The Almighty Dragon General Chapter 4791-After an extended period of fighting, Saachi's aura weakened. Her face was pale, her hair scattered, and she was covered with injuries.

However, Devin's injuries were even more severe. During their battle, he had been overwhelmed by Saachi's attacks.

Saachi could sense Devin's condition and knew his aura was also weakening. Thus, she no longer held back. A light ray composed of mysterious inscriptions emerged from her eyes.

Even Waleria was surprised by the light ray's strength.

'That's powerful.'

'That must be the ultimate power of the Dobro Eyes.'

'It's amazing. Will a cultivator at the Quasi Chaos Rank withstand it?'

A few powerhouses also began to discuss.

As soon as the Dobro Ray appeared, it pierced through the Endlos Void and zoomed toward Devin.

Devin felt threatened and quickly escaped to a distant area. However, the Dobro Ray relentlessly chased after him and pierced through his body.

The Dobro Ray broke down in his body into countless inscriptions and reformed into a terrifying eye.

A tremendous force emerged from the eye and rapidly destroyed Devin's body.

Boom!!!

Devin's body exploded.

After his physical body was destroyed, his soul hurriedly tried to flee.

However, another Dobro Ray shot out and obliterated his soul.

“Argh! No!!!”

A cry resounded throughout the Endlos Void. It gradually weakened and finally disappeared altogether.

Even though Saachi’s Dobro Eyes destroyed most of Devin’s soul, a few traces of his soul sigils remained. With Devin’s cultivation base, he could resurrect if given enough time.

However, Saachi was unwilling to give him another chance at life. Consecutive light rays shot out from her Dobro Eyes, obliterating the remaining traces of soul sigils.

Their battle finally came to an end.

Saachi stood in the Endlos Void, and bloody tears rolled down from her eyes.

Her comprehension of the Dobro Eyes had yet to reach complete proficiency. However, she forcefully activated and exerted its maximum strength for revenge. Her excessive consumption of the Dobro Eyes destroyed them again.

Saachi was unconcerned about the destruction of her Dobro Eyes. Their very existence was only for the sake of her revenge.

Now that she had her revenge, it did not matter whether her Dobro Eyes still existed or not.

“Father, I’ve avenged you.

“My family, I hope you saw everything. I’ve already killed our enemies and completely obliterated them.”

Saachi’s cries echoed throughout the Endlos Void.

When Wyot and powerhouses from Mount Kapron saw the battle’s outcome, they had solemn expressions.

Nobody expected a cultivator at the Caelum Boundless Rank to have killed an opponent at the Quasi Chaos Rank. It was something even a powerhouse on the Boundless Ranking could not do, yet Saachi succeeded. It proved she could place in the top ten of the Boundless Ranking.

James and the others immediately reunited with her. Seeing the bloody tears from Saachi's eyes, Waleria frowned and said, "You didn't perfect it. Instead, you've forcefully urged its power. Now that you've excessively used it, it has been destroyed again. It's not going to be easy to restore them."

James observed Saachi. He could tell her Dobro Eyes were already on the verge of disappearing, and only a little of its power remained. They were exhausted and on the verge of ceasing to exist.

He had a solemn expression.

Waleria was correct. Saaschi's Dobro Eyes were destroyed. However, her Dobro Inscriptions remained, so restoring them was not impossible.

The Almighty Dragon General Chapter 4792-Saachi was at the Caelum Boundless Rank and was one step away from the Quasi Chaos Rank. Despite that, the disparity in strength between the two ranks was massive, yet Saachi defeated an opponent at the Quasi Chaos Rank.

However, her victory came at a huge cost. Her Dobro Eyes were destroyed again and even more severely than before. The possibility of recovery was very slim. Even so, Saachi was not bothered with it.

Saachi smiled, and tears rolled down her cheeks. She cried for her decreased members but rejoiced to have finally avenged them.

James looked at Saachi and asked with concern, "Are you alright?"

Saachi gradually calmed down, wiped the blood stains on her face, and said, "I'm fine. Even though my Dobro Eyes have been destroyed, it was worth it."

"Let's head back to the Aeternus Universe," said James.

"Okay." Saachi nodded.

The group returned to the Aeternus Universe.

The powerhouses of the Aeternus Sect witnessed the entire battle in the Endlos Void with their Divine Sense. They saw their Sect Leader, Devin, killed.

After sensing Saachi and her comrades returning to the

Aeternus Sect's mountain gate, they began to tremble in fear.

James looked at the Aeternus Sect and asked, "What should we do with the remaining disciples?"

Saachi replied coldly, "Kill them."

She had no sympathy for these disciples who had hunted and murdered her family. They had to face the consequences and pay for their crimes with their lives. It was simply how cause and effect worked.

They chose to work under Devin and slaughter her family members. Therefore, they had to atone for their sins.

Even though Saachi had lost her Dobro Eyes, her cultivation rank was still relatively high. She activated the power of the Caelum Boundless Rank, and a powerful force swept toward the Aeternus Sect.

Boom!!!

The Aeternus Sect was instantly destroyed, and most of the disciples died. However, a few powerhouses managed to withstand the attack.

After one blow, Saachi seemed to have exhausted all her strength. She went limp and fell to the ground.

James immediately activated the formation he had set up.

Countless Sword Energies instantly emerged inside the Universal Sword Formation and chased after the surviving powerhouses through the Aeternus Sect's ruins.

Ultimately, the formation wiped out all of the Aeternus Sect's members.

Saachi had finally accomplished her goal and destroyed the Aeternus Sect.

Clap, clap, clap.

An applause came from the distance.

Wyot and his group of powerhouses from Mount Kapron approached the crumpled Aeternus Sect.

He smiled and looked at Saachi being supported back to her feet. Then, he praised her, "What an impressive show you put on. It's rare to see someone at the Caelum Boundless Rank kill a powerhouse at the Quasi Chaos Rank."

Afterward, Wyot turned to James. His gaze was full of hostility.

James looked at Wyot and said calmly, "You've no business here. Leave and return to where you came from."

Wyot came to the Aeternus Sect for their sacred scroll. He was unwilling to leave without getting his hands on it.

He stared at Saachi and said smilingly, "I heard the Aeternus Mantra is with you. Your Dobro Eyes have been damaged, right? If you hand me the Aeternus Mantra, I'll bring you back to Mount Kapron and repair them."

Saachi cast a glance at Wyot, then stood behind James. She did not reply but instead used her actions to express her stance.

The Almighty Dragon General Chapter 4793-James thought for a while and said, "I have the Aeternus Manual."

Wyot looked at James doubtfully and asked, "Is that so?"

James asked, "Why do you want the Aeternus Manual?"

Wyot responded calmly, "I heard every district has a sacred scroll. I'm curious about them, so I came to the Aeternus Sect, hoping to see their sacred scroll."

He stared at James and said, "I've been brooding over my defeat to you, James. Now that we meet again, I'd like to rechallenge you. Do you have the guts to fight me? If you lose, hand over the Aeternus Manual."

Wyot sensed that James' cultivation base was only at the early stage of the Caelum Acme Rank.

He was confident in defeating James and obtaining the Aeternus Manual since he had been in the Caelum

Boundless Rank for a long time. On top of that, the Kapron District's Leader had personally guided him. Moreover, he had cultivated Kapron Power.

James smiled faintly and said, "Not only do I have the Aeternus Manual, but I've also read the Verde Academy's sacred scroll and can make a complete copy for you.

However, what's in it for me?"

Just like Wyot, James' goal was also the sacred scrolls.

However, he did not want to make his intentions so obvious. Otherwise, Wyot would realize he knew about the sacred scroll's secret.

Wyot was intrigued by James' words. He did not expect to obtain the Aeternus District and Verde District's sacred scrolls.

"I'll give you whatever you want," Wyot replied generously.

James briefly thought about it and replied, "I'm also interested in the sacred scrolls. I've already read two sacred scrolls but can't understand them. I suspect I'll need to read nine of them to comprehend everything. How about you lend me the sacred scroll kept by Mount Kapron for ten thousand years?"

"What?" Wyot hesitated.

"What's wrong? Don't tell me, as Mount Kapron's Lord, you don't have it?"

"Fine, deal ."After contemplating for a while, Wyot agreed to James' condition.

Even though the Kapron District's Leader had warned him not to leak their sacred scroll to anyone, he was willing to put it on the line to obtain the Aeternus and Verde District's sacred scroll. Even if the Kapron District's Leader found out, Wyot felt he would not be blamed for it. Moreover, he had complete confidence in defeating James.

"Alright, let's take the battle to the Endlos Void."

James' voice resounded. Then, he disappeared into the

Endlos Void with a flash.

Wyot followed suit.

"One battle has just ended, yet another is about to begin."

‘This one should be interesting.’

‘It’s the Head of the Verde Academy’s Tempris House against the Lord of Mount Kapron.’

‘It’s a battle between powerhouses at the Caelum Boundless Rank and the early stage of the Caelum Acme Rank.’

‘The outcome is obvious. Mount Kapron’s Lord is definitely stronger.’

Almost all the powerhouses in the Endlos Void gathered to watch the battle. They were surprised by Saachi and Devin’s battle. Thus, they were excited for another battle.

However, they had little expectation for the battle. They would not have come to watch the battle if not for James and Wyot’s unique identities. In fact, they were looking forward to the battle’s outcome and for the two forces to get into conflict.

Waleria and the others also discussed in the Endlos Void.

Wynona asked, ‘Will James win?’

Although she knew James was terrifyingly strong, his opponent was Mount Kapron’s Lord. Moreover, Wyot’s cultivation rank was higher than that of James. Therefore, Wynona was worried.

Waleria said calmly, ‘Don’t worry. Even though James is only at the early stage of the Caelum Acme Rank, he can kill someone at the Quasi Chaos Rank. It shouldn’t be a problem for him to defeat Wyot.’

Wynton said, ‘It’s hard to say. You don’t understand Wyot’s background. Just like James, he also has a Thousand Paths Holy Body. James slept with Wyot’s wife, and they’ve been enemies for a long time.’

‘Huh?’

H N

Waleria, Saachi, Wynona, and Zula were stunned by Wynton’s words.
