The Almighty Dragon General Chapter 3411-Like a natural principle, mysterious power materialized from the word. Some weaker living beings were immediately turned to ashes. Meanwhile, the stronger ones barely managed to resist the word's power.

This was the Death Path. The moment the Principles of Death appeared, none could escape. However, as James' comprehension of the Death Path was low, he could not annihilate them all. If his comprehension of the Death Path had reached the pinnacle, he could catalyze Death Power by conjuring a thought. Even a huge world would be completely annihilated.

At that moment, many were fearful and tried to escape. However, James was not going to let them get away that easily. The dark lotus flew toward them as threads of black aura materialized, enveloping them and frantically absorbing their power. In just a short period of time, James' Ousia Power had already reached a bottleneck. Meanwhile, his physical strength soared to the Seventh Heaven Grand Emperor Rank from the Sixth Heaven.

A single word and a dark lotus caused the annihilation of countless living beings. Now, not many of James' enemies remained.

James's injuries were too grave, so he did not continue the battle. Storing the Infinity Steles, the Five Elements of Genesis, and the dark lotus away, he gazed at the remaining living beings.

"Tell Herschel that he can send all his men to die if he wishes."

Then, James disappeared from view.

Though he had left, the survivors all continued shivering in fear.

"How terrifying..."

"He really is the devil."

"What lotus is that? Even Honorius' vitality was completely sapped away."

"Retreat."

"We shouldn't pursue James anymore. We might die if we continue."

Many hurriedly left.

In the distance, Melinda and Winnie stood in mid-air. Watching the place where James disappeared, Melinda was wearing a grim contemplation as she contemplated. Winnie

beside her breathed a sigh of relief. She was worried about her father perishing here. Fortunately, her father's strength was unparalleled. Even someone as powerful as Honorius perished in his hands.

"What is that Black otus?" Melinda murmured.

Winnie shook her head slightly and said, "I don't know either."

"Whatever, let's return." Melinda said, "Let's return to Mount Heavenly Path for now and read through the ancient texts. There should be records there."

The two turned to leave.

Meanwhile, two people remained in the distance. They were Thea and Sienna.

Patting her chest, Sienna said, "Whew, that was close! He almost lost his life there. Fortunately, he has many tricks up his sleeves. Not only did he defeat Honorius, but he even annihilated so many more. After this battle, fewer people would want to pursue him further."

Wearing a grim expression, Thea said, "His physical strength has grown. I can sense that it's at the Grand Emperor Rank's Seventh Heaven. Herschel promised that he would send men who are at most two ranks higher than James after him. Now, he has no idea that James' physical strength had grown. When he realizes that fact, the pursuers will be Ninth Heaven Grand Emperors. This does not bode well for James."

Sienna said smilingly, "Herschel's at Mount Heavenly Path at the moment. How would he know? Unless he comes here personally, there is no way he can sense James' physical strength. Anyway, I have full confidence that James can survive for ten thousand years."

Thea nodded slightly.

James had too many tricks up his sleeves.

"How can that Dark Lotus be so strange?"

Upon remembering the Dark Lotus James summoned, Thea fell into deep thought.

The Almighty Dragon General Chapter 3412-James experienced a fierce battle once more. This time, he defeated Honorius Gunner, who was ranked third in the Fifth Heaven Grand Emperor Rank and even annihilated many more. After the battle, he

made his escape. Using the Space Path, he traversed through space and escaped from the area.

As the universe was huge, he had no idea where he had escaped to. He arrived at a weird planet full of flames. The air was fire, and the earth was lava. The flames' temperature was insanely high. However, James' physical body was unaffected. Arriving at a weirdly-shaped rock, he sat in a lotus position. At that moment, he catalyzed the Life Path. Immediately, an immense vitality swept through his body, and his condition improved slightly. However, due to the damage caused by the Heavenly Path's injuries and Karma, he could not rejuvenate his injuries even though he controlled the Life Path.

As he sat in a lotus position on the rock, his body shivered. Even his soul trembled as the excruciating pain throughout his body caused his expression to contort in agony.

In this world that was full of flames, two stunningly beautiful women appeared. They were Thea and Sienna who hurriedly made their way here. As a Caelum Ancestral God in the top ten of this universe, Thea could sense the spatial fluctuations when James escaped using the Space Path. Standing in the distance, they watched James writhing in pain.

Sienna grabbed Thea's hand and pleaded, "Please save him, Thea!"

Sienna knew that James was in terrible shape. If they did not intervene, he would not last for long.

Thea, however, did not intervene. She said, "I think he can survive this ordeal even if I stay by the sidelines. Everyone has their own cultivation path and tribulation to overcome, and this is James' cultivation path and tribulation."

"But he's feeling horrible. With the Heavenly Path's injuries and the increase in Karma Power inside his body, I'm worried he won't be able to survive."

Sienna was filled with consternation.

"The Heavenly Path's injuries?" Thea murmured to herself, "Did he receive the Heavenly Path's injuries when he traversed the River of Time? Is Mount Heavenly Path truly innocent?"

Thea was puzzled.

However, since Sienna's attention was on James, she did not pay any heed to these matters. James sat in a lotus position on the ground and kept catalyzing Dark Power to suppress the Heavenly Path's injuries inside his body. Just as he was about to fail, an immense Dark Power came from the outside world. Through the suppression of this

Dark Power, the Heavenly Path's injuries inside his body subsided. Now that only Karma remained, he could endure the pain.

He opened his eyes slightly and saw the woman before him, asking, "Why are you here, Sienna?"

Sienna said, "I saw you using Dark Power to suppress the Heavenly Path's injuries. So, I cultivated Dark Power as well. Besides, I have already formed a Path Seal. I'm here to help."

At that moment, James noticed Thea from the corner of his eye. He hurriedly stood up and said, "Thea."

Thea looked at him and nodded slightly.

Seeing this, Sienna froze as she thought to herself, 'Why does he have passion in his eyes when he sees Thea?'
