The Almighty Dragon General Chapter 2847-James smiled threateningly.

"If I don't fight you, then who are you suggesting I go after? I'll have to attack someone eventually. Are you just expecting us stay in this aimless stalemate?"

Yorick's expression became terrifyingly dark.

In his previous fight against James, he deliberately concealed his last resort.

However, Yorick knew he was not a match against the current James who had his strength enhanced.

Yorick was anxious.

'What should I do?' While he was in thought, James had already leaped towards him.

Yorick shouted, "Damn it. If I'm destined to be eliminated, then I'll make you expend your crystal's energy!"

At that moment, Yorick immediately transformed into the Athuran Combat Form's Third Stage. His face became green, and his teeth sharpened into fangs.

A black armor covered his body, and his body erupted with blazing energy.

Boom! James did not hold back.

The Infinity Steles revolving around him aggressively rushed toward Yorick one after the other.

Yorick had already experienced the incredible strength of the Infinity Steles, so he did not dare to forcefully deflect them.

Instead, he kept dodging their attacks.

However, James was simply using the Infinity Steles to distract Yorick.

His actual attack was not by using the Infinity Stele but through the various Supernatural Powers and Secret Attacks he had mastered. He immediately casted Curse Magic, using both Confinement and Cycle of Time on Yorick.

Then, he followed up with his skilled swordsmanship.

Yorick was struggling to withstand James' attacks.

In a short moment, he was struck a few dozen times by James' sword.

All the points that had been struck were Yorick's vital points.

"I'll be the one fighting you!"

Feb shouted and blocked Maveth's attack.

Meanwhile, Qusai laped at Matilde.

They immediately engaged in battle.

Although Maveth and Matilde were obstructed, they avoided fighting Feb and Qusai.

Instead, they quickly dodged and looked for more opportunities to strike at James.

At the moment, James was practically taking on three people at once.

Moreover, the three of them desperately tried to attack James, using all their means to consume the energy in James' crystal.

Seeing this scene, Lucifer smiled and murmured, "Go on, keep & fighting. The desperately you guys fight each other, the better it is for me."

Lucifer was happy to see the situation unfold.

James and the other powerhouses were locked in combat, so he could use the opportunity to rest and recuperate.

However, Maveth and Matilde occasionally snuck in blows at him, and he would get injured while distracted.

After fighting for a while, the crystal in James' body had its energy spent.

James cursed out, "Damn it."

At that moment, he no longer held back.

He had to eliminate one of them as soon as possible to concentrate on the other opponents.

He had summoned his Yogacara.

James' Yogacara Sword Energy flowed into the Crepe Myrtle Divine Sword.

"Die!"

After James yelled, he slashed at Maveth.

When James fought against Maveth previously, he exerted all his strength but could not even break through Maveth's defense.

This time, James' attack caused Maveth's scales to fall off, and rip a bloody gash into his body.

Unfortunately, the wounds healed instantly.

'Damn it! How did he become so strong?' Shocked, Maveth quickly retreated.

After Maveth blacked off, James unleashed high full might on Yorick.

Boom! The Crepe Myrtle Divine Sword slammed against the Athuran Sword.

Yorick's body began to disintegrate.

The impact would have wiped him out if not for the crystal in his body.

"After so many rounds, James is finally using his full strength to fight."

Lucifer murmured, "James is the strongest opponent here.

If I don't down him now, defeating him will be difficult after he's had sufficient time to recover."

Lucifer quickly made a plan. He wanted to take advantage of James being teamed up on by others. He planned to wait for an opportunity to strike and inflict severe damage on James to deplete his crystal's energy.

Meanwhile, Wilvalor also observed the brawl from a distance.

James showed overwhelming strength.

"watch out, James!"

Brielle had been paying close attention to the fights.

At that moment, a strange inscription imbued with the power of lightning appeared above him.

Immediately, thousands of lightning bolts struck down at James.

The Infinity Steles blocked off most of the lightning.

However, the lightning strikes were extremely numerous, and a few managed to strike James.

James cursed furiously, "Damn it!"

The lotus intercepted the strange inscriptions in the sky.

After the lotus struck the inscriptions, cracks formed in the space around them.

"Ha."

Lucifer snorted and called back the inscriptions.

He raised his Imperial Weapon and charged at James.

At that moment, Matilde was also keeping Qusai occupied.

Without the crystal, she would have been incapacitated or even lost her life after being struck by Lucifer’s sword.

Lucifer ignored Brielle and rushed toward James.

Haha! n Seeing that Wilvalor and Lucifer had teamed up against James, Yorick cackled haughtily.

“Even if I’m going to be eliminated, I’ll take you down with me.”
