

Read The Almighty Dragon General Chapter 5323

The Almighty Dragon General Chapter 5323-The Supremusse Sword and Barelit Sword locked momentarily. The two powerful forces intertwined and caused an explosion.

Boom!

A powerful shock wave burst out and permeated the area.

James was blasted away by the force and lost his balance.

Bareilly quickly seized the opportunity to attack. He appeared before James in the blink of an eye and slashed out his sword.

James cast the Blithe Omniscience and avoided the attack. However, the Yefteros had already devised a way to counterattack the Blithe Omniscience.

Bareilly disappeared right after James.

When James appeared in the distance, the Barelit Sword followed him and penetrated his body. Immediately afterward, a few Sword Energies exploded in him and obliterated the left side of his torso.

“His Sword Path is amazing.” James was startled.

James was very cautious in the fight. He quickly mobilized the Life Path, and a powerful vitality flowed through his body to regenerate his flesh. Then, he activated the Feimsurge Art. His body, soul, blood, strength, and aura were enhanced significantly.

James’ aura had reached the Petit Celestial Rank’s peak, and his strength was at the Petit Celestial Rank’s later stage.

“What the...” Bareilly murmured in shock after sensing James’ improved strength.

“I didn’t expect you to have mastered such impressive Supernatural Power.

Unfortunately, it’s not enough.”

“It’s more than enough to kill you.” James remained expressionless.

Bareilly did not want to waste time with words. He leaped into the air with his sword. At that moment, his aura began to transform, and strange energy emitted from his body.

A dazzling Sword Light burst out from the Barelit Sword and soared like a giant dragon into the sky.

“It’s the Absolute Sword Art.”

“Bareilly is going all out.”

“With the Barelit Sword and Absolute Sword Art, Bareilly can kill a powerhouse at the Great Celestial Rank’s late stage.”

“If Forty-nine can survive the attack, he would win this battle.”

The spectators outside watched the arena nervously.

James felt a potent pressure crushing down on him even though he had activated the Feimsurge Art. His body began to show signs of perishing under the intense pressure.

Despite his disadvantage, James was not afraid. He leaped into the air and raised the Supremusse Sword. Countless Genesis Powers emerged from the Supremusse Sword and formed blinding Sword Energies.

“What’s this?”

“Are those Genesis Powers from the planes?”

“I heard the Supremusse Sword was crafted by a powerhouse from one of the planes. The sword contains the Genesis Powers of countless planes. Even the current Lord Supremus, Quirijn, could not exert its true strength. Yet, Forty-nine can.”

Countless powerhouses were shocked.

However, James was not done yet.

After the Genesis Powers emerged, they were pulled together by a potent force and became a terrifying Sword Path.

“What the...”

“Amazing.”

“He merged the Genesis Powers into a Sword Path. His Sword Path is superior to the Absolute Sword Art.”

“Bareilly is in danger.”

The powerhouses immediately sensed that James’ Supreme Sword Path was stronger than Bareilly’s Absolute Sword Art.

The Almighty Dragon General Chapter 5324-The spectators could see that James’ Sword Path was superior.

Clotilde, who was watching from the main auditorium, raised an eyebrow.

Bareilly sensed the mighty force from James’ Sword Path, and veins bulged on his face. At that moment, his whole body’s strength began circulating vigorously and integrated with his Sword Path. Then, he pointed his sword forward and said, “Go.”

Bareilly terrifying Sword Path Energy permeated the air.

James quickly cast the Genesis Sword Art and unleashed a powerful Sword Energy.

Boom!

The two powerful forces clashed.

Bareilly’s Sword Energy was shattered. Immediately afterward, he was surrounded by James Sword Energy.

Bareilly raised his hand to resist the potent force.

Crack!

The Barelit Sword was destroyed.

Bareilly’s flesh and soul could not withstand the force and were continuously injured.

After unleashing all his power, Bareilly was out of fuel. With his physical strength alone, it was impossible to block James' attack. His body exploded, and his soul was obliterated in an instant.

Even though James' Sword Path was victorious, the lingering force of Bareilly's attack had inflicted some damage on James' body. His body looked as if it was sliced a few thousand times, and he was covered in injuries.

Fortunately, his wounds were not fatal.

"No way..."

"Bareilly lost so easily."

"The Yefteros trained him to fight in the arena. He is at the Petit Celestial Rank's peak, and his opponent is only at the Sovereign Sixth Rank's early stage."

"F-Forty-nine is too strong."

The spectators were shocked by the battle's outcome and marveled at James' strength. Nobody expected Bareilly to have been defeated so easily.

"A cultivator at the Sovereign Sixth Rank killing a powerhouse at the Petit Celestial Rank's peak. Such marvelous achievement hasn't been seen in the Primevals for long, right?"

James slowly descended from the sky and landed firmly on the ground.

Suddenly, he spat out a mouthful of blood. He quickly inserted his sword into the ground to prevent himself from falling. After a while, he straightened up. Then, he wiped the blood off his lips and smirked.

Latrusse praised him, saying, "He exceeded my expectations. Not bad. He has great potential. If he continues improving, he'll gain a foothold in the Dark World."

Lemuel agreed, "He's indeed strong. However, he's already at his limit. He used the Supremusse Sword to cast the Thousand Genesis Path Body and activated the Feimsurge Art to defeat the Yefteros' powerhouse.

"Huff!" Clotilde took a deep breath. After Bareilly was killed, she knew the Yefteros had suffered a considerable loss. The Yefteros had not lost so many

treasures in a long time. She was not sure how to explain the situation to the Yefteros' Leader.

"He won a huge prize pool." 2 "Tsk, tsk. I'm satisfied to see the Yefteros lose so much." 3
