The Almighty Dragon General Chapter 3183-Seeing the armed warriors, James and Nico exchanged a glance at each other.

James walked toward them.

One of the armed warriors shouted at him, "Stop right there!!!"

His voice was deafening, and James felt his eardrums go numb.

James refrained from moving recklessly and asked, "What's wrong? Did something happen here? I'm James Caden. I'm friends with the Elixir Pavilion's Master."

The captain said coldly, "Wait here. We'll go report your visit."

James did not act rashly either.

The strict defenses outside the Elixir Pavilion gave him a feeling that something must have happened during the ninety thousand years that he was gone. Moreover, it was definitely a significant event.

Nico, on the other hand, remained silent.

Meanwhile, many powerful powerhouses gathered in the Elixir Residence's main hall within the Elixir Realm.

Silvester sat in the highest seat while Helvius was beside him.

With a solemn look, Silvester said, "The Sanctuary of Darkness has been growing rapidly and have taken over every other world except the Elixir Realm. If not for Melinda's powerful formation, the Elixir Realm might have fallen long ago."

Many powerhouses were in the hall, but none of them spoke out.

Thea also had a worried look. The Sanctuary of Darkness was not her primary concern. Right now, she had to prioritize finding the Ancestral God Rank Elixir.

After James' departure, she tried searching for the Ancestral God Rank Elixirs. However, she had no luck in the past ninety thousand years.

Moreover, James had not returned after such a long time.

Thea was anxious about whether she could find the Ancestral God Rank Elixir within the limited time to help humanity survive the impending calamity.

She did not stop cultivating for the past ninety thousand years.

Back then, she was a Quasi-Emperor at the Ninth Tribulation. Right now, she had already become a Second Heaven Grand Emperor.

Xainte was also impressive. She had stepped into the Quasi Emperor Rank's Ninth Tribulation and was only one step away from becoming a Grand Emperor.

"Reporting!"

Just when the hall fell into dead silence, a fully armed warrior walked into the hall.

The warrior had powerful energy and emitted a domineering aura. At a glance, it was evident he was a powerful cultivator that had fought countless battles and was already a Grand Emperor.

The warrior walked into the hall and said, "Old Master. There are two people from outer space who've appeared outside the Elixir Realm. One of them claims to be James Caden."

Hearing this, Thea and Xainte immediately stood up.

Silvester's face also lit up with joy. He rejoiced, "Mr. Caden is back! Let's go see him!"

With a flash, Silvester disappeared from the hall and appeared outside the Elixir Realm.

In outer space, James was surrounded by warriors. All of them were relatively strong, but they were nothing compared to Nico.

Despite Nico's overpowering strength, he did not make a move.

Silvester appeared in outer space and noticed James and Nico. He quickly greeted them happily, "You're finally back, Mr. Caden!"

After Silvester showed up, Thea, Xainte, Melinda, and the others also followed suit.

"Honey!!!"

"Dad!"

A few voices called out to James.

James approached Thea and asked, "What's wrong here? Did something happen?"

Thea replied, "Here isn't the right place to talk. Let's head into the Elixir Realm first."

"Alright." James nodded.

They returned to the Elixir Mansion's hall within Sky City of the Elixir Pavilion.

Then, Thea recounted all the events that happened in the past ninety thousand years.

After hearing everything, James had a solemn expression. He said, "I didn't expect the Sanctuary of Darkness to have made such a bold move in the past ninety thousand years. It's time for the final decisive battle. If we can't defeat the Sanctuary of Darkness, we won't be able to collect the Ancestral God Rank Elixirs."

The Almighty Dragon General Chapter 3184-Thea told James about the events that happened in the past ninety thousand years.

After Melinda made a suggestion, Silvester took the initiative in the situation. Relying on the Elixir Pavilion's reputation, he invited many powerhouses to join forces with them.

Meanwhile, Melinda set up a robust formation for them.

The formation covered the entire Elixir Realm. It took Melinda about thirty thousand years to completely set it up.

When the Sanctuary of Darkness took notice of their preparations, it was already too late. The Elixir Pavilion had already grown much more potent and had set up a powerful formation.

The Sanctuary of Darkness knew they could not stay idle. Therefore, they began preparing for a counterattack.

In the past tens of thousands of years, the Elixir Pavilion and the Sanctuary of Darkness had engaged in countless fights. Their battles had spread throughout the Boundless Realm, and Grand Emperors were present in every battle.

The situation had prolonged for tens of thousands of years.

However, the Sanctuary of Darkness suddenly started to pick up their pace in conquering other planets a few thousand years ago.

The Elixir Pavilion had been trying to stop them, but the Sanctuary of Darkness' forces were too strong. Ultimately, the Elixir Pavilion was forced to retreat from the fights.

At that moment, the Sanctuary of Darkness had already conquered every other world in the Boundless Realm except for the Elixir Realm.

The powerhouses of the Elixir Pavilion had no choice but to retreat into the Elixir Realm and could not leave freely. Otherwise, they would be killed by the Sanctuary of Darkness' powerhouses if they were to leave the Elixir Realm.

Thea continued to explain, "The Sanctuary of Darkness has already issued an ultimatum. They want the Elixir Pavilion to surrender within a thousand years, or they'll send all their forces to wipe out the Elixir Pavilion."

James' face darkened upon hearing the news.

The current situation within the Boundless Realm was not looking very optimistic.

Apart from the Elixir Realm, the Sanctuary of Darkness occupied all the other worlds.

Silvester looked at James and asked, "James, since you're back now, do you have any means to deal with the Sanctuary of Darkness?"

James thought awhile and said, "Leave the problem with the Sanctuary of Darkness aside for now. It's more important to find the Ancestral God Rank Elixir immediately. We don't have much time left. I've only acquired one of the Ancestral God Rank Elixirs, and there are still four more somewhere in the Boundless Realm."

Everyone's gaze was fixated on James.

Those present were all core members of the Elixir Pavilion. In the past ninety thousand years, all of them had learned about the Four Calamities that humanity would have to face. They also knew about the Ancestral God Rank Elixir and James and Thea's purpose of visiting the Boundless Realm.

Thea looked at James and said worriedly, "In the past years, we've been investigating the Ancestral God Rank Elixirs' whereabouts but were to no avail."

James slightly waved his hand and said, "There's no need to worry. Emperor Jabari has already been resurrected. He's proficient in the Extrapolation Path. He should be able to locate the Ancestral God Elixirs."

After speaking, James fell into thought.

Then, he said, "How about the Elixir Pavilion's seniors stay here? I'll go out to look for the Ancestral God Rank Elixirs. After collecting them, we'll have a decisive battle with the Sanctuary of Darkness. With the few thousand years left, we should be able to settle everything."

Thea nodded and said, "Since things have come to this, that'll be our only choice."

After a brief discussion, James remained in the Elixir Pavilion. He did not head out immediately.

James, Thea, and Xainte gathered in a separate courtyard in the Elixir Pavilion's backyard.

Thea said worriedly, "Honey, are you confident in collecting all the Ancestral God Rank Elixirs in the remaining time? If you don't find them, it'll be the end for humanity."

James shook his head and said solemnly, "To be honest, I'm not too sure either. I can only do my best."

Xainte asked, "Dad, can I help you with anything?"

James shook his head and said, "I don't need any help for now. You can just stay in the Elixir Pavilion and be at ease. I'll only bring Nico to search for the Ancestral God Rank Elixirs."

"Alright." Xainte nodded.

Afterward, James entered the Celestial Abode and headed to Emperor Jabari's seclusion sanctuary.

The Almighty Dragon General Chapter 3185-Emperor Jabari cultivated within a Time Formation, and his Soul Power had recovered significantly.

After his soul fused with the new body, his recovery speed multiplied.

James entered the courtyard where Emperor Jabari usually cultivated.

Emperor Jabari sat in a lotus position in the courtyard, and multicolored light rays emitted from his body. The magical light rays were formed by Inscriptions of the Way and contained tremendous power.

James walked over and asked, "How are you recovering, Emperor Jabari?"

Emperor Jabari stopped cultivating and stood up. He turned to James and said, "My recovery is going pretty well. I've already regained about eighty percent of my Soul Power. My physical strength is already at the Grand Emperor Rank's Eighth Heaven.

Meanwhile, I've also raised my cultivation rank to the Grand Emperor Rank's Eighth Heaven.

"With my current strength, I'm invincible in the Boundless Realm."

Emperor Jabari was confident.

It was impossible for cultivators to reach the Ancestral God Rank in the current age.

Emperor Jabari was undefeatable as long as his opponent was not an Ancestral God.

James was relieved after learning that Emperor Jabari was almost fully recovered. He was confident about winning the decisive battle against the Sanctuary of Darkness.

"Emperor Jabari, time is running out for me. Can you quickly locate the remaining Ancestral God Rank Elixirs for me? I need to leave to find them. Afterward, we'll have a final battle against the Sanctuary of Darkness.

"Humanity's Fourth Calamity might begin shortly after everything here is settled."

Emperor Jabari nodded. "Alright, I'll find out their locations immediately."

He sat in a lotus position on the ground. Then, he raised his hand and summoned magical inscriptions out of his hands. The inscriptions slowly gathered to form a bizarre pattern.

The circular pattern rotated before him and emitted a dazzling light.

James stood in place and waited patiently.

Half an hour later, Emperor Jabari's Extrapolation Formation suddenly exploded.

Emperor Jabari spat out a mouthful of blood, and he collapsed to the ground.

"Emperor Jabari!"

James quickly walked over to help Emperor Jabari up from the ground.

Emperor Jabari slightly waved his hand and supported himself up. He sat in a lotus position again, wiping the blood from his lips.

"That was strange." Emperor Jabari wore a solemn expression.

James asked, "What's wrong?"

Emperor Jabari replied, "The Ancestral God Rank Elixir was refined by the humans that reached the Ancestral God Rank during the Primeval Age. In the past, it was shattered, and its parts were scattered throughout the Boundless Realm.

"A powerful formation was set up in the Ancestral God Rank Elixir, which can prevent any form of Extrapolation Formation.

"Since I was trying to find it, the formation within the Ancestral God Rank Elixir was activated, and I got injured by its force. It's a prevention tactic set up by human ancestors. They wanted to avoid the Ancestral God Rank Elixir falling into the wrong hands."

"Does that mean you didn't find them?" James was startled.

Emperor Jabari nodded and said, "Yeah. I couldn't locate them."

James said anxiously, "Then, what should I do? There isn't much time left. Thea and the others have spent ninety thousand years searching for the remaining parts but could not find them. How will I find them with only a few thousand years left?"

Emperor Jabari looked at James.

"Why are you staring at me?"

After a brief thought, Emperor Jabari said, "Since the Human Realm's Lord, Xandros, sent both of you here to find it, that means it's the fate of you both. The two of you are meant to find it, and it'll be up to you two."

"..."

Hearing this, James fell into thought.

James fell into thought. 'How will we find the remaining parts of the Ancestral God Rank Elixir?'

After a brief thought, James said, "Emperor Jabari, I'll discuss the matter with Thea."

Emperor Jabari waved his hand slightly and said, "Go on."

With a thought, James left the Celestial Abode and appeared outside in front of Thea and Xainte.

Thea immediately asked upon seeing James, "How did it go, Darling?"

James looked at Thea and said, "Emperor Jabari tried to locate it, but the Ancestor Gods that created the Ancestral God Rank Elixir had placed a restriction formation on it. It has blocked out the Heavenly Path and prevented powerhouses from locating it. Even Emperor Jabari couldn't find the remaining parts of the Ancestral God Rank Elixir."

Thea exclaimed, "Huh? Then, what should we do now?"

James quickly said, "Don't worry, Thea. Emperor Jabari said if Xandros sent us to the Boundless Realm, we were fated to find it. It'll be up to us to find the Ancestral God Rank Elixir."

"We're the fated ones?" Thea was startled.

She had no idea how they would find the Ancestral God Rank Elixir.

After a while, she said, "We entered the Boundless Realm because of Crucifier and Exalter. The two of them can fuse to form a Time Capsule. Could this be related to finding the Ancestral God Rank Elixir?"

James shook his head.

He could not be certain either.

"Let's try it," said James.

James immediately summoned and activated Crucifier.

Thea did the same with Exalter.

A fusion of Yin and Yang, as well as the fusion of heaven and earth, immediately took place. Exalter and Crucifer, with entirely different attributes, merged to form a Time Capsule.

James grabbed the Time Capsule.

As soon as he came in contact with the Time Capsule, he felt a powerful energy contained within it. The strength of the Time Capsule was not inferior to that of the Crepe Myrtle Divine Sword.

At that moment, James came to a sudden realization.

"I never thought the Time Capsule could also be an Ancestral God Weapon."

James tried to activate the Time Capsule.

However, he was too weak.

He looked at Thea and said, "Let's try activating it together."

"Alright." Thea nodded.

The two exerted their energy simultaneously.

Yin and Yang energy submerged into the Time Capsule, and a powerful force emerged.

The force permeated the air, and a vision appeared.

The vision consisted of a beautiful scenery with mountains and rivers.

There were several buildings on a mountaintop. One that stood out was a tower with golden light emitting from the top.

The vision appeared very briefly before disappearing.

James and Thea retracted their energy. The Time Capsule immediately separated into Exalter and Crucifier.

The two immediately put them away.

Thea said thoughtfully, "Could the vision just now be one of the Ancestral God Rank Elixir's locations?"

James nodded and said, "Most likely."

Thea said worriedly, "The Boundless Realm is huge and has countless worlds. How are we going to find it with just a vision?"

James replied, "Don't worry."

The Almighty Dragon General Chapter 3187-Based on his memory, James drew out the vision formed by the Time Capsule. James handed it over to Nico and asked, "You're a Grand Emperor and have traveled to countless worlds over the years, right? Do you know where this is?"

Nico looked at the drawing for a while, shook his head, and replied, "I don't recognize it."

The Boundless Realm was huge, and it was only normal for Nico to not know every place.

"I'll go ask Silvester and the others."

James left with the drawing, found Silvester, and showed him the drawing.

"Old Master, do you know where this place is?"

Silvester looked at the drawing. Then, he shook his head, saying, "I don't know. I haven't seen this place before. How about I call the powerhouses in the Elixir Pavilion to have a look?"

"Mhm." James nodded.

Afterward, Silvester summoned all of the Elixir Pavilion's powerhouses.

Thousands of powerhouses gathered in the main hall.

All of them took turns looking at the drawing.

However, they all shook their heads as they could not recognize the place in the drawing.

The results made James anxious.

The place in the drawing was most likely where one of the Ancestral God Rank Elixirs was located.

Unfortunately, no one could identify the place.

James fell into thought.

Afterward, he put away the drawing and said, "Since no one knows where it is, I'll head back first."

James returned to the courtyard, greeted Thea and the others, and headed into the Celestial Abode to see Emperor Jabari again.

James gave the drawing to Emperor Jabari.

"Thea and I merged Crucifier and Exalter to form the Time Capsule again. The Time Capsule showed us a vision. You can't locate the Ancestral God Rank Elixir, but you should be able to find this place, right?"

Emperor Jabari looked at the drawing for a while and said, "I'll try."

"Alright." James stepped aside.

Emperor Jabari began to locate the place drawn by James.

An Extrapolation Formation manifested again and circled continuously. After a few minutes, Emperor Jabari dispersed the Extrapolation Formation and turned to James with a smile.

"How did it go, Emperor Jabari?"

Emperor Jabari replied, "I found it."

James was relieved by his answer. He immediately asked, "Where is it?"

Emperor Jabari said, "It's a small world at the border of the Boundless Realm. It's a very weak world, and the strongest there is only at the Divine Rank. The place you've drawn out is a sect in that world."

"I've learned that the world's name is called the Fire Realm, and the sect is called Heavenly Flame Sect."

"Alright. I'll go right away."

James put the drawing away and immediately left the Celestial Abode.

Seeing him, Thea asked, "Darling, how did it go this time?"

James nodded and said, "Good. I've found out where it is. Thea, Nico, I need you two to come with me."

The two replied simultaneously, "Alright."

Afterward, the trio left the Elixir Pavilion. Then, they left Sky City and the Elixir Realm.

Thea looked at the fully armed guards outside the Elixir Realm and said solemnly, "The Sanctuary of Darkness has already surrounded the Elixir Realm. The moment we leave, they'll notice."

Nico asked, "Then, what should we do?"

James waved his hand and said, "We'll find a safe way to do this. We can't be impatient. I'll ask Emperor Jabari for suggestions."

Then, James said to Emperor Jabari in the Celestial Abode, "The Elixir Realm is already besieged by the Sanctuary of Darkness. If we leave, they'll definitely notice the spatial fluctuations."

A burst of laughter resounded from the Celestial Abode.

"Don't worry. I'll send you guys. I'm sure no one in the Sanctuary of Darkness has a deeper understanding of cultivation than I do. As long as their cultivation rank is lower than mine, they won't sense anything."

With Emperor Jabari assisting them, James was relieved.

The Almighty Dragon General Chapter 3188-Emperor Jabari was incredibly powerful. Although he had not recovered to his peak state, he could already be considered unbeatable in the Boundless Realm.

Although the Sanctuary of Darkness' army surrounded the Elixir Realm, Emperor Jabari could create a spatial passage without causing any spatial fluctuations that would catch the attention of the enemies.

Emperor Jabari created a tiny crack in the space ahead of them. The crack continued to enlarge and became a void about several meters wide.

James, Thea, and Nico quickly walked toward the void.

They entered the void and disappeared without a sound.

The next moment, they appeared in another location within outer space.

James took out his interstellar locator.

"We're at the right place. This is the Boundless Realm's border. None of the planets here are strong, and it's the weakest region of the Boundless Realm.

James pointed to a distant planet and said, "That's the Fire Realm."

Thea said, "What are we waiting for? Let's go."

"Okay." James nodded.

The three stepped forward and approached the Fire Realm.

They were currently within the most remote area of the Boundless Realm. The Empyrean Spiritual Energy in this region was incredibly scarce. Therefore, the strongest one could reach in this area was the Divine Rank.

Although the Sanctuary of Darkness had occupied almost every planet in the Boundless Realm, they did not bother with this area because it was too weak.

Soon, the trio arrived outside the Fire Realm.

They passed through the atmospheric layers without hesitation and entered the skies of the Fire Realm.

Then, they steadily landed on the ground.

The location where they landed was a mountain range.

They quickly left the area and bought a map of the Fire Realm to find out the location of the Heavenly Flame Sect.

Afterward, they rushed toward the Heavenly Flame Sect without stopping.

The Heavenly Flame Sect was the most powerful force in the Fire Realm.

At that moment, three figures floated outside the Heavenly Flame Sect's skies. There were two men and one woman.

It was none other than James, Nico, and Thea.

The three of them floated in the sky and used their Divine Senses to penetrate the protective formation of the sect to scan the situation within the Heavenly Flame Sect.

"We're at the right place."

James said excitedly, "It's the same as the vision from the Time Capsule. If I'm not mistaken, the Ancestral God Rank Elixir should be on top of that tower."

Thea also scanned the Heavenly Flame Sect but was unsure if the Ancestral God Rank Elixir was inside. She replied, "Let's go have a look."

"Alright," James replied.

The trio strode toward the Heavenly Flame Sect.

Although a protective formation had been set up outside the Heavenly Flame Sect, the trio was too strong, and it was ineffective against them. They were capable of infiltrating the sect without being detected by the formation.

Many disciples guarded the tower within the Heavenly Flame Sect.

Seeing the three intruders, the disciples were startled. They quickly recollected themselves and rushed over with swords to besiege James' party.

A disciple shouted coldly, "Who are you? How dare you break into the Heavenly Flame Sect's holy site?"

James looked at the Heavenly Flame Sect's disciples. They were all relatively weak and around the Sage Rank's Tenth Stage.

James said lightly, "Call your Sect Leader here."

"Presumptuous!"

One of the disciples snorted and rushed over with his long sword. A dazzling Sword Light erupted from his sword and slashed at James.

The Sword Light struck James but caused no substantial damage.

"What?"

The disciple of the Heavenly Flame Sect that attacked was dumbfounded.

He quickly returned to his senses and shouted, "Quick!!! Hurry up and notify the Sect Leader!"

Meanwhile, the remaining disciples kept retreating in fear.

James and the others did not rush it either and waited patiently.

Soon, footsteps resounded, and a group of people appeared. A middle-aged man was in the lead. He looked about forty years old and wore a golden robe.

The middle-aged man was the Heavenly Flame Sect's Leader, a powerhouse at the Divine Rank.

As soon as he appeared, he sensed a terrifying aura from James' party.

He immediately knew the three of them were powerful cultivators and did not dare to disrespect them.

"Pleasure to meet you, my guests."

The Heavenly Flame Sect's Leader walked over and said respectfully, "What brings the three of you to our sect today?"

James looked at the approaching Heavenly Flame Sect's Leader. Then, he pointed toward the tower ahead of them and said, "What's in the tower?"

The Sect Leader was taken aback by his question but quickly recomposed and replied, "There's nothing in there, Sir."

James questioned, "Is there really nothing?"

"Uhm..."

The Sect Leader hesitated to reply.

At that moment, Thea exerted her energy.

She was a Second Heaven Grand Emperor, and even a little of her energy was terrifying. Those of the Heavenly Flame Sect were incapable of withstanding Thea's energy.

Even the Sect Leader's expression changed, and his breathing pace increased. Terrified, he quickly said, "I'll talk! I'll tell you everything."

Thea restrained her energy.

Beads of sweat appeared on the Heavenly Flame Sect Leader's forehead.

He wiped his sweat and said, "To be honest, I have no idea what's within the tower."

"You don't know?" James frowned.

The Heavenly Flame Sect Leader quickly explained, "Yeah. According to our sect's ancient book, a golden light suddenly landed in our sect. Since then, the tower's highest floor has become a forbidden area."

“For countless years, many of our sect’s powerhouses have tried every single means to enter the ninth floor, but none succeeded. No one was strong enough to break into the highest floor.”

After speaking, he looked at James’ party.

Then, he asked, “Do you know what’s inside the tower, Sir?”

Their sect’s tower used to be very ordinary, but it became extraordinary after the descent of the golden light.

Since ancient times, countless powerhouses of the Heavenly Flame Sect had tried to find out what was on the highest floor.

However, they still had not figured it out after so many years. The Sect Leader was also curious to learn what was hidden in the tower.

James asked, “Is it okay for me to take a look inside the tower?”

The Sect Leader did not dare to refuse James’ request. He hurriedly replied, “Sure.”

James strode toward the tower and pushed open the door without hesitation.

Then, he ascended directly to the eighth floor. Just as he was about to climb to the ninth floor, he felt a powerful force blocking him from advancing.

He attempted to walk through the force but was knocked away.

The Sect Leader followed him up the tower. Seeing James being blasted away, he hurriedly said, “There’s a powerful barrier here. Since ancient times, no one from our sect has been able to pass through it.”

Nico walked over and attempted to walk through the barrier.

However, it did not work for him either.

Thea said, “Do we need to use the Time Capsule?”

James nodded. “That’s most likely the case.”

Afterward, the two summoned Crucifier and Exalter.

The two weapons fused to form the Time Capsule. A powerful force emerged from the Time Capsule, and the barrier gradually disappeared.

James immediately headed up to the ninth floor.

Nico and Thea followed closely behind him.

After being stunned momentarily, the Heavenly Flame Sect's Leader quickly caught up with them. For ages, he had been curious to find the answer to their sect's unsolved mystery.

Every floor was incredibly huge, spanning about a thousand square meters.

After breaking the barrier on the eighth floor, James proceeded to ascend to the highest floor.

He slowly ascended the stairs.

After turning a corner at the staircase, James could finally see the ninth floor.

On the ninth floor, there was nothing except a golden ray. The light illuminated the floor with a blinding light.

Soon, James arrived on the ninth floor.

Thea exclaimed joyfully, "It's the Ancestral God Rank Elixir!"

James could also clearly see that the golden light came from the Ancestral God Rank Elixir.

He walked over and picked up the Ancestral God Rank Elixir. It was about the size of a fist and had mysterious inscriptions on its surface.

James suppressed his excitement and carefully stored it away.

The Heavenly Flame Sect's Leader was puzzled and could not help asking, "What was that, Sir?"

James looked at him and said, "It's better you don't know about it."

"Y-Yes, of course." The Heavenly Flame Sect's Leader nodded repeatedly.

Thea casually waved her hand, and a jade piece appeared in her hand.

She threw it toward the Heavenly Flame Sect's Leader and said, "You've done well protecting this treasure. Here's a cultivation manual as a reward. If you practice it hard, you'll eventually reach the Grand Emperor Rank."

The Heavenly Flame Sect's Leader was overjoyed and accepted the jade piece from Thea. Then, he hurriedly expressed his gratitude, "Thank you, Miss."

After James put away the Ancestral God Rank Elixir, he did not linger and quickly left.

The trio stopped on a mountain range near the Heavenly Flame Sect.

James said, "We've obtained the second Ancestral God Rank Elixir. There are still three more we need to find. According to the information from the Elixir Pavilion, the Sanctuary of Darkness has acquired one of them. Then, there are two more that are still hidden somewhere in the Boundless Realm."

"Yeah." Thea nodded.

She summoned Exalter and said, "Let's find out where the next Ancestral God Rank Elixir is."

"Alright." James also summoned Crucifier.

The two performed Heavenly Transformation and Demonic Transformation to form the Time Capsule again. Then, they activated the Time Capsule, and a powerful force emerged.

This time, the vision showed them a sea region.

A huge whale about the size of an island could be seen on the sea's surface. As it swam, enormous waves spread across the sea.

The vision disappeared.

Confused, James asked, "What does this mean? What's the whale in the sea about?"

Thea fell into deep thought and said, "Could the next Ancestral God Rank Elixir be related to creatures?"

James nodded and said, "It might be. I'll go to the Celestial Abode and ask Emperor Jabari to locate the place from the vision."

The Ancestral God Rank Elixir prevented powerhouses from locating its whereabouts. Despite that, Emperor Jabari should be able to find the location of the sea region shown in the vision.

James entered the Celestial Abode.

Meanwhile, the Sanctuary of Darkness' Master, Tadhg Gallagher, had gathered many powerhouses in the Cursed World.

Beside him, Tamuuz asked, "Are you sure it'll work this time, Master?"
