The Almighty Dragon General Chapter 4691-Wael casually looked at Saachi, an uninvited guest, and said, "It's been a long time since I fought.

I don't want my hands to be tainted with blood.

If you leave now, I'll pretend nothing ever happened." Saachi turned around and stared at Wael.

The elder appeared unkempt, but there was an explosive power hidden in his body.

Saachi was a powerhouse.

She could sense how strong the elder was.

She clasped her hands together and said, "I'm Saachi, here to look for my friend.

I see you're in the Tempris House.

From what I know, there are only a few disciples in the Tempris House.

Judging by how incredibly high your cultivation base is, I assume you're Wael Qailoken, the Head of Tempris House, one of the Five Houses of the Verde Academy." Saachi was from the Aeternus District.

She was the daughter of the previous district leader.

Thus, she had some knowledge about the powerhouses of the Five Houses of the Verde Academy and could guess the identity of the elder before her.

Wael glanced at her and asked, "Who are you looking for?" "I'm looking for James." Upon hearing that Saachi was here for James, Wael vanished without a word.

Saachi let out a sigh of relief.

She could sense Wael's strength.

He was on par with Xuri, or perhaps even stronger.

Immediately, Saachi headed to James' residence.

At the back of the mountain, James sat on the Boundless Rock.

His body exuded a ray of green light, forming several mysterious inscriptions.

He was cultivating the Tenfold Realms Transcendent Sutra and Verde Power.

Just then, a lady appeared.

James immediately sensed her presence.

He opened his eyes and sensed her aura, then got off the Boundless Rock and appeared before her.

"Why are you here?" Saachi removed the bamboo hat from her head and showed her face.

Her facial features were delicate.

She appeared beautiful, but her face was pale.

"It's a long story.

Xuri has been going after me for the past few years.

When I found out you were going to become the Head of Tempris House, I came looking for a temporary place to hide.

I believe even someone like Xuri wouldn't dare to act recklessly in the Verde Academy." Saachi looked at James anxiously.

"you'll help me, won't you?" "Of course," James said immediately.

"I don't like Xuri anyway.

Since you're here, stay and recuperate in the house.

However, what should I do if Xuri comes and asks for you? I can't defeat her."
"Don't let her know I'm here," Saachi said.

"As long as you don't let it slip, you have nothing to worry about.

This is Lothar's issue.

Also, Xuri wouldn't dare come to the Verde Academy, let alone ask for anyone." Her words reassured James.

Pointing at the spiritual mountains around him, he said, "This area is full of the Verde Academy's spiritual mountains.

There isn't anyone occupying them.

You may find a quiet place to recuperate." "Thank you." "No worries." Saachi immediately flew to a spiritual mountain without another word.

Her injuries were severe, and she needed time to heal.

Upon her departure, Wael appeared.

"James, who is she?" Wael asked the moment he showed up.

Then, he frowned and said, "Her Demonic Energy is terrifying." "Someone pitiful," James said softly.

"She's the daughter of the previous leader of the Aeternus District, currently on the run because of the internal war there.

She saw her family get killed, and she took this extreme path to get revenge." "T see." Wael rubbed his chin and said, "She's strong.

She'd be a good fit as an elder of the Tempris House.

The only issue is that the other houses may disagree upon sensing her Demonic Energy."

The Almighty Dragon General Chapter 4692-Wael sensed Saachi the moment she appeared.

He knew Saachi's strength.

Her power and aura were almost at the Quasi Boundless Rank.

She was a Quasi Boundless Rank powerhouse.

Only a powerhouse who had been in the Caelum Acme Rank and the Boundless Rank for a long time could defeat her.

He was interested in Saachi's ability.

However, it would be difficult to keep a lady who exuded Demonic Energy in the Tempris House, let alone appoint her as an elder.

Helplessly, Wael let out a sigh.

"P11 just let James handle this." Wael pushed his concerns aside.

He planned on leaving after James became the head of the house.

Meanwhile, Saachi went to meditate in seclusion, while James returned to the Boundless Rock to cultivate.

While James was in a closed-door meditation, several living beings showed up outside the Tempris House.

They were walking at the foot of the outer apex.

The person in the lead was the headmaster of the Verde Academy, Lothar, but the main focus was the Grand Sect Elder of the Theos Sect in the Theos District, Waleria.

They were accompanied by a few heads of the houses and some elders.

"Ms.

Waleria, we have reached Mount Tempris, the apex of the Tempris House.

The succession ceremony will be held here later." Lothar welcomed Waleria in person.

"Show me around." Waleria's black eyes were gleaming.

She wanted to see if James, the future Head of Tempris House, was the James she knew.

She did not think it would be him as she knew of James' strength.

Although he had potential, his cultivation rank was too low.

There was no way he could become an elder of the Tempris House with his low cultivation rank.

Still, she came to the Tempris House after hearing about James.

“This way, please.” Lothar gestured.

Then, he brought Waleria up Mount Tempris.

There was not a single disciple in sight.

No one was patrolling the area either.

Waleria had heard about the situation on Mount Tempris.

She knew it was a scandal of the Verde Academy, so she did not ask about it.

Soon, this group of people arrived at the apex of Mount Tempris.

“verde?” Upon arriving at the apex, Lothar sensed a familiar yet strange aura coming from the back of the mountain.

“The Verde Power? “What’s going on? Is Grandmaster still alive? Has he been living at the Tempris House in seclusion?” The other heads of the houses and elders were also surprised.

Shocked, the group of people walked toward the back of the mountain.

When they got there, they noticed James cultivating on a piece of green rock.

James sensed their presence, immediately stopped cultivating, and hopped off the Boundless Rock.

He walked toward Lothar and the rest of the group.

“What brings such a busy person like you here?” James smiled.

Then, his gaze landed on Waleria.

When Waleria saw that it was indeed James, she smiled and said, “ It really is you.

You refused when I asked you to join the Theos Sect, and now you're in the Verde Academy." "waleria." James coughed before saying, "Joining the Verde Academy was not part of my plan."

The Almighty Dragon General Chapter 4693-Lothar stared at James with a heavy expression.

"James, have you been meditating in seclusion?" Lothar asked.

"Yeah.

Why?" James was confused.

He did not know why Lothar would ask such a question.

"You have the Verde Power?" Lothar could not believe it.

"What?" James was taken aback.

He did not expect Lothar to know about the Verde Power.

"What about it?" James asked, confused.

Lothar said, "The Verde Power is the most supreme power in the Verde Academy and the Verde District.

Ever since the founding of the Verde Academy, only the founder cultivated the Verde Power.

The Five Houses of the Verde Academy never had the cultivation method of the Verde Power, and Grandmaster never told anyone how to cultivate it.

So, how did you cultivate it?" "About that..." James hesitated slightly.

After pondering for a moment, he decided to tell the truth.

"To be honest, I went to the library chamber a while back and read a sacred scroll.

I gained some enlightenment from it, which helped me cultivate the Verde Power." "T see." Lothar finally understood the situation.

“I’m sure you know many living beings do not acknowledge you as the head of the house despite you going through the illusion.

However, now that you’ve cultivated the Verde Power, I’m sure there won’t be any more disputes.” “Uh...

Sir Lothar, why don’t you head back first? I’ll stay in the Tempris House for the time being,” said Waleria.

Lothar glanced at Waleria and James.

From the conversation Waleria and James had earlier, it seemed they had known each other for a long time.

“Alright.

We’ll leave now,” Lothar said before leaving with the rest of the group.

“Hey.

» Once the rest were gone, Waleria pinched James’ ear and asked, “ Why didn’t you come with me to the Theos Sect? Why the Verde Academy? Is the Verde Academy better than the Theos Sect?” ct Let go.

”» At once, James pulled her arm and broke free of her grip.

He said, “ Why do I need to join the Theos Sect just because you asked me to? Also, are we close? We only met by chance.” “You’re such a brat.” James’ words angered Waleria.

Waleria treated James as one of her important friends, yet here was James saying their meeting was by chance.

She was so furious that hatred filled her face.

She looked cute when she was angry.

She did not look like the Grand Sect Elder of the Theos Sect at all.

“Alright, alright.

I was just joking.” James immediately comforted her.

Then, he changed the topic and asked, "Why aren't you in the Theos Sect? What are you doing here?" "I couldn't have a breakthrough, so I came out for a walk to relax." Annoyed, Waleria sat on a rock.

"What?" James was shocked.

He asked, "Didn't the Revitalizing Art break all of your cultivation barriers? When the time comes, you should be able to enter the Chaos Rank." "That's what I thought too." Waleria said, "Logically speaking, I can enter the Chaos Rank.

However, when I went to meditate in seclusion, my cultivation rank returned to its starting point.

It only reached the Quasi Boundless Rank, which is but a slight improvement.

I can't reach the Chaos Rank at all." "There's no need to rush.

You should take it slow." With a smile, James continued, "The Quasi Boundless Rank is a terrifying achievement.

Even amongst the countless living beings in the vast Endlos' Nine Districts, only a few have entered the Chaos Rank.

Entering the Quasi Boundless Rank makes you pretty invincible." "You're right." Only then did Waleria's mood improve.

She was pleased to hear James' words.

Looking at James, she asked, "Did you really comprehend the sacred scroll of Verde and cultivate the Verde Power from it?" "Why? Is there a problem?" James stared at Waleria.

In a soft voice, Waleria said, "Actually, the Theos Sect has a sacred scroll too." James knew that long ago, but he pretended to be surprised.

He asked, "What? The Theos Sect has a sacred scroll too?"

The Almighty Dragon General Chapter 4694-"That's right," Waleria whispered.

“No need to be so cautious.

It isn't a secret.” Upon seeing how vigilant Waleria was, James could not help but laugh.

He stopped pretending he had no idea about the sacred scroll and said, “It isn't a secret.

Wael of the Tempris House knows that the other districts have sacred scrolls.

Aside from the Tempris House, the other districts have sacred scrolls too.” “Really?” Waleria could not believe it.

She asked, “It wasn't a secret all this while? Everyone in the world knows about it?” The Theos Sect having a sacred scroll was a secret.

In all of the Theos Sect, only a few powerhouses knew about it.

Besides, the sect leader had warned them many times not to divulge the matter of the sacred scroll.

“Alright.

Let's talk about the sacred scroll of the Theos Sect.” James wanted to get down to business right away.

Waleria let her guard down and said with a serious expression, “ The sacred scroll of the Theos Sect is a supreme treasure in the sect leader's possession.

In all of the Theos Sect, only the sect leader has seen it.

I myself have never seen it, but I heard that it contains a huge secret of the sect leader.

As for the nature of the secret, I have no idea.” She looked at James as she spoke.

“You understood the sacred scroll of the Verde Academy?” “Yeah.

I understood a little.” James nodded.

“Do you know what secrets are hidden in the sacred scroll?” Curious, Waleria asked.

“No.” James shook his head.

He actually did.

There were cultivation methods of mysterious powers recorded in the sacred scroll.

One could cultivate them and achieve a single kind of power that would be named after the district.

After cultivating ten powers, one could merge them and form the Tenfold Realms Transcendent Art.

For now, James did not know what the Tenfold Realms Transcendent Art was.

He only knew that it was a terrifying supernatural signature skill.

Since she was not getting answers, Waleria stopped asking questions.

She stood up and stretched.

She looked beautiful.

“Where will I stay?” She glanced at James.

Pointing at the surrounding spiritual mountains, James said, “The surrounding spiritual mountains belong to the Tempris House, and they’re all unoccupied.

Pick one and treat it as your home.

Make yourself comfortable.” “Alright.” With a smile, Waleria left.

Once she departed, Wael showed up again.

“You’re incredible.” He gave James a thumbs up, then said, “I didn’t expect you to have an affair with Waleria of the Theos Sect.” Immediately, James scolded, “Get lost.

What do you mean by an affair? We’re just friends.” “That’s not important.” Wael laughed.

“James, growing the Tempris House is a difficult task.

Since Waleria is famous in the Endlos' Nine Districts, if you can make her stay, it'll be beneficial for our development." "She's the Grand Sect Elder of the Theos Sect," said James.

"Who cares which sect she's from? You only need to appoint her as an elder of the Tempris House." Indifferently, Wael said, "The Verde Academy is an academy.

Other sects' disciples can come to the academy to cultivate.

Unlike other sects, the academy doesn't have high requirements for its disciples.

As long as Waleria is willing to become an elder, the rest is negotiable." "I'll ask her about it later," James responded perfunctorily.

"Great.

Take a rest.

I'll leave you to it." At that moment, Wael seemed like a regular, humble being.

He did not look like a powerhouse at all.

Then, he left.

Sitting on the Boundless Rock, James fell into deep thought.

The Almighty Dragon General Chapter 4695-James had never thought about expanding the Tempris House.

However, based on Wael's actions, it seemed he wanted to.

James was able to learn the Tenfold Realms Transcendent Sutra and cultivate the Verde Power because of Wael, who helped him a lot.

Thus, James could not just sit idly by.

After thinking for a while, James mumbled, "It seems I need to be more attentive toward the Tempris House.

The Tempris House isn't bad.

It's a nice place for cultivation.

Since the aura of the Chaos District hasn't appeared and the Endlos' Nine Districts are at peace, I should take the chance and stay in the Tempris House.

I need to focus on my cultivation and improve the Tempris House." Then, James stopped thinking about these matters and closed his eyes to rest.

Boom! Right then, a terrifying fluctuation of power occurred outside the Tempris House, and all Mountain Formations of the Verde Academy began to shake.

Although James was resting, he immediately sensed the terrifying power.

At once, he opened his eyes and hopped down the rock.

Then, he appeared outside the entrance.

Like him, many powerhouses of the Verde Academy also showed up.

A lady was standing in the void outside the entrance.

Wearing a black dress, she was aloof and exuded Demonic Energy.

"Xuri?" Upon looking at the lady in the void, James frowned.

Saachi had only arrived moments ago.

James did not expect Xuri to come so quickly.

Lothar recognized Xuri instantly.

He jumped and appeared in mid-air.

In a cold voice, he asked, "Xuri, you're alive.

Why are you attacking the formations of the Verde Academy? What kind of place do you think the academy is?" The people of the world only knew Yhala.

None of them knew Xuri.

They had no idea the two were twins.

Facing the headmaster of the Verde Academy, Xuri was not afraid.

She said, "I don't want to be enemies with the Verde Academy, but there's someone I want inside the academy.

Hand over Salinese Maignes, and I'll leave immediately.

When I finish my work, I will ask for your forgiveness." "Who is Salinese?" Lothar was slightly taken aback.

The head of the Zastr House stood forward and said, "There's no such person in the Verde Academy.

A ceremony is about to take place soon.

We don't want a fight.

Please leave now, and we'll forget about this." "Haha!" Xuri laughed out loud.

"Since I'm already here, I'm not afraid of anything.

If the Verde Academy doesn't hand over Salinese, I will barge into the academy and take her, even if it results in my death." Many living beings gathered outside the entrance.

These living beings were confused.

They did not know what was going on.

Nonetheless, they had heard of Yhala before.

She was from the Theos District, and she was a powerhouse who existed many years ago.

It had been a long time since she appeared, so her name only existed in ancient books.

Just then, another group of powerhouses appeared in the void.

In the lead were Yvan, Zeloneth, and other elders of the Daemonium Sect.

The rest were powerhouses of the Daemonium Sect and the Yhala Sect.

They were unruly powerhouses.

Upon seeing this scene, Lothar frowned and said, “Hold on.

I need to discuss this with the others and find out who Salinese is.

If she’s in the Tempris House and isn’t our disciple, we will hand her over to you.” Lothar did not want to fight.

If he did so, a huge battle would ensue.

Even if the Tempris House could emerge victorious, they would suffer heavy losses.

The few heads of the houses and the elders returned to the Verde Academy, and the academy’s formations closed once again.

Wael tugged at James and said in a serious tone, “You’ve caused a huge mess this time.”
