The Almighty Dragon General Chapter 3181-After successfully merging his soul into the physical body, Emperor Jabari stretched out his body. Then, a faint smile appeared on his handsome face.

“This feels pretty good,” Emperor Jabari said with a slightly trembling voice.

Nova also came over to see them. Upon noticing Emperor Jabari, he lit up with joy and exclaimed, “Congratulations, Emperor Jabari!”

Emperor Jabari gently waved his hand. Then, he stretched out his limbs and waist.

He turned to James and said, “Thanks for the hard work all these years, James.”

Without James’ help, he would have to wait a long time before he could finally be resurrected.

James replied, “I have you to thank as well, Emperor Jabari. I wouldn’t have survived until now without your help.”

Emperor Jabari asked, “By the way, how’s the progress with cultivating Dark Power?”

James said, “I’ve already cultivated it to the peak of the Sage Rank’s Thirty-Third Stage. However, I couldn’t form an Ousia...”

Afterward, James explained his body’s condition to Emperor Jabari.

Hearing this, Emperor Jabari had a solemn expression.

He had acquired the Dark Scriptures from the palace walls, which were information left behind by Yukia.

Therefore, he was familiar with them.

“Perhaps we’ve only obtained half of the Dark Scriptures. There might be another lower volume containing information on cultivating a Dark Ousia and Path Seal.”

“Is there a lower volume? Where is it located?” asked James.

Emperor Jabari shook his head.

He had no idea if a lower volume of the Dark Scriptures really existed since Yukia did not leave any information about it.

“Let’s go have a look outside.”

After speaking, Emperor Jabari left the Celestial Abode with a thought.

Although the Celestial Abode's current owner was James, Emperor Jabari was its creator. Thus, he did not need James' permission to leave.

James followed him out of the Celestial Abode with Nico.

The next moment, the three of them appeared in the darkness.

Emperor Jabari looked at the darkness before him, then fell into thought. He had a very solemn expression, and it was hard to read his thoughts.

Beside him, James asked, "What's wrong, Emperor Jabari?"

Emperor Jabari returned to his senses. He shook his head and replied, "It's nothing. I don't think there's anything else we can do in the Dark World. This place is bizarre, and even I can't tell how long we've been here. It's about time we leave."

James nodded and said, "I'm sure we'll find the escape route with you here."

Emperor Jabari said, "I'll head back to the Celestial Abode. Although I was just resurrected with a perfect and strong physical body, my Soul Power hasn't fully recovered. I haven't reached the peak of my strength.

"I must treat my wounds and quickly regain my Soul Power. Then, I'll restore my strength to its peak and my physical body back to a Ninth Heaven Grand Emperor.

"While in seclusion, I'll locate the exit path out of this place."

With Emperor Jabari's assistance, James had no worries.

Emperor Jabari disappeared with a flash and returned to the Celestial Abode.

Inside the Celestial Abode, Emperor Jabari began to locate the exit.

Emperor Jabari was now incredibly powerful after being resurrected. Nico was no longer a match against him.

Emperor Jabari began to locate the exit, but he could only find the general direction to leave.

He could not estimate how long it would take for them to leave the Dark World.

Emperor Jabari instructed, "James, it's on the left."

"Alright."

James did not hesitate and advanced toward the left.

The Almighty Dragon General Chapter 3182-James began advancing in the darkness, following Emperor Jabari's instructions.

"Wait a moment."

Emperor Jabari's voice came from the Celestial Abode.

Hearing his voice, James regained his senses and stopped moving.

Emperor Jabari said, "This isn't the right way."

James asked, "What happened?"

"Wait. Let me locate the exit again."

Emperor Jabari began to relocate the way to leave.

However, his powers had little effect in the Dark World. Thus, it was impossible to find the precise path to leave. He could only gauge the rough direction of the exit.

"Stand back."

After a while, Emperor Jabari said, "Turn back."

"Alright." James turned around and started walking forward without any hesitation.

"Wait. Now, to the left..."

Emperor Jabari kept guiding James.

James followed Emperor Jabari's instructions and kept moving forward.

After an unknown amount of time had passed, the mist ahead of them gradually dissipated, and light could be seen in the distance.

James was overjoyed. He quickly rushed out of the Dark World, reappearing in a grayish surrounding.

"We're out! We're finally out of the Dark World!" James cheered.

Nico took a deep breath and said, "We've finally made it out."

Immediately afterward, Nico began to sense the time of the world.

He was a Fifth Heaven Grand Emperor. Although not proficient in the Time Path, he could tell how much time had passed with his Divine Sense.

"Ninety thousand years."

Nico looked at James and said, "I've sensed the time and found that ninety thousand years have passed since we entered the Dark World."

James was startled and dumbfounded by the news.

"Ninety thousand years?"

It did not feel like much time had passed while they were in the Dark World. How could ninety thousand years have passed while they wandered the Dark World?

James only had a hundred thousand years to accomplish his goal.

With the addition of the time he had spent in the Boundless Realm previously, there was little time left for him.

There were only a few thousand years left for him.

After a few thousand years passed, humanity would have to face the Fourth Calamity.

James had a solemn expression. No matter what, he had to obtain the Ancestral God Rank Elixir in the next few thousand years.

Fortunately, Emperor Jabari regained a physical body and was resurrected.

Emperor Jabari could use the Extrapolation Path's power to locate the Ancestral God Rank Elixir.

James was confident in obtaining the Ancestral God Rank Elixir in the few thousand years he had left.

"Emperor Jabari, use your Extrapolation Path to locate the Ancestral God Rank Elixir's whereabouts."

Emperor Jabari's voice came from the Celestial Abode. "There's no need to rush. Head back to the Elixir Realm first. We've been away for too long and have no idea of the situation in the Elixir Realm right now."

“Alright.”

James nodded.

Afterward, he quickly left the Azure Realm and appeared in outer space.

Nico knew James’ actual strength and that he could not make spatial passages. Therefore, he waved his hand and created a passage in the space. A void immediately appeared before them.

James and Nico entered through the void and disappeared from space.

As soon as they appeared at their destination, many armed warriors surrounded them. The warriors stared warily at James and Nico who appeared out of thin air.
