The Almighty Dragon General Chapter 5167-James was relieved after Shade and Yolanda agreed to the offer. From now on,

he would be protected by two powerhouses at the early stage of the Great Celestial Rank. As long as he did not get into trouble, he could cultivate peacefully.

James casually waved his hand, and two inscriptions emerged. "Here's the first

part of the Genesis Path Scripture. I'll regularly give you parts of it. As long as you two stay loyal, you can obtain the complete version of the Genesis Path Scripture."

James was good at winning over people's hearts. Otherwise, the Supreemusseum would not have become one of the Central Plane's most terrifying forces.

The two were overjoyed and quickly took the inscriptions.

James reminded them, "Also, it's important not to expose my identity. If you two

let word get out, I might get into trouble. However, I'll still be able to survive.

When I regain my strength, I'll kill the two of you and won't spare your sects."

"Most definitely."

"I promise not to even say a word."

Both of them vowed to keep James' identity a secret.

James said again, "In the first part of the Genesis Path

Scripture, I left a few inscriptions that I can use to contact you two. When I need

help, you two must show up as soon as possible.”

“Understood.”

“Sure thing.”

James waved his hand and said, “Alright, you two can leave now. You don’t need to keep following me.”

Powerhouses that have reached the Celestial Rank were powerful. Even if they

were far away, they could easily reach James quickly. Thus, James was not worried. Moreover, he did not want them to be constantly following him around.

The two quickly left the area.

Then, James put away the Genesis Holy Herb and also left.

After James had left the area, Shade and Yolanda returned.

Shade looked at Yolanda and asked, “Just now, were you planning to take action?”

Yolanda nodded and said, “I was thinking of capturing and handing him over to

the current Lord Supremus. However, I was afraid the current Lord Supremus was still loyal to him.”

Shade said, “I also wanted to capture him and force him to hand over the Genesis Path Scripture as well as the other Supernatural Powers he possessed.

However, I held back. I think following him would be better than capturing or killing him.”

“Well, I’ll find a place to heal my injuries first. Then, I’ll go through the Genesis Path Scripture.”

After the brief conversation, Yolanda left.

Shade also did not linger in the area.

Meanwhile, James quickly rushed to reunite with his companions at the foot of a spiritual mountain.

After seeing James return safely, Gaius and the others stood up.

Taran asked, “How did it go? Are you alright?”

King Marciais also inquired, “Did you get it?”

Although it was challenging to snatch something from the hands of two powerhouses at the Celestial Rank, James was very mysterious. Thus, King Marciais had some faith in him.

James smiled triumphantly. He casually waved his hand, and the Genesis Holy

Herb appeared.

Everyone was shocked after sensing the magical power of the Genesis Holy Herb.

James said generously, “Let’s refine it together.”

Since they had left the Endlos PLane together, James wanted to share the benefits with them. Even though he could reach the Sovereign Fifth Rank if he

refined the Genesis Holy Herb alone, it was useless for only him to be powerful.

He needed his companions to be strong as well.

James said, "With this Genesis Holy Herb's energy, we should be able to reach

the Sovereign Second Rank."

The Almighty Dragon General Chapter 5168-Everyone was stunned by James' words.

The Genesis Holy Herb was a rare and precious item, yet James wanted to share it with them.

James noticed their startled expressions and said smilingly, "Although it's a rare

herb, we're a team. You guys have great potential to have reached the Sovereign Rank while in a lower-ranked plane. As long as you have enough resources, you guys will become really powerful."

His companions were talented, and he knew they would provide him with great

help in the future.

All of them looked at James gratefully.

James said, "Alright, let's find a place to cultivate."

He scanned the area and found it to be a suitable place.

With a wave of the hand, he set up a formation to block their auras from leaking

outside. It was also a time formation, saving them a lot of time.

The Genesis Holy Herb floated in the air, and the group sat in a lotus position

around it.

“I have a really good Supernatural Power to share.”

James looked at his companions and summoned an inscription.

Everyone looked at the inscription floating before James.

King Marciais asked, “What’s this?”

James explained, “It’s called the Genesis Path Scripture. A powerhouse from the Central Plane created it. The Genesis Path Scripture contains the Genesis Path of countless planes. It’s one of the best Supernatural powers in the Central

Plane and will benefit you guys significantly. Work hard to cultivate it.”

Everyone nodded in response.

Afterward, the group began to absorb the Genesis Holy Herb’s energy and comprehend the Genesis Path Scripture.

James also began to cultivate. He had already reached the Consummation Chaos Completable Rank and was a step away from the Sovereign Rank. Thus,

making a breakthrough into the next rank was relatively easy.

The Genesis Holy Herb emitted a dazzling light and powerful energy.

The energy dispersed into five and was absorbed by the group.

As soon as James absorbed the Genesis Holy Herb’s energy, his Blood Energy

churned, and a powerful force flowed through his body.

Boom!

The sound of an explosion came from his body.

It was caused by James' force breaking through his rank's barrier. James' aura

skyrocketed as soon as the explosion occurred, and a multicolored light ray containing the energy of heavenly and earth fell from the sky.

James' body underwent an enhancement. After successfully entering the Sovereign Rank, his physical body was also improved.

He continued cultivating and absorbing the Genesis Holy Herb's energy to enhance his strength.

Soon, he went from the Sovereign Rank's early stage to the late stage.

James kept improving until he unknowingly reached the Sovereign First Rank's

Consummation.

Ultimately, he entered broke through into the Sovereign Second Rank. Then, he

finally halted his cultivation.

Even though the Genesis Holy Herb still had a lot of energy left, James stopped

absorbing it and left the remainder for his companions.

James looked at his companions. Seeing them wholeheartedly cultivating, he did not bother them and walked out of the formation. He sat down on a boulder

and looked into the distance pensively.

Time passed quietly, and an epoch was gone in the blink of an eye.

The Almighty Dragon General Chapter 5169-Countless epochs had passed inside the formation.

James had been waiting outside the formation for an epoch. Soon, Gaius made

a breakthrough into the Sovereign

Second Rank.

“You’re done?” James looked at Gaius, who walked out of the formation, and asked while smiling, “How did it go?”

Gaius said in awe, “It was incredibly profound. I’ve only grasped the basics of it,

but it was like the door to a new world had opened. I gained a lot this time. With

the Genesis Holy Herb’s energy, I easily entered the Sovereign Second Rank.”

James nodded and said, “Good. The Genesis Path Scripture is the fruit of a powerhouse’s lifelong hard work. It’s one of the most sought-after Supernatural Power.”

“Where did you get it from?” asked Gaius.

James smiled lightly in response.

Gaius was sensible and stopped pursuing the matter further.

Soon, King Marciais also left the formation. He approached while stretching his

body and said smilingly, ‘The Genesis Path Scripture is really magical. I’ve benefited greatly after just having a preliminary understanding. I’ve entered the

Marciais Path's seventeenth rank. I call it the Rebirth Rank."

King Marciais had also reached the Sovereign Second Rank.

James named the Marciais Path's sixteenth rank. It was called the Tressencia Completare Rank. The seventeenth rank was an improvement based on the Tressencia Completare Rank.

King Marciais transformed the Genesis Power he learned from the Genesis Path Scripture into fire. Then, he burned his body, bloodline power, and soul to

enhance them to a higher level. As a result, he managed to reach the Marciais Rank's Seventeenth Rank.

"Oh?" James glanced at King Marciais.

The Marciais Path was very potent. In James' previous life, he mainly focused on his Paths and neglected his physical strength.

In the countless planes, there were countless powerhouses. Many of them had

come up with ways to improve their physical body. However, King Marciais' method was the most effective.

Curious, James asked, "What kind of rebirth is it?"

King Marciais explained everything he had comprehended.

James was immediately enlightened. He sat to the ground, summoned his Genesis Power, and converted it into a Genesis Path Fire. Then, he used it to enhance his body, soul, and bloodline power. A powerful force surrounded him.

Gaius and King Marciais were startled by the sight.

They had just learned the Genesis Path Scripture and knew about Genesis Power. However, they had yet to completely cultivate Genesis Powers of their own.

Meanwhile, James easily unleashed Genesis Power from different planes to enhance his body.

They stared at each other in shock.

Gaius asked, "Do you think the person who created the Genesis Path Scripture is James?"

King Marciais said thoughtfully, 'That's most likely the case. James is too mysterious. I wonder what else is hiding from us.'

The two watched as James cultivated.

James' body, soul, and bloodline power improved continuously.

Soon, he reached the Marciais Path's seventeenth rank. His physical strength and cultivation base were enough to stand against a powerhouse at the Sovereign Second Rank. With the addition of his Martial Path, he could even take on an opponent at the Sovereign Third Rank.

The Almighty Dragon General Chapter 5170-Back when James reached the Marciais Path's sixteenth rank, he shared his knowledge with King Marciais.

Now that King Marciais had reached the Maricias Path's seventeenth rank, he returned the favor. With James' comprehension ability, he entered the

seventeenth rank without much effort.

“He’s insane.” King Marciais was shocked to see James improve so quickly.

When James reached the Marciais Path’s seventeenth rank, Gurgun and Taran

were still cultivating inside the formation.

James got together with Gaius and King Marciais again. He looked at Gaius and

said, “You should also learn the

Marciais Path. It focuses on pure physical strength and can help you awaken your flesh, soul, and bloodline’s power.

There’s no loss in cultivating it. If you’re faced with an opponent at the same rank, it’ll give you an upper hand.”

Gaius’ physical body was decent. However, he did not cultivate the Marciais Path or focus on improving his physical strength.

“Alright.” Gaius nodded lightly.

King Marciais asked smilingly, “What are your plans for the future, James?”

“My plans?” James thought for a while.

He did indeed have plans. He wanted to become one of the strongest of the countless planes again.

James looked at King Marciaias and said smilingly, “I plan to make the Endlos a

powerful plane, one of the strongest amongst the countless planes.

The group gathered and discussed their life, ideals, and ambitions. They all

aimed to improve themselves and protect the countless lives in the Endlos. Soon, Gurgun also left the formation. After comprehending the Genesis Path Scripture and absorbing the Genesis Holy Herb, he reached the Sovereign Second Rank's late stage. At the same time, he perfected his Thunderous Tribulations.

Taran was the last one within the formation.

Meanwhile, James and his four companions shared their insights after cultivating. James also explained how to cultivate the Genesis Path Scripture in detail, saving them a lot of effort.

Shortly after, Taran, who had also reached the late stage of the Sovereign Second Rank, joined them.

The Genesis Holy Herb still had one petal left with energy. James put it away, planning to use it next time.

James looked at Taran and asked, "How did it go?"

Taran said joyfully, "Not bad. After I studied the Genesis Path Scripture, my understanding of Curse Magic and Corrupted Power had improved." i

The group did not rush to leave. Instead, they spent more time sharing their cultivation knowledge. They wanted to learn each other's Supernatural Powers

and strive to perfect them together.

After staying in the area for a while, everyone successfully cultivated the Marciais Path. Although they were not profound in it, they would eventually

catch up with James and King Marciais.

King Marciais, Gaius, and Gurgun also cultivated Taran's Curse Magic.
