The Almighty Dragon General Chapter 3581-“The essence of Curse is destruction and death.”

The Ancestral Talisman Master’s voice kept resounding in James’ mind. He taught James some of his comprehension and thoughts about Curse Magic.

His voice slowly faded, and James cultivated in silence.

In his mind, four inscriptions appeared.

The four inscriptions floated before him and began to disintegrate into new characters. [novelebook.com](http://novelebook.com) Hundreds of millions of new inscriptions appeared and revolved around his body.

Every word contained supreme Curse Power.

James began to comprehend them wholeheartedly.

His Curse Path Seal’s Power also improved as his comprehension of Curse Inscriptions deepened.

Curse Inscriptions were different from the Sword Path’s Inscriptions.

James could come to a sudden comprehension of the Sword Path. However, he had to slowly understand the Curse Inscriptions.

These characters came from the depths of the Dark World and were passed on to the Eleventh World. Eventually, Curse Magic made its way to the Twelfth Universe. However, no power in the world was compatible with Curse Magic.

Therefore, James could only comprehend the Curse Inscriptions one by one.

After gaining a deeper understanding of the Curse Inscriptions, James could absorb the power from the depths of the Dark World from afar.

James silently studied the Curse Inscriptions.

Time flew, and three million years passed in the blink of an eye.

During these years, James had been sitting motionlessly on the cliff of the Rune Land’s back mountain. Countless Curse Inscriptions revolved around his body, and his aura continuously grew stronger.

His Curse Path Seal also kept growing stronger. From the Grand Emperor Rank's Third Heaven, it was raised to the Ninth Heaven's peak.

However, James wanted to raise his other Path Seals before breaking into the Quasi Ancestral God Rank.

James sat silently for several million years. Suddenly, he opened his eyes.

The inscriptions around him vanished instantly. James stood up and clenched his fists, and substantial Curse Power emerged from his fists.

Sensing the Curse Power, James felt invincible.

James was confident he could kill Quinn, the former number one of Mount Heavenly Path's Martial Ranking, with a single blow of Curse Power.

"Impressive."

A voice rang in his ears.

James looked around and saw the Ancestral Talisman Master, who had been silently watching him.

He clasped his hands together and said, "Thank you for guiding me, Sir. Without you, I wouldn't have been able to gain such a deep understanding of Curse Inscriptions so quickly. It might've taken me a very long time."

The Ancestral Talisman Master said, "You've comprehended so much after I only gave you a few pointers. You're indeed a rare prodigy with powerful comprehension ability. Curse Inscriptions are ever-changing and very complicated. However, you managed to comprehend so much in just three million years. You're really impressive. It took me many Epochs to reach your level."

James' comprehension ability surpassed the Ancestral Talisman Master's expectations.

His comprehension ability was terrifying, and he would surely become a powerhouse.

"You've already comprehended the fundamental of Curse Magic. The four inscriptions can have countless changes, and different combinations can form potent Supernatural Powers.

"If you want to learn Supernatural Powers related to Curse Magic, you'll have to continue researching it yourself. I won't be able to teach you anything related to this. With your comprehension ability, I'm sure you'll combine them to form a powerful Supernatural Power.

“There’s nothing else I can teach you. You can continue to stay in the Rune Land to cultivate or leave if you’d like.”

With a flash, the Ancestral Talisman Master disappeared from James’ sight.

The Almighty Dragon General Chapter 3582-With the Ancestral Talisman Master’s guidance, James thoroughly comprehended Curse Magic and understood the changes of the Curse Inscriptions.

His Curse Path Seal had been raised to the peak of the Grand Emperor Rank’s Ninth Heaven.

Countless Supernatural Powers could be learned from the Curse Inscriptions.

Curse Inscriptions had to be arranged in combinations to evolve into Supernatural Powers.

Previously, Sophie studied a few Curse Inscriptions and used them to form simple Supernatural Powers—Confinement and Cycle of Time.

Curse Inscriptions were all-encompassing. [novelebook.com](http://novelebook.com)Theoretically, they could be combined to form all sorts of Supernatural Powers that contained different Powers.

Now that James had a deep comprehension of Curse Inscription, he could easily create terrifying Supernatural Powers.

James could also assemble the Curse Inscriptions to form a terrifying Supernatural Power like Quinn’s Clone Art.

That was how powerful Curse Magic was. However, one had to be fully proficient in Curse Inscriptions to assemble them.

James put away his thoughts and stopped studying Curse Magic. He still had to raise his other Path Seal’s strength.

Now that he was proficient in Curse Inscriptions, improving his understanding of other Paths would be fairly easy.

After clearing his mind, James sensed the time and found that three million years had passed since he came to the Rune Land.

He murmured, "Time passes so fast. One-tenth of thirty million years passed in the blink of an eye. I don't have much time left."

James left the cliff and headed to find Melinda, who had temporarily settled down in the Rune Land as she was waiting for him.

Melinda had been bored while waiting for James for the past three million years. She had visited James a few times, but he was so focused on his cultivation.

She sat on the roof of a manor on a certain mountain in the Rune Land, looking at the runes floating around her. During these years, she also studied for a bit. However, she was not interested in cultivating and only tried to cultivate for a very short period. After that, she waited idly for James to finish.

"It's already been three million years. How much longer is he going to cultivate?"

She sat on the roof in boredom.

Suddenly, she saw James approaching from a distance. Her face immediately lit up, and she quickly flashed before James, saying excitedly, "You're finally done! I missed you a lot!"

After speaking, she leaped into James' arms.

James was startled by her actions. Melinda was the daughter of the Twelfth Universe's Lord. Not only was she pretty, but she also had an outstanding figure.

He could smell a pleasant fragrance from her and could feel her body pressing against him.

After a brief shock, James reacted and pushed her away. He said apologetically, "Sorry for keeping you waiting."

"Don't worry. I was just getting a little bored."

Melinda asked smilingly, "How did your cultivation in Curse Magic go?"

James said triumphantly, "Naturally, I learned a lot. I'm already proficient in Curse Inscriptions and have raised my Curse Path Seal to the Grand Emperor Rank's Ninth Heaven."

"Good job! Here's a reward!" Melinda smiled and planted a kiss on his cheek.

Then, she asked smilingly, "Where are you going next?"

After Melinda kissed James, a bad feeling rose in James' heart. 'Could this girl have fallen for me?'

The Almighty Dragon General Chapter 3583-James was troubled. He did not want anything to do with Melinda. From his perspective, it was inevitable that he would soon become an enemy of Mount Heavenly Path. Moreover, he already had Thea and refused to have any sort of romantic relationship with other women.

After a brief thought, James said, "You should head back to Mount Heavenly Path, Melinda."

James did not want Melinda to continue following him.

Puzzled, Melinda asked, "Why? We already agreed in the beginning that I'd come with you. Why are you suddenly sending me home?"

"Uhh..." James was at a loss for words.

He was not sure what to say to Melinda.

'I can't possibly tell her that I'm Mount Nothingness' Master and that my mission is to destroy Mount Heavenly Path and all the powerhouses of this age so that others can have a share of the universe's luck, right?' thought James.

Suddenly, James fell into a dilemma when he thought about having to kill the Primeval Age's powerhouses.

When the time called for it, would he be ruthless enough to kill the Ancestral Sword Master, the Ancestral Talisman Master, and the Five Ancestral Masters, who were acquainted with him?

Moreover, Thea would also be one of them.

Thea was his wife, so would he be able to kill her for the Twelfth Universe's future?

'What a troublesome situation,' thought James.

He gently massaged his temples.

Melinda was unsure what had happened but noticed James' worried expression and asked, [novelebook.com](http://novelebook.com) "What's wrong? Did something happen?"

“N-No, it’s nothing.” James gently shook his head.

Melinda said pleadingly, “Let me come with you, please? You’re going to head to the new universe, and there’s no telling when you’ll come back or if you might even make it back alive. I want to spend more time with you before you depart to the new universe.”

Seeing Melinda’s sincere expression, James felt helpless. He was inevitably going to break her heart again.

He could not give her any promises but also could not straightforwardly reject her. Otherwise, the Universe’s Lord, Hadad, would kill him instantly.

Oblivious to James’ worries, Melinda asked, “Where’s your next destination?”

James replied, “The Five Ancestral Masters.”

Melinda said excitedly, “The Five Ancestral Masters? I know where to find them.”

James looked at her and asked, “Is that so?”

Melinda replied smilingly, “Although the Five Ancestral Masters have existed for a very long time, they have always remained active throughout the universe. Their residence isn’t a secret. They live on Mount Element. It’s where the Five Elements of Genesis were found. Like the Rune Land, it’s also one of our universe’s Ten Holy Lands.”

“If that’s the case, let’s get going.”

James did not want to waste any more time.

Three million years had passed, and he was not left with much time.

After raising his Path Seals to the Grand Emperor Rank’s Ninth Heaven, he still had to improve his physical strength to the peak of a Quasi Ancestral God. Then, he would have to focus on stabilizing his state of mind.

He could only compete with the other universe’s powerhouses over the new universe’s boons after doing all this.

Mount Element was located in the Human Realm’s Divine Dimension. It was where the Five Elements of Genesis were born after the formation of the Twelfth Universe. It had also become the spiritual mountain where the Five Ancestral Masters cultivated.

It was an Orthodox Faction as famous as Mount Sword God.

After James and Melinda left the Rune Land, they headed toward the Human Realm and appeared within the range of Mount Element.

The Almighty Dragon General Chapter 3584-Mount Element was located in a prosperous area in the Human Realm's Divine Dimension.

Many powerful humans were gathered in the area, mostly disciples of Mount Element's Five Ancestral Masters.

As the oldest powerhouses of the universe, the Five Ancestral Masters had disciples all over the universe. They were considered one of the strongest forces in the universe.

The Elemental Cities were the most prosperous regions within the jurisdiction of Mount Element.

There were five cities—Metal, Wood, Water, Fire, and Earth.

James and Melinda arrived in Metal City.

The entire city was built with rare metals. From a distance, it looked very extravagant and majestic. In the area, James could sense very powerful Metal Power.

Melinda pointed at the city and said, "That's Metal City."

"Although the Five Ancestral Masters were born in the same generation, they are very independent. The Metal City's Lord is the Ancestral Gold Master. He's also the leader of the Five Ancestral Masters. His signature skill is called Metallic Body Art, which has impenetrable defenses. In our universe, only very few people can get past his defenses."

James had heard about the Five Ancestral Masters for a long time. However, he did not know much about them.

He wanted to use this opportunity to learn more about them.

As Mount Heavenly Path's Princess, Melinda knew a lot about the Five Ancestral Masters and briefed James about them.

Soon, the two arrived at Metal City's gate.

Swoosh!

At that moment, a ray of light descended from the sky.

The light ray gradually gathered to form a woman in a black dress. She was very beautiful and had a perfect figure. [novelebook.com](http://novelebook.com) However, her face was ice-cold toward James.

“Thea?”

After a brief shock, James lit up with joy. He asked, “What brings you here?”

The woman was none other than Thea.

An endless stream of people walked in and out of the city gate.

Thea was a famous Caelum Ancestral God. James was also a prodigy that had recently made a name for himself throughout the universe. Moreover, Melinda was Mount Heavenly Path’s Princess.

A commotion immediately broke out after several passersby identified them.

“Isn’t that James Caden? The one from Mount Heavenly Path? Mount Heavenly Path has announced that James would assist Radomir in managing the Heavenly Path. Moreover, Lord Hadad has betrothed Melinda to James.”

“That’s Bria, right? The youngest sister from the Callahans.”

“Oh my goodness!”

“Why are they here at the same time?”

“It’s rumored that James and Bria have a very unusual relationship.”

People began to whisper about them.

Thea was a Caelum Ancestral God and did not care about other people’s opinions. She glanced at James and said, “Speaking here will be inconvenient. Come with me.”

After speaking, she leaped into the distance.

James hurriedly said, “Wait here for a while, Melinda.”

After speaking, James followed after Thea.

Thea descended from the sky and landed in an open field in an uninhabited mountain range.

Immediately afterward, James also appeared.

James felt ecstatic to see Thea. He wanted to approach her, but her cold attitude made him keep his distance.

He scratched his head and asked, "What's the matter?"

Thea asked, "Do you know about the birth of the new universe?"

James nodded and replied, "Yeah. I was informed three million years ago."
