The Almighty Dragon General Chapter 4077-“Nice to meet you.” James nodded lightly. He came to the Heaven-Eradicating Sect to meet the Sect Leader and discuss his following plans.

“Can you tell me about the Primordial Realm’s current situation, James?”

Dempsey had always been worried about the Primordial Realm.

He was from the Primordial Realm. In the past, he followed his master to conquer the Greater Realms. They went on a mission to destroy the base of a certain race but failed.

The master died tragically during the mission, and only a few of his disciples survived.

Dempsey was one of the lucky survivors.

“It’s a very long story.”

James sat down again, took a deep breath, and said, “After the defeat of the Human Race, most powerful humans were killed, and the Ten Great Races sealed off the Primordial Realm. At the same time, they released a strange power and polluted the Primordial Realm...”

He explained everything in detail.

“Thea planned for a new universe to be born. However, the Ten Great Races left behind a few Watchers. She was afraid of executing the rest of her plan and sent me to the Greater Realms to stir up chaos here. As they’d be busy taking care of the affairs in the Greater Realms, they wouldn’t be so focused on the Primordial Realm, which would buy some time for the Human Race.”

Dempsey’s expression became solemn.

“Huff,” Dempsey sighed helplessly.

“The Ten Great Races are too strong. We won’t even be able to face one of them, let alone when they join forces.”

James said, "Thea made arrangements long ago, which allowed me to master Chaos Power. According to her plan, she needs me to use Chaos Power to infiltrate the Dooms and become a senior authority. Then, I will pose as one of the Dooms and cause conflict between the Ten Great Races."

"The Dooms?"

Dempsey was taken aback to hear James mention the Doom Race.

"Yeah. Is something the matter?" asked James.

Dempsey responded, "Speaking of the Dooms, I'm reminded that we caught a Doom. He's of a royal heritage of the Dooms. We've been keeping him alive since he has a special status. He's still locked in our dungeon right now."

James immediately caught on to Dempsey's suggestion and said, "Are you saying I can disguise as him and infiltrate the Dooms?"

Dempsey nodded and said, "Yeah. However, this isn't child's play. We need to make proper preparations and get rid of some loose ends. Otherwise, you won't come back alive after infiltrating the Dooms' territory."

James looked at Dempsey and carefully listened to him. Dempsey continued, saying. "The first problem we need to solve is your soul aura. Dooms have different soul auras from humans. We need to change your soul aura and ensure they aren't able to sense anything unusual.

"Secondly, we need to find out the identity of the Doom we've imprisoned."

James said, "I've mastered the Soul Search Art. I'll be able to search his soul and obtain his memories."

"Then, our only concern will be your soul aura. As long as you can change your soul aura, you can easily blend in with them," said Dempsey.

James rubbed his forehead.

"The soul aura of every race is different. Even if you hide your soul aura, you won't be able to hide it from creatures stronger than you. It's going to be a very troublesome problem to tackle."

Dempsey fell into thought.

Many people were gathered inside the main hall, all of them high-ranking officials of the Heaven-Eradicating Sect. They fell silent, unable to provide a solution.

“Oh, right!”

Dempsey suddenly remembered something and said, “I’ve read in an ancient book that there is some kind of magical herb in the Greater Realms. It’s called the Herb of Reclusion. It’s capable of hiding one’s aura. There’s also the Soulblue, which can mimic any race’s soul aura. As long as you can find these two plants, you can hide your human aura and copy the Doom Race’s soul aura onto yours.”
