The Almighty Dragon General Chapter 5214-Inside the Arena World, the participants were shocked by the battle.

“What was that?”

“His power is really bizarre.”

The powerful participants from various sects and major planes were startled.

After Keagan was defeated, James dispersed the formation. His past and future

forms disappeared.

Even Zavis and the others were astonished.

A few moments later, Zavis said smilingly, “Forty-nine’s Tressencia Completare

Art is incredible.”

Taran also said in awe, “He only used his past form. He hasn’t even used his present and future form yet. I’m sure he can fight a powerhouse at the Great Celestial Rank.”

James approached his comrades and said smilingly, “A powerhouse at the Great Celestial Rank? You think too highly of me and underestimate the strength of the Great Celestial Rank. To reach the Great Celestial Rank, one has to go through countless obstacles and have cultivated powerful combat skills. Although my Supernatural Power is powerful, my cultivation base is too weak.”

“Regardless, you’re still very powerful.”

“Yeah. Your strength is terrifying. It’s a pity we can’t cultivate it as well, or else we’d be unstoppable.”

James’ comrades shared a few remarks.

“You guys should rest and recover first. I’ll go sit atop the spiritual mountain for a while.”

After speaking, James headed to the spiritual mountain and sat in a lotus position at its peak.

“What on earth is he up to? Why does he always have to sit atop the spiritual mountain we seize?”

“Who knows?”

James’ comrades shrugged, confused by his actions.

Afterward, they dispersed the Elemental Formation and began to recover their consumed strength.

Meanwhile, a discussion was also happening in the Dieux Academy.

An elder asked, “Do you think he already found it, Sir Xhemal?”

Xhemal stroked his white beard and said, “I divided the Dieux Academy’s Supernatural Power into a few inscriptions and integrated them into the spiritual

mountains as well as cities. I was hoping the participants would find them. Even

if Forty-nine were to discover them, I doubt he can immediately comprehend every inscription right after seizing a spiritual mountain.”

Jorah agreed, "Yeah. Our academy's Feimsurge Art is incredibly potent. Apart from the creator, nobody else has mastered it."

"James must be just putting on a show."

"Yeah. I don't think he can find the Feimsurge Inscriptions."

"Even if he finds them, it's impossible for him to comprehend them."

'Yeah. It'll be impressive if he even finds one of the inscriptions. I don't think he'll

be able to discover all of them."

A lot of discussions were happening outside of the Arena World.

Meanwhile, the other powerhouse who had already occupied spiritual mountains

was worried. It was evident James was trying to seize all the spiritual mountains

and cities, judging by his recent actions. They knew he would attack them sooner or later.

Even Keagan, a powerhouse at the Petit Celestial Rank, was eliminated.

Although they were confident taking on Keagan, they were worried after seeing

James display such great strength. Many of them were at a loss, looking for a solution. Some even thought about joining forces with the other spiritual mountains.

However, they were not very familiar with each other. All of them were from different forces and even planes. Not only were they unacquainted, but some of

them were on bad terms. Thus, joining forces was impossible.

James sat in a lotus position on the spiritual mountain for a while. Sometime later, he stood up and stretched his body. Then, he looked at his comrades and

said smilingly, "I'm done. Let's go."

Zavis approached James and asked, "Did you discover something?"

James smiled silently in response.

Gaius said, "I'm sure he must've found something."

"Let's head to the next spiritual mountain. You guys won't have to take action from now on. I'll personally take care of the rest."

James did not want to waste any more time.

The Almighty Dragon General Chapter 5215-James wanted to resolve the battle as soon as possible. With the blessing of the

Elemental Formation, his Tressencia Completare Art would be invincible in the Arena World, and nobody could stop him.

Soon, James' party arrived outside another massive spiritual mountain with countless living beings atop it.

"Haha! Things are getting heated."

"That's Tazadarius Garcia, a powerhouse at the Sovereign Sixth Rank's late stage."

"Even though he's only at the Sovereign Sixth Rank, he is really powerful. Even

those who had reached the Petit Celestial Rank try to avoid him.”

“He’s from the Ancient Clan’s Immortal Mountain.”

The crowd following James’ group was instantly excited after seeing the person

who had seized the spiritual mountain ahead.

“The Ancient Clan’s Immortal Mountain is one of the major forces in the Central

Plane.”

‘Tazadarus is a disciple of the Ancient Clan.”

Although Tazadarus was only at the Sovereign Sixth Rank, he had monstrous strength. He was given a special title-the

strongest powerhouse at the Sovereign Rank.

Nobody else at the Sovereign Rank could compare to him. He had never lost to

someone else within the same rank. Moreover, he even managed to severely injure a few opponents at the Petit Celestial Rank. As a result, many powerhouses at the Petit Celestial Rank from other planes were way of him.

“Although Tazadarus is only at the Sovereign Sixth Rank’s late stage, he is stronger than Keagan.”

“I wonder if they’ll be able to conquer this spiritual mountain.”

Many spectators were looking forward to the fight.

James and his companions floated outside the spiritual mountain.

Tazadarus slowly stood up and looked at James’ group. He chuckled playfully

and said, "You must have a death wish to have come to challenge me."

His four comrades instantly activated the Elemental Formation.

The Elemental Formation was like a Supernatural Power that could only be cast

with the five of them to increase their powers.

After the Elemental Formation was activated, their auras improved significantly.

James stood in the forefront with his comrades behind him. "Let's fight." James'

voice resounded throughout the sky.

"If you are so eager to die, I'll fulfill your wish."

Tazadarius unleashed a potent aura and leaped into the sky.

James suddenly disappeared from the spot, and inscriptions spread throughout

the sky. Then, a terrifying formation appeared.

The formation instantly enveloped Tazadarius, and a crushing pressure fell on him. He had to mobilize all his strength to resist. Despite that, he was still struggling to escape.

"Come on, break!" he shouted, and his power flowed out to attack the formation.

However, the formation was too mysterious. After his power struck the formation, it suddenly disappeared.

At that moment, James' past and future forms appeared behind him. Then, they attacked.

Tazadarius wanted to evade them, but he was immobilized by the formation.

James' past and future forms attacked simultaneously. Tazadarius could only stand helplessly in the void as his body was obliterated.

Everyone was flabbergasted by the sight, including those at the Martial Celestial

Rank watching from the outside.
