Chapter 2472

As the Tribulation Clouds dissipated, a five-colored light ray descended from the sky.

The light rays contained magical power, and they wrapped around Thea. Her injuries were healed immediately. At the same time,

her True Essence evolved into Sage Energy

From a distance, the custodian observed Thea successfully getting through the tribulation and becoming a Sage.

Her pretty face beamed with a gratified smile.

Very impressive. She managed to succeed even with the Elysian Seal in her body. Without the seal, her strength would've

already reached the Sage Rank's Thirty-sixth Stage, which is very close to the Divine Rank

"Thea's very strong, and her husband is even more extraordinary

Even the Chamber of Scriptures custodian did not expect Thea to overcome the tribulation so easily

At that moment, Thea's True Essence was still evolving.

She was shrouded in the five-colored light ray.
Soon, her physical body also began to evolve from a mortal body to a Sage body.

The process lasted for three days

Three days later, the five-colored light ray dissipated and marked the completion of Thea's evolution.

Now, she was a First-Stage Sage

She stopped cultivating and activated her cultivation method, causing powerful energy to erupt from her body. Immediately, her pretty face beamed with excitement.

"I'm finally a Sage and can help James. He neutralized Earth's Second Calamity all by himself. I wonder if the Third Calamity has already appeared?"

Thea had been cultivating for a long time. However, the custodian had informed her that the passage of time in the time formation where she cultivated differed from that of the outside world.

"Congratulations, Thea."

The custodian walked over, and her beautiful face beamed with a satisfied smile. "I really didn't expect you to become a Sage in such a short time. Moreover, you successfully passed the tribulation and easily killed the Heavenly Path Embodiment, which all

cultivators fear.”

“It’s because you taught me well.”

Thea was not conceited because of her achievements but said humbly, “If it weren’t for your teaching, I would’ve never cultivated such a powerful Yogacara or improved so rapidly.”

“Very good.” The custodian smiled.

Thea asked, “By the way, Ms. Custodian, what’s the situation on Earth right now? Has the Third Calamity already appeared?

Also, for how long have I been in seclusion?”

The custodian smiled gently and said, “The Earth’s Third Calamity hasn’t come to pass. There’s still a long time before it

appears. The current situation on Earth is stable.

You’ve been cultivating in the time formation for many years, but only six years have passed in the outside world. It hasn’t really been that long.”

Hearing this, Thea sighed in relief.

“Now that I’m a Sage, I can finally help James. Can I leave this place now?”

Thea’s face beamed excitedly, and she was eager to reunite with James on Earth.

According to the passage of time, her daughter must have already grown into a gorgeous woman by now.

Seeing through Thea’s thoughts, the custodian said, “James isn’t on Earth right now.”

“Huh?”

Surprised, Thea asked. If he’s not on Earth, where did he go?”

The custodian said, “Since the Earth’s Third Calamity isn’t going to happen anytime soon, James left for the Demon Realm to go

on an adventure. He wanted to reach a higher cultivation rank before the Third Calamity struck”

“The Demon Realm?” Thea had a confused expression.

The custodian briefly explained the Demon Realm to her.

After hearing the explanation, Thea learned that the Demon Realm was one of the Seven Realms. She also discovered that the

Earth used to be one of them. It was called the Human Realm and was the head of the Seven Realms.

“Ms. Sophie, I’d also like to go to the Demon Realm. Can you send me there?”

Thea looked at the custodian pleadingly

She was worried James would encounter danger in the Demon Realm

The Demon Realm was one of the Seven Realms, and countless powerhouses existed there

When the Demon Realm attacked the Earth in the past, they caused large numbers of casualties.
