The Almighty Dragon General Chapter 5291-Yechiel heard about the news immediately.

Yechiel was the lord of the Moonshine Plane. He was also an elder of the Valiant Alliance. His cultivation rank was extremely high. Rumors claimed that he was at the peak of the Great Celestial Rank. In reality, he had already entered the Martial Celestial Rank. This cultivation rank was powerful.

Sitting in the main seat of the main hall, Yechiel smiled.

Currently, he was the lord of the plane. Even if James obtained the plane's Genesis Path, without Yechiel's permission, James could not cultivate the Genesis Path entirely and become the lord of the Moonshine Plane.

Meanwhile, Hadran had already issued an order. Yechiel needed to stop James from becoming the lord of the plane and make him retreat.

In the Moonshine Plane, two shadows traversed through the sky at a high speed. They traveled through universe after universe. In the end, they arrived at the central universe of the plane.

James stopped outside the central universe. Looking at the universe ahead, he said, "I can sense that Mount Genesis of the Moonshine Plane is in this universe. We can enter Mount Genesis with the token. After cultivating on Mount Genesis, I can become the lord of the plane."

On the other hand, Lemuel said, "For this round's bet, the Valiant Alliance doesn't want to admit defeat even though they have lost. They won't hand over this plane so easily. It won't be easy for you to become the lord of this plane."

James glanced at Lemuel and smiled. "I have you. You just need to exude a bit of your aura, and you'll terrify the lord of this plane into handing it over."

Lemuel rolled his eyes and said, "I'm here to relax, not to help you."

"How about we make a deal?"

James knew it would be hard for him to take over this eighth -level plane alone.

He needed Lemuel's help.

"I like to make deals." With a smile, Lemuel said, "What's the deal?"

"Are you interested in the Genesis Path Scripture?" James asked with a smile.

"Of course. However, I'm only interested in the latter half of the Genesis Path Scripture. The first half only has the Genesis Paths of a few planes. I want to know what you have created on the Genesis of the thousands of planes."

"The Genesis Paths of one hundred planes." With a smile, James continued, "If you help me, I'll give you the Genesis Paths of one hundred planes. What do you think?"

"It's a deal."

Without hesitation, Lemuel agreed.

The Genesis Path was the fundamental of a plane. It was extremely rare.

The Genesis Path of a single plane was already a precious thing, let alone that of one hundred planes. Lemuel would benefit greatly from this deal.

James would not be on the losing end either.

The first half of the Genesis Path Scripture had the Genesis Paths of all the planes in the era he was in. There were around 18,000 planes' Genesis Paths in total.

Using the Genesis Paths of one hundred planes in exchange for the help of a powerhouse in the initial stage of the Holy Celestial Rank was a good deal.

Lemuel wanted the first half of the Genesis Path Scripture. Thus, he had to continuously help James. Once he obtained the complete first half of the Genesis Path Scripture, James might no longer need his help.

The two of them talked and laughed while entering the central universe of the Moonshine Plane.

"There are quite a lot of powerhouses."

Upon entering the universe, Lemuel sensed that many powerhouses were in the Martial Celestial Rank and the Great Celestial Rank.

‘To me, they are powerhouses. To you, they’re nothing,” said James while laughing. Then, he stepped into the void and left.

Soon, he appeared outside Mount Moonshine.

“Who are you?”

When James appeared, the guards of Mount Moonshine blocked his way.

Thousands of guards appeared. All of them pulled out their weapons and blocked James and Lemuel at the entrance.

The Almighty Dragon General Chapter 5292-The guards of the lord of an eighth-level plane’s residence were powerful. Their abilities surpassed James’.

Without using any signature skills, James could not deal with these guards.

Taking out the token, he waved it in front of the guards and said, “This is an order from the plane. I’m the new lord of this plane. Move out of the way.”

“Get lost.”

The leader of the guards had received an order to kill anyone who came here with the token.

At once, the leader pulled out a longsword and attacked James.

When he attacked, countless guards joined in simultaneously.

Swoosh!

At this moment, Lemuel’s body flashed and appeared before James. A ray of golden light emerged from his body.

The golden light formed a protective barrier.

The attacks of countless guards struck the protective barrier.

The protective barrier could rebound.

The countless guards were blown away. They fell to the ground in all kinds of positions.

Meanwhile, James walked forward. Soon, he appeared before the Mountain Formation.

“Lemuel, break this formation.”

Lemuel had already made a deal with James. As he flicked his finger lightly, an invisible energy emerged. The energy immediately broke the Mountain Formation of an eighthlevel plane.

Once the Mountain Formation broke, Yechiel, sitting at the top of the mountain, could no longer stay calm. Instantly, he appeared at the foot of the mountain and stared at Lemuel. He wanted to see through the latter. Nonetheless, he could not tell what was Lemuel’s cultivation rank.

“Who are you? Why are you barging into the Moonshine Plane?” Yechiel questioned in a cold voice.

James stood forward and said, “I had a bet with Hadran of the Valiant Alliance.

He lost this plane to me. Hand over the position of the lord of this plane and get lost.”

“Haha.”

Yechiel laughed out loud. “Although I’m a member of the Valiant Alliance, no one can decide what to do with my plane.”

James showed Yechiel the token.

Yechiel’s expression was ghastly. In a cold voice, he said,”

So what if you have the token of the Genesis Path? I told you, this is my plane. I was not around during the bet. It doesn’t count. Please leave my plane.

Otherwise, I will report this matter to the Elysium Hall and let it administer justice.” James rubbed his temples. Lazily, he said, ‘This is troublesome. Lemuel, since he doesn’t want to hand over the plane, just kill him.”

After James said that, he stepped backward.

On the other hand, Lemuel took a step forward. He immediately appeared before Yechiel.

Before Yechiel could react, he was already grabbed by the throat and forced to get up.

He used all his might to break free. Unfortunately, he was only in the initial stage of the Martial Celestial Rank. He could not break free. When Lemuel's power entered his body, he sensed the threat of death.

"Wh-Who are you?"

Yechiel was terrified.

"Kill him," said James dully.

"Please don't kill me. I'll hand over the plane..."

Lemuel did not plan on killing anyone. He only wanted to scare Yechiel. He threw Yechiel, causing the latter to fall to the ground. Dust flew.

Many powerhouses of Mount Moonshine had gathered in the surrounding area. Their faces were pale. They stood in the distance, not daring to act recklessly.

If the lord of the plane could be defeated so easily, they would definitely die if they approached.

Yechiel got up from the ground with great difficulty. Glaring at James and Lemuel, he gritted his teeth and said, "Have you thought it through? I'm an elder of the Valiant Alliance. If you snatch this plane from me, you will offend the Valiant Alliance. Aside from that, I will also report this matter to the Elysium Hall."

The Almighty Dragon General Chapter 5293-Casually, James said, "Sir Hadran of the Valiant Alliance lost this plane to me.

The plane should belong to me. Even if you report this matter to the Elysium Hall, it will side with me."

Yechiel's gaze landed on Lemuel. He asked, "I know almost all powerhouses of the Central Plane and other planes, but I've never heard of or seen you before.

What's your name? I want to know who I lost to."

James suddenly had an idea. He responded, "This is my teacher, Thaddeus Holiness."

Upon hearing that name, Yechiel and the powerhouses of Mount Moonshine stumbled backward.

Forty-nine had publicly expressed that his teacher was Thaddeus Holiness.

However, no one in this world had met Thaddeus Holiness before. They did not expect Thaddeus Holiness to be a real person.

"Th-Thaddeus Holiness? The legendary powerhouse? The powerhouse that only exists in ancient books?" Yechiel was frightened.

Lemuel glanced at James helplessly.

Nonetheless, he did not say anything.

"Aren't you going to leave?" James reprimanded.

The powerhouses of Mount Moonshine in the surrounding area fled the place in fear. In an instant, they were gone, leaving Yechiel behind.

Yechiel was terrified. Obediently, he handed over the position of the lord of the plane.

On the other hand, James successfully entered Mount Genesis of this plane. He began cultivating the Genesis Path of this plane.

He mastered the Genesis Path Scripture. This plane was an old plane.

Naturally, he knew the Genesis Path of this plane.

Soon, he cultivated the Genesis Path of this plane and became the new lord of this plane.

In the apex main hall of Mount Moonshine, James sat in the main seat, full of smiles.

Speechless, Lemuel said, "Why did you say I was Thaddeus Holiness?"

James smiled and said, "Should I have said you were Lemuel, the founder of Dieux Academy?"

"Hand over the Genesis Path Scripture." Lemuel stretched out his hand.

James waved his hand. Then, several inscriptions appeared in his hand and flew toward Lemuel.

"These are the Genesis Paths of one hundred planes."

Feeling satisfied, Lemuel put them away and asked, "What do you plan on doing now?"

Thinking for a while, James answered, "I have my own plans. I plan to blackmail a few powerhouses of this plane and kick them out. I have great use for this plane in the future."

"Great use?" Lemuel was confused.

Nevertheless, James did not explain further on this matter.

Sitting in the main seat, he said, "Moonshine Plane has changed lords. I am Forty-nine of Dieux Academy. I'm the new lord of this plane. To the living beings of Moonshine Plane, hand over the Emyrean herbs of all sects, families, and forces in ten thousand years. Whoever fails to do so will die."

James' voice rang throughout the plane.

The eighth-level plane had countless sects and families.

When the powerhouses of the plane heard James' words, they were shocked.

"Huh? There's a new lord?"

"I've heard of this before. Previously, in Supremusseum, Sir Hadran of the Valiant Alliance had a bet with an elder of Dieux Academy. He lost this plane to Forty-nine."

"If there's a new lord, this plane is going change."

"Head to the herb garden and gather herbs now. Then, go to Mount Moonshine."

“Open up the family’s treasure and take out all the Empyrean Herbs. Bring them to Mount Moonshine.”

All of a sudden, the powerhouses of the sects and families were panicking. They hurried to Mount Moonshine for their survival.

After Lemuel heard James’ words, he could not help but say, “Aren’t you being too overbearing?”

With a heavy expression, James said, “My enemy is the Yeftero Race of the Four Ancient Races from the Dark World. I need to become powerful in the shortest time possible. I need a large number of Empyrean herbs.”

The Almighty Dragon General Chapter 5294-Yeftero Race, one of the Four Ancient Races from the Dark World, was a huge burden to James.

He had limited time, and with ordinary measures, he would not be able to progress enough to stop the Yeftero Race and save Thea.

“Do you plan to get rid of the living beings of this plane after they hand over the Empyrean herbs?” Lemuel asked.

“Yeah.”

James nodded.

He planned to merge this plane with the Endlos Plane. There were too many powerhouses in this plane who were knowledgeable about many affairs. Once both planes merged, the living beings of this plane would know about the Genesis Path Scripture he left in Endlos. By then, countless powerhouses would want to kill him.

“Huff!”

James took a deep breath and stopped thinking about this matter.

Sitting in the main hall, he waited patiently.

Soon, a powerhouse showed up.

The powerhouse was at the peak of the Great Celestial Rank. He was one of the top powerhouses of this plane. Many universes were under him.

Obediently, the powerhouse handed over the Empyrean herbs and a few wonderful elixirs that he had gathered. James accepted them satisfactorily.

After that, powerhouses of different sects and families showed up one after another. They gave their Empyrean herbs to James willingly. James did not reject any of the herbs. He accepted all of them.

Another day passed.

James was receiving Empyrean herbs every day.

After some time, the Empyrean herbs he collected reached a terrifying amount.

He felt satisfied.

“Fellow cultivators, this plane will be sealed soon. From now on, it won’t appear in the thousands of planes. If you want to leave, please leave as soon as possible. Otherwise, you won’t be able to leave once the plane is sealed.”

James’ voice sounded throughout the plane.

Upon hearing that, many powerhouses were stunned.

“Seal the plane?”

“What’s Forty-nine planning to do?”

“I don’t want to stay in this plane. I’m going to leave and watch the situation from outside.”

Many powerhouses chose to leave this plane.

“Everyone, in one hundred thousand years, all living beings in this plane will be killed.”

A terrifying Murderous Energy filled the plane.

It shocked many powerful families and sects.

Meanwhile, after saying that, James went to cultivate in seclusion.

Currently, he had many Empyrean herbs and elixirs. He even had the Supremusse Lotus. However, his cultivation rank was too low. He wanted to take this opportunity to cultivate in seclusion for some time.

He cast a time formation at the back of Mount Moonshine. Then, he began to cultivate in the time formation.

With a thought, a large amount of Empyrean herbs appeared before him.

Activating the cultivation method, he absorbed and refined the power of the Empyrean herbs. His power was increasing unknowingly.

His cultivation rank was also increasing gradually.

While he cultivated in seclusion, he absorbed a large amount of Empyrean herbs. His cultivation rank reached the initial stage of the Sovereign Fourth Rank from the initial stage of the Sovereign Third Rank, and he had only used a few Empyrean herbs he obtained from the Moonshine Plane.

The Empyrean herbs he obtained from the Endlos Plane were enough for him to reach the Petit Celestial Rank.

Besides, he had the Supremusse Lotus.

For some time, he did not lack Empyrean herbs.

Now, he only lacked time.

He spent a long time in the formation, but only one hundred thousand years passed in the outside world.

In one hundred thousand years, he reached the initial stage of the Sovereign Fourth Rank from the initial stage of the Sovereign Third Rank. It was absolutely terrifying.

The Almighty Dragon General Chapter 5295-One hundred years later, James finished his cultivation in seclusion.

After coming out of seclusion, he used his Zen to scan the Moonshine Plane.

Upon sensing that many powerful sects, families, and forces were still in the Moonshine Plane, James frowned.

“Are you really going to kill all of them? It will ruin peace.” Seeing something off with James’ expression, Lemuel could not help but advise.

James glanced at him and said, “I hope you can take action. Use the Grand Supernatural Power to move all living beings of the Endlos Plane. Right now, I need a plane free from living beings.”

When Lemuel heard that, he rolled his eyes. He said, “You have overestimated me. Even though I’m in the Holy Celestial Rank, I don’t have such tactics.

Besides, this is an eighth-level plane. There are too many living beings. Where can I move them to? Which plane can accept so many living beings?”

“Move all of the powerhouses above the Sovereign Rank then,” said James.

“Are you sure you want to do this?” “Yes,” answered James sternly.

“I want the Genesis Paths of one hundred planes.”

“Sure.”

Without hesitating, James waved his hand, and several inscriptions appeared before Lemuel.

Meanwhile, James said, “These are the Genesis Paths of one hundred planes.

Please take action.”

‘There’s nothing I can do against you.”

Lemuel felt helpless.

For the Genesis Path Scripture, he could only choose to take action. At once, he activated his Supernatural Power and moved the living beings above the Sovereign Rank in this plane forcefully. He moved them out of this plane and to the dark outside the plane.

Lemuel did not care where the living beings wound up.

Although Lemuel was strong, he could not move all living beings in one go. He moved them batch by batch.

In an instant, the powerhouses of one universe disappeared from the Moonshine Plane. In the next second, they appeared in the dark outside the Moonshine Plane.

At the next moment, powerhouses of another universe disappeared.

One universe after another, the powerhouses were forcefully moved away.

Soon, there were no longer powerhouses in the Moonshine Plane.

Meanwhile, James cast a formation outside the Moonshine Plane and concealed it. From then on, the Moonshine Plane disappeared from the thousands of planes.

What James had to do now was improve his ability.

Once his cultivation rank increased, he would move the Moonshine Plane and merge it with the Endlos Plane. In this way, the Endlos Plane would become an eighth-level plane. Aside from that, the space would be more stable than an average eighth-level plane.

If he could merge the Endlos Plane with a few eighth-level planes, the Endlos Plane could become a ninth-level plane.

Nonetheless, there were not enough ninth-level planes.

In the past, James only wanted to return to Supremuseum.

Nevertheless, things had changed. He needed to protect Thea. One ninth-level plane was not enough.

At this moment, he had a crazy and outrageous idea.

The idea was to merge all planes and form a superplane. The plane would surpass the Central Plane, which was a tenth-level plane. In this way, he could go against the Ancient Races from the Dark World.

Even though this idea would be difficult to carry out, it was the only way now.

“Because of you, the Central Plane and other planes know that the Moonshine Plane has disappeared,” said Lemuel with a frown.

Indifferently, James said, "I used to be worried in the past and dared not cause huge commotions. Now, with you by my side, I'm no longer afraid."

"Sigh."

Lemuel was speechless.

"Alright. Let's go." James said, "Let the Moonshine Plane develop peacefully.

After some time, we'll return to the Moonshine Plane and collect Empyrean herbs."

After that, James left.

Lemuel followed after him.
