The Almighty Dragon General Chapter 2527—Lucifer raised his hand, and their fists collided.

Lucifer was sent flying, and he retreated several thousand meters before being able to regain his footing.

Veins bulged on his arms, and a look of pain appeared on his face.

He shook his arm and gritted his teeth, saying, “I really underestimated you.

To think you were able to increase your strength to the peak of the Sage Rank’s First Stage.

Hahaha! Very well! Today, we shall fight to our heart’s content.” Lucifer burst into a peal of laughter.

Then, a powerful aura burst forth, and Demonic Energy soared to the sky, seemingly on the verge of dispersing the lightning tribulation.

As his Demonic Energy affected the lightning tribulation in the sky, his actions interrupted the Heavenly Tribulation.

As such, a lightning tribulation struck Lucifer.

Lucifer did not dodge the attack but instead stood his ground and endured the strike.

As his physical body was unrivaled, the lightning tribulation did not deal any damage to him.

After enduring the lightning tribulation, Lucifer went on the offensive.

A fierce battle erupted in the arena.

James and Lucifer fought everywhere, from the ground to the skies.

Though they possessed immense power, this was the Divine Dimension.

As such, the arena was constructed using unique materials.

With their strength alone, they were not able to destroy the arena.

During the fight, lightning tribulations kept striking them.

However, they paid no heed to the attacks.

After all nine lightning tribulations had descended, the Heavenly Tribulation disappeared.

As James resorted to many tactics, his strength was much greater than Lucifer's.

After fighting for a few thousand rounds, even Lucifer's peerless physical body was beginning to show cracks.

Boom! Their fists collided once more, and terrifying battle ripples shredded through the air.

After being sent flying, Lucifer collapsed to the ground and spurted out a mouthful of blood.

Like a spring, he bounced up from the ground, and his aura surged once again.

His hair also began to turn golden in color.

"Is this his Super Combat Form?" James was stunned when he saw Lucifer's changes.

As he fought against Lucifer before, he knew about his moves.

It was the signature cultivation method created by Grand Emperor Xacobe Menachem, a move only Lucifer would know.

This combat form would allow him to increase his strength.

At that moment, Lucifer's strength had surpassed the Sage Rank's First Stage and reached the Second Stage.

Lucifer knew that his First Combat Form could not completely annihilate James.

So, his aura surged, and his golden hair slowly turned blue.

"The Second Combat Form?" James unconsciously took a few steps back.

After performing the Second Combat Form, Lucifer's aura was already at the Sage Rank's Third Stage.

Now, Lucifer's aura had completely overwhelmed James.

If James fought against him now, he would be defeated.

At that moment, Lucifer's hair had turned blue, and he radiated a blue aura that formed a halo, enveloping his body.

“Eat this!” Lucifer roared.

In the blink of an eye, he appeared before James and smashed his fists at James’ body.

As his speed was too extraordinary, James could not even react in time.

His body was pierced, leaving a bloody hole.

James’ body was thrown back, and he collapsed heavily to the ground, laying motionless for a while.

Lucifer did not seize the opportunity to strike.

Instead, he stood in the distance and said with a composed look on his face, “James, use everything you’ve got.

Show me the Infinity Steles.” Demonic Energy circulated throughout James’ body, and his injuries rejuvenated at a rapid pace.

Then, he stood up slowly and looked at Lucifer with a surly expression, saying, “Do you really have to do this for a woman’s sake?”

Lucifer said coldly, “Not just for a woman, but for glory.

After being defeated by you, I yearned for vengeance.

So, I kept cultivating hard for this day to come.

Use everything you have at your disposal, James.

Otherwise, I’ll kill you.” Lucifer’s voice boomed.

The Almighty Dragon General Chapter 2528—James performed many signature cultivation methods and completely overwhelmed Lucifer.

However, Lucifer entered his Super Combat Form and completely reversed the tides.

Now, James was sent flying by a single punch.

His body was pierced, and there was now a bloody hole in his chest.

Faced with the domineering Lucifer, James knew he would not be able to leave the arena without using everything at his disposal to defeat him.

He slowly stood up and catalyzed the Demonic Energy inside his body to accelerate his recovery speed.

Then, he soared to the sky.

As his mind stirred, 108 Infinity Steles materialized in the surroundings and enveloped him.

“A-Are those the Infinity Steles?” “Aren’t they treasures that were born when heaven and earth were created?” “What powerful aura...

I sense the aura of many Grand Emperors and countless supreme Ways on the Infinity Steles.” Everyone was stunned.

“What a shame that he’s too weak! With his insignificant rank, he could not utilize the Infinity Steles’ full strength.

If he becomes a Grand Emperor, he can conquer the universe using the Infinity Steles alone.” Many exclaimed.

Some, however, had expressions tinged with greed.

They coveted the Infinity Steles and wanted to seize them for themselves.

In the arena...

“Hahaha! That’s more like it!” Lucifer roared in laughter.

Then, he summoned the Imperial Weapon.

With the Imperial Weapon in hand, his expression remained composed, and he exuded an air of disdain toward the world.

Then, he leaped into the air.

Holding the Imperial Weapon in hand, a powerful aura burst forth from within his body as he slashed with his sword.

Powerful Sword Energy shredded through the air.

James stirred his mind, and the Infinity Steles automatically rotated and blocked the terrifying attack.

Regardless, the terrifying Sword Intent pierced through the formation created by the Infinity Steles, causing the Blood Energy inside James' body to churn.

Then, he spurted out a mouthful of blood.

"What power..." James was stunned.

At the same time, he launched a counterattack.

The Infinity Steles crashed toward Lucifer repeatedly.

Though Lucifer was powerful and possessed the Imperial Weapon, the Infinity Steles were too terrifying.

He suffered grave injuries from the Infinity Steles' attack.

Even though he was in his Second Super Combat Form, he stood no chance against James' Infinity Steles.

As the battle progressed, he suffered grave injuries.

"Lucifer, there's no need to continue this any further.

Even with your Imperial Weapon, you stand no chance against my Infinity Steles' defense.

If we continue, you'll be crushed to death by the Infinity Steles." Seeing that Lucifer was injured, James advised him.

Lucifer, whose life was hanging by a thread, sat on the ground and gasped for breath.

Hearing James' words, he gritted his teeth and smiled faintly.

Then, he slowly stood up, the sword in his hand planted on the ground.

He opened his arms and looked up at the sky before activating an arcane art.

As the arcane art was cast, the power of his blood was released, and his aura increased once again.

Then, the color of his hair slowly changed from blue to red.

"Third Super Combat Form..." Upon seeing this, a smile crept up on Tigranes' face as he murmured, "Not bad..."

To think that he has reached the Third Super Combat Form...

Each time his form increases, his strength increases drastically.” James, who was in mid-air, could also sense Lucifer’s aura growing.

“How persistent...” James furrowed his eyebrows.

Though he had used everything at his disposal, it appeared that Lucifer too had many aces up his sleeves.

The Almighty Dragon General Chapter 2529—When would this ever end? Soon, Lucifer’s hair completely turned red, and a red halo enveloped the surface of his skin.

With the Imperial Weapon in hand, he attacked once more.

Powerful Sword Energy burst forth.

Seeing this, James hurriedly catalyzed the Infinity Steles.

However, this time, they were knocked away and crashed to the ground.

Boom! As the Infinity Steles crashed to the ground, the arena shook despite not being destroyed.

Lucifer seized this opportunity and struck, knocking away the incoming Infinity Steles before breaking the formation created by them.

Holding the Imperial Weapon in hand, he struck James.

Many among the crowd closed their eyes.

To them, James had lost.

Henrik and Qusai held their breaths as they watched the battle intently.

Even Brielle was at the edge of her seat.

At that pivotal moment, majestic Sword Intent materialized from within James’ body.

His pores opened up and threads of Sword Energy appeared, quickly gathering together to form peerless Sword Energy.

A wave of Sword Energy gathered in front of James, blocking Lucifer’s fatal blow.

"What?" Lucifer was stunned.

At that moment, Sword Energy attacked him, piercing through the Imperial Weapon in his hand and striking his body.

Lucifer's body flew backward, and his body exploded in mid-air.

Half of his body was completely destroyed as he collapsed heavily to the ground.

Silence fell on the battlefield.

Just as everyone thought that James had been defeated, the tides reversed once more.

Lucifer was defeated.

Sword Energy exploded inside his body, causing half of his body to be destroyed.

Although he was still alive, he had lost the ability to continue fighting.

James stored the Infinity Steles away and dispersed the Yogacara Sword Energy.

As he descended from the sky and landed before Lucifer, he glanced downward at him and said, "You have lost, Lucifer." "Haha..." Lucifer, who was covered in blood, laughed.

"I truly underestimated you, James.

I never thought I'd still be no match for you despite having cultivated hard and reaching the Third Super Combat Form.

As expected of the genius who obtained the first and second providence of Earth.

I admit defeat..." Lucifer conceded defeat.

Hearing this, James breathed a sigh of relief.

Then, he dispersed Elemental Inversion, the dragon bones' power, and Sacrilegious Ascension.

After dispersing everything, his body went limp, and he collapsed to the ground.

At that moment, Txomin entered the arena and glanced at James, "You've won, James.

However, as you have suffered injuries, we'll postpone your battle against Brielle until your injuries have recovered." As his voice boomed, Brielle entered the arena as well.

Looking at Txomin respectfully, she said, "Patriarch, after spectating the battle between James and Lucifer, I admit I'm no match for James.

There's no need for another battle between us.

Please bestow him my hand in marriage." James' strength and tactics had completely impressed Brielle.

"alright, I declare that Brielle Labhrann is officially married to James Caden.

However, as James is injured, the marriage will be held at a later date." Hearing this, Brielle looked at James, whose life was hanging by a thread, bashfully.

Walking over to him, she tried to help him up, " Darling, are you alright?" James could not even exert a single ounce of strength.

Seeing that Brielle was trying to help him up, he hurriedly said, "D-Don't touch me...

Let me rest for a while."

The Almighty Dragon General Chapter 2530—Each time he performed Sacrilegious Ascension, James' strength would be drained, and he would require some time to rejuvenate.

However, as he possessed a Demonic Body, his recovery speed was rapid.

In the case of the Primordial Demonic Ape Race, they would need a long time to recover after performing Sacrilegious Ascension.

James lay on the ground and rested.

Meanwhile, a few powerful figures of the Hadean Clan entered the arena and took Lucifer away.

As Lucifer was defeated, he lost the right to challenge Brielle and marry her.

So, the powerful figures of the Hadean Clan did not linger for long and hurriedly turned to leave.

"It's over." "James has won." "I never thought he would emerge victorious." "Didn't the rumors say that James defeated Lucifer once on Earth? I guess this isn't that surprising,

after all.” “you have to understand that humans have the Elysian Seal inside their bodies.

As such, it isn't that easy for them to make a breakthrough.” “The human race was once the leader of all the races in the universe, after all.

Even with the Elysian Seal, they can still rise as a great force.” “James has too many treasures on him.” Many conversed.

Since the battle was over, many powerful figures chose to leave.

Henrik and Qusai entered the arena and cheered for James.

“You're awesome, James.

You even defeated the son of a Grand Emperor and a Minor Patriarch of the Hadean Clan!” Henrik wore a smug look on his face.

Qusai praised him, “You really are powerful.” James was lying on the ground.

His entire spine had been shattered.

Now, the Demonic Energy inside his body was rejuvenating his injuries rapidly.

Based on the current speed, he would completely recover within an hour.

Exhausted, he simply lay on the ground motionless and remained silent.

Brielle stood beside him, wearing a bright smile on her face.

James was too awesome, and only such a man was worthy of her.

In the blink of an eye, an hour passed.

Once James' injuries were almost completely recovered, he stood up and blocked the Labhranns' Patriarch's way, saying, “Patriarch ” Txomin waved his hand slightly and said, “You must be exhausted after the fierce battle.

Rest well for now.

We'll discuss your marriage with Brielle some other day.” James said nothing and turned to leave.

He returned to the accommodation prepared for him by the Labhranns.

When he returned, Txomin appeared in his room and set up a Magic Circle to sever the connection with the outside world.

Then, he looked at James and asked, "So how did your journey to Demon Abyss go? Did you manage to find Xandros, the lord of the human race?" He wanted to ask long ago.

However, when he came the last time, James had already entered the Celestial Abode.

As for these peculiarities, he did not question James.

James had too many secrets about him.

"Mihm." James nodded and said, "I found him." Hearing this, Txomin was overjoyed.

He asked, "What did Xandros tell you? What are his orders? What should we humans do?" James said, "He only told us to keep a low profile and observe the situation.

Once the opportunity arises, he'll find a way to leave Demon Abyss." "That's all?" Stunned, Txomin asked, "The human race is facing acrisis.

Did he say anything else?" James said, "Xandros said that we have to destroy the Heavenly Path to resolve the human race's crisis." «.

" Hearing this, Txomin was stunned.

Believing he had misheard James, he asked, "Let me confirm this.

Did Xandros really say we should annihilate the Heavenly Path?" "Yes." James nodded and said, "That's what he said."
