The Almighty Dragon General Chapter 5296-James successfully obtained the Moonshine Plane and kicked out its powerhouses.

Although many living beings were still in the Moonshine Plane, the living beings had not entered the Sovereign Rank. Thus, they did not have the ability to go to the secret realms and obtain high-quality Empyrean herbs.

“Where are we going next?” With a smile, Lemuel asked.

He had obtained the Genesis of a few planes. He wanted to get more Genesis Paths. If he followed James and took action when James was in trouble, he could continue to get Genesis Paths.

He could gather the Genesis Paths quicker than if he were to head to the other planes.

‘We’ll return to Dieux Academy. Then, we’ll go to the deepest part of the Dark World and search for clues about the Ulus,” said James.

The Ulus was a treasure left behind by the Glaciem Race, a Primeval Race.

This treasure was desired by the Four Ancient Races from the Dark World. It could be seen that the Ulus was magical.

Currently, James’ opponent was the Yeftero Race, one of the Four Ancient Races from the Dark World. Only by getting the Ulus could he be on par with the Yeftero Race.

“Alright.”

Lemuel did not say anything else.

Hurriedly, James returned to Dieux Academy.

In Mount Caden of Dieux Academy, James met Gaius, Gurgan, Zavis, and Taran.

The four had been cultivating in seclusion in Mount Caden of Dieux Academy.

They had been cultivating in time formations.

Not only did they have the Genesis Path Scripture, but they also had many Supernatural Signature Skills and countless Empyrean herbs.

“I plan to leave for a while.”

James looked at the four before him with a heavy expression.

Zavis sensed something off with James. He could not help but ask, ‘What’s wrong? What happened?’

James told them about the Primeval Races and the Four Ancient Races from the Dark World. He also informed them that Thea’s real identity is the princess of the Mevryee Race, one of the Four Ancient Races from the Dark World.

“Thea is a Tenebrous Body. She’s a great help toward the Yeftero Race. The Mevryee Race wants Thea to marry into the Yeftero Race. That way, the Mevryee Race can ensure its status as the Four Ancient Races. There isn’t much time left for me. I have to head out for cultivation and go to restricted zones. Only if I get baptized by blood and tears as well as experience life and death can I rise in the shortest time possible. If I reach the cultivation base of my previous life, I’ll become stronger.”

Upon mentioning all this, James felt pressured.

“Let’s go together,” said Zavis.

The others looked at James. They wanted to cultivate with James and travel the world.

On the other hand, James waved and said, “I have left enough resources for you guys. These resources are enough for you guys to use for some time.

They’re enough for you to become powerhouses. Besides, you guys need to gather the heads of the hundreds of families. You also need to perfect your signature skills. It’s most suitable for you to cultivate in seclusion in Dieux Academy.”

James did not plan on taking them on the trip to the deepest part of the Dark World.

It was because the Dark World was too uncanny and dangerous. If one were not careful, one would be annihilated.

James did not want to put them in danger.

“Be careful.”

“Take care. We will wait for your return in Dieux Academy.”

‘We will work hard in our cultivation. We will fight alongside you in the future.’

‘Take it easy. You can’t be so uptight when cultivating.’

The four of them spoke.

“I got it. Farewell.”

James waved his hand to bid farewell. Then, his body disappeared.

When he appeared again, he was already outside the universe of Dieux Academy.

In the void outside the universe of Dieux Academy, Lemuel had been waiting for James. Upon seeing James, Lemuel stepped into the void and walked over to James. He asked, “Have you settled everything?” “Yeah.” James nodded.

The Almighty Dragon General Chapter 5297-Lemuel continued to ask, “We don’t have the map of the Dark World. We also don’t know the bases of the Primeval Races from the Dark World. What should we do next?” James said, “I went to the Dark World before in my previous life. I encountered a ruin of the Glaciem Race. I still remember the rough location of this ruin. Let’s take a look at this ruin first.” The ruin James mentioned was the place to obtain the Dark Secrets.

However, when they searched the ruin previously, they did not find anything.

Nonetheless, it was one of the ruins left behind by the Glaciem Race. Perhaps there would be clues about other ruins of the Glaciem Race by going there.

“Let’s go.”

Lemuel did not refute.

The two left in a hurry. They left the Central Plane and headed to the dark.

James transversed through the dark quickly by relying on his memory.

The two transversed for many years.

Even though James had been to the ruin before, it was easy to get lost in the dark. Although he was a powerhouse in his previous life and was quite strong in this life, there were deviations in his memory. After going in circles and wasting a lot of time, they finally arrived at the ruin James found unexpectedly in his previous life.

“Is this the place?”

Lemuel looked ahead.

In the dark ahead, a space appeared.

The space was not a plane. It was an area connected to the Dark World. It was an independent space from the Dark World.

The space was fragmented. The void was full of spatial rifts. In the spatial rifts were combat auras left behind by the battles from years ago.

‘Yeah. This is the place.’

James nodded and said, “When Lady Wikolia and I discovered this space along with other powerhouses, we found Dark Secrets in this space. I remember there being a powerful Seal Boundary in the deepest part of the tomb. I could not open it even in my previous life. You’re with me this time. I believe in your ability.

You should be able to open the Seal Boundary of the deepest part.”

Upon hearing that, Lemuel became curious. He could not help but ask, “I wonder what’s inside the deepest part of the tomb.”

Lemuel could not wait to enter the place.

The two transversed through the dark and entered the space.

Once they entered, they felt a terrifying spatial pressure.

The spatial pressure was extremely terrifying. Even James, who was in the Sovereign Fourth Rank, could not resist it.

Powerhouses of the Sovereign Rank and even the Holy Celestial Rank would find it hard to move forward. They would die.

Timely, Lemuel took action. He helped James resist the terrifying pressure of this space.

“Since I helped you resist the spatial pressure of this space, you should give me one hundred Genesis Paths.” With a smile, Lemuel looked at James.

James nodded.

He knew he could not even step into this space if Lemuel was not around, let alone search for clues about the Ulus.

With a thought, mysterious inscriptions appeared and flew toward Lemuel.

“These are the Genesis Paths of one hundred planes. Please keep them well.”

Happily, Lemuel accepted them.

Then, he stepped on the void and moved forward.

Powerful energy exuded from his body. The energy formed a halo and engulfed James. Even though there was great spatial pressure in this space, it did not affect James.

The two advanced quickly.

Although this space was not a plane, it was bigger than an average low-level plane.

However, the space was ruined. The Empyrean Spiritual Energy was chaotic.

The space was filled with violent power, making it unable to birth Empyrean herbs.

Even though it had been thousands of years since living beings stepped into this area, there were no Empyrean herbs.

The Almighty Dragon General Chapter 5298-The two transversed through the abandoned space.

As they passed through the ruin, the mountains they saw did not look like mountains, and the lands did not look like lands.

“Where do you think the tomb is?” After going in a circle, Lemuel asked.

James shook his head and said, “I don’t know. It’s good enough that I can find this ruin. There are too many spatial turbulences in this space. The area is constantly moving. The location is also changing endlessly.”

Lemuel was speechless.

Since he could not rely on James, he could only rely on himself.

“If I help you find the tomb, you will give me the Genesis Paths of one hundred tombs,” said Lemuel.

“Deal”

James did not refuse.

Meanwhile, Lemuel used his Zen to observe the area and space.

However, this space was destroyed. There were many strange energies. Even though his Zen could cover the entire area, he could not tell the location of the tomb James mentioned.

Now, he could only use the elimination method and search one place after another.

Thankfully, the space was not huge. It was only the size of a second-level plane.

With Lemuel’s ability, he could find the place easily.

Next, they began to search the area.

Days passed.

In the blink of an eye, several years flew by.

One of the Glaciem Race's ruins, a mountain range, used to be majestic. Now, it was in a mess.

At the summit of the mountain range, James sat on the ground in a lotus position. There was a golden halo on his body. It was the protective barrier formed by Lemuel's energy. It ensured James' safety.

Sitting on a rock in the near distance, Lemuel was troubled. He said, "We have been searching for thousands of years. We have searched most of the places of this ruin, but we could not find anything. Are you sure there's a magical tomb in this ruin?" "I'm sure."

With his eyes half-closed, James said, "When I came here previously, I entered the deepest part. I only had to break the last Seal Boundary to get into the tomb.

If we can find it and open the last Seal Boundary, I believe there will be clues about the Ulus inside the tomb."

"Alright. We have rested enough. Let's continue," said Lemuel as he stood up.

"No need to rush."

After James scanned the surrounding area, he said, "The spatial pressure of this space is great. The space is filled with violent energies. It's a great place for cultivation. I plan to cultivate here for some time."

"Even if you cultivate, your cultivation rank won't increase much." Lemuel rained on James' parade.

On the other hand, James' expression became heavy.

All this while, he had been figuring out how to increase his power in the shortest time possible.

He thought of a way.

However, the method was dangerous. It was kind of a wrong approach.

“Lemuel, you’re knowledgeable. What kind of physical body would I have if I used the Genesis of the thousands of planes as a foundation to reshape my physical body?”

□

The Almighty Dragon General Chapter 5299-Lemuel did not know how to respond to the question.

With a shocked expression, he looked at James and asked, “What did you just say? You want to use the Genesis of the thousands of paths to reshape your physical body?”

“Yeah.”

James nodded and said, “My physical body evolved from the Koloretsua Stone of a low-level plane. It’s extremely strong. However, it’s only strong in the plane I’m in. It isn’t as powerful in the thousands of planes and the Central Plane. I plan to reshape a stronger and more terrifying physical body.”

Upon hearing that, Lemuel fell into deep thought.

After a while, anticipation could be seen on his face. He said, “I have never thought about this. Nonetheless, the Genesis of the thousands of planes is absolutely frightening. If you can use that to reshape a new physical body, your physical body will be terrifying.

“Since ancient times, there had been many physiques. The more powerful one’s physique was, the more talented one would be in cultivation. Nonetheless, no matter how strong one’s physique is, it can’t be compared to a physical body reshaped by using the Genesis of countless planes.

“If you want to give this physique a name, you can call it the Thousand Genesis Path Body.

“However...”

Lemuel paused before continuing, “If you want to reshape a new physical body, you need several materials that can withstand the honing of the Genesis of the thousands of planes. Such materials are rare. If you can get some of them, it will be a great fortune. It’s impossible to get so many materials to reshape a physical body.”

With a smile, James said, “We’ll only find out whether or not it’s possible when we carry it out. Now, we need to search for materials. Such materials are rare and hard to find in the thousands of planes and the Central Plane. Nevertheless, everything is possible in the vast and boundless Dark World.”

James wanted to improve his ability in the shortest time possible. It was extremely tough.

He could only think of another way.

The method was not bad.

If he used that method, he could improve his ability quicker than cultivating traditionally.

If he could hone such a physical body, his physical power would reach a level that was on par with a powerhouse at the peak of the Martial Celestial Rank.

James took a deep breath and slowly stood up. Looking at Lemuel before him, he said, “Let’s go and search for the tomb. After we enter the tomb and get what we want, we will travel to the areas where the Four Ancient Races from the Dark World are. As the Four Ancient Races from the Dark World, they must have a lot of excellent materials.”

Lemuel did not refute James’ suggestions. He said, “You can do whatever you want. I’m only interested in the Genesis Paths.”

Without saying anything else, James turned around and left.

Lemuel followed behind James.

They searched continuously in this ruin.

After searching many areas, James finally found the tomb he had entered in his previous life.

“Is this it?”

Lemuel looked at the ruin ahead.

The area was a mountain range. However, the mountain range had become a ruin. Although it became a ruin, Lemuel could still see a formation hidden in the ruin. The formation originated from the Primevals. On the other hand,

Lemuel was from another plane. Thus, he could not understand the formation at first glance.

“Yeah.”

James nodded and said, “This is it. When we came here previously, we put in a lot of effort to open the formation and enter the tomb. After we entered the tomb, we encountered many threats. Many companions died in the tomb. In the end, only Lady Wikolia and I escaped.”

James paused before continuing, “The powerhouses buried in this tomb were all in the Holy Celestial Rank and above.” Lemuel rubbed his chin and said, “Logically speaking, the Glaciem Race was wiped out entirely. No living beings survived. So, who buried the powerhouses of the Glaciem Race?”

James shrugged and responded, “How do I know?”

Lemuel looked at the formation hidden in the ruin ahead and said, “I don’t understand this formation. I can’t open it.”

The Almighty Dragon General Chapter 5300-The formation of this area was too profound and mysterious. Even Lemuel, a powerhouse of the Holy Celestial Rank, could not understand it.

On the other hand, since James cultivated the Genesis Paths of thousands of planes, it could be said that his comprehension of inscriptions surpassed everyone else in the Central Plane and other planes.

If his comprehension had not surpassed everyone else’s, he would not have comprehended the Feimsurge Art created by Lemuel in such a short time.

Looking at the formation hidden in the ruin ahead, James said, “In the past, I did not know why there were such mysterious inscriptions in heaven and earth.

Nonetheless, after seeing the Dark Secrets, I understood that such inscriptions were known as primitive inscriptions.”

“Primitive inscriptions?” Lemuel glanced at James.

“Yeah.” James nodded and explained, “The so-called primitive inscriptions are inscriptions that appeared before the birth of the thousands of planes. All

inscriptions in the thousands of planes and Central Plane are deduced on this basis.

Although I'm proficient in the Genesis Paths of countless planes and know numerous inscriptions, I don't know much about the primitive inscriptions.

Nevertheless, I have opened this formation in my previous life. So, it's easy to open it again."

When James said that, Lemuel breathed a sigh of relief.

"However..."

James continued to say, "With my current cultivation rank, I can't break the formation. Thus, I will guide you to break it."

"Alright"

Lemuel nodded.

Then, James began to guide Lemuel.

James guided Lemuel while Lemuel took action. Easily, they broke the formation of this area.

Once the formation broke, the ruin changed. Several abandoned mountains and grounds moved. Then, a tomb emerged.

The tomb was larger than a planet. Since many years had passed, the ruin was dilapidated. The huge headstone had already collapsed. It was shattered on the ground.

'The entrance is right ahead."

James pointed ahead and walked over.

Soon, the two appeared before the entrance of the tomb.

"Haha."

At this moment, a sound of laughter sounded.

“I have been staying in this place for a long time, but I could not break the formation. I did not expect the two of you to break the formation right away.”

Following the sound of laughter, a middle-aged man appeared all of a sudden.

James and Lemuel stared at the man warily.

“He’s a powerhouse of the Holy Celestial Rank.” Lemuel reminded in a low voice, “Be careful. He isn’t a good person.”

James looked at the man who appeared before him.

The man appeared to be around the age of forty. He wore a black robe and had a powerful aura. His aura was enough to make James feel oppressed.

‘Tsk, tsk. You two are remarkable. The two of you are from another plane, yet you guys were able to break the formation here.” The middle-aged man looked at James and Lemuel. He was appreciative.

James took a few steps forward and said, “I’m Forty-nine of Dieux Academy in the Central Plane. May I know who you are and why you’re here?”

The middle-aged man did not answer James’ questions. Instead, he asked, “Since you guys are here, both of you should know whose tomb this is, right?” James was taken aback.

He did not know whose tomb this was.
