The Almighty Dragon General Chapter 3481-James desperately needed the powerhouses left behind by the Holy Master of Nothingness.

“What do I gain from inheriting Mount Nothingness, Your Holiness? How many powerhouses are there on Mount Nothingness?” asked James.

It was his greatest concern.

The Holy Master of Nothingness replied, “Mount Nothingness is the core region of this world. It’s where the universe’s luck is most concentrated. You’ve got great luck and are blessed by the Heavenly Path because your current body is formed with the Demonic Lotus, which is the embodiment of my evil thoughts. Thus, you have great connections with Mount Nothingness, and the Heavenly Path will bless you with great luck.

“By becoming the new master of Mount Nothingness, you’ll obtain vast wisdom. Your body and brain will be awakened. It’ll be very beneficial to your cultivation.

“In the past, the powerhouses of the Dark World’s deepest parts came to this world, so I sacrificed myself to preserve Mount Nothingness’ strength. Many of my powerful followers are still hidden within Mount Nothingness. There are many Ancestral Gods, and quite a few of them are Caelum Ancestral Gods.

“These powerhouses will assist you. However, you’ll need great strength to travel deep into the Dark World. You reaching thenovelebook.com Macrocosm Ancestral God Rank isn’t enough. One Macrocosm Ancestral God isn’t enough to head into the depths of the Dark World. You must train up multiple Macrocosm Ancestral Gods to work together to venture into the depths of the Dark World.

“Young Man, I don’t want to pressure or force you into taking over Mount Nothingness. But, I must also remind you that the first thing I need you to do after becoming the new owner of Mount Nothingness is to destroy Mount Heavenly Path.”

Hearing this, James was slightly taken aback. He asked, “Why?”

The Holy Master of Nothingness replied, “Because Mount Heavenly Path has acquired all of the luck of the universe. The Master of Mount Heavenly Path, Hadad Theophanes, has taken the luck for himself, preventing others from obtaining better opportunities. With him around, it will be impossible for other Caelum Ancestral Gods to become Macrocosm Ancestral Gods. Only by getting rid of him can other powerhouses have the chance to become Macrocosm Ancestral Gods.

“Secondly, I need you to destroy all the powerhouses of this universe.”

Startled, James asked, “What for?”

The Holy Master of Nothingness replied, "Many powerhouses have existed since the beginning of the universe. Thus, they occupy a portion of the universe's luck. Only by destroying them or sending them into reincarnation can the luck they possess be returned to the universe. After that, other powerhouses will finally be able to reach the highest cultivation rank, the Macrocosm Ancestral God Rank. Only then can a prosperous universe be born again."

Hearing this, James frowned.

He had to eliminate Mount Heavenly Path and get rid of the powerhouses of this universe. Technically, he had to destroy an entire era.

Was that not what Radomir would soon do?

Why was the Holy Master of Nothingness asking him to do these things?

Did the destruction of the Primeval Age have something to do with him?

The Holy Master of Nothingness stood aside silently and gave James some time to think.

James was slightly confused.

He could not grasp these historical events or predict what would happen in the Primeval Age.

However, James was sure that the powerhouses of this age would all die according to the information he had obtained in the future. [novelebook.com](http://novelebook.com) All the powerhouses at the Ancestral God Rank had indeed perished. The Holy Master of Nothingness' plans matched the events that would supposedly occur in the Primeval Age.

After the Apocalypse Age, the universe did indeed become a prosperous age.

In that age, many powerhouses were born.

James murmured, "Since all of this is destined to happen, it won't matter who achieves them."

Then, he answered, "I accept the ownership of Mount Nothingness, Your Holiness. I'll find a way to destroy Mount Heavenly Path and kill Hadad and the other powerhouses in this age so that the other powerhouses can occupy the luck returned to this universe."

The Almighty Dragon General Chapter 3482-After weighing out the pros and cons, James agreed to the Holy Master of Nothingness' requests.

He was currently being hunted down by Mount Heavenly Path. Herschel was insistent on taking his life.

His only chance of standing against Mount Heavenly Path was to become the new owner of Mount Nothingness.

As for whatever happened in the future, he would think of it later.

"Good." The Holy Master of Nothingness laughed.

"From now onward, you're the new master of Mount Nothingness. All of Mount Nothingness' powerhouses will be under your command.novlelebook.com You can stay within Mount Nothingness and enjoy the blessings of the universe."

The Holy Master of Nothingness' words were like some kind of decree.

James immediately sensed a change taking place in his body.

At that moment, he felt vast knowledge appearing in his mind and a mysterious blessing falling upon him.

The force was invisible, but James could sense it.

"Huff!" James took a deep breath.

"I became the new master of Mount Nothingness this easily?"

At that moment, the entire landscape of Mount Nothingness appeared in his mind.

He immediately knew of every corner within Mount Nothingness. He also grasped the situation of Mount Nothingness instantly.

Although the current strength of Mount Nothingness was less than one-twelfth of what it was during its heyday, there were still many powerhouses residing within the area. Under his induction, he sensed that about a dozen were Caelum Ancestral Gods.

These dozen of Caelum Ancestral Gods were not just ordinary people but were well-known figures in history. However, their names were gradually forgotten over time.

The palace gate slowly opened.

James walked outside and saw three people awaiting him.

The three people were none other than the Stuart brothers and Mia.

As soon as James appeared, they could feel the change in him.

James had a mysterious and superior aura, making him seem like the master of the universe.

“Mr. Caden, you...”

Mia stared at James in disbelief and asked, “H-Have you become the new master of Mount Nothingness?”

James nodded slowly and said, “You can say so.”

At that moment, a few more people appeared.

The person in the lead was an old man with a ruddy complexion. [novelebook.com](http://novelebook.com) He was the last guardian with white hair and a beard at the top of the staircase.

“Pleased to meet you, Your Holiness. My name is Wystan Goyathlay.”

The old man knelt on one knee.

Behind him were two more people.

James had also met them before.

It was Xosha Meredith and Karter Yiorgos.

“Xosha Meredith. It’s a pleasure to meet you, Your Holiness.”

“I’m Karter Yiorgos. It’s an honor to be in your presence, Your Holiness.”

The two also knelt on one knee and greeted him with respect.

James was startled to have three peerless powerhouses kneeling to him. He quickly walked over and helped them up, saying, “Get up. Please do get up.”

The three immediately got back on their feet.

At that moment, more and more people gathered at the gate of the Palace of Nothingness.

“It’s an honor to meet you, Your Holiness. I’m Mount Nothingness’ Grand Mage, Wharifin.”

“A pleasure meeting you, Your Holiness. I’m Mount Nothingness’ Law Enforcer, Ladion.”

“I’m Mount Nothingness’ Immortal Lord, Balmund. I’m honored to meet you, Your Holiness.”

The Almighty Dragon General Chapter 3483-Powerhouses appeared one after another at the Palace of Nothingness’ gate. These powerhouses were once well-known figures throughout the universe, and they were now kneeling before James.

The Stuart brothers and Mia were dumbfounded by the sight.

The people that showed up to greet James were all famous historical figures.

Their existence in the Holy Master of Nothingness’ Age was equivalent to that of the Ancestral Sword Master and the Ancestral Talisman Master in the Primeval Age.

James was slightly baffled to see so many powerhouses.

Just a few moments ago, he was a nobody that was being hunted down by Mount Heavenly Path.

However, that changed in just a short moment. He was now the new master of Mount Nothingness,novelebook.com and countless powerhouses were under his command.

Mount Nothingness’ strength was sufficient to compete with that of Mount Heavenly Path.

“We’ve come to greet you, Your Holiness.”

More and more powerful cultivators appeared before him.

Tens of thousands of powerhouses knelt before James at the palace gate. Their greetings resounded loudly. The phantom beast James encountered previously also appeared in the crowd.

“Huff!” James took a deep breath and said, “Stand.”

The powerhouses slowly got back to their feet.

Wystan stood at the front and looked at James with a smile. Then, he said, “We’ve waited a very long time for this day, Your Holiness. After so many years, we finally have a new leader.”

Karter said, "I believe you'll lead Mount Nothingness to its former glory, Your Holiness."

A powerhouse amongst the crowd said, "Mount Heavenly Path is nothing. If it weren't for the Holy Master of Nothingness' order for us not to leave Mount Nothingness, Mount Heavenly Path wouldn't ever have had the chance to command the universe. Neither would Hadad Theophanes rise to become the Lord of the Universe."

"Your Holiness, please give the order for us to destroy Mount Heavenly Path. This universe belongs to Mount Nothingness."

James frowned at his words. He promptly said, "Please don't act rashly. Mount Heavenly Path is no longer what it used to be in the past. The current Mount Nothingness isn't capable of taking them on right now. Hadad Theophanes, the current master of Mount Heavenly Path, is a Macrocosm Ancestral God. Moreover, he has many Heaven's Adjudicators. We can't make any rash moves until a new Macrocosm Ancestral God rises in Mount Nothingness. [novelebook.com](http://novelebook.com) Everyone should peacefully stay within Mount Nothingness for now."

"Understood, Your Holiness."

A neat and loud reply resounded.

Karter stepped forward, turned to the tens of thousands of powerhouses, and said, "Everyone's dismissed."

"Yes, Sir."

The powerhouses left Mount Nothingness one after another.

Only a dozen of the top powerhouses stayed behind.

James sat in the highest seat in the palace hall.

Being seated above them, James subconsciously felt a little lofty and conceited. It felt as if the entire universe was under him.

Several powerhouses of Mount Nothingness stood below him. They were very powerful cultivators, and the weakest amongst them was a Terra Ancestral God. Any of them could easily defeat the prominent figures outside Mount Nothingness.

Wystan said, "Since you've become the new master of Mount Nothingness, you must've already heard of the reason for the Dark Strife."

James nodded lightly and said, "Yeah. I'm aware."

Wystan continued, "It's a matter that would affect the entire universe. We must venture into the depths of the Dark World and destroy the people behind the Dark Strife. The Holy Master of Nothingness' unfinished plan is up to you to complete."

James nodded and said, "I understand. However, I'm very weak right now and am incapable of carrying out the plan. It will have to wait for a while."

Wystan nodded.

After waiting for so many Epochs, waiting a few more years was nothing to them.

What they had to do now was wait for their new master to grow stronger.

Since James had become the new master of Mount Nothingness, he had great potential and would surely become a Macrocosm Ancestral God.

The Almighty Dragon General Chapter 3484-James entered Mount Nothingness with the intention of cultivating in the area for a while. He wanted to raise his cultivation rank as soon as possible to deal with the pursuers sent by Herschel.

Unexpectedly, he became the new owner of Mount Nothingness.

After James became the new owner of Mount Nothingness, his senses could penetrate the mountain range. Thus, he could sense that many people had appeared within Mount Nothingness.

These people were after his life but got trapped within various dangerous regions of Mount Nothingness and could not escape anytime soon.

"Mr. Caden..." Mia looked at James, hesitant to speak.

James looked at her and said, "Whatever it is, just cut to the chase."

Mia said, "I came to Mount Nothingness to find my brother. My brother had ventured into Mount Nothingnessnovelebook.com and broke through many checkpoints. However, we lost contact with him. Now that you've become the new master of Mount Nothingness, could you help me locate my brother?"

James already knew of Mia's motive for coming to Mount Nothingness.

Her brother's name was Mago Londyn. He was a prodigy that was only second to Thea several Epochs ago.

During the previous Grand Tournament of the Universe, he lost to Thea. Discouraged, his cultivation rank plummeted from the Terra Ancestral God Rank to the Mystical Ancestral God Rank.

Ultimately, he picked himself up and headed into Mount Nothingness, hoping to obtain great boons.

James looked at Wystan and asked, "Who managed Mount Nothingness when there was no master?"

Wystan replied, "Since the death of the Holy Master of Nothingness, the Grand Priest has been managing all the affairs of Mount Nothingness and is in charge of making all the decisions."

James asked, "Who's the Grand Priest?"

Wystan replied, "The Grand Priest is currently in seclusion, so he didn't come to meet you."

James said, "Help me inquire about a person named Mago Londyn. See if he's trapped in a dangerous region within Mount Nothingness. Bring him to me if you find him."

"Of course, Your Holiness."

Wysstand immediately turned to leave.

James looked at the others and said, "Everyone's dismissed. Go back to whatever you were doing and wait for my further notice."

"Understood."

The powerhouses left the main hall, leaving only the Stuart brothers and Mia.

The three of them were excited. After the powerhouses of Mount Nothingness left, they were more relaxed. They walked over to James and congratulated him. Then, they began asking for benefits.

James smiled lightly and said, "The three of you can choose a Supernatural Power from Mount Nothingness' library chamber."

The three were overjoyed and grateful to James.

Wystan returned very quickly with a young man.

The young man looked to only be in his twenties. He wore a gray robe, and his hair was messy. He looked to have been through a lot.

As soon as he appeared in the main hall, he scanned the people around him. After spotting Mia, he was surprised. He quickly rushed over to Mia excitedly.

“How did you get here, Mia?”

“Mago! I’m so glad you’re still alive!”

Mia was overjoyed.

Wystan approached James and whispered, “Your Holiness, this young man is quite strong. He forcibly passed many dangerous regions of Mount Nothingness. He was stuck in the last dangerous zone. He would’ve definitely made it out with a bit more time. He’s a talented person worthy of being recruited into Mount Nothingness.”

James nodded lightly.

“I’ll take my leave first. If there’s anything you need, feel free to call for me.”

Wystan did not stay long and left the main hall.

Mia and Mago began to talk about their experiences.

Afterward, Mia pulled Mago over to James and introduced them to each other. “Mago, this is James. [novelebook.com](http://novelebook.com) He’s the new master of Mount Nothingness. He’s the one that gave the order to save you.”

Mago had a disheveled appearance but still emitted a noble aura. He looked at James and said lightly, “With my strength, I would’ve gotten out of that place soon.”
