The Almighty Dragon General Chapter 4992-The formation was too strong.

Even though three of Mekaisto's main selves were trapped in there, they were all instantly covered in wounds.

Apart from the three trapped clones, the rest of the clones surrounded James and attacked him. All kinds of Supernatural

Signature Skills were used.

James had never come across these Supernatural Signature Skills before. For a moment, he could not handle them.

He summoned several kinds of Supernatural Signature Skills, but his counterattacks failed, and he kept suffering injuries.

Even with the protection of the Greater Paths and the Nine Districts Heavenly Path, he was still taking a lot of damage.

James and Mekaisto used all their strongest signature skills from the beginning of the battle. They exhausted all their tactics just to get the first kill.

Just then, one of Mekaisto's clones silently appeared behind James. Its Demonic Compass rotated continuously and charged toward James.

With a thought, James appeared behind the Boundless Pagoda and blocked the Demonic Compass' attack.

Then, one of Mekaisto's clones appeared beside James.

James activated the Blithe Omniscience and left the area just in time.

The moment James reappeared somewhere else, one of Mekaisto's clones materialized and attacked James. Before James could react, his arm took a hit from the Demonic Compass. Blood splattered, and his arm was gone. James used his power to heal his injuries. His amputated arm was immediately restored.

In the formation, three of Mekaisto's clones were being attacked endlessly. By now, they were riddled with wounds.

Then, they attacked the formation again.

At once, the formation cracked.

Immediately, the three of them escaped the formation.

On the other hand, James had created a Sword World. The Sword World engulfed one of Mekaisto's clones. Once the clone was engulfed, a formation appeared in the sky above the Sword World. In the formation, countless inscriptions emerged. The inscriptions kept creating dazzling Sword Energies. One by one, the Sword Energies attacked the clone in the Sword World.

The clone was pierced countless times. Its body was filled with holes.

Right then, James suffered another hit.

His back was covered in blood.

In the Chaos District, the aftermath of the battle was frightening.

In addition to the Ten Thousand Demon Formation swallowing the Chaos District, the Chaos District was weakening. It was turning into an empty Endlos Space.

Meanwhile, the living beings of the Chaos District could not handle the aftermath of the battle.

Living beings in any area that was affected by the battle immediately died.

Countless powerhouses were watching this battle in the outside world.

James and Mekaisto both showed extremely strong power. Their power made the powerhouses of the hidden sects fearful.

They wanted James to kill Mekaisto.

If Mekaisto survived, it would be hard for the powerhouses to deal with him in the future. They could not defeat Mekaisto.

On the battlefield, James kept taking hits. He continuously catalyzed his power to treat his wounds.

Mekaisto was too powerful. Although he had used One Shatter All, which weakened a part of his power, he was stillunstoppable.

Even though James' formation was strong and could hurt Mekaisto, Mekaisto's secret art was too powerful.

Mekaisto's clones all had the same ability as his true self. Even with James' enigmatic formation, he was still at a disadvantage in the battle.

From the start of the battle, James could only injure Mekaisto and his clones. Even after exhausting all kinds of tactics, he

The Almighty Dragon General Chapter 4993-James took a deep breath.

Currently, he needed to kill one of Mekaisto's clones to weaken his ability.

Swoosh!

A formation appeared out of nowhere and engulfed one of Mekaisto's clones.

Once the clone was trapped, James disappeared and appeared above the formation.

The powers of the ten paths emerged in his body.

Like a dragon, the powers of the ten paths shot up to the sky.

The powers of the ten paths filled the sky and crossed one another. As they crossed one another, they turned into mysterious inscriptions.

In an instant, the inscriptions formed a terrifying formation.

'The Tenfold Realms Transcendent Art.'

In the early stage of the battle, James had used Emperor Raiah's most frightening signature skill, the Tenfold Realms Transcendent Art.

The Tenfold Realms Transcendent Art was a formation and a world.

It was formed by ten types of supreme powers and ten kinds of supreme inscriptions.

One of Mekaisto's clones was trapped in the formation, while the Tenfold Realms Transcendent Art was outside the Even Mekaisto would not be able to take the pressure of the formation and the Tenfold Realms Transcendent Art.

In the Tenfold Realms Transcendent Art, ten kinds of inscriptions and ten types of powers kept intertwining. Then, a bizarre power erupted. The power entered the formation right away.

In a flash, countless changes happened in the formation.

Meanwhile, the clone's body in the formation was immediately annihilated. It disappeared from the formation.

By using the Tenfold Realms Transcendent Art, James managed to kill one of Mekaisto's clones.

Even though James only killed one clone, he paid a huge price for it. Since his cultivation rank was low and his power was limited, using the Tenfold Realms Transcendent Art forcefully took a toll on him.

Even if he had the Endlos Heart and could continuously absorb the power from the Endlos' Nine Districts to replenish his power, he could not recover in a short time.

Besides, the battle was intense. If he rested for even a second, he would lose and die. He had no time to restore his power at all.

After James killed one of Mekaisto's clones, the rest continued to attack him.

The formation was trapping a clone, so James no longer had the protection of the formation. Thus, James was attacked by the rest of Mekaisto's clones and Mekaisto's main self. Even if James' soul entered the formation, he could not handle the attacks.

At this time, he felt a sharp pain coming from his soul.

His soul was being forced out of his physical body.

He grew dizzy, and his mind became blurry.

James was about to lose.

He had used all kinds of tactics. He paid such a huge price but could only kill one of Mekaisto's clones. There were still six clones and Mekaisto's main self left, but James did not have the power to kill the rest of them.

'Will I really die in battle in the Chaos District?

'I'm sorry. I really did my best.'

James' mind was blurry.

A strong desire to survive surged in his heart. For a short moment, he became sober. After a while, he saw the messy Chaos District. He also saw a large area of the Chaos District turn into an Endlos Void.

The rest of the Chaos District was in dire straits.

At this moment, James thought of a living being, Wynton's sister, Zella. Zella said that she saw a part of Chaos' future.

She saw Chaos turn gray and become non-existent.

She left behind an inscription.

In the inscription were words she said.

She told James to open the inscription when he was in a dead end or despair.

Upon thinking of this, James realized something.

The Almighty Dragon General Chapter 4994-In despair, James thought of the inscription Zella left behind.

At once, he summoned the inscription left behind by Zella and entered the inscription with his Zen.

A shadow appeared in the deepest part of his mind.

The shadow slowly materialized and became a lady in a white dress. The lady had long and lush hair. She appeared dignified and smart.

"James," she called out.

'You opening the inscription I gave you means you've reached a point where you have no other option but to live and die in the Chaos District. That or the entire Endlos is being wiped out.'

"Zella, what should I do now?" Anxiously, James asked.

A part of Zella's soul was hidden in the inscription.

By opening the inscription, one could communicate with Zella.

Zella shook her head and said, "James, the timing of this battle isn't right. It's a stalemate. It's the Chaos District, Endlos, and your Calamity.

'Your only way out is to give up.'

"Give up?" James was stunned.

'Yeah.'

Zella nodded and said, "If you give up, the Deputy Leader of the Extraterrestrial Demons and the Grand Patriarch of the Doom Race, who are managing things in the dark, will live. Following your surrender, Zaden will end up controlling Endlos

in the future. Meanwhile, the Deputy Leader of the Extraterrestrial Demons will return to the Dark World. Endlos will have temporary peace.

'The timing isn't right because your ability hasn't reached its peak. Surrendering means choosing to live on. After giving up, you can go into hiding and cultivate. Once your cultivation base reaches its peak, everything will come easy to you.

"Also..."

Zella continued, "Even after giving up, you still need to fulfill several conditions to live. I once gained insight into Heaven's secret. I realized that a light beam would flash by when the Chaos District was about to be destroyed.

"Immediately, I went to sense it. I sensed that the light beam appeared at the beginning of Endlos' birth. It was mysterious. The appearance of the light beam is your time to retreat.

'The light beam will bring you out of the area. You will survive.

“James, you have to hold on until the light beam appears. If you can’t, you will die in battle.

“My ability is limited. There isn’t much I can see in the future. I can’t see your ending. I can’t see if you left with the light beam.

“James, take care.”

Her voice rang in James’ mind.

When James summoned Zella’s inscription, Mekaisto attacked James again.

The Demonic Compass kept attacking James.

James’ body was covered in wounds. His mind also grew blurry.

He sensed his surroundings but could not sense the light beam Zella mentioned.

He knew that the light beam was the Herstellen Art’s fortune.

There were three light beams.

In this area, one of the light beams would appear.

However, no light beam had appeared in the area and the entire Chaos District. ‘Will I really not hold on until the light beam appears?’

James felt despair.

His life did not matter.

Nonetheless, the matters at hand had not been settled.

Mekaisto was still alive. Zaden had not shown up. James felt unsatisfied.

The Almighty Dragon General Chapter 4995-At this moment, in the Human Universe, Livie panicked upon seeing James losing.

“Livie, you have to think it through. If you make a move now, you will never return.”

“I’m not going back,” roared Livie furiously.

At this moment, she awakened a part of her soul and activated the Demonic Pill that hid in the deepest part of her soul after her sacrifice. At once, her aura changed and grew powerful.

As she exuded her aura, the main hall of the Heavenly Court crumbled.

“Huh?”

Many powerhouses in the Heavenly Court were shocked.

Before they could react, Livie had disappeared. At the next moment, she showed up on the battlefield of the Chaos District.

Her slender figure was dressed in a blue robe. She had a magnificent aura.

Her appearance stunned Mekaisto.

“Mekaisto, stop,” said Livie.

“Livie?” Mekaisto stared at Livie standing before him. After sensing her aura and power, he was delighted. He said, “You recalled your memories. Have you recovered?”

“I remember some stuff,” said Livie before glancing at James, who was covered in wounds and had a weak soul aura.

When Mekaisto heard that, his expression darkened.

“Livie, don’t forget your birth and mission. James only gave you a soul. Your true identity is the Grand Priestess,” roared Mekaisto angrily.

“I know.” Livie said, ‘You can’t kill him.’

“No way. If he doesn’t die, the plan won’t be accomplished.” Mekaisto roared, “If you dare to stop me, I will kill you too.”

‘Why don’t you try?’

Livie’s expression darkened. Her aura was on par with Mekaisto’s.

“James must die.” Mekaisto held the Demonic Compass.

“I have to protect him.” Livie’s aura gradually grew stronger. A black flame surged in her body.

At this moment, she burned her soul, blood, and everything else.

Even though her ability had been restored, she knew how strong Mekaisto was. Her chance of defeating Mekaisto was uncertain.

Currently, as long as Mekaisto had time, he would kill James. Hence, Livie could not give Mekaisto any time or chances.

She burned and sacrificed herself to obtain stronger power. She was in the Chaos Completare Rank. Now, her aura was stronger. Her aura already surpassed the Chaos Completare Rank. She exuded an aura of the Sovereign Rank.

‘You...’

Mekaisto could not believe what was going on.

“You are forsaking your mission for James. You must be seeking death.”

‘Yes.’

Livie said, enunciating each word, “I’m tired. I don’t want to be the Grand Priestess. I’m going to use this chance to end all grudges and reincarnate. I’m going to live a new life with the identity of Livie.”

“Mekaisto, come with me and forget everything. Let’s live a new life in Endlos.”

Livie raised her hand, and illusionary palms emerged.

Several illusionary palms grabbed Mekaisto’s clones and main self before merging them forcefully.

Then, Livie and Mekaisto disappeared from the Chaos Battlefield.

They had died. The power they left behind was swallowed by the Ten Thousand Demon Formation quickly.
