The Almighty Dragon General Chapter 3831-“James?”

The Omnipotent Lord was taken aback and fell into deep thought. Then, he began recalling his memory.”

“I remember,” said the Omnipotent Lord.

“That’s good,” Sienna said coldly, “In the Thirteenth Universe, the nine powerhouses of the First Universe worked together to form a kill trap, luring James into it and causing him to die in battle. I’m here to settle accounts today.”

The Omnipotent Lord immediately explained, “When obtaining fortune in the new universe, I’ve already said that any grudges in the new universe won’t involve each universe. James died because he wasn’t strong enough. It isn’t the other people’s fault.”

“Haha.” Sienna laughed. “James died in the hands of the First Universe’s living beings. I want the First Universe to die too.”

Sienna’s aura was frightening.

The Dark Army behind her was even more so.

All this made all the Lords of the Universes and Macrocosm Gods unable to express their opinions. They were afraid of angering the powerful Dark Lord, resulting in death.

Taking a deep breath, the Omnipotent Lord asked, “Who’s James, who died in the battle, to you? Why is he worth your trouble?”

“He’s the person I like,” answered Sienna coldly.

Instantly, the Omnipotent Lord apologized, “I’m sorry for this matter, but obtaining the fortune is dangerous. Other people can’t be blamed for James’ death. I apologize to James for all the living beings who participated in the battle.”

The Omnipotent Lord knew Sienna was powerful. He also knew that a huge battle would begin if he did not deal with the Dark Army properly this time.

He did not want to fight, especially at this critical time during the merging of the universes.

“Haha. Do you think an apology is enough? What a joke.”

Sienna laughed out loud.

She had been holding back for so long until this day. How could she forgive them with one apology from the Omnipotent Lord?

When James, who was in the crowd, heard this, he could not help but feel sad. He did not expect his death to have such a large impact on Sienna. He also did not expect Sienna to take revenge on his behalf, leading the Dark Army to the First Universe and going against the First Universe.

At the same time, James was curious about how Sienna became the Dark Lord. He was contemplating whether or not he should resolve this catastrophe.

If he showed himself, the battle would not start.

Nonetheless, he was a little selfish. If Sienna wiped out the First Universe and killed the Omnipotent Lord, the threats he received would lessen.

“Hand over the murderers.”

Sienna’s voice was loud.

There was anger in her voice, and her roar resembled thunder. All powerhouses present at the Ancestral Holy Site were terrified.

Without any hesitation, the Omnipotent Lord waved his hand and forcefully dragged Yermolai, who was meditating in seclusion, over to where they were at.

Then, Thoth, who was not at the Ancestral Holy Site, was also forcefully dragged to the place.

“Among the nine living beings who killed James that day, seven of them have been killed by another friend of James. Presently, only two of them are left. They’re all yours,” spoke the Omnipotent Lord.

Upon seeing this scene, Yermolai felt scared as he shouted, "What's going on? Don't hand me over."

Meanwhile, Thoth was confused. He had no idea what was happening.

As Sienna waved her hands, a ball of black smoke emerged from her palms. The black smoke engulfed Yermolai and Thoth before taking them to the sky.

Yermolai was a Macrocosm Ancestral God, yet he could not break free at this moment.

As for Thoth, he was a mere Caelum Ancestral God.

Looking at the terrifying Sienna ahead of him, Yermolai quickly begged, "Everything is negotiable. Please don't kill me."

## [Read The Almighty Dragon General Chapter 3832](#)

The Almighty Dragon General Chapter 3832-Yermolai was recuperating in seclusion. His injuries had not fully healed. He did not appear even when the conference began.

He only knew he had been turned in.

He had no idea what was going on.

Since this matter involved him and Thoth, he guessed it was related to the battle in the Thirteenth Universe.

"Teacher, what's going on? Save me!"

As the black smoke engulfed Yermolai, he could feel his body decaying. He was terrified.

The Omnipotent Lord's expression was dark. As the matter had gone to this extent, he could only hand over Yermolai to prevent this battle from happening. He said, "Yermolai, this is your debt. You have to pay it back. I can't help you as your teacher."

When he heard that, Yermolai felt despair. Seeing Sienna full of killing intent, he could sense how powerful Sienna was. He was sure she was on par with his teacher. Besides, there were too many lords behind her.

“Lord, this has nothing to do with me. I only followed my teacher’s instructions. At first, I didn’t want to kill James, but my teacher ordered me to think of a way to kill James as the potential he showed was too frightening.”

In between life and death, Yermolai did not care about anything else aside from his life.

If Sienna took action, he would be a goner. He would enter the Dark World and exist in the state of an evil spirit, and he would have no chance of reincarnation.

When the Omnipotent Lord heard Yermolai’s words, his expression darkened further, and killing intent also surged in his heart.

“There’s no need for the trouble. I’ll deal with him myself and give you a satisfactory outcome.”

At once, the Omnipotent Lord took action. As he raised his hands, invincible power emerged in his palms. The power immediately attacked Yermolai. With Yermolai’s ability, he could not resist the Omnipotent Lord’s attack at all.

Besides, he was trapped, so he could not do anything.

After he got hit, his body and soul were instantly destroyed, and he disappeared from the crowd.

Toth trembled from fear as he watched this scene. He knew it was difficult to escape.

“Lord, I’m willing to change sides. I’ll give up my body right away. I’ll enter the Dark World in the state of my soul and give myself up to you.”

However, Sienna’s cold expression did not change. With a wave of her hand, the black smoke filled the air, and under the destruction of the black smoke, Toth disappeared in the blink of an eye without leaving behind a single soul sigil.

Watching the series of events unfold, James felt uncomfortable. It was his affair and the Karma he tainted, yet Sienna took revenge for him. He could sense there was another subtle Karma connection between him and Sienna.

“Lord, you have killed the people involved, so let’s put an end to this matter. Take the Dark Army and retreat.”

The Omnipotent Lord looked at Sienna.

“Retreat?” Sienna’s expression was dark as she said, “Just like that? How could the lives of a mere First Stage Macrocosm God and a Caelum Ancestral God be comparable to James’ life?”

“What do you want?”

The Omnipotent Lord was angry. He had already compromised when facing Sienna and killed the disciple he raised. Was it not enough?

“I want the First Universe to die too.”

Sienna’s voice sounded loud and clear at the Ancestral Holy Site.

As soon as she finished speaking, the lords of the other universes and Macrocosm Ancestral Gods were frightened.

“Haha,” laughed the Omnipotent Lord. “Did you actually think I was afraid of you? The powerhouses of all twelve universes have gathered here today. Do you dare to attack my universe?”

As soon as he said that, the lords of the other universes and Macrocosm Ancestral Gods backed away as if the grudge between the Dark World and the First Universe had nothing to do with them.

Watching everyone back away, the Omnipotent Lord cursed, “How useless.”

The Almighty Dragon General Chapter 3833-The Omnipotent Lord felt disappointed with the people who stepped back. He scolded, “If you back out today, the Dark World will gather an army and appear in your universes. Now, the only way is to work together and fight against the Dark Army. Whether or not the Dark Lord can wipe out the twelve universes depends on her ability.”

The Omnipotent Lord knew that with the First Universe’s ability, the First Universe could not resist the Dark Army led by Sienna at all. Currently, the

only method was to form an alliance with all twelve universes. Only then could they have a chance of winning.

Sienna swept her gaze across all Macrocosm Ancestral Gods present.

“This is my grudge toward the First Universe. It has nothing to do with the rest of you, so please leave. I promise I will not invade other universes. If you insist on fighting along with the First Universe, I will kill you too.”

Even though Sienna was a lady, she never backed down and had an invincible spirit.

With simple words, she made it clear that she did not want to become enemies with the twelve universes. She also showed that she was not afraid of the twelve universes.

The Lord of the Second Universe stepped forward and said, “Lord, as this is between you and the First Universe, I won’t participate in this.”

Angrily, the Omnipotent Lord shouted, “Longinus, the twelve universes are about to consolidate. Everyone is a living being from some universe. How could you retreat?”

Longinus glanced at the Omnipotent Lord and said dully, “The universes have not consolidated. Besides, it isn’t certain that the consolidation will be successful. I don’t want to participate in this fight.”

As he spoke, he ordered, “All living beings of the Second Universe can’t participate in the battle.”

With Longinus taking the initiative to express his thought, the Omnipotent Lord panicked. He looked at James.

“Forty-nine, the twelve universes are going to consolidate soon. As one of the candidates to be the lord of the new universe, you should step forward and lead everyone to fight against the Dark World. After all, the Illuminated World and the Dark World aren’t compatible.”

James shrugged his shoulders.

“This is the hatred the First Universe caused. I don’t want to get involved in this.”

Although this matter was directly related to James, he did not want to participate for now. It was due to the Omnipotent Lord being too greedy. The latter was an unstable factor and a ticking time bomb. In fact, James wanted to join hands with Sienna and kill the Omnipotent Lord.

“You...” The Omnipotent Lord was furious.

“I won’t participate either,” said the Lord of the Third Universe.

“This is none of my business.”

“This is a grudge between the Lord and the First Universe.”

...

The Lords of the Universes took turns expressing their opinions.

Even Lishai, the Lord of the Sixth Universe, who had always been loyal to the First Universe did not want to participate in the battle. It was better to watch the battle for now. If they participated in the battle, even with the Sixth Universe, they could not defeat the Dark Army.

In a short moment, all universes had expressed their thoughts.

At this time, Mirabelle of the First Universe also spoke up, “This is the Omnipotent Lord’s grudge against the Lord. I did not go to the Thirteenth Universe, so I had no idea about James’ matter.”

“Mirabelle...”

The Omnipotent Lord’s face darkened. He looked at Mirabelle with bloodshot eyes. Before the Dark Army even attacked the Ancestral Holy Site, he had already lost his temper.

After Mirabelle expressed herself, the other Macrocosm Ancestral Gods of the First Universe also said that they did not want to participate in the battle.

“Great.” The Omnipotent Lord laughed out of anger. “I want to see what you can do to me.”

At once, his long hair stood on end, and his robe swayed endlessly as a frightening aura burst from his body. Under the influence of this aura, the space in the Ancestral Holy Site became unstable.

This power distorted countless voids in the First Universe. It seemed that the universe was about to crack.

“Let’s go,” said James after glancing at Quanesha beside him. Then, the two disappeared and flew toward the Chaos outside the universe.

## [Read The Almighty Dragon General Chapter 3834](#)

The Almighty Dragon General Chapter 3834-When James sensed something wrong, he immediately left the place.

Quanesha did not hesitate. Once she saw James leave, she took off too.

The lords of the other universes and the Macrocosm Ancestral Gods also found something was wrong. The First Universe would have an intense battle today, and they did not want to be affected. So, they hurriedly left.

Soon, only the Omnipotent Lord and several disciples of the Ancestral Holy Site stayed behind at the site.

Many Macrocosm Ancestral Gods of the First Universe had also left.

However, a few Macrocosm Ancestral Gods who were loyal to the Omnipotent Lord stayed at the place.

“Kill every one of the First Universe without leaving anyone alive,” ordered Sienna.

Once she finished speaking, the Dark Army behind her dispersed and appeared in every corner of the First Universe, killing the living beings of the First Universe.

“Who dares to kill my people?!” the Omnipotent Lord roared in anger.

His roar sounded throughout the universe. The Dark Army in every corner of the universe was stunned. They did not dare to act rashly.

In the Ancestral Holy Site, the Omnipotent Lord had a strong aura. He showed all his strength and appeared to be an invincible war god.

Sienna did not back down. A strong Dark Power burst from her body. The Dark Power contained the Eighth Stage of Macrocosm Power. Even though

her cultivation rank was slightly lower than the Omnipotent Lord, her aura was not inferior to the Omnipotent Lord.

Besides, there were many lords behind Sienna. Among the lords, there were powerful ones.

In fact, there was a lord who had an aura similar to Sienna. They were both the Eighth Stage Lord Rank.

This lord was a man.

The man was not old. He appeared to be approximately thirty years old. He wore a black robe and looked handsome. With an aloof expression, he walked forward and fought alongside Sienna.

When the Omnipotent Lord saw the two lords with similar auras, his emotions became unstable.

Currently, he was the only one left. Even if a few Macrocosm Ancestral Gods were around, they would be useless.

The Omnipotent Lord knew that once the battle started, there was no going back. It was a matter of life or death. If he did not kill these lords, he would either die or the First Universe would be wiped out.

“Today, the First Universe will die together with James,” shouted Sienna.

The Omnipotent Lord took a deep breath and forced himself to calm down. He suppressed the anger in his heart and asked, “Must we fight until there’s death? I admit that the Dark Army can wipe out the First Universe, but if we used all our might to fight, they might not defeat me. Is it worth the sacrifice of so many humans because of one man?”

The Omnipotent Lord wanted to know if there was still room for negotiation.

Sienna said coldly, “Even the destruction of the First Universe can’t be compared to James’s life.”

At this moment, outside the Chaos of the First Universe, James watched the scene unfold and frowned. He wondered if it was a good decision to hide when Sienna was going to wipe out the First Universe. James could tell that the Dark Army led by Sienna had the ability to wipe it out.

However, the Omnipotent Lord was a Ninth Stage Macrocosm Ancestral God. If the battle began, even if the First Universe had been destroyed, the Dark Army would suffer a huge loss. Perhaps Sienna would get injured too.

He did not want Sienna to suffer from any injuries for him. She had already done a lot for him.

After thinking about all this, he felt he needed to show himself and resolve the disaster between the Dark World and the First Universe. If he could resolve this disaster, he would have more prestige in the Tenth Universe. It would be easier for him to become a lord of a universe.

At this thought, James scanned his surroundings.

He saw that there were many Macrocosm Ancestral Gods nearby, including Quanesha. He chose to leave quietly and moved to a space in the Chaos where no one was around. He changed his appearance again. This time, he changed his appearance to his original one. He also changed his robe and wore white clothes.

After changing back to himself, James quickly left. Taking a step forward, he disappeared on the spot.

When he appeared again, he was already at the Ancestral Holy Site in the First Universe.

The Almighty Dragon General Chapter 3835-Here, the Omnipotent Lord had a strong aura. He still spoke up, wanting to avoid the battle.

The Omnipotent Lord did not want to fight, as neither the First Universe nor himself could afford to lose.

“Must we fight until one of us dies?” The Omnipotent Lord’s face was dark. He had never been in such distress and humility before.

“We can avoid the fight, but you must follow me to the Dark World. I’ll hold you in captivity forever,” spoke Sienna, expressing her condition.

“No way.”

The Omnipotent Lord refused directly. He was the Lord of the First Universe and the strongest powerhouse in the twelve universes, so how could he be imprisoned?

“If so, let’s fight.”

Without saying anything else, Sienna summoned the black smoke, which had a terrifying power, from her body and attacked the Omnipotent Lord.

The Dark Power was too strong. The power instantly broke the galaxies the Omnipotent Lord was in. Although it was merely a ball of smoke, it caused the deaths of many living beings in the First Universe.

“Sure.”

Since the situation had reached this extent, the Omnipotent Lord had no choice but to fight. Even if the First Universe got destroyed, he had to kill Sienna.

“Stop.”

At this moment, a voice sounded.

Following the voice, a shadow appeared at the center of the battlefield silently. It was James who had changed back to his original appearance.

Once James appeared, he raised his hands and dissipated Sienna’s black smoke.

However, the black smoke was too strong. As James dissipated it suddenly, he suffered backlash and stumbled backward. The black smoke entered his body and caused him harm unknowingly.

Nevertheless, he still managed to dissipate it.

Sienna was bewildered. She stared at the person who appeared at the center of the battlefield.

“James...”

She had an unbelievable expression.

Sienna thought that there was a problem with her eyes and that she was hallucinating. She found it hard to believe it was real.

A person who had been dead for so long, who had been on her mind and who she had missed, was standing before her eyes right now.

On her face, there was an unbelievable expression. The corners of her eyes became moist, and her eyes fogged up.

“I-Is it really you?”

James looked at Sienna, who had tears in her eyes, and he felt guilty. He did not know how to face Sienna. However, he had to face her at this moment. He stepped into the void and walked toward Sienna. Soon, he appeared before her.

Looking at her, he nodded. “It’s me.”

Far away, the Omnipotent Lord was stunned.

What was going on?

How could James be alive?

In the Chaos outside the universe, many Lords and Macrocosm Ancestral Gods were bewildered.

“Is it him?”

“It’s James, who was killed by the nine prodigies of the First Universe in the Thirteenth Universe.”

“How could he still be alive?”

“He managed to resolve the Dark Lord’s attack. What cultivation rank has he reached?”

The powerhouses who saw James were all surprised.

## Read The Almighty Dragon General Chapter 3836

The Almighty Dragon General Chapter 3836-James had shown himself, but he was forced to do so.

Initially, he planned to hide his identity until the consolidation of universes had finished and until the new universe took shape.

Now, he had shown himself.

There were two reasons he showed himself. Firstly, it was because of Sienna. To take revenge on his behalf, Sienna had done too much. He did not want Sienna to fight a life-or-death battle with the First Universe again for him.

Secondly, he had comprehended the Chessboard of Heaven and Earth, and he could continue perfecting his Path, allowing his power to improve again. His improvement could be seen when he resolved Sienna's attack.

Currently, he was very strong. He was one of the top powerhouses in the twelve universes.

Even if he weren't the Omnipotent Lord's match, with Sienna by his side, he was no longer afraid of the First Universe.

Outside the Chaos, a beautiful woman stood. She watched the scene at the Ancestral Holy Site in the First Universe and saw a familiar yet unfamiliar person. She was shocked. "Teacher is alive?"

Quanesha found it hard to believe.

The battle in Juda Realm in the Thirteenth Universe was famous in many universes. Numerous powerhouses were shocked by the strength James showed. Who knew that a dead person was still alive?

Besides, James had become more terrifying now.

"James..." Sienna called out with tears in her eyes.

Stepping into the void, James walked over to Sienna and stood before her.

However, before he could get close to her, a man stood forward and appeared before Sienna, blocking his path.

The man was a lord from the Dark World. He had known Sienna for a long time. It could be said that they grew up together. He also knew about Sienna's matters.

"Stop. If you go any forward, I won't go easy on you," said the lord with hostility.

"Xosha, move," said Sienna.

Xosha frowned. He had never seen Sienna act this way before.

He reminded, "Sienna, James has been dead for so long. I've investigated his death. He did not leave behind a single soul sigil, so he can't reincarnate or enter the Dark World. There's no way he's alive. This must be the First Universe's scheme. Don't fall for this trick."

Upon hearing that, Sienna came back to her senses.

She missed James too much. Thus, when James appeared, she lost her mind.

Staring at James, she asked coldly, "Who are you? Why are you pretending to be James?"

Touching his chin, James did not expect to be called a fraud when he showed himself using his original appearance.

"Pretending to be James?" Speechless, he said, "Sienna, do I need to pretend to be myself?"

Xosha asked, "I investigated personally and found that James' soul has been destroyed. Only his broken body was left behind. Besides, his body has decayed over the years and is long gone."

Without saying anything, James summoned a few Chaotic Treasures. The first treasure he took out was the Callahan family's Demon-Slayer Sword.

Looking at the Demon-Slayer Sword, he said dully, "This is the Demon-Slayer Sword. It used to belong to a lord in the Dark World, but he lost it in the Twelfth Universe. In the end, it was obtained by the Callahans. Before I went to the Thirteenth Universe, Thea gave me this sword to defend myself against other living beings."

As he spoke, he took out the Time Capsule.

“This is the Time Capsule.”

## Read The Almighty Dragon General Chapter 3837

The Almighty Dragon General Chapter 3837-“Actually, I’m not a living being from the Primeval Age of the Twelfth Universe. I’m from this era.”

James explained the situation of the Four Calamities of Earth.

“I used the Time Capsule to go to the Primeval Age. I went there to find Thea.”

Upon hearing that, Sienna understood everything. It was no wonder James had a different feeling toward Briana. It turned out that there was such a story behind them.

In a cold voice, Xosha said, “Hmph. Continue making up stories. You don’t have proof.”

Sienna also did not fully believe James. She had personally searched for him and confirmed he had died.

James felt helpless. Then, several Paths emerged from the power in his body. There were the Five Great Paths, Elemental Path, Yin and Yang Path, Dark Path, and Karma.

“Sienna, you should remember that I helped you resolve the Dark Power in the Callahan Residence. You also comprehended the Dark Path because you saw the Curse Inscription.”

“In the twelve universes, only I can cultivate so many Path Seals.”

Hearing that, Sienna believed James completely.

“James, it is you. This is great. You’re alive.” She jumped toward James immediately and embraced him.

At this moment, she did not act like the Dark Lord. She looked like a pitiful girl. Tears kept falling and wetted James’ shoulders.

James also hugged Sienna, and his hands were on her waist. Softly, he comforted her, saying, "It's alright now. I'm still alive. You have suffered a lot for the past several years."

Many powerhouses were watching this scene.

No one expected the prodigy born in the Twelfth Universe to be alive, and no one expected the powerful Lord of the Dark World to have a connection with a living being from the Twelfth Universe.

If the Twelfth Universe and the Dark World formed an alliance, wouldn't they be invincible?

The Omnipotent Lord was also taken aback.

At the same time, he let out a sigh of relief. At least, the life-or-death battle would not begin. The First Universe had avoided the crisis of destruction because of that.

James let go of Sienna.

Sienna's face had tear stains, making her look pitiful.

"What about Briana? How are the two of you doing?" she could not help but ask.

She wanted to know what happened to James and Thea.

James sighed. "I did die in battle in the Thirteenth Universe. Henrik brought my corpse back and buried me in the Mortal Dimension of the Human Realm. When I woke up, more than ten Epochs had passed. The Twelfth Universe faced a crisis, and Thea had reincarnated before I went to the Thirteenth Universe, only leaving behind a part of her spirit."

"Her spirit had been refined into a part of the Ancestral God Rank Elixir.

"Many Epochs later, the Ancestral God Rank Elixir was crushed, and Thea's soul reincarnated into a mortal. Then, she became my wife.

"After that, to stop the last calamity, Thea became a part of the Ancestral God Rank Elixir, and I consumed the Ancestral God Rank Elixir. It was only then that the Heaven's Adjudicators were killed, and the calamity was resolved.

“As for Thea’s reincarnated body, I have not found it.”

Hearing that James had not found Thea’s reincarnated body, Sienna was slightly delighted. Even though Thea was her sister, Sienna hoped James would never find her.

“So, you refused to marry me because you came to the Primeval Age to find Thea.” Sienna smiled and asked, “Since you did not find Briana, shouldn’t you make up for the wedding you refused?”

“ ... ”

Sienna’s words made James speechless.

## [Read The Almighty Dragon General Chapter 3838](#)

The Almighty Dragon General Chapter 3838-“Of course, I have to make it up for you.”

After a slight hesitation, James expressed his thought.

Sienna had done too much for him. So many Epochs had passed, yet she remembered to take revenge for him. She even offended the Twelfth Universe by wanting to battle with them.

James did not know how to repay her.

Besides, he could sense that there was a Karma connection between him and Sienna. If he refused the marriage today, more uncertainties would appear in the future.

Standing to the side, Xosha had a dark expression on his face.

He had known Sienna for such a long time. During this period, the two grew together and made the Dark World powerful. He knew about Sienna’s affairs and that she liked James.

However, James was dead.

Xosha believed that Sienna would forget about James one day and be together with him. Nonetheless, the outcome was that James was still alive and that they would hold a wedding.

“Sienna, congratulations.”

Xosha smiled bitterly. He did not want Sienna to marry James, but he wanted Sienna to be happy.

“Xosha, thank you.” Sienna felt grateful.

A thank you made Xosha sad, and he almost cried. He held back his tears though. This matter had already been determined, so he could only bless Sienna.

He could only blame himself for meeting Sienna too late. When Sienna looked at James, her gaze changed, and she looked in love.

“When’s the wedding?” Sienna smiled happily and said, “Let’s hold a wedding first. After that, we’ll look for Briana.”

After glancing at the Omnipotent Lord standing afar, James looked at Sienna and said, “Now isn’t the time. When the twelve universes consolidated and the lord of the new universe is chosen, we’ll hold a wedding after the new universe stabilizes.”

“Alright.”

Sienna nodded and waved her hand, saying, “Retreat.”

Then, she looked at Xosha and said, “Xosha, bring the army back. You’re in control of the Dark Army for now. I’ll stay here for some time.”

“Take care.”

Without saying anything else, Xosha quickly left with the Dark Army.

After Xosha left, James asked, “Who is he?”

Sienna explained, “After leaving the Callahans, I went to several places for cultivation in the universe. Then, I headed to the Dark World and continued cultivating and perfecting my Dark Path. I met Xosha in a dangerous area in the Dark World. The two of us went through many hardships, but we’re just friends.”

James smiled. “I didn’t ask about your relationship.”

Sienna could not help but pull James' hand. She appeared happy.

Meanwhile, the Omnipotent Lord's face was still dark. Although the battle had been resolved, he did not want to face the upcoming situation.

At this moment, many lords of the universes and Macrocosm Ancestral Gods were outside the Chaos. They returned to the Ancestral Holy Site in the First Universe.

They appeared before James.

Seeing the Ancestral Holy Site Sienna's power had been destroyed, he sensed several soul sigil fragments in heaven and earth. They were all implicated in Sienna's attack.

James waved his hands, and a few mysterious sigils emerged from his palms. These sigils entered the void.

The destroyed Ancestral Holy Site began to recover, and the dead living beings were revived miraculously.

The Almighty Dragon General Chapter 3839-Walking over, Quanesha had an excited expression. She could not help but say, "Teacher, you're still alive. This is great."

James smiled before changing his appearance. He changed into Forty-nine's appearance.

"Huh?" Quanesha's jaw dropped.

The surrounding lords of the universes and Macrocosm Ancestral Gods were shocked.

"It's you."

The Lord of the Ninth Universe shouted, "James, you're Forty-nine?"

The other lords of the universes and Macrocosm Ancestral Gods were also stunned.

None expected Forty-nine, who defeated everyone on the Chessboard of Heaven and Earth, to be James.

James smiled. "That's right. It's me."

He changed back into his original form.

With a dark expression, the Omnipotent Lord walked over and glanced at Sienna with a wary look. He could not resist saying, "We need to discuss the consolidation of universes. This is the affair of the twelve universes and the Illuminated World. It has nothing to do with the Dark World."

Looking at the Omnipotent Lord, Sienna said, "I'm a living being of the Twelfth Universe. I'm not a living being of the Dark World. I have only cultivated the Dark Path using the identity of an Illuminated World's living being and became a lord of the Dark World. Among the twelve universes that will be consolidated, there's the Twelfth Universe. So, how does it have nothing to do with me?"

The Omnipotent Lord did not want Sienna to be involved in the consolidation, but he could not refute her words. He did not know what to do.

He put so much effort into bringing the twelve universes together because he wanted to become the lord of the new universe and obtain enough providence. He also wanted to prepare for surpassing the Ninth Stage Macrocosm Ancestral God.

Now, there was Forty-nine, who was James, and a powerful Dark Lord.

Initially, James already had many supporters. Now that Sienna was one of them, how could the Omnipotent Lord fight for the lord of the universe?

"Let's discuss the consolidation matter next time."

After saying that, the Omnipotent Lord disappeared from the spot.

Meanwhile, James and the other powerhouses appeared at the Ancestral Holy Site.

Originally, James wanted to buy enough time for the living beings of the Twelfth Universe, so the postponement of the discussion was just what he wanted. To him, it was alright to postpone it for three to five Epochs.

If the Twelfth Universe had the time of three to five more Epochs, with the current situation of the Twelfth Universe, a large batch of powerhouses would be born.

Besides, during the Chessboard of Heaven and Earth, he had comprehended something. He found a way to continue improving his Paths.

The method was to comprehend more Paths until the extreme and become Macrocosm Ancestral Power, reaching Ninth Stage Macrocosm Ancestral Power.

After putting everything he comprehended into the new power, his power would increase and his Chaos Path Power would become stronger.

James did not know what cultivation rank he needed to reach to be considered the true Chaos Path.

He roughly knew that Chaos was an existence surpassing everything. Only if his ability reached a level that could crush a Ninth Stage Macrocosm Ancestral God could it be considered the true Chaos Path.

In the manor James lived at the Ancestral Holy Site, James and Sienna sat in the foyer and chatted. They talked about everything they experienced during this time.

At this moment, a few shadows walked into the courtyard.

It was Salvatore, the Lord of the Eighth Universe, Kallinikos, the Lord of the Ninth Universe, Yekaterina, the Lord of the Tenth Universe, and Tomislav, the Lord of the Eleventh Universe.

Before Kallinikos entered, a laugh sounded. "Haha. James, I didn't expect you to be still alive. I thought you actually died in the Thirteenth Universe. You even became so strong."

When Kallinikos and the rest appeared, James stood up and called out, "Greetings."

"No need." Kallinikos waved his hand and said, "There's no need to be so formal in the cultivation world. I'm not worth your respect."
