The Almighty Dragon General Chapter 4640-Among the four disciples, one was resting his head on the table listlessly, another was leaning against the wall in a daze, and two girls were handing out flyers.

Upon hearing James' voice, the two boys became full of spirit. The two girls also appeared before James.

Before James could react, he was pressed onto a chair.

"Please have a spiritual fruit."

"Here's some wine."

The girls and boys tried to curry favor with James.

James was suddenly presented with many things.

He was confused.

"Fellow cultivator, this is the Tempris House of the Verde Academy. Heed my advice. Don't join the Tempris House. Even though you won't need to go through an examination to join the Tempris House..."

There were living beings passing by.

However, before the living being finished speaking, he was scared away by a man.

James was puzzled.

What was wrong with the Tempris House? Did something happen?

The actions of the Verde Academy's disciples before him were strange. James grew suspicious and stood up.

Nonetheless, before he could stand up, he was pressed onto the chair again.

"The Verde Academy is a good spot. The headmaster of Tempris is one of the ten greatest powerhouses in Verde. He's a famous powerhouse in the Verde District. I promise you won't regret joining the Tempris House."

‘That’s right. If you get the guidance of the headmaster, you can heed it for the rest of your life.’

“More importantly, you don’t need to go through an examination to join the Tempris House. If you join the other houses, there’ll be examinations. Even if you apply for them, you may not get selected.”

The few disciples spoke up one after another.

‘This is great.’

When James heard there were no examinations, he immediately laughed.

“Great. We’ve completed the task. Let’s pack up and go back.”

After a male disciple said that, the other disciples packed up quickly.

Before James could comprehend the situation, the disciples had kept the table, chairs, and flag.

“Let’s go to the academy.”

James left with the disciples. The two male disciples walked on each side of James, holding his arms. It was as if they were holding a criminal, but at the same time, it looked like they were afraid of James running away.

Following the disciples of the Tempris House, James left the city and headed to a spiritual mountain.

Soon, they arrived at the foot of the spiritual mountain.

They entered the formation with ease.

The spiritual mountain was huge. It occupied more than ten thousand light-years. In this area were countless spiritual mountains. Meanwhile, James was brought to a spiritual mountain with abundant Spiritual Energy.

There was a majestic hall at the top of the mountain.

“Sir, we’ve recruited a disciple.”

Before the disciples and James arrived, a voice sounded in the spiritual mountain.

“A disciple has been recruited?”

A shocked voice sounded.

Then, an old man appeared before James.

The elder wore a grey robe and had a beard. With his back bending forward, he stared at James. After a while, he laughed and patted James' shoulders.

“Haha. This disciple isn't bad. He has strong physical power. He's better than you guys.”

The elder complimented James right away.

“Sir, you've ruined the reputation of the Tempris House. I had to put in so much effort just to recruit a single disciple.”

‘That's right. After so many years, we only managed to recruit one.’

The few disciples began asking for rewards.

“You will all be rewarded. You may pick any supernatural manual in the library chamber,” said the elder loudly.

‘Thank you, Sir.’
