo who grew up in a wealthy family and received the best education, is nothing but a useless piece of trash.

Zheng Ziheng nodded. Hearing Lin Xue's side of the story, Mu Yourong was indeed far more superior.

Suddenly, Lin Xue seemed to have recalled something and continued, "Oh right, hurry up and send me a screenshot of your friend list. I'm going to post it on my Moments."

"Okay." Zheng Ziheng nodded. He opened his phone, logged onto the international website, and sent the screenshot of his friend list to Lin Xue.

Lin Xue immediately posted it to her WeChat Moments. There were many students from the research institute on her WeChat. As soon as the screenshot was posted, her Moments exploded!

Even many of her friends who did not actively share and comment on stuff on their Moments came to comment.

I Am A Laughing Bird, 'F\*ck! F\*ck! Is this really the real god Niohuru.YZ?'

Ran Qi, 'Getting a rub off on the God's aura!'

The Wanderer, 'For real? It can't be a fake account, right?'

Wu Chao, 'Share with us the contact of the real God!'

'...'

Lin Xue also received a lot of private messages. Everyone wanted to get to know Niohuru.YZ through Lin Xue.

Lin Xue looked up at Zheng Ziheng. "Ziheng, if only you could add Niohuru.YZ as a friend on WeChat."

"What are you thinking about!" Zheng Ziheng said speechlessly, "That's the real god! Do you think people like us get to casually add him as friends on WeChat? I heard that even Dr. Warne couldn't get hold of Niohuru.YZ WeChat account!"

Hearing this, Lin Xue instantly gave up!

Who was Dr. Warne?

Dr. Warne had made a great contribution to human research. He was a legendary figure that could go down in history!

...

Downstairs in the living room.

Lin Fuhai, the head of the Lin family, had returned.

Lin Haifu was 53 years old this year. Perhaps it was due to his profession that he took good care of himself and looked like he was only in his forties.

Yao Cuifen and Ye Dafu, the old couple, stood beside Lin Haifu on both sides.

One took Lin Haifu's suit, while the other handed him a pair of slippers.

Not only did they not look like Lin Haifu's elder, but they looked more like servants of the Lin family.

Truth be told, Lin Haifu did not treat Ye Dafu and Yao Cuifen as his parents-in-law at all. He knew that if he were not the famous doctor, Lin Haifu, and was just a mediocre and ordinary person, these two old people probably would not even look at him. They were just looking out for themselves and doing what benefited them the most.

Ye Shu took the initiative to introduce Ye Zhuo. "Zhuo Zhuo, this is your uncle-in-law! Quickly greet him."

Ye Zhuo put down her phone and stood up. Her tone was the same as before. "Uncle-in-law."

In the eyes of Lin Haifu, Ye Zhuo was just a little girl. He would never waste his time on a useless person. He nodded at Ye Zhuo perfunctorily.

Ye Zhuo did not mind it at all. She sat down and continued to look at her phone.

Soon after, Ye Dafu and Yao Cuifen's favorite son, Ye Shuai, also came over with his wife and children.

Ye Shuai and Lin Xiaowei were cultured people. They looked very simple and did not talk much, but when they opened their mouths, they were all over their Big Sister and Big Brother-in-law. Their words were laced with endless flattery.

They did not even bat an eye at anyone else in the room.

Ye Shuang smiled and said, "Since everyone is almost here, let's get ready to eat."

"Wait a little longer." Lin Haifu looked up at Ye Shuang. "Mr. Li hasn't arrived yet."

Ye Shuang understood what Lin Haifu meant. “Oh! Right, right, right! There’s still an important guest who hasn’t arrived! Gosh, my memory is failing me!”

About ten minutes later, the very important guest that Ye Shuang had mentioned arrived.

He was a middle-aged man around 50 years old. He was only 1.6 meters tall, but he weighed about 200 kilograms. His head was directly connected to his shoulders, and his neck could hardly be seen. He was wearing a golden chain as thick as a finger. Overall, he looked a little comical.

At the dining table, Lin Haifu took the initiative to introduce him to everyone. “This is Li Hongwei. He is my patient and also my good friend. Hongwei, these are all my relatives! We are all a big family. Don’t be shy, sit wherever you like!”

Ye Zhuo frowned slightly.

Why did she feel that Li Hongwei kept glancing over to look at Ye Shu? It was truly uncomfortable.

Ye Zhuo turned her eyes slightly and glared at Mr. Li. Her cold eyes were as sharp as knives.

When he suddenly met Ye Zhuo’s gaze, cold sweat immediately broke out on Li Hongwei’s forehead. He hurriedly withdrew his gaze and picked up his glass to drink to ease the awkwardness.

This was a very strange feeling.

Ye Zhuo clearly looked like she was only in her teens, but when he saw that gaze of hers, he could not help but feel afraid.

That kind of fear was almost instinctive.

As the turbid wine entered his throat, the fear in Li Hongwei’s heart slightly dissipated.

When he heard Ye Shuang say that she was going to take everyone out to sing after dinner, Ye Zhuo tugged on Ye Shu's sleeve and said in a low voice, "Mom, I still have something to do. Let's leave after we finish eating."

Ye Shu nodded. "Okay, let's go back after we finish eating."

And so, just as they finished eating, Ye Shu announced that they were leaving.

Ye Shuang held Ye Shu's hand and said with a smile, "Don't be in a hurry to leave. Come with me for a moment. I have something to tell you."

"Okay." Ye Shu nodded.

As two of them entered the Lin family's study, Ye Shu suddenly realized that Ye Dafu, Yao Cuifen, her second brother, Ye Shuai, and her third sister, Ye Sui, were all in there.

What did these people have to say to her?

Ye Shu suddenly felt a little nervous.

"Sit down," Ye Shuang pointed at the stool and said.

"I'll stand."

Ye Shuang glanced at Ye Shu. Even after so many years, this fourth sister of hers was still so unrepresentable. "Fine, if you want to stand, then stand!"

After saying that, Ye Shuang continued, "I asked you to come over because I wanted to ask you, what do you think of Mr. Li?"

## Chapter 47: She Will Come Back and Beg Us

“What do you mean?” Ye Shu was stunned and at a loss for words.

Ye Shuang explained, “Mr. Li is 55 years old this year. Don’t judge him by his looks, but he is a multimillionaire. If you get together with him, you will enjoy endless glory and wealth in the future!”

That’s right, this was Ye Shuang’s idea.

Truth be told, it wasn’t that she liked Ye Shu that much. She came up with this idea because Lin Haifu wanted to take this opportunity to befriend Li Hongwei and convince him to be his investor.

Ye Shu might be in her thirties this year and had given birth, but she was still really good-looking. She had mottled brows and bright eyes.

Ye Shu frowned. “Big Sister, you mean...” She didn’t need to continue the sentence to make herself any clearer.

Ye Shuang nodded.

Ye Shu refused. “Big Sister! I know you mean well! But I have no intention of remarrying now.”

Ye Shuang smiled. “Little Shu, you’ve misunderstood. I have no intention of letting you remarry.”

This fourth sister of hers was thinking too highly of herself.

She thought that Li Hongwei would marry her.

How funny!

Did she really think that any Tom, Dick, or Harry could marry into a wealthy family?

“Big Sister, what do you mean by that?” Ye Shu asked in confusion.

Ye Shuang continued, “The thing is, Mr. Li’s hometown is in City A, and his wife and children are also there. Originally, Mr. Li also had a small family in the Yunjing Province, but half a month ago, that woman had a car accident and had her leg amputated, so Mr. Li broke up with her. So, Mr. Li plans to set up a small family in Yunjing again...”

It was not uncommon for rich people to have a mistress in different cities.

Therefore, Ye Shuang did not find it strange.

Moreover, her fourth sister had given birth before getting married. She was not a decent person. It seemed that she would make the perfect couple for Li Hongwei.

Hearing this, Ye Shu’s expression changed. She looked at Ye Shuang and said in disbelief, “Big Sister, you...you’re asking me to do something that could destroy other people’s families?”

“What do you mean destroy families? Your words are too serious!” Ye Shuang smiled and patted Ye Shu’s hand, “Little Shu, this is for your own good. If you follow Mr. Li, you won’t have to worry about food and clothing in the future. Just lie at home and count your money. Don’t worry, Mr. Li is a good person. He won’t mistreat you.”

Ye Shu took a step back. “No! That’s impossible! I would never do something like that!”

“Why not? Why not!” Before Ye Shuang could continue, Yao Cuifen stood up excitedly and pointed at Ye Shu, saying, “Thank your lucky stars that Mr. Li has taken a fancy to you! Who do you think you are! With your sordid reputation, you’re lucky to have someone take a fancy to you! And you’re still being picky! You’ve done more shameless things than this! What are you pretending for? Do you really think that you’re still some innocent young lady?”

Ye Shu looked up at Yao Cuifen, her eyes slightly red.

Ye Shuang patted Ye Shu's shoulder. "Little Shu, Mom's words are harsh, but it's the truth. With your current situation, you're indeed fortunate that Mr. Li likes you. Mr. Li is so rich. After you follow him, you'll become a rich lady. I'm doing this for your own good..."

"That's ridiculous!" Ye Shu directly interrupted Ye Shuang's unfinished words. "Big Sister, don't say anymore! I won't agree to it!"

Be someone else's mistress?

She couldn't believe Ye Shuang would even consider such a thing and say it out aloud.

Ye Shuang frowned. She didn't expect Ye Shu to be so ungrateful. To think that Li Hongwei didn't despise her for being a broken woman, yet here she was, unwilling to follow Li Hongwei! Did she really think she was still a virgin?

Ye Shuang shot Ye Shu a look, "Little Shu! I told you about this good piece of information and even spoke well of you in front of Mr. Li because we are sisters. Otherwise, do you think such good fortune will fall on your head? Do you think everyone can enjoy this kind of fortune?"

She was pressuring Ye Shu to agree to it! She couldn't understand why her little sister would pretend to be all innocent.

"In that case, you can give this opportunity to someone else! I can't afford this kind of fortune!" Although Ye Shu was soft-hearted, she was not the kind of person who could be controlled by others.

Otherwise, she would not have chosen to move out from home alone with her child.

Ye Shu continued, "Big Sister, you are not only a woman, you are also someone else's wife. If someone were to introduce a mistress to Big Brother-in-law outside, what would you do?"

Ye Shuang choked, and her expression became very ugly. This was completely different from what she had thought. She had introduced such a good man to Ye Shu, and she expected Ye Shu to be very grateful to her!

But Ye Shu was not in the least grateful to her!

How dare she even suggest that Lin Haifu would have a mistress!

How could Lin Haifu be that kind of person?

It was extremely ridiculous!

“Alright, you guys are sisters! There’s no need to make things sound so unpleasant and ruin the harmony.” Seizing a right timing, Ye Shuai stood up and said, “Little Shu, Big Sister is indeed doing this for your own good. Since Mr. Li’s conditions are acceptable, I think you should consider Mr. Li! You’re a single woman with a child. Have you ever thought about how you’re going to live in the future?”

Ye Shuai was a scholar. He had always been upright about matters. Ye Shu did not expect Ye Shuai would utter such things!

Actually, Ye Shuai did not want to get involved in this matter. However, Ye Shuang had promised his family a house as a thank-you gift if they managed to get Ye Shu to agree to become Li Hongwei’s mistress.

People would die for money and birds would die for food. Who did not like money?

Moreover, he was promised a house! One had to know that the price of a house in an ordinary district in Yunjing had already risen to 30,000 yuan per square meter.

Ye Shu raised her head to look at Ye Shuai, as if it was her first time meeting her second brother. “The poor have their way of living, and the rich have their way of living. Second Brother, I won’t trouble you to worry about our family’s matters!”

“Little Shu, will you really not regret it?” Ye Shuai asked.

“No.”

Ye Shuai continued, “I heard that the high school fees Ye Zhuo is currently studying at isn’t cheap. School is about to start soon. Do you have enough money to pay the tuition fees? There are also living expenses, school fees, rent, utilities... Don’t look at me, we won’t lend you any more money this year!”

According to tradition, every year when school started, Ye Shu would ask them for money.

Ye Shuai made himself very clear. This year, he would not offer her any financial assistance. If Ye Shu didn’t agree, Ye Zhuo would definitely be expelled from school and face a future of misery.

Ye Shu took a deep breath. “Second brother, don’t worry. In the future, even if we die of poverty or hunger, we won’t borrow any more money from you!”

After saying this, Ye Shu opened the door and walked out of the study.

“This b\*stard is really going against the heavens! Her mother is still here! How dare she throw a tantrum!” Yao Cuifen was so angry that she threw the teapot on the table to the ground.

Ye Shuai smiled and touched Yao Cuifen’s shoulder. “Don’t worry, mother. This matter is already set in stone. No one will lend her money this year. She will come back and beg us.”

## Chapter 48: Severing Ties

On top of being a single woman, Ye Shu to take care of her good-for-nothing daughter and gambling addict brother. She had no one else to rely on. Under such circumstances, she would definitely come back and beg them.

Therefore, Ye Shuai was not worried at all. He said, “Mom, just wait and see. I’ll count to seven. She’ll definitely come back for us.”

As he spoke, Ye Shuai started counting down.

However, after the counting to seven, Ye Shu still did not turn back. It seemed that she had no such intention.

Ye Shuang frowned. She could not let Ye Shu single-handedly disrupt Lin Haifu’s plan. She had to think of a way to resolve this! She quickly picked up her phone and sent a message.

Just as Ye Shu opened the door of the study, she bumped into Li Hongwei.

Li Hongwei was big and burly. Ye Shu subconsciously took a few steps back.

“Little Shu.” Li Hongwei stared at Ye Shu with lecherous eyes. His gaze was fixated on Ye Shu as if she were naked.

Ye Shuang smiled and walked over. “Little Shu, we’ll leave you and Mr. Li alone here. Take your time and have a little chat.”

With that, Ye Shuang led everyone out of the study.

“Big Sister!” Ye Shu knew that something was wrong, so she grabbed Ye Shuang’s hand.

Ye Shuang swiftly passed Ye Shu’s hand over to Li Hongwei. “Mr. Li, please take good care of my fourth sister.”

In Ye Shuang’s eyes, Ye Shu was just pretending to be serious. Since Ye Shu was too embarrassed to admit it, she would help Ye Shu. She would let ‘it’ happen to Ye Shu and Li Hongwei.

“Don’t worry! Don’t worry!” Li Hongwei grabbed Ye Shu’s hand. “Little Shu, don’t worry. I’m a kind-hearted person. Let’s go in and get to know each other better.”

Li Hongwei was really satisfied with Ye Shu. She was beautiful and had a good figure. She was more beautiful than any of his previous mistresses.

Since the Lin family and the Ye family had agreed to this matter, he didn’t have to endure any longer. He couldn’t wait any longer.

Ye Shuang didn’t give Ye Shu the chance to refuse at all. She directly closed the door behind her.

“Little Shu...” Li Hongwei once again stretched out his perverted hand toward Ye Shu.

“Let go of me!” Ye Shu batted Li Hongwei’s hand away and hid at a corner.

Li Hongwei’s eyes flashed with a wretched light. He rubbed his hands and said, “Such a wild temper? But I like it!”

...

Outside.

Seeing everyone but her mother walking out of the study room, Ye Zhuo sensed something strange was going on. “Where’s my mother?”

‘She’s such a wild child, rude and impudent!’

Ye Shuang frowned. “Who are you talking to? Didn’t your mother teach you how to properly address your elders? You have no manners at all!”

A joyous laugh could be heard from the side. "Mother, look at what you're saying. If she had manners, my fourth aunt wouldn't have given birth to her out of wedlock." These words were insinuating that Ye Shu was a bad person.

The person who spoke was Lin Xue.

In Lin Xue's eyes, Ye Shu and Ye Zhuo were two poor and pitiful people, so she wasn't afraid of offending Ye Zhuo.

"Lin Xue!" Ye Sen said with a face full of anger, "Watch your attitude!"

Lin Xuan walked down the stairs and stood in front of Ye Sen. She then said in a manner that was neither haughty nor humble, "I respect you, that's why I address you as my uncle. This is Lin family residence. If you don't like our words and deeds, the main door is over there."

Lin Xuan had long disliked this group of poor relatives.

Hearing this, Ye Sen was so angry that his entire body trembled with rage. It was also at this moment that he realized how important money was. Without money, even a junior could trample his dignity on the ground.

Ye Zhuo did not have the time to argue with them. She went straight to the door of the study and knocked on the door. "Mom! Mom, are you inside?"

There was no response from inside.

Like Ye Zhuo, Ye Sen also realized that something was amiss. He quickly followed behind Ye Zhuo and knocked on the door. "Sister! Sister!"

Ye Shuang walked over with a smile and grabbed Ye Zhuo's arm. "Your mom is talking to Mr. Li inside! Why are you meddling in her affairs? Hurry up and leave!"

“Get lost!” Ye Zhuo shrugged Ye Shuang away.

Ye Shuang did not expect Ye Zhuo to have such great strength that she was instantly thrown off balance and fell to the ground.

Seeing Ye Shuang being thrown to the ground, all hell broke loose.

Ye Zhuo kept yelling for her mother while the others fussed over their Big Sister who was on the floor. They even threw curses at Ye Zhuo for disrespecting her eldest aunt.

Ye Dafu rushed forward to help Ye Shuang up from the ground. “Dad, I’m fine. Let her make a scene! I want to see what tricks she can pull!”

The door of the study was bulletproof. Not only was the sound insulation very good, it was also very sturdily built.

Not to mention one Ye Zhuo, even if ten Ye Zhuos came, as long as the people inside did not open the door, the door would not open at all.

At this moment...

Bang!

The extremely loud sound stunned everyone. One could even feel the entire ground shaking along with it.

No one had expected that Ye Zhuo would actually kick the door open, just like that.

“Zhuo Zhuo!”

Seeing the door open, Ye Shu, who was inside, immediately ran over.

“Mom.” Ye Zhuo shielded Ye Shu behind her.

Ye Shu’s hair was in a mess, her clothes were torn, and there was a scratch on her neck. She looked very pathetic.

Li Hongwei chased after her from behind.

Anyone with a discerning eye could tell what was going on at a glance.

“B\*stard! B\*stard! How dare you bully my sister!” Ye Sen rushed in with red eyes, wanting to beat up Li Hongwei.

However, Ye Sen, who was as thin as a bolt of lightning, was no match for Li Hongwei. Not only did he not manage to hit Li Hongwei, but he was lifted up by Li Hongwei with one hand.

Li Hongwei lifted Ye Sen with one hand and looked at Ye Shuang angrily. “Mrs. Lin! How do you explain this!”

He was about to finally get some! Right at this critical moment, he was forcefully interrupted by someone. Could one expect him to be happy about it?

Ye Zhuo stood there with her hands clenched into fists. She took off her UV protection jacket and draped it over Ye Shu. “Mom, give me a moment.”

At this moment, Ye Shu was stunned. She had never seen Ye Zhuo act like this. Cold air was emanating from her body.

Before anyone could react, another loud sound was heard, followed by a painful howl.

“Stop hitting me! Stop hitting!”

By the time everyone came to their senses and had a good look, Lin Hongwei was already beaten up onto the ground by Ye Zhuo.

His fat head had now swelled up as big as a pig's head.

Ye Zhuo just stood there, crushing Li Hongwei's fingers under her feet. "Who gave you the guts to do this? How dare you bully my mother?"

There was a saying that all ten fingers were connected to the heart, and currently, Lin Hongwei's facial features twisted from the excruciating pain. He wailed, "I don't dare! I really don't dare..."

"And you guys!" Ye Zhuo turned her gaze to her relatives. Her eyes were ruthless like never seen before. "Who gave you the right to bully my mother?"

Everyone was very quiet.

No one made a single sound.

No one expected that a trash like her would have such skills. Not only did she knock down the door, but she also gave Li Hongwei a beating.

All of this happened too quickly.

Ye Shu's eyes were red. She tugged at the corner of Ye Zhuo's shirt. "Zhuo Zhuo, let's go back quickly!"

She could not bear to stay here for another second!

Only then did Ye Zhuo release Li Hongwei.

Ye Sen quickly followed the behind his sister and niece.

It was also at this moment that everyone finally reacted and rushed forward to help Li Hongwei up from the ground.

Ye Shuang was so angry that she was about to explode. She ran over to block the three from exiting the house, all the while shouted angrily, “Ye Shu, stop right there! Hurry up and make that uncultured daughter of yours apologize to Mr. Li!”

‘That b\*tch Ye Zhuo is really too bold! How dare she hit Li Hongwei.’

“Apologize?” Ye Shu looked at her eldest sister as if she were looking at a stranger. “Ye Shuang! Are you still human? I’m your biological sister!”

“Shut up! I don’t have such an embarrassing sister like you! If you don’t think of a way to make Mr. Li forgive you today, we’ll sever our ties from now on! I’m will not acknowledge you as my sister anymore,  
”

Sever ties?

Would Ye Shu dare to sever ties with her family?

## Chapter 49: I Know What I’m Doing

Ye Shu had no one to rely on in the Yunjing Province.

If she really severed all ties with her family, Ye Shu would definitely not be able to continue living in Yunjing in the future.

It was clear as the day, Ye Shu had no choice but to let go of her dignity and admit her mistake!

Ye Dafu, Yao Cuifen, and Ye Shuai walked over. "Right! We'll sever ties with you! Ye Shu, if you don't apologize to Mr. Li today, we'll immediately sever our ties with you!"

Ye Shu raised her head to look at them.

Her heart was filled with sorrow.

Standing in front of her were her parents, brother, and sister...

She had never thought that one day, she would stand on the opposite side of them in such a situation.

They were her blood relatives, but today, they casually threw around the words 'sever ties'. It seemed that in their hearts, they no longer regarded her as family.

Thinking this, the tears that Ye Shu was holding back burst out.

"You guys want to sever ties, right? "Ye Zhuo looked them straight in the eye. "We can't ask for anything better! In the future, my mother and I have nothing to do with you people!"

Ye Shu took a deep breath and took a step forward. "Zhuo Zhuo is right! Since you want to sever ties, so be it! Anyway, I'm no longer your daughter, and I'm no longer your sister! In your hearts, I'm just an item that you can give away to others as you please!"

As the saying goes, he who hesitates is lost.

Today, her family gave her away to Li Hongwei. Who knows what else they had planned for her!

After all, if there was a first time, there would be a second time. Since she knew that there would be a second time, she might as well take this opportunity to sever ties with them.

Ye Zhuo looked at Ye Shu in surprise.

Truth be told, Ye Shu's reaction surprised her.

In her heart, Ye Shu had always been a very soft-hearted person. She did not expect Ye Shu to be so decisive when it came to dealing with big and important issues!

As they gazed at each other's faces, Ye Shu smiled at her daughter, signaling to her that she was just fine.

Hearing this, Ye Shuang was almost angered to death. She never knew that her fourth sister would be so ungrateful! It seemed to her that Ye Shu would never know that she had made a mistake until she suffered a loss!

"Alright!" Ye Shuang said with a sullen face, "Since you've put it like that, I, Ye Shuang, will never acknowledge you as my sister in the future! From now on, we are two separate individual who are unrelated! We won't interfere in each other's business! I hope you won't regret it!"

"Don't worry!" Ye Shu raised her head firmly. "I will never regret it!"

After saying that, Ye Shu looked at Ye Zhuo and Ye Sen. "Let's go."

"Okay."

"Ye Sen, stop right there!" Yao Cuifen saw that Ye Sen was about to follow them and quickly said, "If you dare to leave with this b\*stard today, I won't have acknowledge you as my son in future!"

Ye Sen turned around to look at Yao Cuifen, and the corners of his mouth curled up into a sneer, "Haven't you always only had one precious son, Ye Shuai? Do you still remember what you said to me the day I moved out of the old house?"

"In your eyes, what's the difference between me and the stray cats and dogs by the roadside?"

"As long as I can remember, I was brought up by my sister. Do you know that my sister even dropped out of school to work and earn money just so she could pay for my studies!"

From a young age, Ye Sen wore Ye Shuai's hand-me-downs, and he ate Ye Shuai's leftovers.

When he was very young, he thought that it was because he was not outstanding enough that his parents did not like him. He studied hard and excitedly showed his parents two test papers that he had scored a hundred marks in each.

What did he get in return?

They claimed that he had copied the answers to the test and gave him a good beating.

That day, he was beaten half to death by his father with a belt. He was extremely depressed and even thought of dying. If Ye Shu had not saved him with her life, he would have died long ago!

From then on, he knew that in the eyes of someone who didn't have you in his or her heart, no matter how outstanding you performed, they would not even bat an eyelid at you.

Thinking of those past events, Ye Sen couldn't help but cry.

"In the future, I don't have any parents or brothers. I only have one elder sister! Her name is Ye Shu! I want to have nothing to do with you people!" Ye Sen held Ye Shu's arm as he said, "Big Sister, let's go!"

Looking at the backs of the three people leaving, Lin Xue's lips curled up in delight.

She really hoped that these three shameless relatives would never come back, “The three of you, remember what you said today. If you go back on your words and come to beg us in the future, you will be worse than pigs and dogs!”

Ye Zhuo looked back slightly, her deep eyes were dark, “Prosperity and decline never last. Life has its ups and downs. It is too early to determine who will be the one begging in future! Remember what you said and did today, you guys are worse than pigs and dogs!”

Lin Xue snorted coldly.

This piece of trash really had a big mouth! Did she really think there would come a time that they would go to her and beg for anything? She was nothing but a lowly b\*tch who lived in a basement!

Ye Shu made it clear that she wanted to cut ties with them, but Ye Shu and the other Ye family members were not anxious at all because they knew that Ye Shu would definitely regret her actions.

In less than a month, Ye Shu would come back to beg them.

Yao Cuifen looked at Ye Shuang and said, “Xiao Shuang, if that b\*stard comes back to beg you later, don’t forgive her so easily! We can only consider forgiving her after Mr. Li forgives her!”

Ye Shuang nodded. “Mom, I know.”

...

Ye Zhuo booked a ride on her phone.

They had just walked out of the villa area when their ride arrived. Ye Sen sat in the front passenger seat, while Ye Shu and Ye Zhuo sat in the back seat.

Ye Zhuo was looking down at her phone, revealing a part of her fair neck. She was nonchalant with a hint of laziness. As the sunlight shone in through the car window, coating her body with a layer of light, she looked docile and harmless. Where did that aggressive look from just now come from?

If she had not seen it with her own eyes, Ye Shu would never believe that the person just now was her daughter. However, no matter how many faces Ye Zhuo had, she was still her daughter.

Ye Shu cast aside those thoughts as she leaned against the car seat and closed her eyes to take a nap.

Severing ties with the Ye family didn't have any effect on Ye Shu and Ye Sen.

Life had to go on.

...

All the documents were in place and the restaurant was finally renovated. The restaurant was set to open tomorrow.

The name of the restaurant was very simple.

It was called Ye Family's Private Kitchen.

With the sound of firecrackers, the restaurant officially opened.

Because no one was notified about the restaurant's opening, there were no other guests in the restaurant. However, Ye Zhuo had preordered some flower baskets online, so it was still a very ceremonious opening.

Perhaps the location of the restaurant was too remote, hence even after it opened, not a single customer came to eat.

Ye Sen went out to deliver some stuff, leaving only Ye Shu and Ye Zhuo in the restaurant.

Seeing that there were no customers, Ye Shu became a little anxious. She turned to look at Ye Zhuo, but her daughter had lowered her head to play on her phone. Not a hint of anxiety could be seen on her daughter's face.

Ye Shu had been wanting to say something, but she swallowed the words that were on the tip of her tongue.

Suddenly, footsteps came from outside the door.

'Could it be that a customer?'

Ye Shu's eyes lit up. She looked up at the door, but when she saw who had come in, the light in her eyes dimmed again. However, she still stood up with a smile. "Big Sister He, you're here."

Mrs. He's full name was He Fengxian. She was the owner of the snack shop on the same street.

When the restaurant was being renovated earlier, He Fengxian had dropped by to advise Ye Zhuo to transfer the lease of the shop to another party. However, Ye Zhuo refused to believe her words and insisted on opening the shop.

This was perfect. Karma had come so quickly.

These two ungrateful women were going to sit in the shop and suffer great loss!

Thinking of this, a gloating look appeared in He Fengxian's eyes. "Little Sister, what do you think? Am I right? This shop's location isn't good, right? The two of you didn't believe me. Now, you're going to suffer a great loss!"

An awkward expression appeared on Ye Shu's face.

If she had known this would happen, she would have listened to He Fengxian's opinion.

Seeing that Ye Shu didn't reply, He Dengxian added fuel to the fire and continued to prod on. "Little Sister, you've lost quite a bit of money, right?"

Ye Zhuo raised her eyes ever so slightly and smiled as she replied, "Auntie He, it's not time to eat yet. How can you be so sure that we'll suffer a loss?"

Chapter 50: Amazing!

Hearing Ye Zhuo confidently say that she would not lose money, He Fengxian laughed out loud.

"Little girl, let me tell you the truth, don't be angry! Your shop is no longer faces the problem of losing money. You now face the problem of whether it closes down or not! Listen to my advice. You have just opened your shop, hurry up and sell it before you lose too much money!"

It had been half a day since the shop opened, but there were still no customers. One really wondered where Ye Zhuo got all her confidence from.

She was a pretty little thing. Unfortunately, she was not very bright. She was not made for business.

A regretful look flashed across He Fengxian's eyes as she said, "I still have a lot of stuff to handle at my shop, so I won't talk to you anymore. I'll go back first."

"Big Sister He, remember to drop by when you're free." Ye Shu smiled and sent her out of the door.

A moment later, Ye Shu walked in with a face full of sorrow. "Zhuo Zhuo, why don't... why don't we sell this shop..." Originally, Ye Shu was also full of confidence. She felt that as long as she persisted, she would definitely be able to do well in the business.

However, seeing that there wasn't a single customer on the first day of the restaurant's opening, Ye Shu slowly lost all her confidence.

Ye Zhuo smiled and held Ye Shu's hand. "Mom, don't be discouraged. It's not meal time yet! Go prepare 150 servings of spicy rabbit head first, and then 150 servings of appetizers. I guarantee that when it's time to eat, there will definitely be customers coming to eat."

Ye Shu frowned. "Zhuo Zhuo, these things can't be stored. If no one comes to eat them, wouldn't it be a waste?"

There wasn't a single customer in the shop, yet Ye Zhuo asked her to prepare more than a hundred portions of everything. Was she joking?

"Mom, don't worry. It won't go to waste," Ye Zhuo said with a smile.

Since Ye Zhuo was so sure of it, Ye Shu helplessly obliged, "Alright then..."

It would be a waste if it went to waste.

However, it seemed that Ye Zhuo was also the kind of girl who wouldn't back down until she hit a wall.

When Ye Shu finished preparing everything and walked out of the kitchen, she saw a short-haired girl with a cell phone come into the shop. "Excuse me, is this the Ye family's Private Kitchen at 612 Bacheng Road?"

Ye Shu was stunned and quickly stood up. "Yes, yes!"

The short-haired girl smiled and said, "It's quite difficult to find you here! I redeemed this coupon from the online Takeaway website. It says that you are giving away a free appetizer. Is that true?"

Ye Shu was stunned.

What coupon? Were they giving out free appetizers?

At this moment, Ye Zhuo walked over with a smile and said, "Yes, of course! Let me see your coupon."

When she saw Ye Zhuo, the short-haired girl was stunned.

'Oh my goodness!

'This young lady is too beautiful!

'What kind of god-like beauty is this!'

The short-haired girl was stunned for a moment before handing her phone to Ye Zhuo.

Ye Zhuo looked at the phone and led the short-haired girl to a seat by the window. "Come and sit here. You've redeemed the coupon on your phone. This is the free appetizer. It's called Ice Forest. Try the appetizer first, and when you're done, you can place your order."

"Thank you!" The short-haired girl continued, "Then, if I don't like your appetizer, can I refuse to place an order?"

"Yes, of course." Ye Zhuo nodded slightly. "If you're ready to order, you can call me anytime."

The short-haired girl was extremely impressed with this young lady's attitude and service!

She was just joking when she said that she might refuse to order any food. She didn't expect the young lady to actually agree.

After Ye Zhuo left, the short-haired girl took a bite of the appetizer.

When she redeemed the coupon online, she did not expect a free appetizer to taste above average.

The short-haired girl's eyes lit up and she quickly took a second bite. She did not expect to taste such an amazing appetizer!

Delicious!

It was really too delicious!

It was better than any appetizer she had eaten before.

"Miss! I'm ready to order!" The short-haired girl waved at Ye Zhuo.

Ye Zhuo walked over with the iPad. "What would you like to eat?"

While eating the appetizer, the short-haired girl said, "There's a special promotion today for spicy rabbit heads, right? I want two rabbit heads and a hotpot for the set meal. By the way, I don't eat duck blood. Can you change the duck blood in the set meal to tofu?"

"Sure." Ye Zhuo nodded. "Please wait for a while."

At this moment, another young couple walked in. "Is this the Ye Family's Private Kitchen?"

"Yes." Ye Zhuo quickly walked over and invited the customers to sit down. Then, she served the complimentary appetizer.

Ye Shu was completely stunned. After the couple ordered the dishes, she pulled Ye Zhuo to the side and asked, "What's going on, Zhuo Zhuo?"

Ye Zhuo explained with a smile.

It turned out that Ye Zhuo had signed up on an online gourmet food platform three days ago, and she had also set up a website to advertise their special promotion.

Afraid that the traffic of the website would not be enough, Ye Zhuo had even specially written a script for this to increase the publicity.

As a result, it attracted a lot of customers.

It was the era of technology and information. All the old methods of doing business would not get them enough customers. She had to keep up with the times.

This was the reason Ye Zhuo was feeling so confident.

Ye Shu nodded. "I see." If she were the one in charge of the business, she would only end up losing money! Her daughter was indeed capable!

As they were talking, a new customer walked in. Ye Zhuo said, "Mom, hurry up and prepare the dishes. That table over there also ordered spicy rabbit head. I'll go and attend to the new customers!"

"Okay." Ye Shu nodded and immediately went to the kitchen.

In less than half an hour, the originally empty restaurant was already half-filled.

The air was filled with the fragrance of the food, it made people swallow their saliva.

The first customer, which was the short-haired girl, specially ordered ten spicy rabbit heads for takeaway when she paid the bill. "Miss, your dishes are really delicious, especially this spicy rabbit head! Next time, I'll bring my parents over to eat it."

“Thank you.” Ye Zhuo smiled slightly. “Next time, I’ll give you a discount. This is our exclusive membership card!”

“Oh my God! Thank you, Miss!” The short-haired girl excitedly took the membership card.

When she left the restaurant, the short-haired girl even took a photo of the restaurant and posted it on her moments. ‘This new Ye Family’s Private Kitchen in Yunjing is simply too delicious! It’s one in a million! Relatives who live near Bacheng Road, don’t miss it!’

The closer it was to meal time, the more people came in to the shop.

Seeing that the business in the restaurant was so good, Ye Shu was suddenly full of energy and didn’t feel tired at all.

It wasn’t until two o’clock in the afternoon, when the meal time had passed, that the number of customers gradually decreased.

After working for half a day, the mother and daughter hadn’t eaten a single grain of rice. Taking advantage of their free time, Ye Shu cooked two bowls of noodles.

After cooking the noodles, Ye Shu took out a bowl and brought it over to Ye Zhuo.

Ye Zhuo was sitting at the cash register, looking down at her phone.

She was completely focused.

The screen displayed all English, so Ye Shu couldn’t understand a single word. She handed the bowl in her hand to Ye Zhuo and said, “Zhuo Zhuo, it’s time to eat.”

“Oh, okay.” Ye Zhuo reached out her hands to take the bowl of noodles. While eating the noodles, she continued doing missions.

Ye Zhuo did not have the habit of looking at international forums. Little did she know that the international forums were all talking about her.

Niohuru.Qiangguo and Yudi said, 'F\*ck! Daddy YZ has already completed twenty quests in two days!'

Happy 1985 commented, 'Daddy is awesome! Daddy is awesome!'

Niohuru.Tower's Eighth Brother commented, 'F\*ck! Twenty quests in two days. That's an average of ten quests a day. Is he even human?'

An average mission that was posted on international websites, even if it was considered simple, would take at least three days to complete. Niohuru.YZ had completed 20 missions in two days. One could imagine how terrifying Niohuru.YZ's strength was!

Hua Qi XL commented, 'Allow me to make a conspiracy theory. Actually, Niohuru.YZ is not a single person, but a team of a thousand people. After all, ordinary people do not have such strength!'
