

Read The Almighty Dragon General Chapter 4336

The Almighty Dragon General Chapter 4336-James broke down the Karma Path first because it was the most mysterious path. If he could understand how to enter the Acme Rank with the Karma Path, he could easily enter the Acme Rank with other paths.

The primitive rules and inscriptions of the Karma Path appeared around him. These rules and inscriptions kept changing from simple to complex. In the end, a complete Karma Path and Ninth-Rank Karma Power had been formed, surpassing the Ninth Rank Macrocosm Power and deducing a Quasi Acme Power.

However, he reached the end of the comprehension and deduction of the Karma Path.

No matter how he deduced, he could not deduce the true Acme Power. He decided to give up for the time being and began to deduce the Five Great Paths.

The Five Great Paths were deduced at the same time. They became complete paths from the primitive inscriptions and rules.

The end of the Five Great Paths was also the Quasi Acme Rank. He could almost reach the Acme Rank, but he could not take the last step.

He stopped deducing the Five Great Paths and began to deduce other paths.

Complete paths appeared continuously around him.

From the beginning Karma Path to the Five Great Paths to the Greater Paths.

At this time, he was surrounded by the Greater Paths. The complete Greater Paths rotated around his body. He appeared mysterious.

From a distance, Zella stared at James and said in a soft voice, "I didn't expect him to comprehend the primitive mental fortitude. He could turn the paths into primitive rules and begin deducing from the rules and sigil fragments, starting from the simplest to the most complex. As expected of the supernatural signature skill. It's amazing."

Although Zella had never read the Primal Mantra, she knew that James could turn the complete paths into the simplest rules and inscriptions and began deducing from them because he comprehended the Primal Mantra.

“He only needs one more step, and this step is most vital. Even though it looks simple, it was extremely difficult for countless cultivators. In fact, many cultivators could not take this step.

“However, if one could comprehend it, one could take this step instantly,” Zella mumbled softly.

James’ method of path comprehension was already perfect. She could no longer help him. He could only rely on himself.

James was surrounded by the Greater Paths. The complete Greater Paths rotated around his body. Numerous mysterious and complex rules around him formed paths.

In his mind, the Greater Paths had also gathered together and was constantly changing. The changes were in the Chaos Sacred Lotus. They were changes from the Quasi Acme Rank turning into the true Acme Rank.

There were too many changes, and they were changing quickly. The scene was extremely strange.

He wanted to catch the changes, but no matter how hard he tried, he could not catch them. Even after watching them once, he would forget them and could not recall them.

A light flashed across his mind.

At that moment, James caught the light and clearly remembered the changes in the Chaos Sacred Lotus.

Then, he used the Greater Paths around his body and began deducing.

The power of the Greater Paths was in the Quasi Acme Rank, but at this time, the Greater Paths reached the Acme Rank.

“You can stop now.”

In the distance, Zella called out to stop James from comprehending the paths further.

If she did not stop him and let him continue comprehending the paths, he would enter the Permanence Acme Rank and lose his Quasi Boundless Rank.

When Zella shouted, her voice thundered beside James' ear.

The scene in James' mind quickly disappeared. He stopped deducing the paths. Instantly, the Greater Paths around him also disappeared.

He withdrew his aura and descended from the sky, landing steadily on the ground.

Zella walked over with satisfaction. She complimented, "Not bad. The Primal Mantra is strange. If it weren't for the Primal Mantra, it might take you a long time to deduce the Acme Power."

James took in a deep breath.

"I have finally understood how to deduce the Acme Rank. Now, as long as I want to, I can enter the Permanence Acme Rank anytime and master the true Acme Power."

On the other hand, Zella said, "If you enter the Permanence Acme Rank this way, you will never defeat Wynton."

"What should I do to enter the Boundless?" James asked. "Forget."

The Almighty Dragon General Chapter 4337-Zella spoke up.

"Forget?" James was confused.

Zella nodded her head slightly and said, "Yeah. Forget.

Forget how you entered the Acme Rank. If you can do that, then you have entered the Boundless. However, it's very difficult to do this. In the process of forgetting, you need to increase your Path Energy. When your Path Energy reached the extreme, you would not be able to improve if you did not enter the Permanence Acme Rank."

"Suppress, breakthrough, and improve your Path Energy infinitely. As you improve, you will forget."

James knew all this. It was because he understood the Boundless before.

Even though it seemed simple, it was extremely hard to carry it out. It could be said that it was impossible.

“Why don’t you give it a try?” Zella looked at James with a faint smile.

“Alright.”

James also wanted to try it out. He wanted to see if he could improve his Path Energy further after reaching the extreme, under the circumstance of not having a breakthrough.

At once, he sat in mid-air with his legs crossed. He activated the paths and reached the extreme. The Quasi Acme Power flowed in his body, filling his entire body and limbs.

He absorbed the energy of heaven and earth to increase his power.

However, his power could not increase at all. To increase his power, he could only have a breakthrough and enter the Permanence Acme Rank.

“I can’t do it.”

After trying, James looked at Zella helplessly.

‘You’re rushing. Don’t rush. Calm down. Clear your mind and enter an empty state,’ reminded Zella.

Gradually, James calmed his disorderly heart.

He threw away the distracting thoughts in his mind and calmed down, entering an empty state.

‘Try activating a path.’

A sweet voice sounded. It seemed to be ringing in his ear, but at the same time, it sounded like it came from his mind.

James activated the Space Path and reached the extreme of the Quasi Acme Rank.

“Continue activating it without having a breakthrough. Let’s see how far you can activate it.”

James followed what the voice said.

The Space Path reached the extreme.

A powerful Space Power was contained in his body, but as time passed, he felt the uncontrollable Space Power change. The power was about to enter the Acme Rank.

“Suppress it. Don’t have a breakthrough.”

“Continue activating it.”

Zella’s voice spoke continuously.

“Absorb the energy of heaven and earth. Continue enhancing the Space Power in your body.

‘The Boundless means going on boundlessly.

‘To reach the Boundless, you need to have a boundless mental fortitude.

“Open up your mental fortitude.”

Under Zella’s guidance, James activated the Space Power to the extreme. At this moment, he sensed he almost could not suppress the Space Path. If he continued, he would have a breakthrough.

The sign of having a breakthrough caused a Heavenly Tribulation.

In the sky, strange Tribulation Clouds appeared.

Zella looked up at the Tribulation Clouds in the sky and frowned.

Logically speaking, James should stop and settle down in this cultivation rank for a while. Nevertheless, Zella knew James did not have the time to settle down. He needed to enter the Quasi Boundless Rank as soon as possible.
