The Almighty Dragon General Chapter 3599-Even if Nurlan used all five of his Paths, James would remain unafraid, not to mention that Nurlan was currently only using the power of a single Path. After all, James had yet to use the Elemental Inversion Path Seal, the Infinity Steles, One for All, and Curse Magic to copy his opponent's cultivation method. He only wished to know more about the Omniscience Path.

As they fought, James became increasingly eager to learn the Omniscience Path. Upon entering Omniscience, one's strength would increase, contrary to Gutierre Linford's claims. James realized that upon entering Omniscience, one's responsiveness, acumen, and aura would drastically soar. Most crucially, one would merge with Heaven and Earth, thereby nullifying all attacks. There was only one way to defeat an individual in Omniscience, and that was to destroy the Path of Heaven and Earth. Only by destroying the Path could one harm the one practicing Omniscience.

Upon understanding more about the Omniscience Path, James took a deep breath. At that moment, he knew that there was nothing more to learn from prolonging the battle. As his mind stirred, the power of the Five Great Paths in his body awakened at the same time and merged, forming a brand-new power. This power was Macrocosm Power. Imbued with Macrocosm Power, James' aura soared.

"Break!"

James raised his sword.

As Macrocosm Power was catalyzed, the Crepe Myrtle Divine Sword performed Macrocosm Power of the Sword Path, novelebook.com piercing through the sky and shredding through the air. All Paths in the arena were instantly destroyed. James' sword had singlehandedly destroyed all power of the Paths. As the power of the Paths in the arena was destroyed, Nurlan's Omniscience Path was broken. At that moment, Nurlan spurted out a mouthful of blood, and he hurriedly staggered backward. Before he could even react, James was already before him, and his sword was pressed against his head.

However, he did not pierce through his brains. Even so, the terrifying power shattered the void behind Nurlan and struck the Formation Boundary, which began to show cracks. Meanwhile, James' terrifying power had destroyed Nurlan's body. However, as a Quasi Ancestral God, the injuries were not fatal.

"You..."

Stunned, Nurlan gasped at James.

“How can this be? Omniscience is invincible. How did you manage to break my Omniscience? Besides, what was that power you performed? How did you summon such a terrifying power at your rank?”

Nurlan was stunned.

Meanwhile, the Sect Elders of Yin and Yang Valley were all dumbfounded.

Nurlan was defeated in an instant, and they had no idea how his defeat came to be.

Only two people knew—the Ancestral Needle Master and Melinda.

They knew that James had cultivated Macrocosm Power. At James’ rank, the Macrocosm Power he performed would be extremely terrifying.

James stored the Divine Sword away and dissipated his aura. Then, he looked at Nurlan and said smilingly, “I must admit. If you didn’t promise to use only the power of a single Path, I wouldn’t have defeated you so easily.”

Nurlan took a deep breath and glanced at him, saying, “You’ve won. But, I want to know what sort of power you used. How did you manage to break even Omniscience? I thought Omniscience was invincible.”

James said smilingly, “When we fought, I realized that after you performed Omniscience, your aura and Divine Sense seemed to have merged with the Path of Heaven and Earth. Besides, all the damage you receive is also absorbed by the Path of Heaven and Earth. So, I hypothesized that I’ll be able to break Omniscience by shattering the Paths of this area. Turns out I was right.”

Hearing this, realization dawned on Nurlan’s face as he said, “I lost fair and square.”

The Almighty Dragon General Chapter 3600-Nurlan lost fair and square. Omniscience was a unique rank that was invincible, at least theoretically. Even an opponent who had cultivated Omniscience would not be able to break Omniscience. James, however, thought of a way to destroy Omniscience in the midst of the battle. The method was violent and straightforward. His comprehension level was unparalleled.

He looked at James and said, “You’re very powerful. One day, your name shall spread far and wide. Feel free to enter the Place of Yin and Yang.”

Saying that, he left the arena.

However, the Sect Elders were displeased.

“What are you doing, Nurlan?”

“Defeat him! How can you concede defeat just like that? The Yin and Yang Place is our holy site. We kept the Place of Yin and Yang closed for so long specifically for you. Are you going to relinquish the opportunity to cross into the Ancestral God Rank just like that?”

“He’s right. If you miss this opportunity, you’ll have to wait for a long time to reach the Ancestral God Rank.”

Nurlan arrived outside the arena. Looking at the Sect Elders, he bowed slightly and said, “I sincerely apologize. However, I promised him that I’d only use the power of a single Path. How can I go back on my own word?”

“Sigh...”

Darden sighed in frustration and looked at James and the Ancestral Needle Master by his side, saying, “Please rest for now. We will open the Place of Yin and Yang soon.”

“Thank you.”

The Ancestral Needle Master said and turned to leave alongside James and Melinda.

Upon returning to their accommodation, James sat on the wall of the courtyard and contemplated. Below, the Ancestral Needle Master asked, “A penny for your thoughts, James?”

James said, “I’m thinking about what kind of rank Omniscience is.”

The Ancestral Needle Master fell silent. After some time, he said, “I’m not really sure myself. Although I am a Caelum Ancestral Master, there are few records of Omniscience in the ancient texts. After all, only very few people managed to comprehend Omniscience in the past. In this age of ours, not more than ten people have entered this rank.”

“Not more than ten, huh... I must be extremely fortunate to have met two,” James murmured.

Below, Melinda said, “James, Mount Heavenly Path has countless ancient texts in our possession. When we return, novelebook.com I can bring you to the Chamber of Scriptures. Perhaps you might learn more about Omniscience.”

Pensive, the Ancestral Needle Master said, “If I’m not mistaken, this is a rank between the Grand Emperor Rank’s Ninth Heaven and the Quasi Ancestral God Rank. However,

not every living being can cross into this rank. There are certain prerequisites you need to fulfill, which no one knows about.”

“Mhm.”

James nodded and said, “I share the same opinion. Nurlan said only those above the Grand Emperor Rank’s Ninth Heaven have been able to cross into this rank since antiquity. However, I don’t know if I’ll be able to comprehend Omniscience after crossing into the Quasi Ancestral God Rank or the Ancestral God Rank.”

“Put those thoughts aside for now,” The Ancestral Needle Master said. “You should start making preparations to cultivate inside the Place of Yin and Yang. Before we go, I have to tell you more about the place.”

Swoosh!

James leaped down from the wall and landed steadily on the ground. He appeared before the Ancestral Needle Master, curious about the Place of Yin and Yang, one of the Ten Great Cultivation Holy Sites of the Twelfth Universe.

He looked at the Ancestral Needle Master and said, “Tell me about it, then.”
