The Almighty Dragon General Chapter 3299-Yehuda hurriedly stepped forward after Xandros' death.

"Hahaha..."

A peal of laughter came from the main hall. Then, Connor stepped forward and looked at Yehuda, saying smilingly, "I, Connor Landon, am a Ninth Heaven Grand Emperor as well. If I'm in charge of the Heavenly Court, no realm would ever dare attack us."

"I support Yehuda!"

"I support Connor!"

Many spoke up.

At that moment, many began to take sides.

All these people had been bribed by Yehuda and Connor in advance for this day.

On the throne, James said with a mischievous smile on his face, "In that case, let's have a battle. The last one standing will be the Lord of the Heavenly Court and the Human Race."

Yehuda glanced at James and said coldly, "James, you've suffered injuries after fighting against Xandros. How do you plan on fighting me?"

As he said that, he glanced at Connor. James was not the primary threat to him, Connor was.

Silence fell on Cumulus Palace as if a storm were brewing on the horizon. At that moment, a group of powerful figures appeared outside the palace. A middle-aged man strode into the main hall. Wearing an overcoat, his hair was white, and he looked like a fiend.

"Th-The Supreme Fiend Lord?"

Yehuda and Connor's faces turned pale. Meanwhile, the other powerful figures of the Human Race looked at the uninvited guest with alarm. The man before them was a well-renowned figure in this universe. He was the ruler of the Fiend Realm in the Primordial Age.

Appearing in Cumulus Palace, the Supreme Fiend Lord looked at James and said with a bright smile, "The Fiend Race supports James in becoming the Lord of the Human

Race. If necessary, the Fiend Race will assist you in annihilating your political opponents.”

“Well said!”

A voice came from outside the main hall, and an elderly man walked in. He was wearing a black robe and had an old appearance. No one recognized him.

“Wh-Who is he?”

“Wh-What a powerful aura.”

Many were puzzled. They did not know who he was.

Only Yehuda and Connor were wearing grim expressions. As survivors of the Primordial Age, they knew some of the powerful figures of that era.

“The Grand Patriarch of the Azurean Clan?”

They both wore grim expressions.

Indeed, the elderly man was the Grand Patriarch of the Azurean Clan, the extremely powerful figure of the Demon Race who had concealed himself.

“James, on behalf of the Azurean Clan, I would like to assure you of our support. Anyone who opposes you will be the enemy of the Azurean Clan and the Demon Realm.”

Two powerful figures of the Fiend and Demon Realms appeared to show their support for James.

Yehuda and Connor’s faces were pale. They had never taken James into consideration. They had remained in the Heavenly Court and planned to launch a coup when the opportunity presented itself. However, James foresaw this.

He did not wish to annihilate both Yehuda and Connor as they were Ninth Heaven Grand Emperors. If they were killed, it would be a great loss to the Human Race.

Sitting on the throne, James looked at the two and said with a smile, “Yehuda, Connor, do you still oppose me?”

Yehuda hurriedly said with a smile, “I was just pulling your leg, James. You’re the hero of mankind. Without you, we wouldn’t even have a future. Of course I support you as the Lord of the Human Race. Whoever opposes you will be my enemy!”

Seeing that the dynamics were overwhelming against him, Yehuda knew he could not fight James, who had the support of the Fiend and Demon Realms.

Connor also knew that it would be impossible for him to become the Lord of the Heavenly Court. Hence, he hurriedly pledged his allegiance to James.

The Almighty Dragon General Chapter 3300-Yehuda and Connor were not fools. Although they had been eyeing the throne for some time, they knew they could only compromise as they lacked the strength to fight against the Fiend and Demon Realms. Originally, James planned to annihilate Yehuda and Connor. However, circumstances had changed. These two were Ninth Heaven Grand Emperors. In the future, the Fiend and Demon Realms would surely band together and attack the Human Race. Keeping them alive would be in the interest of the Human Race.

“Alright now, you’re dismissed.”

James waved slightly.

The Supreme Fiend Lord and the Azurean Clan’s Grand Patriarch turned to leave. They only came here to intimidate James’ opponents. After the powerful figures of the Fiend and Demon Realms left, the others in the main hall gradually left. Soon, only James remained in the main hall.

Shortly after, Jacopo walked in. Looking at James who was in deep contemplation on the throne, he said with a hint of displeasure, “Are you satisfied now?”

James glanced at him and said coldly, “Get ready for the coronation.”

As he said that, he turned to leave.

James went to Melinda’s accommodation to look for her.

Seeing that James was filled with consternation, Melinda knew that he was concerned about the future of the Human Race. He must have been worried that Yehuda and Connor would be up to no good after he spared them.

“What should I do, Melinda? Did I make the right decision by pardoning them?” James asked.

After some contemplation, Melinda said, “They want to become the Lord of the Human Race because they see it as an opportunity to cross into the Ancestral God Rank.”

“Yes.”

James said, “They chose to compromise because they fear the Fiend and Demon Realms. Once the three realms band together and finish conquering the other races, we’ll surely have a falling out. I’m worried that Jacopo won’t be able to deal with these matters once I’m gone.”

Melinda was deep in thought. At present, there was nothing she could do. Not being able to learn anything from her, James turned to leave and returned to the main hall. Sitting on the throne, he gazed straight ahead.

Right then, he heard footsteps. James turned around and saw a woman walking in. The woman had long, black hair and wore a green dress. She was gorgeous and stunningly beautiful. Looking at James, she was unable to conceal her excitement and disbelief.

“Sophie?”

James stood up abruptly.

The woman was none other than Sophie, who had offered him guidance in the past.

“I-Is it really you?”

Sophie showed up in the main hall and gazed at James in disbelief. Even her voice was shaky. She had seen James die with her own eyes. Upon her return, she specifically went to James’ tombstone to pay her respects before leaving to explore the universe. Hearing that James had returned and become the Lord of the Human Race, she came in a hurry.

Looking at the familiar yet distant Sophie, James smiled. “You’re finally back, Sophie. I’ve been through a lot while you were gone.”

Unable to conceal her joy, Sophie nodded and said, “I heard. However, I don’t know much about what happened. I’m just glad that you’re alive.”

Unable to suppress the urge any longer, she leaped into James’ embrace and hugged him tightly. Throughout the time they spent together, James had unknowingly become an important person to her. Upon hearing of his death, she was distraught and lost the will to live. It was only then that she realized how important James was to her.

James froze.

Then, he hugged her.
