The Almighty Dragon General Chapter 3676-Yermolai was terrifyingly strong.

James was already a Quasi Ancestral God at the Theosophical Rank. Moreover, he had entered the Omniscience Path's Second Stage. Yet, he was unable to stand his ground against Yermolai.

Henrik watched the battle from afar. He had witnessed James' strength before. However, Yermolai's strength was beyond his imagination, and James was being trounced.

He murmured, "I never expected Yermolai to be so terrifying after becoming an Ancestral God."

The other powerhouses watching the fight were equally as shocked.

"Yermolai is so strong."

"As expected from the number one on the Soaring Dragon Ranking. Even though James can fight over a dozen powerhouses on the Soaring Dragon Ranking, he's at a huge disadvantage against Yermolai."

"Indeed. Yermolai is terrifying. He probably has the strength to defeat all the powerhouses in the new universe."

"That's not necessarily true. Yermolai is simply the first to step into the Ancestral God Rank. When the others also become Ancestral Gods, their strength will be comparable."

"James still has many trump cards. He hasn't used his Chaotic Treasure yet. I'm sure the battle isn't going to end so soon."

Many powerhouses watched the fight.

After James was knocked away, he stretched his body and said, "He's powerful. I won't need to hold back against him."

James secretly activated his Elemental Path Seals of Genesis and Elemental Inversion. At that moment, his Elemental Powers fused to form Macrocosm Power.

With the Macrocosm Power, James' aura was enhanced significantly.

Yermolai smiled faintly and said, "You should've used full strength from the beginning. I'm looking forward to seeing your strength when you go all out."

After speaking, Yermolai flashed in front of James again.

James was concentrating hard and could sense Yermolai's movement trajectory.

Yermolai was not using any Path, but his speed was breakneck. He could surpass and freeze the surrounding time.

As soon as he appeared before James, he swung a powerful punch at James.

James quickly raised his hand to block it.

Boom!

Their fists clashed.

At that moment, a terrifying force spread out like water ripples. The surrounding space began to crack, and a massive black hole appeared. James and Yermolai were both standing at the black hole.

The powerhouses spectating the battle retreated even further away.

The Heavenly Path of a new universe would protect the space. novelebook.com Once large-scale damage was caused, the Heavenly Path would quickly repair the space.

The black hole that appeared was immediately restored.

However, there were still many spatial rifts in the area.

James had used Macrocosm Power and his Path Seals' Power. However, he could barely withstand Yermolai's attack.

Although he resisted it, he was injured.

His fist was injured during the collision of their terrifying force. His arm muscles were also destroyed, exposing his bones. The force was still permeating his body and causing damage throughout his body.

The force knocked James away.

Yermolai, on the other hand, stood motionless in the space full of spatial rifts. He looked at James in the distance with slight admiration and said, "You're from the Twelfth Universe, the weakest of all universes. You're only a Quasi Ancestral God at the Theosophical Rank but resisted my attack. You're very impressive, James. The Twelfth Universe is the weakest. After the fight over the Chaotic Treasures in the universe is over, I hope you come with me to the First Universe. It'll be the perfect place for you. With your potential, you'll have much more room to improve."

Yermolai's voice resounded.

James shook his numb arm.

Immediately afterward, he mobilized the Life Path's Power to flow through his body. The injuries in his body healed instantly, returning him to an energetic state.

"Impressive." James grinned.

"If that's the case, I won't hold back."

James activated Yin and Yang Transformation.

The Power of his Yin and Yang Path began to fuse and evolve into a Macrocosm Power.

"He can still improve his strength?"

Sensing the change in James' aura, Yermolai was surprised. He thought, "This guy is outrageous. He can keep increasing his strength. I have to be careful. Otherwise, I might lose to him."

James shouted, "Come at me again!"

His voice was like rumbling thunder, and it shattered the void.

This time, James took the initiative to attack Yermolai.

James was incredibly powerful with the boost of two Macrocosm Powers and his other Path Seals' Power.

He flashed before Yermolai and attacked.

Yermolai also urged all his strength to resist the attack.

Their battle broke out in the depths of the new universe. None of them wielded weapons. They fought with pure strength.

Every punch and kick they made during the fight contained destructive strength.

After mobilizing two Macrocosm Powers, James had the upper hand against Yermolai. Although Yermolai was an Ancestral God with ten Paths, he struggled against James.

Yermolai was injured and spat out a mouthful of blood.

“Damn it.”

He backed away into the distance.

Yermolai no longer held back.

He immediately activated the power of his ten Paths, and his aura instantly increased.

James rushed toward him and threw a powerful punch.

Yermolai quickly dodged.

After he escaped, James’ fist shadow landed on a huge planet. novelebook.com The uninhabited planet was destroyed instantly and turned into nothingness.

“Impressive strength.”

Yermolai was shocked by James’ strength. He could not believe a human at the Quasi Ancestral God Rank could unleash such explosive strength. Yermolai was sure he would have been injured if the blow hit him.

At that moment, mysterious inscriptions appeared on his body’s surface and attached to him. The inscriptions improved his physical body and defensive strength.

Yermolai shouted, “Bring it on!”

Then, he charged at James.

The two confronted each other again, throwing fists and kicks at each other. Every move they made burst out with monstrous strength.

After using a Supernatural Power to improve his defensive strength, Yermolai could resist James’ attacks. This time, James was shocked by the force and was constantly injured. If he had not mastered the Life Path, he would not have been able to persist so long in the fight.

Many powerhouses watched the fight in awe.

The strength displayed by the two was enough to kill them.

There was a huge gap between Quasi Ancestral Gods and Ancestral Gods.

One that stepped into the Ancestral God Rank would experience a huge increase in strength.

The two fought in the starry space for a long time.

Yermolai was from the First Universe and had mastered many Supernatural Powers. James had no choice but to keep backing away in the face of his Supernatural Powers. After fighting for a while, James had exhausted a lot of his strength.

He panted in the void.

“As expected from a powerhouse of the First Universe. He’s a tough opponent. I’ll have to use a third Macrocosm Power to overpower him.”

At that moment, James was thinking of using a third Macrocosm Power.

While he was trying to formulate a plan, Yermolai had already charged at him,

Many of Yermolai’s shadows spread out in the void and attacked him from all directions. James was hit a few times and was covered with wounds. At that moment, he looked like he was about to lose the fight.

Meanwhile, James’ clothes were torn, and his skin was exposed.

Mysterious inscriptions floated on the surface of his skin. Powerful energy emerged from his body and affected the stars around him. The stars began to rotate under the influence of his energy. Unable to withstand James’ power, a few stars cracked and disintegrated.

James stood in the distance.

He used two Macrocosm Powers and could overpower Yermolai in the beginning.

However, Yermolai retook the upper hand after exerting all his strength.

James' body was riddled with injuries. Even with the Life Paths' Power, a few of them could not be healed because they were trauma dealt by a Great Path.

James activated the Five Great Paths' Power, fusing them to form his third Macrocosm Power.

As soon as James' third Macrocosm Power formed, it stacked with his other two Macrocosm Powers. At that moment, a monstrous aura erupted from James' body.

Even the Macrocosm Ancestral Gods watching from outside the new universe were shocked.

"This kid is amazing."

"He's only a Quasi Ancestral God but has mastered three Macrocosm Powers. If he became a Macrocosm Ancestral God, he would immediately become a Three-Power Macrocosm Ancestral God."

"He's incredibly strong."

"Is the Twelfth Universe about to rise?"

The Macrocosm Ancestral Gods were surprised by the strength James displayed. They found it hard to believe a human at the Quasi Ancestral God rank possessed three Macrocosm Powers.

However, James' Macrocosm Powers were not very strong yet and had not reached their greatest potential.

To unleash the true strength of his Macrocosm Powers, he would have to become a Macrocosm Ancestral God.

"Interesting."

The Macrocosm Ancestral Gods watching grew interested in James.

Meanwhile, Yermolai, on the battlefield in the new universe, could sense that James' aura had grown stronger and was aghast.

"How is this possible?"

He was in disbelief.

James stretched his body after activating his third Macrocosm Power, and his bones crackled.

James looked at Yermolai in the distance and smiled.

“I’ve finished warming up. I’ll be going all out now.”

Yermolai was horrified by James’ strength.

He took a deep breath.

Immediately afterward, a dazzling light appeared before him.

The light gradually manifested into a staff.

The tip of the staff was inlaid with a transparent crystal stone.

Magical inscriptions flowed through the crystal stone.

The staff’s body also had glowing inscriptions.

Outside the new universe, the Macrocosm Ancestral Gods watching the fight turned to the Omnipotent Lord after seeing Yermolai summon the staff.

“I wasn’t expecting the Omnipotent Lord to have handed such a powerful treasure to Yermolai.”

“The Staff of Destruction is a Chaotic Treasure, and its crystal is a Macrocosm Core. The staff alone can produce two Macrocosm Powers.”

A few Macrocosm Ancestral Gods immediately recognized the Chaotic Treasure.

Meanwhile, the Omnipotent Lord remained calm.

On the battlefield, James also sensed the terrifying energy from the Staff of Destruction on the battlefield. He knew it was a powerful Chaotic Treasure and was very cautious. With a thought, a black light emerged before him.

The black light gathered into a long, black sword.

The Almighty Dragon General Chapter 3679-Yermolai floated in the starry space, and the Staff of Destruction illuminated his surroundings. At that moment, he looked like an ethereal being.

"The new universe's space hasn't stabilized yet and will be destroyed if we continue fighting here. We might end up destroying the entire universe. How about we fight in the Chaos, James?"

Yermolai's fighting spirit had risen significantly.

Seeing that James had such terrifying strength, he wanted a good fight.

Regardless of the outcome, he wanted to go all out with James.

In the First Universe, he was almost unbeatable against those of the same cultivation rank. He had not met a worthy opponent all these years. For once, he could go all out in a fight.

The Omnipotent Lord had bestowed him the Staff of Destruction.

The Staff of Destruction was a Chaotic Treasure inlaid with a Macrocosm Core.

The Omnipotent Lord had obtained the Macrocosm Core from the Chaos.

If the Omnipotent Lord had not taken the Macrocosm Core, it would have eventually evolved into a universe.

The Staff of Destruction had terrifying strength.

Even Yermolai was incapable of fully controlling its power.

“Go.”

Yermolai raised the Staff of Destruction and pointed it at James in the distance.

Powerful force emerged from the Staff of Destruction and swept through the Chaos, charging swiftly at James.

James raised the Demon-Slayer Sword to parry the attack.

Boom!

The two forces clashed in the Chaos, and a powerful shock wave swept the area.

The space in the Chaos was very robust.

James and Yermolai's strength was not enough to shatter the Chaos' space.

After their focus clashed, the shock waves spread out. James raised the Demon-Slayer Sword to resist the force.

Yermolai also resisted it.

James thought, 'The power of his Chaotic Treasure is immense.'

He had used three Macrocosm Powers and the other Path Seals' Power. Moreover, he was using the Demon-Slayer Sword. He had already reached the peak of his strength. However, he was only on par with Yermolai.

Yermolai was also shocked.

The Staff of Destruction was a powerful Chaotic Treasure. He had attacked with all his strength, but James managed to defend against it.

While he was distracted, James rushed over and slashed the long, black sword. A black Sword Energy burst out and swept through the Chaos, seemingly about to rip the space apart.

Yermolai raised the Staff of Destruction just in time.

The Demon-Slayer Sword struck the Staff of Destruction.

Bzzt!!!

The clashing of the two forces caused a buzzing sound.

The shock wave caused by the impact spread out like water ripples.

James roared, "Come on!"

His three Macrocosm Powers and the power from his other Path Seals poured out from the Demon-Slayer Sword and confronted the Staff of Destruction.

James was immediately blown away by the mysterious force.

His arm went numb from the shock, and he almost lost his grip on the Demon-Slayer Sword.

"That's a very powerful Chaotic Treasure."

James was startled.

While James was still marveling at the Staff of Destruction's strength, Yermolai launched another attack.

The Staff of Destruction glowed brightly, and the light rays gathered to form a terrifying spatial cage to trap James.

The light rays kept shrinking around James.

James held onto the Demon-Slayer Sword and kept slashing at the light rays.

The intense battle between the two continued in the Chaos.

James and Yermolai were on even ground.

However, James was unwilling to lose.

He still had a few more trump cards.

When James' sword struck him, Yermolai quickly swung the Staff of Destruction at James.

James quickly dodged the blow.

Yermolai also seized the chance to back away.

While he was retreating, the Boundless Stele came down from above him.

He urged the Staff of Destruction's power to resist the Boundless Stele.

James found an opening and quickly summoned the Time Capsule. He charged at Yermolai rapidly and thrust it through Yermolai's body.

Yermolai was already injured by the Demon-Slayer Sword. Now, he sustained another blow from the Time Capsule.
