“Chapter 811: 178: Shunxi Financial Group, mystery of the disappearance of half a month 2”

“Soon, Ye Zhuo and Cen Shaoqing returned to half a month.”

Aunt Lang came over with two bowls of ginger soup. “It’s raining heavily outside. I’ve made some ginger soup. You two should drink some ginger soup to drive out the cold.”

Although the two of them took advantage of the umbrella.

They were holding an umbrella. One of them would definitely get caught in the rain.

“Thank you, Aunt Lang.”

Ye Zhuo took the ginger soup with both hands.

Cen Shaoqing also took the ginger soup with both hands.

“Aunt Lang smiled and said, “After drinking the ginger soup, you can eat the old duck vermicelli soup. By the way, searing, scallion, ginger, garlic, and coriander, is there anything you don’t Eat?””

“I eat them all.”Ye Zhuo turned to look at Cen Shaoqing. “Cen Shaoqing, what about you?””

“I can also eat them all.”Cen Shaoqing opened his thin lips slightly.

Aunt Lang was stunned.

Cen Shaoqing was not a vegetarian?

“Other than not eating meat, vegetarians were not allowed to eat onions, ginger, and garlic.”

“Aunt Lang said in surprise, “Shaoqing, you’re not a vegetarian anymore?””

“I’m not eating anymore.”

“Aunt Lang continued, “Then you and Zhonghuang, you two?””

“Cen Shaoqing nodded slightly. “Aunt Lang, I forgot to tell you that I’m with Zhonghuang.””

“Really?” Aunt Lang’s eyes were filled with disbelief.

“Although when she first met ye Zao, Aunt Lang could tell that Cen Shaoqing treated ye Zao differently.”

“But when she saw Cen Shaoqing admit that he was together with Ye Zao, Aunt Lang was still shocked beyond words.”

Aunt Lang had known Cen Shaoqing for many years.

She had once thought that Cen Shaoqing would become a real monk.

“It seemed that it was really a case of braised water and tofu, one thing begets another.”

“Of course it’s true.”

“Aunt Lang smiled and said, “Congratulations. In the future, when you two hold a wedding, you must treat Aunt Lang to a wedding banquet!””

““Yes, Aunt Lang.””

“After a while, Aunt Lang came over with the cooked old duck vermicelli soup and placed some vinegar and chili oil on the table, “Sear Sear, if you like spicy food, you can add some chili oil. This chili oil is made by myself. You Can’t buy it outside.””

““I don’t like anything without spicy food.”As he spoke, ye Zao scooped up a large spoonful of chilli and placed it in the bowl. Then, he added a spoonful of fragrant vinegar into the bowl.”

“After placing the vinegar and chilli, he mixed the chopsticks well. Chilli oil floated on the bright yellow old duck soup. A seductive fragrance wafted out, causing people to swallow their saliva.”

“Aunt Lang smiled and said, “When I was young, I also liked to eat chilli.””

Xiao Banyue also liked to eat chili.

A three-year-old child was not afraid of spicy food. A bowl of old duck vermicelli soup with half a tablespoon of chili oil.

“When she thought of this, a hint of a smile appeared in Aunt Lang’s eyes. It was fleeting, but it was quickly replaced by an inexplicable sadness.”

She had been waiting here for more than thirty years.

She had been waiting for more than thirty years.

She did not know if she could wait for the rest of her life until Xiao Banyue.

“Seeing that she was about to lose control of her emotions, Aunt Lang smiled and said, “Zhuo Zhuo, Shaoqing, you guys eat first. I’ll go to the kitchen to take a look. If you need anything, you can just call out.””

“Okay, Aunt Lang.”

“Aunt Lang walked into the courtyard. As soon as she turned around, Aunt Lang took out a handkerchief to wipe her eyes.”

“At this moment, the sound of footsteps came from the courtyard.”

Aunt Lang was immersed in her own emotions and didn't hear the sound of footsteps.

“Auntie.”

“Aunt Lang finally reacted. She looked up at the person and asked in surprise, “Weiyue, why are you here?””

“Xi weiyue said softly, “Auntie hasn't been back for a long time. My parents are very worried about you, so they asked me to come and see you. By the way, my mother also asked me to bring you some nutritional supplements. Drink it while it's hot.””

Xi Weiyue said as she helped Aunt Lang into the house.

Auntie Lang stopped in her tracks. “There are guests inside. Let's go to the west wing.”

Guests?

Xi Weiyue took a look inside the room.

“Through the layers of beaded curtains by the window, Xi Weiyue could vaguely see a tall figure. Her facial features could not be seen clearly, but the imposing aura on her still could not be concealed.”

She did not need to think to know that this must be a big shot!

Xi Weiyue narrowed her eyes.

“Aunty, who’s inside?” Xi Weiyue asked.”

“Aunt Lang said, “Two guests eating.””

“OH.” Xi Weiyue nodded.

Guests eating?

“Of course, she knew it was the guests eating.”

“What she wanted to know was, who were the guests eating.”

“Unfortunately, ye Langhua did not seem to understand what she was saying.”

There were so many big shots in the capital.

“For a moment, Xi Weiyue really could not guess who the person eating in the inner room was.”

Could it be someone from the Shunxi Financial Group?

“They had always suspected that ye Langhua was related to the Shunxi Financial Group, but they just could not find any evidence.”

“Chapter 812: 178: Shunxi Financial Group, the mystery of half a month’s disappearance 3”

“Now That Ye Langhua was stammering, Xi Weiyue was even more curious.”

“The XI family’s position in the capital was getting worse by the day. In the afternoon like this, the consequences would be unimaginable.”

Xi Weiyue looked into the room again before she averted her gaze.

Aunt Lang brought Xi Weiyue to the west wing room.

“The west wing usually did not receive guests. Just like the front hall, the west wing was decorated with antique decorations. In the small living room, there were a total of ten pots of pure white Lily of the valley orchids.”

“The faint fragrance of flowers lingered on the tip of one’s nose, making one feel relaxed and happy.”

“Xi weiyue smiled and said, “Aunt, the Lily of the valley orchids here are in full bloom. They’re not like the ones I planted. They’re like malnourished ones.” ”

The Lily of the valley was Xiao Banyue’s favorite phrase.

“In order to please Aunt Lang, Xi Weiyue also planted a lot of Lily of the valley.”

Unfortunately.

There was not a single pot that bloomed.

“No matter how she nurtured it, it would always look malnourished.”

“Aunt Lang smiled and said, “The Lily of the valley is too delicate. It needs time and effort. To raise this kind of flower, you have to be patient. Haste makes waste.” ”

Haste makes waste?

What did ye Langhua mean by that?

Xi Weiyue narrowed her eyes.

It must be a joke.

“She had been filial to ye Langhua for so many years, and she cared more about her than her own mother. ”

But Ye Langhua acted as if he could not see it.

His conscience had been eaten by a dog.

“Xi Weiyue’s expression changed. She opened the thermos lid and took out a bowl of bird’s nest. “Aunt, try the bird’s nest. I made it myself.” ”

Aunt Lang waved her hand. “I can’t eat it. My appetite hasn’t been good these few days.”

Xi Weiyue’s eyes flashed with displeasure.

“She had come all the way here to give ye Langhua nutritious food. It was fine if ye Langhua wasn’t grateful, but he didn’t even take a bite. ”

“If it wasn’t for that secret and the Shunxi Financial Group, she wouldn’t have bothered with this damn old woman! ”

Xi Weiyue felt that Aunt Lang had no conscience.

No wonder she lost her daughter!

Retribution!

This was retribution!

“Even though she thought so, Xi Weiyue still smiled and said, “Aunt, I asked a friend to buy this bird’s nest overseas. The effect is very good. You can eat a little more or less.” ”

“Hearing Xi Weiyue say so, Aunt Lang picked up the bowl. “Then, I’ll eat a little.” ”

“MMM.”Xi Weiyue nodded.

“The fire of the bird’s nest was just right, so Aunt Lang took a bite. At that moment, the employee Xiao Wang walked in and said, “Aunt Lang, the date cake and sugar cake are ready. Should we send them in, or do you want to send them in?” ”

Aunt Lang put down the bowl. “I’ll do it.”

“Xi Weiyue narrowed her eyes and stood up. “Aunt, you haven’t finished your bird’s nest yet. Why Don’t I Go?”Xi Weiyue was really curious about who the guest in the private room was! ”

“”No need, I’ll go.” ”

Aunty Lang did not give Xi Weiyue the chance.

Xi Weiyue looked at Aunty Lang’s back and frowned.

Could it be that the person sitting in the private room was really someone from the Shunxi Financial Group?

Aunt Lang carried the date cake and sugar cake to the private room.

“Ye Zhuo looked at Aunt Lang and smiled. “Aunt Lang, the old duck fan soup you made is really too delicious! I’ve never eaten such delicious old duck fan soup before.” ”

Aunt Lang placed the date cake and sugar cake on the table. “This old duck was raised in the countryside. It eats fish and snails. It drinks water naturally. The meat is firm and has been raised for a long time. It’s definitely better than the feed duck in the farm.”

“I see.”

“Aunt Lang continued, “Zhuozhuo, try this date cake and sugar cake. After you finish these, there are two more servings of sweet soup.” Knowing that Ye Zhuo liked to eat desserts, Aunt Lang asked someone to make a lot of desserts. ”

“Ye Zao picked up a piece of sugar cake, and it melted when he took a sip. There was a refreshing fragrance similar to that of plums in his mouth. “It’s very delicious!” ”

Aunt Lang was full of smiles.

Ye Zao stuffed the remaining half of the sugar cake into Cen Shaoqing’s mouth. “Try it and see if it tastes good.”

Aunt Lang was stunned.

“If she remembered correctly, Cen Shaoqing didn’t eat sweet things. ”

Would Cen Shaoqing get angry at Ye Zhuo?

The next second.

Aunt Lang was stunned.

“Cen Shaoqing did not get angry. Instead, he smiled and said, “It’s delicious. Aunt Lang’s culinary skills have always been good.” ”

Aunt Lang was stunned.

She did not find it strange anymore.

“After all, Cen Shaoqing did not even eat vegetables for ye Zhuo. What was a mouthful of dessert? ”

Xi Weiyue came to the courtyard and tiptoed to observe the situation inside.

“However, because of the beaded curtains, she could only see a rough outline. From the outline, the other party should be a man. ”

Who Was It?

Xi Weiyue narrowed her eyes.

“At this moment, Xiao Wang came to water the lilies in the courtyard. ”

“Chapter 813: 178: Shunxi Financial Group, mystery of Xiao Banyue’s disappearance 4”

“Xi Weiyue walked over and asked gently, “Little Wang, have you been busy in the shop recently?””

“Little Wang replied, “Not very busy, it’s still the same.””

“Xi Weiyue nodded and asked casually, “Who’s the guest in the private room? I think Auntie seems to take it very seriously.””

“Little Wang glanced in the direction of the private room. “I’m not too sure either, but I know that the guest is a VIP customer. Every time he comes, Auntie Lang personally receives him.””

““Oh, I see.”Xi weiyue continued, “Are there two of them?””

Xiao Wang nodded. “I think so.”

“OH.”Xi Weiyue did not continue this topic.

“At this moment, Aunt Lang walked out of the private room.”

“Xi Weiyue followed Aunt Lang to the kitchen. “Aunt, is there anything I can help you with?””

Aunty Lang shook her head. “There’s nothing I need your help with.”

Xi Weiyue’s expression did not change as she continued to follow Aunty Lang into the kitchen.

The kitchen was very big.

There were two chefs busy inside.

“Although the daily visitor flow was not very big for half a month, the guest unit price was very high. The guest unit price determined the quality of the dishes. In order to ensure the taste of the dishes, the two chefs were very busy every day.”

Aunt Lang turned to look at Xi Weiyue. “The kitchen is very smoky. Why Don’t you go out First?”

“Xi weiyue smiled and said, “It’s okay, aunt, how can I be so delicate? I can’t even stay in the kitchen anymore?””

Aunt Lang did not say anything more and lifted the lid of the pot for the dessert.

This was rose taro round dew.

Xi Weiyue narrowed her eyes.

Could it be that the guests in the private room were a man and a woman?

“If it was two men, they would definitely not order dessert.”

Aunt Lang stirred the rose taro dew with her spoon.

The Taro Dew was very difficult to cook. It would take at least five minutes before it was out of the pot.

“Since ye Langhua did not let her in, she could think of a way to get in herself.”

“Xi Weiyue narrowed her eyes and smiled. “Aunt, the kitchen is really stuffy. I’m going out for a walk.””

“Go ahead.”Aunty Lang nodded.

Xi Weiyue turned around and walked out the door.

“Just as she walked out of Aunty Lang’s line of sight, she quickened her pace.”

“Xi Weiyue walked all the way to the courtyard. Just as she was about to go to the private room to take a look, the bead curtain in the private room was suddenly lifted by a slender hand.”

“Between her fingers was a string of bright red Buddha beads. The Red Buddha beads contrasted with her fair skin, making it appear well-defined.”

This was a hand that was so beautiful that it made one feel suffocated.

Xi Weiyue was stunned for a moment.

“The next second, the bead curtain was pulled open.”

The person who appeared in front of Xi Weiyue was an extraordinarily handsome man.

“He was about 1.9 meters tall and wore a retro-styled plain robe. There was no expression on his exquisitely carved face. His thin lips were tightly pursed, and his every move carried a cold air of abstinence.”

The Red Mole at the corner of her eye only added a bit of dignity.

It made people shudder.

Who Was This?

Xi Weiyue did not recognize him.

But she could feel that this man was definitely not simple.

Just this powerful aura alone was not something that ordinary people could have.

“Xi Weiyue smiled and mustered up her courage to walk forward. “Excuse me, sir, do you need help?””

“No.”

The word “Very cold” caused the air pressure to drop by several degrees.

He did not even look at Xi Weiyue as he walked past her.

“Xi Weiyue stood rooted to the ground, not daring to say another word. Her breathing was labored.”

The man walked to the flower pot under the eaves and reached out to pull a few peppermint leaves. He turned on the tap and washed them seriously.

“After confirming that the peppermint leaves were clean, the man turned around and walked into the house.”

It was not until the man’s back disappeared into the beaded curtain of the private room that Xi Weiyue finally reacted and took in deep breaths of air.

Who exactly was this man?

Xi Weiyue had been by Xi Muwen’s side all these years. She could be considered knowledgeable and knew many big shots in the capital city.

But this one.

This was her first time meeting him.

Was he related to the Shunxi Financial Group?

“For a moment, Xi Weiyue was very confused.”

In the private room.

Cen Shaoqing handed the mint leaves that had been washed to ye Zhuo.

““So Fast?”Ye Zhuo took the mint leaves and put them in the smoothie to stir. As he stirred, the refreshing scent of his own mint immediately emanated from the smoothie.”

Ye Zhuo liked peppermint very much.

“However, Aunt Lang’s desserts almost never contained peppermint, so she asked Cen Shaoqing to pick some from the yard.”

“CEN Shaoqing continued, “After dinner, shall we go to the movies?””

“MMM.”Ye Zhuo nodded slightly.

Xi Weiyue wanted to wait for them to come out after dinner and take a look at the other person’s appearance at the same time.

“Chapter 814: 178: Shunxi Financial Group, half a month’s mystery of disappearance 5”

“However, she suddenly received a call from Xi Muwen. ”

“On the phone, Xi Muwen said that he had something urgent to ask her to go back.”

Xi Weiyue could only go back first.

Back at the Xi family home.

“Xi Muwen and Yang Jiao were sitting on the sofa in the living room, waiting for Xi Weiyue to go back.”

““Father, why are you in such a hurry to call me back? What’s the urgent matter?” ”

“Xi Muwen stood up and said, “I heard from you last time that you wanted to join the Shunxi Financial Group. How is it going?” ”

“Xi Weiyue was a little speechless and said, “Father, do you think that the Shunxi Financial Group is some small company? Anyone can enter as they please! The old woman didn’t give me permission to enter the Shunxi Financial Group. Father, do you think that old woman really has a relationship with the Shunxi Financial Group?” ”

The Shunxi Financial Group was the second largest financial group in the financial world.

Joining the Shunxi Financial Group was even harder than ascending to the heavens.

Xi Muwen took a puff of his cigar and sank into his memories.

“When he married into the Ye family back then, the old man in the Ye family guarded against him like he was guarding against thieves. He didn’t allow him to come into contact with anything related to the ye group.”

“Later on, if it wasn’t for the fact that grandfather Ye was suddenly lost for half a month and was unable to recover from his illness, he would still be a dog raised by the Ye family until now!”

“Every time he thought of this, Xi Muwen couldn’t tolerate it. ”

This was a stain on his life!

“Fortunately, things developed more smoothly after that. ”

“Regarding the Shunxi Financial Group, he saw two mysterious people come to look for grandfather ye when grandfather Ye was still alive. At that time, Xi Muwen had already sensed that something was wrong, and there was a door between them, he heard the words “Shunxi Financial Group”. ”

“Therefore, he had always felt that the ye family was related to the Shunxi Financial Group, even though ye Langhua had never admitted it. ”

“Xi Muwen exhaled a puff of smoke and continued, “I dare to guarantee that ye Langhua is definitely related to the Shunxi Financial Group. I just don’t know how long she will keep her mouth shut.” ”

It had been more than thirty years.

Xi Muwen had been waiting for ye Langhua’s answer.

“However, ye Langhua had always denied it. ”

There was still that secret.

“He had searched the entire ye family, but he still could not find that treasure map. ”

“The Ye family’s ancestors were local wealthy merchants. After the war, the Ye family’s great grandfather had buried the gold, silver, and jewelry that had been passed down from generation to generation. ”

This was what ye Langhua had told him personally when he and ye Langhua were dating.

“Therefore, this matter could not be faked.”

“When ye Langhua was dating him, she trusted him very much and had told him almost everything. Xi Muwen now regretted not getting more useful information from ye Langhua back then.”

“However, it was useless to regret now.”

“When he thought of this, Xi Muwen narrowed his eyes.”

“Yang Jiao sighed. “If she doesn’t say anything, then wouldn’t our efforts be in vain?” ”

“Ever since ye Langhua had gone missing for half a month, her health had not been good.”

What if she died one day?

Xi Muwen frowned. “Don’t say such disheartening words.”

“”Is this disheartening? I’m telling the truth!”Yang Jiao continued, “Oh right, you haven’t been to Yun Jing for many years. How is that Little Bastard Now? Don’t come back one day!” ”

Xi Muwen’s eyes were filled with disgust when he heard that.

The little bastard that Yang Jiao mentioned was Xi Muwen and ye Langhua’s biological flesh and blood.

Half a month.

“Back then, the loss of half a month was not an accident.”

All of this was Xi Muwen's plan.

"Xi Muwen was a person with high self-esteem. Because he was labeled as a son-in-law, he had been looked down upon by countless people outside. He had even been called a sugar daddy."

No one could see his hard work!

"Therefore, Xi Muwen decided to do something about it."

"After little half a month was born, the Ye family's old patriarch and ye Langhua treated her as the apple of their eye. They held her in their mouths and held her in their hands for fear that she would fall."

"At this moment, Xi Muwen knew that his chance had come."

As long as something happened to little half a month.

The father and daughter of the Ye family would definitely not be able to withstand the blow.

The facts proved that.

He was right.

"After half a month went missing, the father and daughter of the Ye family died and went crazy."

"In less than half a year, Xi Muwen had turned the ye group into the Xi group, and from then on, they were labeled as 'living off women'."

"After sending half a month away, Xi Muwen specifically told that family that they could not send half a month to school. They only needed to give half a month food and not starve to death."

“Furthermore, the family had a daughter who was about the same age as Xiao Banyue, but she died of an acute illness.”

Xi Muwen gave them a sum of money and had them secretly bury the dead child. He had Xiao Banyue replace the dead child.

“Chapter 815: 178: Shunxi Financial Group, the mystery of half a month’s disappearance 6”

A child who did not know that she had been kidnapped since she was young would naturally not embark on the path of family search.

“Therefore, Xi Muwen had never thought that one day, ye Langhua would find half a month.”

He was even less worried that half a month would find ye Langhua.

““Don’t worry, she won’t be able to find her way back.” ”

Yang Jiao glanced at Xi Muwen. “Are you that sure? What if that Little Bastard is found? What will we do then?”

“Xi Weiyue was a little speechless. “Mother, don’t you think about what kind of place Yunjing is? There are unruly people out there. Little Half Moon isn’t even the biological child of that family, so why would they treat her well? “Maybe she’s already been raised to death. Even if she’s still alive now, she’s probably just a yellow-faced old woman who doesn’t know anything! “She’s already married and has children! “She’s uncultured and ignorant. Do you think she has the ability to bring her back?” ”

“Back then, half a month was only a few years old and she didn’t remember anything at all.”

“Furthermore, to prevent any accidents from happening, Xi Muwen had even left half a month outside to freeze for an entire night, causing her to have a high fever.”

“Even if this high fever didn’t take half a month’s life, her intelligence would definitely suffer as well. Perhaps half a month would have turned into a fool long ago.”

“Upon hearing this, Yang Jiao heaved a sigh of relief.”

“Xi Weiyue then looked at XI Muwen and continued, “Father, I saw a very strange person at Aunt’s place today.” ”

“How Strange?”Xi Muwen asked.

“Xi weiyue then continued, “I can guarantee that he’s definitely someone from a big family, but he looks very unfamiliar. He’s never been on the financial report or the news.” ”

“What does he look like?”

“Xi Weiyue’s mind went back to her memories. “He’s very tall. He’s wearing a long gown from the Republic of China era. He even has a string of Buddhist beads in his hand. His aura is very strong... Dad, do you think he’s from the Shunxi Financial Group?” ”

Xi Muwen narrowed his eyes. “Is the person you’re talking about vegetarian?”

“If he was vegetarian, he would definitely be from the CEN family.”

Xi Weiyue shook her head. “I don’t think he’s a vegetarian because the main dish aunt prepared for them was old duck and vermicelli soup.”

“”Then, it shouldn’t be him.” ”

“XI weiyue immediately asked, “Who do you suspect?” ”

“CEN fifth master,” Xi Muwen answered. ”

CEN fifth master?

“When she heard this, Xi Weiyue’s eyes lit up. Never in her wildest dreams would she have thought that the man she met in half a month was the famous CEN fifth master. ”

“Then, Xi Muwen continued, “However, Fifth Master Cen has been a vegetarian for many years. The person you met shouldn’t be him.” ”

“Disappointment flashed across Xi Weiyue’s eyes when she heard this. “But if it’s not fifth master Cen, then who is he?” ”

“Xi Muwen shook his head and continued, “In a few days, it will be little half of the month’s birthday. During this period of time, you should visit your aunt more often and pay attention to her situation at the same time.” ”

“Even though Little Half Moon had gone missing for many years, Aunt Lang still remembered her every birthday and would prepare gifts for her every year. ”

“In order to make Xi Weiyue more like Little Half Moon, when Xi Weiyue was only nine months old, Xi Muwen had arranged for the doctor to give Yang Jiao an early c-section. ”

“Therefore, Xi Weiyue’s birthday and Little Half Moon’s birthday were on the same day. ”

Xi Weiyue nodded. “I know.”

On the other side.

It was already an hour later after ye Zhuo and Cen Shaoqing finished their meal.

The two of them bid farewell to Aunt Lang and set off for the cinema.

The car was moving very fast.

“Ye Zhuo sat in the passenger seat and took a nap. Just then, the phone rang in the car.”

““Leader, please help me answer the call.” ”

Ye Zhuo picked up the phone on the central console. “Hello.”

“The sudden female voice stunned the other side for a few seconds. After verifying that he had not dialed the wrong number, a cautious voice came from the other end of the phone. “Hello, May I know if Master Five is there?” ”

“One moment.”Ye Zhuo leaned over and passed the phone to Cen Shaoqing’s ear. “He should be looking for you for something.”

“What is it? Speak.”Cen Shaoqing’s thin lips parted.

“A cautious voice came from the other end, afraid that he would accidentally offend this master.
“Master five, there’s a problem in the laboratory. Do you have time to come over and take a look now?”
”

Cen Shaoqing’s thin lips parted slightly. “Think of a way to solve it.”

Nothing was more important than watching a movie with his wife!

“After hanging up the phone, ye Zhuo looked at Cen Shaoqing. “Let’s go to the laboratory. We can watch the movie when we have time.” ”

“Don’t worry.” Cen Shaoqing’s tone was low. It was obvious that he did not take this matter to heart. “They will think of a way to solve it.”

“Go to the laboratory.”

“These four words were very light, but they scared Cen Shaoqing so much that he shivered. He immediately turned at the next intersection and said, “I’ll go now.” ”

“Cen Shaoqing held the steering wheel with one hand and the Buddha beads with the other. He tilted his head and looked at Ye Zhuo. Seeing that she still looked the same, Cen Shaoqing was a little nervous. ”

“She shouldn’t be angry, right? ”

In the laboratory.

“After Cen Jiang hung up the phone, Cen Hai immediately came over and asked, “When will master five arrive?” ”

Cen Jiang still couldn’t react at this moment. “The person who answered the phone just now was a girl...”

“”A girl? !”Cen Hai was stunned. “Really? Dajiang, did you hear wrongly?” ”

When had a girl appeared beside Cen Shaoqing?

She even answered CEN Shaoqing’s phone call.

This was too unbelievable.

“Cen Jiang gulped. “I’m sure I didn’t hear wrongly. That Girl’s voice was pretty nice, so she gave the phone to master five.” ”

“Cen Hai continued, “Then what did Master Five Say? When will he arrive?” ”

“”Master five asked us to think of a way to solve it ourselves.”Cen Jiang continued, “I have a feeling that master five will not come to the lab. He seems to have gone on a date with that girl.” ”

Date?

How could that be possible!

“Everyone in Beijing knew that Fifth Master Cen was an unmarried man. He was already in his thirties, and even his first love, first kiss, was still there. ”

How could he date a girl?

“At this moment, a young woman with long hair and a good temperament walked over. “Date? who went on a date?” ”

“”Fifth master,”Cen Jiang replied. ”

“The long-haired woman smiled and said, “You must have heard wrongly.” ”

“Cen Jiang said, “Sister Xue, it’s true! The person who received Master Five’s call just now was a girl!
“Furthermore, master five has always placed great importance on the laboratory. When he heard that there was a problem in the laboratory, how could he let us think of a way on our own? “He’s clearly in a hurry to go on a date with someone else! “Our experimental base will soon have a female owner!” ”

“Tang Xue looked at Cen Jiang. “I don’t think you’re awake yet, right?” ”

Ding Fu

“At this moment, the door of the experimental base was opened.”

“Who’s Here?”Tang Xue pressed the communicator on her chest.

“It’s master five.”

Tang Xue released the communicator and turned to look at Cen Jiang with a smile in her eyes. “Didn’t you say that master five went on a date?”

“Chapter 816: 179: Face Smacking, 5th Master: This is my girlfriend, Ye Zhuo! 1”

Date?

How could Cen Shaoqing go on a date?

Tang Xue had followed her father into the experimental base when she was 16 and was now an old man in the base.

“From the age of 16 to 28, it had been a total of 12 years.”

Tang Xue watched the base grow from 10 people to thousands of people today. She had personally witnessed how Cen Shaoqing had been crowned king and personally created his own power!

“After twelve years in the experimental base, Tang Xue Knew Cen Shaoqing very well.”

“Cen Shaoqing appeared to be gentle and gentle on the surface. He ate vegetarian and prayed to Buddha. He always held a string of Buddhist beads in his hand. In fact, this person’s personality was perverse. He was good at disguising himself. His methods were cold and harsh, causing even the big shots in the international department to change their expressions.”

“Therefore, when she learned that Cen Shaoqing was an unmarried man, Tang Xue was not surprised at all.”

That was because there was no woman in this world who could conquer Cen Shaoqing.

It was too cold at the top.

The Strong were born lonely!

Cen Jiang scratched his head. “But the person who just received Master Five’s call was clearly a girl! and master five also said that we should think of a way ourselves. Why did he suddenly come to the laboratory again?”

It seemed a little strange.

“Tang Xue lowered her head and tidied her clothes. “Master five has four older sisters. It’s not strange that the person who answered the call was a girl, right?””

Cen Jiang Thought for a moment. “That seems to be the case.”

Cen Hai patted Cen Jiang on the head. “I was so excited for nothing. I thought that our base would really have a female master.”

Cen Jiang looked dejected. “I didn’t expect it to be like this either.”

“”Alright, Alright. Both of you, stop fooling around.”Tang Xue continued, “Follow me to the front to receive master five.””

“Yes, Sister Xue.”

“Tang Xue had stayed in the base for twelve years. In addition to her good talent, she had made many contributions to the laboratory. Now, she was already a senior laboratory technician and associate professor in the laboratory.”

“At the same time, Tang Xue was also the most capable young woman in the laboratory. Her status in the laboratory was very high. In addition, she was very beautiful and had a good temperament. She was the goddess in the hearts of many people.”

The three of them walked to the reception hall of the laboratory.

“The laboratory was all high-tech. In order to prevent people from sabotaging it, many traps had been set up.”

“At this moment, there was already a person standing in the hall. She was wearing a lab coat and was looking straight ahead. It was obvious that she was waiting for someone.”

“Director Zhao.” Tang Xue walked over.

Director Zhao was also one of the elders of this base.

“Tang Xue’s father, Tang Rushan, retired last year. Otherwise, he would also be one of the elders.”

“After Tang Rushan retired, the position that belonged to him had always been empty. A few elders all wanted to groom Tang Xue to be Tang Rushan’s successor.”

“Little Xue is here.” Director Zhao smiled and turned his head.

“Cen Jiang said, ‘Is fifth master not here yet?’”

“Not yet.” Director Zhao shook his head.

At this moment.

Ding —

The door to the hall slowly opened.

A tall figure walked in from outside.

Tang Xue raised her eyes slightly and looked at the person who came in. “Master Five.”

It was also at this moment that Tang Xue realized that there was actually a young girl standing beside Cen Shaoqing.

Very Young.

She was about eighteen or nineteen years old.

Her facial features were outstanding and she had the appearance of a country-toppling beauty. Her porcelain-white skin was suffused with a cold color under the illumination of the laboratory’s lights.

“She was wearing a white shirt, and the hem of her shirt was casually tied around her slender waist. She looked a little unruly, with a slight hint of lightness and a hint of bandit aura.”

“Her legs were long and straight, and her face was so beautiful that people couldn’t take their eyes off her without putting on makeup. Her standard phoenix-shaped eyes were sparkling.”

Who Was this girl?

A new member of the experimental base?

Then which department would she join?

The quality control department?

The R & D Department?

Or her technical department?

Tang Xue's expression was the same as usual.

Director Zhao and Cen Jiang and Cen Hai were stunned.

No one had expected that a member of the opposite sex would suddenly appear beside Cen Shaoqing.

Strange.

It was even more strange than the sun rising from the west.

They were thinking the same as Tang Xue.

They all felt that this girl was definitely a new member of the base.

“Director Zhao was the first to react. He smiled and said, “Master Five, is this young lady a new member of our laboratory?””

“Cen Shaoqing looked at director Zhao and opened his thin lips. “Elder Zhao, this is my girlfriend, Ye Zhuo.””

Girlfriend?

When he said that.

Everyone was stunned.

Who would have thought that the decisive person who claimed that he would never get married would suddenly have a girlfriend by his side?

This was too surreal!

Especially Tang Xue.

She felt like she was dreaming.

She had always felt that no one in this world could match up to Cen Shaoqing.

She did not expect that CEN Shaoqing would have a girlfriend.

“Moreover, he had brought her to the laboratory.”

Cen Shaoqing was not the kind of person who did not know his place.

“Chapter 817: 179: face smacking. Lord Five: This is my girlfriend, ye Zao! 2”

He suddenly brought someone to the laboratory.

This meant that ye Zao was very special to Cen Shaoqing.

“No matter how one looked at it, it didn’t seem real.”

Who Was Cen Shaoqing?

He was someone who stood at the top of the pyramid.

Would he be trapped by Love?

Tang Xue pinched her thigh hard.

Hiss...

It hurt.

It didn’t seem like a dream.

“Before everyone could react, CEN Shaoqing turned to look at ye Zao and said, “Zao Zao, this is elder Zhao from the laboratory.” ”

“Elder Zhao.”Ye Zao followed behind and called for someone.

“Miss Ye.”Director Zhao was still in a trance.

“CEN Shaoqing continued, “This is the technician from the technology department, Tang Xue.” ”

“Miss Tang.”

“Tang Xue smiled at Ye Zao. “Miss Ye, it’s a pleasure to meet you.” ”

“”This is Cen Jiang, Cen Hai.” ”

“Cen Jiang hurriedly took two steps forward. “Miss Ye, I’m Cen Jiang. You can just call me by my name.” ”

“Cen Jiang.”Ye Zao wasn’t shy and was very generous.

“I’m Cen Hai.”

“Cen Hai.”

“After getting to know each other, Cen Shaoqing looked at Cen Jiang. “What’s the problem with the laboratory?” ”

Tang Xue looked up slightly. “It’s a problem with the R & D Department.”

“Let’s go take a look.”

“Okay.”

The few of them walked towards the r & D Department.

“A new face suddenly appeared in the lab, and he was walking beside Cen Shaoqing. This made the other experimenters extremely curious. ”

Cen Shaoqing often came to the lab.

“However, almost none of the members of the opposite sex could stand beside Cen Shaoqing.”

Tang Xue walked at the back.

“A short-haired girl pulled Tang Xue back and whispered, “Sister Xue, who’s That Girl? A new member of the R & D Department? She’s really beautiful!” ”

Tang Xue shook her head. “She’s not a new member.”

“Then who is she?”

“Tang Xue continued, “She’s Master Five’s girlfriend.” ”

Girlfriend?

The short-haired girl covered her mouth in surprise. “Is that true?”

“It’s true.”

“The short-haired girl wanted to say something else, but Tang Xue continued, “How can I joke about something like that?” ”

“But isn’t master five an unmarried man? Why would he fall in Love?”

Tang Xue’s expression was indifferent. “It’s just a relationship. It’s not like he’s getting married.”

Many unmarried men would fall in love.

“Since CEN Shaoqing had said that he was an unmarried man, he would not marry easily.”

Ye Zhuo was beautiful and young. It was normal for CEN Shaoqing to be attracted to her for a moment.

“In this world, even if one got married, one could still get a divorce. What’s more, it was just a relationship.”

Many irrational little girls were looking forward to having a relationship with the uncle.

“Little did they know that the uncle was knowledgeable, had broad horizons, and had high means. They had nothing in common with the uncle at all.”

“In Tang Xue’s opinion, Ye Zhuo was still too young and unsuitable for Cen Shaoqing.”

If Cen Shaoqing really wanted to get married...

Then he needed a good wife who could help him in any region.

And not a vase who didn’t know anything.

A vase was used to admire.

“The short-haired girl nodded and felt that what Tang Xue said made sense. “But I still didn’t expect that master five would actually fall in love. Even if master five didn’t marry her, she still earned it! That’s master five! The best in the world!” ”

“Ever since the establishment of the experimental base, CEN Shaoqing had been single.”

“For example, the short-haired girl. Even Tang Xue had not expected it.”

“Tang Xue continued, “I’ll go over first. Let’s talk after work.” ”

“Alright.”The short-haired girl nodded. “You go over first.”

“After some thought, Tang Xue continued, “Lele.” ”

“What’s Wrong?”The short-haired girl looked up.

“Tang Xue said, “Don’t tell Professor Yue about this first.” ”

“I know.”The short-haired girl nodded.

Tang Xue jogged to catch up with the crowd.

The short-haired girl looked at Tang Xue’s back and raised her eyebrows.

“Tang Xue didn’t want her to tell Professor Yue, right? ”

Then she had to tell Professor Yue about this.

Professor Yue and the short-haired girl were from the same laboratory. Professor Yue was the most old-fashioned professor in this experimental base. He was very serious.

...

The R & D Department was at the innermost part of the experimental base. The group walked for about ten minutes and was still at the east side of the base.

“Master Five.”

“At this moment, a middle-aged woman in her fifties walked over. Her hair was neatly tied behind her head. She was wearing a very serious black suit and gave off a serious feeling that she was not easy to get along with.”

Cen Shaoqing nodded slightly. “Professor Yue.”

“Professor Yue looked at Ye Zhuo, who was following behind Cen Shaoqing, and said with a smile, “I heard that master five brought his girlfriend here. I thought they were talking nonsense! It seems like it’s true.” ”

“”It’s true.”Cen Shaoqing’s thin lips parted slightly. “Professor Yue, this is my girlfriend, Ye Zhuo. Zhuozhuo, this is professor Yue.” ”

“Chapter 818: 179: Face Smacking, master five: This is my girlfriend, Ye Zhuo! 3”

“Professor Yue looked at Ye Zhuo, his expression unchanged.”

“Ye Zhuo greeted politely, “Professor Yue.” ”

“Professor Yue nodded, then turned to look at Cen Shaoqing. “Master Five, are you guys going to the R & D Department?” ”

Cen Shaoqing nodded slightly.

“”Just in time, I’ll go with you to take a look.”After saying that, professor Yue continued, “Master Five, why don’t we let Xiaoxue take miss ye to look around somewhere else first? Xiaoxue, go and show miss ye around our base.” ”

The research and Development Department of the experimental base could not allow outsiders to enter.

“With Ye Zhuo following them, it was not good.”

Some rules still had to be followed.

“Okay.”Tang Xue nodded.

“No need.”Cen Shaoqing’s voice suddenly sounded. His tone was low. “Zhuozhuo is not an outsider.”

Not an outsider?

Was he trying to clear ye Zhuo’s name?

Professor Yue was stunned. A worried look flashed across his eyes.

She did not expect Cen Shaoqing to say that.

“The R & D Department was the Core Department of the entire experimental base. If ye Zao accidentally revealed any secrets, the consequences would be unimaginable. After all, young girls did not know what was important.”

Cen Shaoqing had only been dating ye Zao for a few days?

Did he know ye Zao?

Professor Yue furrowed his brows without leaving a trace.

“A fallen beauty, a hero’s tomb.”

The destruction of a beautiful woman.

“Since ancient times, how many emperors’ shoulders had been destroyed in the hands of women? ”

“King Zhou of Shang, Emperor Xuanzong of Tang, Emperor Jie, King You of Zhou, King Xian of Jin, which one of them had not lost their country because of women! ”

It was not easy for professor Yue to get to where he was today.

One mistake could lead to eternal regret.

It was too late to regret.

Professor Yue’s expression was full of worry.

He had thought that Cen Shaoqing could be exempted from the customs.

He did not expect that Cen Shaoqing would not be immune in the end.

It was normal for people to have seven emotions and six desires.

“She could understand that Cen Shaoqing wanted to find a girlfriend. After all, everyone had physiological needs. ”

But Ye Zhuo was too beautiful.

Beautiful women were more likely to cause trouble in people’s hearts.

Those ancient demon concubines that caused trouble to the monarch's heart were also very beautiful.

"Thinking of this, the worry on Professor Yue's face became even more obvious."

Tang Xue looked at Professor Yue with a normal expression.

"Elder Zhao chuckled and said, "Fifth master is right. Miss Ye is not an outsider, so there's no need to avoid suspicion. Let's continue walking." Elder Zhao's first impression of Ye Zhuo was very good. He felt that this little girl's body was filled with spiritual energy, she was not an ordinary person."

Professor Yue kept a straight face and did not reply.

The group of people continued to walk in the direction of the R & D Department.

"In a short while, they arrived at the R & D Department."

"Just as they entered the R & D Department, the head of the R & D department led three people to welcome them. "Master Five, you're here." "

Cen Shaoqing nodded slightly.

High-tech products could be seen everywhere in the R & D Department. There were even many military products.

"As everyone knew, military technology was tens of times more advanced than civilian technology."

All the high-tech products currently used by the Chinese military were all from this experimental base.

Being in the R & D Department gave people the feeling that this was the future of technology.

“If an ordinary person came in, they would definitely be shocked. ”

But who was ye Zhuo?

She was a technology guru standing at the top.

This technology was nothing in her eyes.

There was not even a hint of emotion on her face.

“Professor Yue was discussing the problem with elder Zhao when he turned to look at Ye Zao. Seeing that ye Zao had taken out his phone, professor Yue frowned. “Xiaoxue, come here for a moment.” ”

“”Teacher, What’s Wrong?”Tang Xue jogged over. ”

“Professor Yue whispered into Tang Xue’s ear, “Go and talk to Miss Ye. We have a lot of high-tech equipment here. She’s just a little girl. It Won’t be good if she hurts herself.” ”

“In order to prevent theft, the entire R & D department was filled with laser beams. The slightest carelessness could result in death! ”

“Ye Zao didn’t know what to do. If he bumped into something, he would definitely make a scene! ”

Then it would be a joke.

“Okay.”Tang Xue nodded.

“After saying that, Tang Xue walked over to Ye Zao. “Miss Ye, this is your first time in the R & D Department. Let me show you around.” ”

“Thank you,” ye Zao declined politely. “I’m just looking around.” ”

“Since ye Zao didn’t want her to follow him, there was no need for her to shamelessly follow him.”

Even a delicate young lady like ye Zao was not easy to please.

“Tang Xue continued, “Alright, I’ll be right here. If you need anything, you can call me anytime. Oh right, Miss Ye, it’s best if you don’t go to the eastern and northern regions. There are many traps there. The slightest carelessness will trigger the laser beam.” ”

“Chapter 819: 179: face smacking. Lord Five: This is my girlfriend, Ye Zhuo! 4”

Curiosity killed the cat. She hoped that ye Zhuo would remember her words and not run around.

Ye Zhuo’s voice was shallow. “I’ll be careful.”

“Tang Xue added, “Miss Ye, if you accidentally bump into any traps, press the distress button on the wall.””

“Okay.”

Ye Zhuo walked around the few project teams in the R & D Department.

“After ye Zhuo left, Tang Xue took out her phone from her pocket and opened the data analysis diagram, hoping that she could solve the problems that the R & D Department had encountered.”

“If she could solve the problems of the R & D Department, it would definitely make everyone’s eyes light up.”

“However, after looking at it for a long time, she still couldn’t figure out anything. Tang Xue put her phone into her pocket and raised her head to see that ye Zhuo had actually walked to Area C, and her expression immediately changed.”

“Area C was a key project team, and it was also the area with the most traps.”

“As long as ye Zao took a casual step, it was possible to trigger the trap.”

“However, not only did ye Zao take a few steps forward, he even reached out his hand to touch the nuclear weapon on the table.”

Could That Thing be touched casually?

“The table on which the nuclear weapon was placed was arranged with laser beams similar to spider webs. Once the trap was triggered, ye Zao would be cut into pieces by these laser beams!”

“Even if he was lucky and did not get cut into pieces, he would still have his arms and legs broken and become a disabled person.”

“Miss Ye!” Tang Xue quickly ran over.

“If it was anyone else, they would definitely be shocked by the sudden sound and trigger the mechanism. If they touched the laser beams in the dark, they would either die or become disabled.”

“However, not only was ye Zao not scared, he calmly picked up the nuclear weapon on the table.”

It was a nuclear bomb the size of an egg.

“Although this nuclear bomb was only the size of an egg, its power was not small. Once ignited, it could blow up an entire city.”

“Tang Xue looked at the complete ye Zao with a look of disbelief on her face. “Miss Ye, are you alright?””

Ye Zao was actually unharmed!

“Was she lucky, or did she have a technological talent?”

“Logically speaking, it shouldn’t be.”

What kind of technological talent could an eighteen or nineteen-year-old girl have?

Even for her.

“Growing up in a laboratory, she did not have the ability to easily avoid laser beams that could not be seen by the naked eye.”

She did not expect ye Zao’s luck to be so good.

““It’s fine.”Ye Zao’s expression was still the same. He weighed the nuclear bomb in his hand, his expression as calm as a walnut.”

Tang Xue gulped.

Did Ye Zao know that this nuclear bomb could blow up an entire city?

““Miss Ye, this is a nuclear bomb. It’s very powerful! Please give it to me quickly. I’ll get the technical team to put it back.””

There were laser beams everywhere on the platform where the nuclear bomb was placed. Tang Xue did not dare to risk her life.

“It’s just putting it back. There’s no need to alarm the technical team.” As he spoke, ye Zao placed the nuclear bomb on the platform.”

Tang Xue was in a bad mood. It was too late to stop it. She was so scared that she quickly closed her eyes.

It was as if she could hear ye Zao’s scream the next second.

“One second, two seconds, three seconds.”

There was no scream in the air.

Could it be that her throat was directly cut?

“After all, there was only one dumb luck.”

Ye Zao had already used it once. Could it be that there was a second dumb luck?

Tang Xue wondered if Cen Shaoqing would blame her.

Ye Zao was the one who took the nuclear bomb.

She had already told the technical team to put it back. It was ye Zao who was determined to put it back.

“Cen Shaoqing would not blame her, right?”

“She was a high-level experimenter in the experimental base. Cen Shaoqing would not make things difficult for her because of ye Zao, right?”

“”Miss Tang?” At this moment, a clear voice appeared in the air.”

Tang Xue was stunned?

Was this ye Zao’s voice?

Tang Xue opened her eyes and saw ye Zao standing in front of her in perfect condition. Not even a strand of hair had fallen off.

What was going on?

Ye Zao was not injured at all.

Tang Xue’s gaze fell on the platform. She saw that the nuclear bomb had been returned to her in one piece.

Could it be that the mechanism had been turned off in advance?

“If it had not been turned off, would ye Zao be unscathed?”

“Tang Xue frowned, wanting to test if the mechanism had been switched off. However, she did not dare to use her own hands to conduct the experiment. Thus, she could only pick up the test tube on the side of the table and stretch it over.”

Pa Pa —

“The moment Shi Guang touched the table, she was sliced into several pieces and fell to the ground.”

There was no problem with the mechanism.

Then what was going on?

Tang Xue raised her head to look at Ye Zao.

“Ye Zao seemed to have seen the doubt in Tang Xue’s eyes and smiled slightly. “No matter how good the mechanism is, there will always be a loophole.””

Loophole?

Could it be that ye Zao was also a Technologist?

“However, she had been in the industry for so long and had never heard of ye Zao. Moreover, no matter how powerful a technologist was, they would not be able to determine the location of the laser beam with the naked eye.”

“Chapter 820: 179: face smacking. Lord Five: This is my girlfriend, ye Zao! 5”

Or did ye Zao wear some special gloves on his hands?

“It should be like this, right? ”

“Although this was what she thought, Tang Xue still smiled and said, “Miss ye is really amazing.” ”

“It’s no big deal.”

Tang Xue's expression did not change as she accompanied ye Zao to stroll around another place.

"In the blink of an eye, two hours had passed."

Ye Zhuo came to Cen Shaoqing's side. "Have you not settled it yet?"

"Cen Shaoqing frowned slightly. "The problem from before has already been settled. Now, we have encountered a new and thorny problem. Why don't I Get Cen Jiang to send you back first?" "

"What problem? Can you let me take a look?"Ye Zhuo asked.

Professor Yue was about to speak when Cen Shaoqing nodded. "Sure."

Cen Shaoqing then turned to Cen Jiang. "Go and bring the design over."

"Okay."

Professor Yue frowned slightly.

He felt that Cen Shaoqing was too hasty.

"This was research, not a game. What would a child like ye Zhuo know."

"Professor Yue adjusted his glasses and smiled at Ye Zhuo. "Miss Ye, have you graduated from university this year?" "

"Not yet."Ye Zhuo shook his head.

"She hadn't even graduated from university, so how could she understand the scientific research design?"

“Professor Yue turned to look at Cen Shaoqing. “Master Five, why don’t We Wait a little longer? We’ll talk about it when Zisu comes back.”Zisu was an expert in this area, and because she had other matters to attend to, she was temporarily not in the base.”

“Let me take a look first.”

“At this moment, Cen Jiang came over with the design. “Miss Ye, here.” ”

Ye Zhuo took the design and smiled. “Do you have a computer for me to use?”

“Naturally, the computer in the laboratory could not be used by Ye Zhuo. Professor Yue said, “Cen Jiang, go get a computer.” ”

“Cen Jiang was about to speak when CEN Shaoqing continued, “Just use mine.” ”

“Here.”Cen Shaoqing held ye Zhuo’s hand and brought her to sit in front of his computer.

Nonsense.

This was simply nonsense.

Professor Yue’s face was full of worry.

Cen Shaoqing was too indulgent with ye Zao.

“According to the current situation, Cen Shaoqing would eventually be dragged down by ye Zao Step by Step One day.”

Ye Zao turned on the computer and skillfully opened the electronic version of the design.

“In the next second, her ten fingers quickly jumped on the keyboard, and the air was full of crackling sounds. ”

Her actions confused the people beside her.

What was she doing?

Changing the design?

Or changing the data?

Everyone was an elite of the base. Everyone could tell at a glance if ye Zhuo was fixing the flaws in the design.

“At this moment, ye Zhuo was clearly messing around. ”

Playing some fake tricks.

Professor Yue’s eyes were filled with anger. Young people nowadays really didn’t know their limits.

“Pretending to know what they didn’t know, pretending to know what they didn’t know. ”

What was even more ridiculous was that he actually showed off his skills in front of a group of experts.

Love was indeed not a good thing.

“Cen Shaoqing was such a wise person, but he actually took a liking to ye Zhuo. ”

“Professor Yue tried his best to calm himself down and not lose his temper. After all, Ye Zhuo was Cen Shaoqing’s girlfriend. If he really lost his temper, wouldn’t it be embarrassing for Cen Shaoqing?”

Tang Xue observed professor Yue’s expression without changing her expression.

“Fortunately, Ye Zao was Cen Shaoqing’s girlfriend. If ye Zao was not Cen Shaoqing’s girlfriend, Professor Yue would have flipped the table by now.”

She originally thought that ye Zao was smart.

She did not expect that she had overestimated ye Zao in the end.

“As long as Ye Zao was smart, he would not mess around with the things in the laboratory.”

Although ye Zao’s luck was indeed very good.

“However, fixing the flaws in the design was not something that could be done with just good luck.”

This required real materials.

“Professor Yue looked at ye Zao and felt that his patience had reached its limit. To her, time was life. Every inch of time was precious.”

Her time was not for ye Zao to waste.

“Professor Yue suppressed the dissatisfaction in his heart and tried his best to be tactful. “Miss Ye, if it’s not done well, we won’t trouble you. We’ll get someone to handle it later.” ”

Ye Zao released the mouse and looked up at her.

“Seeing that ye Zao did not make any next move, professor Yue heaved a sigh of relief. She was afraid that ye Zao would not be able to let go of his face and continue to waste his time. ”

“To professor Yue’s surprise, ye Zao continued, “I have already fixed all the loopholes. Professor Yue, see if there are any other problems.” ”

Fixed?

Professor Yue thought that he was hearing things.

How long had it been?

Three minutes.

She had solved it in just three minutes?

Impossible!

This was impossible!

“After saying this, ye Zao stood up from his chair. ”

“Professor Yue immediately sat in front of the computer and reached out to press the mouse. He flipped through the design and system data, his eyes filled with shock. ”

Three minutes.

Only three minutes.

Ye Zao had solved all the problems.

“Elder Zhao, who was standing behind Cen Shaoqing, was even more surprised. He looked up at ye Zao and said, “Miss Ye, you, you really haven’t graduated from University Yet?” ”

Ye Zao smiled slightly. “No.”

““When a young man is strong, the country is strong.”Elder Zhao gave ye Zao a thumbs up. “Miss Ye, you’re really amazing! It looks like our generation is really going to retire!” ”

“You flatter me.”Ye Zao’s expression was indifferent. There was not a hint of complacency on his face. He was much more stable than his peers.

Professor Yue was still confused. She had never thought that ye Zao would fix the loophole.

But the truth was right in front of her.

She had no choice but to believe that it was true!

Tang Xue raised her head and looked at ye Zao.

She had thought that ye Zao was a Missy who did not know anything.

But now it seemed.

That was not the case.

But Ye Zao was only eighteen or nineteen years old.

She had not graduated from university yet.

How did she do it?

“If she was a genius, she would not still be in university.”

Which genius did not skip a grade?

“In China, there were a lot of people who became phd professors at 18 or 19 years old.”

But Ye Zao was still a university student.

This was too strange.

“Tang Xue had always thought that her talent was not bad, but compared to ye Zao, who could repair the design in three minutes, she was not just a little bit inferior.”

“For a moment, Tang Xue’s heart was filled with countless thoughts.”

“If she said that she did not feel uncomfortable, then it was definitely a lie.”

She was older than ye Zao and had entered the industry earlier than ye Zao.

There was no reason for her to lose to Ye Zao...

“Cen Jiang looked at ye Zao excitedly. “Miss Ye, you’re really too amazing! From now on, you’re my goddess. Can I Shake Your Hand?” ”

“At this moment, Cen Jiang felt a chill at the back of his neck. He looked up and saw Cen Shaoqing’s death gaze.”

“Cen Jiang immediately changed his words. “There’s no need to shake hands! Miss Ye, can you give me an autograph?” ”

Goddess?

“Upon hearing this term, Tang Xue looked at Cen Jiang. ”

“If she remembered correctly, she was still Cen Jiang’s goddess not long ago. ”

She did not expect that.

Things had changed so quickly.

“After today, how many people’s goddesses would ye Zhuo become? ”

“It should be everyone, right? ”

“A real goddess, a fake goddess, who would be able to tell the difference between real and fake? ”

“Even Cen Shaoqing wouldn’t be able to tell the difference, right? ”

“Who would have thought that in less than half a day, ye Zhuo had conquered the people of the experimental base? ”

“Ye Zhuo looked at Cen Jiang. “Do you have a pen?”Regarding the matter of signing autographs, Ye Zhuo was already familiar with it. ”

““Yes!”Cen Jiang nodded and immediately took out a marker pen from his pocket. “Miss Ye, you can sign here.” ”

Ye Zhuo picked up the marker pen and signed Cen Jiang's clothes.

“Leader, shall we go back?” Cen Shaoqing looked at Ye Zhuo. ”

“Yes.”

What did Cen Shaoqing Call Ye Zhuo?

Leader?

Tang Xue narrowed her eyes.

Was this leader the leader she understood?
