The Almighty Dragon General Chapter 2313—James intervened and stopped the Protector from continuing the slaughter. Under the Protector's

guidance, James descended into the depths of the tomb. Meanwhile, the Protector was apprehensive. He did not know James' identity and wanted to ask, but he did not dare to.

James also had many questions on his mind. Though he wanted to ask, he was afraid of revealing his identity.

After some time, unable to stand it any longer, he asked, "Who's Lucifer Menachem?"

This time, it was the Protector's turn to be puzzled. Lucifer was renowned in the Demon Realm. His father was one of the Demon Emperors and leaders of the Demon Race in ancient times. So why had the man before him not heard of Lucifer Menachem despite having such a terrifying token?

"This should be an easy question," James' voice boomed.

The Protector stopped and looked at James. His face was wrinkled. Humbly, he asked, "Master, who are you? Why were you among my subordinates? Were you sent here by the higher-ups to monitor me?" James said nonchalantly, "I come from the Demon Realm. That's the only thing you need to know." "Understood." The Protector nodded.

Then, he answered James' question, "Emperor Rank cultivators are the most powerful living beings in this world. In ancient times, the grand army of the Demon Race appeared on Earth and tried to conquer the planet. However, we were met with resistance by the earthlings."

"Back then, His Majesty Xacobe Menachem was the one who led the army. However, he was met with a counterattack from the earthlings and was trapped in Mount Walvern. As His Majesty had foreseen his demise, he sealed his only blood kin, Lucifer Menachem, away to leave behind seeds for a future renaissance of the Demon Race.

"After the Demon Race retreated, the earthlings pursued the Demon Race and hunted us down. In the current age, the Demon Race's influence on Earth is negligible. Meanwhile, my ancestor who was a general under His Majesty ordered me to remain in the Ancient Realm and await further instructions.

"A few decades ago, I received a secret order instructing me to conquer the Ancient Realm and resurrect Lucifer."

Hearing this, James knew that the Demon Race was on the move.

“Show me the way,” James said.

“Follow me.”

The Protector made a welcoming gesture.

Soon, they arrived at the tomb deep underground. The Demonic Energy here was terrifying as they were countless times that of the outside world. No ordinary cultivators could approach this place.

James stood before the tomb, on which mysterious characters were carved. Though James could not understand their meaning, he roughly knew that the words meant ‘the Tomb of Lucifer Menachem’.

James asked, “How do we resurrect him?”

The Protector walked over to him and waved his arm. Then, powerful energy materialized in his palm, and they shredded through the air. Following that, the soil on the tomb disappeared.

This place was a Magic Circle.

James knew nothing about Magic Circles. He could only see some complicated lines, within which was an uncovered coffin. Inside the coffin lay a man around eighteen years of age. He had a youthful look on his face.

The Protector said, “This was the seal left behind by His Majesty. Even though a long time has passed, the seal’s power is still strong. Though I’ve learned the ancient arcane arts, I still can’t undo the seal. As such, I require the fresh blood of countless humans in combination with the arcane arts to forcibly undo the seal.”

James looked at the convoluted lines and asked, “Can I release the seal just by using Demonic Energy?”

“Yes,” the Protector said. “However, you require an enormous amount of Demonic Energy. With my strength, I’m incapable of accomplishing such a feat.”

James said, “Stand back, I’ll give it a try.”

“Understood.”

The Protector retreated to the rear.

Looking at the convoluted lines before him, James took a deep breath and catalyzed the Demonic Energy inside his body. Then, he directed them to the Magic Circle in front of him.

At that moment, he could sense a powerful suction force coming from within the Magic Circle that frantically absorbed his energy. His face paled as he tried to stop the process. However, he could not no matter how hard he tried.

Soon, his Demonic Energy was drained.

His Demonic Energy was completely depleted.

The Almighty Dragon General Chapter 2314—His consciousness blurred. At that moment, he felt that his vitality was being depleted.

Then, Sophie's voice came from inside the Celestial Abode. "Don't put up a fight, James. This Magic Circle is absorbing the Demonic Energy inside your body, which you are still incapable of controlling. Your body is made out of the Demonic Lotus. You have no idea how majestic the Demonic Lotus' Demonic Energy is."

Hearing this, James stopped resisting. At that moment, he could only feel terrifying Demonic Energy coming from inside his body. The Demonic Energy entered the Magic Circle, which radiated a colorful light.

Behind him, sweat beaded on the Protector's forehead.

James was too strong and his Demonic Energy too terrifying. Even if he cultivated for thousands of years, he would not be able to reach even a fraction of James' Demonic Energy. At the same time, he was intrigued by James. Just who exactly was he?

The entire process lasted ten minutes.

Crack!

A loud sound echoed, and the Magic Circle disappeared.

As the Magic Circle disappeared, the coffin was now revealed to all. Meanwhile, the man inside the coffin slowly opened his eyes and crawled out of the coffin.

"M-Master Lucifer..."

The Protector was so agitated that his voice trembled.

James looked at Lucifer, who returned the gaze.

"Who are you?"

Lucifer asked. His voice was a bit rough as if he had not spoken for a very long time.

“That’s none of your concern.”

Then, James turned and looked at the Protector, saying, “The Magic Circle has been released, and Lucifer Menachem has been resurrected. Release the cultivators you’ve captured at once and leave this place as soon as possible. Once the sects learn of this, they will send hordes of powerful cultivators after you.”

After he spoke, his knees gave way, and he collapsed to the ground.

At that moment, Lucifer appeared before him and waved his hand. Powerful energy gathered in his palm, and he removed James’ mask.

Wearing a grim expression, he looked at James and said, “I never expected that the Magic Circle seal my father laid down was released by a mere human. Although your physical body possesses terrifying Demonic Energy, your soul belongs to that of a human.”

James did not expect that Lucifer would be able to see through him just like that.

“The Demonic Lotus...?”

He stared at James. After some time, his expression turned to that of shock.

“Is this my father’s Natal Primordial Spirit?”

Grabbing James’ collar and lifting him up, Lucifer’s face darkened as he asked, “Who are you? Why is your

physical body my father’s Natal Primordial Spirit?”

At that moment, James was extremely weak. As such, he could not exert any strength to break free of

Lucifer’s grip

“So what if I’m a human? I was the one who resurrected you. Is this how you show your gratitude?” James

said coldly

“I’m asking you a question. Answer me?”

Lucifer was wearing a solemn expression, and his aura was terrifying

James answered him truthfully, Actually, I have died once When I was dead, I happened to come across. a black lotus, which transformed into my current physical body. That was how I came back to life”

“No way! Impossible! My father’s Primordial Spirit is ever lasting! Do you seriously expect me to believe that you managed to turn it into your physical body?” Lucifer found it hard to believe James

The Almighty Dragon General Chapter 2315—Lucifer did not believe James’ words. Even if his father had died, the Primordial Spirit he left behind should have been invincible. How did a guy who appeared out of nowhere manage to refine it?

“Leave us for now.” Lucifer turned and looked at the Protector.

“Understood.”

The Protector did not linger for long and hurriedly left.

Meanwhile, Lucifer released James, who collapsed to the ground. Then, he got up with great difficulty and sat in a lotus position on the ground.

Lucifer, who was standing beside him, asked, “We’re alone now, so tell me the truth. How did you obtain this physical body?”

James furrowed his eyebrows. He had no idea what Lucifer was thinking of. Regardless, he stood no chance against him in a fight.

“Lucifer, your father is long dead. Although the Demonic Lotus was once your father’s Natal Primordial Spirit, it has long dispersed. The Demonic Lotus is now merely an object,” James spoke softly.

“Answer my question!” Lucifer roared. His Demonic Energy was so terrifying that it even made James’ blood run cold.

James took a deep breath and said, “I told you I was once dead. However, someone saved me and used the Demonic Lotus to reshape my physical body. That’s how I came back to life.”

Hearing this, Lucifer’s knees gave way. “There’s no more hope... Now that the Demonic Lotus is lost, my father can never be resurrected.” He was dejected.

James sat on the ground and rested for some time before getting up with great difficulty and looking at Lucifer, saying, "Do you intend to take back the Demonic Lotus? I've already cultivated a new Natal Demonic Lotus."

Lucifer glanced at James, saying, "The Demonic Lotus has perfectly merged with your soul. This means that you were predestined to obtain the Demonic Lotus and that you have my father's acknowledgment. Otherwise, your soul wouldn't have merged with the Demonic Lotus flawlessly no matter how powerful you are.'

Then, he stood up and headed outside. James followed suit as many cultivators were imprisoned here. Outside, the Protector waited.

Soon, the two walked out of the room.

"Master Lucifer... Master..." The Protector looked at the two.

Lucifer said, "We shouldn't stay here for long. Order our men to retreat."

"Wh-What about the cultivators in the dungeons?" The Protector looked at Lucifer before glancing at

James.

James said, "You should leave first and remove the Magic Circle. I'll think of a way to save them." "Understood." The Protector nodded.

Then, under his order, everyone hurriedly retreated. Soon, they were out of the stone cavern. Outside, the Protector knelt.

"Master Lucifer, my ancestor is a Senior General under His Majesty's banner. My duty is to wait here and resurrect you."

Lucifer gazed into the distance. His memories were still stuck in ancient times. He remembered the words his father said to him before they parted.

'Lucifer, I'll be sealing you away. Sleep peacefully. By the time you awake, you'd have reached the

brightest era of our times. You do not belong to this era. You belong to the era countless millennia in the future.'

'Father, I won't let you down."

Lucifer clenched his fists.

"Master, that person has a Supreme Token of the Demon Race," the Protector said.

Lucifer nodded slightly and said, "It's understandable. He must have attracted the attention of some among the Demon Race. That token must have been given to him by a core member of the Demon Race. Pay no heed to him. We should leave at once."

Then, Lucifer left alongside the members of the Demon Race.

James walked out of the camp. Seeing that everyone had left, he returned to the stone cavern.

As the Demon Race left, the Magic Circle disappeared. James, however, did not act impulsively. Instead, he waited outside and waited for another day to pass.

Then, he released Henry, Delainey, and the cultivators who were being pursued from the Celestial Abode.

He looked at the cultivators and said coldly, "Since you're safe now, you may leave. Do not tell anyone anything about the Celestial Abode. Or else..."
