The Almighty Dragon General Chapter 4456-Soren was in the Ninth Stage of the Omniscience Path.

During the thirty thousand epochs, his physical power grew stronger, and he reached the middle stage of the Ninth Stage.

In addition to that, Thea had entered the Acme Rank. Hence, the Human Race no longer feared any race.

"It's time to get rid of the Watchers hidden in the universes," said Thea in a soft voice.

"I'll do it." At once, Noel stood forward. With a heavy expression, he said, "Our plan of entering the Greater Realms starts from these Watchers."

"With me around, there's no need for you to fight." Jacopo also came forward.

"I'll go," Winnie immediately said. "I'm the eldest sibling. Do as I say."

"Let's have a duel then. Whoever wins will go." Noel did not compromise even though they were his siblings.

"Stop arguing." Thea stood forward and said, "All of you, stay on the mountain. I have my arrangements."

Standing to the side, Soren kept quiet. He looked at the people before him and felt happy.

Although James had died in battle, the generation he left behind-Winnie, Xainte, Jacopo, and Noel-was powerful. Their abilities were a terrifying existence in the Greater Realms.

After Thea finished speaking, she disappeared.

In the next moment, she appeared at the Ancestral Holy Site of the First Universe.

A man was sitting in the main hall of the Ancestral Holy Site. He was the Omnipotent Lord.

The Omnipotent Lord was the Lord of the First Universe. Now that many universes had been born, he should be the Lord of all universes. However, after Thea's return and the matter of the Primordial Realm Era was exposed, he lost his status.

Throughout the epochs, he had been cultivating.

Nevertheless, even though he had entered the Quasi Acme Rank, the powerhouses of other universes did not respect him.

He did not know what to do.

Swoosh!

A ray of light landed in the main hall.

The light gathered and formed a beautiful woman.

Upon seeing the woman, the Omnipotent Lord had chills. Respectfully, he stood up and said, "Matron, why are you out of the mountain?"

With an aloof expression, Thea said, "Can't I leave the mountain?"

"My tongue slipped. I'll punish myself." Instantly, the Omnipotent Lord slapped himself. Even though he had entered the Quasi Acme Rank, he was humble toward the Human Race's matron, who survived the Primordial Realm Era.

"I have a task for you," said Thea.

"What is it?" The Omnipotent Lord was humble.

"Go to the Dark World and persuade the living beings there to move to the universes."

Upon hearing that, the Omnipotent Lord was taken aback. Then, happily, he asked, "Are you giving up the Dark World and merging the new universe?"

"Yeah." Thea nodded before disappearing.

Although she was no longer in the main hall, her voice still resounded in the hall. "Remember to act in secret. Don't make a scene."

At once, the Omnipotent Lord took a deep breath before shouting, "People!"

Following that, many powerhouses appeared in the main hall.

“My Lord,” greeted the powerhouses respectfully.

“Lead the powerhouses of the First Universe to the Nine Heavens and Ten Earths of the Dark World. Persuade the person in charge to have them move to the new universe. Remember to carry this out in secret.”

Mount Bane of the Twelfth Universe used to be the core area of the Earth. James had many friends living there.

At the top of Mount Bane, there was a statue of James.

A man, wearing a wide saffron robe, was sitting under the statue with his legs crossed.

The man was slightly chubby. His face was round, making him look cute.

He was Henrik.

When Henrik found out James died in the Greater Realms, he began his cultivation. He already had great potential. In fact, he used to be ahead of James.

He had long entered the Quasi Boundless Supreme Path Rank. For more than twenty thousand epochs, he had been cultivating under James’ statue. He grew powerful.

The Almighty Dragon General Chapter 4457-Henrik did not want to continue staying in the Quasi Boundless Supreme Path Rank.

He wanted to have a breakthrough.

He wanted to enter the Acme Rank.

All of a sudden, he exuded a terrifying aura.

He had a breakthrough and entered the Permanence Acme Rank.

He withdrew his aura and got up.

Looking at the lifelike statue before him, he said, troubled," Even though I've entered the Permanence Acme Rank from the Quasi Boundless Supreme Path Rank, I still have a long way to catch up to you."

Swoosh!

At this time, a ray of light landed.

The light gathered and formed a stunning lady who wore a black dress.

When she appeared, she noticed the statue ahead. Staring at the statue, she could not help but fall into a trance. Her eyes became teary, and tears fell. Her face was soon covered in tears.

"Grandmaster."

When Henrik saw Thea, he called out to her.

At that moment, the Watchers hiding in the dark sensed that Henrik had entered the Acme Rank and that Thea had appeared.

The Watchers informed the matter to the search Doom Race immediately.

In the main hall of the search Doom Race, Youri was sitting in the main seat. Suddenly, a man appeared.

The man was Qimat.

Qimat knelt on the ground with one knee and said, "Henrik, who was in the Quasi Boundless Supreme Path Rank, has entered the Permanence Acme Rank. Thea, who has disappeared for a longtime, appeared before Henrik."

Upon hearing that, Youri stayed calm.

He did not fear a human in the Permanence Acme Rank.

He also did not care about Thea.

Even if Soren's ability had fully recovered, Youri was not afraid of him.

Youri was also in the Ninth Stage of Omniscience Path, but he had entered the Caelum Acme Rank.

“Is there anything about Soren?” Youri asked.

Qimat shook his head and answered, “Not yet.”

“It seems that his injuries are severe. It’s been thirty thousand epochs, and he still hasn’t recovered. If he’s recovered, he would show himself,” mumbled Youri before saying, “Summon Wyot.”

“Yes.”

At once, Qimat left.

Soon, Wyot appeared in the main hall.

Wyot was dressed in white. He looked handsome, and he exuded an invincible aura.

“Sir Youri.”

When he appeared in the main hall, he greeted Youri before taking a seat at the side.

Upon facing Wyot, Youri no longer acted as a Patriarch. He walked toward Wyot.

Sitting before Wyot, Youri said with a smile, “Wyot, it has been thirty thousand epochs since James’ death. You have grown. You have entered the Terra Acme Rank from the Quasi Boundless Supreme Path Rank and the Eternal Boundless Supreme Path Rank. Now, your ability is unfathomable. It’s time for us to wipe out the Human Race.”

Wyot glanced at Youri.

Youri continued, “I didn’t wipe out the Human Race because I wanted to let you do it. When the Human Race is completely destroyed, the providence of the Human Race will collapse. By then, if you absorb the providence, you will enter the Caelum Acme Rank quickly. If you enter the Caelum Acme Rank by your own ability, the Greater Realms

will respect you.”

“Let Carson handle it.”

Wyt stood up and said, "Carson has also become powerful. He's the most suitable candidate to kill the Human Race and control the universes."

He smiled.

"From what I know, James seems to have two daughters and a son. I can't begin to imagine the look on Thea's face after Carson kills James' son and she finds out the truth." Wyt looked forward to that day.

The Almighty Dragon General Chapter 4458-Looking at Wyt, Yuri nodded and said, "I'll leave this to you. It doesn't matter who does it. In the Human Race, only Soren and Thea are strong. With Carson's ability, he can kill Thea. However, it will be hard for him to kill Soren."

Carson was also an excellent prodigy.

He had the bloodline of both the Human Race and the search Doom Race.

Thus, his soul had the aura of both races.

Nonetheless, when Carson was born, Wyt hid Carson's Human Race's bloodline and aura.

Currently, Carson only had the bloodline and aura of the search Doom Race.

Thirty thousand epochs were not a long time for a powerhouse, but they were a long time for a living being.

Even though the years could not warrant a breakthrough for a powerhouse, a living being could grow.

Under Wyt and the Doom Race's guidance, Carson entered the Eternal Boundless Supreme Path Rank within thirty thousand epochs.

He was powerful.

Without saying anything else, Wyt left the place.

At the top of the back mountain of Mount search Doom, a man was sitting on a rock with his legs crossed. He wore a white robe and appeared handsome.

He was surrounded by the inscriptions of the Greater Paths. He also exuded a powerful aura.

Swoosh!

A ray of light landed, and a man emerged.

Upon sensing the appearance of a living being, the man in white stopped cultivating and withdrew his aura. Then, he stood up and greeted respectfully, "Father."

Wytot nodded slightly in response to Carson.

"How's your cultivation going?" Wytot asked.

Carson answered truthfully, "After I entered the Eternal Boundless Supreme Path Rank, the improvement of my power became slow."

Wytot said, "You entered the Eternal Boundless Supreme Path Rank not too long ago. Take it slow. After entering the Boundless, your progress will slow. You need time. As time passes, you will grow stronger."

"Thank you for your guidance." Carson was respectful.

Wytot waved his hand and stopped Carson from speaking. He asked, "Do you know how your mother died?"

When Carson heard that, his expression turned dark. Clenching his fists, he answered, "She died in the hands of James of the Human Race. Thirty thousand epochs ago, James of the Human Race planned to lure all the powerhouses of the Greater Realms to the Cloud Universe. He cast a superformation in the Cloud Universe and killed many powerhouses, including my mother."

Wytot nodded and said, "The Human Race is our sworn enemy. The Human Race is also our biggest obstacle to ruling the Greater Realms. Now, we plan on attacking the Human Race in the Sealed Realm. This time, you will lead an army and attack the Human Race."

"What? Me?"

Carson was surprised. He said, "Father, there are so many powerhouses in the race. How can I lead the army? I can't do it."

Hearing that made Wyot's expression darken. He shouted, "Why not? You should have confidence in yourself."

"Yes."

Carson immediately nodded.

"Get ready. I'll go and gather the army now. Three months later, you will lead the army to the Sealed Realm. I will follow along, but you're responsible for everything."

Wyot wanted to follow along because he was afraid of Carson meeting Soren.

Carson was not strong enough to face Soren.

Besides, he wanted to watch Carson kill James' children. Only then could his hatred be relieved.

"Yes. I'll do as you say." Carson nodded.

Wyot did not stay for long. He chose to leave, and soon, his body disappeared from the area.

In the next moment, he appeared in the forbidden area of the search Doom Race, where Yemima was locked in.

No living beings were allowed to enter. Even the elders at the same rank as Yemima could not enter.

When Wyot appeared, the bodyguards guarding the place immediately knelt on the ground.

Wyot ignored the bodyguards kneeling on the ground. He opened the restriction seal and entered the prison.

The prison was underground. He walked toward the depth along the passageway. It was a winding passageway. The bottom of the passageway could not be seen.

Soon, Wyot arrived at the depth of the underground.

There was a prison cell in the depth. It was dark and humid, and in it was a lady sitting cross-legged.

The lady looked disheveled, but she was still beautiful. Even though she had been locked in prison for thirty thousand epochs, she still exuded a stunning aura.

Footsteps sounded.

Yemima opened her eyes slightly.

She looked at Wyot, who was standing outside her cell.

Wyot waved his hand and removed the restriction on the entrance. He walked over and sat on a chair that appeared behind him.

“Why are you here?” Yemima asked.

“I missed you,” answered Wyot.

“Hah!”

At once, Yemima laughed.

“Wyot, stop your hypocrisy.”

Wyot was not angry at Yemima’s words. He only asked, “Am I a hypocrite? I loved you so much. After I married you, I respected your decisions. What about you?”

“What about me?”

Instantly, Yemima stood up.

She was agitated.

“He managed to trick the entire search Doom Race, so how could I know what was real? According to our previous agreement, we were supposed to go on a honeymoon after we entered the Acme Rank. How could you blame me for what happened? You should blame yourself for being weak and falling into the hands of the Human Race. You also let the Human Race take the opportunity

to enter our race as you. I was hurt, but you did not comfort me. Instead, you locked me in this dark place for such a long time,” shouted Yemima.

“Haha...”

Wyt laughed at himself.

‘You need to be punished for making mistakes. By the way, I didn’t kill the son you gave birth to. I’m treating him well. I also raised him with care. Now, he’s already entered the Eternal Boundless Supreme Path Rank and has become a powerhouse. We will attack the Human Race soon. This time, he will lead the army and enter the Human Race.

James has two daughters and a son. I want your son to kill James’ children. I want James’ children to kill each other.”

“What...”

Yemima was furious.

“What’s wrong? Are you upset?” Wyt’s expression became distorted.

‘You will be damned.’ Yemima calmed down.

“Haha...”

Wyt laughed again.

“I’ll be damned? So what? Even if the heavens go against me, I will destroy the heavens.”

Fiercely, he pointed at Yemima and said, ‘You said you loved me, but you gave your body to a human. You also gave birth to a child.’

Yemima no longer wanted to talk to Wyt. Sitting on the ground with her legs crossed, she began to rest.

Although she was not speaking, she felt hurt.

She thought Wyt would forgive her.

She thought that even if she made a mistake, Wyt would not pursue it. Sadly, she was wrong.

When she returned to the search Doom Race and gave birth to Carson, she was locked in this place. She had never seen her child.

The Almighty Dragon General Chapter 4460-When the Human Race was about to take action, the search Doom Race also began to carry out its plan.

Youri, the Patriarch of the search Doom Race, let Wyot handle everything. Wyot decided to let Carson wipe out the Human Race.

At the same time, in the realm the Human Race was in, Thea appeared on Mount Bane of the Twelfth Universe.

Henrik had been cultivating in this mountain.

He entered the Quasi Boundless Supreme Path Rank a long time ago. Now, he was in the Eternal Boundless Rank.

Thea appeared.

Henrik looked at Thea and could not help but be taken aback. He said, "Grandmaster, what are you doing here?"

Henrik was James' friend, but Thea was his and Yukia's grandmaster.

Looking at James' statue, Thea could not help but cry. The scene of James' final battle surfaced in her mind. After a while, she took a deep breath.

She stared at Henrik before her.

"Grandmaster," Henrik called out respectfully again.

"Henrik." Glancing at him, Thea said, "I have something for you to do."

"What is it?" Henrik was respectful.

Thea instructed, "There are the Watchers of the search Doom Race in the universes and the Dark World. I want you to get rid of the Watchers. You have to be quick. You need to get rid of them before the search Doom Race finds out."

As she spoke, she waved her hand. Then, an inscription appeared in her palm.

Henrik kept the inscription sigil.

Thea continued, 'The information of the Watchers is recorded in this sigil. With your ability, you can get rid of the Watchers easily.'

"Are you going to break the seal and attack the Greater Realms?" Henrik asked.

During the thirty thousand epochs, he had been cultivating in the mountain. Although he was close to James and knew Thea, he did not know much about the important matters of the Human Race.

"Yeah."

Thea nodded and said, "The Human Race has been hiding for a long time. Now, the Human Race is on par with the other races of the Greater Realms, including the search Doom Race. We can no longer hold back. We can't let James' sacrifice be in vain. I will make the Human Race prosper like never before."

Upon hearing this, Henrik grew excited.

Then, Thea stopped talking, and her body disappeared before James' statue.

Henrik did not waste anytime. Immediately, he opened the inscription sigil Thea gave him. The inscription sigil could trace the Watchers.

Henrik left the mountain and began eliminating the Watchers arranged by the search Doom Race in the universes and the Dark World.

At the same time, Jabari walked out of the spiritual mountain.

He went to the Twelfth Universe.

Jacopo was in the Heavenly Court of the Human Realm in the Twelfth Universe. It was his first time becoming the Ancient Heavenly Court's Lord of the Twelfth Human Realm. It had been thirty thousand epochs since he appeared in the Twelfth Universe.

In the palace of the Heavenly Court, a lady wearing a green dress sat before the entrance. She rested her chin on her hands and stared into the distance, daydreaming.

Swoosh!

A ray of light landed, forming a handsome man.

When the lady in green saw the man, she immediately stood up. Happily, she said, "Jabari, why are you here?"

The lady was Sophie.

She had been in the Heavenly Court for the last thirty

thousand epochs. She would only visit James' statue occasionally.

Jabari glanced at Sophie. He nodded and said, 'The Human Race will take action soon. I came to see you because this battle concerns the future of the Human Race. Whether or not the Human Race can gain a foothold in the Greater Realms depends on this battle.'

Sophie knew nothing about the important matters of the Human Race.

She only asked, "Will it be a success?"
