The Almighty Dragon General Chapter 2513—On an empty plot of land...

James had been highly focused on his search for Xandros all these years, so he was exhausted. So, he sat down to have a rest.

"Sophie, the Demon Abyss is too big. Without any clues, I'm just searching around blindly." James was dejected.

Thirty years had passed, and he could not find anything.

Sophie who was in the Celestial Abode furrowed her eyebrows.

After some contemplation, she said, "Don't worry, James, I'll divine for you."

Then, Sophie tried to peer into the future.

At that moment, the Spirit Tool walked toward her. Wearing a black robe and holding a cane, he appeared before Sophie and said grimly, "Do you have a death wish, Sophie?"

Sophie smiled bitterly and said, "James has run into some trouble. Without any clues, he won't be able to find Xandros."

Wearing a grim expression, the Spirit Tool warned, "Do you have any idea who Xandros is? He's the lord of the Human Realm and a Grand Emperor. Besides that, he was imprisoned in the Demon Abyss, a restricted area of the Demon Realm. With these factors combined, you won't just be stained by Karma.

"Xandros tampered with Heaven's secret and lost his lifetime's cultivation, and he only survived by deceiving the heavens. His existence is closely related to the fate of the human race, with far-reaching implications and terrifying consequences. Do you really think that James can defy the heavens and reverse the situation?"

Sophie understood this. Even so, she wanted to try things out, because an individual who obtained two providences would not be ordinary and mundane. So, she chose to have faith in James.

Then, she raised her hand, and mysterious inscriptions materialized in her palm. The Spirit Tool sighed. As the Spirit Tool of the Celestial Abode, his cultivation base was not weak and he could foresee Sophie's fate.

However, since Sophie was adamant, he could do nothing about it.

After sighing, he turned to leave.

Meanwhile, Sophie began her divination.

A mysterious Magic Circle appeared before her, and countless mysterious characters were flickering inside. Her extrapolation had transgressed the rules of the Heavenly Path. Even a true Grand Emperor would be annihilated once he transgressed the rules of the Heavenly Path, let alone a Quasi-Emperor

As such, the moment she began extrapolating, a terrifying pressure crushed her. Under the overwhelming weight of the pressure, her face turned pale. She knew she would die and turned to ashes if she continued. She would leave this universe once and for all, and no remains of her would be left behind.

However, she chose to continue divining.

As she continued, cracks began to appear on her body. This was the Heavenly Path's punishment.

At that moment, she grabbed onto a thread of Heaven's secret.

"James, the Natal Demonic Lotus you cultivated can help you find Xandros," she said.

The moment she finished her sentence, she spurted out a mouthful of blood and collapsed to the ground. At that moment, mysterious characters materialized before her and formed a bizarre-looking scythe. Containing bizarre power, it slashed at Sophie.

Seeing this, Sophie closed her eyes in despair.

"Aunt Sophie." At that moment, a voice came.

A glamorous-looking young lady walked over to her. Wearing a blue dress, her delicate features resembled Thea's.

The moment she walked over to Sophie, she noticed the bizarrely shaped scythe in front of Sophie. For some reason, she could feel a sense of familiarity with the scythe. Upon being reminded of the scythe within her body, her mind stirred, and a scythe materialized before her. Immediately, it flew forward and blocked the bizarrely-shaped scythe that intended to deal Sophie the killing blow.

The Almighty Dragon General Chapter 2514—After helping James out once more, a Scythe of Judgment appeared before Sophie. Faced against a Scythe of Judgment, even a Grand Emperor would be annihilated. However, in the nick of time, Winnie appeared.

Sensing that Sophie was in danger, Winnie materialized the Scythe of Judgment inside her body and blocked the one attacking Sophie. After blocking the attack, the Scythe of Judgment that attacked Sophie vanished.

Sophie's face was pale. Though she knew about the consequences, she could not help but feel fearful as she stared death in the eye.

Fortunately, Winnie saved her.

Sophie sat in a lotus position on the ground and wiped the sweat bead off her forehead, speaking in a feeble voice, "Thank you, Winnie."

Winnie walked over to her. After so many years, the young girl from before had become a gorgeous beauty just like her mother.

Upon seeing Sophie's injuries, Winnie asked, "What happened, Aunt Sophie?"

"N-Nothing..." Sophie said.

That was a close one. If Winnie had not arrived in time, she would have been killed by the Scythe of Judgment. At the same time, she was puzzled. The Adjudicators had long disappeared, so why would there be a Scythe of Judgment? Who did it belong to?

"Aunt Sophie, when are we leaving this place? All we do here is cultivate non-stop. I'm almost bored to death," Winnie complained.

Ever since James brought her to the Celestial Abode, she had not left it. Now that decades had passed, she had enough of this place.

Sophie said, "There's no need to rush things. Once James returns to Earth, you'll be able to leave. I'm injured, so I need to enter a closed-door meditation. I might not leave meditation for quite some time."

After she spoke, she stood up and left with her battered body.

Meanwhile, in the Demon Abyss...

Jams had no idea that Sophie almost met her end by extrapolating for him. If not for Winnie, she would have been dead.

"My Natal Demonic Lotus?"

James was puzzled.

As his mind stirred, the Demonic Lotus appeared before him. This was a black lotus with nine petals that contained immense power. The lotus was able to devour

everything and transform them into power. However, as this was simply too overpowered, James seldom sued it.

“What does this Demonic Lotus have to do with Xandros? How does it show me the way?”

James was puzzled.

“Sophie, how do you know that the Demonic Lotus can help me find Xandros?” James asked.

However, no one responded.

‘Did something happen?’

He was puzzled.

Then, his mind stirred, and he entered the Celestial Abode.

The moment he entered the Celestial Abode, he spotted Winnie who was daydreaming in the courtyard of the City Lord’s Mansion.

James had not been here for many years. When he last came here with Winnie, she was still a young girl.

Now that he met her once more, her appearance resembled that of Thea’s. At that moment, he mistook her for Thea and called out to her, “Thea.”

Hearing this, Winnie turned her head.

“Dad!”

When she saw James, she excitedly rushed toward him and leaped into his embrace.

James collected himself and said smiling, “You’re all grown up, Winnie. I almost couldn’t recognize you.”

Winnie let go of him and said with a bright smile on her face, “Yes, decades have passed. I’m not just an adult now. I’m close to becoming a middle-aged woman.”

James chuckled and said, “Not at all. This is the era of cultivation. We can’t measure human lifespan based on the past.”

Then, he changed the subject and asked, “By the way, where’s Sophie?”

“Aunt Sophie?” Winnie said, “She just entered a closed-door meditation.”

“What happened?” James asked, confused.

Winnie said, “I don’t know either. Just a moment ago, I saw Aunt Sophie lying on the ground covered in blood. There was a bizarrely-shaped scythe in front of her. It looked exactly like mine, just with different colors. I immediately summoned my scythe and blocked the other scythe’s attack. Then, the scythe attacking Aunt Sophie vanished.”

The Almighty Dragon General Chapter 2515—“The Scythe of Judgment?”

Hearing this, James furrowed his eyebrows.

“Dad, what’s the Scythe of Judgment?” Winnie was puzzled.

The scythe inside her body was the Scythe of Judgment. However, not many people knew about this. Not even Winnie herself.

At that moment, the Spirit Tool arrived.

James greeted him respectfully, “Spirit Tool...”

The Spirit Tool waved his hand slightly and said, “No need to be so formal, Master.”

James asked, “What happened to Sophie?”

The Spirit Tool glanced at Winnie. Taking the hint, Winnie said smilingly, “I-I will go walk around the city.”

Then, she left.

James asked, “Alright, you may tell me the truth now.”

The Spirit Tool nodded and said, “By divining for you, Sophie had transgressed the rules of the Heavenly Path and was nearly killed. If not for Winnie arriving in the nick of time, she would have been dead.”

After speaking, he took a deep breath.

“I thought Sophie would certainly die. However, she was saved by Winnie, a cultivator of an insignificant rank. That’s the Scythe of Judgment we’re talking about, Master. Though the scythe can annihilate even Grand Emperors, Winnie was able to block the attack. This is simply unbelievable.”

Hearing this, James furrowed his eyebrows.

The greater Winnie's power, the more worried he was. However, he knew there was no point in worrying. This was Winnie's fate, after all.

Putting his thoughts aside, he asked, "How's Sophie? Is she alright?"

The Spirit Tool said, "Although she survived, she suffered grave injuries. She needs a long time to recover

Hearing this, James breathed a sigh of relief. He was thankful that she was still alive.

Over the next couple of days, he did not linger long in the Celestial Abode. He only caught up with old friends and acquaintances in the Celestial Abode as he still had important things to do. He had to find Xandros as soon as possible and bring him back to Earth so that the human race would have a leader.

After leaving the Celestial Abode, James reappeared in Demon Abyss.

Although Sophie had entered a closed-door meditation, her power still lingered, protecting James.

James summoned the Demonic Lotus once more.

'The Demonic Lotus can help me find Xandros, but how?'

James was puzzled.

At that moment, an afterimage materialized from within the Demonic Lotus.

Seeing this, James was taken aback and unconsciously staggered backward.

Hahaha.

The shadow laughed.

"Wh-Who are you?"

James looked at the shadow cautiously.

"I'm Xacobe Menachem," the shadow spoke.

I-It's you....?"

James was stunned. Xacobe Menachem was the previous owner of the Demonic Lotus.

“Of course! If not for the remnants of my soul hidden inside the Demonic Lotus, how could you have reshaped your physical body?”

Hearing this, James took a deep breath and said, “So, there are still remnants of your soul concealed inside the Demonic Lotus. This means that your soul has always been inside my body.”

“Yes,” the shadow spoke, “Once you arrive at Demon Abyss and summon the Demonic Lotus, I’ll appear.”

Chapter 2516

James never thought that the remnants of Xacobe’s soul still lingered in his body and that it was concealed inside the Demonic Lotus even after his body was reshaped by the Demonic Lotus. Not only that, but he also did not expect that the remnants of Xacobe’s soul would appear the moment he arrived at Demon Abyss and summoned the Demonic Lotus.

He looked at the shadow before him puzzledly and asked, “Why did you appear when I summon the Demonic Lotus in Demon Abyss?”

Xacobe’s shadow said, “I was the one who brought Xandros Tegan, the lord of the Human Realm, to this place alongside the Azurean Clan’s Patriarch, who was also lord of the Demon Realm. Back then, I left behind some marks here. As long as the Demonic Lotus appears here, the remnants of my soul will sense it.”

Hearing this, James was baffled.

Sensing James’ bewilderment, Xacobe explained, “This is complicated, and you won’t understand anyway even if I told you. All you need to know is that I’ll help you find Xandros. This is my final duty. After accomplishing it, I’ll vanish once and for all.”

Xacobe was not fearful of death at all. After living for countless years and experiencing everything, he no longer had any regrets in life.

“Follow me.”

He turned to leave.

James followed him.

Following close behind Xacobe’s shadow, James traversed through Demon Abyss. There were many Magic Circles left behind during the Primeval Age. Under Xacobe’s guidance, James proceeded into the depths of the Demon Abyss.

After a long time, they arrived at the central region of the Demon Abyss.

Xacobe waved his hand, and mysterious characters materialized in his palm. These characters levitated in the air and vanished. Then, an ancient Magic Circle was awakened, and cracks began to appear on the ground.

The shadow turned to look at James and pointed at the cracks before them, saying, "Xandros is trapped here. Go down and you'll meet him."

Then, he slowly dispersed into nothingness and disappeared from James' view.

A black aura materialized from within the cracks.

James glanced at the cracks. Since he was unable to observe the situation below, he hesitated momentarily before leaping into the cracks.

He plummeted through the air.

Soon, he arrived at the bottommost part, where a cave could be seen. There, a stone door remained shut.

James gently pushed the door open.

Puzzledly, James walked into the room.

This was a small stone house that was only a few hundred square meters in size.

In the middle of the stone house, there was a kneeling skeleton whose limbs were chained.

James approached the skeleton and looked at it in confusion.

‘ Could this be Xandros? ‘Xandros is long dead, and only his skeleton remains.

How could he possibly lead humankind?’ James was dismayed.

He had gone to great lengths to find Xandros, but all he could find were skeletal remains.

He took a deep breath and turned to leave.

At that moment...

Clank! The sound of chains could be heard.

He turned around.

The kneeling skeleton slowly stood up.

However, as the skeleton’s limbs were chained, they made a clanking sound as the skeleton dragged the chains.

Upon seeing this, James’ mouth was agape.

The skeleton slowly stood up and looked at James with empty eyes.

The eerie scene made James’ skin crawl.

As James unconsciously staggered backward, he looked at the skeleton cautiously and asked, “A-Are you Xandros Tegan?” “After waiting for countless years, at long last, a human has arrived.”

The Almighty Dragon General Chapter 2517–The skeleton spoke in a hoarse voice, which indicated that it had not spoken for a very long time.

“Are you Xandros Tegan?” James asked once more. He wanted to confirm the skeleton’s identity.

“That’s right, I’m Xandros Tegan,” the skeleton spoke.

Hearing this, James breathed a sigh of relief and said, “That’s great. In that case, we’ll leave this place at once.”

He walked over to Xandros and tried tugging at the chains. However, the moment he made contact with the chains, powerful energy burst forth and sent him flying.

Xandros said, “It’s no use. Even extremely powerful figures will not be able to snap the chains, let alone you.”

Hearing this, James gave up.

He said, “Now is the brightest era of the non-human races, ye, this is also the age of apocalypse for the human race. As the non-human races rise, a seal has been placed in the bodies of all humans. From today onward, it’ll be nigh impossible for humans to break through the ranks.”

Xandros nodded slightly and said, “I knew this day would come sooner or later.”

James asked, “Someone instructed me to find you and seek your advice. What should the humans do from now on?”

Xandros said, “The human race will be in dire straits for the foreseeable future, but although this is the brightest era for the non-human races, this situation will not last long. To change this, we need to have arevolution.”

“A revolution?” James was puzzled.

“Destroying the Heavenly Path,” Xandros said.

Hearing this, James exclaimed, “Destroying the Heavenly Path?”

"Yes." Xandros said, "We will destroy the Heavenly Path and create a new order. This is the only way for both humans and non-human races to truly live in peace. In the Primeval Age, some powerful figures tried to destroy the Heavenly Path but failed. That's the reason why the Heavenly Path targets humans."

James took a deep breath.

He now finally understood why the Heavenly Path targeted humans. So, some powerful humans tried to destroy the Heavenly Path in the Primeval Age. However, if even they could not destroy the Heavenly Path, what chance would they stand in the Apocalypse Age?

Xandros continued, "Keep a low profile and wait for the Four Calamities to pass and the Primordial Energy on Earth to be awakened. Since you came, I'll think of a way to leave this place. When the time comes, I'll leave."

Then, he knelt on the ground once more.

"Sir... Sir..."

James called a few times, but the skeleton no longer responded to him.

He stroked his chin.

"That's it?"

He went to great lengths and came to the Demon Abyss just for this piece of information. 'Destroy the Heavenly Path? Keep a low profile? Seriously?'

He called a few more times, but the skeleton no longer responded.

James shrugged. It appeared that he had obtained nothing from coming here.

The only thing he learned was why the Heavenly Path targeted the human race.

"Destroy the Heavenly Path? What a joke."

James shook his head slightly.

At his current rank, he was far away from those affairs. However, even he knew that the Heavenly Path was a supreme existence that governed the universe. Everything was under the control of the Heavenly Path, even one's life and death. Would the world not plunge into chaos upon the Heavenly Path's destruction?

Since James was the Dragon King of Sol, he knew that a country needed laws to maintain order. The Heavenly Path was a similar thing. Would the universe not plunge into chaos upon the Heavenly Path's destruction?

He shook his head slightly, putting aside the chaotic thoughts in his mind, before turning to leave.
