The Almighty Dragon General Chapter 4816-The monk had the power of the Extraterrestrial Demons in his body, and his background was unknown.

It was best for James to remain cautious.

James put away his suspicions and helped the monk.

He said, “ You’re sick.

Do you want me to check your health?” James wanted to use this chance to study the power of the Extraterrestrial Demons in the monk’s body.

He wanted to know if the monk cultivated it or was tainted when the Extraterrestrial Demons attacked him.

The monk sat down and wiped away the blood at the edges of his mouth.

He waved his hand and said, “It’s an old illness.

Every time I think of something, my thoughts will be interrupted.” “Let me check,” insisted James.

“Alright.

Go ahead.” Zeno did not refuse.

Immediately, James checked Zeno’s body.

As James pulled Zeno’s hand, a trace of power entered Zeno’s body.

When James’ power entered Zeno’s blood vein, an evil power surged.

James’ power was instantly forced out of Zeno’s body.

James suffered from the backlash and fell to the ground.

He got up from the ground.

Zeno asked, “So, what did you find?” With a stern expression, James said, “There’s an evil power in your body.

The power is very strong.

It can only be left in your body by a powerhouse above the Chaos Rank.”
Zeno knew his body well.

Indifferently, he said, “I have been resisting this power for several years.

I seem to have lost something important.

I can’t get rid of this power.

Forget it.

Let’s talk about something else.

You said you extrapolated that the guiding lamp was in the disappeared
Chaos District?” “Yeah.” James nodded.

“Do you know about the Boundless Tablet?” Zeno asked.

“What about it?” James could not help but be interested.

Did he not obtain the Boundless Tablet when he was still very weak? The
Boundless Tablet had been a big help to him.

However, after his ability improved, the Boundless Tablet could no longer help
him.

Hence, he left it in the Twelfth Universe, leaving it to a fated person.

Zero said, “According to my memory, the Boundless Tablet has a huge secret.

It involves the Boundless Road.

The end of the Boundless Road surpasses the end of the River of Time.

“The River of Time began after the birth of the ten districts.

“On the other hand, the end of the Boundless Road was before the birth of the
ten districts.

Upon entering the Boundless Road, one can reach the time before the birth of
the ten districts.

"I have been searching for the Boundless Tablet and the Boundless Road.

I want to take a look at the end of the Boundless Road.

I want to know what happened in the distant past and where Emperor Raiah went." Zeno revealed many secrets, and James grew increasingly interested in his words.

He did not know that the Twelfth Universe and the Boundless Road where the Human Realm existed had such a vast background.

"So, what's the Boundless Tablet?" Curious, James asked.

Zeno explained, "Based on my memory fragments, the Boundless Tablet is a treasure on the Boundless Road.

The tablet appears only to be suppressing the Boundless Road, but many secrets are actually hidden in the tablet.

The Boundless Tablet can form the Boundless Pagoda.

The Endlos Heart is hidden at the top of the Boundless Pagoda.

Whoever gets the Endlos Heart can become the Endlos Lord.

After becoming the Endlos Lord, one can cultivate the Endlos Heavenly Path and understand its history." "I see." James understood everything now.

"You haven't answered me.

Do you know about the Boundless Tablet?" Zeno looked at James.

"I've never seen it." James shook his head.

At the same time, he was thinking about going to the Human Universe once he returned to the Chaos District.

He needed to look for the Boundless Tablet and enter the Boundless Road again.

He wanted to know what was at the end of the Boundless Road.

"Forget it."

The Almighty Dragon General Chapter 4817-Sitting on the ground, he shouted again and began to sell information.

“What information are you selling?” James grew interested.

With a serious expression, Zeno said, “There’s a ruin on this ancient battlefield.

It existed before the birth of the ten districts, and a powerhouse before Endlos seems to be sealed in there.

“T learned that the powerhouse should be the subordinate of Emperor Raiah.

His ability is on par with Wynne’s.

“It’s just that the ruin is very dangerous.

I don’t dare to take the risk, so I’m selling information here.

I want to let other living beings investigate this matter.

I didn’t give you the information for your own good.

Otherwise, I would have given you the information when you showed up.”
Upon hearing that, James became interested.

A subordinate of Emperor Raiah was sealed in the ruin? It was a huge matter.

If the subordinate was rescued, would the truth of the affairs before Endlos not come to light? The monk seemed to have guessed James’ thoughts.

He said, “ Stop your train of thought.

If the ruin could be so easily entered, I would have entered it long ago.

The ruin is extremely dangerous.

Even if a powerhouse of the Chaos Rank enters it, he may die.” James immediately stopped considering the idea after hearing Zeno’s words.

“Move away.” Right then, a loud voice resounded.

In the distance came the sound of a horse galloping.

A pegasus hurried over.

Its footsteps left the ground and the void cracked.

When the pegasus reached the sky above the city, it stopped galloping.

Under the pegasus, a shadow descended from the sky and appeared at the entrance of a residence in the city.

Kneeling on the ground with one knee, the shadow said respectfully, "I have found the ruin." "Creak!" The entrance of the residence opened slowly, and a man walked out.

The man appeared to be in his twenties.

Wearing a milky white robe, he looked handsome and charming.

"He was placed third in the last Boundless Ranking." "It's him." "It's Warner Lester, third place in the previous Boundless Ranking.

He's a powerhouse who has been in the Caelum Boundless Rank for a long time." "He still hasn't entered the Quasi Boundless Rank.

He's been in the Caelum Boundless Rank for such a long time.

By now, he should be on par with a true Chaos Rank powerhouse." Upon seeing the man walk out of the entrance, several living beings on the street began to discuss him.

"Let's go and take a look." Warner spoke before disappearing.

Swoosh! At the same time, in the dark away from the city, a ray of white light shot up to the sky.

The white light lit up the dark area.

At the same time, a powerful energy emerged.

At once, the monk cleaned up the things on the ground and put them away.

Glancing at James beside him, he said, "It's a ruin.

Something good must have appeared.

Why are you still here? Aren't you going? Go and take a look.

Obtain the treasure." After Zeno said that, he disappeared.

Without hesitation, James activated the Blithe Omniscience and followed Zeno.

The Almighty Dragon General Chapter 4818- Most of the areas on the ancient battlefield were engulfed in darkness.

The images that appeared this time were in a dark place away from the city.

The white light shot up to the sky, illuminating the dark area.

The white light contained a mysterious power.

The power got rid of the black mist in the dark.

Then, a destroyed spiritual mountain emerged.

In the blink of an eye, Zeno arrived at the area.

Soon, James also arrived at the same spot.

At the center of the ruin was something mysterious exuding a ray of white light.

James scanned his surroundings and realized that many living beings had gathered in the area.

At this moment, several armored bodyguards began to threaten people.

"Our master found this ruin first.

It belongs to him.

If you don't want to die, get lost." Many bodyguards appeared and started to get rid of the living beings nearby.

At this time, a handsome man walked over, stepping on the void.

He appeared in the sky above the area.

“Welcome, Sir Warner.” Countless bodyguards knelt on the ground and greeted Warner loudly.

“It’s Warner.” “It’s been a long time since he showed himself.

I wonder where he cultivated.

We shouldn’t provoke him.

Let’s watch the situation from afar.” Upon seeing that the bodyguards were Warner’s, a few powerhouses decided to back out.

Warner was placed third in the last Boundless Ranking.

Now, he was still in the Boundless Ranking.

He was extremely powerful.

The living beings present dared not offend him.

“Zeno, do you know what’s in the ruin?” James glanced at Zeno next to him.

Zeno had traveled to many ruins in the nine districts, so he had a profound understanding of ruins.

That was why James asked him.

Zeno shook his head and said, “I don’t know.

I need to study the ruin first.” Then, several bodyguards appeared.

The bodyguards pulled out their weapons.

“Didn’t you hear? This place belongs to our master.

It’s none of your business,” Warner’s bodyguard said in a cold tone.

Glancing at the bodyguards, James sensed that their cultivation ranks were high.

They had all reached the Caelum Acme Rank.

If they were in a weaker universe, they could rule the universe.

Yet, they were willing to be Warner's bodyguards.

It was evident that Warner was a big shot.

Zeno stepped back and appeared behind James.

Then, he pushed James forward.

James did not expect that.

With Zeno's power, James was pushed forward instantly.

Thinking that James was going to attack them, the bodyguards immediately took action.

Hundreds of bodyguards pulled out their swords and attacked James.

However, James' body was very strong.

Even though the bodyguards were in the Caelum Acme Rank, they could not harm James.

'what a despicable monk,' cursed James in his heart.

Since the bodyguards had attacked James, James would not back out.

"This ancient battlefield doesn't belong to Warner.

Those who are destined will find the treasures.

Isn't it too much to occupy this ancient ruin?" James said.

His words attracted the attention of the living beings nearby.

At once, countless gazes landed on him.

"who is he? Why is he so brave? How dare he go against Warner?" "T know him.

He's the head of the Verde Academy's Tempris House, James." Many living beings were gathered here, all coming from different realms of the nine districts.

A lot of them did not know who James was.

Nonetheless, there were living beings who came from the Verde District.

James' identity was exposed.

At this moment, Warner was already outside the ruin.

However, the ruin had a broken formation, which he would need quite some time to break.

Hearing the commotion in the distance, he frowned.

Unhappy, he said, ““Didn't you clear the place? Why are there still living beings? Get rid of them.

I don't want any living beings to disturb me.” “Yes, sir.” At once, several powerhouses jumped and flew toward the area James was in.

The Almighty Dragon General Chapter 4819-“Get lost,” said the four powerhouses upon appearing.

Then, one of the powerhouses tried to pull James and throw him out.

However, James stood in the sky motionless.

An illusory palm tugged James' shoulder.

Immediately, the illusory palm was shattered by James' physical power.

“Caelum Boundless Rank.” James sensed the cultivation ranks of the four powerhouses.

With a faint smile, he said, “You're only in the Caelum Boundless Rank.

How dare you be so arrogant?” “You're seeking death,” A loud voice sounded.

Following that, the four powerhouses attacked James simultaneously.

James also took action.

He activated the Blithe Omniscience and disappeared.

In the next instant, his body returned to its original spot.

Meanwhile, the four powerhouses took a blow and flew away.

As though a kite had lost its string, their bodies crashed harshly into the ruin in the distance below.

The moment they touched the ruin, the formation was initiated.

At once, countless Sword Energies from the formation filled the air.

The Sword Energies charged toward their bodies.

Nevertheless, they were powerhouses in the Caelum Boundless Rank.

Even if they were attacked by countless Sword Energies, they would only be injured.

They would not die.

This scene shocked several living beings in the distance.

“James, the Head of Tempris House, is quite strong.

He defeated the four powerhouses in the Caelum Boundless Rank so easily.”

“Even though there aren’t any Chaos Rank powerhouses in the Verde Academy of the Verde District, there are many Quasi Chaos Rank powerhouses.

It’s no wonder the Verde Academy is known to be the strongest in terms of overall strength.” James defeated the four powerhouses in the Caelum Boundless Rank easily, which shocked many.

Many living beings began discussing among themselves.

Zeno walked over to James.

With a bright smile, he said, “Not bad.

You’re stronger than the last time we met.” James smiled.

In the distance, outside the ruin, Warner was focusing on observing the formation.

He wanted to enter the formation and check out the ruin.

He saw the defeat of his four subordinates.

The four Caelum Boundless Rank powerhouses appeared before Warner.

They were covered in wounds.

Some Sword Energies remained in the wounds.

ot Sir.

» “He’s too strong.” “We aren’t his match.” Disorderedly, the four powerhouses spoke.

Warner turned around and looked at James in the distant void.

With a heavy expression, he disappeared with a flash.

Then, he appeared before James.

Casually, he looked at James.

“It’s been years since I last traveled to the Endlos’ Nine Districts.

It seems the nine districts birthed a few arrogant brats in the past several years.” Although Warner appeared casual, there was a hint of murderous intent in his tone.

James did not fear Warner even though the latter was placed third in the previous Boundless Ranking.

“Fellow cultivator, you’ve gone overboard.

The treasures of heaven and earth depend on destiny.

Why are you chasing out all other living beings? Do you really think you’re invincible?” James glanced at Warner, who had a dark expression.

“Haha...” Warner laughed.

Then, he stopped, and his expression turned serious.

"T may not be invincible, but I'm sure no one is my match in this area." Warner was confident in his ability.

Even though he was only in the Caelum Boundless Rank, he had been in this cultivation rank for a long time.

His power was unfathomable.

Even if he were to face a true Chaos Rank powerhouse, he would not be afraid.

The Almighty Dragon General Chapter 4820-"Haha." James could not help but laugh.

No one had made him kneel before.

Warner was the first person to do so.

Warner's arrogance angered James.

"Let's see how strong you are that you think you can make me kneel." James was filled with Murderous Energy.

He had comprehended six kinds of power, the Tenfold Realms Transcendent Sutra, and the power of the six sacred scrolls.

He did not fear anything.

"How stupid," said Warner casually.

Then, he made a move.

With a flash, he appeared before James and raised his hand.

A terrifying power emerged, and his fist headed toward James.

James met the attack head-on.

Both fists collided.

Boom! Immediately, the void collapsed.

Meanwhile, James' body flew away due to the frightening power.

The power spread throughout his body from his arm.

It made his Blood Energy churn.

He failed to suppress the surging Blood Energy.

At once, he spat out blood.

‘He’s quite strong.’ James could not help but be shocked.

Even though Warner did not use his power, he broke James’ defense.

This proved Warner’s strength.

“Are you looking down on Tempris House?” At this time, a voice rang throughout the place.

Following the voice, an elder appeared.

When the elder appeared, he launched attacks toward Warner.

Shadows surrounded Warner.

The shadows pushed out their palms continuously.

In an instant, there were thousands of palms.

A palm formation immediately appeared around Warner’s body.

Boom! At that moment, countless palms landed on Warner’s body.

Warner was instantly injured as he spat out blood.

Meanwhile, the elder stood in the sky.

“Wael?” “It’s Wael, the previous Head of Tempris House.

He’s one of the strongest powerhouses in the Verde Academy.” The living beings recognized the elder.

The elder was Wael of Mount Tempris.

Stepping on the void, James walked over to Wael and looked at him.

Unhappy, he said, “Hey, what do you mean by this? Why are you helping me? Do you really think I’m not his match?” “Haha.” Wael laughed and patted James’ shoulder.

Admirably, he said, “ Not bad.

Tempris House became powerful under your lead while I was gone.” In the distance, Warner’s expression was extremely heavy.

It had been many epochs since he was last injured.

He stared at Wael with murderous intent.

As the murderous intent filled his gaze, a powerful aura emerged from his body.

Then, the void became illusionary.

It was as if it was going to collapse at any time.

“The both of you, come at me together,” roared Warner.

“Let me.” James and Wael spoke at the same time.

Then, they exchanged glances.

James made a gesture and said, “You’re the elder.

I won’t fight with you.

Go ahead.” Then, James backed away and appeared outside the battlefield.

“Are you alright?”

The living beings present dared not offend him.

“Zeno, do you know what’s in the ruin?” James glanced at Zeno next to him.

Zeno had traveled to many ruins in the nine districts, so he had a profound understanding of ruins.

That was why James asked him.

Zeno shook his head and said, “I don’t know.

I need to study the ruin first.” Then, several bodyguards appeared.

The bodyguards pulled out their weapons.

“Didn’t you hear? This place belongs to our master.

It’s none of your business,” Warner’s bodyguard said in a cold tone.

Glancing at the bodyguards, James sensed that their cultivation ranks were high.

They had all reached the Caelum Acme Rank.

If they were in a weaker universe, they could rule the universe.

Yet, they were willing to be Warner’s bodyguards.

It was evident that Warner was a big shot.

Zeno stepped back and appeared behind James.

Then, he pushed James forward.

James did not expect that.

With Zeno’s power, James was pushed forward instantly.

Thinking that James was going to attack them, the bodyguards immediately took action.

Hundreds of bodyguards pulled out their swords and attacked James.

However, James' body was very strong.

Even though the bodyguards were in the Caelum Acme Rank, they could not harm James.

'what a despicable monk,' cursed James in his heart.

Since the bodyguards had attacked James, James would not back out.

"This ancient battlefield doesn't belong to Warner.

Those who are destined will find the treasures.

Isn't it too much to occupy this ancient ruin?" James said.

His words attracted the attention of the living beings nearby.

At once, countless gazes landed on him.

"who is he? Why is he so brave? How dare he go against Warner?" "T know him.

He's the head of the Verde Academy's Tempris House, James." Many living beings were gathered here, all coming from different realms of the nine districts.

A lot of them did not know who James was.

Nonetheless, there were living beings who came from the Verde District.

James' identity was exposed.

At this moment, Warner was already outside the ruin.

However, the ruin had a broken formation, which he would need quite some time to break.

Hearing the commotion in the distance, he frowned.

Unhappy, he said, ““Didn’t you clear the place? Why are there still living beings? Get rid of them.

I don’t want any living beings to disturb me.” “Yes, sir.” At once, several powerhouses jumped and flew toward the area James was in.

The Almighty Dragon General Chapter 4819-“Get lost,” said the four powerhouses upon appearing.

Then, one of the powerhouses tried to pull James and throw him out.

However, James stood in the sky motionless.

An illusory palm tugged James’ shoulder.

Immediately, the illusory palm was shattered by James’ physical power.

“Caelum Boundless Rank.” James sensed the cultivation ranks of the four powerhouses.

With a faint smile, he said, “You’re only in the Caelum Boundless Rank.

How dare you be so arrogant?” “You’re seeking death,” A loud voice sounded.

Following that, the four powerhouses attacked James simultaneously.

James also took action.

He activated the Blithe Omniscience and disappeared.

In the next instant, his body returned to its original spot.

Meanwhile, the four powerhouses took a blow and flew away.

As though a kite had lost its string, their bodies crashed harshly into the ruin in the distance below.

The moment they touched the ruin, the formation was initiated.

At once, countless Sword Energies from the formation filled the air.

The Sword Energies charged toward their bodies.

Nevertheless, they were powerhouses in the Caelum Boundless Rank.

Even if they were attacked by countless Sword Energies, they would only be injured.

They would not die.

This scene shocked several living beings in the distance.

“James, the Head of Tempris House, is quite strong.

He defeated the four powerhouses in the Caelum Boundless Rank so easily.”
“Even though there aren’t any Chaos Rank powerhouses in the Verde Academy of the Verde District, there are many Quasi Chaos Rank powerhouses.

It’s no wonder the Verde Academy is known to be the strongest in terms of overall strength.” James defeated the four powerhouses in the Caelum Boundless Rank easily, which shocked many.

Many living beings began discussing among themselves.

Zeno walked over to James.

With a bright smile, he said, “Not bad.

You’re stronger than the last time we met.” James smiled.

In the distance, outside the ruin, Warner was focusing on observing the formation.

He wanted to enter the formation and check out the ruin.

He saw the defeat of his four subordinates.

The four Caelum Boundless Rank powerhouses appeared before Warner.

They were covered in wounds.

Some Sword Energies remained in the wounds.

ot Sir.

» “He’s too strong.” “We aren’t his match.” Disorderedly, the four powerhouses spoke.

Warner turned around and looked at James in the distant void.

With a heavy expression, he disappeared with a flash.

Then, he appeared before James.

Casually, he looked at James.

“It’s been years since I last traveled to the Endlos’ Nine Districts.

It seems the nine districts birthed a few arrogant brats in the past several years.” Although Warner appeared casual, there was a hint of murderous intent in his tone.

James did not fear Warner even though the latter was placed third in the previous Boundless Ranking.

“Fellow cultivator, you’ve gone overboard.

The treasures of heaven and earth depend on destiny.

Why are you chasing out all other living beings? Do you really think you’re invincible?” James glanced at Warner, who had a dark expression.

“Haha...” Warner laughed.

Then, he stopped, and his expression turned serious.

“T may not be invincible, but I’m sure no one is my match in this area.” Warner was confident in his ability.

Even though he was only in the Caelum Boundless Rank, he had been in this cultivation rank for a long time.

His power was unfathomable.

Even if he were to face a true Chaos Rank powerhouse, he would not be afraid.

The Almighty Dragon General Chapter 4820-“Haha.” James could not help but laugh.

No one had made him kneel before.

Warner was the first person to do so.

Warner's arrogance angered James.

“Let's see how strong you are that you think you can make me kneel.” James was filled with Murderous Energy.

He had comprehended six kinds of power, the Tenfold Realms Transcendent Sutra, and the power of the six sacred scrolls.

He did not fear anything.

“How stupid,” said Warner casually.

Then, he made a move.

With a flash, he appeared before James and raised his hand.

A terrifying power emerged, and his fist headed toward James.

James met the attack head-on.

Both fists collided.

Boom! Immediately, the void collapsed.

Meanwhile, James' body flew away due to the frightening power.

The power spread throughout his body from his arm.

It made his Blood Energy churn.

He failed to suppress the surging Blood Energy.

At once, he spat out blood.

‘He's quite strong.’ James could not help but be shocked.

Even though Warner did not use his power, he broke James' defense.

This proved Warner's strength.

"Are you looking down on Tempris House?" At this time, a voice rang throughout the place.

Following the voice, an elder appeared.

When the elder appeared, he launched attacks toward Warner.

Shadows surrounded Warner.

The shadows pushed out their palms continuously.

In an instant, there were thousands of palms.

A palm formation immediately appeared around Warner's body.

Boom! At that moment, countless palms landed on Warner's body.

Warner was instantly injured as he spat out blood.

Meanwhile, the elder stood in the sky.

"Wael?" "It's Wael, the previous Head of Tempris House.

He's one of the strongest powerhouses in the Verde Academy." The living beings recognized the elder.

The elder was Wael of Mount Tempris.

Stepping on the void, James walked over to Wael and looked at him.

Unhappy, he said, "Hey, what do you mean by this? Why are you helping me? Do you really think I'm not his match?" "Haha." Wael laughed and patted James' shoulder.

Admirably, he said, "Not bad.

Tempris House became powerful under your lead while I was gone." In the distance, Warner's expression was extremely heavy.

It had been many epochs since he was last injured.

He stared at Wael with murderous intent.

As the murderous intent filled his gaze, a powerful aura emerged from his body.

Then, the void became illusionary.

It was as if it was going to collapse at any time.

“The both of you, come at me together,” roared Warner.

“Let me.” James and Wael spoke at the same time.

Then, they exchanged glances.

James made a gesture and said, “You’re the elder.

I won’t fight with you.

Go ahead.” Then, James backed away and appeared outside the battlefield.

“Are you alright?”
