Chapter 1084

Thomas was the one that founded the Sacred Fire Figs. After absorbing and refining it, one's True Energy could be converted into True Yang Energy, which was the key to the cultivation

method on the Moonlit Flowers on Cliffside's Edge.

However, he had been too busy to refine it.

He nodded and said, "Alright."

James waited in the Emperor's Mansion for it to arrive.

Before sunset, the Sacred Fire Figs had arrived.

James looked at the red fruits inside a room in the Emperor's Mansion and asked, "How do I absorb them, Maxine?"

Maxine replied, "Just eat it directly and circulate your energy to absorb the energy within it. Your True Energy will slowly transform afterward. These few fruits are enough to transform your True Energy."

James picked one up and put it in his mouth.

The fruit looked ordinary, but it felt like fire bursting within his mouth upon biting it.

James endured the heat and swallowed it. He felt a hot surge of energy spreading from his throat throughout his body.

James quickly performed Heavenly Breath to absorb the heat.

At that moment, he could feel his True Energy gradually heating up.

James exclaimed, "Amazing. I never thought there would be such a miraculous fruit in the world. If ordinary people ate it by mistake, their internal organs would be burned, causing them to die quickly."

"Concentrate on absorbing it,"

Maxine quickly reminded him. She turned to Thea and said, "We should leave and let James practice at ease.

We can't distract

him. It'll be troublesome if he suffers Energy Deviation."

Thea nodded, stood up, and left.

James focused on converting his True Energy for the next two days.

In the past two days, news about the Emperor's succession ceremony had spread throughout the Capital and the nation.

Countless business figures from other provinces also rushed to the Capital, trying to acquire an invitation.

Three days passed in the blink of an eye.

Countless people were gathered outside the Red Flame Army's base, the military region of the Capital.

Most of these people were influential people from the Capital or other provinces. It took a lot of effort for them to acquire invitations.

The crowd waited patiently.

Meanwhile, in the Emperor's Mansion, Maxine walked to the room where James was meditating in seclusion.

As soon as she opened the door, she felt a heat wave rushing toward her face, causing her to sweat. She looked into the room

and saw James floating a meter above the ground in a lotus position.

His body radiated a terrifying aura, and the temperature in the room was so high that even a grandmaster of the second rank like Maxine could not bear it.

"What terrifying True Energy."

James had also absorbed the residual True Energy while absorbing the Sacred Fire Fig. It was possible that he was about to

enter the seventh rank.

"James, time's up. Today's the day of your succession ceremony as the Emperor."

Maxine called out for James.

Hearing her voice, James retracted his energy and landed on the floor steadily. He stretched his body and murmured, "Is this

True Yang Energy?"

James could clearly sense the changes in his True Energy. It was purer, stronger, and more domineering. He was much stronger than before.
