The Almighty Dragon General Chapter 5321-James could sense Bareilly was only at the peak of the Petit Celestial Rank.

However, his heart palpitated at the sight of Bareilly's sword.

As soon as the betting session began, the Yefteros placed their bets before the other powerhouses could even react.

"I knew it."

"The Yefteros placed huge bets on Bareilly. They must be confident in eliminating Forty-nine."

"Tsk. Forty-nine is only at the Sovereign Sixth Rank's early stage but is taking on an opponent at the Petit Celestial Rank's peak. Even if he loses, his name will spread wide and far in the Dark World."

"As long as he isn't stubborn and surrenders in time, I'm willing to recruit him into our race."

"Don't even think about it. He was brought here by the Taeyton Race's Leader, Latrusse. You won't have a chance to recruit him."

The spectators were discussing amongst themselves.

Latrusse's brows furrowed. He turned to Lemuel and asked, "Will Forty-nine be able to fight Bareilly?"

Lemuel asked, "Is Lemuel strong?" i Latrusse nodded and said, "He's quite strong and has mastered a lot of Supernatural Powers. His weapon is also exceptional. I doubt he has ever lost against someone at the Petit Celestial Rank before. Moreover, he is a powerhouse that can pull off inter-rank battles. He can fight a powerhouse at the Great Celestial Rank, even at his current rank. With his weapon, he even stands a chance against someone at the Great Celestial Rank's middle or later stage."

Lemuel said calmly, "So you're saying Forty-nine is practically fighting an opponent with the strength of the Great Celestial Rank?"

Latrusse asked, surprised, “Judging by your expression, you have a lot of confidence in him?”

“Haha.” Lemuel chuckled. After witnessing James defeat a powerhouse at the early stage of the Great Celestial Rank while only at the Sovereign Third Rank’s early stage, Lemuel naturally had a lot of confidence in James. Now that James had entered the Sovereign Sixth Rank, James could fight Bareilly even without the Feimsurge Art. Moreover, James was an extraordinary figure in his previous life and had cultivated the Genesis Path Scripture.

“I should be able to see Supernatural Powers from the Genesis Path Scripture,”

Lemuel muttered. He was looking forward to James’ battle and the amount of treasures he would win. After all, the treasures and unique materials in the prize pool should be enough for James to reach the Holy Celestial Rank and enhance his physical body.

The betting session was over pretty soon.

In the arena, Bareilly put his hand behind him and looked at James calmly.

Although James knew his opponent was powerful, he was more concerned about the prize pool. He glanced over and smiled satisfiedly after verifying the amount of treasures. It was time to display his true strength.

James summoned the Supremusse Sword from the prize pool. The sword quickly flew over to him. He grabbed the sword, and his confidence instantly grew.

James’ battle gained a lot of attention because it was rare for someone at the Sovereign Sixth Rank to fight against an opponent at the Petit Celestial Rank’s peak. It was even more interesting because James’ opponent was a famous powerhouse from the Yefteros. As a result, the other arenas in the collapsible space were temporarily closed.

The news about the battle had spread like wildfire.

“An impressive challenger has appeared in the Yefteros’ arena.”

“He is only at the Sovereign Sixth Rank’s early stage, but he had forced the Yefteros to send out Bareilly, a powerhouse at the Petit Celestial Rank.”

“Is the challenger really that strong?”

“Let’s go watch!” After learning of the news, many powerhouses rushed to the Yefteros’ arena.

The Almighty Dragon General Chapter 5322-Many creatures approached Yefteros’ arena to spectate the battle.

James stood in the arena with the Supremusse Sword. He could feel the power of the sword, and his confidence skyrocketed.

Bareilly stood with his hands behind him as his aura gradually grew stronger.

Although he was only at the peak of the Petit Celestial Rank, he was gifted.

Moreover, he was equipped with a sword the Yefteros had specially crafted for him. It gave him the confidence to kill even an opponent at the Great Celestial Rank.

Swoosh!

The referee appeared in the arena. She looked at James expressionlessly and said, “The rules of this battle remain the same. You may choose to concede defeat. However, you’ll lose everything in the prize pool.”

James sneered, “How can I surrender when I’ve already earned so many treasures?”

“You may start!” After the referee announced the beginning of the fight, she disappeared from the arena.

Bareilly stood motionlessly in the arena, and so did James.

James gripped tightly on the Supremusse Sword. He knew Bareilly was a tough opponent and that he would have to go all out.

Suddenly, James summoned his Martial Path Power and Spiritual Power. His flesh, soul, and blood released potent forces. Then, he followed up with the Defying Heavens Art.

In the previous battle, James had already used the Defying Heavens Art. While resting, he took the opportunity to replenish the power in his body's microcosm.

James' aura improved significantly with the blessing of various Supernatural Powers.

"Are you ready? I'm about to take action," said Bareilly.

"Go ahead." James pointed his sword at Bareilly.

Swoosh!

Bareilly unsheathed his sword and leaped into the air. His aura improved once again after he wielded the sword.

The sword was about two meters long. It had a polished and shiny white blade, with a few mysterious inscriptions carved onto it.

"That's the Barelit Sword." "Although Bareilly is only at the Petit Celestial Rank's peak, his self-made Sword Path, the Absolute Sword Art, is terrifying. His combat power is insane when his Absolute Sword Art is combined with the Barelit Sword."

"He can even kill a powerhouse at the Great Celestial Rank's late stage with just one blow."

"That being said, he'd be completely drained of his energy with just one blow and become vulnerable."

"One blow should be more than enough."

"I agree. I don't believe Forty-nine will be able to withstand an attack from Bareilly."

The audience outside the arena grew bigger. Even though they could no longer place bets, the powerhouses were excited to watch the battle.

In the arena, Bareilly held the Barelit Sword and emitted a powerful aura. He pointed his sword forward, and potent Sword Energies permeated the air.

These Sword Energies contained an extraordinary power that oozed with the aura of death. Just one of the Sword Energy could easily kill a powerhouse at the peak of the Petit Celestial Rank.

Bareilly mobilized all his strength, showing no mercy to James.

As soon as the Sword Energy appeared in the area, James could sense how powerful it was. However, he was confident in parrying the attack with the Supremusse Sword.

James immediately charged forth with the Supremusse Sword. He flickered throughout the arena and quickly destroyed the thousands of Sword Energies.

Then, he appeared before Bareilly and slashed the Supremusse Sword out.

Bareilly raised his sword to block the attack.
