The Almighty Dragon General Chapter 2981-James took out the Jade Seal without any hesitation.

He activated the Jade Seal, and it floated above Thea's head.

Several mysterious characters engraved on the Jade Seal immediately came to life. Then, a powerful force emerged and forcibly absorbed the Curse Power from Thea's body.

Large amounts of black mist drifted from Thea's head and entered the Jade Seal.

Then, the force was transferred into James' body.

James' body suddenly trembled as he received the force.

The force was overwhelming and hard for him to bear.

Soon, his body was riddled with injuries.

Not wanting to be careless, James quickly sat in a lotus position and began performing Curse Magic. He activated the inscriptions within his body and gradually integrated the force into his body.

Many cultivators and monsters watched everything happening in the sky.

"What's happening?"

The Martial Reverend was dumbfounded.

"J-James is absorbing the Curse Power from the Malevolent Demon's body."

The other powerhouses were equally shocked by the scene.

At that moment, a lot of discussions began to take place.

"What sword was given to the Malevolent Demon? Why is it so powerful?"

"James gave her the sword, allowing her to break through the formation we carefully prepared for this day. Moreover, so many of us were injured."

"What's the Jade Seal that James just unleashed?"

"It seems extraordinary to have the capability to absorb the Curse Power."

Many of the powerhouses discussed the situation.

Meanwhile, James focused on suppressing the energy that entered his body.

The Curse Power he had absorbed previously on Earth had already turned into a few inscriptions in his body. After he absorbed the curse from Thea's body, they also turned into a few black inscriptions.

James was unsure of why it was happening.

However, these inscriptions did not have any effect on him.

Soon, James had completely absorbed all the Curse Power from Thea's body.

Thea fully recovered.

James sat in a lotus position and concentrated on suppressing the Curse Power in his body.

At that moment, Xainte approached them.

Thea noticed Xainte walking over.

Xainte called out, "Mother!"

Thea looked at Xainte with guilt.

She was conscious when she gave birth to Xainte. However, she was injured, and the Paragon Sect's Great Elder had coincidentally shown up at that moment. Thus, Thea left Xainte wrapped in a blanket that had her daughter's name embroidered on it. Then, she escaped.

Noticing the name on the blanket, the Great Elder of the Paragon Sect named her Xainte Callahan.

Thea looked at Xainte and responded softly, "My child."

Xainte rushed over and threw herself into Thea's arms.

The many powerhouses that were watching them were shocked.

How was Xainte related to the Malevolent Demon?

What relationship did James, the Malevolent Demon, and Xainte have with each other?

The reunited mother and daughter cried tears of joy.

“Mother, that man...”

Xainte looked at James, who was focused on suppressing the Curse Power.

Thea looked at James and said tenderly, “That’s your father.”

“Huff!”

Xainte took a deep breath.

James had already mentioned it to her before, but she still had a bit of doubt. After receiving her mother’s affirmation, she reluctantly accepted the truth.

Xainte pouted. “I can’t believe he’s really my father.”

The Almighty Dragon General Chapter 2982-The Curse Power within Thea’s body was completely removed and transferred to James.

James sat in a lotus position in the air, completely focused on suppressing the Curse Power in his body using the Jade Seal.

With his strength alone, it was impossible to do it without any external means.

However, it was doable with the Jade Seal.

Gradually, the Curse Power absorbed into his body was suppressed.

James had seven black inscriptions within his body. Now, the eighth inscription was slowly taking shape.

Thea was worried about James. Even she could not suppress such terrifying energy and was controlled by it. How was James supposed to suppress it with his strength?

However, she was relieved after seeing that James was unscathed.

The battle in the area was temporarily halted with the appearance of James. However, several other fights were still taking place in other regions of the unknown world.

Meanwhile, a mysterious man happily watched the continuous flow of Blood Essence into the formation from the deepest part of the unknown world and even began humming.

“You’ll be resurrected very soon, My Lord.”

However, he was unaware that Thea had gotten rid of the Curse Power in her body.

Time passed minute by minute.

After James temporarily suppressed the Curse Power in his body, he entered the Celestial Abode.

It would take him a long time to suppress it completely, so he had to enter the Time Chamber. By doing so, he would have more time to suppress the Curse Power.

Seeing that James had disappeared, Thea knew that he had entered the Celestial Abode. Therefore, she did not have to worry about him for now. She turned to the powerhouses in the distance.

Her brows furrowed.

Thea knew she had made a lot of mistakes.

She took a deep breath, then walked toward the Martial Reverend.

The Martial Reverend was already injured. Seeing Thea approach with the Crepe Myrtle Divine Sword, he stood up and was on guard.

Thea called out to him, “Martial Reverend.”

“Malevolent Demon...”

The Martial Reverend had a solemn expression.

Thea said apologetically, “It’s not the first time we’ve fought against each other, so we should be considered old acquaintances. However, I was being controlled when we fought. A mysterious man proficient in Curse Magic has been using me. His goal is to resurrect a powerhouse from the Primeval Age.

“I know I’ve made a lot of mistakes.

“However, this mysterious man would’ve used someone else if not me, and everything would’ve eventually come to this.

“Moreover, many powerhouses in the Eidolon Realm are already being controlled by this mysterious man. From the mysterious man’s actions, his goal must’ve been to attract numerous powerhouses into this world to absorb their Blood Essence. Then, he could activate the Resurrection Formation.

“Our top priority right now is to find the Sanctuary of Darkness and kill the mysterious man behind it. After his death, this catastrophe will be resolved.”

The powerhouses listened to Thea attentively.

The Martial Reverend fell into thought.

After a while, he asked, “Who was controlling you?”

Thea shook her head and said, “I don’t know his identity either. After I was cursed, I wasn’t always clear about what was happening around me. Besides, I’ve never seen his face before. He usually appears in the form of a black shadow.”

The Martial Reverend questioned, “How strong is he?”

Thea fell into thought.

The Almighty Dragon General Chapter 2983-After thinking for a while, Thea said, “He should be a Grand Emperor. However, he didn’t seem to have reached far in the Grand Emperor Rank and is likely at the Grand Emperor Rank’s First or Second Heaven. He practices Curse Magic and uses Curse Power. Therefore, he has tremendous strength, and defeating him won’t be easy.”

“Where’s the Sanctuary of Darkness?” asked the Martial Reverend.

Thea recalled the location briefly and said, “It’s in the deepest part of this world. I can vaguely remember where it is. However, we can’t rashly barge in there. We must be fully prepared.”

“Then, what’s your relationship with James?”

“He’s my husband. We came to the Boundless Realm together, but we got separated. Ultimately, I got controlled by this mysterious mastermind and was used as a puppet to achieve his goal of resurrecting a powerhouse.”

Thea did not hide the truth from them.

Hearing her explanation, the Martial Reverend looked at the other powerhouses. He stepped forward and said, “My fellow cultivators, I’ve found out the truth of this disaster. A mysterious man is trying to resurrect someone from the Primeval Age. After he is brought back from the dead, he will surely bring chaos to our world.

“We might not be this person’s opponent if he were to be resurrected.

"We need to find an escape route as soon as possible and return to the outside world. Then, we need to discuss this with the Elixir Pavilion's Leader and request him to gather powerhouses throughout the Boundless Realm to come to this world and kill the scheming mastermind.

"As for Thea's crimes, how about we overlook them for now and decide on her punishment after we get rid of this mysterious man?"

"You call the shots, Martial Reverend."

"Since we've come to this, it's our only choice."

"Moreover, we're all infected by curses. Only James can dispel them, so there's nothing we can do to the Malevolent Demon either."

The powerhouses gradually expressed their opinions.

After a short discussion, the powerhouses began to heal their injuries.

Although they had decided on a plan, they had to recuperate from their injuries before they could take action.

Meanwhile, Thea and Xainte sat together on a boulder.

"Mother, Father has already told me everything about your relationship. Initially, I thought he was trying to deceive me. I never expected it to be true and for him to really be my father."

Thea looked at Xainte apologetically and said, "I'm sorry I abandoned you. I really had no other choice."

"It's alright. It's all in the past."

Xainte's nose went stuffy as she tried to hold back her tears.

"By the way, my name isn't Xainte Callahan anymore and should be Xainte Caden, right?"

Xainte pouted and chuckled.

Thea also laughed at her remark.

"Will my father be alright?"

Thinking of James, Xainte began to worry about his well-being.

Thea replied, "He should be fine. He had absorbed and suppressed a lot of Curse Power before. I'm sure he'll be fine this time as well."

With Thea's reassurance, Xainte felt relieved.

Meanwhile, James had entered the Time Chamber within the Celestial Abode.

He was concentrating on suppressing the Curse Power in his body. After the Curse Power was suppressed, they gradually turned into black inscriptions.

At first, there were only about seven.

When he completed suppressing the Curse Power, more than a hundred black inscriptions had formed inside his body.

However, James was clueless about their meaning. He could only tell they were Curse Inscriptions and were essential to practicing Curse Magic.

Perhaps, this was real Curse Magic.

The version other powerhouses practiced was the evil version born with time. James knew the real Curse Magic was not intended to be evil since he had met with the Ancestral Talisman Master when he traveled through the Space-Time Portal.

James scanned the hundreds of mysterious inscriptions. Each of them exuded mysterious energy.

Then, he looked at the Jade Seal in front of him and thought, 'These inscriptions were formed because of the Jade Seal. Perhaps the Jade Seal is the only way I'll be able to learn real Curse Magic. However, it will be hard for me to understand Curse Magic since I'm still relatively weak.'

The Almighty Dragon General Chapter 2984-James took a long time suppressing the Curse Power in his body.

However, he was clueless as to how much time had passed.

He looked at Nova beside him and asked, "How long has it been since I came to suppress the Curse Power in my body?"

Nova replied, "Three months have passed in the outside world."

“Huff!” James took a deep breath.

It had already been three months?! He had not even informed Thea and Xainte that he was entering the Celestial Abode.

He had no idea how the situation had progressed after three months.

This time, he successfully suppressed the Curse Power and converted them into some mysterious black inscriptions.

Curse Power was an extraordinary form of energy.

However, his body had been reshaped by the Demonic Lotus. Therefore, he was capable of absorbing any form of energy.

After he suppressed the Curse Power, the force permeated his body and increased his strength.

Previously, he was at the Sage Rank’s Tenth Stage. Now, he had already reached the Sage Rank’s Twelfth Stage, and his physical strength was also raised to the Sage Rank’s Eleventh Stage.

Although his cultivation rank had improved by two stages, he was still relatively weak. James knew he had a long way more to go.

However, he firmly believed that he would reach the pinnacle of cultivation within tens of thousands of years.

“I’ll head out first, Nova.”

James did not linger in the Celestial Abode any longer and quickly left.

He reappeared in the outside world.

As soon as he appeared, he spotted Thea and Xainte.

Three months ago, this place was full of cultivators and monsters.

However, there were only Thea and Xainte left in the area.

“James...”

Seeing James, Thea walked over and called out to him.

Xainte also followed after Thea. She glanced at James, wanting to address him as her father but could not muster up the courage.

However, James did not care about such things.

He looked at Thea and asked, "What's the situation now, Thea?"

Thea replied, "After you entered the Celestial Abode, the Martial Reverend and the other powerhouses began to treat their injuries. After they recovered, they left to support the other cultivators engage in fights with monsters in this world."

James said softly, "I see."

Thea continued to explain, "According to the plan we've come up with, we'll try to find a way to escape this world while saving the other cultivators. Then, we'll request more powerhouses from the outside world to participate in this fight. With our strength, it might be hard to slaughter the mastermind. Even if we somehow kill him, almost half of the people that entered this world will be sacrificed."

She looked at James and asked, "Do you have a better idea?"

James shrugged and said, "I'm only a weakling at the Sage Rank. What better idea could I have?"

In fact, James really did not have any suggestions.

After a brief thought, Thea said, "If that's the case, let's join the Martial Reverend's party first. I can command the monsters that are being controlled. As long as I show up, the monsters will stop attacking."

James nodded. "Alright."

Then, the three left the area and rushed toward the world's central region.

Along the way, they encountered many cultivators still entangled in fierce fights.

Although three months had passed, many battles were still going on throughout the world.
