The Almighty Dragon General Chapter 4548-In just a few Epochs, James and Saachi had traveled through the Endlos' Void and appeared near the Theos District.

James suddenly stopped and said, "I can sense a Heavenly Path. We should be close to the Theos District, right?"

Saachi also halted in her tracks and began detecting her surroundings. After a while, she responded, 'Yeah. We're already near the Theos District. After we enter the Welkin District, I will no longer be called Saachi. Instead, I'll go by the name Salinese Maignes.'

After speaking, Saachi's face darkened, and she suddenly changed her appearance.

James already predicted Saachi's character change. However, he refrained from saying too much.

"Then what are your subsequent plans?" asked James.

Saachi said, 'The Theos District is a very complicated place. The Theos Sect rule over the Theos District. The District Leader is a formidable powerhouse ranked second in the Endlos' Nine Districts. Additionally, there is a corrupted sect called the Daemonium Sect.'

"My purpose for coming to the Theos District is the Daemonium Sect."

James was startled by her words. He stared at her and asked, "The Daemonium Sect?"

Just by hearing the name, James had a bad feeling about the sect.

“That’s right. The Daemonium Sect.”

Saachi’s face contorted with rage as she replied, “It’s rumored one can obtain anything from the Daemonium Sect if one is strong enough. I plan to fight back against the Aeternus District and will need a powerful force to do so. I’ve no choice but to enter the Daemonium Sect and climb their ranks.”

“Do as you please.” James did not try to dissuade her. He knew it was futile, no matter what he said to someone consumed by hatred.

Saachi looked at James and said, “What about you? You’re a person with good character. A corrupted place like the Daemonium Sect isn’t suitable for you. If you’ve no better place to go, you can try heading to the Theos Sect. It’s an orthodox sect that rules over the Theos District, and they have many signature skills. If you were to gain a foothold in the Theos Sect, you might have a chance to cultivate their Forbidden Art.”

James had yet to decide where to go next. He simply wanted to find a place to cultivate at with peace of mind. His main priority was to improve his bloodline power and cultivation rank.

His current cultivation rank was only at the Permanence Acme Rank. Moreover, he had so many Supernatural

Powers to perfect, including the Chaos Sacred Art’s Nine Voices of Chaos, the Primal Mantra, and the Blithe Omniscience. Most importantly, he had to improve his Omniscience Path.

“How about I just come with you?” James looked at Saachi.

He had been traveling with Saachi for the past several Epochs. During this period, he had sensed something was wrong with her and that her aura had changed unknowingly.

Saachi shook her head lightly and said, 'You shouldn't. I've already told you the Daemonium Sect isn't a place for someone like you. Go to the Theos Sect instead. Also, I must remind you not to use your signature skill in front of others. Although you claim it's not the Blithe Omniscience, a signature skill that can transverse through the void without causing any spatial fluctuations is incredibly terrifying. If you show it in front of other people, powerhouses might set their sights on you and come after your life.'
