The Almighty Dragon General Chapter 3485-James smiled faintly and said, "Since you're already out of danger, feel free to leave. Although you can leave, whatever you saw and experienced in Mount Nothingness must remain a secret. Otherwise, the entire Londyn Dynasty will be destroyed."

Mia immediately reassured him, "Don't worry, Mr. Caden. We won't say a single word."

James was relieved by her words.

He did not want Mount Heavenly Path to know he had become the new owner of Mount Nothingness.

Mount Heavenly Path was after his life. They would not stick to their promise of sending powerhouses [novelebook.com](http://novelebook.com) that were at most two ranks higher than him once they found out about this. Instead, they might dispatch their top powerhouses to assassinate him.

After that, James brought them to the library chamber.

Countless Supernatural Powers and Secret Arts were stored in the library chamber, all of which were left behind by the powerhouses of Mount Nothingness, including the Holy Master of Nothingness.

Any of these Supernatural Powers or Secret Arts would cause an uproar in the outside world.

The group picked out suitable Supernatural Powers and Secret Arts for themselves, then left Mount Nothingness.

However, James stayed behind.

He entered the library chamber again and began to search for books related to Karma.

There were many books about Karma, but none about cultivation methods for Karma Power or anything related to Karma Scripts.

As for the Supernatural Powers and Secret Arts in the library chamber, James did not find them impressive enough despite them being very rare.

He had already mastered many Supernatural Powers and acquired many treasures.

All of the things he had obtained were peerless treasures.

He could easily become one of the best in the universe if he mastered them.

“Your Holiness, what are you looking for?”

While James flipped through the scriptures, a voice suddenly interrupted him.

James turned around and saw an old man. He wore a gray robe and held onto a cane.

The man had a very wrinkled face and hollow eyes. He seemed as if he was already nearing his deathbed.

The old man introduced himself, “I’m Mount Nothingness’ librarian, Quaiel Lexington. My duty is to guard the library chamber, so I could not leave to greet you. Please do forgive me, Your Holiness.”

Quaiel did not kneel to James. Instate, he slightly bowed in respect.

The Palace of Nothingness had an enormous library chamber, and it would take James a long time to search for the materials he wanted.novelebook.com With the librarian, it would be much easier.

James asked, “Are there any ancient books in the library chamber related to Karma Scripts?”

“Karma?” Quaiel looked at James in surprise.

James nodded. “Yeah.”

“Please follow me, Your Holiness.”

Quaiel made a polite gesture and began to lead James deep into the library chamber.

The library chamber was built underground. Quaiel brought James through an underground passage. On both sides were shelves packed with books.

James felt a chilly sensation as they walked further. The cold was a bit hard for him to endure.

However, he was the new Holy Master of Mount Nothingness. Thus, the energy would not harm him.

After walking for a long time, they finally reached the end.

A stone wall with a pattern engraved on it came into sight.

“A Sacred Blossom?”

James immediately recognized the pattern as a Sacred Blossom.

“Indeed. It’s a Sacred Blossom.”

Quaiel’s expression became solemn as he looked at the Sacred Blossom engraved on the wall.

The Almighty Dragon General Chapter 3486-James never expected a Sacred Blossom to be engraved in the deepest part of Mount Nothingness’ library chamber.

The librarian, Quaiel, looked at the Sacred Blossom on the stone wall. He walked over and stretched out his wrinkled hand to touch the Sacred Blossom engraved on the stone wall.

He exerted his power, allowing it to submerge into the engraving of the Sacred Blossom.

The engraving glowed brightly, and a door appeared on the wall.

Quaiel stepped back and stood before James, saying, “Go ahead.”

James asked suspiciously, “What’s behind the door?”

Quaiel replied, “An extraordinary scripture.”

“An extraordinary scripture? What kind of scripture is it?” asked James.

Quaiel explained, “It’s a scripture that has existed since the beginning of the universe. Those who obtained the scripture were all famous powerhouses throughout the ages. Eventually, it ended up in the Holy Master of Nothingness’ hands. Although he was very powerful, he could not fully comprehend the scripture.novelebook.com The scripture is called ‘The Answers’.”

“The Answers?” James was even more puzzled.

He had come to find materials related to Karma.

How was this scripture called “The Answers” related to Karma?

Quaiel explained, “None of the owners of this scripture have successfully comprehended it. However, they suspected the words used in this scripture to be Karma Scripts. No one could decipher the context because no one has ever come close to understanding Karma. Perhaps this might be what you’re looking for.”

James was thrilled. He pushed open the stone door and walked inside.

The chamber behind the stone wall was relatively small, spanning only about a hundred square meters. Inside was a small cabinet with an old book.

James picked up the book. It was thin but weighed about five thousand kilograms.

The cover was completely blank.

James gently touched the cover. It was hard to identify the material used for the paper, but the book was in good condition even after so many years.

He flipped to the first page of the book.

A few words were written on the first page. The words were very strange and were composed of countless lines. Each line seemed to be a Law of Heaven and was very mysterious.

“They’re really Karma Scripts.”

James was ecstatic upon seeing the words.

Previously, he had tried to write about major events that would happen in the future. However, they turned into mysterious Karma Scripts as he wrote.

The words he wrote back then were very similar to these words.

The forms of the words were identical.

Unfortunately, James could not understand the words written on the first page.

He had written many Karma Scripts, but he could only deduce the meanings of the words because he was aware of what he was writing. That was how he studied Karma Scripts.

However, Karma Scripts were very mysterious, and each word could have countless variations. With a bit of change, the entire meaning would change as well.

With James’ studying method, it would take him a long time to completely comprehend the Karma Scripts. [novelebook.com](http://novelebook.com) He would have to spend a lot of time researching and pondering on them.

James continued to flip through the book.

A lot of words were written in the following few pages.

James could confirm they were Karma Scripts as he could vaguely understand a few of the words. However, the words would change after he stared at them for a while, which changed the meaning of the word.

He flipped through the book and soon came to the last page.

James did not comprehend anything from the book. The words were too profound, and it was hard to understand them in such a short time.

After he became Mount Nothingness' master, he was given great wisdom, and his comprehension ability was enhanced. However, it was still hard for him to understand the Karma Scripts so quickly.

The Almighty Dragon General Chapter 3487-James walked out of the chamber with the book. He walked over to Quaiel and asked, "Can I take this book with me?"

Quaiel nodded and said, "Your Holiness, you're the master of Mount Nothingness. Everything in Mount Nothingness belongs to you. Everything in Mount Nothingness is left for you by the Holy Master of Nothingness."

James felt relieved by his words.

He put away the book and said gratefully, "Thank your, Sir."

Quaiel waved his hand lightly and said, "Let me know if there's anything you'd like to find in the future."

After speaking, Quaiel disappeared from sight.

James left happily with the book in hand.

After leaving the library chambers, James walked to an independent courtyard behind the Palace of Nothingness.novelebook.com The courtyard was the former residence of the Holy Master of Nothingness. Moreover, it was also his seclusion sanctuary.

Now that James had become the master of Mount Nothingness, the courtyard naturally belonged to him.

James took out the book in the courtyard.

Karma Power was very mysterious and powerful.

It was almost impossible for him to create a cultivation method for Karma Power.

Now that he had obtained “The Answers”, he believed he could learn a cultivation method for Karma Power after comprehending the book’s content.

James took out a pencil and paper and began to write.

He wrote down major events of the future which would attract Karma. After he wrote them down, the words immediately turned into Karma Scripts.

James wrote in different languages.

Then, he watched the words change into Karma Scripts. Then, he memorized the meaning of the Karma Scripts.

James had obtained great wisdom, and his brain was very developed.

His comprehension ability was much stronger now.

Thus, his efficiency in studying Karma Scripts was several times higher.

His understanding of Karma Scripts kept growing more profound. James’ vocabulary in Karma Script grew wider.

He studied within the Time Formation.

A thousand years passed in the blink of an eye. As for James, he had spent three hundred thousand years inside the Time Formation.

In these three hundred thousand years, he studied Karma Scripts wholeheartedly. Now, he could vaguely understand the book’s content.

However, it was still challenging for him to read the book.

The book explained the Karma Path and recorded a method to cultivate Karma Power.

James sat in a lotus position inside the courtyard. He hovered in the air with the book before him. The words of the book emerged and floated in front of him.

Every word was mysterious and kept changing into different variations. In just a short moment, it could convert into tens of thousands of variations.

Karma surrounded James.

All the Karma Power in his body emerged and gathered on the surface of his body.

His aura became increasingly mysterious.

The book automatically flipped to the next page. The words manifested out of the book and revolved around James' body. Mysterious scripts surrounded his body.

The sight was very mysterious.

James' aura kept changing. He gradually absorbed the Karma Power in his body and formed an Ousia without even noticing.

It was a Karma Ousia.

The Karma Power James had been stained with was terrifying. As soon as he began cultivating the Karma Power, great force submerged into his body and nourished his Ousia.

His Karma Ousia kept separating, and his understanding of Karma grew deeper.

His Karma Path had unknowingly reached the Quasi Emperor Rank's Ninth Tribulation.

It was only one step away from entering the Grand Emperor Rank.

The Almighty Dragon General Chapter 3488-A thousand years had passed outside while James spent more than three hundred thousand years within the Time Formation.

During these three hundred thousand years, James wholeheartedly studied Karma Scripts and the Karma Path.

After growing more literate in Karma Scripts, he began to grasp the content of "The Answers". Gradually, he comprehended the cultivation method recorded in the book and could cultivate Karma Power.

Soon, he cultivated a Karma Ousia, and his Karma Path reached the Quasi Emperor Rank's Ninth Tribulation.

It was close to reaching the Grand Emperor Rank.

James did not stop cultivating and used the opportunity to merge his Karma Ousias.

The Karma Ousias that divided began to merge, and mysterious power formed in James' body.

James' whole body was surrounded by Karma Power.

The book floated before him, and the pages flipped rapidly. Mysterious words emerged from the book and revolved around James' body. The words constantly changed into different variations.

The scene lasted for a long time.

James' Karma Ousia successfully evolved into a Path Seal.

It took him over three hundred thousand years to study and cultivate his Karma Path Seal.

However, "The Answers" was a very mysterious book, and he could only practice one of the cultivation methods recorded in the book. Many other mysterious Supernatural Powers and Secret Arts were also recorded in it.

In the three hundred thousand years, James comprehended the One for All cultivation method.

James opened his eyes abruptly and casually waved his hand. Karma Power emerged from his palm and submerged into the void. The Law of Heavens in his surroundings began to break down and vanish.

One for All was a very strange Supernatural Power recorded in "The Answers". It could nullify any type of Path Energy with powerful Karma Power.

"Huff!" James took a deep breath and said, "Karma Power is exceptional. The One for All is also amazing. It's a very impressive Supernatural Power."

James stood up and stretched his body.

After he successfully formed his Karma Path Seal, his strength improved significantly.

Although his cultivation rank remained unchanged, he was much stronger now. There was nothing to worry about if he were to leave Mount Nothingness and meet powerhouses from Mount Heavenly Path.

His current physical strength was at the Grand Emperor Rank's Seventh Heaven. With his current strength, cultivators under the Quasi Ancestral Rank could not defeat him.

James murmured, "It's time to fuse the Five Elements of Genesis."

The Five Elements of Genesis were treasures that existed since the beginning of the universe. He had cultivated Elemental Inversion, which allowed him to fuse the Five Elements of Genesis with his Elemental Paths.

Once the fusion was successful, the Five Elements of Genesis would be completely integrated into his Path Seals. As his Elemental Power increased, the Five Elements of Genesis would also grow stronger.

He would be immortal with the Five Elements of Genesis protecting his body, and even an Ancestral God would not be able to destroy his body.

James did not take a break.

He formed another Time Formation and activated Elemental Inversion.

After he became Mount Nothingness' Master, he was blessed with great wisdom, and his comprehension ability improved. He could achieve double the results when using Elemental Inversion.

Previously, there were a few things that he could not comprehend. Now, he immediately understood them at a glance.

He could also draw inferences with the knowledge he had.

James kept practicing Elemental Inversion.

As his comprehension grew more profound, the Elemental Path Seal in his body gradually merged with the Five Elements of Genesis. With the help of Elemental Inversion, the two gradually fused.

Soon, the fusion was complete.

His Elemental Path Seals' Power improved significantly after fusing with the Five Elements of Genesis.

James suddenly had a new realization, and his comprehension of the Elemental Path grew stronger. His Elemental Path had also reached the Grand Emperor Rank's Second Heaven.

His body was full of mysterious power, and bright glares emerged. He slowly restrained his energy and stood up from the ground.

Light rays shot out from his pupils. Then, his pupils gradually became darker.

His eyes were like a vast and bottomless abyss.

James dispersed the Time Formation and stepped out of the courtyard. He looked at the tall buildings ahead of him.

"I've successfully learned the Karma Path and cultivated One for All. [novelebook.com](http://novelebook.com) Moreover, my strength skyrocketed after I fused the Five Elements of Genesis into my Elemental Paths. No matter how many powerhouses from Mount Heavenly Path come after me, I'll be able to kill them all."

James had a calm expression, but his eyes were full of murderous intent.

However, he had no intentions of leaving Mount Nothingness so soon.

His Dark Ousia had not evolved into a Dark Path Seal. Thus, he wanted to use the opportunity to venture into the Dark World for a while. He planned to cultivate there for some time to evolve his Dark Ousia to a Dark Path Seal.

He wanted all the Paths he cultivated to have Path Seals. That meant all of his Paths would be at the Grand Emperor Rank.

"Wystan," James stood outside the courtyard and called out.

Swoosh!

A figure immediately appeared before him.

The ruddy-looking old man had white hair and a beard. He stood before James and asked respectfully, "What can I do for you, Your Holiness?"

James asked, "Do you know where the entrances to the Dark World are located?"

Surprised, Wystan asked, "Why do you ask this, Your Holiness?"

Since Wystan was now his subordinate, James did not hide the truth. He replied honestly, "I've cultivated Dark Power but haven't formed a Dark Path Seal yet. It's impossible to cultivate Dark Power in the Illuminated World. Thus, I plan to venture into the Dark World for a while to evolve my Dark Ousia into a Dark Path Seal."

"I see." Wystan's doubts were immediately cleared.

He parted his lips and said, "Since Mount Nothingness was attacked by the Dark World in the past, there still exists a passage connecting the two. It's nearby. How about I bring a few people to accompany you to the Dark World? It's easy to get lost in there, and it'll be difficult for you to find your way out. Moreover, you can cultivate at ease with us guarding you."

James gave it a thought, then nodded lightly. "Alright. That sounds good."

"I'll make preparations immediately."

Wystan immediately took his leave and disappeared from sight.

Since James had nothing to do, he wandered around Mount Nothingness.

Many powerhouses resided within Mount Nothingness but stayed hidden in the area.

Wystan finished making preparations just as James was done looking around. He had prepared a few things that might be needed in the Dark World and also brought two other powerhouses with him.

James was already familiar with the two as he had fought with them previously while ascending Mount Nothingness.

One of them was Mount Nothingness' War God, Karter. The other was Mount Nothingness' Annihilation God, Xosha.

Karter and Xosha greeted him respectfully, "Greetings, Your Holiness."

Although James' cultivation rank was low, he was the current master of Mount Nothingness. [novelebook.com](http://novelebook.com) He had gained the Holy Master of Nothingness' approval and was these powerhouses' new master.

James nodded lightly. "Mhm."

Wystan said, "Our Holy Master's destination is the Dark World. The Dark World is a very strange place, so it's best we take more precautions and protect his safety."

The Almighty Dragon General Chapter 3490-Wystan wanted to accompany James because he knew of the horrors of the Dark World.

James' cultivation rank was very low, and he was worried about James going to the Dark World alone.

Xosha suddenly recalled something and asked, "By the way, many outsiders have been entering Mount Nothingness recently. Why is that so? For the past ten thousand years, it's been rare for us to see even a single visitor. Yet, so many people are now suddenly venturing into Mount Nothingness."

James replied, "They're probably here to kill me."

Startled, Karter asked, "They're trying to kill you? Why?"

James replied, "On the surface, it's because of a woman."

"..."

The three were dumbfounded by his answer.

James parted his lips again and explained, "Everything started when I got involved with Bria of the Callahans."

He explained the ins and outs of the situation.

"Hersel from Mount Heavenly Path is after my life because of this. However, I think there's more to it. [novelebook.com](http://novelebook.com) As for the exact reason, I'm not too sure either."

The three powerhouses glanced at each other. They could tell the matter was much more complicated than how it seemed.

Why would the Young Master of Mount Heavenly Path go to such an extent to kill a man over a trivial matter?

Wystan analyzed the situation and said, "As the Young Master of Mount Heavenly Path and the future Lord of the Universe, he probably isn't that petty. In my opinion, your existence must've already threatened Mount Heavenly Paths' status. Thus, they're trying to eliminate you as soon as possible."

Karter disagreed, saying, "I don't think so. Mount Heavenly Path's Master shouldn't be able to divine how much of a threat our Holy Master is to them. One is because of Karma Power. Secondly, our Holy Master doesn't seem to belong to this age, so it's impossible to find any traces of him in the current age. How does Mount Heavenly Path know that our Holy Master will threaten its position?"

After James became the Holy Master, all the powerhouses of Mount Nothingness tried to divine James' background but yielded no results.

Karter and Wystan were aware of this.

After a brief thought, Xosha said, "I'm sure our Holy Master did indeed threaten the status of Mount Heavenly Path. However, they did not divine and gain insight into him becoming the Holy Master of Mount Nothingness. Instead, they felt threatened by the potential that our Holy Master showed."

After sharing her opinion, Xosha turned to James and asked, “Your Holiness, have you shown any terrifying skills outside?”

“Terrifying skills?”

James fell into thought. Before Mount Heavenly Path began their hunt for his life, he did not display any terrifying skills outside. He did not use the Five Elements of Genesis, nor did he utilize the Infinity Steles.

If anything, it would be what happened in the Katun Realm.

“When I was in the Katun Realm, I had the chance to see a Sacred Blossom in full bloom. From it, I comprehended the Time Path, Space Path, Life Path, Death Path, and Reincarnation Path. Everyone knows about this. Could they be trying to kill me over this?”

James looked at the three Caelum Ancestral Gods.

The three of them were stunned by his words.

They exclaimed simultaneously, “The Five Great Paths?”

The Five Great Paths were very mysterious. Throughout the ages, many people had tried cultivating them. [novelebook.com](http://novelebook.com) A few succeeded, but none of them managed to comprehend all five.

With a thought, James summoned his Five Great Path Seals.

An invincible and mysterious force connected the Five Great Path Seals.

However, James had no idea what kind of power it was.

He could not completely control the power but knew it was terrifying.
