The Almighty Dragon General Chapter 3931-The little bird held out for a while, and its entire body was soon covered in wounds. So, it flew away to heal its injuries.

After it recovered, it flew back.

It continued doing so several more times. When the bird could not bear it any longer, it flew far away and cried out, "I'm done. It's too difficult and tormenting. I'll think of another way to enter the Acme Rank."

Several trials later, the little bird decided to give up.

Meanwhile, James only smiled faintly.

He sat on the ground with his legs crossed, and a colorful beam floated at the top of his head. The beam was the Light of Acme.

Then, using the cultivation method, he made the Light of Acme above his head shine more brightly. The colorful light poured down on James and enveloped him. At the same time, James began to absorb the power of the Light of Acme.

"This brat..." Located far away, the little bird could not help but curse, "I can't believe he's absorbing and refining the Light of Acme. Perhaps only he can do this in the entire Dark World."

The other three people were envious of James.

Upon reaching the Omniscience Path's Fifth Stage, James' physical power increased again. Now, he could withstand the power of the Light of Acme as well as absorb and refine it.

The power of the Light of Acme would enter the body through the pores. At this moment, it was destroying James' limbs and bones.

Even though his physical power had increased, his body could not handle the Light of Acme that had been absorbed into the body.

The destruction began from his organs and spread to his whole body. Soon, only a layer of skin was left. The flesh beneath the skin was destroyed entirely. Many bones had also been destroyed.

Huff!

James took in a deep breath.

The Light of Acme was too strong.

Even if he reached the Fifth Stage of the Omniscience Path, he could not handle the true power of the Light of Acme.

When his body endurance level reached the extreme, he stopped absorbing and refining. He began to repair his body so that his body could recover as soon as possible. Soon, his body returned to normal.

Then, he continued to refine the Light of Acme.

The potential of his body had started. After absorbing and refining the power of the Light of Acme, his limbs and bones were filled with limitless potential. Now, he only needed to

change the potential into physical power, bloodline power, and aura.

By doing so, he could go further on the Omniscience Path. He could reach the Sixth Stage, the Seventh Stage, and even the Eighth Stage.

James was confident. He began to put all his focus into absorbing and refining.

Even though his body would be destroyed continuously during the refining process, he could withstand anything as long as he would not die.

James' cultivation method made the people of this space speechless.

None of them dared to cultivate this way. Even if they had lived for a long time, even if they were great powerhouses, they could not handle the suffering.

"Now, we just need to wait. It won't take long until James reaches the Sixth Stage of the Omniscience Path." Looking at James, who was cultivating afar, Yahveh appeared proud as he said, "I'll use this chance to cultivate too. I'll try

to enter the Ninth-Power Macrocosm Ancestral God Rank before James enter the Sixth Stage.”

With a yearning expression, Jehudi said, “The outside world is exciting. I wonder what kinds of powerhouses are there in the outside world right now. I have to cultivate as well. I don’t want to become a target of bullying when I leave.”

The two of them were Eighth-Power Macrocosm Ancestral Gods. They wanted to enter the Ninth-Power Macrocosm

Ancestral God Rank in the shortest time.

It was not difficult for them.

They had been in this place for a long time. Thus, they cultivated numerous signature skills. It was just that they weren’t willing to cultivate in the past. If they focus on cultivating now, they could enter the Ninth-Power Macrocosm Ancestral God Rank easily.

The Almighty Dragon General Chapter 3932-In the past, there was no hope of leaving. Thus, the three people trapped at the Seventeenth Level were unmotivated to cultivate. Now that there was a chance for them to leave, they wanted to cultivate.

James put all his attention on absorbing and refining the Light of Acme. He spread the power of the Light of Acme to his limbs and bones, strengthening and honing his body.

As for the other three, they were focusing on their cultivation.

Even Yehosheva, who had reached the Ninth Stage Lord Rank, was not resting. Though she had reached the Ninth Stage Lord Rank, she did not reach the extreme.

Among them, only the little bird was doing nothing. Laying on its stomach in a room, the bird lazily watched James cultivate.

Going from the Fift Stage Omniscience Path to the Sixth Stage was too difficult.

James' body was already strong. It was tough to improve his strength again. Even if he used the Light of Acme to hone his body, it would be incredibly slow. Based on the cultivation speed, he would need several Epochs to reach the Omniscience Path's Sixth Stage.

Nonetheless, James did not give up.

Days passed. To a powerhouse like James, he had sufficient time.

In the blink of an eye, three Epochs had passed. One Epoch was 4.9 billion years. Now, nearly ten billion years had passed.

Yahveh entered the Ninth-Power Macrocosm Ancestral God Rank first, followed by Jehudi.

Soon, another two Epochs passed. Adding the Epochs together, it had already been five Epochs.

Five Epochs later, Jabari and Xulia came to the Seventeenth Level.

James had cultivated for several Epochs, but he still had not entered the Omniscience Path's Sixth Stage. He had absorbed almost all the power of the Light of Acme.

Currently, the Light of Acme only had a little power left.

Then, James halted his cultivation.

In a room on the ancient battlefield at the top of the Eastern Mountains, many people were gathered.

The people were James, Yahveh, Jehudi, Yehosheva, and the little bird, as well as Jabari and Xulia, who arrived not too long ago.

"Jabari, I didn't expect you to reach the Seventeenth Level so quickly. You even entered the Ninth-Power Macrocosm Ancestral God Rank." James was happy for Jabari.

Aside from Jabari, Xulia had also entered the Ninth-Power

Macrocosm Ancestral God Rank.

In this space, everyone was a Ninth-Power Macrocosm Ancestral God Rank powerhouse.

Once they got out, they could conquer the Dark World, let alone the Twelfth Universe of the outside realm.

Jabari said, "I heard Yahveh that we need to enter the Omniscience Path's Sixth Stage to leave this space. I can't do that. Which stage of the Omniscience Path have you reached?"

A proud expression could be seen on James' face as he said, "I've almost absorbed all the power of the Light of Acme. I'm going to reach the Omniscience Path's Sixth Stage soon. It won't take long."

Upon hearing that, Jabari gave James a thumbs up.

"The road to the Omniscience Path has been cut off, yet you managed to enter the Sixth Stage. You're amazing."

The rest of them admired James. However, James could reach a higher realm in the Omniscience Path because of his hard work.

After Jabari came, James stopped his cultivation temporarily and took a rest.

Several years later, he began his closed-door meditation again.

He continued absorbing the Light of Acme. In the end, the Light of Acme was exhausted. After he absorbed all of the Light of Acme, he was about to reach the Omniscience

Path's Sixth Stage.

"Everyone, attack me," shouted James as he appeared on the ancient battlefield.

Hearing that, the powerhouses in this space appeared on the battlefield too. They surrounded James immediately and attacked him fiercely.

The Almighty Dragon General Chapter 3933-James instantly entered the Omniscience Path's Fifth Stage . His aura had reached the extreme.

Aside from that, after entering the Fifth Stage, all aspects of his body had improved. Upon receiving the attacks from several powerhouses, he could dodge the attacks at critical moments.

This was the Omniscience Path, the Battle Rank. His body had formed a self-reaction. He could dodge critical attacks automatically.

Nonetheless, it was not James' aim. He wanted to use this battle to hone his body and enter the Sixth Stage Omniscience Path.

"Everyone, don't hold back. Use all your means," James spoke up again.

After hearing James' words, everyone no longer held back and exerted their full strength.

Everyone present was a Ninth-Power Macrocosm Ancestral God and a Ninth Stage Lord. Among them, the little bird even reached the extreme in the Ninth-Power Macrocosm Ancestral God Rank. It could enter the Acme Rank at any time. It was terrifying with all of them attacking together.

If James used the Chaos Power, he could resist their attacks. However, he was currently only using the power of the Omniscience Path.

Even though he reached the Omniscience Path's Fifth Stage and his physical power was strong, he could not handle this sort of attack. In a short moment, he suffered from injuries.

This was the effect he wanted.

He wanted to have a breakthrough for the Omniscience Path and the Battle Rank during the battle. He wanted to receive a new life from destruction and get a breakthrough from the predicament.

To James, the attacks from the powerhouses were his training. He continued to suffer injuries, but the flesh and bones in his body were constantly emerging a strong power, repairing his severely injured body.

The battle continued for a long time. It lasted for three hundred thousand years.

During that time, James' body had gone through training continuously, and his physical power grew stronger and stronger.

On the battlefield, James lay on the ground with only a breath left.

His hair was messy, and his body was covered in blood.

In the sky, all kinds of power landed and attacked his body.

It had been three hundred thousand years, and everyone knew James would not die. Thus, all of them used all of their might to attack him.

After James suffered from attacks for three hundred

thousand years, the potential in his body emerged and assimilated into his limbs and bones.

Boom!

At this moment, in James' flesh and bones, several strange fantasy portals opened. In the fantasy portals, a strong vitality emerged and a frightening potential erupted.

The vitality quickly entered his limbs and bones.

In an instant, James recovered and his aura increased.

With a jump, he appeared in mid-air, and his powerful aura formed a terrifying magnetic field. The magnetic field blocked everyone's attacks and even rebounded.

The attackers surrounding James were forced to back away.

"What a powerful aura..."

"Did he succeed?"

"The Omniscience Path's Sixth Stage. Tsktsk. I didn't expect a human to reach the Sixth Stage in this era."

Everyone was shocked.

The aura of the Omniscience Path's Sixth Stage was too powerful. It already surpassed the Ninth-Power Macrocosm Ancestral God Rank. If the Sixth Stage was to this extent, wouldn't the Seventh Stage be on par with the Acme Rank?

James sensed the strong power in his body and let out a long breath of relief.

“I have finally entered the Omniscience Path’s Sixth Stage.”

The Almighty Dragon General Chapter 3934-James, who had entered the Sixth Stage of the Omniscience Path, was too powerful. His aura had reached the aura of a Ninth-Power Macrocosm Ancestral God.

Even the magnetic field formed by his aura was frightening. It could block the attacks of a Ninth Stage Lord. In fact, it could rebound the attacks. However, it only worked under the circumstances where the Ninth Stage Lord was careless.

If they weren’t careless, they could still attack James.

James stretched his body.

He could sense an exploding power in his limbs and bones. At present, he could fight with the Ninth-Power Macrocosm Ancestral Gods with only his physical power.

He withdrew his aura.

The people surrounding him quickly appeared.

Yahveh smiled happily. “We have been stuck here for a long time. We can finally leave.”

Everyone else was also delighted.

On the other hand, the little bird looked at James and mumbled, “What a strange person.”

James was also happy.

After cultivating for a long time, he finally reached his target. When he left this place, he could fulfill the wish of Yukia, who was Thea. In the Chaos, he found several leftover Universe Seeds. He urged the birth of the universe and made all universes consolidate.

He created a world that was as strong as the Primordial Realm.

In this way, Thea could show herself.

“What are you waiting for? Hurry up and open the seal of this space,” said the little bird impatiently.

“Alright.”

James did not hesitate at all.

As his body flashed, he appeared in the sky, below the spatial barrier.

The other people quickly followed after James. Once James opened the spatial barrier, they would leave together with James.

Glancing at the spatial barrier, James took a deep breath. Using his power and Supernatural signature skill, he quickly entered the Sixth Stage Omniscience Path.

In addition to his physical power, he gathered all his power in his fist and punched toward the spatial barrier in the sky.

Boom!

A terrifying power erupted.

In an instant, a crack appeared in the spatial barrier.

At the same time, James quickly rushed toward the sky and

left through the crack. The other living beings did not hesitate either. Once the crack appeared, all of them entered it.

In the next moment, all of them appeared at the Eighteenth Level.

The space of the Eighteenth Level was similar to the lower levels. The only difference was the middle of the ancient battlefield. There was a mountain, and there were several architectures at the top of the mountain.

“It’s different.”

“There’s a mountain in the middle of the battlefield, and there are architectures at the top of the mountain.”

“Let’s go and have a look.”

Once they appeared at the Eighteenth Level, they noticed the mountain in the middle of the battlefield. Without hesitation, they rushed toward the mountain. Soon, they appeared at the top of the mountain.

They appeared before a main hall.

Crack!

The closed entrance of the main hall opened at this moment, and several shadows walked out.

Upon seeing the mysterious shadows, James and the rest prepared to fight.

“Be careful,” reminded James in a soft voice. He could sense that the aura of these shadows was strong. The

shadows were not average characters.

The Almighty Dragon General Chapter 3935-When the shadows walked out of the palace, they changed into warriors wearing black armor. The ten warriors knelt on the ground at the same time and said, “Greetings, Master.”

James was bewildered by the scene.

Looking at the warriors kneeling on the ground, James asked, “What’s going on?”

One of the warriors at the front responded, “You have completed the test and reached the Eighteenth Level. According to the rules set by the previous master, you’re the new master of the Ecclesiastical Restricted Zone.”

“Huh?” James was slightly taken aback. He then said, “Please stand up first.”

“Yes, Master.”

The warriors stood up.

Before James could ask them questions, the little bird flew to the front and stood on James' shoulder. It looked at the warriors before James with a serious expression and asked, "What's this Ecclesiastical Restricted Zone? When was it left behind?"

A warrior at the front answered, "The Ecclesiastical Restricted Zone has existed since the Primordial Realm. The Master of the Ecclesiastical Restricted Zone is a powerhouse of the Primordial Realm. His name is Mateo Tanner."

The little bird asked again, "Why was the Ecclesiastical Restricted Zone destroyed and became a forbidden place?"

The warrior explained, "The Primordial Realm is one of the realms in the Greater Realms. The Primordial Realm has a high status in the outside realms. The Human Race also expanded in the Greater Realms, causing the hostility of other races to rise. Thus, all races in the Greater Realms allied and suppressed the Human Race. Then, a battle between races began."

'The Ecclesiastical Restricted Zone was one of the battlefields. On this battlefield, countless powerhouses joined the battle, and many Outsiders died in the Ecclesiastical Restricted Zone. As for the powerhouses of the Ecclesiastical Restricted Zone, most of them died in battle. Even if there were survivors, when the Human Race lost the battle, the Outsiders would deal with the Human Race powerhouses left behind."

"Master knew that the Human Race would lose the battle, so he left this space behind and many Supernatural cultivation methods. He did all this so that the Human Race wouldn't go extinct."

"When one enters the Eighteenth Level, one will inherit the destiny of Master Mateo and succeed the entire Ecclesiastical Restricted Zone. Everything in the Ecclesiastical Restricted Zone will be under the control of the new master."

After hearing all that, James could not help but sigh. Too

many battles had happened in the Ecclesiastical Restricted Zone.

On this battlefield, broken limbs and bones were everywhere. There were also all kinds of Chaotic Treasures and several broken Chaotic Treasures. One could see how scary the battle in the Primordial Realm was just by looking at these.

Besides, the Ecclesiastical Restricted Zone was only one of the battlefields.

“Master, you only need to enter the main hall to inherit the Ecclesiastical Restricted Zone and have full control over it. We have completed our mission. It’s time for us to disappear,” said a warrior.

After the warrior spoke up, his body slowly disappeared, and soon, he was gone. The other warriors also disappeared.

They had long been dead. All that was left was a trace of their consciousness.

Now that there was a new master for the Ecclesiastical Restricted Zone, they had accomplished their mission.

At once, the little bird flapped its wings and flew toward the main hall while shouting, “It’s mine. The position of the new master of the Ecclesiastical Restricted Zone is mine.”

James raised his hand and an illusion of a palm emerged, catching the little bird forcefully and dragging it back. He said, “It’s mine. What does it have to do with you?”

James was not interested in the position of the master of the Ecclesiastical Restricted Zone.

However, the Ecclesiastical Restricted Zone was important. There were too many secrets here. Besides, he had no idea where the little bird was from. He did not know its background either. So, how could he let it become the master of the Ecclesiastical Restricted Zone so easily?

After dragging the little bird back, James entered the main hall.

The moment he entered, the entrance to the main hall closed.

“Darn it,” the little bird cursed loudly.

The other people were also envious of James.

The restricted zone was a taboo existence, but James had become the master of the restricted zone. There must be plenty of treasures in the restricted zone, and these treasures would all belong to James.

Nonetheless, they were grateful to James for bringing them out.
