The Almighty Dragon General Chapter 3213-“Meanwhile, the one who manages a universe is called a Macrocosm Ancestral God. Theophanes, the one who created the Heavenly Path of the Twelfth Universe, is a Macrocosm Ancestral God. The same goes for the other eleven universes. Not only that, there is more than one Macrocosm Ancestral God in other universes. If it weren't for the fact that Lord Theophanes had to be wary of the Macrocosm Ancestral Gods of other universes, he wouldn't have allowed you people to run amok,” Ludwig said nonchalantly.

As a Heaven's Adjudicator, he was constantly by Lord Theophanes the Macrocosm Ancestral God's side. As such, he was extremely knowledgeable.

Hearing this, James was dumbfounded.

Twelve universes? He could not believe that there were twelve universes in this world. Not only that, there was even a rank beyond the Ancestral God—the Macrosom Ancestral God Rank. Meanwhile, the creator of the Heavenly Path was a Macrocosm Ancestral God.

The others were all confounded. Most of them lived in the Boundless Realm, and this was their first time out of the realm. To think that the Boundless Realm was but a tiny speck of dust in this vast universe. Not even Jabari knew of the things Ludwig said. However, since humankind wished to annihilate the Heavenly Path and the Macrocosm Ancestral God, they must have their reasons.

“Cut the cr*p.”

Jabari's expression turned ice cold. Holding the Divine Sword in his hand, powerful energy shredded through the air, destabilizing the space in the surroundings. Unable to resist the power, cracks began to appear on Polaris.

Swoosh!

Countless figures flew out of Polaris as they fled the planet.

Boom!

Unable to withstand the overwhelming power, Polaris disintegrated into nothingness.

Tadhg, Tamuuz, and the rest of the Sanctuary stood behind Ludwig.”

“Hahaha...” Ludwig clapped as he laughed. “Not bad... Being at the peak of the Grand Emperor Rank's Ninth Heaven means that you're only a step away from reaching the Quasi Ancestral God Rank. This is a terrifying rank even in the Primeval Age. In this age where Ancestral Gods no longer exist, you must surely be unparalleled. Not only

that, you even possess an Ancestral God Weapon. You are invincible against anyone below the Ancestral God Rank. However..."

Ludwig sneered and said, "What a shame that I have appeared. Even though I'm not an Ancestral God, you don't stand a chance against me."

Jabari remained silent. However, his aura steadily grew.

"Enter Formation!" James yelled.

As he yelled, the 400,000 individuals behind him immediately dispersed and catalyzed the Nine Heavens God-Annihilating Formation, forming a Superformation. The power of these 400,000 men gathered to form four powers. Meanwhile, James, Thea, Nico, and Helvius, who were the leaders, absorbed these powers, and their strength soared.

"Huh?"

Ludwig was stunned.

"What a bizarre Formation."

At that moment, the powers of Thea, Nico, and Helvius entered James' body, and his power soared.

"Not bad..." Ludwig snickered and said, "No matter how terrifying your Formation is, you can never break the limitations of heaven and earth. Meanwhile, the current limitation is the peak of the Grand Emperor Rank's Ninth Heaven."

The Almighty Dragon General Chapter 3215-Emperor Jabari was on guard. At that moment, he raised his arm, and 10,000 Paths emerged from the Divine Sword in his hand. Fusing the power of the Paths with the sword, he pierced the black energy ball.

Boom!

The void immediately exploded. The ripples of the explosion shredded through the air, destroying the planets in the region.

Standing a distance away, James could sense a terrifying power sweeping toward him. Now, however, as he had absorbed the power of 400,000 Quasi Emperors, he was able to withstand this power. The same went for the 400,000 figures in the Formation.

Jabari deflected the attack. However, he now knew how terrifying Ludwig was. Though the move was ordinary, he had to use his full strength to deflect the attack. If this continued, he would certainly be defeated.

At that moment, James was unwilling to remain on the sidelines. His body flashed, and he appeared on the battlefield. As his mind stirred, 108 Infinity Steles materialized into being. Then, the Five Elements of Genesis appeared, from which Elemental Power was exuded. As Elemental Power merged and intermingled with one another, a huge Elemental Wheel was formed.

Upon seeing this, Tadhg, Tamuuz, and the rest of the Sanctuary unconsciously staggered backward. As they had fought against James in the past, they knew just how terrifying those treasures were.

“What are those?”

Ludwig stared at the Infinity Steles and the wheel formed by the Five Elements of Genesis in James' surroundings.

Then, his expression turned grim.

"The Five Elements of Genesis... Primeval Age... The Natal Treasure of the Five Ancestral Masters of Heaven and Earth?"

As a Heaven's Adjudicator, Ludwig had come into contact with many Ancestral Gods. As he knew about the Ancestral Gods in the Primeval Age, he could recognize the Five Elements of Genesis at a simple glance. His expression turned grim.

"As expected of the envoy of humankind, he has many treasures in his possession. However, we are no longer in the Primeval Age. In this age, all will be suppressed by the Heavenly Path."

Ludwig was undaunted. Though he recognized the Five Elements of Genesis, he could not recognize the Infinity Steles.

"Hmph!" James grunted. Then, as his mind stirred, an Infinity Stele rushed toward Ludwig with extraordinary power.

Ludwig was composed. Just as the Infinity Stele was about to crash into him, he raised his arm and casually waved. As he struck the Infinity Stele, it was knocked away by an overwhelming force. However, at the same time, he could sense a terrifying power coming from within. This power caused the Blood Energy inside his body to churn, and he stumbled backward.

"What?"

Ludwig was stunned. With his strength, he should be able to obliterate any kind of treasure in this world. Now, however, the Infinity Stele was unscathed, whereas he, on the other hand, was somewhat injured.

The moment he was distracted, the other Infinity Steles came crashing toward him. 108 Infinity Steles attacked him in succession.

At that moment, he moved. His body transformed into a shadow and struck back at the incoming Infinity Steles, knocking them away. The Infinity Steles that were knocked away managed to destroy the space in their surroundings.

James attacked relentlessly. After the Infinity Steles, he summoned the Elemental Wheel, which came crashing toward Ludwig. Ludwig summoned his strength and blocked the attack, his power interwoven with that of the Elemental Wheel.

Boom!

The void exploded.

Ludwig was sent flying by the explosion, and so too did the Elemental Wheel.

At that moment, Jabari made his move.

Holding the Divine Sword in his hand, he charged toward Ludwig at an extraordinary speed. Raising his hand, countless glimmering Sword Light burst forth. In the void, they formed a bunch of Sword Webs that interwove with each other.

Ludwig's speed was extraordinary. He traversed through the Sword Web and dodged the consecutive attacks.

Though James and Jabari used all their strength, Ludwig was fighting with a composed expression on his face. His mind seemed to be elsewhere.

The Almighty Dragon General Chapter 3216-Through the power of 400,000 Quasi Emperors and a few Grand Emperors, James obtained immense power. At that moment, his strength reached the Ninth Heaven Grand Emperor Rank. With the treasures in his possession, his power had reached the pinnacle of what Heaven permitted.

Summoning his full strength, he attacked relentlessly. The Infinity Steles and the Elemental Wheel overwhelmed everything that stood in their way in the void. Jabari, meanwhile, also summoned his full strength. With the Divine Sword in hand, he performed tens of thousands of Paths.

However, Ludwig was powerful. As a Heaven's Adjudicator and the envoy of the Heavenly Path, his power had surpassed the pinnacle of what was permitted. As such, he faced off against James and Jabari with a composed expression on his face.

As the fighting progressed, Jabari and Jabari began to suffer injuries. As James was injured, so too did the 400,000 Quasi Emperors. Ludwig, meanwhile, was unscathed. He was enjoying the rhythm of the battle.

While the fighting was ongoing, in a desolate area of the Stardust Realm...

The Reincarnation Pond was a mysterious place in the Primeval Age. Now, however, the place had long dried up and become a desolated ruin.

Melinda appeared here and sat in a lotus position in the Reincarnation Pond. Closing her eyes, she raised her hand, and mysterious characters appeared in her palms.

These characters entered the surrounding soil. At that moment, the soil seemed to glimmer, and a mysterious power emerged from within. Then, the power slowly flowed toward Melinda's body, and her lost strength slowly recovered.

Meanwhile, James and Jabari were engaged in a fierce battle.

Ludwig's body flashed, and he appeared before Jabari in an instant. Clenching his fist, he slammed his fist against Jabari's body. This punch did not possess any power of the Path and contained only raw physical strength.

Jabari's body was immediately distorted beyond recognition. Then, he was sent flying, and he spurted out a mouthful of blood.

After knocking back Jabari, Ludwig appeared before James in an instant. Before James could even react, a fist containing devastating power slammed against him.

James raised his arms to block the attack.

Boom!

The two powers collided.

Space immediately exploded, and a black hole the size of a planet appeared in the void. James' arm cracked at an extraordinary speed. In mere seconds, his arm was completely unusable. Meanwhile, he was also sent flying. As he was injured, the 400,000 Quasi Emperors, Thea, Nico, and Helvius were injured as well.

Seeing this, Silvester hurriedly rushed toward the battlefield to reinforce them. Sensing Silvester's presence, Ludwig casually waved his hand, and a thread of black aura materialized and attacked Silvester. In an instant, Silvester was sent flying. In just a single move, Ludwig had defeated Silvester and shattered his Path Seal, rendering him useless in a battle.

At that moment, Jabari charged toward him. His Divine Sword glimmered a radiant purple light. A Sword Light traversed through space and pierced through Ludwig's body. However, his physical body recovered at an unbelievable speed.

"Not bad... You were able to injure me."

Ludwig turned around and looked at Jabari, who was wearing a grim expression on his face, and flashed his teeth, saying, "Any last words?"

At that moment, James had already retreated far away.

The Almighty Dragon General Chapter 3217-'Could it be that the Heaven Adjudicators are invincible against anyone below the Ancestral God Rank? How are we supposed to defeat him?' James contemplated, and so too did Jabari. At that moment, he communicated with James.

"James, we won't be able to defeat him even if we fight to the death."

"What do we do then?"

Jabari said, "In my past life, I once cultivated a Forbidden Art that would allow me to obtain unimaginable power. However, once I use the Forbidden Art, I will surely die."

"Don't, Grand Emperor..."

Though James tried to stop him, he was too late.

Far away, Jabari radiated a radiant light. At that moment, he was like the sun, illuminating the pitch-black outer space. His aura soared.

Ludwig remained where he stood and looked at Jabari, smiling faintly and saying, "I'm curious to see what other tricks you have up your sleeves."

Jabari casually waved his hand, and the Divine Sword flew toward James.

James accepted the sword and looked at Jabari, who was glimmering a golden light.

At that moment, countless inscriptions of the Path emerged on the surface of his skin, gathering to form the petals of a flower.

"A Sacred Blossom?"

James recognized the Sacred Blossom at a simple glance. However, the Sacred Blossom created by Emperor Jabari was incomplete. The petals in the middle were illusory and non-existent. James had studied the Sacred Blossom. As such, he knew that the petals in the middle of the region represented the supreme Path. Upon seeing this, James knew that though Emperor Jabari was well-versed in many Paths, he was not proficient in some of the core Paths. Otherwise, the Sacred Blossom that materialized would have been a complete one.

"A Sacred Blossom?"

Ludwig froze. Then, he said smilingly, "I never thought that you'd be able to perform the Sacred Blossom. You should be proud of yourself. If not for the limitations, you can certainly cross into the Ancestral God Rank."

“Hahaha...” Emperor Jabari smiled faintly as an incomplete Sacred Blossom appeared on his head. At that moment, he raised his hand, and mysterious sigils emerged in his palm.

“Sacrifice!” he roared.

Then, his body erupted into flames, materializing immense power that completed the Sacred Blossom. What the Sacred Blossom lacked was supreme Karma in the middle and the Five Paths around the Karma—Time, Space, Life, Death, and Reincarnation.

At that moment, the immense power that emerged from within Jabari’s body slowly repleted the petals that represented Time, Space, Life, Death, and Reincarnation. After the process, Emperor Jabari’s physical body seemed to have vanished.

“Grand Emperor!” James yelled.

At that moment, he could sense Jabari’s vitality seeping away and his soul evaporating. If this continued, he would surely die and completely vanish without a trace.

Tears fell from James’ cheeks as the images and memories of the Celestial Abode surfaced in his mind. Standing in the void, he reached out helplessly.

The Almighty Dragon General Chapter 3218-The Sacred Blossom was a mysterious existence that contained all the Paths of this universe. The Karma Path was the most supreme of all Paths, and the Five Great Paths included Time, Space, Life, Death, and Reincarnation. Meanwhile, the other Paths were only ordinary and mundane.

Emperor Jabari sacrificed himself to gain immense power in an attempt to fill up the Five Great Paths of the Sacred Blossom. At that moment, his vision blurred. Seeing that James wept, he smiled at him, “James, I am supposed to be dead long ago. All these years, I have lived for precisely this moment. Everything is preordained.”

His voice grew weaker as his physical body and soul slowly vanished. When his physical body completely disappeared, an immense power was born, entering the Sacred Blossom and filling up the petals that represented the Karma Path.

At that moment, a complete Sacred Blossom was born.

Upon seeing such a flawless flower, Ludwig was entranced.

The Sacred Blossom was too beautiful, and each petal was alluring. However, under the surface of the petal’s allure contained devastating power.

“Die.”

A voice came from the void.

Then, the Sacred Blossom moved, charging straight toward Ludwig. In an instant, the flower appeared before Ludwig.

Each petal was gorgeous and represented a single Path. As countless Paths merged, the power that burst forth surpassed the limitations of Heaven.

Ludwig was trapped by the Paths. At that moment, his body was slowly melting.

“What?” He was afraid. Horror and despair were evident in his eyes.

“No way! Impossible! I am invincible in this universe. No one can defeat me.”

Enraged, he summoned his full strength. However, he could not break free of the Sacred Blossom as cracks began to appear on the surface of his skin.

His life was seeping away.

Upon seeing this, James and the 400,000 men were wearing grim expressions. They knew that Jabari had sacrificed himself to perform this terrifying secret art.

The men of the Sanctuary were also watching this scene unfold. Seeing that Ludwig was trapped, they began to panic. Tadhg immediately approached the Sacred Blossom and tried to save Ludwig. However, the Sacred Blossom represented the myriad Paths, which exuded such a terrifying aura that even a Grand Emperor at the peak of the Ninth Heaven like Tadhg could not approach. As he tried to force his way toward Ludwig, he was injured by the Sacred Blossom’s power.

“Damn it!”

Ludwig was trapped and livid. At that moment, his tail exploded, and a powerful force shredded through the air.

Boom!

An explosion happened in the sky.

Then, the Sacred Blossom slowly dispersed before disappearing.

Meanwhile, Ludwig was covered in blood all over. His hair was disheveled, his tail was gone, his aura was weak, and he was in a wretched state.

He panted for breath.

It was a close call. If he had not exploded his tail to gain immense power, he would not have broken free of the Sacred Blossom.

Seeing this, James' expression was grim.

The Almighty Dragon General Chapter 3219-'If even the sacrifice of a Grand Emperor and supreme Forbidden Art can't annihilate him, what can?'

Despair filled James' heart.

Emperor Jabari was dead. Now that only he remained, it would be impossible for him to defeat Ludwig.

At that moment, the dispersed Sacred Blossom slowly merged to form an illusory figure.

"Grand Emperor!" James could not help but exclaim.

A feeble voice came, "James, I have done my best. Though I have failed to kill the Heaven's Adjudicator, he is gravely injured. His tail is similar to the Ousia of a Grand Emperor. Now that his tail has exploded, his strength has been severely weakened. It's entirely possible for you to defeat him."

"You don't have to feel sad about my demise. Don't forget that the Dark World exists in this universe. I won't completely disappear. Instead, I'll enter the Dark World. For countless years, I have been searching for Yukia but to no avail. As I obtained information about her in the Dark World, I'll be heading there soon."

"I know that you are no ordinary man. With time, you'll stand at the pinnacle of the power pyramid and become an Ancestral God, or even a Macrocosm Ancestral God. I will be waiting for you in the depths of the Dark World. I believe that you'll head there once you've gained enough strength. That's because what's hidden in the depths of the Dark World..."

Jabari's voice grew weaker and weaker. Before he could finish his sentence, he disappeared.

Hearing that Emperor Jabari was not truly dead and had only headed to the Dark World, James was relieved.

"What was he trying to say? Why did he say that I'll be heading to the Dark World? Besides, what's hidden in the depths of the Dark World?" James murmured.

“My Lord.”

From afar, Tadhg, Tamuuz, and the rest of the Sanctuary approached Ludwig.

Ludwig's tail was gone, his face was pale, and he was in a wretched state. Though he was indeed a Quasi Ancestral God, his strength diminished after his tail was destroyed. At this moment, he was only equivalent to an Eighth Heaven Grand Emperor.

“Go! Kill him!” Ludwig roared.

Tadhg, Tamuuz, and the powerful figures of the Sanctuary walked toward James at the same time. As they gazed at James, they exuded a terrifying aura.

James dismissed those thoughts for now. Clenching the Divine Sword in his hand, his aura soared. Thea, Nico, and Helvius appeared beside him and stood in a row. Behind them were 400,000 Quasi Emperors who were in formation. Immense power emerged from within them and merged, forming a terrifying Formation.

“The Heaven's Adjudicator is gravely injured. The remaining ones pose no threat to us.”

Clenching the Divine Sword in his hand, the murderous expression on his face was hard to conceal. It was thanks to Emperor Jabari that they managed to hold on. If not for him, everyone here would have been dead.

Now, the battle could go either way. If they could annihilate Tadhg, Tamuuz, the powerful figures of the Sanctuary, and Ludwig, they would emerge victorious.

Swish!

A Sword Light appeared.

Then, Silvester showed up.

Though he was injured, and his Path Seal was destroyed, he was alive. Even if he must die, he vowed to annihilate the Sanctuary and seize the Ancestral God Rank Elixir.

The powerful figures of the Sanctuary appeared in mid-air and confronted James and the others.

Clenching the Divine Sword in his hand, all of James' fury was transformed into Sword Intent.

“Charge!” James roared.

Then, the Sanctuary's powerful figures moved.

Meanwhile, only a few individuals stepped forward on James' side. James, Thea, Nico, Helvius, and Silvester charged forward and battled against the enemy.

A fierce battle erupted once more.
