

The Almighty Dragon General Chapter 4796

The Almighty Dragon General Chapter 4796-After he forcefully cast the incomplete Tenfold Realms Transcendent Sutra, he could summon Kapron Power.

Then, he merged it with his Chaos Power.

He had entered an incredibly powerful state.

Even a powerhouse at the Quasi Chaos Rank would not be able to withstand a hit from him.

“This power? How is he also capable of activating this power?” James sensed a familiar aura and was surprised.

Even though Wyot had fused the Kapron Power with his Chaos Power, James still recognized it.

James activated the Blithe Omniscience and disappeared.

Wyot missed and struck the void, causing damage to the area.

James emerged in a distant area and stared at Wyot.

Wyot’s face twisted in anger and his veins bulged, causing him to look ferocious.

James immediately caught on and thought to himself, ‘His powers are violent right now.

It seems they are out of his control.

He must’ve cultivated an incomplete version of the Tenfold Realms Transcendent Sutra.

Since it’s lacking, he hasn’t successfully cultivated the true form of Kapron Power.” While James was in thought, Wyot launched another attack.

1 However, James stood in place and chose not to dodge.

James also activated the Tenfold Realms Transcendent Sutra.

Then, he mobilized his Chaos Power and Verde Power, merging them into one.

At the last second, he raised his hand to block Wyot's attack.

Their fists collided, and their forces intertwined.

Boom!!! Wyot was blasted away after impact.

His arm was instantly injured, and a force spread into his body, causing him to spit out blood.

James was also knocked away by the force birthed from their confrontation.

While he pierced through the void, it caused his surrounding space to shatter.

After coming to a stop, James spat out a mouthful of blood.

He refrained from using his Eternal Power.

Instead, he only used two powers to fight Wyot.

Even so, he still gained the upper hand in battle.

James was injured, but Wyot's condition was worse.

Wyot had basically lost his combat effectiveness.

If he were to continue fighting, it would become a life-and-death duel.

Wyot stood in the distance and instantly healed his injuries.

Then, he glared at James with disbelief.

“You? How is this possible? You're only at the Caelum Acme Rank's early stage.

How did you block my attack?” Wyot was shocked.

The fusion of his Chaos Power and Kapron Power should be enough to take down a powerhouse at the Quasi Chaos Rank.

However, James survived the attack.

James wanted to keep the power he had used a secret from Wyot, so he deliberately hid its aura.

Therefore, Wyot was unaware James had cast the Tenfold Realms Transcendent Sutra.

“You lost,” James announced loudly, and his voice echoed throughout the Endlos Void.

“As we’ve agreed, you’ll lend me the Kapron District’s sacred scroll for ten thousand years.” Wyot shouted, “Impossible! I can’t have possibly lost to you!” He activated the incomplete Tenfold Realms Transcendent Sutra again, hoping to merge the Kapron Power with his Chaos Power again.

However, his body could no longer support him in doing so.

Injuries began to form throughout his body as soon as he summoned his strength.

If he persisted, his body would be torn apart by the violent force within it, and he would be completely obliterated.

“Hurk!” Wyot spat out a mouthful of blood and fell to the ground.

The Almighty Dragon General Chapter 4797-Swoosh! Daffron immediately appeared and caught Wyot.

He immediately advised, saying, “You should admit defeat, Wyot.

Don’t force it or else you’re going to die.” Wyot’s face was terrifyingly grim.

He could not believe he had lost to James again.

He was in the Caelum Boundless Rank and had awakened his Thousand Paths Holy Body.

His physical body was unparalleled.

Moreover, he cultivated the Tenfold Realms Transcendent Sutra and merged Kapron Power with his Chaos Power.

He was confident to take down a powerhouse at the Quasi Chaos Rank.

Yet, he lost to James, the person he hated the most.

He was unwilling to acknowledge his defeat and refused to accept the battle’s outcome.

“I wouldn’t lose to you.

Let’s continue the fight!” Wyot roared, and his voice resounded through the Endlos Void.

He caused a terrifying sound wave to permeate the void, and everything it passed through collapsed.

Wyot wanted to continue the fight.

However, his body was already covered in injuries and could no longer support him in battle.

He summoned his strength, but his injuries worsened.

Ultimately, he had to dissipate his power.

Everyone spectating the battle was surprised by the outcome.

Nobody expected Wyot and James to have displayed such great strength.

Although Wyot had lost, he was more than capable of defeating Devin, who was killed by Saachi.

Even James would be able to do the same.

James slowly approached Wyot.

He stopped, stretched his hand, and said, “Hand it over.” Wyot gritted his teeth and glared at James.

His eyes were fuming with anger.

James’ face darkened, and he said coldly, “What’s wrong? You’re going to go back on your promise? If that’s the case, I’ll have to use force.” A murderous intent emerged from his body.

Daffron instantly shielded Wyot and said, “I dare you.” Waleria, Zula, Wynona, and Wynton immediately appeared after noticing the hostility between them.

They stood in front of James, glaring at Daffron.

Daffron was instantly intimidated by them.

He turned to Wyot and said, “You should keep your word, Wyot.

Let him have it for ten thousand years.

Mount Kapron can afford this loss.” Wyot reluctantly took out Mount Kapron’s sacred scroll and tossed it to James.

“Thank you.

I’ll return it to you on time.” After leaving a word, James disappeared from the area.

The next moment, James appeared in an uninhabited place within the Aeternus Universe.

He set up a time formation and excitedly rolled open the sacred scroll.

James knew it was impossible to cultivate Kapron Power within ten thousand years even with a time formation.

Therefore, his plan was to memorize the sacred scroll.

Even if he failed to remember everything, he could just copy it.

Meanwhile, Wyot sat in the highest seat within a hall on a spiritual mountain in the Aeternus Universe.

He was covered in injuries but could not be bothered with them.

Wyot grumbled, “Damn it!” Daffron comforted him, saying, “Even though you lost, it doesn’t mean you’ll lose to him next time.

You should focus on improving your cultivation base.

I’m sure you’ll defeat him sooner or later.” Wyot brooded over his defeat to James.

His chest heaved angrily as he recalled how James tainted and impregnated his beloved wife.

Overwhelmed with anger, he spat out a mouthful of blood and fainted.

Waleria and the others waited at the Aeternus Sect’s ruins for James’ return.

Saachi looked ahead at the pile of rubble and said, “Although this area has been destroyed, it’s the core of the Aeternus District and is blessed by the Aeternus District’s Heavenly Path.

If we build a new sect here, the Empyrean Spiritual Energy will be restored very soon.

James mentioned wanting to create a new sect here.

We should restore the area while waiting for him.”

The Almighty Dragon General Chapter 4798-Now that he had left to cultivate, Saachi brought it up to the others.

Waleria nodded and said, “James has great potential.

Being the Head of Tempris isn’t enough to satisfy him.

He’ll definitely become one of the strongest in the Nine Districts in the future.

Thus, he needs to have his own forces.” Wynton was also aware of James’ plans since it was decided during their discussion with Yardos.

First, they had to gain a foothold in the Endlos’ Nine Districts.

Then, they would wait for the Chaos District’s aura to leak out.

After the Chaos District’s location is revealed, it would mark the beginning of the third Sky Burial.

The Sky Burial would determine whether the Chaos District survived or perished.

Perhaps the deceased Leader of the Chaos District might borrow the strength of the Chaos Heavenly Path to resurrect.

Whatever happens, the truth will finally come to light.

Wynton followed up, saying, “Since James is busy, let’s rebuild this place.” Walria, Saachi, Wynona, Zula, and Wynton began to restore the area.

Ten thousand years passed in the blink of an eye.

A beautiful mountain range had replaced the pile of rubble.

Although the spiritual rivers in the area had been destroyed, it was still a core area of the Aeternus District and restored by the Heavenly Path within ten thousand years.

James had also left his time formation.

He had not cultivated Kapron Power nor completely comprehended the Kapron District's sacred scroll.

However, he had memorized the inscriptions within it and copied all of its contents.

He searched for Wyot's aura and quickly located him.

James disappeared to a spiritual mountain where Wyot was cultivating.

It had been ten thousand years since their battle.

During this period, Wyot had been recuperating in a time formation, However, his injuries were severe, and he did not fully recover even after treating them within a time formation for an extended period.

James broke into his time formation.

Wyot's pale face was full of dissatisfaction.

He got up from the ground and glared at James.

He clenched his fists, and veins bulged on his arms.

James took out the sacred scroll, tossed it to Wyot, and said, "It's been ten thousand years.

I came to return the sacred scroll to you." Wyot calmly put away the sacred scroll.

He expected James to leave instantly, but James sat down on a rock nearby.

James smiled and said, "Let's talk, Wyot." "I've nothing to talk to you about," Wyot replied, his voice full of hostility.

James waved his hand and set up a formation to isolate them from the outside world.

Then, he asked, “I want to know why you’ve come to the Endlos’ Nine Districts.

You probably know I’m here to investigate the truth of the Sky Burials, the outside territory’s situation, and the Endlos’ Nine Districts’ powerhouses to prepare the Chaos District for the third Sky Burial.

What about you? Why are you here?” Even though James and Wyot were on bad terms, they were both from the Chaos District and had a common enemy to face in the future.

James wanted to know the true purpose Wyot was in the Endlos’ Nine Districts and why he cultivated the Tenfold Realms Transcendent Sutra.

He suspected the Dooms also had a Supreme Illusion and that Wyot had entered it and learned the Tenfold Realms Transcendent Sutra.

The Supreme Illusions were similar to the Path of Heavenly Awakening.

Since the Chaos District and Verde District had Supreme Illusions, the other districts must also have them.

The Tenfold Realms Transcendent Sutra could also be left within these Supreme Illusions.

The Almighty Dragon General Chapter 4799-James was confident he was not the only person who had seen the Tenfold Realms Transcendent Sutra, but nobody else had mastered it.

Even Wyot had only cultivated an incomplete version, which explained why he could not control his Kapron Power.

“I’ve nothing to say to you.

Get lost.” Wyot pointed into the distance.

James disregarded Wyot’s words and continued asking, “What kind of existence is Teresa? Is she a descendant of the Chaos District’s deceased leader?” Wyot unleashed a terrifying aura to warn James.

“you’re no match for me.” James left a few words and disappeared.

The formation disappeared as soon as James had left.

Wyot's injuries had relapsed after he urged his powers, causing him to spit out a mouthful of blood.

He stared at where James had left with clenched fists and said, "I'll trample you under my feet sooner or later." Shortly after James' departure, Daffron appeared.

Daffron saw Wyot spitting out blood and sensed James' lingering aura.

"Was James here?" Daffron looked at James and said, "Relax, Wyot.

The Kapron District's leader chose you as Mount Kapron's Leader.

That shows how much potential you have.

As long as you continue cultivating, you'll definitely become one of the strongest in the Endlos' Nine Districts.

It won't be too late for your revenge when that happens." "Thank you for the reminder, Sir Daffron." Wyot suppressed his anger and said, "Let's depart to Mount Kapron immediately.

I'll enter seclusion and strive to enter the Quasi Chaos Rank before the Hazeaf Gathering.

There was not much time left before the Hazeaf Gathering.

Wyot had a race against time.

After his brief contact with James, he left the Aeternus Sect.

Ten thousand years ago, the Aeternus Sect was destroyed.

However, Waleria and the others restored and even expanded it significantly.

James arrived at an extravagant palace on one of the spiritual mountains.

As soon as he entered the main hall, his comrades rushed to meet him.

Waleria appeared in a purple dress and asked curiously, "Are you out of seclusion? What did you learn from the Kapron District's sacred scroll?"

James smiled bitterly and said, "Don't you know what the sacred scrolls are? How could I understand them so easily?" Saachi joined them and said, "James, we've already rebuilt the area over the past few years.

We've been waiting for you.

What's the name of the new sect?" Everyone turned toward James.

James scanned everyone in the main hall.

He fixed his eyes on Waleria and asked, "Waleria, you're currently the Theos Sect's Grand Sect Elder.

I'm planning to establish a brand new sect here.

Are you willing to leave the Theos Sect and join the new sect?" Waleria gently shook her head and said, "I'm afraid I can't leave, but I can be an official in your sect." James turned to Zula and Wynona and asked, "What about you two? You're still under the Verde Academy." Zula said smilingly, "I severed ties with the Verde Academy long ago.

If it weren't for you, I would never have returned.

I can leave anytime." Wynona thought for a while and replied, "I lost to you and am your follower.

I'm wherever you are." After hearing their answers, James had a rough idea about how to proceed.

Among these comrades, only Waleria would be a problem as she would not leave her sect to join him.

Meanwhile, Zula, Wynton, Wynona, and Saachi would follow him.

Wynton asked, "What's the name of the new sect?" James thought for a while and said, "The Heavenly Court."

The Almighty Dragon General Chapter 4800-The Heavenly Court had always been James' faith.

The Human Universe had a Heavenly Court, so James wanted to establish one in the Endlos' Nine Districts.

James disappeared from the main hall and appeared outside the mountain gate.

He waved his hand, and a remote mountain disintegrated.

With his powers, he moved a boulder from the rubble over to the mountain gate and summoned his Chaos Sword.

He leaped into the air and carved “Heavenly Court” on the boulder.

His comrades appeared shortly after.

Waleria smiled and said, “Congratulations, James.

From now onward, you’re the Heavenly Court’s Lord.

When do you plan to hold the ceremony to celebrate its establishment?” James said, “There’s no rush.

It can wait until after the Hazeaf Gathering.

By then, I would have made a name for myself and become known throughout the Endlos’ Nine Districts.

After a brief conversation, the group returned to the main hall.

James sat in the highest seat of the hall.

As soon as he took his seat, he was recognized by the Aeternus District’s Heavenly Path.

He had become the Aeternus District’s Leader and was blessed with the district’s luck.

“It feels good to be enveloped by the Heavenly Path’s luck.

It’s no wonder so many try to climb to this position.

If being a district leader can bring so much luck, then being the Endlos Lord must be even more exceptional.” James took a deep breath in awe.

Then, he looked at his comrades.

“We’re the only members of the Heavenly Court, but don’t fret.

It won’t be long before the Heavenly Court is well-known throughout the Endlos’ Nine Districts.

Anyway, we should decide on your positions.” James was troubled with the assignment of positions.

Wynton said, “It can wait until our establishment ceremony.” Waleria nodded in agreement and said, “Yeah.

There’s no need to rush.

I’ll invite the Theos Sect’s Leader to celebrate the establishment of the Heavenly Court.

Let’s set off to the Hazeaf District.” Waleria was looking forward to the Hazeaf Gathering.

“Alright.” James nodded.

With a thought, James set up a Universal Sword Formation around the mountain range.

Then, they departed from the Aeternus District with a Teleportation Formation.

After walking out of the formation, they arrived in a core universe of the Hazeaf District.

There was still some time before the Hazeaf Gathering.

However, the news had already spread wild and far.

Many powerhouses from the Nine Districts had already gathered in the Hazeaf District.

As a result, nearly all of the spiritual mountains on the core planets had been rented out.

James’ group could only rent a spiritual mountain on a remote planet.

They temporarily settled down, waiting for the Hazeaf Gathering.

In the back side of the spiritual mountain, James sat inside the manor’s living room.

Sitting opposite him was Saachi.

Saachi wore a black dress, and her long hair hung over her shoulders.

She sat in a lotus position on the ground, less than one meter from James.

James looked into Saachi's eyes with his Zen.

In the deepest part of her eyes, he spotted a few inscription fragments.

After a while, James withdrew his Zen and sighed lightly.

“How is it, James? Is there any hope of restoring them?” Saachi looked at James with anticipation.

Although sacrificing her Dobro Eyes for revenge was worth it, she still hoped to recover them.
