The Almighty Dragon General Chapter 4452-The situation of the Greater Realms was completely changed because of James.

In the past, although the search Doom Race was the leader of the Ten Great Races, they could not suppress the other races. However, after many powerhouses of the great races died in the Cloud Universe, the search Doom Race attacked these races viciously and was able to reclaim several races.

Now, the Greater Realms were ruled by the Doom Race, followed by the Cloud Race.

Nevertheless, Dalson of the Cloud Race did not seem to have the desire to rule the Greater Realms. After Dalson took over the Cloud Race, the new Cloud Universe gained a foothold.

He never asked about the Doom Race, nor had he ever faced the search Doom Race head-on.

Meanwhile, in the Cloud Universe of the Chaotic Void, a skeleton was floating.

The skeleton was left behind by James.

Thea was taken away by Soren, while the members of the Heaven-Eradicating Sect dared not show themselves. Thus, the Human Race did not collect James' body but left his skeleton to float in the Chaotic Void.

In the blink of an eye, it had already been an epoch since James died in battle.

In this epoch, Wyot of the search Doom Race absorbed much of the Doom Race's providence.

After all, he had the Thousand Paths Holy Body.

Although he was trapped by the Human Race for several epochs, he was still constantly comprehending different paths.

Now that he was free, and adding on the providence and his potential, he improved quickly. In only an epoch, he had entered the Quasi Acme Rank and the Boundless.

He stayed in the Quasi Boundless Supreme Path Rank for many years.

In someplace else in the Greater Realms-one with a picturesque environment and abundant Spiritual Energy-a lady was sitting on a rock below a waterfall.

The lady wore a white dress, and her body emitted white light. She looked holy. She had a white search halo that prevented others from deciphering her true appearance. Nonetheless, based on her facial features, there was no doubt she was an extremely beautiful lady.

“Swoosh!”

A ray of light landed on the ground from the sky and transformed into a man in a black robe. The man wore a hat that covered half of his face, masking his appearance.

“Goddess.”

Upon appearing, the man knelt on one knee and greeted the lady respectfully.

“How’s it going?” The lady that emitted white light asked.

She was Xezal’s original form.

“Everything’s ready. The copper coffin is completed.”

The man got up and waved his hands. Then, a coffin appeared.

The coffin was copper. There were countless inscriptions on its surface, making it look mysterious.

“According to your instructions, the coffin has been made out of the Chaos Heavenly Path inscriptions. Numerous rare materials have also been added to it. It can absorb all energies.”

Xezal stood up slowly and said, “Understood. You may leave.”

“Yes.”

In a flash, the man's body disappeared.

Xezal looked at the copper coffin before her worriedly. Then, in a flash, her body disappeared along with the copper coffin.

The next moment, she appeared in the Chaotic Void.

There were not any universes. There was only nothingness. In the nothingness, she could vaguely see a skeleton.

Xezal waved her hands and made the skeleton float toward her.

Then, the coffin opened.

The skeleton flew into the coffin.

Xezal walked toward the coffin and stared at the skeleton lying in the coffin. There were countless scars and cracks on the skeleton. It was as if it would break into pieces upon being touched.

"Sigh."

Seeing the condition of James' skeleton, Xezal sighed helplessly.

The Almighty Dragon General Chapter 4453-"Why didn't you listen? Even if your soul had merged with your body, even if you'd entered the late stage of the Omniscience Path's Eighth Stage and your bones could no longer be destroyed, you'd exhausted your soul. Even though your bones remain, it'll be hard for you to resurrect.

"I can't do much. I can only help you make a copper coffin and gather the power of the Greater Paths. Whether or not you revive depends on your fortune."

Xezal mumbled softly.

It had been one epoch since James died in battle.

Xezal used this one epoch to make preparations.

“Paths, come.”

She looked up into the Chaotic Void and extended her arms. A mysterious power emerged from her palms, forming a phantom palm.

The phantom palm entered the Chaotic Void right away. It seemed to have entered the order of the Chaos Heavenly Path rules, grabbing a portion of the power of the Chaos Heavenly Path.

The power of the Greater Paths was contained in the power of the Chaos Heavenly Path.

Xezal forcefully grabbed the power of the Greater Paths, and it entered the coffin before her.

Immediately after, the lid of the coffin closed.

The moment the coffin closed, it began to tremble.

It was as if the power inside wanted to break through the lid and escape.

Nonetheless, the coffin was carefully crafted. It contained a powerful restriction. It would only open if Life Power reappeared in the coffin. Otherwise, it could not be opened.

“Go.”

Xezal waved her hands, and a crack appeared in the Chaotic Void. Then, the coffin entered the crack.

The coffin disappeared from Xezal’s sight, away from the area.

Then, Xezal disappeared as well.

Time passed.

In the blink of an eye, thirty thousand epochs had passed.

During the thirty thousand epochs, many things happened.

Wyot of the Doom Race rose. He went from the Quasi Boundless Supreme Path Rank to the Permanence Acme Rank to the Terra Acme Rank.

Now, his cultivation rank had reached the early stage of Terra Acme Rank.

His true power was unfathomable as he had entered the Boundless from the Quasi Acme Rank and then the

Permanence Acme Rank.

In these thirty thousand epochs, he never once fought with all his might. Thus, no living being knew his true power.

On the other hand, the Patriarch of the Doom Race, Youri, entered the Caelum Acme Rank by using the providence of the Doom Race.

Aside from that, Yemima also gave birth to a son.

Wyot named him Carson Dalibor.

When Carson was born, a strange heaven-and-earth spectacle appeared. The Greater Paths gathered the Doom Race, and a colorful divine light shot down from the sky.

Carson was baptized by the Chaos Heavenly Path the moment he was born and received a powerful talent.

Wyot raised Carson well, treating him with care.

Wyot imparted his knowledge to Carson ever since the latter was a child. Thus, Carson knew the Human Race was the Doom Race's enemy.

As for Yemima, she was locked in a residence on Mount Doom. Aside from Wyot, no living being of the Doom Race could visit her. Even Carson had never met her before.

During these thirty thousand epochs, the Human Race was silent.

The Heaven-Eradicating Sect seemed to have disappeared.

Meanwhile, the Human Race's matron and Soren never showed up in the Greater Realms.

Nonetheless, the Doom Race had been watching the seal of the Primordial Realm and the Human Race's movements.

In these thirty thousand epochs, many bizarre things occurred in the Greater Realms.

A copper coffin appeared in the Greater Realms. It popped up in unknown areas. Each time it showed up, the energy of the area would be thoroughly absorbed.

It attracted the attention of many powerhouses in the Greater Realms. Several powerhouses teamed up to investigate the situation.

Wiyot had also gone to check out the coffin in person. He wanted to trap the coffin and see what was in it. Unfortunately, he could not trap the coffin even with his strength.

The Almighty Dragon General Chapter 4454-The seal of the Primordial Realm, which was placed in the Chaotic Void, not only sealed the Primordial Realm but also the Chaotic Void.

Now, in the sealed Chaotic Void, forty-eight universes had been born. Even though the universes were not strong, there were many powerhouses.

There was a statue in each central region of the forty-eight universes.

After thirty thousand epochs, the statues were still standing tall.

The statues became the landmarks of the universes.

Prodigies of the Human Race would worship them all the time.

Several powerhouses would even carry out closed-door meditation near the statues.

On a spiritual mountain of the First Universe was a strong formation protecting it. No living being could use their Divine Sense to inspect the place. The Watchers in the Primordial Realm placed by the search Doom Race could not see the situation of the place as well.

Many years later, the Watchers of the search Doom Race had penetrated the forty-eight universes. During the thirty thousand epochs, the Watchers of the

Doom Race informed the Doom Race of everything about the forty-eight universes.

Thus, the Doom Race knew the situation of the Human Race and the fact that no Acmeans were born there.

In a simple wooden house at the top of the spiritual mountain, a lady was sitting with her legs crossed.

She wore a black dress. Her figure was slim, and she had a stunning appearance.

She exuded a powerful aura. Countless profound inscriptions rotated around her, making her appear mysterious and holy.

Right then, the inscriptions around her gathered and entered her body. At the same time, her aura rose.

Her dark eyes were a dreadful scene.

Many powerhouses on the spiritual mountain sensed her aura.

Swoosh!

A ray of white light landed outside the wooden house, turning into a middle-aged man. He looked to be approximately forty years old. He wore a white robe. He was not handsome. Instead, he looked rough.

“It’s a success.”

Soren looked happy as he said, “Since Thea’s return to the First Universe, her clone merging with me, and her entering the Quasi Caelum Acme Rank, she has finally entered the Caelum Acme Rank.”

Meanwhile, thirty thousand epochs had passed. Soren’s injuries had healed, and he had recovered his ability.

However, he was only in the Ninth Stage of the Omniscience Path. He had not entered the Caelum Acme Rank. He was only in the peak of the late stage of the Terra Acme Rank. Even though he had recovered his ability, he dared not act rashly.

During the battle of the Primordial Realm, the Terra Acme Rank powerhouses were wiped out. The Human Race's standing was not strong enough. Even if the universes merged and birthed a new universe of the Human Race, the new universe would be besieged.

To gain a foothold in the Greater Realms, the Human Race had to birth powerhouses again.

Thus, Soren was waiting for Thea to have a breakthrough.

The day he was waiting for finally arrived.

Swoosh!

After Soren's appearance, many other light rays landed and took shape.

Many people gathered outside the wooden house.

Amongst them were James' eldest daughter, Winnie, his second daughter, Xainte, and Jacopo.

Winnie had great potential, so she had also been cultivating. Now, she had entered the Terra Acme Rank.

On the other hand, Xainte was a bit behind Winnie. Nonetheless, she had also entered the late stage of the

Permanence Acme Rank.

Jacopo was Thea's main focus. His cultivation rank was stable, and he had reached the Permanence Acme Rank. Even though he had not entered the Terra Acme Rank, he had entered the Boundless. Hence, he was in the Eternal Boundless Supreme Path Rank.

Aside from the three of them, there were many other powerhouses that James knew.

The Almighty Dragon General Chapter 4455-Jabari was present as well.

Jabari had great potential. After James entered the Greater Realms, Thea raised Jabari. Now, he had also entered the Terra Acme Rank.

As for Morangorin, when James met him, he was about to enter the Quasi Acme Rank. Now, after thirty thousand epochs, he had long been in the Acme Rank.

There was also a beast, Quiomars, who was recruited by James in the Ecclesiastical Restricted Zone. At that time, Quiomars was almost at the Quasi Acme Rank. Yet now, he had already entered the Acme Rank.

The powerhouses secretly increased their ranks on this spiritual mountain. Their abilities were not known to the outside world. The search Doom Race had no idea how many Acmeans the Human Race currently had.

“Did you have a breakthrough?”

Among the crowd, a man was standing.

The man looked young. He appeared to be in his early twenties. He looked a bit similar to James.

Thea was pregnant with him while her clone was in the Greater Realms.

According to Thea’s plan, she wanted to give birth to a son after the new universe was born. However, the situation changed. James died in the battle in the Cloud Universe.

Then, when Soren brought her back to the First Universe, she gave birth to her son, naming him Noel Caden.

When Noel was born, nothing strange happened. His birth was normal. Even though he had been in Thea’s body for a long time, he was like an average human baby when he was born.

Nevertheless, as he grew up, his potential was gradually revealed.

Soren accepted Noel as his disciple, guiding him with care.

As Noel’s cultivation base improved, the ability he showed grew increasingly terrifying, and his life potential grew greater. Under Soren’s guidance and the usage of countless Empyrean herbs, Noel was now in the late stage of the Eighth Stage of the Omniscience Path.

He had also entered the Eternal Boundless Supreme Path Rank. He was only one step away from the Terra Acme Rank.

James' daughters and sons were getting increasingly stronger and more terrifying from one to the other.

Noel looked at the wooden house ahead and sensed a frightening aura coming from it. He clenched his fists, his expression grave.

"She's made a breakthrough. The forty-eight universes can merge now. Following the birth of the new Primordial Realm of the humans, it's time for the humans to break the seal and enter the Greater Realms. I will complete the tasks my father did not finish back then."

Jacopo patted Noel on his shoulder and said, "We will work together and fulfill our father's wish. We will lead the Human Race to glory and make the Human Race the strongest race in the Greater Realms."

"With Soren around and Thea entering the Acme Rank, the Human Race will be invincible in the Greater Realms." Jabari was delighted.

The powerhouses present were all excited.

When news of Thea's return and James' death spread, all of them grew depressed.

James had cleared a way for the Human Race and gained time for them. They all worked hard on cultivating for the day to come.

The day finally arrived.

Thea entered the Acme Rank.

Under Thea and Soren's guidance, the Human Race planned to attack the Greater Realms and fight against the search Doom Race.

The powerful aura in the wooden house gradually dissipated.

Then, the wooden door opened.

A stunning lady walked out of the door.

"Mother."

Winnie, Xainte, Jacopo, and Noel immediately walked over to Thea.

Looking at her children, Thea was reminded of James.

Sadly, James had left her forever. Now, he only lived in her memories.

“Thea, congratulations on entering the Acme Rank.” Walking over, Soren smiled and said, “Now that you’ve entered the Acme Rank, in addition to the Acmeans here, the Human Race can gain a foothold in the Greater Realms.”
