The Almighty Dragon General Chapter 3727-Hadad had left. However, now that he had reached the Macrocosm Ancestral God Rank, not to mention that he had cultivated a terrifying Supernatural Power, he surreptitiously entered the basement once more. Since Hadad was already injured, he did not detect the presence of any intruder. Sensing that Hadad was gravely injured, Radomir did not hesitate at all. Silently, he appeared behind Hadad while holding a white sword in his hand. Hadad immediately sensed the imminent danger and tried to escape. However, the space here had been sealed shut. In his prime, he would have shattered the seal easily. Now, however, he was only a fraction of his full strength.

Swish!

The Polaris Sword pierced through Hadad's body. Mysterious power exuded from the Polaris Sword frantically destroyed Hadad's body.

"You..."

Radomir was enraged.

"Wh-What do you think you are doing, Radomir?"

Radomir pulled out the sword, and a hole appeared in Hadad's body. Mysterious power began to spread from Hadad's wound and frantically destroyed his body.

"Master."

Radomir said coldly, "This is perhaps the last I'm calling you that, Master."

"What are you up to?!" Hadad roared.

Radomir said smilingly, "What else? I'm going to annihilate you, occupy Mount Heavenly Path, and become the new Lord of this universe."

"Y-You! Th-The Sword... Y-You are from Mount Nothingness?" Hadad stared at the white sword in Radomir's hands.

"That's right," Radomir said, "I'm indeed a descendant of Mount Nothingness. My father is the Lord of Nothingness. Ever since his death, Mount Nothingness has been in concealment, waiting for the new Macrocosm Ancestral God to appear so that we could provide assistance. However, we have you instead. You transported all the providence of Mount Nothingness to Mount Heavenly Path and sealed everything beneath the mountain. You have taken away the opportunities for other living beings to reach the Macrocosm Ancestral God Rank. This caused the overall strength of the Twelfth

Universe to be stagnant. To make the Twelfth Universe rise, we have no choice but to annihilate you.”

At that moment, Hadad hurriedly spoke, “I will undo the seal and return the providence to the world.”

Radomir shook his head and said, “Not enough... This is far from enough. The first batch of living beings in this universe has occupied most of the providence. For the sake of reform, all of you will have to go.”

“Go in peace. I won’t exterminate your soul. That way, you have the opportunity to reincarnate or enter the Dark World.”

Then, Radomir pierced through Hadad’s body once more with the Polaris Sword. Since Hadad was already injured prior to this, he had no means of resisting. His vitality was slowly depleted before he collapsed to the ground.

After Hadad collapsed, Radomir put away the Polaris Sword and turned to leave. As he arrived at Hadad Palace, he sat on the throne and said, “Hadad Theophanes is dead. From today onward, I, Radomir Theophanes, will be the ruler of Mount Heavenly Path and Lord of the Twelfth Universe.”

Though Radomir’s voice was composed, it reverberated throughout the universe. In an instant, every powerful figure of the universe heard his voice.

Everyone was stunned.

“What?! The Lord of the universe is dead?!”

“What’s going on?”

“Could it be that Radomir crossed into the Macrocosm Ancestral God Rank, killed Hadad, and took his position?”

At that moment, no one in the universe understood what was going on.

The Almighty Dragon General Chapter 3728-At Winnie’s place of residence on Mount Nothingness, she heard Radomir’s voice. Then, she gazed into the distance and murmured, “This day has finally come. No one can stand in the way of the cogwheels of history.”

Winnie closed her eyes and put those thoughts aside. As she was not from this age, she could not change anything.

Many figures appeared in Hadad Palace in an instant. These were all powerful figures of Mount Heavenly Path, which included Melinda and Herschel.

“Radomir, you...!”

The moment Herschel appeared, he pointed at Radomir furiously and asked coldly, “What have you done? Where is my father?”

Radomir looked at the group of people and said nonchalantly, “Hadad has perished at my hands.”

“Dammit!”

Herschel roared and exuded a terrifying aura before charging toward Radomir. However, before he could approach Radomir, he was knocked back by a powerful aura, and he collapsed heavily to the floor.

“The Macrocosm Ancestral God Rank?”

Their faces paled.

“That’s right,” Radomir stood up and said, “I have crossed into the Macrocosm Ancestral God Rank. Otherwise, how could I possibly kill Hadad?”

“How could you, Radomir?” Melinda said tearfully, “My father has never mistreated you. He even allowed you to control the Heavenly Path. Yet, you betrayed him and occupied Mount Heavenly Path. You will suffer the retribution of Karma.”

“Hahaha!” Radomir burst into a roar of laughter, “I will let you live if you pledge your allegiance to me. Otherwise, I will silence you and crush you!”

Those words echoed throughout the universe.

At that moment, the powerful figures of the universe furrowed their eyebrows. Faced with such a situation, they all remained silent. To them, Radomir simply replaced Hadad as the Lord of the universe. There would not be any difference between them. However, this was only just the beginning. After Radomir became the Lord of the universe, the powerful figures of Mount Nothingness appeared and formed an army that hunted Ancestral Gods throughout the universe. This caused massive outrage. Many Caelum Ancestral Gods banded together and resisted the Radomir-led Mount Heavenly Path, thus beginning the final battle of this age.

Meanwhile, Winnie simply remained concealed inside Mount Heavenly Path. She paid no heed to everything that was happening in the outside world. Now, she was a Macrocosm Ancestral God who had mastered true Heavenly Path Power.

“Winnie.”

Just as Winnie was in closed-door meditation, a voice came.

She opened her eyes and stood up. A white light appeared before her and transformed into a man wearing a white robe. He was somewhat handsome-looking and exuded a distinct aura.

“Your Holiness.”

Winnie greeted him.

Radomir looked at her and said, “You have crossed into the Ancestral God Rank and awakened the unique Scythe of Judgment. The Caelum Ancestral Gods of the world have banded together to resist Mount Heavenly Path. So, I plan to form a Heavens’ Adjudicators Army with you at the helm. You will lead the Heavens’ Adjudicators into battle and annihilate the rebellious Ancestral Gods.”

“Wh-Why me?” Winnie asked.

Radomir said, “Because the Scythe of Judgment inside your body is the greatest of all Scythes.”

“Your Holiness,” Winnie said, “I came from the future. As I’m not from this age, I don’t wish to participate in the grudges of this age. I don’t want my actions to change history, nor do I wish to be contaminated by Karma.”

The Almighty Dragon General Chapter 3729-“Hahaha...”

Radomir snickered and said, “Since you are here, you don’t have much of a choice.”

Winnie said with firm determination, “I will never be involved in the grudges of this age. I will leave Mount Heavenly Path at once and seal myself in a secluded place. I promise I will never leave that place.”

Then, she turned to leave.

Just as she turned, Radomir raised his hand, and mysterious power materialized in his palm. However, he did not strike Winnie.

“For James’ sake, I guess I will spare your life this time.”

He sighed and dispersed the power in his palm. He did not know what was the relationship between Winnie and James, but he roughly guessed that they were close.

Winnie did not involve herself in the conflicts of this age and chose to live in seclusion. Meanwhile, Radomir used the Heavenly Path he controlled to mass-produce Heaven’s Adjudicators and began a long struggle against the powerful figures of the universe alongside Mount Nothingness. One side was Mount Nothingness and Heaven’s Adjudicators, whereas the other side consisted of the Ancestral Sword Master, the Ancestral Talisman Master, the Five Ancestral Masters of Heaven and Earth, and many others who formed the Universal Alliance.

The conflict lasted ten Epochs.

Ten Epochs passed, and the Universal Alliance suffered massive casualties. Now, only Caelum Ancestral Gods remained as the Ancestral Gods had been annihilated.

In a secret area in the universe...

“It’s over...”

The Ancestral Sword Master sighed, “Mount Heavenly Path is too powerful. We are no match for them.”

A Caelum Ancestral God who was well-versed in extrapolation said, “We have failed to overthrow Radomir, who has modified the operating rules of the Heavenly Path. From this day onwards, no other living being in the universe will cross into the Quasi Ancestral God Rank. They will forever remain in the Ninth Heaven Grand Emperor Rank. I also extrapolated that humankind will encounter a crisis in the future. The crisis will be an opportunity to resolve the changes in the Heavenly Path’s operating rules. Once humankind overcomes the crisis, the Heavenly Path’s operating rules will change.”

“We cannot die. We have to fight for the sake of humankind in the future.”

A group of Caelum Ancestral Gods gathered together and formulated a plan.

Meanwhile, in the Mortal Dimension of the Human Realm...

James had been dead for many Epochs. This was a very long time. In addition to the turbulences in the Twelfth Universe, people had long forgotten about James’ existence. Those who knew James had perished in battle, whereas those of the younger

generation had never heard of him. Though James was incredibly strong, he only existed for a very short period of time. Besides, the universe was full of prodigies.

Mysterious plants grew in the surroundings of James' tombstone. Meanwhile, a corpse lay silently in the coffin. It was James' corpse. Though his body was battered beyond recognition, his body seemed to have magically recovered as time passed. Besides, there was a mysterious power inside his body. The battle at the new universe had shattered all his Path Seals.

He had cultivated many mysterious Paths. In addition to the Path Seals of the various Paths, countless powers ran amok inside his body. In the end, he consumed a Macrocosm Core. The Macrocosm Power was also destroyed by the Superformation's power and merged with the powers of the Path Seals and the Dark Wellspring. Under the relentless bombardment of the Formation, these convoluted powers merged and intermingled with each other, thus transforming into a mysterious power.

This power was Chaos.

As James died, this power was concealed inside his body and disappeared. Now, the power was slowly awakening, rejuvenating his body in the process. Meanwhile, his soul had long fused with his physical body. Now that his physical body was rejuvenated, the soul hidden inside him gradually awakened.

The Almighty Dragon General Chapter 3730-A long time ago, James tore his soul apart and fused it with his physical body. Theoretically speaking, he would not die as long as his physical body existed. In the new universe, he suffered a devastating blow, and his life came to an end. Meanwhile, a huge portion of his soul disappeared with only a tiny fragment remaining inside his physical body. As his physical body had lost all signs of life, his soul did not appear. So, even a Macrocosm Ancestral God did not detect the presence of his hidden soul.

The Path Seals of his sixteen Paths were shattered and merged with the power of various Paths, running amok inside his body. As he consumed the Macrocosm Core, the Macrocosm Core also shattered and transformed into a mysterious power. In addition to the countless spiritual herbs Henrik had given him, their power had been refined by the Superformation and merged into one. Just as James' life came to an end, these powers were concealed inside his physical body. As countless Epochs passed, his physical body, soul, and powers gradually awakened.

After some time, James slowly awakened. Immediately, he could feel his splitting headache. An explosion seemed to have occurred inside his brain as countless memories and images surfaced in his mind. At that moment, he could not remember

who he was nor his current whereabouts. So, he simply lay inside the coffin created using unique materials.

As the power inside his body grew stronger, fragments of his memories began to piece together like a puzzle to form a complete memory. Then, he remembered who he was — James Caden. He came to the Primeval Age to search for James. However, he experienced a fierce battle in the new universe. His body was brutally shattered, and his life came to an abrupt end.

“I’m alive?”

James was stunned. He could only sense that he was unconscious for a very long time. Now, he seemed to have regained consciousness.

“Who am I?”

As he scanned his surroundings, he realized he was in a coffin. He murmured, “Who buried me?”

He tried sensing his surroundings. Then, he was dumbfounded. The Path Seals inside his body had completely disappeared, only to be replaced by a brand-new power that was unfamiliar to him.

“What’s going on?”

James was dumbfounded. At that moment, he had no idea what had happened.

He tried sensing the power inside his body. Then, he realized that the mysterious power seemed to contain all sorts of power—the Sword Path, the Five Great Paths, Elemental Power, Yin and Yang Power, and even Dark Power. Meanwhile, the Dark Wellspring inside his body had been refined and completely disappeared. In any case, he could sense all sorts of power of the Path Seals inside this brand-new power, which included the power of various Paths.

James was stunned. He had no idea what had happened.

“During the battle in the new universe, my Path Seals were shattered, and all powers merged into one. I even consumed a Macrocosm Core and many mysterious spiritual herbs. One of them was even a Macrocosm Elixir. Could it be that I acquired this brand-new power by chance? And... what’s with my rank?”

James tried sensing his rank but could not sense anything. Back then, his rank was at the peak of the Quasi Ancestral God Rank, and he was only a step away from becoming an Ancestral God. Now, however, he could not sense his rank. But he was sure that he was neither in the Quasi Ancestral God Rank nor at the Ancestral God Rank.
