The Almighty Dragon General Chapter 2941-James did not hide anymore and calmly strolled over to them.

The three people turned to James and ascertained his cultivation rank.

One of the men in a golden robe looked about 40 years old.

He stared at James and said, "Young man, you're only a Tenth Stage Sage, yet you've come deep into the Great Wilderness.

Do you have a death wish?" James walked over, clasped his hands together, and greeted them respectfully.

"Greetings to you." After briefly greeting them, he said, "I came all this way, but I've not encountered any ferocious beasts.

The Great Wilderness doesn't seem as dangerous as mentioned by the legends." The golden robed man said, "Bah, what do you know? You haven't encountered anything because they're all in hiding." James walked over and sat on a boulder.

He looked at the group, then asked, "Why are they hiding?" "There was an incident about thirty-thousand years ago," muttered the man in the golden robe.

Intrigued by his words, James tried to press for details." Could you tell me more about it?" The man in the golden robe looked at James and asked, "Have you also come to the Great Wilderness for the Malevolent Demon's inheritance?" James was puzzled by his words.

He had no idea who the Malevolent Demon was.

He simply came to the Great Wilderness because he was following Xainte.

James began to wonder if the Malevolent Demon was connected to Thea.

The other man in a blue robe smiled at him.

"You're brave to have come here.

May I know your name and which sect you're from?" James immediately replied, "My name is James Caden and I'm not from any sect." The man in the golden robe introduced himself.

"I'm the head of the Lehman from the Eidolon Realm.

My name is Shawn Lehman.

This is my younger brother, Hagen Lehman and my younger sister, Yoselyn Lehman.” James clasped his fists and said, “Nice to meet you, Shawn, Hagen, and Yoselyn.” Shawn lightly waved his hand and bid James to drop the formalities.

He reminded James.

“The depths of the Great Wilderness are very dangerous.

You’ll die if you are not careful.

At your current strength level, it’s advisable you turn back.” James was interested in the so-called Malevolent Demon and the events that happened tens of thousands of years ago.

He smiled.

“There’s no rush.

Could you tell me more about the incident thirty thousand years ago in the Great Wilderness?” “Have you not heard of it before?” Shawn shot James a suspicious look.

How could a cultivator from the Eidolon Realm not know about the major incident from thirty thousand years ago?” James replied embarrassedly, “It’s only been tens of thousands of years since I was born, and I’ve been in seclusion all this time.

I’ve never wandered the outside world, so I know little about worldly affairs.” Although the three Lehman members could discern James’ cultivation rank, they could not confirm James’ age.

Therefore, they were surprised to learn that James was only a few tens of thousands of years old.

The fact that he reached his current cultivation rank at this age was enough to classify him as a genius.

Seeing that James was very interested, Hagen explained,” The Great Wilderness has always been the most dangerous place in the Eidolon Realm.

It’s rumored that countless monsters used to roam the Great Wilderness, and that Emperor-Ranked monsters wandered its depths thirty thousand years ago.

“A demon appeared in the deepest parts of the Great Wilderness about thirty thousand years ago.

This demon could control the monsters and ordered them to attack cities, resulting in countless casualties.

“Back then, the largest sect of the Eidolon Realm, Paragon Sect, joined forces with Eidolon Realm’s five major academies to resolve the problem.

Many powerhouses from the different sects were sent to the depths of the Great Wilderness to subdue the demon.

“It was a great war that lasted three thousand years and caused massive destruction to our world.” Hearing this, James asked, “What happened next? What’s the result of the battle?”

The Almighty Dragon General Chapter 2942-It was normal for exceptional powerhouses to fight for thousands of years.

However, James was more interested in the results of the aforementioned battle.

James suspected the Malevolent Demon they had mentioned was his wife, Thea.

Shawn interjected, saying, ‘The battle raged on for thousands of years, and the five major academies and various sects suffered heavy losses.

Even the Eidolon Realm’s greatest cultivator, the head of the Paragon Sect, ended up severely injured.

After the battle, he isolated himself to treat his wounds and hasn’t shown up ever since.” James asked, “What about the Malevolent Demon? What happened to her?” Yoselyn replied him, “It’s speculated that countless of the Great Wilderness ‘ monsters and their leader, the Malevolent Demon, were slaughtered.” “So she’s dead?” James was stunned.

Shawn nodded and said, ‘That’s what the rumors say.

Everyone in the Eidolon Realm assumed the Malevolent Demon was dead, but news that she was still alive and only injured spread around some time ago.

Since she is nearing the end of her life, she is looking for someone to inherit her legacy.

After the news spread, many powerhouses risked their lives to reach the depths of the Great Wilderness.” After listening to Shawn, James was able to roughly understand what had taken place.

However, he was still unsure how Xainte and the Malevolent Demon were connected.

Was the Malevolent Demon really his wife Thea? Had Thea come to the Eidolon Realm tens of thousands of years before him? With Thea's strength, she was fully capable of becoming one of the strongest people in this world.

James fell into deep thought.

After a while, he asked, "Is the Malevolent Demon actually dead or alive? Who spread this news, and how reliable is it?" All three of them shook their head.

None of them knew whether the rumors had any truth in them.

The three came to the Great Wilderness because their family had offended a formidable enemy.

The only way to resolve their crisis was by obtaining the Malevolent Demon's inheritance.

Otherwise, the Lehman's would be doomed.

Shawn looked at James and said, "James, the Malevolent Demon is a QuasiEmperor.

Although she's only at that rank, she has already reached the Quasi Emperor Rank's Ninth Tribulation.

If she's truly alive and in search of a successor, she won't choose a cultivator at the Sage Rank.

The Great Wilderness is full of dangers, so you should leave as soon as possible." Shawn gently urged James.

James smirked and replied, "I didn't come for the Malevolent Demon's inheritance.

I'm here to train and was getting rather bored.

I'm willing to risk my life in search of some excitement." Hagen laughed.

"Haha! I approve.

Living a peaceful life of cultivation is too dull.

You and I are like-minded people." James asked, "Can I follow you guys into the depths of the Great Wilderness? I'll be fine if I'm with three of you." Shawn furrowed his brows discontentedly.

He was slightly reluctant to take James with them.

The three of them were also risking their lives traversing the Great Wilderness.

They were already incapable of ensuring their own safety.

How were they supposed to protect James? Yoselyn said, "Let's take him with us, Shawn.

He doesn't seem to fear death at any rate." After a brief pause, Shawn replied, "If that's the case, then he can come along." After agreeing to allow James to tag along with them, Shawn turned to James and said, "Although I'm letting you come with us, the Great Wilderness is still extremely dangerous.

No one knows what dangers are hidden within the depths of the Great Wilderness.

We can't promise your safety here." James nodded and said, "Alright, I understand.

Thank you." After a brief chat, James grew closer to the three and learned about them.

He knew the three siblings belonged to a relatively small family within the Eidolon Realm.

Their family had crossed another sect trying to compete for resources.

The three siblings decided to try their luck in the depths of the Great Wilderness.

They could resolve their family's crisis by obtaining the Malevolent Demon's inheritance.

The group gathered around a bonfire late at night, eating grilled food as they talked about the stories of the Malevolent Demon.

James tried to get more details, "Did the Malevolent Demon appear out of nowhere? If we think about it logically, there must be information about such a powerful person somewhere before the incident even happened." The only woman present, Yoselyn, replied, "It seems she did really appear out of nowhere.

There were no records of the Malevolent Demon in Eidolon Realm's history." James brought out his phone in an attempt to find Thea's photo so they could verify whether the Malevolent Demon was indeed Thea.

However, his phone had ran out of battery.

Moreover, he had kept it in the Celestial Abode and it was left unused for a very long time.

As a result, his phone was also not in great condition.

James casually tossed it aside.

After a brief thought, he asked, "What does the Malevolent Demon look like? Have you seen her before?" The three siblings shook their heads.

None of them had seen the Malevolent Demon before.

In their condition at that time, they were not allowed to participate in the battle against the Malevolent Demon 30,000 years ago.

Moreover, it was rumored that the Malevolent Demon wore a mask, and no one had seen her true appearance before.

James asked again, "Then what characteristics does the Malevolent Demon have? For example, what weapon or what kind of skills do they use?" He wanted to determine whether the Malevolent Demon really was Thea by using information about her distinguishing characteristics.

Shawn thought for a moment and said, "I did hear about something.

James' eyes lit up immediately.

He asked excitedly, "What did you hear? Let's hear about it." Shawn replied, "It's rumored the Malevolent Demon's weapon is a black sword with a slightly curved tip." James' heart skipped a beat at that description.

However, Hagen retorted.

"That can't be right... It's rumored that the Malevolent Demon uses some strange needles." In that moment, James held his breath to avoid giving away his excitement.

James rejoiced in his heart.

'That must be Thea! The Malevolent Demon is definitely Thea! 'That black sword with a curved tip must be the Malevolent Sword, and the strange needles must refer to Exalter.' Yoselyn also added.

"I also heard the Malevolent Demon uses a unique martial art skill called the Four-Quadrant Art.

What's more, they seem to have four different powerful forces that can be fused to form a singular devastating force." Shawn immediately nodded and said, "Yeah.

I heard from the seniors that participated in the fight thirty thousand years ago that they saw the vision of four beasts in the sky when the Malevolent Demon used the Four-Quadrant Art.

They saw a dragon, phoenix, qilin, and turtle, as such their martial art skill was dubbed the Four-Quadrant Art." "Haah!" James took a deep breath.

After a short conversation, he confirmed his suspicion.

The Malevolent Demon mentioned by the people of the Eidolon Realm was likely his wife, Thea.

He never expected Thea to reach the Eidolon Realm tens of thousands of years before him.

On top of that, she had also become a Quasi-Emperor.

However, why did Thea order the monster of the Great Wilderness to attack the cities within the Eidolon Realm? What happened during the tens of thousands of years since Thea's arrival in the Boundless Realm? James had a solemn expression as he pondered these questions.

"Haah!" James slowly took a deep breath.

"What's wrong, James?" asked Shawn.

James shook his head and said, "No, it's nothing.

I was simply thinking about how strong this Malevolent Demon must be.

She's killed so many powerhouses from the five major academies, the Paragon Sect, and other various sects." Hagen agreed with him.

"The Malevolent Demon is indeed a formidable powerhouse.

Despite only being at the Quasi-Emperor Rank's Ninth Tribulation, the Malevolent Demon managed to injure a Grand Emperor.

If the Malevolent Demon becomes a Grand Emperor, no one in the entire Boundless Realm will be able to defeat her, let alone anyone in the Eidolon Realm.

The group continued to converse well into the night.

Soon, a new day had dawned.

Later, the group continued advancing deeper into the Great Wilderness.

They had already travelled far into the Great Wilderness, which was incredibly dangerous.

Therefore, they advanced cautiously, afraid they would meet their ends from a random, deadly encounter.

Meanwhile, the news about the Malevolent Demon being in the Eidolon Realm had spread farther.

Now, not only the entire Eidolon Realm knew about her, but some bigger worlds within the Boundless Realm had also heard about the rumors.

Many powerhouses participated in the search to try their luck in obtaining the Malevolent Demon's inheritance.

James and the three Lehman siblings continued their adventure together.

Initially, they did not encounter anyone else within the Great Wilderness.

A month later, they bumped into many others.

The people they met were all very powerful and were at the Divine Rank and beyond.

They had also entered the Great Wilderness hoping to get the Malevolent Demon's inheritance.

However, they still did not stumble upon any monsters, let alone the Malevolent Demon.

James and the Lehmans traveled together for another month.

Eventually, they finally arrived in the deepest parts of the Great Wilderness.

"I hear a battle." Shawn halted in his steps and pinpointed where the sound was coming from.

He pointed in front of them and said, "It's coming from ahead of us." The four of them quickly advanced.

After moving forward for a short while, they heard a loud bang.

In the distance, a man and woman were engaged in a fierce battle.

The woman was none other than Xainte.

James also recognized the young man.

It was the Young Master of the Elixir Pavilion, Jules Daniela.

Although James saw them from a considerable distance, he could still recognize them.

"It's Xainte." After identifying the woman, Shawn rejoiced, "I never expected a genius like Xainte to also be scouring the Great Wilderness." Hagen thought for a while and said, "There are rumors saying that Xainte was brought out of the depths of the Great Wilderness by the Paragon Sect's Great Elder.

It's speculated that Xainte's mother was a maid serving the Malevolent Demon." These were rumors spread throughout the Eidolon Realm.

However, it was merely the claims Xainte made in the outside world.

No one really knew the truth about her past and origins.

Seeing Xainte, James' expression immediately turned dark.

He had confirmed the Malevolent Demon was Thea, which means Xainte must be his daughter.

He never expected his daughter to have already become a Qusai-Emperor.

The intense battle continued ahead of them.

After Xainte and Jules exchanged attacks, the two quickly stepped apart.

Their attacks colliding with each other caused a devastating force to tear through the surroundings and destroy the mountains around them.

“Haha.” Jules floated in the air and smirked.

“It’s no wonder you’re called the greatest prodigy of this generation.

You’re indeed powerful.” Xainte looked at him coolly.

“Get lost, Jules, or I won’t hold back against you.” Jules smiled faintly in response.

He entered the Great Wilderness to find Xainte and was uninterested in the Malevolent Demon’s inheritance.

The two stopped fighting.

Xainte descended from the sky and landed on a mountain.

She sat in a lotus position and rested momentarily.

As soon as they disengaged, Yikron approached Xainte and asked worriedly, “Are you alright?” Xainte replied without even looking at Yikron, “Jules might be at the Qusai Emperor Rank’s First Tribulation but, he can’t do much to me.” Xainte was absolutely assured of her own strength.

The Almighty Dragon General Chapter 2945-Jules was at the Quasi Emperor Rank’s First Tribulation, whereas Xainte was at the Quasi Emperor Rank’s Second Tribulation.

In a real fight, she could easily take Jules down.

Yikron changed the topic, asking, “We’ve already traveled deep into the Great Wilderness.

Where should we go next?” Xainte stopped replying him.

She sat in a lotus position and closed her eyes.

James saw Xainte land on a mountaintop from afar and planned to head over to talk with her.

His figure flickered, and he flew toward the mountain.

As soon as he landed on the mountain, Yikron shouted at him, “Stop right there!” Yikron waved his hand, and a powerful force swept toward James.

Yikron was not a Quasi-Emperor, but he was at the Divine Rank's Third Stage.

The moment James appeared, he immediately knew that James was only at the Sage Rank.

He did not unleash a lethal attack but simply moved to stop James.

Despite it being a light attack, his force contained great strength.

James was unable to withstand the blow and was sent flying.

He slammed into the ground some distance away and spat a mouthful of blood.

Yikron spat contemptuously, "So many flies are trying to get close to Xainte these days." Xainte preferred to avoid handling troublesome matters and was happy that Yikron resolved most of the problems for her.

She did not even spare a glance at James, who was sent flying.

Yikron walked over to James.

Just as James was about to get up from the ground, a foot stomped on him.

Yikron stepped on James' chest.

James struggled to break free, but there was a huge gap in strength between him and Yikron.

James felt excruciating pain in his chest.

Lowering his head, Yikron looked at James.

"Don't you know how weak you are? You're only at the Sage Rank, yet you want to see Xainte? You must have a death wish." James gritted his teeth and glared at Yikron.

Yikron raised his foot and kicked James away.

James was once again sent flying.

His body zoomed through the air and slammed into the ground.

Boom! A huge crevice formed on the ground.

James struggled out of the crevice and wiped the blood from the corner of his lips.

At that moment, the Lehman siblings walked over to James.

Shawn looked at the disheveled James.

He shook his head lightly and said, "What were you doing, James? Do you even know who Xainte is? She's not someone you can meet whenever you'd like.

Prodigies from major sects and families aren't even able to meet her, let alone someone like you." James sat on the ground disappointedly and did not say a word in response.

Xainte was his daughter.

Was it so hard to see his daughter? James gritted his teeth and cursed, "Damn that, Yikron." With Yikron around Xainte, it was impossible for James to get a chance to see her.

His only option was to find a way to meet Thea first.

James scanned his surroundings.

Many other people were around the area, and the weakest among them was at the Divine Rank.

James knew all of them had come for Thea's inheritance.

Now, his main concern was ensuring Thea's safety.

"Where are you, Thea? Are you alright?" Worry weighed down James' heart.

James discovered that the Malevolent Demon was Thea, but he was clueless about her whereabouts.

Since Xainte was his daughter, she most likely knew where Thea was.

However, James could not find a chance to talk to Xainte and ask about Thea.

In his current circumstances, James had no choice but to wait Xainte did not go anywhere else, so everyone also remained in the area.

Everyone heard about Xainte being from the Great Wilderness and that Xainte's mother was connected to the Malevolent Demon.

Therefore, they thought by following Xainte, they could find the Malevolent Demon and obtain its inheritance.

Many people gathered in the area.

Initially, there were only tens of thousands of people.

As time passed, hundreds of thousands of people had gathered around the area.

All those gathered were very powerful and were all at least at the Divine Rank.

James, who was only at the Sage Rank's Tenth Stage, was the weakest among the crowd.

All of them could easily kill James with a snap of their finger.

However, none of them were interested in James and were focused on obtaining the Malevolent Demon's inheritance.

Therefore, James was safe for the time being despite being comparatively weak.

Another month passed.

After some time, a group of people appeared in the area.

The group consisted of a couple of old men, who were injured and in terrible condition.

On the mountaintop where Xainte was, Yikron looked at the disheveled and wounded group.

He walked over and asked, "What's the situation, Elder?" An old man with grey hair and a beard said gravely, "The Malevolent Demon is still alive.

She's hiding inside a cave deeper within the Great Wilderness." Xainte stood up abruptly and asked, "How is that possible? The Malevolent Demon died tens of thousands of years ago.

How can she still be alive?" The Southern Academy's Elder replied, "It's absolutely true.

We explored the Malevolent Demon's cave.

There were many powerful monsters inside and we encountered a number of them.

However, they did not attack us, and we could easily enter the cave.

We met the Malevolent Demon when we traveled deeper inside.

She attacked us and chased us out of the cave.” Yikron asked, ‘Was the Malevolent Demon the one that spread the news about wanting to find a successor?’ The Southern Academy’s Elder shook his head.

“I don’t know.” After speaking, he scanned the surroundings and saw the hundreds of thousands of cultivators around them.

He frowned at the sight.

“I didn’t expect the Malevolent Demon’s treasure to have attracted so much attention.

We must tread carefully.

We have to head back and discuss this with the Paragon Sect’s Leader immediately.

Then, we need to unite the powerhouses of the Eidolon Realm again to subdue the Malevolent Demon.” The Great Elder looked at Yikron and Xainte, saying, “It’s very dangerous here.

We must leave quickly.” Xainte said, “I came here to find my mother.

Back then, my mother was captured by the Malevolent Demon and served as her maid.

I must go to the Malevolent Demon’s cave to find my mother.” After speaking, she ignored the Southern Academy Elder’s attempts to dissuade her and turned around, advancing further into the Great Wilderness.

“Xainte, wait for me! I’ll come with you.” Yikron shouted and chased after Xainte.

The group of elders wore complicated expressions.

One of the elders asked, “What should we do now, Great Elder?” After thinking for a while, the Great Elder replied, “Maybe the news was really spread by the Malevolent Demon.

Perhaps she was injured and hadn’t fully recovered after thirty thousand years.

Now that she’s nearing her end, she spread the news to find herself a successor.

“Regardless of whether that’s the case, we can’t just sit still.

“We must head back first to discuss with the Paragon Sect’s Leader and work together with the five major academies to prevent the Malevolent Demon from leaving her hiding spot and ordering monsters to wreak havoc in Eidolon Realm again.” The other elders nodded, agreeing with the Great Elder.

Afterward, the group of older men left.

Meanwhile, the other people were paying attention to them.

After the elders met up with Yikron and Xainte, the two immediately rushed into the depths of the Great Wilderness.

As such, they also followed after them.
