The Almighty Dragon General Chapter 4068-The dungeon had a formation around it, but James had already scrutinized it. Now, he could easily open the formation and enter the dungeon silently.

When he neared the dungeon, he suppressed his aura and hid in his surroundings. Upon arriving at the dungeon gate, he walked to the side and quietly began disassembling the formation.

He made a tiny opening in the formation and entered the dungeon.

After James entered the dungeon, he turned into a blurry shadow and quickly made his way through the passage. Wherever he passed, the guards inside the dungeon would topple to the ground and become feeble.

The guards inside the dungeon were relatively weak, and James easily disposed of them. After James arrived deep inside the dungeon, he shattered the lock on the cell's iron door.

Many humans were lying inside the dark and muggy cell. All of them had their cultivation bases sealed and lay injured after being tortured.

James waved his hand, and a powerful force emerged from his palm. The force lifted the prisoners and transported them into a space treasure.

When James left his universe, he left the Celestial Abode behind. Fortunately, it was easy for him to create another storage treasure at his current strength.

After James rescued Karglain and the others, he intended to leave straight away. However, he noticed many other creatures and humans imprisoned inside the dungeon. After hesitating a slight moment, James transported all the prisoners into his storage treasure and quietly left the dungeon.

James broke into the dungeon and rescued all the captives in just a short moment. None of the guards outside the dungeon were aware a rescue had just taken place.

Afterward, James quickly returned to his residence. Now that he had rescued them, his reason for coming to Mount Carslegh was done, and it was time to leave.

James did not stay in the house for long. He pushed open the door and walked out.

As soon as he walked out to the yard, a man hurriedly rushed over to him.

“Balchae! I’ve got bad news!”

Balchae’s confidant ran up to him.

Just as James was about to escape, the confidant found him. He frowned and asked with a displeased tone, “What happened? Why are you so flustered? Haven’t I already warned you so many times to watch your behavior while you’re in Mount Carslegh?”

The confidant hurriedly explained, “Yes, but something bad

has happened! The Heaven-Eradicating Sect’s Deputy Leader has entered Hopeless City. He’s on his way to Mount Carslegh as we speak. Many of our soldiers died in his hands. Mount Carslegh is gathering an army to fight him. We’re preparing to surround him and kill him.”

Suddenly, the loud sound of a horn blared through Mount Carslegh. It was a call for everyone to assemble.

Following the sounding of the horn, the powerhouses and guards of Mount Carslegh quickly armed themselves and rushed outside. Powerhouses from other spiritual mountains in the Hopeless City also gathered to support them.

James cursed in his heart, ‘Damn it!’

He had already rescued everyone, but the Heaven- Eradicating Sect’s Deputy Leader still rushed in blindly to rescue them. James had no idea how strong the Heaven- Eradicating Sect’s Deputy Leader was but guessed he probably did not have such a high rank. He was at most a Quasi Acmean that had not reached the Acme Rank.

He must have greatly overestimated his own strength, if he charged so recklessly into the Hopeless City to rescue his kin. Even if he managed to kill a few of the Soul Race’s members, he would still end up captured. In the worst case scenario, he might even be killed.

“Hurry up, Balchae! We must join the army and fight him together!” said the confidant.

Alright.”
